The neighbours are on the top floor are doing work. They are hammering and causing noise. This caused a dispute between the subject and the builders. have attended the subject's address to try and mediate between them to prevent further disputes. The subject went into a 15-minute rant about how he was under constant attack by everyone, and how he perceived the banging by the builder to be an assault against him. The neighbour tried to come down and talk about when the work would finish but the subject started to shout at him. The subject stated that he has cameras set up all over his house and that he wanted the neighbour to come in and watch the footage of the aggressive hammering, when the neighbour declined, the subject started to shout about being mugged off. The subject would benefit from a visit from social services. He appeared to be having issues with his mental health. There was nothing to suggest that he was in immediate danger, and he was within his **dwelling**.

Dear EIS

Re: Mr. Simon CORDELL (11214451)

This man was closed to your service in January of this year due to non-engagement.

We received a police notification regarding contact on

12/04/2018

(See uploaded docs for details). Neighbors dispute due to noise from building work. Sounds like he is oversensitive in keeping with a persecutory outlook. I tried to phone but his number is unavailable Rio entries show he is fairly adamant about not being seen by mental health. I am closing to EAS. Not sure if you want to try and make contact as Goodie may have some rapport with him.

T/C to Lorraine following call on Access. Relayed long history of issues Simon has had with Enfield Housing. Current concern appears to be that Simon may not be given a 2-bedroom flat as housing feel that this is not needed, however family disagree. Advised Lorraine that housing will have their policies/laws which they follow, and mental health services can only provide supporting information that may or may not impact on final housing decision.

Lorraine said that she would be at the review meeting with Simon on the 31st, advised that she/Simon could inform how they feel housing may impact on Simon's mental health in the longer term (in terms of support that family are able to provide) this can be included in the clinic review letter however psychiatrist will need to determine whether this is having/is going to affect Simon's mental

		<p>state/risk. Lorraine was happy with this plan and will provide clinic review letter to housing following appointment on the 31st of August.</p> <p>54. <u>Additional Email Attachments & Emails / Issue:</u> 54. 1. 2. 		<p><u>CT1 Zinchenko</u> Email received from Rachel Yona: Dear Dr Zinchenko, "For your awareness, I am investigating an information governance breach related to this patient. Due to the complexity, we have not written to him to inform him, as it was felt this would-be better-done face to face. His mother who will be attending the appointment is aware and was the one to raise the complaint. When you see him, please could you tell him that 'some clinical information was shared by the Trust with the London Borough of Enfield, in response to a court order. We are duty bound to share information when requested in a court order. However, the information we provided was not proportionate to the request. We are investigating this. Trish said that he sounded quite upset. Telephone conversation with Simon. He was very verbally abusive on the phone. I introduced myself as his new CC-He said that "I don't need a fuckng Care Coordinator". He said that he had been seen for "76 days by his CC" and there was "nothing wrong with me". He said that the reason we want to see him is to "cover for missing signatures?". He said he "will ruin anyone who come to my house" and he has "recording cameras and audios" to ruin us. He said if you come to my house "I am fucking will scar you for life". He used foul languages throughout this contact. He said that I "can take the fucking referral and stick it up my ass". He said that he does not want to see us. I could not interrupt him: very verbally aggressive with pressure in speech". I did manage to say that we are a different team from Lucas House, and we want him to have a fresh start- He said "I don't fuck care"</p> <p><u>60.</u> <u>Additional Email Attachments & Emails / Issue:</u></p>

Progress Notes

I had a long discussion with his mother on Friday, I was not able to write up on RIO then as it was not working

I explained that I felt Simon was unwell and that he had paranoid psychotic symptoms and I felt at times was thought disordered and heard things.

I didn't accept that the persecution he described from his neighbour

21

IMP - I have made an application for a section 3. he suffers with a paranoid psychosis, most likely schizophrenia and there are risks to his health (mental), safety (retaliation) and to others-he has threatened his neighbours, filmed through their letter box etc. in response to his paranoia 6 caused considerable psychological distress. if this is upheld then we will start a trial of antipsychotic treatment, I do not wish to do this prior to any section 3 as it will not be beneficial to take medication against his will unless he is subsequently detained on a section 3.
