| <p>tried to <u>work with him but to no avail</u>. Lemy informed me that SC is getting easily irritated even by the sound of a flushing toilet cistern; this happened very recently and he threatened Alan's client. Lemy thinks these are signs of mental illness and that BEH should proceed with an MHA. Lemy argued that this is for the protection of others as well as SC's own safety. I have asked Lemy to email me a list of incidents in chronological order. Lemy stated that he would need information from our team to confirm if SC is engaging or not with our service. I have advised Lemy to email his request to the Team Manager, George Benyure. Enfield Council will be seeking possession of SC's flat via the courts. Lemy stated that in a recent court case the judge recommended that Enfield Council re-house SC on the proviso that he engages with the MH Team.</p> <p>Plan:</p> <p>Discuss in MDT Lemy to email a risk log</p> <p><b>(4) 12/10/2018,</b><br/> <u>Simon Cordell's MP3'S Indexed</u><br/> Stage 1<br/> 1x Recording<br/> 01m. 19. lppc 12_10_2018<br/> Page Number: Update Page Number 1,</p> <p><b>(5) 23/11/2016</b><br/> <u>The Enfield Gov / Email's Issue:</u><br/> 1063. alev_ (3)<br/> / Page Numbers: 4314,4315,<br/> From: alev.cazimoglu@parliament.uk<br/> Sent: 23 November 2018 16:20<br/> To: lorraine32@blueyonder.co.uk<br/> Subject: FW: Fwd.: SC [SEC=OFFICIAL] (Case Ref: JR5802)<br/> Attachments:<br/> <u>"Missing Parts need in the diary."</u></p> <p><b>(6) 23/11/2016</b><br/> <u>The Doctor's Folder / pub Book Issue: 1!</u><br/> Stage 3<br/> Folder: 3<br/> Page Numbers: 93,94,95</p> | <p><b>4)</b> On the <b>**/**/20**</b> it is said that</p> <p><b>5)</b> On the <b>**/**/20**</b> it is said that</p> <p><b>6)</b> On the <b>**/**/20**</b> it is said that</p> |

Dear Basit, Soobah,

I hope you are well. I'm just following up on the discharge of the above. It is a shame that it was not possible to start treatment in him but I see that a concerted attempt was made. I have put a note on RiO. He was referred for a forensic assessment but of course we have no additional powers to compel him, so it is difficult for us to add more in the immediate aftermath. We have not closed the referral made to us. Although it seems unlikely that Simon would agree to attend a forensic assessment given the above, I wonder whether the most helpful course of action to take would be to suggest/arrange a professionals' meeting, involving Enfield Housing and also a representative from the Police (perhaps the officer in the case in relation to the assault charge) or

Dr's RiO entry did not explicitly say this although stated that he appeared stable at present, so benefit of doubt given. Simon, he said he was reluctant to take meds because he does not feel he needs it and because he has been experiencing side effects - feeling of electric shocks going through his head. He talked at length about his issues with mental health services and asked lots of questions about how things operate. Also asked me if there was anything negative written about him in his progress notes. Sounded very knowledgeable about mental health services, diagnoses and mental health law. Eventually, he agreed to see me to be given the TTAs. Home visit this evening - was pleasant although slightly over-familiar with me - asked me personal questions such as if I am single and asked for my phone number. Speech was slightly tangential although normal rate, tone and volume, interruptible.<br/>         TTAs delivered - 21 tablets of Olanzapine 5mg<br/>         Plan-<br/>         Dr Imo to discuss reduction of meds with care-co<br/>         Arrange <b>transfer</b> of care</p> <p><b>(3) 07/09/2016, Wednesday</b><br/> <u>The Doctor's Folder / pub Book Issue: 5!</u><br/> <u>Stage 5</u><br/> <u>Folder 5</u><br/>         Originator Details: 07 Sep 2016<br/>         Last Amended by Details: 07 Sep 2016<br/>         Hazel Stelzner Therapy<br/>         Page Numbers: 28 + 29</p> | <p><b>3)</b> On the <b>**/**/20**</b> it is said that</p> |

He said the way he was treated during the MHA and false statements in various reports about him including police reports. He said HTT begins to lack there responsibility as in duty of care to him. I explained to him the role of CRHTT. He said he agrees but at the same time there are more to the role. After spending 40mins, reading part of his notes, he said he will appreciate if I can amend it on RIO. I explained to him my own job role is to monitor mental state and risk but not to amend any legal documents on RIO. He said he will soon stop CRHTT not to visit him again since nothing tangible regarding his court case. Appeared settled but still elated in mood and over talkative.  ECRHTT- Referral taken from Simon's Mother as the situation was discussed with Scott Kerr and Helen Moorey and it was decided that the team would go and assess Simon at his home address.  
 Simon's mother called in to say that he has kicked his father out of the house as he heard him talking with staff from the hub and is now extremely paranoid towards him. He thinks that he is teaming up with his mother against him.

Simon's mother Lorraine expressed that he is not a threat to anyone but himself. It was advised that two members of staff carry out the assessment.

I know this as I rapidly, told them all that are definitely involved in the un human act of torture that I personally, had not gotten in a sense, tricked by their evil banging on the floorboards and walls at me, even with or without foreign objects being used at different times by them, on numerous instances this evil behaviour of theirs contains the use of their feet and hands inclusive of the objects and fixtures they use against me that I did past mentioned about. Together they work in collaboration to maintain a 24-hour assault on myself to get overseen and managed in their wrongful self-gains.</p> <p><b>(5) 24/11/2014,</b><br/> <u>The Doctor’s Folder / pub Book Issue: 5!</u><br/> <u>Stage 5</u><br/> <u>Folder 5</u><br/> Originator Details: 24 Nov 2014<br/> Last Amended by Details: 24 Nov 2014<br/> Chantel Williams Social<br/> Page Numbers:99<br/> <b>Originator Details:</b> 24 Nov <b>2014</b> 12:24<br/> Chantel Williams Social Worker<br/> <b>Originally Entered by Details:</b> 24 Nov <b>2014</b> 12:26<br/> <b>Chantel Williams Last Amended by Details:</b> 24 Nov <b>2014</b> 14:29<br/> <b>Chantel Williams Validated by Details:</b><br/> (UNVALIDATED)</p> | <p><b>4) On the <b>**/**/20**</b> it is said that</b></p> <p><b>5) On the <b>**/**/20**</b> it is said that</b></p> |

Simon stated that professionals have misunderstood it as a symptom of a mental illness.                                                                                                                                                                                  |                                                                                                                                                                                                                                                                                                                             |  |

He threatened to 'sue us' and report the Trust to the Ombudsman should anyone from this team make contact with him either face to face or by phone. I'm not sure how you would like to proceed with this one. My suggestion would be to wait until Goodie returns as he seems to get on well with him.</p> <p>Thanks,</p> <p>Gareth Krisman</p> <p><b>(3) <u>29/09/2016, Thursday</u></b></p> <p><u>The Doctor's Folder / pub Book Issue: 5!</u></p> <p><u>Stage 5</u></p> <p><u>Folder 5</u></p> <p>Originator Details: 29 Sep 2016</p> | <p><b>3)</b> On the <b>**/**/20**</b> it is said that</p> |

Dear EIS

Re: Mr Simon CORDELL (11214451)

This man was closed to your service in January of this year due to non-engagement.

We received a police notification regarding contact on 12.4.18. (see uploaded docs for details).

Neighbour dispute due to noise from building work.

Sounds like he is oversensitive in keeping with a persecutory outlook.

I tried to phone but his number is unavailable.

RiO entries show he is fairly adamant about not being seen by mental health.

Dear Dr Chong,

- **Re:** Simon CORDELL - D.O.B: 26.01.1981
- 109 Burncroft Avenue, Enfield, Middlesex EN3 7JQ.
- **Jameson Simwanza**, Social Worker in Enfield Assessment Service/Crisis Resolution and Home Treatment Team and I saw Mr Cordell at home today after reports of a gradual deterioration in his mental health over the last year.
- Mr. Cordell's presentation today was congruent with a First Episode Psychosis with symptoms beginning several months ago.
- His main preoccupations and paranoid delusions relate to the police and with the woman, who lives upstairs although we understand she has moved out. His mother has been supporting him and has been calling on him almost daily for the past year as he has become more socially withdrawn.
- Today Simon was well nourished and cared for and his flat although cluttered was clean.
- He keens to relate his experiences to us but resisted the idea he had a mental health problem.
- **Risks:**
  - He made 1-2 serious self-harm attempts as a teenager with contact with the criminal justice system.
  - Today he said he had attended North Middlesex University Hospital Accident and Emergency department last year after drinking liquid nitrous oxide with intent to self-harm. Currently he has no thoughts intent or plan to harm himself or anyone else although **he said today.**

At about 11am, the Defendant came to their front door and started rattling the letterbox and knocking loudly on the door. His wife went to the door and asked who it was and the Defendant replied 'why are you shouting'. His wife told him that she was not shouting and that she was inside her bathroom giving her daughter a shower. She asked him why he came to her front door, that he was not allowed to be there but the Defendant ignored her and continued to bang and kick on the door. This went on for about 5 to 10 minutes and caused a great deal of distress to his wife and daughter and made them scared for their safety. His daughter started crying because of the commotion and loud banging. The Defendant left after his wife asked his cousin to call the police. Mr Mathiyalagan stated that he telephoned the police on 101 to report the incident and was asked to go and make a statement at Edmonton police station. To Your Honour HHJ Pawlak: --

I am writing this letter to explain to you how I feel and to also to give my side of the recent events of my case.

My Appeal has been put back twice already and this is obviously very distressing for me, the on goings of the Asbo case has been pursued since **2014**. I would also like to apologise in advance for the length of this letter, but I feel this is the only way to put across my true account of what has since transpired between myself and my solicitors, so for any person of interest to be able to take an insight of the matters of concern in advance of the up and coming dated hearing, that is booked for court on the **21/09/2016**.

Telephoned and spoke to Lorraine. Advised that we will offer a non-urgent appointment from EAS. Lorraine reported her concern that we would be tell her son about her reporting her son and that this would damage their relationship for good. Reported that about three years ago she called an ambulance when her son was vomiting and he is still complaining and talking about it.

Reported that her son has been in trouble with the police since the age of 14 said he was addicted to driving. Many charges and cases over the years. Feels that the police have victimised her son and her other children because they are mixed race. Reported that they are appealing against some of the charges and his name being publicised in the papers which is due in court in February next year.

Lorraine reported that she visits her son almost every day to check on him and make sure he has food in the house. Reported that he is eating but not as regularly as before, some weight loss, has IBS but is drinking well.

Reported that he talks about the TV talking to him and also when they are out when she scratches her head or something, he believes that she is sending messages and becomes paranoid that someone will harm him.

Reported that he has lots of friends but stops no longer goes out with them and also does not have

them come around his home. Reported however he does have a scrambling bike that he goes out on and has injured his ankle and wrist but refuses medical attention. Reported that he has been suspicious about doctors since his childhood and having tonsillitis.

Reported that his mood does fluctuate but most days she will get text messages from him talking about killing himself when his name is cleared in next year after the court case, no current plans or intent.

Asked if she believes her son will see professionals if they visit, said she believes that he will shout but otherwise not aggressive, feels he will agree to be seen as a follow up following his assessment last year. Feels he needs some help and support but uncertain what her son needs.

Whilst talking to Lorraine her mobile phone rang and she spoke to the person said it was Maggie Garrod AMHP. Said she has been phoning them and they called her back yesterday and that they have told them that she should have a carers assessment as she is finding it difficult to cope. Reported that they had also told her that her son should be seen urgently. Agreed to speak to the AMHP office.

**Discussion with AMHP manager Debbie Morgan.**

Informed reported that Lorraine had spoken to Maggie and Lorraine had been advised about the carers centre in Enfield and also advised to go along with whatever plan there is with the assessment service.

From description from mother does not appear to be crisis, is eating and drinking and no active plans to and, gradual deterioration in mental health over the past year.

Plan to offer assessment with EAS medic and Social Worker. Patient already known to Community Safety Officer, and this may be a route into the assessment given the concerns raised by other residents.

Community Safety Officer already informed. EIS also informed as may be and psychotic illness.

**Telephone call from Simon,**

long conversation, asking about his appointment he has been offered for next week, who made the referral and why. Same discussed and remembers that they had already spoken with Iain Williams.

Difficult to follow his conversation and to interrupt.

Says he has been on a 10pm curfew for the past 9 years afraid to leave his house as he feels the police have set this up. Mistaken identity, reports he has read all give descriptions of different people, 4 in total, not him. All happened because of a party on Lincoln Road, he was not involved but happened because people were disturbed by the noise.

Because of the curfew says he lost his relationship with his first love has or had a second girlfriend. Said he has been dialling 999 they get 15,000 calls per day; their time is going backwards on their records and do not have a RUN number.

Says he does not have a mental illness no previous contact with services has been good. Sectioned in the past human rights broken, people coming into his house, says he was giving them access. Has tape recordings and LinkedIn, Facebook pages of all involved, has set up a web page. Discussed that they reason I had contacted him was to offer an appointment next Tuesday 11am, asking why we are coming, offered to see at Lucas House instead he declined this says prefers to be seen at home. Asked why I am not treating with dignity and respect that he has told me all about my colleagues and their treatment of him and I have not apologised to him and investigating. Discussed that he has the right to compliant which he says he already has and knows how to make a complaint, reported that he was taping our conversation and was making a digital copy which he has made of most interactions with people. He agreed to a home visit next week. The home visit is with EIS **Amal Pomphrey**.

Same discussed and remembers that they had already spoken with Iain Williams. Difficult to follow his conversation and to interrupt. Says he has been on a 10pm curfew for the past 9 years afraid to leave his house as he feels the police have set this up. Mistaken identity, reports he has read all give descriptions of different people, 4 in total, not him. All happened because of a party on Lincoln Road, he was not involved but happened because people were disturbed by the noise. Because of the curfew says he lost his relationship with his first love has or had a second girlfriend. Said he has been dialling 999 they get 15,000 calls per day; their time is going backwards on their records and do not have a RUN number.<br/> Says he does not have a mental illness no previous contact with services has been good. Sectioned in the past human rights broken, people coming into his house, says he was giving them access. Has tape recordings and linked in, Facebook pages of all involved, has set up a web page. Discussed that they reason I had contacted him was to offer an appointment next Tuesday 11am, asking why we are coming, offered to see at Lucas House instead he declined this says prefers to be seen at home. Asked why I am not treating with dignity and respect that he has told me all about my colleagues and their treatment of him and I have not apologised to him and investigating. Sounded tearful on the phone, reported that she has spoken with Simon and he told her that we went to see him today, myself and Amal. Said that he told her that the appointment went well and that we had told him there is nothing mentally wrong with him, that he does not need psychiatric services and is well. Says she is finding it distressing, very worried about her son as she believes, and everyone else can see that her son is ill. Said he is struggling to cope, not leaving the house, feels persecuted by his neighbours. Not managing the court case well. Believes that the has lost trust in services and feels he needs to build trust with professionals again.</p> <p>Reported that when she was in court the information that was given was that her son had PTSD and was discharged form services, believes it was inaccurate and did not know where the information came from, though perhaps it was lain Williams as he had around the same time called to speak to Simon about his referral.</p> <p>Discussed that we would need Simons consent to discuss his case. Says he has been on a 10pm curfew for the past 9 years afraid to leave his house as he feels the police have set this up. Mistaken identity, reports he has read all give descriptions of different people, 4 in total, not him. All happened because of a party on Lincoln Road, he was not involved but happened because people were disturbed by the noise. Because of the curfew says he lost his relationship with his first love has or had a second girlfriend. Said he has been dialling 999 they get 15,000 calls per day; their time is going backwards on their records and do not have a RUN number.</p> <p>Says he does not have a mental illness no previous contact with services has been good. Sectioned in the past human rights broken, people coming into his house, says he was giving them access. Has tape recordings and linked in, Facebook pages of all involved, has set up a web page. Discussed that they reason I had contacted him was to offer an appointment next Tuesday 11am, asking why we are coming, offered to see at Lucas House instead he declined this says prefers to be seen at home. Asked why I am not treating with dignity and respect that he has told me all about my colleagues and their treatment of him and I have not apologised to him and investigating. Discussed that he has the right to compliant which he says he already has and knows how to make a complaint, reported that he was taping our conversation and was making a digital copy which he has made of most interactions with people. He agreed to a home visit next week. The home visit is with EIS Amal Pomphrey.</p> <p>Originator: HAGUE, Angela 19 Jun 2018,13:57 [Nursing]</p> <p>Telephone call from Simon's mother Lorraine Cordell. Said he is struggling to cope, not leaving the house, feels persecuted by his neighbours. Not managing the court case well. Believes that the has lost trust in services and feels he needs to build trust with professionals again. Home visit today as arranged with Amal Pomphrey from EIS. Client previously under EIS from **2015** discharged in January this year, difficult to engage. History well known so not repeated.

Simon was friendly and welcoming into his home. Put his pet dog outside in the garden, visible through patio doors. Dog appeared in good health though Simon reported that his dog is stressed about his neighbours the police and mental health services to the point it has chewed some of the fur off his front paws.

