All my fellow ravers we are moving to 19th September luckily majistrate is free that date still so let's make this a bigger better party I'm so sorry for the time and money everyone spent on coming but wait till our moved date we will have a massive venue not a set up building as people would like us to fail but now we have more time to make this a massive event with more big headliners as a gift to all your ravers

I was half way to London and heard it is a lock off so I have turned straight around and went home, now I'm hearing it is on. I don't know what to believe but it's too late I'm home now, I was playing 11-12 BTB stage 12-1 Naked Beatz and 4-5 Functional Bass. My sets are open so DJs go crazy and help yourselves if it happens then have fun ya'll
