In 50 years how much will a large Dona kebab be in the UK?

Copilot

Using the web

Sent by Copilot:

Predicting the exact price of a large doner kebab in the UK 50 years from now is quite challenging due to various factors like inflation, economic conditions, and changes in the food industry. However, we can make some educated guesses based on historical trends.

If we consider an average annual inflation rate of around 2-3%, the price of goods tends to double approximately every 25-30 years. Currently, a large doner kebab might cost around £6-£8. Using this inflation rate, in 50 years, the price could be somewhere between £24-£32.

Of course, this is a rough estimate, and actual prices could vary significantly based on future economic conditions, technological advancements, and changes in consumer preferences.

Is there anything else you'd like to explore or discuss?

This is excellent. Back in the day this would never have happened. I am still reading it. I have also added a copy from another site from back in the day, that is like the rest I had to fix to make work. They used to take days!

The **07/07/2018** was an eventful Saturday for me, which I have Exhibited Evidence towards below, I found myself overwhelmed by the immense pressure of Doctors Committing Gross Misconduct with Council Employees yet again.

The day's events resulting from an unjust Asbo that had violated my fundamental human rights for nearly three years.

The Enfield Council & Co's unjust Asbo order banned Mr. Simon Paul Cordell from being homeless, even aloe they easily proved its conditions to be a breach of his Human Rights and also fabricated with frauded documentation.

The accused as liable then used their media department resources to advertise what they had frauded the Application in the first place to do "ban Mr. Simon Paul Cordell from being homeless or attending such people's homes or supplying legal equipment to them in any circumstances" and this was enforced even as he and others were still providing evidence ready for an appeal.

The Enfield Council and Co also issued a Forged Housing possession Order against Mr. Cordell as they never stopped with their criminal Actions and Criminal intent against his person to which prevented him from seeking solace in his own rented home from them not in fear. Meaning all decorating and comforts were wrongly put on hold.

The fabrication and wrongful issuance of the 1st possession order led him to a state of homelessness, while simultaneously becoming a target of a devious conspiracy. The orchestrators of this conspiracy exploited leaked government intelligence and utilized their media platforms to disseminate false information about him, thus endangering his life and all with the additional intent of undermining his mental well-being in the eyes of the public. This calculated manipulation aimed to invalidate any remaining shreds of truth and pave the way for the disposal of his rights to access justice.

Mental Health Resources were happy to be used in an illegal way in knowing so and this is what the unkind-hearted individuals, who entered his home as doctors and Council Officers were intentionally aiding in against him in the recording below, to in which to dispose of any truth left he can demonstrate.

Speaker 1

Hello.

Speaker 1

Can I ask a question?

Speaker 1

No, I'm not too happy. You're from the council and you're from the council, yeah? So, let's get this straight, yeah? Let's get this straight.

I've had a bloke called Lemmy come to my front door. What initially happened is in 2013, I got put on curfew for throwing parties. I threw parties from **2012** to **2013** in London,

Speaker 2

yeah?

Speaker 1

yeah, the council come here, the police come here, and they nicked me.

Arrested me and they put me on bail conditions for one year in this house. Told me I'm not allowed to leave the house from 2013 to 2014. So, I said, OK.

Now when I'm on curfew for 2013 to 2014, they please come here and leave another folder which is another case outside my house. They leave it outside here. It can't fit through my letterbox.

Now that curfew, that folder, says the organisation of illegal raves in it, yeah? They forgot to ever arrest me. If something's illegal, you're supposed to arrest somebody.

Now what this folder's done is it tried to make me be a super grass and grass up on Bear and my bredrin's that was throwing parties while I was on curfew.

Speaker 2

OK, Mr. Potter, let me explain. I'm Dr Dinah Karen. Yeah? I'm a consultant psychiatrist.

Speaker 1

Yeah?

Speaker 2

OK. I've been instructed by the council.

Speaker 1

You've been instructed by the council and I'm telling you now 

Speaker 1

Listen to me.

Speaker 2

OK. I'm going to stop you there. I suggest you listen to us.

Speaker 1

You suggest 

Speaker 1

I suggest you listen to me, yeah?

Speaker 1

yeah

Speaker 1

Yeah. I'm doing the instructions of the court, Mr. Potter.

Speaker 1 I'm telling you, the court, I'm telling you now, the court has forged a massive ASBO.

I've been phoning the court every single day telling the court what's going on.

Speaker 2

OK, we're here on a different slant.

Speaker 1

No, no, you aren't.

The reason you are here now is because the police, the police and the council in 2013 served an ASBO.

Speaker 2

No,

Speaker 1

Please do not lie. Please do not lie because I've got the letters inside here.

I've got a full official diary. I'll never be rude to no person but I'm not having you abuse your powers.

Speaker 2

No, were not

Speaker 1

Yes, you are abusing your powers under the Mental Health Act 1963.

Can I please take your name?

And the council are abusing their position.

Speaker 2

I'm more than happy to give you, my name.

Speaker 1

So, I'm more than happy for you to come into my house and I'm happy to go through things with you but let's get this straight.

The reason why you're coming into my house here, I've had the doctors come here 73 times since 2014. 73 days I've been assessed. You're doing a 75th assessment on me.

Speaker 2

I'm here for a slightly different reason.

Speaker 1

No, no, let's get this straight. You are here to do an assessment on me.

The reason you want to do an assessment on myself, and this is the 75th assessment of the Mental Health Act. I had the doctors in here. I had your team come in here the other day, but she wouldn't come in my house.

Then two days before that I had another assessment. I had an assessment in this house less than six days ago. So, let's just quickly go to the facts of what really happened here. In 2013.

Speaker 2

I'm not going to go through what happened in 2013. I'm going through the case history.

Speaker 1

I'm going through this case history.

Speaker 2

Will you allow us to come in?

Speaker 1

I'm going to allow you to come in in a second. I'm going to show you my full report. I'm going to show you all the little audios that I've got of what happened.

Speaker 2

Let's talk about the injunction that's against you.

Speaker 1

That's what I'm talking about right now.

So, let's just get you straight. Don't start twisting it all around when you don't know the case history. I'm telling you the case history right now.

I'll never be rude to you but do not try and deter me away from it.

Speaker 2

Stop pointing your fingers at me!

Speaker 1

I'm not pointing my fingers, I 'am not pointing my fingers, at you.

I'm tongue-tied by the way also. So, this is a speech pyramid. So don't ever think I'm being rude or anything here as well, I've always been disabled because of it and I had to go to kids' speech therapy for it and everything.

Speaker 2

Listen, I'm not interested in your speech.

Speaker 1

I don't care about your attitude here right now. I don't care about your attitude. I don't care about your attitude here right now.

I'm taking the minutes to this meeting right now.

Speaker 2

That's very good.

Speaker 1

Now I'm not going to tell you here now yeah. The girls will come here.

This is how this injunction started.

Let me put my dog outside, I'm going to put my dog outside again for a second, you wait.

“Si Note: -- I went into my flat on my own.”

Stupid woman, this is Stupid.

Get outside lady.

“Si Note: -- I went into my flat on my own.”

She wants to get this right.

“Si Note: -- Back in my communal corridor.”

Let's go through this now.

Come in my house then.

Do you know what? You come in my house because I want you lot to go to prison.

Come in my house. You're more than welcome. Come on. Let's go through this. Come

in my house. Let's get this over with.

Can I have your name as well please sir.

Speaker 2

Yeah, look. My name's Nick. Yeah,

Speaker 1

But where are you from the Enfield Council?

Speaker 2

Enfield Council, yeah.

Speaker 1

Yeah, but why are you here from the Enfield Council?

Speaker 2

We're here to

Speaker 3

Support me.

Speaker 2

Yeah,

Speaker 1

So, they're here to support you. But what is your job in the council?

Speaker 3

I'm a social behavior officer.

Speaker 1

You're a social behavior officer and you are?

Speaker 4

I'm a neighborhood officer.

Speaker 1

Can I take both your names please. Your full name?

Speaker 3

My name's Alex Giorgio.

Speaker 1

Pardon? You're Alex Giorgio and you're Nick.

Look, come on. Let's sit down then. We're going to go through this quickly, yeah?

Take a seat on that chair there and take a seat over here, yeah?

Speaker 2

Let me explain why I'm here and then I'll give you some time to give me your history.

Speaker 1

Okay, okay.

Speaker 2

And then I have a specific question to ask you.

Speaker 1

You're having a laugh, you are. Yeah, I'm telling you now.

Speaker 2

I'm here for a specific question to talk about the injunction.

Speaker 1

Okay.

Speaker 2

That you were given in January.

Speaker 1

No, I was not given an injunction in January.

Speaker 2

Speaker 1

But if you look at my camera here,

Speaker 2

yeah?

Speaker 1

Because you're all taking the P, yeah? Here, I've got a camera right here, yeah?

Speaker 2

Yeah.

Speaker 1

Now I've got a camera there watching you and a camera in every room in this house now watching you all, yeah?

Now when I was in the police station, the council come here, the council come to my cell in the police station and the bloke goes to me, I'm serving you. I said, you can't serve me in my cell. The affidavit of service says you've got to serve me in my house by law.

So, while I'm in the police station, the bloke gets the **gun, he stomps**, because the police let him into the police station.

He's a third-party company. The police want to cover up what's happening here.

So, what the police done is let him in the police cell. They've agreed that they didn't serve me. He illegally got let into the police station.

He's a third-party company to cover up what's happening. Now, while I'm in the police cell, my mother comes to this house. My mother comes to the front door here.

She comes in my house while I'm in the police cell. She picks up the affidavit of service the bloke put through on the door and she leaves my house with it. Now you can see her on camera, come to here while I'm in the police station.

Then I get released from the police station, come back home, and there's no paperwork in the house. So how have I been legally served? Yeah, how can she be here now forcing that I need to be assessed because I've got the camera evidence to prove why I weren't served?

Since 2013, this is where it initially happened. In 2013, I got nicked for that gazebo out in the back garden, yeah? Now when I got nicked for it, they put me on bail conditions, said you're not allowed in Central London.

Barred from Central London. I said, OK, I'm not allowed to hire no equipment to anybody. So, I got barred from hiring equipment.

I got put on an eight o'clock curfew in this house. A tag on my leg. Plus, I had a four o'clock sign on at the police station every day.

So, I said, OK, this is because I wouldn't grass up because I was supposed to be done for handling stolen goods from a gazebo that come out of a building.

So, I said, OK, one year, I stayed under conditions. I won the case, I went to court, I defended myself correctly.

As I won the case, the police got upset that I won the case and threw a massive ASBO outside my front door. Now that ASBO tried to make me be a super grass and grass up. Three people I do not know, younger generations, that were throwing parties while I was on curfew.

Speaker 2

And grass up.

Speaker 1

Three in a man dem that used to run around with me, yeah? That run off while I was on curfew. Now they're doing their own thing.

So, I went to the Facebook profiles, and I copied the Facebook profiles of the people that I'm being accused of being, yeah? Now I've got all the Facebook...

I've made a website. I'll show you the Facebook profiles. Now, I wouldn't be a super grass.

I'm not playing the peace officer's line of wages to give them their people to do their job.

They want to do a line of investigation against someone they can.

Now, on the Facebook profiles, the people use their personal names.

Oh, I'm Chris Lurcher-Lewis and I'm throwing a party in London. And all that. Now, there's six parties in this ASBO folder.

The police left the folder...

After I won the first gazebo case, the police left the folder outside my front door, yeah?

And it had loads of personal DPA in it, personal data. It shouldn't have been shared about. So now I started looking through the folder.

I phoned my mum and said, Mum, they left something outside my front door, and it won't come in. My mum come to my property, she picked up the folder and she took it to Edmonton Green, lost property, yeah?

Speaker 2 yeah?**Speaker 1**

And she put it in and got a receipt for it and lost property. Now, that folder got given...

Now, that folder, I've never had it given to me, the first ASBO, because my mum took it from me.

But she photocopied it and gave me a copy of a photocopy. Now, I went to court, and I said to...

Speaker 2**Speaker 1**

I went to court to defend myself at trial. And at the beginning of an ASBO, yeah,

Speaker 2 or in an ASBO, they put an injunction order on you.**Speaker 1**

And the injunction order's just temporary while they're putting the ASBO on you. Now, they put this injunction on me from 14. Now, by 15, they still couldn't get it on me.

Six judges walked out of the court, looked at the folder and threw it on the floor and said, "We're not dealing with this. Then one day, I went to court, there's this woman called Sally Gilchrist, she's the legal executive for the Metropolitan Police. She went to every case for the ASBO, and she signed a million pounds to make this ASBO on me, yeah? Now, one day, on the day of trial, I've gone to trial, and I've explained to the court that I was never arrested.

This is the organisation of illegal raves. You forgot to arrest me. The maximum sentence if you do arrest someone and have enough evidence for criminal conviction is six months to three months in prison.

So, maximum six months if you got arrested. You forgot to arrest me, now you're giving me a nine-year curfew in my house. And you couldn't even do that if you had enough for criminal conviction.

You can't hold a terrorist in your house for longer than two years. Sir Lady Howe and Prince Philip and everyone says it under the Supreme Court. You can't hold someone in the house for longer than six months, yeah? And that's if they're blowing up the country. Now, I'm on a nine-year curfew in my house. Now, I've been phoning up the police saying, hang on, you forgot to arrest me. I never done this.

I looked at the folder, it says, all white people, white males and females committed the crime in the folder. So, the doctors come here, the counsellors come here and all that on one of the interviews with **Simon Clerk** and they're in there. I'm showing them the folder.

Look, it says white people committed it, what color and white committed, no. I look at the folder. I said, look at each of these victim statements because if you're taking a statement off me now, I have to sign the statement at the bottom.