Simon stood for some time keen to talk about the evidence he has gathered against the police, and local authority, has taped and logged everything on a website. Showed his website says not live as yet, all he has to do is click a button and it will show how he has been unfairly treated by the local authority and police. Website and all written video and audio recordings linked. Showed a couple of examples CCTV inside his flat, conversation with ASBO team and written documents. Also showed us paper files that the has maintained in large ring binders, containing copies of e-mails and all correspondence. Informed us that he tapes all conversations he has with health, local authority and police staff. Has CCTV cameras placed internally and externally around his flat?

Spoke of how his issues began many years ago trouble with the police over holding illegal parties. Reported that he is currently not going out feels afraid. No restrictions placed on him regarding going out other than not allowed in Industrial areas or 24-hour venues such as MacDonald's or Tesco's. Reported recently in court with regards to his neighbour, representing himself does not feel he needs a solicitor. Recommendation is that he has an assessment with a psychiatrist. However, said he will

not attend as the letter has not been properly dated and stamped and therefore believes he is not bound by it.

**Mental state:**

Simon was casually dressed, his hygiene appeared fair. He maintained good eye contact and rapport. His speech appeared slightly pressured difficult to interrupt but not irritable when interrupted.

Grandiose ideas around his intelligence, says he is a millionaire property from wealthy relatives who have deceased, successful businesses, earning hundreds and thousands of pounds. Paranoid about his neighbours, believes they and others have spread information that he may have had herpes. Paranoid delusions believe his neighbours are deliberately following him from room to room banging on his ceiling. Believes they want to kill him. Though he did not express any thoughts of wanting to harm anyone. Believes he is being paid to look after vulnerable people in poor situations.

Appears to be a mood element to his condition pressured speech grandiose, tangential jumping from topic to topic. However, reported that at times his mood can be depressed and upset by his neighbours. On one occasion he drank some liquid in an attempt to poison himself, found by mother and taken to A&E discharged. Denied having any current suicidal ideation or thought to harm himself.

There was no evidence of any hallucinations.

Personality appears to be intact.

Simon appears to lack insight, asked if he believes he has a mental health condition denied this said he has never taken medication as he does not believe he has any mental health problem to require medication.

**Impression:**

37-year-old male appears to have had a difficult childhood spoke about scars on his legs from beatings from his father. Wants to protect children, and vulnerable people believes it is his duty. **2015** diagnosed with psychotic illness and referred to EIS does not appear to have engaged with treatment offered, previously prescribed Olanzapine. My instructions were received in a letter dated 5 July 2018 and outlined as below:</p> <ol style="list-style-type: none"> <li>1. Whether the defendant has the mental capacity to litigate and give instructions in his defence.</li> <li>2. Whether the defendant understands the terms of the injunction order dated 9 January 2018.</li> </ol> <p><b><u>2. Details of current proceedings</u></b><br/> The current proceedings relate to an interim injunction order issued against Mr Cordell, at the Edmonton County Court on 9 January 2018. This followed numerous complaints from neighbours about Mr Cordell's acts of harassment and antisocial behaviour. However, it has been reported that Mr Cordell has continued to breach the order. It has been reported that a neighbour has been assaulted, harassed and has received threats from Mr Cordell. He has also made threats towards certain council employees. The local authority issued applications for committal due to Mr Cordell's breach of the injunction, however the applications could not be considered due to concerns about his mental capacity.</p> <p><b><u>3. 4. I assessed Mr Cordell on 6 July 2018, at his flat 109 Burncroft Avenue, Enfield EN3 7JQ, accompanied by two officers from the Enfield Housing Team. I can confirm that prior to my assessment; I explained to Mr Cordell my role and the purpose of my visit. I also explained to him that I was acting on the instructions of the Enfield Council at the directions of the Court.

**4. Assessment of Mr Cordell**

- Mr Cordell spoke to us for a few minutes outside his flat and upon explaining the purpose of the visit, he allowed us into his flat. He agreed to tie the dog outside in the garden. The flat although disorganised with papers and folders scattered around, did not appear overly cluttered. Mr Cordell presented as a young, slim built, mixed race male with reasonable hygiene. We explained our roles and the purpose of our visit. Mr Cordell informed us that he was recording our conversation.

- Mr Cordell seemed very keen and enthusiastic to talk and we had to explain the reason of our visit several times to maintain some structure and focus. He maintained appropriate eye contact and we managed to establish a rapport after a while. His demeanour was polite and appropriate. There was evidence of psychomotor agitation as he appeared generally restless and overactive. Mr Cordell described his appetite and sleep pattern as fine. Objectively I would regard his mood as labile, rapidly fluctuating between euthymia (normal mood) and irritability.

- Mr Cordell's comprehension of information presented to him appeared adequate. He was able to understand the queries presented to him. His responses however were very elaborate and circumstantial. His speech was very pressured, difficult to interrupt and at times frankly rambling. There was clear evidence of thought disorder with flight of ideas (rapid shift of ideas with some

superficial apparent connection). Mr Cordell struggled to sustain his goal of thinking as he often derailed to themes of relevance to him, digressing away from the topic of discussion. It was very difficult to obtain a direct response to the queries posed to him and follow his thread of conversation.

4.4. Mr Cordell's thought content was replete with various delusional beliefs of persecutory and grandiose nature. He spoke of an elaborate conspiracy which involves the Enfield local authority and the metropolitan police, dating back since **2013**, when he claimed that he was arrested for putting up a gazebo in his garden which led to him being barred from visiting

**08,**

places in central London and placed on a curfew from 10 pm. Mr Cordell informed that he followed these restrictions imposed on him for about a year and returned to Court and won the case. Mr Cordell then went on to talk about Sally Gillcrest, the legal executive for the metropolitan police who he alleged set him up for a million pounds and brought on an ASBO against him, which ended with him being imposed on a nine-year curfew. Mr Cordell stated that Sally Gillcrest in conjunction with the borough commander Jane Johnson and the community officer started spreading rumours that he was "suffering from herpes and has hurt a woman" which the neighbours in his block became aware of and started sending him messages addressing him as "you; black boy. Mr Cordell implied that Sally Gillcrest colluded with the neighbours as she had a vested interest in getting him out of this country. He stated that the neighbours above him deliberately bang on his ceiling and have also subject him to other forms of harassment since **2014**. Mr Cordell implied that the neighbours were responsible for the miscarriage suffered by his then girlfriend and also held them responsible for the separation from his previous girlfriends. He further stated that between **2014** and **2016**, his mother has made numerous complaints to the council regarding the harassment he has been

subject to and he has won a criminal case against his neighbours

5. Mr Cordell then went on to elaborate his grievance against Lemmy, the officer who works for the Enfield local authority. He claimed that he received an email from Lemmy threatening that he would obtain a possession order against him and asking him to attend a meeting. He then stated that the ASBO that was served against him was not valid due to lack of signature. Therefore, Lemmy built a false case against him by using "*lower grade cases*" to pursue a possession order and subsequently an injunction order, by falsifying statements and using "*statements from dead cases*". According to Mr Cordell this was declared as invalid by a Judge, however Lemmy has continued to produce false orders against him in the way of a second injunction, which he claimed has never been served on him. Mr Cordell described this as "*targeted malice*" by Lemmy as he has used the injunction as a smoke screen to cover up the ASBO by providing false statements and witnesses.

6. In addition, Mr Cordell also described a number of grandiose beliefs, stating that he was building a constitution on CIC, which he explained to be Community Interest Company. He also spoke of a number of other businesses. He was keen to show us the various documents, emails and recordings he has accrued as evidence to support his case.

### **5. Opinion and Recommendations**

Mr Cordell is a resident at the Enfield borough, who was served an injunction on 9 January 2018, following numerous complaints by his neighbours of antisocial behaviour and harassment. Despite this, Mr Cordell has continued to breach the order with further incidents of harassment, threats and assault against the neighbours. In addition, it has been reported that some council employees have also received threats from Mr Cordell. According to available information, Mr Cordell has had sporadic contact with the mental health services and has been recently assessed by the Enfield Mental Health Assessment Service.

During my assessment, Mr Cordell was preoccupied with a number of persecutory and grandiose delusional beliefs. In addition, he also presented with other symptoms such as labile mood, pressured speech, overactivity and flight of ideas. In my view, Mr Cordell's current presentation is consistent with Schizoaffective Disorder, which is recognised as an enduring mental illness.

I have received specific instructions to address the following issues:

**1. Whether Mr Cordell has the mental capacity to litigate and give instructions to his defence?**

As highlighted above, Mr Cordell's mental state is replete with complex persecutory delusional belief system. During my assessment, Mr Cordell was convinced that the local authority and the police have been colluding alongside his neighbours to pursue false claims and allegations against him. In his view, the possession order and the injunction order were based on false statements, created against him and this did not stand up in Court and therefore an injunction was not issued against him. In my view, although there are no significant deficits in Mr Cordell's comprehension or retention of information, his ability to process information relevant to the current proceedings is likely to be influenced by his underlying delusional beliefs. During my interaction, it was evident that his interpretation of events and actions of others are influenced by his abnormal beliefs. Mr Cordell perceives himself as a victim and is aggrieved by the injustice carried out against him.

In my view,

Mr Cordell's ability to weigh the information relevant to the current proceedings is impaired due to his tendency to misinterpret any information presented to him to fit into his entrenched persecutory delusional beliefs. Moreover, Mr Cordell presents with significant thought disorder and it is unlikely that he will be able to give coherent instructions to the defence.

It is therefore my opinion that Mr Cordell lacks capacity to litigate and give appropriate instructions to the defence.

2. Whether Mr Cordell understands the terms of the injunction order dated 9 January 2018?

Mr Cordell is currently suffering from symptoms of Schizoaffective Disorder and presents with florid psychotic symptoms. His thinking and behaviour are influenced by his underlying persecutory beliefs. Mr Cordell is convinced that the injunction order is a cover up by the local authority for the errors and mistakes of the ASBO and therefore did not stand up in Court. Mr Cordell is convinced that the injunction order has been falsified by certain individuals (particularly Lemmy possibly in conjunction with others). He therefore does not value the order or the contents contained within it. In my opinion Mr Cordell's capacity to process the information relevant to the order is again impacted by his delusional beliefs.

Dear Angela Hague

Thank you for taking the time to spoke to me today, I have called before this date trying to speak to you regarding this but each time you were not in the office. I also was wrong on the date of your assessment of Simon it was the 19th June 2018 at 11:00 hours. so, it was between this time the report was spent over to Enfield Council and they then used it in court on the 26th June 2018 which as stated on the phone we did not have access to your report on that day only Enfield Council did and the Judge. I am

very shocked that this report has been sent to Enfield Council as you was very aware there was going to be a court assessment of Simon and before Simon had the assessment with you, me and Simon made sure it was nothing to do with the court assessment that had been ordered, and you clearly told both of us your assessment had nothing to do with the court assessment one you just wanted to make sure Simon was ok. Your assessment report has also been used when the court assessment was done Enfield Council passed that on to the doctor who was doing the assessment. I also do not understand why my name is all over it stating things I did not say to you or anyone, I seems like all the mental health team want to do is make my son lose trust in me, stating things I am meant to have said and have not this is not the 1st time the mental health team has done this and I am not happy with what is going on here. You are meant to be there to help people and yet the mental health team is causing more problems than anything else breaching someone trust is a very big issue and once again this has been done without a care of the impact that is going to cause. This seems to not be the only information that has been given to Enfield Council as Enfield Council has said things in court multiple times even using incorrect information so I would also like to know where Enfield Council is being passed this information from about my son's health and why no consent has been given to pass this information over to Enfield Council. When I spoke with you I told you my son had lost all trust and this is the sort of reasons why reports being sent out to other body's when in fact there was no right to do so, my son has never given consent for any of his medical records to be given out to Enfield Council and we want to know the reason as to who and why this report was handed to Enfield Council, then used in a court of law and then passed to a doctor to do the court assessment, and is going to use in court many times what rights was used when this report was handed out and what duty of care was used.

I would like this looked into as soon as possible, and the person name who is sending this information to

therefore wondered if you could help as you was the last team to see Simon before the changeover. It seems due to the change over to the new team they want do anything until they see my son, but I believe the mental health team has enough information on their system to be able to help in this matter which I will explain below. As you may be aware we were at court regarding Enfield Council and the neighbours case on the 09/08/2018 and the case against Mr Cordell was dismissed forthwith, the reason for this is I believe for 1st time the judge saw what Enfield Council has been doing along with the neighbours for a long time, I believe the Mental health team are well aware what my son has been dealing with and what he states has been ongoing since **2014** and it should be of record on the systems the hell he has been living with what the neighbours have been doing since **2014**, I know the mental health team are aware what the neighbours have been doing to my son due to being there more than once when my son has shown video and audio to the mental health team. I have asked more than once for the mental health team to help get my son move yet nothing has been done, and once again I am asking for help with this. On the 09/08/2018 the judge ordered that Enfield Council move my son as the flat he is in is clearly not suitable, I also spoke to the judge about the need for a suitable two bedroom property so that my son can have a spare room for his family so they could stay with him and support him. the judge agreed but it is this part that Enfield council are trying to get out of without the help and input of the mental health team, saying it would be more suitable for two bedroom property so Simon can get support from his family, Enfield Council is willing to move my son and there is going to be a hearing with the panel on the 28/09/2018 regarding moving my son, but unless the mental health team does a report saying he needs a 2 bedroom Enfield Council will only move him to a 1 bedroom. I do feel my son needs support and a 2 bedroom would allow family member to stay with him and help him and try and get him to understand he does need help. My son has been locked away on his own in the flat he is in since **2013**

living in hell due to what the neighbours are doing he does not go out, he is not getting the contract with others, only when the family attend his home for a few hours, and due to what he is living with he

don't like people around there, which it has made it harder for the family to be there all the time to support him because of how and what he is living in with what the neighbours and Enfield Council has been doing. Therefore, I am asking for some help for a letter to be written from the mental health team saying a 2 bedroom would be more suitable as Simon could have someone with him and still be able to have his own space, as there would be a spare room for the family to stay in.

Dear Mrs Cordell

**Re: Your complaint regarding the sharing of your son's information**

Thank you for passing on your concerns in your conversation and initial email with Angela Hague on 30th July 2018, and subsequently with Rachel Yona

**33)** On the  
**\*\*/\*\*/20\*\*** it is  
said that

on 10th August 2018. You raised some key questions relating to information governance and the sharing of information regarding your son. Please accept our sincere apologies for the delay in our response to your queries, which was due to there being a separate ongoing investigation within the Trust regarding the matters you have raised.

Your concerns have been investigated and I am now in a position to respond to your complaint. Your concerns were investigated by Rachel Yona (Enfield Adult Mental Health Community Services Manager), and involved interviews with staff and a review of your son's clinical records.

You stated that a report written by Angela Hague regarding your son, dated 15th June 2018 and 19th June 2018, had been presented in court on 26th June 2018. You stated you had not had prior access to these reports, and explained that you had considered the court case and the assessments by Angela Hague were separate processes.

Please be assured that we have looked into this matter and I can confirm the report used in court was not a formal report, but rather a response by Angela to a request for information. The Trust had communicated to the Council Legal Services that we would not be providing a report for the Court and it was recommended they commission an independent report if this were required. However, as part of the investigation, it has been highlighted that this communication was only shared verbally with the Council Legal Services, and the position of the Trust was not clarified in writing.

During our communications with the Council Legal Services it was asked whether your son had engaged in his recent assessment, and it was for this reason the information presented in court was given. Our investigation found that the information which was sent was not a limited, direct response to the question posed to the Trust; I sincerely regret therefore that information was overshared and as such this aspect of your complaint is upheld.

This is a matter we have taken very seriously; I would like to offer you our sincere apologies that your son's

information was used for anything other than it's intended use whilst in the hands of the

Trust, and assure you that we fully understand our role in ensuring the security and safekeeping of records relating to all of those in our care. We have completed a full internal incident investigation into this matter, and I would like to assure you that all due processes and actions have been taken in relation to this breach.

I understand that you also were concerned about the processing of your son's information by the Court and the Local Authority. We are aware your son did not give consent for his records to be used in Court, and I can confirm the Trust also did not give consent for the sharing of information by the Local Authority with the Court. Our investigation found that the London Borough of Enfield requested to know if your son had engaged in treatment. As part of the legal proceedings the Court had asked for an assessment of your son's capacity to litigate and capacity to understand the meaning of the interim injunction from January 2018. Whilst we cannot speak on behalf of the Courts, we believe that this was why they passed on the information.

I am very sorry to learn that you feel the trust between yourself, your son, and the Mental Health Services has been broken. I understand that your son is now being seen by the Enfield North Locality Team, and I sincerely hope that they will be able to help rebuild the trust and develop a good working relationship with yourself and your son.

