Mr Cordell's mother phoned the hub (triage team) and reported that he was paranoid towards her and towards the police. In response the home treatment visited the same day. When home treatment workers arrived the same day, the police were present and reported that Mr Cordell had been screaming in distress. The police said that they had found Mr Cordell using a gas canister and thought that he was using nitrous oxide. He was referred for a Mental Health Act assessment.

  Referral taken from Simon's Mother as the situation was discussed with Scott Kerr and Helen Moorey and it was decided that the team would go and assess Simon at his home address. Simon's mother called in to say that he has kicked his father out of the house as he heard him talking with staff from the hub and is now extremely paranoid towards him. He thinks that he is teaming up with his mother against him. Simon's mother! expressed that he is not a threat to anyone but himself. It was advised that two members of staff carry out the assessment.

  Enfield AMHP service:
  Completed an MHA assessment today as planned. He talked about his current situation in a more eloquent manner. No medical recommendation from both the doctors. There is no need for any involvement from the mental health service at present. He was given information about how to contact the service if he required

		in the future. He seemed to be aware of the process and said that he had used crisis service in the past. AMHP report will be uploaded shortly and the bed manager was told about the decision. **7** • **The Doctor's Folder / pub Book Issue: 5!** **Stage 5** **Folder 5** **Originator Details:** 25 Nov **2014** **Last Amended by Details:** 25 Nov **2014** Rawle Roberts Nursing **Page Numbers:** 99 **Bed Management** Contacted by Emmanuel from Enfield AMHP office, Informed bed management that a bed is no longer needed to accommodate the admission of Mr Cordell, was no placed on a section. **PLAN:** * Bed request to be removed from bed management white board.