Each police officer done four statements each and none of them have signatures at the bottom of them. So, now I start phoning the police saying I'm not even white. How can I be getting a nine-year curfew for this? You did not even arrest me.

Speaker 1

You're holding me in my house for all this time. I can't even walk out of my house before nine or ten o'clock because these cops are trying to grab me every second. They're not only trying to put an injunction on me outside, but they're also trying to put an injunction on me inside my house.

So, me and my mum, from 14 to 16, now Sally Gilchrist starts getting worried. Now, this is Gilchrist, **shut up**.

I lost Diana for my 13-year relationship, my first love, because of the first curfew.

Speaker 1

Now, I come to the second curfew that I'm supposed to be on, and my mum and I write 500 emails to the MPs and the councils and to everybody. I've got 500 emails in, I'll show them to you, to the MPs and councils, asking them to protect me in this house.

I've never done anything to none **of my mates**.

This Sally Gilchrist starts spreading all this shit that I've got a disease.

Excuse my...

Speaker 2

Sorry, can I interrupt you for a moment? Who's this Sally?

Speaker 1

Sally Gilchrist is the legal **...**

This is Sally Gilchrist. She's the legal executive for the Metropolitan Police.

Speaker 1

Now, what I've had to do, I've had to do a special...
These are the council's folders.

Speaker 2

So, this is...

Speaker 1

This is the first **ASBO**, yeah? That I've got served here. I've made all brand-new PDF books for them, yeah?

Now, this is the second folder.

Now, if you look at the front, this is...

It takes the Metropolitan Police and the council to make this **ASBO** together. So, if you look here, it says, a consultation has to be required by the Metropolitan Police and the council. Jane Johnson, the Borough Commander and the Metropolitan Police...

You can't...

Speaker 2

Listen, come back to Sally Gilchrist.

Speaker 1

She's the legal executive. She's the legal executive.

Speaker 2

And you said something about her signing a million pounds.

Speaker 1

Well, she spent a million pounds on this case on the first...

Speaker 2

Why? Against you or for you?

Speaker 1

Against me.

Speaker 2 Why?

Speaker 1

She set me up. Look, what she's done is, she got all these police officers here and they've only done four statements each, pretending...

Speaker 2

Simon, I'm here for a specific purpose, OK?

Speaker 1

No, this is the reason.

Speaker 2

I understand all of this, OK?
I got the gist of it. OK, let's just move on from there.

Speaker 1

No, no, no, let's not move on from there.

Speaker 2

No, no, no, let's not move on from there.

Speaker 1

I'm illegally being detained in my house. You're working for the government under section three of my human rights.
It says any state official that degrades me or humiliates me or makes me feel...
feel way, yeah, will amount to torture, yeah?

Speaker 2

Speaker 1

Yes, it does.
I know my human rights.
Don't lie to...
You don't even know your own Human Rights,
Yeah? I've built a constitution,
yeah? I've got every folder from Glastonbury from the beginning, past that, to the end.

Speaker 2

You've built what?

Speaker 1

The constitution? I've got a brand-new constitution.
I know Leona at Glastonbury and I know Leona at Isle of Wight, yeah? And they gave me their own folders.

Speaker 2

So, what does your constitution say? My constitution's a CIC, a community interest charity. And what that allows is six people to be able to sponsor that charity and to be able to work within the community and to be able to fulfil.
It says that they will not discriminate against **HIV or AIDS**. It says that they will not discriminate against me. It says that they will work in the community and do specific things.

Speaker 1

So how does that...
How does it affect your relationship with your Neighbors?

Speaker 2

Speaker 1

No, what I was doing was building a festival for my Neighbors, yeah and building [REDACTED]
I built a charity, which is Two Year's New Charity, which is there for my Neighbors.

Speaker 1

Because Sally Gilchrist was screwing me, because one of the days I went into court, and she offered to get the injunction activated. She was trying to get the conditions activated. One of the judges goes to me, ah, your [REDACTED]

What's your surname? He goes, are you related to a Natalie? I said, no, I'm not related to a Natalie.

He goes, that's good, because my surname's Cordell as well. Because that's my surname. Now, Sally Gilchrist is sitting in the court and she's the legal executive director.

She's the main director for the Metropolitan Police, for the legal services. That's who she is. Yeah.

Because she's the main director for the legal services. Now, she's sitting in the thing.

What she does is, because she's full-shouldered things, she gets screwed because the judge says he knows my name and won't put the conditions on me.

And four other judges are throwing her application on the floor before that.

Speaker 2

So, when did this happen? This happened [REDACTED]

In 2014, she put this outside my door. And then by 2015, she still ain't got it on me.

She's been through six judges, and they've all thrown it out.

Speaker 1

So, what happened in 2016? I'm just trying to [REDACTED]

I'm just going through it quickly. In 2015 [REDACTED]

Speaker 2

I'll give you five minutes to agree to where we are this year.

I don't have all day.

Speaker 1

I don't mind if you don't have all day. Yeah.

You're here to [REDACTED]

You're being paid to do something. Yeah. So don't go on like you're doing this at your own discretion.

You're being paid to listen.

Speaker 2

I appreciate that.

Speaker 1

So please listen.

So please listen to the full history of what is happening here. Because what I'm telling you now is that government officials are illegally holding me in my house. I've got hundreds of recordings of them.

When I phone in the police station, they're saying, you're a brand bastard.

You've been robbed. Yeah, we don't give a fuck, Simon.

Fuck you. You're a cunt. You've been [REDACTED]

They're going, do you want our borough commander? That's what we want of you if you want our borough commander.

Speaker 2

Our borough commander,

Speaker 1

Jane Johnson, who made that folder, she's been putting diplomatic protection [REDACTED]

We're putting in diplomatic protection.

Speaker 1

I want to call her to call.

Speaker 2

Is there somebody called a borough commander?

Speaker 1

Yeah, Jane Johnson is our borough commander.

She signed [REDACTED]

She's on witness protection.

Speaker 2

Speaker 1

No, they [REDACTED]

I've got all the recordings.

They said they're going to [REDACTED]

Do you want our borough commander?

It's on the recordings.

Yeah. Put [REDACTED]

If you're spitting at me if you want our borough commander. Yeah, why do you think you can have our borough [REDACTED]

Because she signed every page here because she has to by law in the civic Centre.

Speaker 1

On the 30th of August 20014, the local police held a consultation meeting together with the relevant organisers to discuss issues concerning the case.

Speaker 2

Yeah. You were talking about 2016.

Speaker 1

No, because if Jane Johnson done this.

Yeah. Yeah, because if Jane Johnson done this and I'm phoning them up telling them that.

They're down the phone now. Now, what they do is they start spreading that I've got a disease here in the public.

Speaker 2

Who is Jane Johnson and Sally Gilchrist?

Speaker 1

Sally Gilchrist and Jane Johnson, Jane Johnson, is the borough commander that started spreading that I've got a disease.

Now, me and my partner have never argued.

Speaker 2

What disease?

Speaker 1

They said that I had herpes. Yeah.

Now, I recorded the clinic. I went to the clinic, and I've got all my medical notes here. I never had anything wrong with me.

Me and my partner never argued to this day now.

Me and Shannon never argued.

Speaker 1

The police just done it to cover up because I was phoning them up telling them, well, where's the signatures? What about the time stamp?

Speaker 2

So, do you think Jane Johnson and Sally Gilchrist are working together with the police to spread all these rumors?

Speaker 1

They're in the same company.

They work together and I've got the recordings to prove it.

Speaker 2

And they work together with the police to spread rumors about you?

Speaker 1

No, they work together, and they have chosen too maliciously.

Speaker

There's a release of volume.

I don't want to hear about that from you. I don't need that.

Speaker 1

I don't care if you don't want to hear about that from me, but this is where my evidence is.

I've built a website and I'm about to show it to you.

I've built an official report every single day of what's going on.

Speaker 2

What about the injunction again?

Speaker What are you

Speaker 1

Now, this is what happened, because I'm complaining about the Asbo needing it to take 2 Authority like the take the council and the police to make it. Yeah,

We've got the council and police

So, they're working together, the council police?

The council police are in Joint Circular under Ethnicity, yeah?

Now, Joint Circular, they're working together.

Now, they're supposed to have a victim involved. Now, they don't have no victims there in real life. They forged all the paperwork and they

Speaker 2

You mean the victim meaning the neighbors.

Speaker 1

Now, I'm the victim here for the ASBO, the only reason that they say all this is happening is because they're saying that someone got kept up overnight.

Now, what I've done, like I said, is I copied the Facebook profiles to prove I never done anything, yeah?

Now, what we then went and done is because they started spreading this disease thing, about me and all my loved ones

I've lived here for 12 years before, with no trouble.

Speaker 2

You mean my loved ones, your neighbors.

Speaker 1

Yeah, my neighbors. 12 years I lived here, not one problem.

I've never had a drink in this house, never sold a bag of drugs from this house, I've never sold drugs, I've never done nothing. I used to leave my front door unlocked and come and put a grand back in there every night.

Speaker 2

So, what happened between you and your neighbors?

Speaker 1

After 12 years of being with these people, Sally Gilchrist started to realise that I was throwing up saying there's no signatures on your folder.
So, then what she done?

Speaker 2

What she done?

Speaker 1

What she done is she is next door to a bloke called Ed Sturms. Now, Ed Sturms is in charge of communication for the Metropolitan Police for public communication. Now, Ed Sturms started spreading

Ed Sturms? Yeah, Ed

I've got all their pictures and everything.

Ed Sturms started spreading that I had the disease, yeah, to try and scare

You've got 24 hours to get out of this country. In the folder they started scribbling you're a black boy on the block. It's scribbled everywhere in there.

You're a black boy, you live on Burncroft Avenue. Because mate, I've got a white business partner I did at this time for home parties. So, they thought the white guy's the better one.

Locked me in here, boom and that's it. Suck me in here, said you're a black boy on the block, blah blah blah. Didn't arrest me, gave me nine years and maximum sentence six months.

It says white people committed the offence in here, so I couldn't have done it anyway. They need victims to have it.

Speaker 1

Now I'm phoning up the council and saying please, well you've got no signature, can you call an emergency general meeting please? So that you can get this taken off of me because it's a breach of my human rights.

Now they're getting scared in the council. So, the council phoned the doctors, now I've had the doctors come here 75 times now, yeah. Now I've done official reports for all the 75 times that the doctors have come here.

I've been assessed, I've been checked and all of them times have told me there's nothing wrong with me.

I've stayed in St Anne's, Julia **Krinich** is the head over there. I'm suing Julia **Krinich** right now, yeah.

She's the head of St Anne's Hospital because she's the one that got me taken away from here. They come in here with a fake **187 under the Mental Health Act**.

When they come in here, I had all recording equipment recording in here.

So now, just before that I've been phoning up the, they've been phoning me up, the AMP workers, Goody had been phoning me up. Now Goody's saying to me, can I come to you, can I meet you?

I'm saying, why are you phoning my phone? Where did you get my phone number from? I said to him, OK Goody, come to my house because them times I'm quite polite.

Speaker 2

When did you go to St Anne's? This was, I'll show you in a second, I'll show you the dates in a second, I'll show you, my diary.

Speaker 2

2013?

Speaker 1

No, 16. 2016, I'll show you my diary now.

What initially happened was Goody started telling me that he wants to come down to my house.

So, I agreed for Goody to come to my house as an AMP worker. Goody comes here.

When Goody comes here, he come with a black woman.

The black woman sat here, and Goody sat here. I showed Goody all of my festival paperwork and what I was building and my constitution. Goody's going, this is amazing what you're building.

How come you're sending me in here? I've got all the recordings. How come your house is clean in that Simon? Now Goody says to me I'm going on annual leave Simon. I'm glad that you let me in your house sort of thing.

When I get back on annual leave in four weeks would you have another meeting with me? I like Goody. I thought Goody you know what we might be able to do something. We might be able to raise above all of these wrongful adults around us that are trying to ruin our lives.

So, I said OKAY Goody. **Goody says yeah Femi's going to come.**

Now the next day after Goody goes a load of doctors come to my front door again.

But the same black woman that was sitting there I forgot her name not being rude or disrespectful I forgot her name, but she was rude when she first come for the meeting.

She stormed up outside because she seen my house was tidy. Went in the corridor and started making a phone call.

Like yeah, we're in trouble his house is clean his fridge is full we can't take him from here. She come back in, and she said Goody, we've got to go Goody. Let's go.

So, she took Goody and left and cut our meeting.

Speaker 2

Simon can I just clarify something? You know you mentioned victims and you mentioned your neighbors. You were getting on okay with the neighbors.

Speaker 1

Yeah, I never had a problem with the neighbors.

Speaker 2

So do you think they have made a complaint against you because the injunction is about various complaints they have made.

Speaker 1

Can I show you an injunction means that I must be served by hand.

What initially happened is from 2014 to 16

Speaker 2

But you went to court in January this year.

Speaker 1

No, no, no, no, no.

Speaker 2

What happened there?

Speaker 1

I've been to court I've been to court over 255 times.

Speaker 2

Do you trust the court?

Speaker 1

The judge is a neutral party

Speaker 2

He trusts the judge.

Speaker 1

You're not letting me answer the questions that you're asking me, and I'd like to answer the questions that you're asking me.

I'll tell you about the victims and your neighbors.

Speaker 2

Speaker 1

No, you haven't got no victims here yet. What you've got is people.

Speaker 1

I can prove what happened. Listen to what happened here for a second. You can go back and tell Lemmy as well because Lemmy is your friend I suspect.

Let me get this straight here. What initially happened there?

From there Sally started making the rest of them bang at me because she wants me out of the country because I'm banging up about them missing signatures.

So now Stanley I've never been rude to him in 12 years he's checking Debbie upstairs because his wife died, also, Debbie's the light skinned alcoholic. Now Debbie has had her two light skinned children taken away from her and no one told me that.