I understand that when you discussed your concerns with Rachel Yona (Enfield Community Services Manager) you raised your view that you feel there were inaccuracies within your son's report. Please be advised that whilst we are unable to retrospectively amend records, we are able to add additional entries to reflect your views and comments, and we would be very happy to add any information as you see fit. Please be assured that the recommendations from this complaint will be shared with the London

Dear-Jinjer-Kandola-MH-Complaint-28-11-2018<br/> / Page Numbers: 4350,4351,<br/> <b>1+</b> Regarding Mr. Simon Cordell information:<br/> <b>2+</b> New Complaint<br/> Dated: 28/11/2018<br/> Dear Jinjer Kandola<br/> Thank you for the update letter regarding the complaint that was submitted to Angela Hague on the 30th July 2018 and Rachel Vona on the 10th August 2018.<br/> I am very happy that you take the over-sharing of information very seriously, but it would seem that the sharing of my son's information has not stopped by the mental health teams, and is being continually breached even after I put in the complaint the mental health trust is continually passing information to Enfield Council. It would seem if Enfield Council ask for anything it is being passed to them from the mental health team.<br/> There has been a lot of data that is being passed between the mental health trust and Enfield Council this needs to stop, as no consent has ever been given by my son or my son asked if this information can be shared.<br/> It would also seem Enfield Council has not learned anything as they are still sharing said information that is being shared via the mental health team to Enfield Council.<br/> Please see attached email this time it seems it has come from Debbie Morgan who works in the same said department as Angela Hague where the last breach of data happened.<br/> The information was sent to Enfield Council by Debbie Morgan and then Denise Cook-Smith from Enfield Council who is a Note Taker it would seem, then passed it over to the MP's aid Alev Cazimoglu who is trying to address a move from Enfield Council for my son and it seems the only person trying to help my son. The move was ordered via the courts on the 09/08/2018 which Enfield Council has failed to do; it</p> | <p><b>36)</b> On the <b>**/**/20**</b> it is said that</p> |

seems Enfield Council will stop at nothing not to do the right thing towards my son. And seems they are only interested in using his mental health and not doing the correct thing and moving my son from the hell he is living in, everything the mental health team is passing to Enfield Council is being used against my son not to help him.

I would like the full details of what was passed to Enfield Council by the Mental health team from Debbie Morgan as it would not surprise me if Enfield Council has changed it to the

words they wanted to use to send it to the MP as what is stated in the Email to the MP is not correct on many points and I am very angry it has been written this way as no one has any right to say the things that have been said in the email the way they have been said is plainly wrong why would anyone write this email the way it has been written.

I would like this investigated as it seems the 1st investigation has done nothing to stop this sharing of my son's information without consent via the mental health team.

What right and laws are being used to share this information?

As it seems all the information that is being shared goes against my son. How is any trust meant to be gained when this is happening all the time? This is not the only information that is being shared and I can prove this.

I want all information sharing to stop forthwith with Enfield Council from the mental health teams across all departments, as it seems Enfield Council does not care how this information is being used or shared or if it is correct when they pass it on. From this point if any information is going to be shared with Enfield Council then the information needs to be sent to this email 1st and written consent obtained before any information is shared this would include all departments in the mental health team.

I have included your letter of response as I am also including in this email the MP as all this incorrect

To the antisocial behaviour team at Enfield Council:

We have been trying to see Mr Cordell but he has not attended assessments offered although he has phoned the assessment team.

He is not currently receiving any mental health treatment and is not under any team.

He has had contact with various mental health teams in the (both child and adolescent and adult services) and seems (from the electronic record) to have had one brief admission on the Haringey assessment ward in August **2016**.

It seems that the Court / solicitor (Ludmilla lyavoo from the legal services team at Enfield Council) would like a report to assist the Court answering specific questions outlined in Ms lyavoo's e mail.

Dear Dr Scurlock,

Thank you for your email. I am in the process of  
instructing a Consultant psychiatrist but the  
consultant I have contacted requires details of his  
medical history. Can you please arrange for someone  
in your team to provide this information to me

We offered him an assessment to establish if he had  
a current mental health problem that we could offer  
treatment for

Our offer to assess him was not connected to any legal matters. It might assist the Court to have an assessment from a specialist Forensic Psychiatrist who are experts in mentally disordered offenders and risk assessment and management

Best wishes HS

Dear Dr Scurlock,

I am the solicitor in conduct of a claim for an injunction against Mr Cordell and write in response to your email to Kaunchita Maudhub on 15th June 2018. I would need further clarification on the content of your email and hope you will be able to respond as soon as possible as a hearing has been listed on Tuesday 26th June 2018.

1. You explained that you have been trying to see Mr Cordell but he has not attended the assessments offered to him although he has phoned the assessment team.

Can you please confirm the dates of the assessments offered to Mr Cordell and details of the conversations that were held?

2. You mentioned that he had contact with various mental health teams and had one brief admission on the Haringey assessment ward in August **2016**.

Will it be possible to have details of the contacts held and the assessment that was carried out? If possible, we would like a detailed history of the contacts/ admissions so we could provide the information to the Court.

3. You suggested that a report is to be commissioned from a Consultant Forensic

Psychiatrist from North London Forensic Service as this is not something you would provide.

Can you please confirm what would the report achieve? If this is not a service you could provide, why did you department contact Mr Cordell and offered him an assessment in the first place?

I look forward to hearing from you.

Kind regards,  
Ludmilla lyavoo

|  | <p>the assessments offered to him although he has phoned the assessment team. Can you please confirm the dates of the assessments offered to Mr Cordell and details of the conversations that were held?</p> <p>You mentioned that he had contact with various mental health teams and had one brief admission on the Haringey assessment ward in August <b>2016</b>. Will it be possible to have details of the contacts held and the assessment that was carried out? If possible, we would like a detailed history of the contacts/ admissions so we could provide the information to the Court. You suggested that a report is to be commissioned from a Consultant Forensic Psychiatrist from North London Forensic Service as this is not something you would provide. Can you please confirm what would the report achieve? If this is not a service you could provide, why did your department contact Mr Cordell and offered him an assessment in the first place?</p> <p>I look forward to hearing from you.</p> <p>Kind regards,<br/>Ludmilla Iyavoo<br/><b><u>86,87,88,89</u></b></p> <p><b>(13)    <u>02/08/2018,</u></b><br/> <u>The Doctor's Folder / pub Book Issue: 5!</u><br/> <u>Stage 5</u><br/> <u>Folder 5</u><br/> Originator Details: 02 Aug 2018<br/> Last Amended by Details: 02 Aug 2018 11<br/> Simon Clark Nursing<br/> Page Numbers: 4<br/> <b>Originator Details:</b> 02 Aug 2018 11:48<br/> Simon Clark Nursing<br/> <b>Originally Entered by Details:</b> 02 Aug 2018 11:52<br/> <b>Simon Clark Last Amended by Details:</b> 02 Aug 2018 11:52<br/> <b>Simon Clark Validated by Details:</b> 02 Aug 2018 11:52<br/> <b>Simon Clark Significant:</b> No Added to Risk<br/> <b>History:</b> No<br/> <b>Contains Third Party Info:</b> No Conceal<br/> <b>From Client:</b> Not Concealed</p> | <p><b>13) On the</b><br/> <b>**/**/20**</b> it is<br/> said that</p> |

|  | <p>I have had a very irate call from Simon Cordell. He says that he has been informed by his mother that a warrant has been granted to access his flat. He says the mother received a call from someone earlier today to inform her and she has told Simon. Extremely unhappy, says he is going to come here with his solicitor - took down our address. Says he has always said he would see me (this is true). Although refused me, the doc and AMHP access the other week. Demanding I find out the nature of the warrant and what do I know about it. Asking to see me this afternoon. He wants a call back in half an hour. He is due for a MHA assessment tomorrow at 10am. Police are coming. The mother has clearly disclosed details of the assessment tomorrow to Simon. We are going to walk into a very hostile situation. I believe he may have CCTV cameras outside his flat facing the street as he mentioned to me previously that he saw someone sitting in their car (although this could be part of his paranoia). He does have CCTV in the entrance hallway. Could the police/assessing team please be warned. Maybe we need to meet around the corner rather than park outside his flat. Subject: RE: Concerns for male

Hi Giudi,

SC was seen and assessed at home on 19th June. He is not currently under a community team, the service has received several referrals since **2015** pertaining concern for his mental state, however upon assessment he's not been found to be so unwell that restrictive measures have to be taken to engage him. He often presents with grandiose/paranoid ideations involving past involvement **with police**, and more recently involvement with the **housing department** and **neighbour(s)**.

He is currently involved with court proceedings involving his neighbour/housing department arising from on-going dispute in which he alleges neighbour to be deliberating causing him distress by making noise (he appears to be noise sensitive). Housing are exploring eviction proceedings in which information has recently been provided for court regarding his mental health needs. I understand he is representing himself in court and the court has questioned his mental capacity/mental health to do so?

I also understand he has CCTV inside and outside the property and often tapes interactions with others. He also has a dog on the premises and frequently makes reference to the evidence he has gathered about the alleged wrongs done to him by police, neighbours and housing department; a full ring-binder folder was observed in his flat with this alleged evidence.

There was no significant concern regarding his mental state when recently assessed to require a more intrusive intervention, he was not deemed to be psychotic but some acknowledgement of a

He is reluctant to engage with mental health services as he does not believe he is mentally unwell and therefore does not wish to engage to explore possible treatment options. The plan following the assessment was for a referral to be made to the North Locality Community Team for further engagement to build rapport over a period of time to try and engage/encourage him for further assessments and/or support.</p> <p>Regards,<br/>Debbie</p> <p>Done</p> |  |

31st August 2018 at 9.15am to carry out an Assessment. Mrs Cordell informed me that she would not be present at the appointment as she herself has a hospital appointment which she had been waiting for a while to ascertain and could not cancel this. I informed her that the Doctor and the Nurse would still attend for the appointment at the client's home address and she informed me that she would let her Son know. Mrs Cordell said that her Son may not be happy about the visit but none the less she will inform him.

Hi Trishna

I was wondering if Ludmilla had contracted you in regards to the order yesterday I know she emailed you and me about a call that was made to her yesterday from Simon, but was wondering if she had also made any reply regarding the order as well. If she has not can you please send the rewritten order to the judge at the court, as by her sending the email yesterday about the call from Simon it shows she is just Ignoring the email regarding the court order, hoping we will not get a sealed order until after it goes to the panel on the 28/09/2018 so once again the council can get away with ignoring the hat the judge said in court.

Regards

**health** even though I was **telling Enfield Council since the start of 2015 via emails the impact this was having on my son regarding what the neighbours were doing,**

I want Enfield Council to take this seriously as so far where my son has been concerned you have only blamed him for everything and gone one sided and never heard what my son or I have had to say, I believe if Enfield Council had done the correct investigations they would have seen there was a lot more going on here then what the neighbours was saying, but Enfield Council only blamed without wanting to know the facts.

**My son has to be re-housed** and I want that to be done correctly even if more time is needed and this is not taken to the panel until next week, I do want it done as soon as possible due to what the neighbours are still doing, I don't want things rushed by **Enfield Council because they know now they have done wrong** and made beaches regarding my son I want it done correctly, as stated I want the mental health input if they are willing to give it as it seems since I put the complaint in they do not seem to want to talk with me as stated to you outside the court room, but that is being addressed and I am waiting for a call back today regarding the housing issue, I have spoken with a few people over the last week regarding this, but due to a change over with the people dealing with my son and him not given a named worker yet it has been hard.

Also, can you tell me if I am allowed to attend the panel hearing and also maybe a mental health worker if they are willing to attend also?

I will await to hear from you today.

Dear Ludmilla lyavoo

Thank you for the update email, as you will see form my below email I had already been told it would been a housing management **transfer**, my brother had a long talk with Nadine and he did try and speak to Michael Adugyamfi but he was in a meeting, Nadine kindly sent him an email with my email details for him to contract me, but the best phone number to call me on is 07807 333545. Would it be possible to have a contract email for Michael Adugyamfi as you

know I am on a short time scale ordered by the judge of 7 days to get this addressed. Also, would it be possible to get the time scale as to when I will get the order form the court, and has the police been informed regarding the dismissal of both the injection orders.

**4120,**

Dear Ms Cordell,

Thank you for your emails. I have made enquiries with our housing allocation manager and since Mr Cordell is an existing council tenant, he will need to apply for a **transfer**, so he does not need to make a new rehousing application.

This **transfer** application must to be done via Simon Cordell's neighbourhood officer. I have emailed the officer in question and will ask him contact you as soon as possible. Can you please provide me with a preferred contact number so the officer can make an appointment with you and Mr Cordell? I have copied Mr Cordell's solicitors to this email.

Dear Ludmilla lyavoo

I believe what we need as this is what we have just been told on the phone we need to do a housing management **transfer** to be able to get this done as Simon should not need to fill out a new housing application as he is already a tenant.

The reason I do not believe they can put "And UPON the Defendant's mother agreeing to engage with the Enfield Mental Health Unit team so the Defendant could receive assistance with his mental health conditions and housing. " Is due to Simon rights I can give input but there is little I can do if Simon does not agree to take help and this is where I run into issues and have for a while now. If it is ordered that I will do it and can't then I am breaking the order. so, I have just removed this from the order as I do what I can anyways I do not need the council telling me I have to do it. Dear Trishna,

I write further to my email to you and Mrs Lorraine Cordell. Our allocation manager has advised us that as Mr Cordell is an existing council tenant, he is entitled to apply for a **transfer** of tenancy and cannot make a rehousing application.

I am advised that the application needs to be done via Mr Cordell's neighbourhood officer. I have emailed the officer and asked him to contact Mrs Cordell as soon as possible. Mrs Cordell is also encouraged to contact the Mental Health Team so they can support him with his MH issues and rehousing. I have amended the order to reflect the above and look forward to hearing from you.

Kind regards,

Relayed long history of issues Simon has had with Enfield Housing. Current concern appears to be that Simon may not be given a 2-bedroom flat as housing feel that this is not needed, however family disagree. Advised Lorraine that housing will have their policies/laws which they follow and mental health services can only provide supporting information that may or may not impact on final housing decision.</p> <p>Lorraine said that she would be at the review meeting with Simon on the 31st, advised that she/Simon could inform how they feel housing may impact on Simon's mental health in the longer term (in terms of support that family are able to provide) this can be included in the clinic review letter however psychiatrist will need to determine whether this is having/is going to affect Simon's mental state/risk. Lorraine was happy with this plan and will provide clinic review letter to housing following appointment on the 31st August.</p> <p>Done</p> |  |

Dear Ludmilla lyavoo

Could you please forward the housing management **transfer** application that **Lemmy called me about last night 15/08/2018 at 16:15 hours**, as I have the mental health team calling me regarding the like to like section in the application.

I have not yet seen the application that has been filled in for my son by Enfield Council, and I would like to see it before it is submitted to the **broad tomorrow**.

Also, would it be possible to get a copy of Enfield Councils guidelines and policies for the management **transfer** application, I do believe I have a copy but want to make sure I have the correct one.

**As you are aware at court it was stated** I had to fill an application in by today, but it was not stated as to what application it was, and then it was found out the application had to be done by the council so all the wrong information was told to judge, and as you are aware what I said to the judge regarding a 2 bedroom and then what Lemmy said to the judge that my son would not get one,

then what the judge said to Lemmy regarding a 2 bedroom.

I do not want my son placed into a new home that is not going to be appropriate, I want to get it right for him,

**after all his health has gone downhill due to all the court cases**

**and what the neighbours were and are still doing to him**

**and Enfield council took no notice of the hell my son was living in**

**all they done was believed the neighbours,**

then on top Enfield Council basically **telling the**

**courts** there was **nothing wrong with my son's**

**health** even though I was **telling Enfield Council**

**since the start of 2015 via emails the impact this**

**was having on my son regarding what the**

**neighbours were doing,**

I want Enfield Council to take this seriously as so far where my son has been concerned you have only blamed him for everything and gone one sided and never heard what my son or I have had to say,

I believe if Enfield Council had done the correct investigations they would have seen there was a lot more going on here then what the neighbours was saying, but Enfield Council only blamed without wanting to know the facts.

**My son has to be re-housed** and I want that to be done correctly even if more time is needed and this is not taken to the panel until next week, I do want it done as soon as possible due to what the neighbours are still doing, I don't want things rushed by **Enfield Council because they know now they have done wrong** and made beaches regarding my son I want it done correctly, as stated I want the mental health input if they are willing to give it as it seems since I put the complaint in they do not seem to want to talk with me as stated to you outside the court room, but that is being addressed and I am waiting for a call back today regarding the housing issue, I have spoken with a few people over the last week regarding this, but due to a change over with the people dealing with my son and him not given a named worker yet it has been hard.

Also, can you tell me if I am allowed to attend the panel hearing and also maybe a mental health worker if they are willing to attend also?

I will await to hear from you today.

Regards

Lorraine Cordell

Thank you for the update email, as you will see form my below email I had already been told it would been a housing management **transfer**, my brother had a long talk with Nadine and he did try and speak to Michael Adugyamfi but he was in a meeting, Nadine kindly sent him an email with my email details for him to contract me, but the best phone number to call me on is 07807 333545. Would it be possible to have a contract email for Michael Adugyamfi as you know I am on a short time scale ordered by the judge of 7 days to get this addressed. Also, would it be possible to get the time scale as to when I will get the order form the court, and has the police been informed regarding the dismissal of both the injection orders.

**4120,**

Dear Ms Cordell,

Thank you for your emails. I have made enquiries with our housing allocation manager and since Mr Cordell is an existing council tenant, he will need to apply for a **transfer**, so he does not need to make a new rehousing application.

This **transfer** application must to be done via Simon Cordell's neighbourhood officer. I have emailed the officer in question and will ask him contact you as soon as possible. Can you please provide me with a preferred contact number so the officer can make an appointment with you and Mr Cordell? I have copied Mr Cordell's solicitors to this email.

Kind regards,

Dear Ludmilla lyavoo

I believe what we need as this is what we have just been told on the phone we need to do a housing management **transfer** to be able to get this done as Simon should not need to fill out a new housing application as he is already a tenant.

Dear Ludmilla Lyavoo

Could you please send me the link to the application form as I have been looking all day my brother even went up to the civic centre and they could not give him a link they said there is not one.

**4121,**

I wanted to get this done as soon as possible and Enfield Council website is not great to use. Regards

I explained to you that if the application goes ahead tomorrow (this was the earliest exceptions panel meeting), Simon could only be considered for a <b>transfer</b> of property which is similar to the one he currently occupies (like for like <b>transfer</b>). also said that he has agreed to see a consultant of the Enfield Mental Health Team and was given an appointment on 31/08/2018 at 9.30am. I have explained that Simon will need to be assessed by the team in order to be considered for supported accommodation. On that basis you agreed to have the management **transfer** application deferred to be considered at the next panel meeting which will take place on 28/09/2018, this would allow more time for an assessment to be carried out by the Mental health team. Please confirm that this is agreed by yourself and Simon. I also confirmed that the exceptions panel meetings are attended by professionals which means that tenants or members of their family are not allowed to attend. However, the meetings can be attended by mental health workers. **I hope this email answers your queries, please do not hesitate to contact me if you have further questions.**

**Dear Ludmilla Iyavoo**

**Could you please forward the housing management transfer application that Lemmy called me about last night 15/08/2018 at 16:15 hours, as I have the mental health team calling me regarding the like to like section in the application. I have not yet seen**

the application that has been filled in for my son by Enfield Council, and I would like to see it before it is submitted to the **broad tomorrow**. Also, would it be possible to get a copy of Enfield Councils guidelines and policies for the management **transfer** application, I do believe I have a copy but want to make sure I have the correct one. As you are aware **at court it was stated** I had to fill an application in by today, but it was not stated as to what application it was, and then it was found out the application had to be done by the council so all the wrong information was told to the judge, and as you are aware what I said to the judge regarding a 2 bedroom and then what Lemmy said to the judge that my son would not get one, then what the judge said to Lemmy regarding a 2 bedroom.

I do not want my son placed into a new home that is not going to be appropriate, I want to get it right for him, after all his health has gone downhill due to all the court cases and what the neighbours were and are still doing to him and Enfield council took no notice of the hell my son was living in all they done was believed the neighbours, then on top Enfield Council basically telling the courts there was nothing wrong with my son's health even though I was telling Enfield Council since the start of **2015** via emails the impact this was having on my son regarding what the neighbours were doing, I want Enfield Council to take this seriously as so far where my son has been concerned you have only blamed him for everything and gone one sided and never heard what my son or I have had to say, I believe if Enfield Council had done the correct investigations they would have seen there was a lot more going on here then what the neighbours was saying, but Enfield Council only blamed without wanting to know the facts. My son has to be re-housed and I want that to be done correctly even if more time is needed and this is not taken to the panel until next week, I do want it done as soon as possible due to what the neighbours are still doing, I don't want things rushed by Enfield Council because they know now they have done wrong and made beaches regarding my son I want it done correctly, as stated I **want the mental health**

**input if they are willing** to give it as it seems since I put the complaint in they do not seem to want to talk with me **as stated to you outside the court room**, but that is being addressed and I am waiting for a call back today **regarding the housing issue**, I have spoken with a few people over the last week regarding this, but due to a **change over with the people dealing with my son** and him not given a named worker yet it has been hard. Also, can you tell me **if I am allowed to attend the panel hearing** and also maybe a mental health worker if they are willing to attend also?

I will await to hear from you today.

Dear Mrs Cordell,

I have emailed Michael Adu- Gyamfi and asked him to contact you as soon as possible, please note **that he's aware of the deadline** and will be in touch in due course. I have emailed a draft order to **Trishna Kerai of Stuart Miller solicitors** and I'm currently **waiting her approval**. Once I have this, **I will be in a position to email the Court with the agreed order**. I can't confirm the time it will take the **Court to approve the order** but as soon as this is done, I am sure Ms Kerai will contact you and let you know. We will contact the police regarding the discharge of the injunction order; however, we would need a sealed copy of the court order to be received first before such notification takes place.

Dear Ludmilla lyavoo  
Thank you for the update email, as you will see from my below email I had already been told it would been a housing management **transfer**, **my brother had a long talk with Nadine** and he did try and speak to **Michael Adugyamfi** but he was in a meeting, Nadine kindly sent him an email with my email details for him to contract me, but the best phone number to call me on is [REDACTED] Would it be possible to have a contract email for Michael Adugyamfi as you know I am on a short time scale ordered by the judge of 7 days to get this addressed. Also, would it be possible to get the time scale as to when **I will get the order form the court**, and **has the police been informed regarding the dismissal of both the injection orders.**

Dear Ms Cordell,  
Thank you for your emails.  
I have made enquiries with our housing allocation manager and since Mr Cordell is an existing council tenant, he will need to apply for a **transfer**, so he does not need to make a new rehousing application. This **transfer** application must to be done via Simon Cordell's neighbourhood officer. I have emailed the

officer in question and will ask him contact you as soon as possible. Can you please provide me with a preferred contact number so the officer can make an appointment with you and Mr Cordell? I have copied Mr Cordell's solicitors to this email.

Dear Ludmilla Iyavoo

I believe what we need as this is what we have just been told on the phone we need to do a housing management **transfer** to be able to get this done as Simon should not need to fill out a new housing application as he is already a tenant.

Could you please send me the link to the application form as I have been looking all day my brother even went up to the civic centre and they could not give him a link they said there is not one. I wanted to get this done as soon as possible and Enfield Council website is not great to use.

- She said that he needs a 2-bedroom flat with the plan that his cousin could stay with him to provide emotional support.
- She said that her son has everything he needs in the flat.
- She told me that her son is very independent in activities of daily living; his personal care is extremely good; he cooks for himself, maintains the flat and takes responsibility for his bills.
- She told me that he has no financial difficulties/no debts.
- She said that her son has a work history.
- In **2010** he was planning to set up a business in the entertainment industry. He has also built websites in relation to this. At present he is not in employment.
- He is in receipt of Employment Support Allowance but needs to make an application for Personal Independent Payment.
- I asked her if she thinks her son has a mental illness; she told me that he suffers from stress and anxiety due to issues with the neighbours but does not think he has a mental illness.
- She said that the judged looked at evidence and did not grant a warrant in October 2018 for a mental health act to take place at her son's flat.
- I asked Ms Cordell if she thinks her son could benefit from support from the community team.
- She said that he could do with some support but "we should stop labelling him as being delusional as he is not delusional".

and it was agreed that the management **transfer** application **will be put on hold until the next Panel meeting on 28/09/2018,** to allow time for the Mental Health assessment to be carried out. We have since been advised that Simon failed to attend the scheduled appointment and did not engage with the Mental Health team. As this meant there was no report to support a management **transfer** application the Community Safety Unit was unable to submit an application on his behalf. **The Panel would require medical evidence** in support of an application for a supported accommodation or for a larger property and we did not have one by the date of the last Panel meeting on 28/09/2018.

This meeting was part of the safeguarding process for <u>Alan's client</u>.</p> <p><b><u>Si Note: Ambrose</u></b></p> <p>SC has allegedly been aggressive on more than one occasion towards <b><u>Alan's client</u></b>. Lemy informed me that SC has a past and <u>current history</u> of physical and verbal aggression towards residents in the building. Lemy informed me that the council has tried to <u>work with him but to no avail</u>. Lemy informed me that SC is getting easily irritated even by the sound of a flushing toilet cistern; this happened very recently and he threatened Alan's client. Lemy thinks these are signs of mental illness and that BEH should proceed with an MHA. Lemy argued that this is for the protection of others as well as SC's own safety. I have asked Lemy to email me a list of incidents in chronological order. Lemy stated that he would need information from our team to confirm if SC is engaging or not with our service. I have advised Lemy to email his request to the Team Manager, George Benyure. Enfield Council will be seeking possession of SC's flat via the courts. Lemy stated that in a recent court case the judge recommended that Enfield Council re-house SC on the proviso that he engages with the MH Team.</p> <p>Plan:</p> <p>Discuss in MDT Lemy to email a risk log</p> <p><b>(13) 12/10/2018, Friday</b><br/> <b>Simon Cordell's MP3'S Indexed</b></p> | <p><b>13) On the</b><br/> <b>**/**/20**</b> it is<br/> said that</p> |

- He said that he does not want to see us.
- I could not interrupt him: very verbally aggressive with pressure in speech".
- I did manage to say that we are a different team from Lucas House, and we want him to have a fresh start- He said "I don't f...ing care" Further to that the MDT advised that we should assess Mr Cordell in clinic due to the potential risks.
- We then offered him an appointment on the 28th of September which Mr Cordell did not attend.

- Simon's mother called police who arrested him.

#### **LEADING TO CURRENT ADMISSION**

- As I stated above leading to this admission Mr Cordell did not attend appointments offered to him by our service.
- Subsequently due to the allegations made against him I was advised to attend a Safeguarding meeting for an alleged victim.
- In that meeting I was informed by the Council that Mr Cordell has a past and current history of physical and verbal aggression towards residents in the building.
- I was informed that the council has tried to work with Mr Cordell but to no avail.
- I had informed me that Mr Cordell was getting easily irritated even by the sound of a flushing toilet; this happened very recently, and he threatened the resident concerned.
- The Council was of the opinion that these are signs of mental illness and suggested that BEH should proceed with an MHA.
- The Council argued that this is for the protection of others as well as Mr Cordell's own safety.
- Subsequently the council sent us a copy of 'Anti-Social Behaviour, Tenancy concerns and breaches- pre-action letter' which contained a chronology of alleged incidents dating from **2016**.
- These alleged incidents were in the meaning of an antisocial behaviour presentation.
- On the 17th of October Mr Cordell was discussed in our MDT meeting.
- A decision was made to conduct an MHA.
- An MHA was attempted on the [19th of October](#).
- Mr Cordell did not cooperate, and the assessment did not take place.

- On the 23rd of October an application for a warrant was made but was declined on the grounds "that there was insufficient recent evidence that he was being "kept under proper control" as he is living alone and "insufficient recent medical evidence that "he is unable to care for himself.
- According to RIO, on the 25th of October Mr Cordell was arrested for breaching a harassment order.
- It was alleged that he was aggressive towards the police and spat at them. He was assessed at the police station.
- On interview he had pressure of speech, delusions about his neighbours and the police and housing ganging up against him.
- He denied drug use.
- He said that does not have a mental disorder.
- The

Ms Cordell told me that neighbours have been "terrorising" his son since <b>2014</b> in particular a neighbour on the 2nd floor.</li> <li>• Ms Cordell told me that whilst her son is in hospital her nephew has been staying in the flat to look after the dog.</li> <li>• The nephew has reported that the occupier on the 2nd floor have been "banging" on the floor.</li> <li>• She said that the neighbour then realised that her son is not in the flat when they saw the nephew coming out of Mr Cordell's flat.</li> <li>• She told me that since the 26th of October the "banging" has stopped.</li> <li>• She said that she has complained about the neighbour herself but thinks these situations are misinterpreted by the council and the mental health services and her son is then seen as the perpetrator and or being mentally unwell.</li> <li>• Ms Cordell stated that the sound proofing is lacking, and the noise is real.</li> <li>• Other neighbours have made allegations that Mr Cordell has been aggressive towards them.</li> <li>• She said that there is no evidence of this; police have seen CCTV and found that her son had not left the flat at the time when these incidents were alleged to have happen.</li> <li>• Ms Cordell gave another example in <b>2016</b> where it was alleged by a neighbour that her son had made threats to kill him.</li> <li>• She said that the police initially charged her son with making threats to kill; after seeing video evidence they charged him with a 'Public Order Offence'.</li> <li>• She said that around the time of this alleged incident her son was in his flat with some friends.</li> <li>• Her son was not allowed to his flat and was bailed to her flat where he stayed until December <b>2016</b>.</li> </ul> |  |

- She said that he could do with some support but "we should stop labelling him as being delusional as he is not delusional".

**AFTER-CARE**

- Potentially Mr Cordell care/treatment would be delivered via the Care Programme Approach.
- I am the allocated Care Coordinator, and he will have a responsible clinician in the community.
- My role would be first of all to build a relationship with Mr Cordell as I have only met him on 2 occasions.
- I will try to motivate him to engage with myself and the multidisciplinary team.
- As his Care Coordinator I will review Mr Cordell regularly independently and with the Community RC.
- We have a Team Clinical Psychologist, and it would be vital for Mr Cordell to have some form of talking therapy. This is on the basis of the stress and anxiety that his mother states he suffers from.
- We have a Dual Diagnosis Worker in the team who could offer drug counselling if necessary.
- We have an organisation called 'Remploy' which is funded by the Local Authority.
- Potentially they could support Mr Cordell to find work.
- They meet regularly with clients whilst they are in work and also liaise with employers.
- I could support Mr Cordell in making an application for PIP.
- Alternatively, he could get that support from 'Enfield Well-Being Connect'
- The Mental Health Enablement Team could provide support in tenancy management as well as support to access education/training and work.

### **OPINION AND RECOMMENDATIONS**

- I have met Mr Cordell on two occasions only and I have not had the opportunity to assess him in the community.
- A rapport needs to be established with him.
- On the basis of recent events, history of risks to self and alleged risks towards others and taking into account the views of the MDT on the ward I think that he would benefit from a longer stay in hospital.
- This is in-order for the MDT to assess him comprehensively to determine if he has a severe and enduring mental illness such as schizophrenia/psychosis.
- If it is determined that he has a severe mental illness, then this should be treated accordingly whilst he is in hospital.

11:15am Communal door to flat had been broken and closed with tape which opened easily. Simon's flat, 109 is on ground floor and door was closed and had a strap fastened to bottom of door as well. After knocking Simon asked who it was and when told "A social worker from Enfield Mental Health services" he said that he did not wish to see me and to go away, he talked rapidly about being subjected to **75 assaults at the hands of mental health** services and that he has **documented evidence and is taking action.**

Claimed he would make us all redundant. **He warned us to leave.** A dog could be heard barking behind the door.

We left the block and gathered outside on the footpath to discuss plan. Shortly after Simon came out and approached as talking with pressured speech about his long battle with the police and legal system, how he is even now subject to a Curfew which keeps him from leaving his flat after 10.30 and this is in force until 2020, he claims.

It was difficult to follow his story but appeared to all relate to the organisation of raves and club nights. He recognised

from a previous assessment and said that he was there and he did not like him. Gradually a level of rapport was established and it was suggested to Simon that it might be a good idea to continue the discussion in his flat rather than in a public place. He agreed to this and I asked him to lock the dog away he said he will lock it in the back garden. Prior to entering the flat I informed Simon that I am a trainee AMHP and myself and the 2 doctors with me will be conducting a Mental Health Act assessment. We then entered the flat which was very cluttered with

| <p><u>Working on WIX /</u><br/><u>Bro at court</u></p> <p>When in doors asleep I got awoken by my neighbours who are 117 the Mathiyalagans and this happened to me when I was in my front room laying on my sofa! The Mathiyalagans started to jump up and down on the floor above where I got awoke. This got done to me with evil intentions. Rather than lead myself into trouble I decided to keep recording what was getting done to me on my camera system that is installed in each and every room in my home. While I was getting attacked with hate crime I decided to continue to lay down and batted that I had not been awoke as the neighbours can hear my every movement even from the flats above mine as the sound proofing within my rented home is that of an existence. After not being able to take any more of what was getting done to me, I decided to head in to my toilet so that I could have my wash. When in the bathroom the now Letter from solicitor Enfield Council / The same paperwork that Sarah Flexure had forged while I was not staying at my home on the 04/10/2015 due to bail conditions that then after got picked up by Lemmy who tried to force me into a trap meeting at the civic centre due to them forged claims. When he then after super forged them and copied and pasted Sarah Flexures work and created 31 different claims then on after giving up on the trap meeting for him to then create a possession order to steal my home from his then on super forged claims against me to then needing the statement makers statements because I requested them of himself for Lemmy too then create an injunction order against me from the same claims to recover the missing victims missing statements to which I won the injunction order at a court he then created another injunction order to cover up what I can prove of threats to kill him while on the phone in turn getting me arrested when I never done what he said so that he could also then illegally reinstated the stuck out Mathiyalagan</p> | <p>24) On the<br/>**/**/20** it is<br/>said that</p> |

- She said that he needs a 2-bedroom flat with the plan that his cousin could stay with him to provide emotional support.
- She said that her son has everything he needs in the flat.
- She told me that her son is very independent in activities of daily living; his personal care is extremely good; he cooks for himself, maintains the flat and takes responsibility for his bills.
- She told me that he has no financial difficulties/no debts.
- She said that her son has a work history.
- In **2010** he was planning to set up a business in the entertainment industry. He has also built websites in relation to this. At present he is not in employment.
- He is in receipt of Employment Support Allowance but needs to make an application for Personal Independent Payment.
- I asked her if she thinks her son has a mental illness; she told me that he suffers from stress and anxiety due to issues with the neighbours but does not think he has a mental illness.
- She said that the judged looked at evidence and did not grant a warrant in October 2018 for a mental health act to take place at her son's flat.
- I asked Ms Cordell if she thinks her son could benefit from support from the community team.
- She said that he could do with some support but "we should stop labelling him as being delusional as he is not delusional".

Today I got awoken by my Neighbors once again who are addressed at 117 Burncroft Avenue who are the Mathiyalagan family. What is getting done to me is achieved with evil criminal intentions.