Now the council come in here under a fake 187 after Goody comes in the next day that same black woman come outside my front door, and she wanted access to my house and I'm like hang on but I'm waiting for Goody to come back in three weeks.

She said no we want access to your house now again. I said no that's wrong why are you here you're abusing your position. She says to me, she goes anyway they put a 187 in and then they forced her away in my house.

Now while they're doing that, I had loads of recordings on my answering phone of asking them to come to a meeting whenever they would like and that's the only reason.

Speaker 2

Who are you talking about now?

Speaker 1

I'm talking about **Goody**.

Speaker 2

Who did you ask to come for a meeting?

Speaker 1

Goody, the AMP workers **Goody** agreed to have a meeting with me.

Speaker 2

When Goody agreed to have the meeting because you were talking about the neighbors.

Speaker 1

I'm bringing the whole lot of it together for you. You sound a bit confused. I'll leave it so that you're not going to be confused by the end of it and I'll leave you fully understanding everything. If you just give me 2 seconds rather than going through it like this let me, just get this site up and show you what is actually happening. What initially happened is **Goody** was covering up the missing time stamps and helping the police.

Goody left with the police. After Goody went on holiday and he was supposed to be my case handler another woman came with him and tried to take me away. She had to leave and go.

She went and got a Section **187** and I on **183**.

If you don't give someone access to your house it's 2 forms of access.

You can have a **117** which is an agreed meeting with yourself to come around giving you permission to come in or you can have **136**.

The **136** is meaning someone could be in danger inside their house. When they come into my house

I have the council here.

You are holding me in my house illegally.

This says I'm white and I couldn't have done it.

We go through the folders, and they read from them. What then happened is I pulled out my recording and said you are in my house illegally.

I let you in 3 days before that.

She breaks down in front of my mum and my uncle and my mum and my uncle she's in my house illegally

I got out of my and said you are in my house illegally.

She says I'm flat for 12 years

Speaker 1

let me just get this up for a second after living in my flat for 12 years they moved in up above I noticed that they had moved in and I didn't really, I didn't really go out my way to go and see them sort of thing but one day when I was 2-3 weeks into it I was parking my car up, outside in the front and this Markandu Mathiyilagan bloke was outside the front here and there was a boy that lived there next doors, I didn't know him too well but he's a bit younger than me but he's a bit, he was really a bit tipsy with his mental health, yeah, now this bloke's got Markandu Mathiyilagan by the throat like that as I'm coming into my own block of flats.

and I'll just explain I'm not I'm just explaining to you he's going oh Simon shall I bang him, can I beat this Markandu Mathiyilagan guy up

I've just come across the road and was going into my block of flats like normal.

I'm still like quite hippie because I'm doing the parties for everyone yeah I'm quite an **RGP** person trying to neutralize things so I didn't even ask this Markandu Mathiyilagan: "what is your name or why is this happening, why are you two arguing," what I said is "hang on," to both of them and I then spoke to Markandu Mathiyilagan and said you're the new bloke that lives in our flats above me, upstairs, he goes yeah, yeah, yeah, yeah all while getting grabbed up like that. I go you're the new bloke so I go to him then I go to the young boy and say, listen he's the new adult in my block of flats, he's an adult to both of us and we must respect our adults, so, you've got to let this man go he's an adult in my block therefore I've got protect him now he's my adult he's in my block let him go so the young boy had to let him go he's like please Si, let me just bang him, so I was like bro let the Markandu Mathiyilagan man go.

the Markandu Mathiyilagan man's upstairs yeah the Indian bloke now he goes upstairs I don't hear from him for eight weeks eight months after that yeah I'm laying down here screaming in my head because Diana's now walked out on me and I'm on curfew for this case, I can smell her cooking the curry up there so I'm thinking she's a lovely wife why weren't Diana like that Diana's just ruined a 13 year relationship all I had was good heart for this family then Sally throws this stick in the works like this disease thing this disease thing then they start right above me here they start banging everyday bang when I'm going to the toilet inside to my toilet now I've got videos because I see the camera there the camera can see my toilet and it can see in here this morning if I lay here every morning they go bang, bang, bang above my head yeah then I go to the toilet I've been sick in the toilet she's sitting above the toilet bang, bang, bang I've got hundreds of recordings of it and I've got hundreds of videos of it I get into my bathtub with no clothes on yeah and they're above my head doing that above me yeah now I phone the police and say this is out of order why are you letting this be done to me because they want to cover up the missing signatures they're telling me you've been robbed you're dead you're a black bastard they're on the phone yeah I'm recording it all yeah now they won't release me out my house yeah now I'm not I'll go upstairs and I'll knock on their door and say to them with my camera phone the police please can you protect me they say no so I go upstairs recording this woman I knock on the door normally you can see it in all the recordings I will never knock on their door aggressively now because they got allowed from 14 to 16 to do this to me yeah my mum wrote to the council 500 times and the MPs 2014 to 2016 yeah my mum wrote to the council and the MPs over 500 times I

trust you I believe you this is this is the book for it yeah okay so did they act on it? this isn't no, no, no, there was hundreds of formal complaints inside can I just show you what happened now at the end of it it's Jackie, Gabby and Louise, Brian and all that look were losing their jobs because of it yeah so because they were losing their jobs this bloke Lemmy come in knocked all the formal complaints out and he said to me Stan got me arrested tried to set me up to cover up what you've done for two years. Who's Stan? Stan's the old man next door at 111 so now because of Stan done that to me I've got arrested and held in the police station I've got taken to court. So, Stan is your neighbor yeah and he got you arrested for what? He got me he said that on 2016 I walked outside my front door and I see him, and I said to him if you keep doing this to me and Shannon, I'm goanna get you in the park now he said that I said that to him he said that if I walked out my front door in 2016 and I see Stan.

Speaker 2

You need to slow down. You walked out of your front door.

Speaker 1

I see Stan and I said to Stan I said to Stan that if you keep doing this to me Shannon and Heidi banging on the walls and ruining our names and our lives the way he is, so I've got a pair of videos of him doing it on the kitchen floor.

If you keep doing this to me and Shannon and Heidi, I'm going to get you in the park.

Speaker 2

Who's Shannon and Heidi? Shannon and Heidi

Speaker 1

After Diana broke up with me yeah because I got the curfew for the gazebo case I went back out and got off the gazebo I met this new woman called Shannon.

Speaker 2

So, they are your kind of girlfriends?

Speaker 1

I met a new woman called Shannon. Me and Shannon were together for 8 months.

Speaker 2

So, if you keep doing this to me Shannon and Heidi carry on.

Speaker 1

That's what he is accusing me of, that's what he said.

Speaker 2

Yeah,

Speaker 1

yeah, that's what I'm acknowledging. Because he said that there in 2016.

Speaker 2

What did he say you said?

Speaker 1

That's what he said. "He said if you keep doing this to me and Shannon and Heidi I'm going to get you in the park. I'm going to get you in the park."

Speaker 2

But did you say that then?

Speaker 1

No. Because of that I said to Stan I said to Stan on numerous different occasions close to that I would, but I wouldn't be around him.

Speaker 2

Are you telling me that because of what Sally and Lemmy and everybody else have been working against you they got the neighbors against you.

Speaker Is that a conspiracy?

Speaker 1

Yeah, yeah, that's 100% correct.

Speaker 2

Do you think your neighbors are working in conjunction with the council?

Speaker 1

They are working in conjunction.

Now, what's happening is Stan has had over 15 meetings with Lemmy.

Lemmy won't have one meeting with me.

There are 500 emails to the MPs and the council.

I'll show you all the books now, yeah.

Now, once that's happening, Lemmy

Speaker 2

Police is

Sorry, Lemmy is a guy from the Enfield Council

Speaker 1

Lemmy started Enfield Council in August 2016.

Speaker 2

So, let me get this straight.

So, you are telling me that the Enfield Council, the police authorities are all working together

Speaker 1

(1:17) I'm telling you; the Enfield Council and the Metropolitan Police have no signatures on...

Speaker 2

(1:20) Okay, I got that.

Speaker 1

(1:22) They're illegally holding me in my house and because they're illegally holding me in my house, they want to cover up this.

Speaker 2

(1:26) Simon, I'm trying to clarify certain things.

(1:29) I've reported that to the court.

(1:30) They haven't got the signatures.

(1:32) But also, in terms of what your neighbors are saying, do you think it's a conspiracy?

Speaker 1

(1:36) No, what's happened is...

(1:37) Don't try and put words on my head like conspiracy and stuff.

(1:40) Don't twist it, anyone.

(1:41) There's 100% no signatures here.

(1:43) They would like to cover up what they've done and not face disciplinary action.

(1:46) They do not want to face disciplinary action for their actions.

(1:49) And disregard for justice.

Speaker 2

(1:54) Okay, to avoid disciplinary and disregard for justice.

(1:58) So, do you think the neighbors...

Speaker 1

(2:01) No.

Speaker 2

(2:01) Why would they work with the police?

Speaker 1

(2:03) Because the police allowed my personal data to go out.

(2:07) Now, I've got hundreds of recordings here.

(2:09) I've got about 200 on here.

(2:11) I've got 20 million emails here and I've got 500,000...

Speaker 2

(2:14) But why would the neighbors, what interest do they have?

Speaker 1

(2:17) Because they live next to me and everyone's spreading that I've got a disease.

Speaker 2

(2:20) So, do you think the neighbors...

Speaker 1

(2:21) The council's spreading that I've hurt a woman, or I've gave a woman a disease.

(2:25) When me and that woman have never argued in our life.

Speaker 4

(2:27) Which woman?

(2:28) Who is this?

Speaker 1

(2:28) Shannon.

(2:29) Who's Shannon?

(2:29) The girl or your friend?

(2:31) I'm with her for 8 months.

(2:33) I'm painting the kids crying downstairs on the sofa every time, when I'm with her.

(2:39) I said to her, why is the kid crying?

(2:41) She said, the baby's bedroom's not done upstairs.

(2:44) So I go upstairs, all the walls are ripped down.

(2:47) She's been with some black boy for the last 2 years that's been beating her up.

(2:51) You're asking me to answer the questions, you're telling me not to stop you.

Speaker 2

(2:53) No, I'm just trying to clarify it.

(2:55) I'm not stopping you, just to make sure I get the facts right.

(2:58) So, do you think the neighbors might have an interest in getting me out of this property?

Speaker 1

(3:02) 100%.

Speaker 2

(3:02) Why?

Speaker 1

(3:03) Because they attempted to murder me in the beginning.

(3:07) Attempted manslaughter and the council allowed them to do that.

Speaker 4

(3:10) Why would they want to murder you?

Speaker 1

(3:11) Do you want to see the videos?

Speaker 4

(3:12) Why would they want to murder you?

Speaker 1

(3:13) Because the government started spreading that I've got a disease and that I've hurt a woman.

(3:18) I showed Stan my medical notes and all of my hospital notes in 2014.

(3:22) He asked to see them again to confirm that they were real.

(3:24) And he knew that there was no problem with me.

(3:26) The council left Debbie upstairs, who had her 2 light-skinned children taken off of her for mental health reasons.

(3:32) Moved her into a hotel and moved her back here.

(3:34) When I'm telling everyone on the recordings what she was doing to me in here.

Speaker 2

(3:38) So do you know when the court gave you an injunction based on what the neighbors told you?

Speaker 1

(3:42) Listen to what happened here, please.

(3:45) Because you keep saying stuff, you don't understand the case history.

(3:48) My mum sent 500 emails like that.

(3:50) Now on the last pages it says, let me say this.

(3:53) If I don't go for a meeting at the civic Center.

(3:55) This is how it started.

(3:56) Let me say it to my mum.

(3:57) After the 500 emails, I thought if I don't go for a meeting at the civic Center in regard to the case of Stan.

(4:03) He's going to put a possession order in.

(4:05) Now the case of Stan, I'd already won a crown court.

(4:09) Now I've got a message.

Speaker 2

(4:10) What case was that with Stan?

Speaker 1

(4:11) What I told you, Stan said that I said to him, I'm going to get you in the park.

(4:16) They got me arrested for it.

(4:18) Now because of that there, I'm going to get you in the park.

(4:21) They got me arrested.

(4:23) There's 500 emails into the council.

(4:26) And to Dawn Allen, Jackie Gubby, Louise Brant, all the official people.

(4:31) And then because they want to cover it up, they give Lemmy the case.

(4:34) Lemmy takes on the case and Lemmy says, well, he gets the dead cases.

(4:38) He thinks I'm stupid.

(4:39) And he says, if you don't come for a meeting at the civic Center about these dead cases, we're going to put a possession order in for your flat.

(4:45) I said to him, you can't do that.

(4:47) I've already won the cases.

(4:48) I won the George case.

(4:50) And now I've stripped his computers with a Freedom of Information Act.

(4:54) So now I've got all of these personal notes.

(4:56) Now he's messaging Kenichiwa.

(4:58) And Gene Burton from the Witness Care Team is messaging him and Kenichiwa, his line manager.

(5:03) Now they've all written in their notes.

(5:05) The first message Lemmy got was Simon's won the cases.

(5:08) Now Kenichiwa, Lemmy's line manager, says can you go to Stan's house and give him an insulin diary and tell him that Simon's going to be coming back.

(5:15) He's no longer on bowel condition.

(5:17) So Lemmy knew in his head that Gene Burton has told him that I've won the cases.

(5:21) So now Lemmy's saying to my mum, if you don't come to my house about these dead cases, we're taking your flat off you.

(5:28) So now I phone up Lemmy and my mum writes to Lemmy, loads of emails, you can see them all.

(5:31) And we say this is out of order, that's entrapment Lemmy.

(5:34) I've got all the recordings here, I'll play them to you.

Speaker 2

(5:36) No, no, no, you tell me, I don't want to see the recordings.