When explain what was on this day getting done to me illegal and what is also a clear breach of my human rights, I explain that, when sitting down at home on my sofa I heard a knock on my front door when I went to answer it, I first took a look through my front door keyhole, when doing so, I noticed two police officers one male and one female. I can remember asking the woman officer a question What I asked her was why they were outside of my front door and in short to why I asked the question. is I wanted to understand for what reason they wanted to speak to me, I received a reply of the Female police officer who replied to my question by saying that she just wanted to chat to me about something, I can remember replying to her by saying I can chat to you still without opening my front door and in blunt saying to her please can you just explain to me what you want, she said that she just wanted to give me some paperwork and did not want to arrest me for anything I again replied to her in a deeper voice and told her that I will not accept anything from them.

I held my letter box closed so that no mail could enter inside of my flat from the police officers who were outside. Soon afterwards I heard them both leave my communal hallway. When I was sure that they had left the building, I opened my front door.

|  | <p>I took a look on the floor and noticed that there was a letter left on the floor.</p> <p>After picking it up I took a short peek at the heading and realised that it was another Harassment Letter against my person in Knowing that I never done anything wrong again so to be able to receive such a notice in a fair motion.</p> <p>I Decided to question the police officer who had tried to post the letter through m front door.</p> <p>In doing so I quickly run outside of my front communal door and looked around the streets locations to see if I could still catch up with the two police officers.</p> <p>I noticed them both to my left when coming out of my building still walking towards their police car, so I called out to them in a polite manner / not to load or neither hash in voice.</p> <p>The police officers turned around towards myself and asked what I wanted, I replied to them both I just wanted to chat to them about what has been going on and as I was doing so I hurried towards them but in a settled manner, as I approached them I took my time as I chose my words and because of this I can remember what I said, what I did say was after noticing that they were both were body cameras and went a little something like this: --</p> <p><b>Woman Police Officer:</b><br/>what do you want?</p> <p><b>Simon:</b><br/>I would like to report a crime. A police officer has caused me to suffer from gross Misconduct and would like to report it to you under the police efficiency Act of Law 1999 or 2003 or under any police whistle blowing policy you must be in accordance to.</p> <p>What I am reporting to you is that a police Officer that who is name as Steven Elesmore who works for your branch has forge official paperwork and then on filed it against me alongside with other members of the Metropolitans Police Force.</p> <p><b>Woman Police Officer:</b><br/>I am not dealing with that; I am here only to serve you a Harassment Letter.</p> <p><b>Simon:</b></p> |  |

**Simon:**

I noticed a male's arm go around my neck and start to choke me from behind I could feel the man's weight on my back trying to bring me to the ground and after a few seconds I felt him become successful in his ambush against my person I can remember felling my hand and knees hurting me as the hit the concrete floor. I can remember finding it getting harder and harder to breath and with what felt like my last breath I managed to make a voice in the formation of a screech the words that came out of my mouth were that of "you are choking me."

**Woman Police Officer:**

The woman officer continued to try and get my hands while she continues to scream that I was still spitting even more so than from the start of their unneeded issues of concern with me.

**Simon:**

I can remember thinking he is going to kill me if I do not stop him and his bad temper, and in realizing so, I remembered the police body cameras were still recording so choose to take caution in doing so, what I did was stand up and run away from the two police officers. I run into my block and felt them hot on my toes I closed my communal door and reminded the polices officers of my dog by shouting my dog my dog my dog be careful my dog.

**Woman & Male Police Officers:**

I walked through Durant's Park Enfield London and then walked up the Hertford Road

I was happy to see different police officer from the ones that had just attacked me and made this point very clear to them I got told that I was under arrest and then on jumped in the back of the police car with them. While in the police car I got told that I was

This is not accurate information as the truth is that I had gotten contacted by way of mobile phone by a client, and he asked me if I would hire a sound system out for a gentleman’s, birthday party. After our conversation I agreed to do so, and a sound system and a van got hired out to that person and then later collected from outside of my home address.</p> <p>My terms and conditions got signed, and a deposit got given to me by the client.</p> | <p><b>27) On the</b><br/> <b>**/**/20**</b> it is<br/> said that</p> |

I remember getting up from what I had prior gotten occupied with and leaving my home address at around 1am hours, so to attend to the private party location, which took place indoors.</p> <p>Then soon after I arrived at the client's destination, at around the time of; 2:00 hours, I would claim that I took one hour and ten minutes to attend to, as I drove outside of the address that I had to be at so to park my car I can remember there being lots of different members of the police who were already present. When I approached to the address front door on my two feet, to which address I got given by the client, the police were there blocking any persons entrance, so I spoke to the police officers and explained to them by circumstances, this meant that I showed them a copy of the higher invoice and a copy of my terms and conditions of hire, I got allowed entry by the police officers who were present to pack the sound system away and once I finished doing this, I asked to get released with the equipment, it then got explained that the equipment was to get confiscated.</p> <p>After a lengthy, debate, I had no option but to allow the police officers to seize the equipment, I got allowed to collect the sound system from the police at a later date, without being arrested or any charges being brought into motion. This meant that I never returned the sound system to the same client ever again as he breached my terms and conditions and at no time did, I knowingly supply equipment for an illegal party. A few months later this date got added to the Anti-Social Behavior Order against me, even low I caused no problems.</p> <p><b>Evidence: --</b></p> |  |

I asked for food on two different occasions in my short time in detention, there were also no issues of concern revving food in the police station. There was no bedding in the cell when I first entered it and I therefore asked for that to get rectified, this got achieved straight after I requested the bedding. All of my detention in the cell I was on camera in the police cell. Finally, the custody officer came up to me and told me that he was dropping the case against me, but I could still not leave due to the fact that the Mental Health Doctors wanted to see me. I asked him am I obliged to speak to them and explained to him that I had not acted with a Mental Illness throughout my detention in the police station in fact I had done the complete opposite and asked for food, drink, blanket, medical care, to speak to a solicitor, to speak to my mother, I managed to sleep for a while also. The sergeant explained to me that it was not down to the police that the doctors wanted me to speak with myself and I continued by explaining to him that it was also not down to anything that I had done while in custody or beforehand as well. He pleaded with me to be in compliance to his official public servant's request in so many different words, by asked me to confirm to himself that I will do so, I explained to him that I did not want to speak to any doctors and did not see any reason to warrant such forced treatment but due to him having me detained in a police cell I did not feel like I did have any other choose in the matter.

**Doctors came to cell door: --**

Our conversation came to an end and as he moved his head away from the cell hatch, I noticed a few more people outside of my cell door, when taking a closer look, I can remember that in doing so I noticed quite a few of them from other prior occasions, as if in to mean who they were. The reason I remembered who they were easily is because on the

What had happened is that the doctors from Silver Street Crisis Team had made a telephone call to my mother in the morning of the

**25/10/2018**

I never found this out until later in the evening as I had left my mobile phone turned off from the night before hand and also due to my mother having to go to another court case in **Oxford on the same Morning.**

While indoor I received a knock on my front door when I went to see who it was, I heard a reply of it is the doctors we want to speak to you about your mental health, I was quite shocked for the doctors to be at my front door again after all that had happened as of so far between me and them self's.

Because I never knew they were coming I never rushed and tydeid up my flat when first waking up and on stead had started work on my computer.

When speaking to the doctors with my home front door closed at first, I heard a man's voice say hello Simon we are the doctors, and we want to do an assessment on your Mental Health under the Mental Health Act 1983.

I decided not to open my front door at first and to find out more to why they believed they had the rights to do yet again another assessment on me by speaking to them with the door keep shut.

They would not explain much to me and all preferred to walk away.

I waited for them to go out the door and tried to call my mother, but her mobile phone was turned off.

After a few moments I decided to go outside and learn more to why they wanted to use the Mental Health Act against my wellbeing.

When outside of my block of flats I could see a few of the Mental Health team members sitting on a low-built wall and the rest standing together all talking.

I approached them and asked why they keep attending my home address without any official person ever taking a statement of myself about what I claim about on stead of victimising me and then on doing the correct follow-up's.

The official public servants outside of my home said the normal reply to myself by this date and that was "we got referred to you"

While putting good reason that an assessment 2 must not get warranted as towards the grounds of the detention not being warranted, the police officer / Sargent allowed for this conversation to continue and opened my cell door and while we were taking.

The Doctors said that they needed a few minutes on their own to discuss with each other what was going on and not to long after he arrived back to my cell door and undone the cell hatch again, but this time told me that I was getting sectioned under the Mental Health Act under an assessment 2.

I explained to them all present that I did not think that this was a fair assessment as I had not even been taken into a room with them or neither had they come into a room with me and that the conversation that we had just had with each other was just merely an introduction.

With this the doctors walked away and closed the hatch on the cell door.

Very soon after a normal ambulance arrive and two female officers who were both polite took me to the hospital named as Chaser Farm Hospital and then after brought me on to the Dorset wing.

Mr. Simon Cordell

**My reasons for my opinions are: --**

Mr. Cordell is known to psychiatric services but has not engaged with them in recent years. Today he was arrested for spitting at a police officer after they were called about him harassing his neighbors.

He has a number of non- molestations orders Against him, forbidding him from contacting them.

On examination Mr. Cordell displayed a range of affective and psychiatric symptoms.

He Spoke rapidly and was thought disordered with overinclusive and tangential speech.

He held a number of grandiose and delusional beliefs.

He told us that the police were conspiring with medics and the council to silence him as he had uncovered police corruption.

He said he was targeted by police as they were envied of his abilities.

He told us that his neighbors two floors above were controlling the neighbors below them and caused them to stamp on the floor and disturb Mr. Cordell.

He did not believe that he was Mental unwell and was adamant that he would not see a physiatrist.

He lacked insight into his presentation.

He was irritable and has assaulted police officers and harassed his neighbors in recent days.

He poses a risk to others; therefore, his behavior poses him a risk of retaliatory Symptoms. This places his Health and safety at risk.

There is evidence that he has a Mental illness of a nature and degree which warrants assessment and treatment in hospital and without this there is a risk of harm to his health and safety and the safety of others.

- She said that he needs a 2-bedroom flat with the plan that his cousin could stay with him to provide emotional support.
- She said that her son has everything he needs in the flat.
- She told me that her son is very independent in activities of daily living; his personal care is extremely good; he cooks for himself, maintains the flat and takes responsibility for his bills.
- She told me that he has no financial difficulties/no debts.
- She said that her son has a work history.
- In **2010** he was planning to set up a business in the entertainment industry. He has also built websites in relation to this. At present he is not in employment.
- He is in receipt of Employment Support Allowance but needs to make an application for Personal Independent Payment.
- I asked her if she thinks her son has a mental illness; she told me that he suffers from stress and anxiety due to issues with the neighbours but does not think he has a mental illness.
- She said that the judged looked at evidence and did not grant a warrant in October 2018 for a mental health act to take place at her son's flat.
- I asked Ms Cordell if she thinks her son could benefit from support from the community team.
- She said that he could do with some support but "we should stop labelling him as being delusional as he is not delusional".

at risk from others. Simon refused to engage with MHA. Application for 135(1) was made - Judge found insufficient evidence for 136. Forensic referral sent on 17/10

2. **25 Oct** - Simon was arrested as the police called to his flat re him breaking a harassment order and he assaulted the police who attended. He was taken to Wood Green police station. Found to be him thought disordered, hypomanic with flight of speech and grandiose delusions. Detained under MHA.

6. March **2014** - Adjustment reaction "anxiety and suicidal thoughts over the last nine months in the context of having a pending court case" offered Sertraline 50mg OD
7. **November 2014** - Simon's mother called the HTT. Paranoid psychosis - not deemed sanctionable under MHA
8. **November 2015** - Simon's mother called the BEH HUB. Simon not eating, not sleeping, paranoid, saying people are talking about him or laughing at him, believes the government is advertising things about him, the TV is talking about him and talking directly to him. Smoking cannabis. Not sanctionable under MHA.
9. ■ February **2016** Warrant 135 (1) - not sufficient evidence of mental illness.
10. **August 2016** admitted under Section 2 of the MHA following custody at Wood Green station for threats to kill - section 2 reversed on appeal. Discharged on Olanzapine 5mg and followed up

#### **CARE COORDINATOR**

16. This is only the second time meeting Simon. There have been issues with reports he is assaulting other residents in his council accommodation.

#### **NURSING REPORT**

17. Appears paranoid on the ward.

#### **INTERVIEW WITH PATIENT**

18. Simon appears very agitated and vocal and is keen to put across his opinion that he has been illegally detained.
19. Simon reports issues with police actions in regard to not giving him the ASBO folder properly - this was left outside instead of giving

it to him directly. Simon continued to explain other problems with the police's treatment of him. This includes the metropolitan police having placed a photo of Simon in a folder in regard to a party he had no involvement with. He denies being involved in any of the parties mentioned in the ASBO. Simon spoke at length about the injustices surrounding his placement on curfew and the ASBO order.

- 20.** He describes how on multiple times doctors have tried to assess him under the MHA and he has explained to them at each time the situation with the police. He was once placed under a section 2 and was able to appeal his section.
- 21.** Simon reports the neighbours (**11** floors up) trying to deliberately disturb him by making a lot of noise and flushing the toilet multiple times. He feels they want him to get distressed and go upstairs to address them. They have been doing this over the last 4 years and are doing this throughout the day. From Simons flat you can even hear them talking - there is apparently very poor sound proofing.
- 22.** Simon has described a council official as having forged statements and falsely accusing him of threatening his life. Simon reports that he is being assaulted by his neighbours as is his partner's small child. He feels the stress from this situation may have been linked to his partner's miscarriage. Simon denies any acts of antisocial behaviour, even in retaliation. At every point where he approaches the upstairs neighbours, he states he calls the police to ask them to "protect" him.
- 23.** In regard to the recent arrest, he reports the police attended due to a fraudulent call from the neighbours. The police tried to hand him a breach of harassment order which Simon ripped and spat on the paper. The police officer then yelled that he had spat on her. He was then arrested for assault on a police officer. This charge was dropped in the police station, and he was referred for an MHA.

24. Simon is currently on benefits. He reports the expensive hardware he owns (e.g. 70000-pound bookmaker) he buys broken and second hand cheaply and fixes them. Simon works from home. He built a new model constitution – a community interest company which was a charity farm.

**COLLATERAL INFORMATION:**

25. His mother and uncle would like MHS to stop referring to Simon reporting the police as being prejudice against him as delusional - they believe this can be proved (showing photos of his company truck and hardware).

26. Simon's mother is very upset that doctors have submitted reports stating that he is delusional and grandiose. They feel the AMHP report is grossly inaccurate.

27. Simon's uncle is also upset that the MH team would not provide Simon with a letter to assist with his housing situation.

28. They explain that the reason Simon has not be prosecuted for the complaints made by the neighbours is because each time Simon is able to "prove his innocence" directly to the police.

29. Simon's mother believes he is very stressed due to the conditions of the ASBO and his neighbours disturbing him.

30. His uncle would like us to check the website that Simon has set up to highlight the injustices against him "horrificcorruption.com". (other websites mentioned by Simon include the Wayback machine and TooSmooth)

- My report is based on the information which I have extracted from RIO and my telephone conversation with Mr Cordell's mother.

#### **PSYCHIATRIC HISTORY**

- On the 16th of August **2016** Mr Cordell was admitted to CFH under Section 2 of the MHA.
- He was discharged on the 27th of August **2016**.
- According to RIO notes Mr Cordell "was arrested at his home address after his mother raised concerns about his mental state - he was allegedly verbally threatening towards his neighbour and (?) neighbour's children.
- Simon's mother called police who arrested him.
- He was seen by the FME at Wood Green police station, was then referred for MHA."
- He appealed against his Section.
- The Mental Health Review Tribunal discharged him from Section 2 on the 26th of August **2016**.

#### **LEADING TO CURRENT ADMISSION**

- As I stated above leading to this admission Mr Cordell did not attend appointments offered to him by our service.
- Subsequently due to the allegations made against him I was advised to attend a Safeguarding meeting for an alleged victim.
- In that meeting I was informed by the Council that Mr Cordell has a past and current history of physical and verbal aggression towards residents in the building.
- I was informed that the council has tried to work with Mr Cordell but to no avail.
- I had informed me that Mr Cordell was getting easily irritated even by the sound of a flushing toilet; this happened very recently, and he threatened the resident concerned.
- The Council was of the opinion that these are signs of mental illness and suggested that BEH should proceed with an MHA.
- The Council argued that this is for the protection of others as well as Mr Cordell's own safety.

- Subsequently the council sent us a copy of ‘Anti-Social Behaviour, Tenancy concerns and breaches- pre-action letter’ which contained a chronology of alleged incidents dating from **2016**.
- These alleged incidents were in the meaning of an antisocial behaviour presentation.
- On the 17th of October Mr Cordell was discussed in our MDT meeting.
- A decision was made to conduct an MHA.
- An MHA was attempted on the 19th of October.
- Mr Cordell did not cooperate, and the assessment did not take place.
- On the **23rd of October** an application for a warrant was made but was declined on the grounds "that there was insufficient recent evidence that he was being "kept under proper control" as he is living alone and "insufficient recent medical evidence that "he is unable to care for himself.
- According to RIO, on the 25th of October Mr Cordell was arrested for breaching a harassment order.
- It was alleged that he was aggressive towards the police and spat at them. He was assessed at the police station.
- On interview he had pressure of speech, delusions about his neighbours and the police and housing ganging up against him.
- He denied drug use.
- He said that does not have a mental disorder.
- The

### **FORENSIC HISTORY**

- Nil known.