(5:38) I trust you.

Speaker 1

(5:39) I say to Lemmy, that's entrapment Lemmy, what you're doing, I've won the cases.

Speaker 2

(5:43) And this was won last year.

Speaker 1

(5:44) This was this year, this was last year.

(5:46) Now Lemmy says, what Lemmy does is he says to my mum and says to me, I've got hundreds of emails, he says to me and my mum, do you know what?

(5:53) Because he put four letters through, they're attacking me for low water pressure because they want to turn the water back on so they can attack me more.

(5:59) Because she sleeps at the tap doing that to me.

(6:02) I've lost a child, I had another woman's head.

(6:04) So what Lemmy done?

Speaker 2

(6:05) How did that end in court anyway?

Speaker 1

(6:07) I've won every case, I've won 39 cases in court.

Speaker 2

(6:10) But you went to court in January this year.

Speaker 1

(6:12) Yeah, I've won every case.

(6:15) No, this is what happened.

(6:17) This is what happened, yeah.

(6:17) Can I explain what happened, please?

(6:20) What initially happened is, I won the first, the first test because they're missing those signatures, but they won't take the conditions off me.

(6:26) Then Lemmy and me, the council allowed them to attack me for two years.

(6:30) Me and my mum put 500 emails in to all the MPs and everyone asking them to protect me.

(6:35) Eventually Lemmy used, **standing right in 16 two years** after and made a lower grade tier 1 offence saying that I threatened him, said I'm going to get him in the park.

(6:44) Lemmy took that seriously rather than all of the other serious concerns, higher one grade listed issues, or any of the past case history.

(6:51) And he used that to his advantage and said OKAY, well I'm putting a possession order in for that.

(6:56) Now because on the phone I said to Lemmy, I phoned Lemmy as he said I'm going to put a possession order in.

(7:01) I said can you explain to me all the case history please?

(7:03) And what's going on here?

(7:06) What the offences are?

(7:07) I said can you go on the computer Lemmy?

(7:09) You can hear Lemmy go on the computer in the recording.

(7:12) I said can you tell me the last date to which an offence has been accused of me?

(7:15) Now this is on the 7th of 2017.

(7:18) He goes into the computer, and he thinks he's smart and he goes, oh January.

(7:23) So I said to him hang on, that's over six months ago.

(7:25) The time limitation at 1980 says that you can't bring any case to anyone after six months.

(7:31) Now Lemmy gets the yump.

(7:33) I break his ass.

(7:34) I said can you call an emergency general meeting Lemmy?

(7:37) Go to the first ASBO folder I've made in your offices, and can you write down, notice there's no signatures in it and then can you call the emergency meeting back?

(7:45) I don't want to go under corruption, but trespass wasn't present.

(7:49) So if you just write your own laws down that there was a miscarriage of justice or an error in law that trespass wasn't present then we forget the whole thing.

(7:57) I'll get a bit of backdated money.

(7:58) I'm going to get my circus tent.

(7:59) I come to the Civic Center with my diary, and we get some events.

(8:02) I'm going to buy a circus tent.

(8:04) If you don't admit to the trespass being present, I'm going to go for the full corruption all your time stamps and your signatures.

(8:09) Now I have a serious conversation.

(8:11) This gives you and your colleagues the chance to keep your jobs, Lemmy.

(8:15) Lemmy puts the phone down because he can't get me to the meeting at the civic Center.

(8:18) He copies the whole of his caseload, and he starts slamming and pasting it.

Now what I've done is I've got a freedom of information request off the council, so I've got everyone's personal history out of the council's computers.

(8:32) Say you're Stan Curtis it says the first time you called, updated second telephone call, first appointment at the civic Center.

Speaker 2

(8:38) So what happened in August then?

Speaker 1

(8:39) Because it says all the Stan's dates I took all of the Stan's dates I took all of the claimant's dates I went and got all of Lemmy's dates he's accusing me for in the possession order and none of them are in there there's like 15, 20 extra where he copied and pasted before anyone even went to the council and made a complaint because he got so upset So how did it end up in court though?

(9:01) This is how it happened

(9:02) this was the possession order that Lemmy put in

(9:06) because Lemmy's copied and pasted possession order

(9:08) I started phoning him saying

(9:09) you've got no signatures

(9:11) you've forged all of this, and you've copied and pasted it

(9:14) so now he gets upset that he's copied and pasted

(9:16) and I've caught him

(9:17) so what he does is he creates an injunction order

(9:19) which is called the first injunction order

(9:21) these are the emails

(9:22) he takes the first injunction order

(9:24) now what he does is he forges his John Ivan statement

(9:27) because he can't get it

(9:28) from the possession order

(9:30) he uses a bio and changes it

(9:33) then on top of that

Speaker 2

(9:34) Lemmy created the witness statement do you think?

Speaker 1

(9:37) Lemmy created the first possession order

(9:40) because I wouldn't go for a meeting

(9:41) he wanted to entrap me

Speaker 2

(9:42) you're talking about the injunction order

Speaker 1

(9:44) no he created the possession order
(9:46) let's get this straight
(9:47) he created the possession order
(9:49) because I would not go and attend a civic Center
(9:52) over criminal offences
(9:54) harassment is a criminal offence
(9:55) I'd already been arrested for it
(9:58) first time I got arrested
(9:59) I won the case

Speaker 2

(10:01) so how did it go from a possession order to an injunction order?

Speaker 1

(10:03) because I started phoning Lemmy
(10:05) after he was saying come to the meetings
(10:08) come to the meetings Simon
(10:09) I'm not coming to a meeting to get entrapped
(10:12) your colleagues have already forged a bullet
(10:14) that's holding me in my house for 9 years
(10:15) I don't want to come to your office
(10:17) come to my house and have a meeting at my house with me
(10:19) Lemmy said I'm not coming to your house
(10:21) I said well if you're not coming to my house
(10:23) I'm not coming to where you've set me up and got me 9 years already
(10:26) plus you've just gone and added loads of stuff
(10:28) copied that and pasted your possession order
(10:31) and added loads of dates into it
(10:33) you can check that they're not on the computers
(10:35) then Lemmy realises
(10:37) that he's messed up
(10:38) so what he does is he gets the first injunction order
(10:41) and he goes and starts calling everyone up
(10:43) and tries to get all brand-new signatures to cover up
(10:46) that he's used dead statements
(10:48) that I've already won
(10:49) so now he needs some live statements because I'm on to him
(10:52) then I show the judge what's happened
(10:54) in the court

Speaker 2

(10:54) so you're saying the statements are falsified
(10:58) by Lemmy

Speaker 1

(11:00) he used dead cases
(11:01) so what he's done is
(11:03) the case got struck out
(11:06) because there was no truth
(11:07) found in it
(11:08) once the case is struck out
(11:12) he re-signs it again
(11:13) then he pays for a fresh application
(11:15) and they re-stamp the same application again
(11:17) now that's illegal
(11:18) it's called abusive processing
(11:20) I won the cases

Speaker 2

(11:21) so when to court in January
(11:24) what did the judge say

Speaker 1

(11:26) the judge agreed with me
(11:29) I've won 30 cases
(11:31) this isn't Lemmy's first one

Speaker 2

(11:32) so the injunction that was issued in January
(11:35) you don't think it's valid

Speaker 1

(11:36) of course it's not

Speaker 2

(11:39) according to you
(11:40) there is no injunction against you

Speaker 1

(11:42) look at the videos
(11:44) proving I never got served
(11:45) no one's let me speak in court since 2016
(11:48) no judge has listened to me
(11:51) Lemmy has just paid
(11:52) for hundreds of applications
(11:53) look at this
(11:54) Lemmy has literally just paid
(11:56) Lemmy has paid for hundreds of applications
(12:00) and he hasn't finned yet

Speaker 2

(12:03) so while that is

(12:04) so you went to court on the 5th of January

Speaker 1

(12:07) I went to court long before the 5th of January

Speaker 2

(12:10) let's just focus on the 5th of January

Speaker 1

(12:12) let's not focus just on the 5th of January

(12:14) let's just listen

(12:15) let's not focus just on the 5th of January

(12:17) let's focus on what Lemmy has done

(12:19) Lemmy falsified the procession order

(12:21) he copied and pasted loads of dates after I warned him

(12:23) on the telephone

(12:23) after he falsified all the dates

(12:27) he created a second injunction order

(12:29) to cover everything up

(12:31) you need to slow down

Speaker 2

(12:33) Lemmy falsified the procession order

Speaker 1

(12:35) yeah

Speaker 2

(12:37) and when he realised, he had messed up

Speaker 1

(12:40) that's what he told me

(12:42) pardon

(12:43) Lemmy created

(12:44) once Lemmy had done the procession order

(12:46) what Lemmy initially done after that was

(12:49) he went and created an injunction order

(12:51) and the injunction order

(12:52) he started to recover the missing signatures

(12:55) the statements that he didn't have

(12:57) for the first procession order

Speaker 2

(12:58) to recover the missing signatures

Speaker 1

(12:59) statements to statements

(13:01) because he's used dead cases
(13:03) the cases that have already gone in court
(13:05) so how can he use dead cases
(13:07) to create a procession order
(13:09) or call me to the thing
(13:11) so now he needs fresh statements with fresh dates
(13:14) so he starts getting the statements
(13:16) and changing the dates on them
(13:17) so they're fresh
(13:18) and puts them in the injunction order
(13:20) I showed the judge, and the judge froze the case out
(13:23) says no Lemmy ain't serving his 5 months

Speaker 2

(13:25) so according to you there is no injunction between

Speaker 1

(13:29) 100%
(13:30) I'll show you the videos now
(13:32) watch this
(13:33) how can I be served if this is what happened
(13:35) I was in the police station

Speaker 2

(13:43) are you eating and sleeping ok

Speaker 1

(13:45) of course I've lived here for 37 years

Speaker 2

(13:47) you feel safe here
(13:48) with all the things that's going on with your neighbors

Speaker 1

(13:50) of course I'm not scared of neighbors
(13:53) I'm in the right
(13:54) I've got justice

Speaker 2

(13:56) because the neighbors are still complaining

Speaker 1

(13:59) the neighbors are trying to set up an injunction
(14:02) they've killed my baby
(14:03) another woman come here
(14:05) me and Katie had another child in this house
(14:08) in between 14 and 16

(14:10) Katie's up the road now waiting to come back
(14:12) but we won't let her bring Mason here
(14:15) because I can't get in that bathtub
(14:16) and have someone banging at me
(14:17) and chasing me around in every room
(14:20) who's chasing you
(14:21) they are upstairs
(14:24) I'll play the videos of what they're doing to me
(14:26) in this house

Speaker 2

(14:28) show me an example

Speaker 1

(14:30) let me just show you an example
(14:31) of what's happening
(14:32) let me just show you an example

Speaker 2

(14:35) show me something

Speaker 1

(14:37) I'm going to show you what's happening to me in my house
(14:39) 2 seconds please
(14:41) my phone is running slow

Speaker 2

(14:45) you've got 5 minutes
(14:45) and we've got to wrap up
(14:48) how do you get on with your solicitor
(14:49) do you have a solicitor

Speaker 1

(14:50) I just took a solicitor on recently
(14:51) she's telling me she's suing the whole lot
(14:53) they're all going to prison

Speaker 2

(14:55) who's the solicitor

Speaker 1

(14:56) I've just took them on
(14:58) I've got the new paperwork

Speaker 2

(14:59) but there was a solicitor representing you before

Speaker 1

(15:02) I've done everything myself
(15:03) I've beat 29 cases
(15:05) let me went to the court case

Speaker 2

(15:08) do you think the solicitor is working for you

Speaker 1

(15:11) I've not even spoken to my solicitor yet
(15:12) I've never had one meeting with her yet
(15:14) the solicitor just took the case on
(15:16) because she looked at the paperwork

Speaker 2

(15:18) what's the name of the solicitor

Speaker 1

(15:19) I'm not too sure
(15:24) give me 2 seconds

Speaker 2

(15:25) I just want to see what the neighbors are doing to you

Speaker 1

(15:28) give me 2 seconds
(15:29) I'm trying to get it all up
(15:33) you couldn't touch me
(15:34) I can go public from any hospital
(15:37) anywhere I am now
(15:38) I've got 20 million emails
(15:39) if you see the state of my report
(15:42) show me this

Speaker 2

(15:44) I've got to wrap up

Speaker 1

(15:48) so what do you do

Speaker 2

(15:49) with your time all day

Speaker 1

(15:50) I've got a book coming up
(15:51) I've been building a constitution
(15:52) which is a festival

(15:53) I've rewrote every policy
(15:54) building a constitution on what
(15:57) this is some of the videos
(16:02) of what they are doing to me in my flat
(16:03) this is Ambrose recently
(16:04) just after I got released after the police station
(16:07) this is what they are doing to me in my flat

Speaker 2

(16:09) what is it
(16:10) I'm going to play it

Speaker 1

(16:12) I've got to turn this video over to this side
(16:15) this is what they are doing to me in my flat
(16:17) this is videos of me inside my flat
(16:20) this is me in my front room
(16:23) this is what they are doing to me in my flat
(16:25) I've got hundreds of videos of it
(16:27) this is a bit dark for a second
(16:29) in a second you'll see it again
(16:32) it's just a bit dark for a second
(16:33) here Adam
(16:36) you know what
(16:37) I reckon
(16:41) I reckon
(16:42) I reckon
(16:42) I reckon
(16:44) I've had 75 times
(16:46) that's my bathroom
(16:48) that's Ambrose he's a mental health patient
(16:50) under the mental health team
(16:51) he's just moved in there now
(16:52) now he's attacking me
(16:55) Ambrose you've just come out of hospital
(16:56) from being sectioned Ambrose
(16:58) he's in the flat upstairs banging and chasing me around
(17:01) on the walls and on the ceilings
(17:04) and everywhere