### **RISK HISTORY**

- According to the Risk Assessment on RIO notes Mr Cordell had expressed suicidal thoughts in the past. This was related to stress from court cases.
- The date is not stated in the Risk Assessment.
- Around that time, he said that he had researched ways of harming himself (poisoning, OD, hanging).
- He had said in the past that he tried to hang himself aged 16 when he was in a young offender's institute.
- He had said that he needed resuscitation.
- He tried to hang himself a second time after he was sentenced by a judge aged 20.
- He had said that he drank Nitrous Oxide in **2014** with intent to die.
- According to his Risk Assessment he was regularly a victim or witness of his father's violent behaviour.
- There are recent reports from the Council regarding alleged aggressive behaviours towards other residents.
- In June 2018 he was apparently involved in court case with the neighbours who he apparently threatened to harm.

**VIEWS OF FAMILY**

- I telephoned Ms Cordell on the 7th of November 2018. Ms Cordell told me that neighbours have been "terrorising" his son since **2014** in particular a neighbour on the 2nd floor.
- Ms Cordell told me that whilst her son is in hospital her nephew has been staying in the flat to look after the dog.
- The nephew has reported that the occupier on the 2nd floor have been "banging" on the floor.
- She said that the neighbour then realised that her son is not in the flat when they saw the nephew coming out of Mr Cordell's flat.
- She told me that since the **26th of October** the "banging" has stopped.
- She said that she has complained about the neighbour herself but thinks these situations are misinterpreted by the council and the mental health services and her son is then seen as the perpetrator and or being mentally unwell.
- Ms Cordell stated that the sound proofing is lacking, and the noise is real.
- Other neighbours have made allegations that Mr Cordell has been aggressive towards them.
- She said that there is no evidence of this; police have seen CCTV and found that her son had not left the flat at the time when these incidents were alleged to have happen.

- He is in receipt of Employment Support Allowance but needs to make an application for Personal Independent Payment.
- I asked her if she thinks her son has a mental illness; she told me that he suffers from stress and anxiety due to issues with the neighbours but does not think he has a mental illness.
- She said that the judge looked at evidence and did not grant a warrant in October 2018 for a mental health act to take place at her son's flat.
- I asked Ms Cordell if she thinks her son could benefit from support from the community team.
- She said that he could do with some support but "we should stop labelling him as being delusional as he is not delusional".

**AFTER-CARE**

- Potentially Mr Cordell care/treatment would be delivered via the Care Programme Approach.
- I am the allocated Care Coordinator, and he will have a responsible clinician in the community.
- My role would be first of all to build a relationship with Mr Cordell as I have only met him on 2 occasions.
- I will try to motivate him to engage with myself and the multidisciplinary team.
- As his Care Coordinator I will review Mr Cordell regularly independently and with the Community RC.
- We have a Team Clinical Psychologist, and it would be vital for Mr Cordell to have some form of talking therapy. This is on the basis of the stress and anxiety that his mother states he suffers from.
- We have a Dual Diagnosis Worker in the team who could offer drug counselling if necessary.

Dear Ms Ryan,

**Mr Simon Cordell, 109 Burncroft Avenue, EN3 7JQ**

Thank you for your recent enquiry, which I forwarded to my officers in the Community Safety Unit Anti-Social Behaviour team.

I can confirm that the Anti-Social Behaviour Team is aware of the ongoing issues between Mr Cordell and his neighbours. Your enquiry has been added to the Anti-Social Behaviour database (Case Reference 17834) and passed to Anti-Social Behaviour Coordinator Lemmy Nwabuisi to investigate.

I have liaised with Mr Nwabuisi and have been advised that the council was granted an interim injunction with a power of arrest on **9th January 2018** because of reports of anti-social behaviour and harassment made against Mr Cordell by some of his neighbours. The injunction was discharged at a hearing at Edmonton County Court on **9th August 2018** following a mental health assessment report that concluded that Mr Cordell did not have the mental capacity to litigate or understand the terms of the injunction.

Mr Nwabuisi has also advised that there is no court decision whereby the Judge stated that Mr Cordell is entitled to a 2-bedroom property so that his career, his mother, has a spare room to sleep in. He advised that Mrs Cordell informed the Judge at the hearing that her son requires a 2-bedroom property and the Judge asked the council to consider her request, however the Judge did not make an order that Mr

|  | <p><b><u>JURISDICTION. PRELIMINARY AND PROCEDURAL MATTERS</u></b></p> <p><b>1.</b> The tribunal is satisfied that it has jurisdiction to consider this application.</p> <p><b>2.</b> The solicitor for the patient sought permission to submit a 6-page document from Mrs Cordell, the nearest relative. The solicitor indicated that the document expressed the nearest relative's views-and those of a cousin the panel considered the request and noted that Mrs Cordell's views as regards her son's detention and the housing problems he has experienced were fully reflected in the social circumstances report provided. The panel would also allow her to speak at the tribunal hearing if she wished to do so. In those circumstances, we did not accept the submission of the document.</p> <p><b><u>GROUND'S FOR THE DECISION</u></b></p> <p><b>1.</b> The tribunal is satisfied that the patient is suffering from mental disorder or from mental disorder of a nature or degree which warrants the patient's detention in a hospital for assessment (or for assessment followed by medical treatment) for at least a limited period.</p> <p><b>2.</b> The tribunal is satisfied that the patient's detention as aforesaid is justified in the interests of the patient's own health or safety, or with a view to the protection of other persons.</p> <p><b>3.</b> The tribunal does not consider that it is appropriate to discharge the patient under its discretionary powers.</p> <p><b><u>REASONS</u></b></p> <p><b>1)</b> Mr. Simon Cordell is aged 37</p> |  |

#### **Preliminary and Procedural Matters**

- 1+ The tribunal is satisfied that it has jurisdiction to consider this application.
- 2+ The solicitor for the patient sought permission to submit a 6-page document from Mrs Cordell, the nearest relative.
- 3+ The solicitor indicated that the document expressed the nearest relative's views and those of a cousin.
- 4+ The panel considered the request and noted that Mrs Cordell's views as regards her son's detention and the housing problems he has experienced were fully reflected in the social circumstances report provided.
- 5+ The panel would also allow her to speak at the tribunal hearing if she wished to do so.
- 6+ In those circumstances, we did not accept the submission of the document.

#### **Grounds for the Decision**

- 1+ The tribunal is satisfied that the patient is suffering from mental disorder or from mental disorder of a nature or degree which warrants the patient's detention in a hospital for assessment (or for assessment followed by medical treatment) for at least a limited period.
- 2+ The tribunal is satisfied that the patient's detention as aforesaid is justified in the interests of the patient's own health or safety, or with a view to the protection of other persons.
- 3+ The tribunal does not consider that it is appropriate to discharge the patient under its discretionary powers.

medication.

- 4+ Mr Cordell presents with a number of persecutory, paranoid thoughts in relation to his beliefs that the police and his neighbours are in some way targeting him.
- 5+ Mr Cordell also exhibits thought disorder and some tangentiality in his response to questions posed.
- 6+ The professional evidence argued that the nature and degree of the mental disorder warranted the patient's continued detention of assessment which is justified in the interests of the patient's health, safety and the protection of others.

**The patient's view**

- 1+ Mr. Cordell was polite and courteous towards the panel.
- 2+ He told the panel that he did not accept that he has a mental illness or any need for medication.
- 3+ He said he experienced anxiety and distress at his accommodation.
- 4+ He indicated that the 48 allegations between 6.7.2016 and 2.10.2018 set out in the medical report from an Enfield Council Report regarding concerns and breaches of his tenancy agreement were all fabricated.
- 5+ He did not accept that he was in any way at fault.
- 6+ He repeated on several occasions that his neighbours had submitted a litany of complaints to council officials about him in order to undermine his occupation of the premises.
- 7+ He said that he has been stopped from organising festivals and had set up a website to air his frustrations about his perception of the injustice of his treatment.
- 8+ He told the panel that he would remain as a voluntary patient

**The nature and degree of the mental disorder**

- 1+ As to the nature of the mental disorder, the

patient's illness appears to be a chronic illness which has persisted for some time.

**2+** It is unclear as to the patient's response to treatment as yet.

**3+** Mr Cordell told the panel that he did not take the psychotropic medication prescribed following his last discharge in **2016**.

**4+** The clinical team have sought the first recommendation for Section 3 and intend to commence treatment with psychotropic medication in due course.

**5+** Mr Cordell displayed no insight into his mental health difficulties and sought to minimise his actions prior to the current admission.

**6+** As to the degree of the mental disorder, the patient's evidence was tangential, guarded and there was clear thought disorder.

**7+** Dr Greensides told the panel that he had looked at Mr Cordell's website which indicated the presence of thought disorder.

**8+** The panel asked Mr Cordell about a telephone conversation with Mr Appadoo which is detailed in the social circumstances report; the patient is alleged to have used foul and threatening language throughout the conversation.

**9+** Mr Cordell did not dispute the telephone conversation and sought to minimise his actions stating that the content was out of context.

**10+** He was unable to contain his thoughts on the question posed as to whether, reflecting on the matter now, he thought his response was inappropriate.

**11+** The nursing evidence in contrast to the panel's observation, indicated that the patient has not exhibited any psychotic symptoms.

**12+** On a positive note, there has been some improvement in the patient's presentation overall as he is no longer challenging, irritable or confrontational.

**The detention is justified in the interests of the patient's health, safety and the protection of others**

- 1+** As to the patient's health, the professional evidence indicated that psychotropic medication is to be commenced and the patient's response to treatment is to be monitored.
- 2+** The clinical view is that a period of treatment is now required to address the patient's psychotic symptoms.
- 3+** The clinical view is that the patient is unlikely to engage as an informal patient and a previous attempt at treating the patient in the community was unsuccessful.

**73**

- 4+** As to the patient's safety, there is historical information that Mr Cordell has attempted to self-harm in the past.
- 5+** This is not a current concern.
- 6+** Mr Cordell's difficulties at his accommodation may pose a risk of eviction.
- 7+** However, further clarification is required during the period of the assessment on this point.
- 8+** There is a potential risk of retaliation from others when he is behaving aggressively towards others.
- 9+** As regards the protection of others, Mr Cordell has entrenched and longstanding views and there have been incidents of aggression involving his neighbours, council officials, and the police prior to admission.
- 10+** He showed little capacity for self-reflection or remorse during his evidence when he was questioned about his telephone interaction with Mr Appadoo.
- 11+** We note that the allegations of physical and verbal altercations with his neighbours were relied upon to obtain an order for an injunction as recently as the 9.1.2018 which was later discharged in July 2018 due to the patient's lack of capacity to understand the

conditions of the injunction due to his psychotic illness.

**Our conclusions**

- 1+ We accept the clinical evidence as to the nature and degree of the mental disorder.
- 2+ We have no doubt that there is some element of neighbour dispute; however, Mr Cordell's response to such triggers appear to be rooted in a mental disorder which will need to be assessed during this admission.
- 3+ We also accept that the detention is justified in the interests of the patient's health, safety and the protection of others for the reasons set out above.

**Exercise of discretion**

- 1+ There were no special features of this case which persuaded us to exercise our discretion to discharge.

**Statutory criteria**

- 1+ The grounds and statutory criteria are satisfied. The section is upheld

|  | <p>call regarding the person who lives at 113 a person that knows us and also Ambrose from 113 stated that Simon had beat him up, then that changed to a person who had been staying at Simon flat beat him up. And that now due to this people was going to come and beat us up. Then it changed again to the person who beat Ambrose from 113 up come from my sons flat. Until today I have not wanted to say anything but I think this is going too far now. I could say a lot more but I feel it is pointless as you have done nothing with anything I have said. Since Ambrose has moved in the main door lock has been ripped out and there is drug taking in the block on the level of 113 and people coming in and out of 113 at all times which I do have a few pictures off people taking drugs. After our meeting I went to Simon flat to check on it and put gas and electric on as the Electric had run out, as no one is staying there. This is not the 1st time we have been threatened by 113 and his friends for something we have not done or my son has not done. I have been told that Ambrose is taking drugs but do not know how true this is as it is from a 3 person. When I got home and spoke to the person who called me it seems Ambrose was badly hurt and I believe stabbed. This has nothing to do with my son or my family and I believe now Ambrose is aware this had nothing to do with us or my son, but I am sick of everything being blamed on my son, and the phone calls we get when something goes on in the block. I believe there is a lot Enfield Council is not aware off, and are turning a blind eye just so the blame can be put to my son. I have now seen the reports you have put into the MH services so have this in black and white now so it cannot be said it is not come from you. I will be talking to the MH tomorrow regarding a letter relating to a 2-bedroom property and would like my son moved as soon as possible. I do not think it is right you are trying to get my son to remind in hospital by what is being passed to the MH services via Enfield Council this needs to stop the worst part is that it is incorrect information, which can be proven. There is more I can say but I feel there is very little point as really all Enfield Council has wanted to do is blame my son for everything. Without not one meeting</p> |  |

that consent has to be given. Simon talked at length about his experiences of being victimised by the police when asked about reason for arrest. He reported injustices about forged statements, curfew being in place since **2014** which included any area apart from a residential area. He admitted the police believed he had spat but denied doing this. There seemed no evidence of thought disorder. There was some pressure of speech which appeared to be linked to his anxiety that he could be detained under S3 and his need to give us as comprehensive version of his situation in the shortest possible time. No ideas expressed of intention to self-harm ideas or of suicidality. Mother backed up all of his assertions about neighbours making noise. Cousin Jerome claimed to have heard the noises in the flat which he reported stopped once he considered the neighbours in flat above saw him leaving the property and he felt they stopped making noise from then. Denied having any mental health issues but agreed to remain in hospital as an informal patient and would consider taking medication providing, he is seen by a second opinion doctor. It is reported that a referral has been made for a Forensic Assessment by the Care Coordinator and this should be followed up. Dr Rao did not make a recommendation for detainment under S3 as she did not feel the criteria was met as she was not in a position to refute the evidence that Simon gave. No evidence of Simon presenting a risk of harm/safety to himself or others, no obvious risk of neglect.

#### **Conclusion**

He does not accept that he has a mental illness but is willing to stay in hospital so that, in his own words, "Dr Greensides can get to know me better". Simon will be willing to take medication if a doctor giving a second opinion can justify the need to him. Simon was encouraged to cooperate with Dr Greenside and the community team when discharged.

#### **Outcome**

Simon is not detained under S3 but remains subject to the conditions of S2 until it's expiry unless Dr Greensides completed a S23 form to discharge him from section 2.

I said that I did not see any value for the ward to keep him as he is adamant that he does not have a mental illness and he has constantly declined medications. She said that Simon wanted to build up a relationship with the ward? She also mentioned that I have said that I will help Simon with housing issues; I clarified that I at no point have I said this but what I said that if Simon agrees to engage with CC in the community, I am more than happy to talk/listen to him. I reiterated that his housing issues does not fall under the remit of the Community Mental Health Team and that he/should liaise with the Enfield Council directly and/or challenge the eviction via the courts. Hi Alev

Further to your enquiry regarding Simon Cordell.

Please see the update below from [Debbie Morgan](#).

SC was discharged from hospital on **15/11/18** having been detained under the Mental Health Act for the purpose of assessment of his mental health. SC did not believe he required to be in hospital or wish to accept the proposed treatment that was offered.

[As there is insufficient grounds or risk for further detention or to take any further intrusive measures against his will](#), he has been discharged.

SC does not believe he has a mental illness that requires him to take treatment or to maintain on-going engagement with mental health services.

[He appears disappointed with services in which he perceives to have received from both housing and metropolitan police believing he is being targeted for things he has not done.](#)

[His assessment has not elicited he has care needs warranting supported accommodation or a package of care to sustain independent living as he can be adequately supported through universal services.](#)

He presents with adequate daily living skills and can live in general needs housing.

[He appears to be young man who has particular beliefs, which may lead to him having differences in opinion with others, which may impact on relationships with others; particularly those in positions of authority.](#)

His mental health/psychological state therefore remains fragile; however, the risk is not such that he can be forced to engage with services.

**4315,**

He was offered follow-up by mental health services in the community to which he declined, although agreed the he can be contacted by nurses from the ward to check on progress following discharge.

He has been allocated a care coordinator (Soohah Appadoo, North Locality Team - 0208 379 4142) who will continue to try to engage him to build a relationship.

SC describes his main presenting need to be that of his relationship with particular neighbours within his block, whom he believes to be intentionally causing him a nuisance by way of making noise, and reports feeling disbelieved and unfairly treated by the housing department and police.

He therefore wants to be moved from his current accommodation.

His mother approached the ward Consultant for a supporting letter to provide housing for a 2-bedroom property citing she is his main carer. As there is no evidence to suggest SC requires to be looked after due to having care needs requiring a live-in carer her request was declined, she was advised to suggest housing put their request in writing should this be housing's request. Mental Health would support relocation to alternative accommodation to reduce further tensions between the residents within the block.

Hi mother advised that SC has/or is in the possess of eviction, and that he was discharged from hospital with no support which does not seem to be the case. Support has been offered which has been declined and will continue to be offered to assist in managing the current situation or avoid and/or mitigation a situation of eviction.

Dear Basit, Soobah,

I hope you are well. I'm just following up on the discharge of the above. It is a shame that it was not possible to start treatment in him but I see that a concerted attempt was made. I have put a note on RiO. I note that Simon was documented to be thought disordered and to experience delusions but to be refusing to take treatment or to see a psychiatrist in the community following not being detained under s3 MHA. He was referred for a forensic assessment but of course we have no additional powers to compel him, so it is difficult for us to add more in the immediate aftermath. We have not closed the referral made to us. Although it seems unlikely that Simon would agree to attend a forensic assessment given the above, I wonder whether the most helpful course of action to take would be to suggest/arrange a professionals' meeting, involving Enfield Housing and also a representative from the Police (perhaps the officer in the case in relation to

Complaint 05/12/**2018**  
On behalf of Mr Simon Cordell of

Enfield,  
EN3 7JQ  
I am writing this email due to issues I have regarding  
a member of staff who works for Enfield Council by  
the name off Mr Lemmy Nwabuisi the Anti-Social  
Behaviour Coordinator, since **2016** when Mr Lemmy  
Nwabuisi the Anti-Social Behaviour Coordinator  
started working for Enfield Council he has been  
working on investigations relating to my son Mr.  
Simon Cordell. In this time not once has Mr Lemmy  
Nwabuisi the Anti-Social Behaviour Coordinator,  
come to see my son's side to the alleged allegations  
regarding what the neighbours have put in about my  
son. Mr Lemmy Nwabuisi the Anti-Social Behaviour  
Coordinator has taken one side to these said alleged  
allegations without no investigations,' Mr Lemmy  
Nwabuisi it seem has taken one side to everything  
that has been said and that is the side of the

neighbours, Mr Lemmy Nwabuisi has been told many times we have information which would proof my son had not done things which have been stated by the neighbours Mr Lemmy Nwabuisi the Anti-Social Behaviour Coordinator knows my son does not leave the flat he was told this, and also told that if he wanted to attend a meeting with my son he could do so with police there to have a meeting to hear my son's side, he has never got back to me regarding having a meeting at my son's home because he never wanted to, which I am sure if someone is a vulnerable person where was the duty of care where has it ever been for my son?

I believe Mr Lemmy Nwabuisi the Anti-Social Behaviour Coordinator just through to himself that my son is in the wrong he is a vulnerable person I will put pressure on him and get him out without even thinking there is 2 side to anything. And just blamed my son without even talking to him this is how it has been since Mr Lemmy

**4386,**

Nwabuisi the Anti-Social Behaviour Coordinator starting working for Enfield Council. I also feel Mr. Lemmy Nwabuisi has taken information and not relayed it back correctly many times regarding my son's health even to the courts. Information is being passed and obtained relating to my son which should never have been passed to 3 parties or used, how can this be allowed. There are many other points and failings which have been allowed to happen and this needs to stop. I will be drafting up a full complaint of failings and submitting it but this will take a while to draft up as I have got to go back some years. Mr. Lemmy Nwabuisi also had my son arrested on the 09/01/**2018** and even though we asked many times, even my own son's solicitors could not understand why he was the person still investigating my son. When his case was part of the court actions being taken against my son by Enfield Council this is against the law that someone is investigating something within their own case and it beaches many other things. At this point in time I want Mr. Lemmy Nwabuisi taken off dealing with anything to do with my son or related to him, I feel he

has not done acted correctly and feel he has not investigated anything which would prove my son has done nothing wrong and only wanted to blame him for everything, I have asked this before and heard nothing back regarding this. But it has got to the point in time that this needs to happen. Could someone please get back to me as soon as possible regarding this?

Please see my reply to the Trust Response regarding Mr. Cordell's information, included in the reply is a new complaint dated 28/11/**2018** as it seems the investigation that was done has not worked and data is still being shared incorrectly regarding my son. I have included the MP in this email so she can keep updated with what is going on.

Dear all,

Happy New Year.

I wonder if I could email about Simon Cordell?

He has remained administratively open to the forensic outreach team for consultation if needed, in case it was possible to contribute to a professionals meeting about him if needed. Where are things up to? Are we able to close his referral to us if there is no current contact with services?

 Dear Simon,  
 I hope this letter will find you well.  
 It is unfortunate that you could not attend your appointment on the 4th December at Silver Street. I understand that you have recently been served with a possession order of eviction and I was wondering how we could assist you. I can assure you that we are not advocating for you to be evicted from your flat; we are not supporting this.  
 I appreciate that it could be difficult for you to seek help from mental health professionals but we could try to help you if you meet with us to discuss the current issues.  
 I am therefore offering you an appointment to see me and your new Consultant Psychiatrist, Dr. Antonio Albanese. This appointment will be at Silver Street at the above address on **Monday the 4th March 2019 at 3.00pm.**  
 You may ask a family member, perhaps your mother to come with you if this is helpful for you.  
 I trust that this date/time is convenient for you and we look forward to seeing you. Please do not hesitate to contact me if you need to.  
 Sincerely  
 Soobah Appa Care Coordinator

Re: Mr Simon Cordell

Dear Simon,

I am sorry it has not been possible for me to meet you in person. You did not attend appointments with me at Silver Street, nor did you allow me and your Care Coordinator Soobah to enter your property when we recently came to visit you.

Soobah and I would like to see you with a view to ascertain whether there is anything that our team could offer to support you. I therefore encourage you to make contact with us at the number above to book such appointment at you earliest convenience. Should you choose not to do so, we will assume you don't require our support and we will consider a discharge from our team back to the care of your GP. In the meantime, should you feel you need it, please contact the Duty staff on the above telephone number between 9am and 5pm and the CRHTT on 0208 702 3800 between 5pm and 9am if there is a crisis.

Yours Sincerely,

Dr. Antonio Albanese Consultant Psychiatrist

(70) 15/07/2019,

Mother made a phone call to me at the time of 16:00 and told me that **the doctors are coming to my house again to do another assessment** on me for my Mental Health I told her that this is wrong and that I do not trust her anymore due to hearing her talk to the police outside of my front door “BT-DAY” man day.

I pulled the doctors letter out that I have been receiving since Soobah came to my front door the other day, to see what they said and when checking them they all said that it is up to myself whether I go to see them for any support I choose not to as I understood that what the doctors had being doing to my self was illegal alongside unmoral. For an instance if I was a venerable adult as the doctors have been trying label myself even low, I am not then they would have abused myself and their position as medical practitioners.

When thinking back of what my mother had said to me about the doctors coming to mine again, I released the following:

Waiting for the doctors to come to my home again the next day.

(71) 16/07/2019,

**The Doctors Came to my Home to do an Assessment on me again.**

I heard my “Atomic Alarm Clock” on my Pc set its Siren of at eight Am as planed but somehow some way I lent over and turned it off and never got up, I think I left the mouse to control the pc to close to my hand.

I heard a knock at my front door and jumped up. When I asked who it was, I heard the reply of my uncle’s voice and I can remember thinking to myself thank god for that! When rushing to open the front door I hurried and put my clothes on that I had pre paired the night before.

|  | <p>After a few minutes my uncle was in the house<br/>We both had a short chat until, uncle checked the time.</p> <p>At the time of 10:35 my uncle wanted to see what had held the doctors up and decided to go outside and see if he could see any of them, I stayed inside of my flat while he did this. Uncle soon afterwards came back into my flat and told me that the doctors were sitting on the wall at the end of the road to the left as you walk outside of the block of flats that I live in.</p> <p>I pressed record on the recording equipment in side of my home so to have the assessment on recording. We waited some time and no doctors found their way to my front door.</p> <p>As the time disappeared by, I spoke to my uncle and said that I am going outside to see what is going on, as I left my flat I picked up all of the Haringey and Barnet / Enfield NHS letters that I had recently received and made my way out to the doctors. When I walked out of the block of flats front door, I took a look to my left and focused on were the doctors were.</p> <p>I noticed that they were a group of people, some standing and some sitting down on the side of a wall. I never counted how many because my uncle had already told me a roundabout number of six people. From looking at them all together I could tell that they were the doctors.</p> <p>I spoke in a voice that was not over powering but fair to be heard by the group.</p> <p>What I said was, why are you all sitting out here. Come in to my house I am waiting to record the meeting, I showed the letters in my hand that I had brought with myself from inside of my home and showed them high in my right hand while continuing to speak.</p> <p>The doctors acknowledged me and continued to hover around the same location to what I had seen them in from the start. I said to the doctors this is malicious proses alongside with malicious prosecution.</p> <p>I pin pointed out my so-called care coordinator out of the group "Soobah" and headed towards them all.</p> |  |

|  | <p>Once with the doctors, Care Coordinators, Amp Works, I told them all that this is:</p> <p><b>1)</b> Out of order.</p> <p><b>2)</b> I started to explain common sense about the Dates of occurrences with themselves and or colleagues and introduced the letters raised high in my right hand. I told Soobah who I had pinout of the group “you sent me these letters with a doctor called Antonio.</p> <p><b>3)</b> I explained that I have never even met my care coordinator other than once in my life and that time was at my tribunal at Chase farm Hospital – Mental Health Department Dorset<br/>As noted in Soobah’s own<br/>“Social Circumstances Report for S.C Rio no 11214451 on Section 2 of the MHA 1983/2007”</p> <p><b>4)</b> I have never been diagnosed with a mental Health Illness but always get referred to Mental Health by bent police officers and the council corrupt staff inclusive of unmoral doctors or Mental health Workers, trying to avoid disciplinary actions against themselves and or colleagues.</p> <p><b>5)</b> Soobah “Social Circumstances Report for S.C Rio no 11214451 on Section 2 of the MHA 1983/2007” was maliciously forged which is a criminal Act of law “Fraud 2006” + “Fraud under the company Act 2006”</p> <p><b>Finally</b>, I got fed up of warning the doctors of their own negligee and gross Misconduct and headed back into my home were my uncle still was, When I got back inside it took a few minutes and I heard my communal front door open. |  | <p>I noticed that he had a writing book with him. At one point in our conversation I think when I was looking at the book Uncle Andrew started to explain what it was and why he had turned up with the book to my home in detail to me.</p> <p>He said that after yesterday he talked to the doctors on the phone again and what he had one was document everything down.</p> <p>I asked if it was ok to get a copy of the pages and if he knew the doctor's names alongside with the rest of their crew.</p> <p>He said that he had been speaking to one of the AMP workers who had been outside and knew his name only. Uncle also commented by saying that it will be ok for me to take a copy of the work.</p> <p>He showed me a form and said that it was a release form, in relation to releasing my personal information with authorisation to him and asked me whether I would give him consent. I agreed that this would be ok if he could explain to me why I should and I also agreed with his reason.</p> <p>He told me that what the doctors are doing to me is wrong i.e. illegal and that they had told him that they were now going to try and get a warrant under the Mental health Act 1963 to gain access to my premises with the police.</p> <p><b>(73) 18/07/2019,</b><br/> <b><u>I made a phone call to</u></b> my mother once I had gotten up and sorted out my home and so forth. What I did ask her was does she understand whether or not the doctors are coming to my home with a warrant under the Mental Health Act 1963, she replied and told me as she understands no doctors are going to be issuing a warrant at the moment even though they wanted to because uncle Andrew has spoken to them. If the doctors do issue a warrant, it will not be until Monday or Tuesday.</p> <p>I asked her next why would that be so if a warrant under the mental health Act "A Section 137" is for emergency problems. So, if that was so, why wait another week seven days to execute one.</p> <p>Mother had no answer for me.</p> | <p><b>73)</b> On the <b>**/**/20**</b> it is said that</p> |

Next, I questioned her in regard to a M.O for Tuesday a bit more. What I said was are you sure that the doctors are not waiting because of my front door not being fixed until the 19/07/2019, Mother had no reply.

We ended the conversation.

I heard my mobile ringing at the time of 02:10, when looking at the display screen I see my mother's telephone number and picked up the phone.

I was not to shocked to hear what she said to me next. My mother told me that she had just received another email in regard to the Enfield Council and the possession orders that they keep on putting onto me with malicious prosecution.

The Email Stated that the Enfield Council want to re-open the same old cases again that I have won time and time over again. I asked mother to send me a copy of the email and attachments, she agreed to do so.

By the sounds of all that has been explained to me again over the last few days it seems that the police are happy to continue to let any person violate my Syble liberties and Human Rights, while they continue to evade justice for the Asbo being made from fraud alongside with the council who created it as well.

The Enfield Council intend to make me not to be allowed to be homeless due to the Asbo conditions and then afterwards continued to create frauded documentation and produce it to the courts of the land and law to also take possession of my home.

They all allow other members of the public to act against my person with criminal activities. While involving the doctors to get involved to cover up all that has been done wrong to myself by undermining me and demoralising my liberties of Rights.

Year, so, as a cover up they all want to get me and put me on loads of medication to stop me writing this report about what they do to me on a day-to-day basis.

Mine and my mother's phone conversation came to an end and I continue to document all down.

is I wanted to understand for what reason they wanted to speak to me, I received a reply of the Female police officer who replied to my question by saying that she just wanted to chat to me about something, I can remember replying to her by saying I can chat to you still without opening my front door and in blunt saying to her please can you just explain to me what you want, she said that she just wanted to give me some paperwork and did not want to arrest me for anything I again replied to her in a deeper voice and told her that I will not accept anything from them.

I held my letter box closed so that no mail could enter inside of my flat from the police officers who were outside. Soon afterwards I heard them both leave my communal hallway. When I was sure that they had left the building, I opened my front door. I took a look on the floor and noticed that there was a letter left on the floor.

After picking it up I took a short peek at the heading and realised that it was another Harassment Letter against my person in Knowing that I never done anything wrong again so to be able to receive such a notice in a fair motion.

I Decided to question the police officer who had tried to post the letter through m front door.

In doing so I quickly run outside of my front communal door and looked around the streets locations to see if I could still catch up with the two police officers.

I noticed them both to my left when coming out of my building still walking towards their police car, so I called out to them in a polite manner / not to load or neither hash in voice.

The police officers turned around towards myself and asked what I wanted, I replied to them both I just wanted to chat to them about what has been going on and as I was doing so I hurried towards them but in a settled manner, as I approached them I took my time as I chose my words and because of this I can remember what I said, what I did say was after noticing that they were both were body cameras and went a little something like this: --

**Woman Police Officer:**

I am only here to deal with giving you a harassment letter.

**Simon:**

year, but what I am saying to you has to do with that harassment letter, this is bios.

**Simon:**

"I took the harassment letter that the police officer had left outside of my front door and decided to tear it up in front of them both and as I done this, I made a spitting sound and said well that's what I think of the way that the police deal with their laws. I done this as I was turning around to walk back towards my home."

**Woman Police Officer:**

The female Police Officer shouted out he spotted at me.

**Simon:**

I noticed a male's arm go around my neck and start to choke me from behind I could feel the man's weight on my back trying to bring me to the ground and after a few seconds I felt him become successful in his ambush against my person I can remember felling my hand and knees hurting me as the hit the concrete floor. I can remember finding it getting harder and harder to breath and with what felt like my last breath I managed to make a voice in the formation of a screech the words that came out of my mouth were that of "you are choking me."

**Woman Police Officer:**

The woman officer continued to try and get my hands while she continues to scream that I was still spitting even more so than from the start of their unneeded issues of concern with me.

**Simon:**

I can remember thinking he is going to kill me if I do not stop him and his bad temper, and in realizing so, I remembered the police body cameras were still recording so choose to take caution in doing so, what I did was stand up and run away from the two police officers. I run into my block and felt them hot on my toes I closed my communal door and reminded the polices officers of my dog by shouting my dog my dog my dog be careful my dog.

**1 Falcon Park, Neasden Lane; NW10: --**

On the 20<sup>th</sup> of June **2014** it got alleged by members of the police that I got involved in the organisation of and/or supplied equipment for and/or attended an illegal rave at 1 Falcon Park, Neasden Lane, NW10. This is not accurate information as the truth is that I had gotten contacted by way of mobile phone by a client, and he asked me if I would hire a sound system out for a gentleman's, birthday party. After our conversation I agreed to do so, and a sound system and a van got hired out to that person and then later collected from outside of my home address.

My terms and conditions got signed, and a deposit got given to me by the client.

Once the client left me, I continued with my day and then went back to my home.

When at my home, I ended up receiving a phone call at 1:00 hours in the morning by the same client who said that the police were in attendance, and they were seizing the sound system. I remember getting up from what I had prior gotten occupied with and leaving my home address at around 1am hours, so to attend to the private party location, which took place indoors.

Then soon after I arrived at the client's destination, at around the time of; 2:00 hours, I would claim that I took one hour and ten minutes to attend to, as I drove outside of the address that I had to be at so to park my car I can remember there being lots of different members of the police who were already present. When I approached to the address front door on my two feet, to which address I got given by the client, the police were there blocking any persons entrance, so I spoke to the police officers and explained to them by circumstances, this meant that I showed them a copy of the higher invoice and a copy of my terms and conditions of hire, I got allowed entry by the police officers who were present to pack the sound system away and once I finished doing this, I asked to get released with the equipment, it then got explained that the equipment was to get confiscated.

|                                       | <p>After a lengthy, debate, I had no option but to allow the police officers to seize the equipment, I got allowed to collect the sound system from the police at a later date, without being arrested or any charges being brought into motion. This meant that I never returned the sound system to the same client ever again as he breached my terms and conditions and at no time did, I knowingly supply equipment for an illegal party. A few months later this date got added to the Anti-Social Behavior Order against me, even low I caused no problems.</p> <p><b>Evidence: --</b></p>                                                                                                 |  |

**What had happened on the 25/10/2018? --**

What had happened is that the doctors from Silver Street Crisis Team had made a telephone call to my mother in the morning of the

**25/10/2018**

I never found this out until later in the evening as I had left my mobile phone turned off from the night before hand and also due to my mother having to go to another court case in **Oxford on the same Morning.**

While indoor I received a knock on my front door when I went to see who it was, I heard a reply of it is the doctors we want to speak to you about your mental health, I was quite shocked for the doctors to be at my front door again after all that had happened as of so far between me and them self's.