Speaker 2

(17:04) is that the noise in the background

Speaker 1

(17:07) hear them banging
(17:08) Ambrose they're at my bathroom
(17:11) come Ambrose

(17:13) they're chasing me around in my house
(17:15) I've got hundreds of people asking the police to protect me
(17:18) and they tell me no your parents are obviously telling me screw yourself
(17:20) because they want to protect Pat and Steve
(17:22) who made the first houseboat
(17:23) Ambrose in here Ambrose

Speaker 2

(17:25) show me another video
(17:29) Ambrose in my front room

Speaker 1

(17:30) you in here yeah
(17:31) you following me in here Ambrose

Speaker 2

(17:34) show me another video of your neighbor

Speaker 1

(17:35) look at this
(17:37) I don't have to show you the videos
(17:39) Ambrose I've got nothing but love for you
(17:41) why are you attacking me Ambrose
(17:42) stop attacking me please Ambrose
(17:45) you understand the problem I've got you on camera
(17:47) I've shown you before
(17:48) what they were doing to me in that flat
(17:50) so why are you doing it again Ambrose
(17:53) you have to see the website
(17:55) throw the tape down on the floor Ambrose

Speaker 2

(17:57) show me the injunction
(17:58) because it went back to court in May

Speaker 1

(18:01) I never got served
(18:02) and they're all screaming the judge is telling let me know
(18:04) let me know Ambrose
(18:05) the judge is trying to say
(18:07) let me just

Speaker 3

(18:10) you're a criminal

Speaker 1

(18:12) you're wrong and you deserve to go to prison Ambrose

(18:14) you understand that
(18:17) what you're doing is giving criminal intent

Speaker 2

(18:18) to attack me Ambrose

Speaker 1

(18:20) you're breaching my hearing lights Ambrose
(18:22) and I'm losing enjoyment
(18:25) of my flat Ambrose
(18:26) I can't rest I can't study
(18:29) I can't do nothing because of people like Ambrose
(18:31) come let's go in here Ambrose
(18:32) back into the bathroom Ambrose

Speaker 2

(18:34) and that's kind of orchestrated by them

Speaker 1

(18:36) Ambrose are you here
(18:38) targeting malice public office
(18:40) malice of public office

Speaker 2

(18:41) but at the same time are you still doing it Ambrose

Speaker 1

(18:43) it can't quite be a sentence what he's doing

Speaker 2

(18:45) so you don't think the judge issued the order at all

Speaker 1

(18:48) 100% let me show you the videos
(18:50) of me not being served
(18:55) give me one second, I'd like to be able to refresh this
(18:58) because I'd really like to show you the website
(18:59) and what's actually happening
(19:00) did the council officers put you in here to do this
(19:02) because they explained to you what was happening Ambrose
(19:06) did they answer you when you took him
(19:07) why are you acting in direct circle with them all
(19:10) Ambrose is here

Speaker 2

(19:11) so you're going to show another video of us what

Speaker 1

(19:13) why are you letting them have malfeasance of public office
(19:16) and joining in with the government
(19:18) in their evil intentions
(19:19) when I've shown you my medical records
(19:21) and show you there's nothing wrong with me Ambrose
(19:24) they follow me in every room
(19:25) and talk back to me yeah
(19:26) you can hear them throwing things on the floor
(19:28) and me and them shouting over there
(19:29) Ambrose, I want you to go to prison
(19:33) I want the police or a judge to send you to prison
(19:35) I'm sending this to the supreme court
(19:38) I'm a lady and I'm a woman
(19:40) feel it will help me
(19:41) in the understanding that I'm recording this evidence
(19:43) of what you're doing to me Ambrose
(19:46) I'm giving you the opportunity
(19:47) to stop now Ambrose
(19:49) and to stop what you're doing Ambrose
(19:52) consider it
(19:53) and we won't go forward if you continue
(19:55) to understand what you're doing Ambrose

Speaker 2

(19:58) what does CIC stand for

Speaker 1

(20:00) CIC is Community Interest Company
(20:03) there's six different structures
(20:04) if you can see what you're starting with
(20:07) there's a limited company association
(20:09) there's six different structures
(20:10) and CIC is one of them

Speaker 2

(20:11) so you said something about targeted

Speaker 1

(20:15) malice targeting malice
(20:17) is when a state official is trying to cover up
(20:18) to help somebody else obey justice

Speaker 2

(20:20) so you don't think the case went back to court
(20:23) at all in May

Speaker 1

(20:24) I know that the council
(20:29) struck the first
(20:30) injunction
(20:31) let me look at the first injunction
(20:33) I'm in this front room
(20:34) let me say to Lemmy this is out of order what you're doing
(20:37) you forced the first procession

Speaker 2

(20:38) do you think it's a falsified document then

Speaker 1

(20:40) the first procession order was yes
(20:42) I've got the evidence to prove it
(20:44) the first procession order Lemmy said to me
(20:46) that he falsified that, and I can prove it
(20:48) the second injunction order
(20:52) that's over me
(20:53) supposedly be I'm on the phone
(20:55) in this front room phone in Lemmy and say to Lemmy
(20:57) Lemmy this is out of order Lemmy what you're doing

Speaker 2

(20:59) you don't think it came from the court

Speaker 1

(21:00) can I explain to you what happened
(21:02) when Lemmy was on the phone to me
(21:05) I spoke to Lemmy
(21:07) and I was telling him all the forgeries
(21:09) done under the company in 2006
(21:11) and what he said to me
(21:13) was I'm going to kill your mother and your family
(21:15) when I was recording
(21:17) he's done it more than once
(21:19) when I was looking at the court the other day
(21:21) he'd done it in front of my mum
(21:22) I'm going to ruin your life
(21:24) and then he goes back and says that I'd done it to him
(21:27) that's what he'd done with his second one
(21:29) he phoned me I put the recording there I'll play it to you
(21:31) I said to him I know Katie Willis
(21:33) because I was doing checks on his name to see who he was
(21:36) because he was doing all this to me
(21:37) so I found him as a company director
(21:39) on company house

(21:40) and he said one of the people he had registered with was Katie Willis
(21:44) so I said I'm doing my checks on you
(21:46) because if I had children
(21:47) and I was asking someone to babysit my children

Speaker 2

(21:50) why is Lemmy against you

Speaker 1

(21:52) because Lemmy, Steve and Pat
(21:53) are the ones that made the first ASBO

Speaker 2

(21:55) so do you think all these
(21:57) they're all best friends
(21:58) so Lemmy is working with Steve and Powell

Speaker 1

(22:01) Steve and Pat made the first ASBO

Speaker 2

(22:04) Steve and Pat

Speaker 1

(22:05) and then you've got Sarah Fletcher
(22:07) Cornel and Anjali Kapi

Speaker 2

(22:09) just to get it right
(22:10) they created the first

Speaker 1

(22:12) this is what you would understand
(22:15) because you're a professional person
(22:16) so you're going to understand this language how I understand this language

Speaker 2

(22:19) while we are getting that loaded
(22:21) so the first ASPRO
(22:23) and then the possession order
(22:25) and then the injunction

Speaker 1

(22:26) the reason the second injunction happened
(22:29) the possession order he forged
(22:31) I caught him for that red hand
(22:33) the second one he used to try

(22:35) and get the signatures and some good cases
(22:37) that I hadn't already won

Speaker 2

(22:39) so he tried to use the dead cases
(22:41) to create the injunction

Speaker 1

(22:43) he tried to use the dead cases to win the possession
(22:46) because I had him up for it
(22:47) he tried to make a first injunction order
(22:49) and in that first injunction order
(22:51) he tried to now make cases
(22:53) that I hadn't already won before
(22:55) but he never done a good job
(22:57) so the judge threw the case out
(22:59) because he knew how much public he was in
(23:02) I find him about looking in front of him
(23:04) and then he's putting me down the phone
(23:06) telling me that I'm dead

Speaker 3

(23:07) and he's going to kill my mother
(23:09) and the second that happened

Speaker 1

(23:10) 15 minutes later the police were at my front door
(23:13) they arrested me, took me to the police station
(23:15) the police agreed they can't prove it
(23:18) and what Lemmy's doing is out of order
(23:19) but while I'm in the police station
(23:21) Lemmy sneaks up to the court again
(23:23) and files another application for threats to kill
(23:26) so this whole application
(23:27) is over threats to kill Lemmy

Speaker 2

(23:29) what about the second injunction?

Speaker 1

(23:31) the second injunction is all over threats to kill Lemmy
(23:32) it ain't over none of my neighbors
(23:34) everything else in it is out of the time limitation act
(23:37) the only thing in that folder is threats to kill Lemmy

Speaker 2

(23:40) but it's got the judge's signed signature in it

Speaker 1

(23:42) no there ain't no signatures of the judge
(23:43) the judges haven't signed any of them
(23:45) look, everyone is supposed to have a seal on them
(23:47) and it's supposed to be signed by whoever

Speaker 2

(23:49) but that's an application

Speaker 1

(23:50) this is Lemmy's application
(23:52) this is the whole
(23:55) the injunction hasn't been put on me
(23:56) all it is is an application
(23:59) no I don't, no I don't madam
(24:01) no I don't madam
(24:03) they've not put the injunction on me
(24:05) because they can't see me
(24:07) they're just fortifying this now
(24:09) I've got to go for trials still
(24:10) I've not even had a trial yet
(24:13) it's got to be right there
(24:15) I've never ever
(24:17) I've never even had a trial yet
(24:19) I believe he's not guilty
(24:21) they can't get on me
(24:22) because Lemmy's threatening me
(24:24) I'm going to play the recording to Lemmy at the court
(24:26) and see how this is Lemmy threatening me
(24:28) Lemmy lied and abused his position
(24:30) can I show you what Lemmy's done in his paperwork
(24:33) yeah, look at this yeah
(24:34) on my word, I'm going to bring the word over to here

Speaker 3

(24:36) I'll show you the website

Speaker 1

(24:39) now this is where we can
(24:40) lads let's just get into this and show them
(24:42) what's going on
(24:43) make a nice little bit of cover
(24:46) hang on a second
(24:48) December
(24:50) if there's a justice system
(24:52) and we've got the best justice system in this country

(24:54) that is what is going to happen to us
(24:57) for what you are doing
(24:58) I hope you understand this
(25:00) I'm not going to reload it
(25:02) we live in a United Kingdom
(25:03) the best justice system across the whole wide world
(25:05) this explains what I want to happen to the people
(25:07) I want them to go to prison
(25:09) it's a little story, it's front line
(25:11) that's what you do
(25:11) now what I've done is I've built a newspaper
(25:14) this is about, because I've got 20 million emails
(25:17) this is my about page, so this will have my picture
(25:19) and it explains what this story is all about
(25:21) just in, yeah and what's not
(25:23) then you've got a contact page
(25:24) so everyone can contact us
(25:26) then you've got the global newspaper which is the newspapers
(25:29) because I've got 20 million emails
(25:30) so I can get anyone to block
(25:32) so you can look at the stories behind, you can click on the stories
(25:34) they'll take you in, UK Supreme Court
(25:37) so now I can just, I've got the power to speak to
(25:39) on Black Friday it goes mad
(25:40) I can click on the pages and that
(25:42) so far that's the newspaper that's built
(25:44) you can click and there's the news blog pages
(25:47) and what's not in there
(25:48) this has been done on my phone for a second
(25:52) I haven't got you, I told you I haven't
(25:53) I'm not silly

Speaker 2

(25:54) no, no I'm not saying you're silly
(25:55) you haven't got it doesn't mean you haven't received it

Speaker 1

(25:59) no I didn't receive it
(26:00) look at the video here, get it right man
(26:03) I know you're trying
(26:04) I'll give you 100% spoilers for trying
(26:07) but come on, I'm a successor in life
(26:09) I don't play about, I wouldn't be here
(26:11) telling you stuff like that
(26:12) I'm a logistic person
(26:15) I'm realistic and I'm here
(26:17) to benefit for the future of the children

Speaker 2

(26:18) and the mother

Speaker 1

(26:20) it's very unfair

(26:22) they understand that I'm building my defense

(26:24) this is what I'm doing

(26:26) this is my defense here

(26:27) because I've never had a trial yet

(26:30) they've got to have a trial to be found guilty of something

(26:34) they can't even get me to trial

Speaker 2

(26:36) ok here it is

Speaker 1

(26:39) powers of arrest that is

Speaker 2

(26:41) so that is a power of arrest

(26:42) that's a consequence of injunction

Speaker 1

(26:43) that's a consequence if I

(26:45) if I couldn't prove that I wasn't served

(26:49) then yeah

(26:49) look at this video evidence here

Speaker 2

(26:51) and you tell me I wasn't served

Speaker 1

(26:54) we're going through this anyway

(26:55) let me just show you the video

(26:57) of what's happening

(26:59) so now this is my report

(27:00) so now you can see this here

(27:03) now once you can see the newspaper

(27:04) blog and everything that's happening here

Speaker 2

(27:06) what's that got to do with you?

Speaker 1

(27:08) because this is my newspaper now what it does is this is the wall of shame remember I can touch a phone anywhere so now what this does is here it shows all of their names, and all of the details is it online or what?