Because I never knew they were coming I never rushed and tydeid up my flat when first waking up and on stead had started work on my computer.

When speaking to the doctors with my home front door closed at first, I heard a man's voice say hello Simon we are the doctors, and we want to do an assessment on your Mental Health under the Mental Health Act 1983.

I decided not to open my front door at first and to find out more to why they believed they had the rights to do yet again another assessment on me by speaking to them with the door keep shut.

They would not explain much to me and all preferred to walk away.

I waited for them to go out the door and tried to call my mother, but her mobile phone was turned off.

I approached them and asked why they keep attending my home address without any official person ever taking a statement of myself about what I claim about on stead of victimising me and then on doing the correct follow-up's.</p> <p>The official public servants outside of my home said the normal reply to myself by this date and that was "we got referred to you"</p> <p>I explained that some person must do the correct follow ups about what I claim about for once and then these fake claims against me might stop.</p> <p>The doctors said to me that speaking outside in the road will not help, so I offered for them to come inside of my flat and do their assessment yet again against me.</p> <p>The doctors accepted my offer and followed me into my flat.</p> <p>Doctor Abiza Came into my front room of my flat</p> <p>After the doctors left my home, I made a few telephone calls to understand who sent them and put an official complaint in about what had just happened.</p> <p><b>I recorded the recordings of myself making an official complaint to the Mental Health Act's Department at the Silver Street Department and this is the transcribes of them recordings: --</b></p> <p><b>Back to the Date of the: 00/00/2018, "At the Police Station.": --</b></p> <p>Because of what happened to me the last time with Maggie Fuller who is an Amp Worker for the NHS Mental Health trust,</p> <p>Dated the: <b>25/10/2018</b>: --</p> <p>I understood the situation that I was in with the public servants on the <b>25/10/2018</b>, so, I started to show why I must not get detained and in other words "put my defense forward to the doctors.": --</p> <p><b>1) That I was not Mentally ill.</b></p> |  |

Mr. Simon Cordell

**My reasons for my opinions are: --**

Mr. Cordell is known to psychiatric services but has not engaged with them in recent years. Today he was arrested for spitting at a police officer after they were called about him harassing his neighbors.

He has a number of non- molestations orders

Against him, forbidding him from contacting them.

On examination Mr. Cordell displayed a range of affective and psychiatric symptoms.

He Spoke rapidly and was thought disordered with overinclusive and tangential speech.

He held a number of grandiose and delusional beliefs.

He told us that the police were conspiring with medics and the council to silence him as he had uncovered police corruption.

He said he was targeted by police as they were envied of his abilities.

11:15am Communal door to flat had been broken and closed with tape which opened easily. Simon's flat, 109 is on ground floor and door was closed and had a strap fastened to bottom of door as well. After knocking Simon asked who it was and when told "A social worker from Enfield Mental Health services" he said that he did not wish to see me and to go away, he talked rapidly about being subjected to **75 assaults at the hands of mental health** services and that he has **documented evidence and is taking action**. Claimed he would make us all redundant. **He warned us to leave**. A dog could be heard barking behind the door.

We left the block and gathered outside on the footpath to discuss plan. Shortly after Simon came out and approached as talking with pressured speech about his long battle with the police and legal system, how he is even now subject to a

It was difficult to follow his story but appeared to all relate to the organisation of raves and club nights. He recognised Dr Albazaz from a previous assessment and said that he was there and he did not like him. Gradually a level of rapport was established and it was suggested to Simon that it might be a good idea to continue the discussion in his flat rather than in a public place. He agreed to this and I asked him to lock the dog away he said he will lock it in the back garden. Prior to entering the flat I informed Simon that I am a trainee AMHP and myself and the 2 doctors with me will be conducting a Mental Health Act assessment. We then entered the flat which was very cluttered with musical equipment and stacks of books and records. On the coffee table was a modern Apple PC. There was no obvious smell of drugs only cigarette smoke. Upon entering the living room and the mention of the 2 doctors he pointed to Dr Albazaz and said that he will not talk to him and does not want him in the flat. I explained that we could not conduct the assessment without 2 doctors and that we would need to leave. He was very keen to show me things on his computer relating to conspiracies and torments that he perceives he is suffering but we left explain the assessment would need to happen at another time.</p> <p>Plan: <b><u>Apply for S135 (1) warrant in view of his unwillingness to be assessed.</u></b></p> <p>Would require removal to a place of safety for assessment.</p> <p><b><u>Plans to be made for care of dog if Service user is removed to POS.</u></b></p> <p><b><u>(5) 19/10/2018, Friday</u></b></p> <p><b><u>The Doctor's Folder / pub Book Issue: 1!</u></b></p> <p><b><u>Stage 4</u></b></p> <p><b><u>Folder 4</u></b></p> <p>Originator Details: 19 Oct 2018</p> <p>Last Amended by Details: 19 Oct 2018</p> <p>Laurence Ryan Social Worker</p> | <p>5) On the <b>**/**/20**</b> it is said that</p> |

I explained that we are today going to assess him under the MHA and that I wanted to consult with her. And that now due to this people was going to come and beat us up. Then it changed again to the person who beat Ambrose from 113 up come from my sons flat. Until today I have not wanted to say</p> | <p>7) On the <b>**/**/20**</b> it is said that</p> <p>8) On the <b>**/**/20**</b> it is said that</p> |

anything but I think this is going too far now. I could say a lot more but I feel it is pointless as you have done nothing with anything I have said. Since Ambrose has moved in the main door lock has been ripped out and there is drug taking in the block on the level of 113 and people coming in and out of 113 at all times which I do have a few pictures off people taking drugs. After our meeting I went to Simon flat to check on it and put gas and electric on as the Electric had run out, as no one is staying there. This is not the 1st time we have been threatened by 113 and his friends for something we have not done or my son has not done. I have been told that Ambrose is taking drugs but do not know how true this is as it is from a 3 person. When I got home and spoke to the person who called me it seems Ambrose was badly hurt and I believe stabbed. This has nothing to do with my son or my family and I believe now Ambrose is aware this had nothing to do with us or my son, but I am sick of everything being blamed on my son, and the phone calls we get when something goes on in the block. I believe there is a lot Enfield Council is not aware off, and are turning a blind eye just so the blame can be put to my son. I have now seen the reports you have put into the MH services so have this in black and white now so it cannot be said it is not come from you. I will be talking to the MH tomorrow regarding a letter relating to a 2-bedroom property and would like my son moved as soon as possible. I do not think it is right you are trying to get my son to remind in hospital by what is being passed to the MH services via Enfield Council this needs to stop the worst part is that it is incorrect information, which can be proven. There is more I can say but I feel there is very little point as really all Enfield Council has wanted to do is blame my son for everything. Without not one meeting without looking at one bit of Evidence we have and we do have real evidence which the police have seen why do you think my son was not arrested was it due to you thinking they just could not be bothered no it was if they arrested him it

Simon was assessed for further detention under S 3 in the quiet room on Dorset Ward with Dr Rao S12, Maggie Garrod AMHP, Larry Ryan Trainee AMHP, Lorraine Cordell, Mother, Jerome, Cousin. Simon was polite and appropriate. At the outset it was noticed that Simon had a mobile phone in his hand and was asked if he was recording the assessment. I informed him that he would require our consent prior to recording. He claimed that he had a legal right to do this. I asked the other professionals present if they objected and they did not. I reinforced with Simon that consent has to be given. Simon talked at length about his experiences of being victimised by the police when asked about reason for arrest. He reported injustices about forged statements, curfew being in place since **2014** which included any area apart from a residential area. He admitted the police believed he had spat but denied doing this. There seemed no evidence of thought disorder. There was

some pressure of speech which appeared to be linked to his anxiety that he could be detained under S3 and his need to give us as comprehensive version of his situation in the shortest possible time. No ideas expressed of intention to self-harm ideas or of suicidality. Mother backed up all of his assertions about neighbours making noise. Cousin Jerome claimed to have heard the noises in the flat which he reported stopped once he considered the neighbours in flat above saw him leaving the property and he felt they stopped making noise from then. Denied having any mental health issues but agreed to remain in hospital as an informal patient and would consider taking medication providing, he is seen by a second opinion doctor. It is reported that a referral has been made for a Forensic Assessment by the Care Coordinator and this should be followed up. Dr Rao did not make a recommendation for detainment under S3 as she did not feel the criteria was met as she was not in a position to refute the evidence that Simon gave. No evidence of Simon presenting a risk of harm/safety to himself or others, no obvious risk of neglect.

#### **Conclusion**

He does not accept that he has a mental illness but is willing to stay in hospital so that, in his own words, "Dr Greensides can get to know me better". Simon will be willing to take medication if a doctor giving a second opinion can justify the need to him. Simon was encouraged to cooperate with Dr Greenside and the community team when discharged.

#### **Outcome**

Simon is not detained under S3 but remains subject to the conditions of S2 until it's expiry unless Dr Greensides completed a S23 form to discharge him from section 2.

**Anthony Manning (AMHP)**  
**Larry Ryan (Trainee AMHP),**  
**Soobah Appadoo (Care Coordinator),**  
Kingsley and Michelle (CRHTT).

11:15am Communal door to flat had been broken and closed with tape which opened easily. Simon's flat, 109 is on ground floor and door was closed and had a strap fastened to bottom of door as well. After knocking Simon asked who it was and when told " A social worker from Enfield Mental Health services" he said that he did not wish to see me and to go away, he talked rapidly about being subjected to **75 assaults at the hands of mental health** services and that he has **documented evidence and is taking action.** Claimed he would make us all redundant. **He warned us to leave.** A dog could be heard barking behind the door.

We left the block and gathered outside on the footpath to discuss plan. Shortly after Simon came out and approached as talking with pressured speech about his long battle with the police and legal system, how he is even now subject to a Curfew which keeps him from leaving his flat after 10.30 and this is in force until 2020, he claims. It was difficult to follow his story but appeared to all relate to the organisation of raves and club nights.

He recognised

Dr Albazaz

from a previous assessment and said that he was there and he did not like him. Gradually a level of rapport was established and it was suggested to Simon that it might be a good idea to continue the discussion in his flat rather than in a public place. He agreed to this and I asked him to lock the dog away he said he will lock it in the back garden. Prior to entering the flat I informed Simon that I am a trainee AMHP and myself and the 2 doctors with me will be conducting a Mental Health Act assessment. We then entered the flat which was very cluttered with musical equipment and stacks of books and records. On the coffee table was a modern Apple PC. There was no obvious smell of drugs only cigarette smoke. Upon entering the living room and the mention of the 2 doctors he pointed to Dr Albazaz

What is getting done to me is achieved with evil criminal intentions.</p> <p>When explain what was on this day getting done to me illegal and what is also a clear breach of my human rights, I explain that, when sitting down at home on my sofa I heard a knock on my front door when I went to answer it, I first took a look through my front door key hole, when doing so, I noticed two police officers one male and on female. I can remember asking the woman officer a question What I asked her was why they were outside of my front door and in short to why I asked the question. is I wanted to understand for what reason they wanted to speak to me, I received a reply of the Female police officer who replied to my question by saying that she just wanted to chat to me about something, I can remember replying to her by saying</p> | <p><b>RIO notes no email!</b></p> <p><b>1) On the <b>**/**/20**</b> it is said that</b></p> |

I can chat to you still without opening my front door and in blunt saying to her please can you just explain to me what you want, she said that she just wanted to give me some paperwork and did not want to arrest me for anything I again replied to her in a deeper voice and told her that I will not accept anything from them.

I held my letter box closed so that no mail could enter inside of my flat from the police officers who were outside. Soon afterwards I heard them both leave my communal hallway. When I was sure that they had left the building, I opened my front door. I took a look on the floor and noticed that there was a letter left on the floor.

After picking it up I took a short peek at the heading and realised that it was another Harassment Letter against my person in Knowing that I never done anything wrong again so to be able to receive such a notice in a fair motion.

I Decided to question the police officer who had tried to post the letter through m front door.

In doing so I quickly run outside of my front communal door and looked around the streets locations to see if I could still catch up with the two police officers.

I noticed them both to my left when coming out of my building still walking towards their police car, so I called out to them in a polite manner / not to load or neither hash in voice.

The police officers turned around towards myself and asked what I wanted, I replied to them both I just wanted to chat to them about what has been going on and as I was doing so I hurried towards them but in a settled manner, as I approached them I took my time as I chose my words and because of this I can remember what I said, what I did say was after noticing that they were both were body cameras and went a little something like this: --

**Woman Police Officer:**

What do you want?

**Simon:**

I would like to report a crime. A police officer has caused me to suffer from gross Misconduct and would like to report it to you under the police

efficiency Act of Law 1999 or 2003 or under any police whistle blowing policy you must be in accordance to.

What I am reporting to you is that a police Officer that who is name as Steven Elesmore who works for your branch has forge official paperwork and then on filed it against me alongside with other members of the Metropolitans Police Force.

**Woman Police Officer:**

I am not dealing with that; I am here only to serve you a Harassment Letter.

**Simon:**

That is not correct protocol when I explain to you about corruption that has been caused by one of your colleges must act upon it.

**Woman Police Officer:**

I am not here to deal with that.

**Simon:**

But I am reporting a crime to you.

**Woman Police Officer:**

Can you stop shouting at me?

**Simon:**

I am not shouting at you I am just talking to you.

**Woman Police Officer:**

I am going to turn my body camera on

**Simon:**

Why is it not on already?

**Woman Police Officer:**

“Woman Police Officer turned on her body cam.”

**Simon:**

I have had another of this harassment from your police force and the council and this does also include the neighbors who choose to forge offal documents. I told the police force that the people making these claims tried to set me up by forging official paperwork to aid in taking my flat of me in the form of a forged possession order and I supported my clams of truth alongside with good evidence that I have to support my clams.

**Woman Police Officer:**

I am only here to deal with giving you a harassment letter.

**Simon:**

year, but what I am saying to you has to do with that harassment letter, this is bios.

**Simon:**

"I took the harassment letter that the police officer had left outside of my front door and decided to tear it up in front of them both and as I done this, I made a spitting sound and said well that's what I think of the way that the police deal with their laws. I done this as I was turning around to walk back towards my home."

**Woman Police Officer:**

The female Police Officer shouted out he spotted at me.

**Simon:**

I noticed a male's arm go around my neck and start to choke me from behind I could feel the man's weight on my back trying to bring me to the ground and after a few seconds I felt him become successful in his ambush against my person I can remember felling my hand and knees hurting me as the hit the concrete floor. I can remember finding it getting harder and harder to breath and with what felt like my last breath I managed to make a voice in the formation of a screech the words that came out of my mouth were that of "you are choking me."

**Woman Police Officer:**

The woman officer continued to try and get my hands while she continues to scream that I was still spitting even more so than from the start of their unneeded issues of concern with me.

**Simon:**

I can remember thinking he is going to kill me if I do not stop him and his bad temper, and in realizing so, I remembered the police body cameras were still recording so choose to take caution in doing so, what I did was stand up and run away from the two police officers. I run into my block and felt them hot on my toes I closed my communal door and reminded the polices officers of my dog by shouting my dog my dog my dog be careful my dog.

**Woman & Male Police Officers:**

Never followed me into my home and I decided to leave through my backdoor due to wanting things too

This is not accurate information as the truth is that I had gotten contacted by way of mobile phone by a client, and he asked me if I would hire a sound system out for a gentleman's, birthday party. After our conversation I agreed to do so, and a sound system and a van got hired out to that person and then later collected from outside of my home address.</p> <p>My terms and conditions got signed, and a deposit got given to me by the client.</p> <p>Once the client left me, I continued with my day and then went back to my home.</p> <p>When at my home, I ended up receiving a phone call at 1:00 hours in the morning by the same client who said that the police were in attendance, and they were seizing the sound system. I remember getting up from what I had prior gotten occupied with and leaving my home address at around 1am hours, so to attend to the private party location, which took place indoors.</p> <p>Then soon after I arrived at the client's destination, at around the time of; 2:00 hours, I would claim that I took one hour and ten minutes to attend to, as I drove outside of the address that I had to be at so to park my car I can remember there being lots of different members of the police who were already present. When I approached to the address front door on my two feet, to which address I got given by the client, the police were there blocking any persons entrance, so I spoke to the police officers and explained to them by circumstances, this meant that I showed them a copy of the higher invoice and a copy of my terms and conditions of hire, I got allowed entry by the police officers who were present to pack the sound system away and once I finished doing this, I asked to get released with the equipment, it then got explained that the equipment was to get confiscated.</p> <p>After a lengthy, debate, I had no option but to allow the police officers to seize the equipment, I got allowed to collect the sound system from the police at a later date, without being arrested or any charges</p> |  |