(27:23) I've not published it because it's going to make everyone lose their jobs

(27:25) this shows all of your names

(27:27) when news is coming, I'm going to transcribe your recording

(27:29) and this shows all the bad people

(27:31) that have done stuff, this is called the wall of shame

(27:33) then after the wall of shame

(27:34) you've got the evidence room

(27:36) now this is where the pads were really screwed

(27:38) what I've done is all these here

(27:40) I've made brand new digital PDFs

Speaker 2

(27:42) Simon thank you very much

Speaker 1

(27:44) can you have two seconds just to look at this

Speaker 3

(27:46) I've got to go

Speaker 1

(27:49) but look at this report

(27:51) can I just show you this report

(27:52) two minutes, five minutes

(27:53) please give me five minutes

(27:55) come on don't be hard on me

Speaker 2

(27:57) I've got other things to do

(27:58) I came here for a purpose, and I'm done

Speaker 1

(28:00) because you're upset because I transcribed this

Speaker 4

(28:04) there's nothing wrong with me

Speaker 1

(28:06) the recordings here will prove it

(28:08) I look after myself every day

(28:09) you're in a very dangerous position

(28:11) I'm being very polite and saying to you

(28:12) as long as you're a decent person and don't abuse your position

(28:15) I won't write a bad thing about you

(28:18) I've got 98% of my grammar
(28:20) in traditional words
(28:21) I've got the best writing
(28:21) I'll smash all of you to the ground
(28:25) because I'm trained to do that
(28:27) I'm telling you now
(28:29) I've had to go along here now
(28:30) what this does is
(28:31) this here shows all of my evidence
(28:34) this here will show all the picture rooms
(28:37) this shows all the digital books
(28:38) this shows all the disease and recordings
(28:40) this is the first dose
(28:42) this is the response bundle

Speaker 2

(28:44) you spend a lot of time on this

Speaker 1

(28:46) all these open in digital formats
(28:48) what I've done, this is the report
(28:50) let me show you the report
(28:51) which is different

Speaker 2

(28:53) is this what you do all day every day?

Speaker 1

(28:55) I've been building companies
(28:57) this is the report
(28:58) if you go to July 2012, the council sent me a report
(29:01) and told me start filling this report in every day
(29:04) so I started filling this report in every day

Speaker 2

(8:31) Simon, I've got to go.
(8:33) I don't know if these gentlemen have the time to sit and watch the video.
(8:37) I don't.
(8:37) Thank you very much for letting us in.

Speaker 1

(8:40) That's very helpful.

Speaker 2

(8:42) Thank you very much.

Speaker 1

(8:46) What do you think you're going to be putting in your report?

(8:48) That there's something wrong with my mental capacity or that I don't understand what being served is.

(8:52) I don't understand that I've got the videos to prove that I wasn't here when my mum finished.

Speaker 2

(8:56) After this meeting, I need to think about all of this put together.

Speaker 1

(9:00) I have to spend about 10 to 15 minutes Keep your job and do the right thing.

(9:04) A lot of them have lost their jobs.

(9:07) I've got massive solicitor firms behind closed doors.

(9:10) My mum owns Aon Casinos.

Speaker 2

(9:14) Do you own solicitors?

Speaker 1

(9:16) No, my mother owns Jasport Casinos.

(9:19) She has lots of people that help her online.

(9:24) They're building the case behind Lemmy's back and everyone.

(9:29) Can I just show you one of the report pages?

Speaker 2

(9:30) No, not really.

Speaker 1

(9:31) I don't have the time.

(9:34) Don't be upset because you can't take me.

(9:36) I'm not upset.

(9:38) I'm not upset.

Speaker 2

(9:39) We just have to wrap up the meeting.

(9:42) Tell Lemmy he's lost his job.

Speaker 1

(9:43) Tell Lemmy I love him.

Speaker 2

(9:44) I will do.

(9:46) Have a good day.

Speaker 1

(9:50) Tell Lemmy I'm going to go public with him as well when he goes to get his parole.

Speaker 2

(9:54) Thanks for letting us in.

Speaker 1

(9:55) Of course, of course, of course.

(9:57) I wasn't served, remember that?

(10:05) And that judge is going to learn in a minute that I wasn't served.

Speaker 2

(10:08) Have a good day, yous.

Speaker 1

(10:09) You too.

(10:43) They're mad.

(10:47) They know.

(10:48) She knows.

(10:49) She seems like quite an intelligent person.

(10:52) That's what's quite scary.

(10:55) She doesn't seem like me she's given me the cold shoulder because she's going to take me.

(11:00) She's getting the cold shoulder because she hasn't got her own way.

(11:04) How she initiated things to be when she come in it, it hasn't been that way for her.

(11:11) So she hasn't hit her target.

(11:13) That's what I think.

(11:16) She's a smart woman.

(11:17) She listens to enough but then she tries to detour it and to rewrite it.

(11:24) When she's trying to patch, she can't patch me.

(11:27) I'm just like, no, it ain't the way that you are saying it.

(11:30) This is the way that it is.

(11:33) She is a smart woman, and she knows that she's had it.

Speaker 1

(11:40) You put me in a hospital the whole hospital will be burning the hospital down.

(11:44) Or you put me in any prison, and I show everyone all this paperwork in a prison.

(11:49) They've killed my baby and what they've done that fucking prison will end up burnt down on the fucking floor.

(11:54) Every man in that prison and every man in the hospital is an innocent man.

(11:58) And I've got the paperwork to prove that the government officials set us all up.

(12:12) That hospital wouldn't survive.

Speaker 1

(12:46) She's at my front door today like that before.

(12:49) She's coming on some random when she wants to come to my front door.

(13:53) She will lose her job instantaneously because my solicitor has already put through for a private report.

(14:00) Past the private report, I had the NHS come in.

(14:03) Not the other day when they didn't come in, but I had them in two days before that.

(14:11) And they all said that I was nothing on me.

(14:12) Then I had the NHS in here like a month ago and they said there was nothing.

(14:16) Do you know how many?

(14:17) 75 times to be checked by doctors, to be told there's nothing wrong with you is a massive problem.

(14:34) The best thing is I'm not showing them that I'm not being served.

(14:38) I'm not giving them the time.

(14:39) I want to go to trial and destroy these **cunts' lives**.

(14:54) If they've done it to anybody else's children, I would go to court for their children as well.

(14:59) That's what I thought I got paid for.

(15:09) We're all different people here.

Speaker 1

(15:31) They're coming to my fucking house for what?

(15:50) Oh my god, I've just noticed something that's happening over here.

(0:30) I don't even want to let them in my fucking house.

(0:34) I better sneak in.

(0:35) It's not like that.

(0:42) What the fuck's happening here?

Speaker 2

(0:58) That thing, I can't even see anything.

(1:24) Why?

(1:32) She won't even let me show my report.

Speaker 1

(1:57) What the fuck?

(2:04) What the fuck?

(2:05) What the fuck?

(2:06) What the fuck?

(2:06) What the fuck?

(3:20) What the fuck?

(4:09) What the fuck?

(4:09) What the fuck?

Speaker 1

(4:56) I thought doctors were coming, I thought they're supposed to be coming Tuesday.

(5:26) Hold on, these doctors, they've just come through my house again.

(5:34) I thought it was Tuesday.

Speaker 1

(5:36) She's quite bitch, in her attitude, she's trying to get me taken away.

(5:41) Trying to take me away.

(5:42) I'm putting it on her, she's just not listening.

(5:44) There's an argument.

Speaker 1

(5:45) The two blokes are sitting there listening.

(5:47) The two blokes are sitting there listening, knowing what's going on.

(5:51) She's inquisitive in her conversation.

(5:54) But she's trying to steer the case to putting me into a nutty hospital.

(5:58) I'm telling her, you're nuts, basically.

Speaker 3

(6:00) Shut your mouth, I'm having to put it on her. Shut your mouth, man.

(6:02) Listen, you're all mad.

(6:04) I'm covered in evidence.

(6:06) You need to walk away from me, basically.

(6:07) Before you lose your job, like Lemmy's.

(6:10) Don't lose your jobs.

(6:13) I'm like, listen, do me a favour.

(6:15) Please keep your job.

(6:18) That's what I had to tell her.

(6:19) I said, please do me a favour.

(6:21) Please keep your job.

(6:22) Don't end up like these lot.

(6:24) Because when it comes to probation time, I'm going to be writing to keep them in there for and longer.

Speaker 1

(6:31) Three of them.

(6:32) Two males, and I think...

(6:35) One doctor and two council workers.

(6:41) I've done it with two council officers.

Speaker 1

(6:44) Telling them straight, I'm going to screw you up properly.

(6:51) I've got their names on...

(6:53) I've got their names on recording.

(6:55) They're listening to my whole case and gathering my whole defence with me.

(7:02) I'm saying, why are you two here?

(7:04) The council officers are with the police.

Speaker 1

(7:06) Why haven't they got the right to do all that?

(7:09) The judge has ordered this, saying I don't understand.

(7:11) Where's the powers of arrest?

(7:13) I don't give a fuck about your powers of arrest.

Speaker 1

(7:14) I won't serve away in my house.

Speaker 1

(7:25) Yeah, I've got two council officers and they're listening to my whole case and all my defence and everything.

(7:30) And what I'm going through.

(7:31) They're friends with Lemmy.

(7:32) I asked them, are you friends with Lemmy?

(7:33) And they said, yeah.

Speaker 1

(7:40) So I took their names off their badge cards.

(7:45) And I'm recording them.

All Rub Below

This was all missing I believe

Do you think that your neighbours are working in conjunction with the work you to observe now?

Speaker 1 [00:30:03] What's happened? They stand, have over 1000 meetings with Let. Yeah. And let me have one meeting with me. What needs to happen is there's 500 emails to the employees and the council will show you the books, not here. Now, once that once that's

Speaker 2 [00:30:14] happening, let me use this. Sorry, let me use a guy from the Missouri protests.

Speaker 1 [00:30:19] Let me start it. Infill times when August 2016

Speaker 2 [00:30:22] so well, let me get this straight. So you are telling me that then fifth counsel, the police authorities are all working on

Speaker 1 [00:30:32] the occurrence when the Metropolitan Police have no signatures.

Speaker 2 [00:30:35] OK, I got that, but I hold him in my house and

Speaker 1 [00:30:39] say, we're on

Speaker 2 [00:30:41] assignment. I'm trying to clarify certain things I've done before that you haven't got the signatures, but also in terms of what your neighbours are saying. Do you think it's a conspiracy?

Speaker 1 [00:30:51] What what happened is that Donald Trump, it was not a conspiracy and stop on switch to you, one that is 100 percent no secret, she said. They would like to cover up what they've done and not face disciplinary action. They do not want to face disciplinary action for their actions.

Speaker 2 [00:31:05] So this

Speaker 1 [00:31:05] is a different issue and a disregard for justice

Speaker 2 [00:31:10] towards something that we disregard for justice. So do you think the neighbours know what they kind of look for? Why would they work with the police?

Speaker 1 [00:31:18] Because the police allowed my personal data to go out. Now are hundreds of recordings here, about 200 on here of 20 million emails and over 500 fires.

Speaker 2 [00:31:29] Why would the neighbours, what windows do they have?

Speaker 1 [00:31:31] Because they live next to me and everyone spreading the disease?

Speaker 2 [00:31:34] So do you think the neighbours?

Speaker 1 [00:31:35] I've a woman, the council spreading, not a woman or a woman, a disease. We mean that women have never argued in our

Speaker 2 [00:31:42] which woman,

Speaker 1 [00:31:42] Shannon, let's say, showing a woman that your friends went on for eight months. Pay in the kitchen, the kitchen quiet that downstairs. I'm going to sue you for every time when I'm with her. Yeah, I said I was when I was like to keep quiet. She's I the baby, the big baby. Spectrum's not done upstairs, so I go upstairs like all the walls are retired. She's been with some black boy for the last two years. It's been beaten up, so. So you asking me to answer questions? I mean, you're telling me not to.

Speaker 2 [00:32:08] I'm just I'm just trying to clarify it. I'm not stopping you just to make sure I get the facts right. So do you think the neighbours might have an interest in getting me out of this property?

Speaker 1 [00:32:16] 100 percent why? Because I. Because they attempted to murder me in the beginning. Attempted manslaughter on the part to allow them to do that.

Speaker 2 [00:32:24] Why would they want to murder you? Do you want to see the videos? Why would they want to?

Speaker 1 [00:32:28] Because the police, because the government started spreading the disease and a woman are so stunned. My medical notes and all of my hospital notes. In 2014, they asked to see them again to confirm that they were real, and he knew that there was no problem with me. The character who left Debbie upstairs, we got her two skinny Dark-skinned children taken off of her for mental health reasons, moved them into our hotel and moved her back. When I'm telling everyone on the recordings what she was doing to me

Speaker 2 [00:32:52] and they said, Yeah, when the court gave you an injunction based on what the neighbours told you, you

Speaker 1 [00:32:57] can listen to what happened here, please. Could you keep saying? See, you don't understand the case history? My mom sent 500 emails like that. Now, on the last pages, it says, Let me let me say the right thing for me in this a to start, let me write my mom up to the forefront of being merciful if I thank them for me and other civic centre. In regards to the case of Stan, he's going to put P.S. order in the case of Stan. I'd already won a client call. Now I got a

Speaker 2 [00:33:24] message What case was I, Woodstock?

Speaker 1 [00:33:27] I told you that stands at our city and we're going to get you in the park. You got me arrested for it. Yeah, no. Because of that day, I'm going to get you in the. State. You got me arrested, Stan. There's like 500 emails in each of Syndicats who to do Allen, Jackie, be the way he's all the official people. Yeah. And then because they want to cover up, they give me the case. Let me take it on the page and let me say as well. And he gets the death cases. He thinks I'm stupid and he says, But if you don't come from me in the civic centre about these dead cases, we're going to put a possession order in for your flight. I said to him, You can't do that. I've already won. The cases are won the George case and I'm stripped his computers. We a freedom of information. So now I got all of his personal notes. Now he's messaging to Nietzsche and Jean by the witness care team. He's messaging him and can Nietzsche, where he's my manager, my nephew wrote in and notes the first message let me go was silence one. The case is now Canete. You are let me go and manager says, Can you go to stand fast and give him an instant diary and tell him the sign was going to be coming back? He's no longer in power. So let me knew in his head that Jean told him that I won the case. So now let me say to my mom few that come to my house about these dead cases. We're taking your flat of you. So now I find out. I mean, when my mom, right, told them he likes me, but you can see him and we say, this is all that's entrapment. Let me, I've got the recordings here are playing here, and then

Speaker 2 [00:34:51] I know you tell me I don't see that I trust you to let

Speaker 1 [00:34:54] me. That's entrapment. Let me what we're doing. Yeah, I won the case

Speaker 2 [00:34:58] last year and

Speaker 1 [00:34:59] this was this was this year. This was arson. Now let me say, let me, he said to my mom and said to me, at least hundreds of he to me and my mom, Do you know, because Fola is free? They're attacking me for this because they don't have time to a background so they can attack me. Mukasey speech at a time doing that to me. I've lost a child. I have a mother who is not, well, let me turn it up.

Speaker 2 [00:35:21] How did that end in court anyway?

Speaker 1 [00:35:22] Well, I won every case. I won 39

Speaker 2 [00:35:24] cases. But you went to court in January this year.

Speaker 1 [00:35:27] I won every case, but I kept trying to find out if this is what happened. This is what happened.

Speaker 2 [00:35:32] Yes. You bet.

Speaker 1 [00:35:33] I can explain, please. Complaints were actually happening are one of the first and the first times because they're missing those signatures, but they won't take the conditions off me. Then let me give me the to allow them to attack me. For two years, minimum of 500 emails in which all the employees and everyone asking them to protect me eventually led me used stun within six two years after I made another great year one offence, saying I threatened him, said I'm going to get him in the park. Let me take that seriously. You've in all of the other serious concerns, high one great district issues or any of the past case history. And he used that to his advantage and said, OK, well, I'm painting a possession order for that now because on the phone, I said to lend me our phone, let me as he said, I'm going to possession. And I said, Can you explain to me all the case history, please? Yeah. And what's going on here? You know what the offences are? Let me says to ask, can you go on the computer and you can hear, let me go on the computer in the recording? I said, Can you tell me the last date to which an offence is been accused of me? Now this is on the 7th of 2017. He goes into the computer, I guess. And if he thinks he's smart, he goes, Oh, Jan, so your said you? That's so. It was six months ago. The Time Limitation Act 1980 says that you can't be, in any case, 21 after six months, right? Yeah. Now let me just jump in. Break a break is asking, can you call Emergency General Meeting? Let me go to the first letter made in your offices? And can you write that slightly so there's no signatures in it? And then can you call the emergency meeting? But I don't want to go on to corruption, but trespass wasn't present. So you just write your own laws then that there was a miscarriage of justice on every law. That trespass wasn't pleasant. Yeah. Then we forget the whole thing or get any money. I'm going to get my surplus. 10 are coming to the same extent with my diary and we'll get some events. I'm going to buy a circus tent. If you use the pandemic to the trespassing question, I'm going to go for the full corruption, all your time stamps and your signature. Now I have a serious conversation this this gives you and your colleagues the chance to keep your jobs. Let me let me put the phone down because you can't get me to the meeting at the Civic Centre can't use the whole of his case, and you start slamming and pasting and copying and pasting it all in this way. Now what I've done is a Freedom of Information request of the council, so I

put everyone's personal history at the council's computers. So now you say your staying party says the first time you called up the second telephone call first appointment to see

Speaker 2 [00:37:52] what happened in all this then.

Speaker 1 [00:37:54] Now, of course, of course, it takes a lot of face up to understand the states. I took all of the claimant states now. Ah, when I got word of let me state, yeah, he's accusing me for in the possession order to steal my flatfoot. And none of them are in their lives like 15 20 extra where you copy and paste before anyone even went to the council made a complaint because he got so upset.

Speaker 2 [00:38:14] How did it end up in court?

Speaker 1 [00:38:16] This is how it happened now. When I went to college, this was the processional. Let me and now let me know. Of course, let me just put it in the patient section where he asked, I find him saying, You've got no signatures and you forged all of this and you've copied and pasted it. So now he gets upset that he's copying and pasting of court. And so what he does is he creates an injunction order, which is called the first injunction of the year. These are the emails he can take the first injunction now. What he does is he forges a strong, open statement because he can't get from the processional order, the abuses of power and changes. Then on top of that,

Speaker 2 [00:38:49] then he created the witness statement.

Speaker 1 [00:38:52] But let me let me create the first processional that you have because I'm going to go for me and you want me to interrupt me for

Speaker 2 [00:38:57] talking about the injunction order and he created.

Speaker 1 [00:38:59] He created possession. Let's get this straight. Let's not let me stop what he's done. He created a possession order because he would not go and attend to some extent over criminal offences. Harassment is a criminal offence. I'd already been arrested for it. First time I've got arrested. Yeah, I won the case.

Speaker 2 [00:39:15] So how did it go from a possession order to an injunction?

Speaker 1 [00:39:18] Because I started filing slowly after, after, after you were saying, come to the me and it's time to let me in, so will come to the meetings. I'm not coming to me into getting trapped. Your colleagues have already forged nice, but it's holding me in my house for nine years. I don't want to come to your office, is coming to my house and I have a meeting of my house with me. Let me let me say I'm not coming to your house. I said, Well, we've not come too much more coming after where you've set me up and got me nine years already. Plus you've just gone an added loads of stuff in tonight. Copy and paste your possession. And I did loads of dates into it. You can check on the computer now and then let me realise this is messed up. So what he does is he gets another first, the first injunction order. And he goes and starts calling everyone up

and tries to get all brand new signatures to cover up that he's used dead statement stuff already won. So now he needs some life statements because I'm on to him, then asking the judge what's happened in the court. The judge does his taxes now.

Speaker 2 [00:40:11] So you're saying the statements are falsified?

Speaker 1 [00:40:13] Let me turn, is he he? He used that cases. So what he's done is the case got struck out. Yeah, yeah. Because because there was no jury found in it that he was. And then once there, once the case he struck out, he resigns again. Then he pays for fresh application. They restart the same application again. No Los Amigos could abuse a process if I won the case.

Speaker 2 [00:40:36] So how did it go? The management to court in January that you attended, one of the judge said

Speaker 1 [00:40:41] the judge agreed with me. The judge agreed to judge. Yes, the judge agreed. I've won 32 cases this season, let

Speaker 2 [00:40:46] me say first, one said the injunction that was issued in January. You don't think it's valid.

Speaker 1 [00:40:51] Of course it's not. Of course, it will look at the future, but

Speaker 2 [00:40:55] there is no injunction.

Speaker 1 [00:40:56] No, no, no. Look at the videos to look at the figures proving I never got no one's let me speak in court since 2016. No judges listen to me. I mean, let let me just play for hundreds of applications. Look at this here. Let me as Nick. She just paid for about 10 million people. Yeah. Let me just pay for hundreds of applications. And he hasn't and he hasn't found, yeah.

Speaker 2 [00:41:18] So while that is being set up, so you went to court on the 1st of January,

Speaker 1 [00:41:22] I went to court one before the trial

Speaker 2 [00:41:24] and now let's just focus was on the fifth agenda because, you know, let's

Speaker 1 [00:41:27] not forget, we started on the 5th of January. Yeah. And let's just listen up the national focus just on the 5th of January. Let's focus on what Lemmy has done. Let me falsify the possession order. You copy the piece as long as it takes after I want him on the telephone. After after he falsified all of the dates in the thing, he created a second injunction order to cover everything up. Then the judge, you

Speaker 2 [00:41:46] need to slow down. Let me falsify the first possession order. Yeah. And when he realised he had messed up. That's what you told me.

Speaker 1 [00:41:58] Let me call you once limit on the possession order. What led me initially down after that was he went and created an injunction order and the injunction order starting. He started to recover the missing signatures in the statements that he didn't have for the first to

Speaker 2 [00:42:12] recover the missing signature

Speaker 1 [00:42:14] statements. The statements, because he'd used that case is the cases I've already won in court. So how can you use that cases to reach for your possession order or call me to this thing? So now he needs first statements with fresh dates. So you start to end the statements and changing the dates on them so they get fresh and put some in the injunction order. I'll show you the judge and we just froze him, froze the case and says, No, let

Speaker 2 [00:42:39] me serving responding to you. There is no injunction between the no injunction against 100 percent.

Speaker 1 [00:42:45] I'll show you the video is now that watch says, How can I be served if this is what happened? I was in the police station. This is what am

Speaker 2 [00:42:58] I eating and sleeping, OK?

Speaker 1 [00:43:00] Of course, I've lived here for seven years.

Speaker 2 [00:43:02] You feel safe here. I'm fact all of the things that's going on. I'm not scared. You're not scared of neighbours.

Speaker 1 [00:43:07] More and more scared of coming the riot. I mean, I've got justice. I'm not, have you.

Speaker 2 [00:43:11] Because the neighbours are still complaining that you all the

Speaker 1 [00:43:14] neighbours are from. The neighbours are trying to set up an injunction today because of what they have killed. My baby, me and another woman, come here. You come in. Me and Katie had another child in this house in between 14 and 16 keys up the road, now waiting to come back to this house. But she won't. We won't bring my son here because I can't get in the bathtub and have someone banging at me and chasing me around and every woman in every day

Speaker 2 [00:43:35] raising you to,

Speaker 1 [00:43:36] they are upstairs. So the mafia begins to play the features of what they're doing to me in this house. You're going to be saved

Speaker 2 [00:43:43] me an example.

Speaker 1 [00:43:44] Tom Parker, let me just show you an example of what's happening. Okay, that's fair. That's Ben. Let me just show you an example. OK, you want

Speaker 2 [00:43:50] to show me something, just any chance I'm going to show

Speaker 1 [00:43:52] you what's happening to me in my house? Yeah, two seconds, please. Nick, my phone is slow and running slow as well

Speaker 2 [00:43:59] because you got five minutes and you've got enough up. Yeah, OK, give me two. So how do you get on with this? Do you have a sense?

Speaker 1 [00:44:05] I just took a series on recently and she's telling me she's suing all of Lebanon's prisons. She's going over the case that my whole department's disaster artist took them on their own. I've got the new paperwork season,

Speaker 2 [00:44:15] but there are also some stories representing you before

Speaker 1 [00:44:17] I've done everything myself. Twenty nine cases let me went to the court case and what led me down was,

Speaker 2 [00:44:23] do you think the is working for you?

Speaker 1 [00:44:25] And I spoke to my sister. I've never had one meet in my life. It just it just took the case of. But she said that she looked at the paperwork. That's now the sister. I'm not too sure my mom's telling me. OK, give me safe citizens

Speaker 2 [00:44:40] trying to get near. I just want to see what the neighbours are doing to you, if you see

Speaker 1 [00:44:43] something, I'm trying to get along. You're going to touch me, you know, how I can go public from any hospital, anywhere I am now, but 20 million emails. I wonder if we see the state of my medical model over here and

Speaker 2 [00:44:58] show me this. I've got to get some symptoms with them. OK, so what do you do with your time all day?

Speaker 1 [00:45:05] I've come up to believe in the Constitution, which is the festivals I've rewrote, every policy making

Speaker 2 [00:45:10] machine, the constitution and what

Speaker 1 [00:45:12] you see. I see you, Terry, and show you in a second. This is some of the figures of what they're doing to me and my club, and this is Ambrose. Recently, just after I got released after a police station here. This is what they're doing to me.

Speaker 2 [00:45:24] What is it? I can't.

Speaker 1 [00:45:25] I'm going to play on growth and opportunity speed Expedia over to this site because I'm on top of the screen and this is what they're doing to me and my friends. And I promise this is videos of me and some of them. So this is me and my father used. You bring me around in my flambeaux. What you and what are the hundreds of videos of? What are they doing? This is going to be tough for a second and the second you see it again and you say, Yeah, know it's just a bit dark for a second here, Adam. I'm afraid I'm going to

Speaker 2 [00:45:55] time to set you up. I reckon. I reckon the

Speaker 1 [00:45:57] price range is about 75 times that you

Speaker 2 [00:46:01] what is that?

Speaker 1 [00:46:02] That's my bathroom, and that's Ambrose. He's a mental health patient under the mental health team. He's just moved in and now copying the rest of them. Now he's attacking me from the U.S.. No way, no. Now he's in the upstairs opinion. Chasing me around and on the walls and on the ceiling was an MP. When I put

Speaker 2 [00:46:20] the noise in the background, his

Speaker 1 [00:46:22] head and buying investment bankers and my friends come out of those chasing me around in my house. I got hundreds of fakes in the office in the space of 10 minutes and you know, your kind of assumptions and you screw yourself because they want to stay. You can make the best. And that's but I'm broke.

Speaker 2 [00:46:39] So if you can show me another video

Speaker 1 [00:46:41] of a man coming up in a second

Speaker 2 [00:46:43] says this is one of those the Muslim

Speaker 1 [00:46:44] community members of all the neighbours

Speaker 2 [00:46:48] wanted to show me another video of your neighbour

Speaker 1 [00:46:51] looking. There's nothing left to say in videos. I'll show you a whole Typekit. I'm going to love you while you're talking miembro. So the time to be free zero films, you understand the camera, so you before. That's what they were doing to me. So why are you doing this again and gross? You have to see the website to see if you go to the store

Speaker 2 [00:47:11] and so busy with the injunction because it went back to court in May.

Speaker 1 [00:47:16] I never got served and there was screaming at is telling Let me know, I say I'm gross. Let's just try to save you a woman who knows you just fine. Let me just stop there. No, the that we just started in security improvement instead

Speaker 2 [00:47:33] of investing was just necessary

Speaker 1 [00:47:35] to my son. Let me let me start losing my dreams. Can you start me your calling out? Because they call it malice when another story broke into the bathroom and promised to help another?

Speaker 2 [00:47:49] And that's kind of orchestrated by LeBron.

Speaker 1 [00:47:51] I'm telling you that it's targeting Malik's public office now. Melissa Melissa, where you say that you still do you sense what he's doing?

Speaker 2 [00:48:00] So you don't think the judge issued the order?

Speaker 1 [00:48:03] Let me say the feature is not being served. Give me money, that's what I'd like to be able to refresh this because, I mean, let's show you the website and what's actually happening because this is what you do is very strange. Was our new numbers the year after you went? You some with

Speaker 2 [00:48:24] window, so you couldn't show another video on March

Speaker 1 [00:48:27] one. And you might not be so highly confident and really saying, This is what I'm showing you. My medical records show you there's nothing wrong with mammograms. They follow me in every moment, but in the end, you can have a front facing flaunting them. They're doing. It was one of those only to go to prison or when the police were just to say, No, please, I'm sending it to the Supreme Court. You can really help me in the understanding of including this evidence of what you're doing to me. I'm giving you the opportunity to stop now. I just think what you're doing is you're atrocity and I will continue on the what you're doing on most this challenge.

Speaker 2 [00:49:12] So I'm trying to sort of see as you stand for,

Speaker 1 [00:49:15] you've seen us use Community Interest Company, there's six different structures where you see what you saw and how many stories about the emotion. There's an email from the Association of six different structures. Going CRC is one of them.

Speaker 2 [00:49:27] So you said something about Typekit said.

Speaker 1 [00:49:30] Man is talking about this is going to state officials trying to cover up to help somebody else.

Speaker 2 [00:49:35] So you don't think the feds went back to go court in May?

Speaker 1 [00:49:39] But I know that the police went to an unknown to the council. Let me look at the parents who struck the first injunction in the first instance. I mean, this one, my friend. Let me say to let me, let me. This is out of all of your doing. You forced the first position

Speaker 2 [00:49:53] is, do you think it's a falsified document that

Speaker 1 [00:49:56] the first professional to support the evidence? Prove it. Let me in the first processional. The let me said to me they falsified that CV. Secondly, optional the usual. That's all you really supposed to be on the phone the next month. And finally, let me ask you to let me know. I mean, this is out of order.

Speaker 2 [00:50:13] Let me what you're doing. You don't think it came from the court.

Speaker 1 [00:50:15] What actually happened can explain to you what happened, but let me come here when the mic was on the phone to me. I spoke to let me and let me ask 10mm about the fraud. Forgery is done under the Companies Act 2006, and what he said to me was, I'm going to kill your mother and your family when I was.

Speaker 2 [00:50:31] Well, let me try to

Speaker 1 [00:50:32] run one of them. It's doing more than what it is. Well, given that the recall, the number there you are going to kill you and ruin your life, I'm going to ruin your life. And then he goes back in and he says that I've done it to him. That's what I've done with the second one. He fired me. I quit reporting there. Play it to you! I said to him, I look at you with this because I was doing checks on his name to see who he was. Yet because he's doing all this to me. So I fired him as a company director or somebody else makes it on one of the people that you registered, Willis. So I said, you know, I'm doing my checks on you this because if I have children, I know there's also some of the biggest

Speaker 2 [00:51:04] challenges within me against you won't win because let me,

Speaker 1 [00:51:07] Steven, are the ones who stands for. Now, Steven,

Speaker 2 [00:51:11] so do you think all this that all persuasions and I I was lucky with Steven Paul.

Speaker 1 [00:51:16] Steven may even just ask by Steven back.

Speaker 2 [00:51:19] Yeah.

Speaker 1 [00:51:20] And then you've got Sarah Fletcher all set up

Speaker 2 [00:51:24] just to get it right. So the story? Let's go first, describe

Speaker 1 [00:51:29] what you would understand because you're a professional person, so you're going to understand this language. How I understand this language.

Speaker 2 [00:51:34] Okay. Getting that loaded. So the first ASBO and then the possession order and then the injunction.

Speaker 1 [00:51:41] But let me tell you the reason the second injunction happened. These because the judge threw out the protection order. Reforged Yeah. Yeah, put in for that right time. The second one, he used to try and get the signatures and some good cases got one. Now, having already won.

Speaker 2 [00:51:54] So he tried to use the death cases to create the injunction

Speaker 1 [00:51:57] in the possession. He tried to use a dedication to win the possession, which was on Friday, March three. He tried to make a first injunction order and then the first injunction that he tried to now make cases that I haven't already won before. Yeah. He never done a good job, so the judge threw the case. Then he won because he knew how came to my room because I'm fighting him about it in front of him. And he took me down the phone telling me that I'm coming. My mother is not reasonable. Fifteen minutes later, the police at my front door they arrested me, took me to the police station, said that they put a piece of agreed. They can't prove it and what is doing is out of order. But one I'm in the police station. Let me sneak up to the court again and files another application with every detail. So this whole vacation is over threats to kill me.

Speaker 2 [00:52:44] You have to say I won the second injunction.

Speaker 1 [00:52:45] The second injunction is all over me. None of my neighbours. Everything else. And it is the time limitation and the only thing I'm not proud of is to kill them.

Speaker 2 [00:52:54] But let's go to the judge's sign and signature, and

Speaker 1 [00:52:56] it basically shows up the judge the judges have to any of them. Look, everyone is supposed to have a pseudonym and it's supposed to be signed by him,

Speaker 2 [00:53:04] but that that's an application.

Speaker 1 [00:53:06] This is a misapplication. This is the hope the injunction can be put on me if you can not be enforced on one side of things, not only about the environment. You know, one thing you I mean, when you come in when I did not put an injunction on this issue of attraction is I've got a sense that we can do it and just fortifying is for trials to have it against President Musharraf. I've never, ever, ever used to me on drugs. I've never even had a flying where I pleaded not guilty, all of my family, and they're going to kill me because they hate me and I'm afraid I'm going to pay them, including killing me at the pool. You see, I this is let me, let me let me light and abuse this position, and I'll

show you what. Then he's done and he's paid for. Yeah. Look at this year on my way to life in the world over here. The West is, I'm telling you now this is what we just because you have to just get into this and show him here that what's going on here, recognised by a picture of hover here and a second December statement, if there's a justice system for the best justice system, always found it. I have no idea what you are doing or if you understand this sort of thing. I'm not going to read the press trust the court system, of course. Basically, this explains what happens in the people we end. I wanted to go to prison. It's a little story. It's frontline. That's what you do now. What I've done is I've to a newspaper so that this is about because I got 20 million and that's an issue about pay. So this will have my picture and explains what this story is all about. Justin? Yeah. So then you've got a contact page, which so have contacts, then you've got the global news page, which is the newspapers. Yeah, because I've got 20 million e-mails so I can get anyone to plug so you can look at the stories behind. You can click on the stories that take you in the UK Supreme Court. So now I can just put power to speak to Black Friday goes month and click on the page and that. So let's say, aha, that's a newspaper that's built here. They're saying that you can click unless the news blog page is and what's not in there. This has been done on my phone for seven years. I haven't thought I told you I haven't, but I'm not selling.

Speaker 2 [00:55:09] No, no, I'm not saying it's silly, but let me let me. You haven't got it. Doesn't mean you haven't received it.

Speaker 1 [00:55:14] No, I haven't received it. I was looking to feature here. Get it right, man. Come on down. Know you're trying. Give you 100 percent spoilers for trying to comment on the successor in life. I don't play a part. I won't be telling you stuff and I to be a lot going to pick. I'm going to change course. Yeah, I'm realistic and I'm here to make sure that doesn't exist. They are 43. I'm. They understand I'm building the code by doing this is, you know, they haven't been given it because I've never had a trying year. I have a child to be found guilty of something since I don't even get me to trial.

Speaker 2 [00:55:51] OK, I had a

Speaker 1 [00:55:52] decision to reverse and powers of arrest.

Speaker 2 [00:55:55] That is that is a power of arrest as a consequence of injunction.

Speaker 1 [00:55:58] That's a consequence. If I can't

Speaker 2 [00:56:00] reach the injunction or

Speaker 1 [00:56:01] if I weren't going to prove that I didn't serve, then yeah, I look at this video evidence here and then you tell me I will support my assessment because people can. Anyway, let me just show you the videos of what's happening. Yeah, so now this is my report, and then you can see this here, crime here. Now, once you can see the newspaper blocking everything that's happening here.

Speaker 2 [00:56:21] Well, I've got to do it here

Speaker 1 [00:56:22] because this is my newspaper. I own a newspaper. That's not what it does it now. This is the wall is saying. This is what all these things that we can't stop and remember and touch upon anyone. So now what are these charges here? It shows all of their names and all of the details now.

Speaker 2 [00:56:36] Why is it online on this?

Speaker 1 [00:56:38] I have not published it because it's going to make it for these networks and then shows all of your names today. When these are coming, I'm going to transcribe your reporting and these shows all the bad people that thumbs up this quarter were all the same. Then, after the wall of Shame, you've got the evidence from now. This is where the parts were really screwed. Yeah. What I've done is I owe these here. I'm a brand new digital PD expert.

Speaker 2 [00:56:57] Simon, thank you very much for the.

Speaker 1 [00:56:59] Community Service just to

Speaker 2 [00:57:00] look at these pictures and hopefully go

Speaker 1 [00:57:02] more often. Yeah, but look at this report. Yeah, it's hard to say this report. The report by two minutes, five minutes, basically five minutes, one minute, five minutes come from department.

Speaker 2 [00:57:11] Now I've got other things to do. I came here for a purpose and I'm done because you're

Speaker 1 [00:57:15] upset because I want to. Because what? I'm trying to spark this idea of a

Speaker 2 [00:57:18] second for you.

Speaker 1 [00:57:19] There's nothing wrong with me. And you heard our reporters here have a look at the way you want to say things about this. And I'm being very polite and saying, you know, what is your piece of person? I don't condone abuse your position. I won't

Speaker 2 [00:57:32] say that you've been

Speaker 1 [00:57:33] upset over 90 percent of my friends or traditional words. I want one. You must be himself. We say now we don't trust our social media to the way because I'm trained to do that. Yeah, yeah, no. Now I'm telling you now, you know, I've had to come along here now this. What this does is say, I made this exercise all of my evidence. Yes, and this here will show you the picture on these shows. All the digital books, these shows, all the stuff that was going to disease and record is this is the first by this is the response bundle. Now these are all these books like you

Speaker 2 [00:57:59] spend a lot of time, all these

Speaker 1 [00:58:01] to all these iconic digital formats and that they want. And this is the report. Now here, let me show you the report, which is different.

Speaker 2 [00:58:07] To sit, this is what you do all day long.

Speaker 1 [00:58:10] I've been building companies and learning how to programme. This is the report said. We go to July 2012. The council sent me a report and told me, Start filling this report and everything. So I've been in this reporting assignment.

Speaker 2 [00:58:20] I've got to go. I don't have these gentlemen have the time to sit down and watch the video. I don't. OK, thank you very much for your time. OK. That's very helpful.

Speaker 1 [00:58:29] Appreciate that, right? Yeah.

Speaker 2 [00:58:31] Thank you very much. But.

Speaker 1 [00:58:34] And what do you think are going to be put in your report that there's something wrong with my mental capacity and I don't understand what being served these or I don't understand. I've got two features to prove that I wasn't able to make

Speaker 2 [00:58:44] you know what I need after this meeting. I need to think about all of this put together. I will say, if you spend about, then keep your

Speaker 1 [00:58:51] job and keep you from doing the right thing, I'll tell you. A lot of them have lost the illusion that drugs are massive sex offenders behind closed doors that cause my mom and my mom and say on casinos, I've even seen your friends. You unsolicited my mobile phones and just bought her. So she spoke with them online. So she has lots of people to help online orders. So now they will keep building the case like this behind. Let me back in everyone. And that's where we've been. Can I just show you one of the reports?

Speaker 2 [00:59:19] I know it's not really. I don't have the

Speaker 1 [00:59:22] time, but don't be upset, but you can't take that hours. Don't hold up.

Speaker 2 [00:59:27] I know that we just have to wait to be OK. Maybe John

Speaker 1 [00:59:31] has lost his job to tell

Speaker 2 [00:59:32] them, You're are doing OK.

Speaker 1 [00:59:34] You be a good time. But I want say, stop. All right, thank you. So let me go public with him as well when he goes to get his parole get released. Thanks for letting us in our homes, of course, any time of year and. Colonel Sir, I wasn't served a member. And that, George, your friend is in me that I wasn't I have a good time is

Unidentified [00:59:58] going to rest.

Speaker 1 [01:00:32] Right. They know, she knows. She seems like an intelligent person. That was quite scary. She doesn't seem like she's gave me the cold shoulder because she's going to take me. She's getting up because it's like she hasn't got her own way, how she initiated things to be. When is she coming? It hasn't been that way for. So she hasn't hit her target. That's why I think she's a smart woman. She listens to enough, but then she tries to detour and to rewrite it. I mean, when she's trying to pack, she called Package Me. I'm just like, No, you ain't the way that you are saying, this is the way it is. She is a smart woman, but she knows that she's had to. You put me in a horse to arm the whole horse that will be burned in the horse. Don't you put me in any prison? Must show everyone. All this paperwork in a prison? Yeah, I'm with you. My baby left on that fucking prison will end up burnt down on the fucking floor. Every man in that prison, and it reminded us that we don't need this man. And I put the paperwork to prove that the government officials set up solar. That hospital went I'm surprised. She had her first daughter, thank you very much for that, she's coming on some the man she wants to come to my front door. She would lose her job instantaneously because my son has already put for a private report across the private report, I have the NHS come in. No, they were not. They didn't come in, but I had to me two days before done and they all said I was off. I mean, they had the NHS in Iraq a month ago, and they said there was no to how many seventy five times to be checked by doctors to be told there nothing wrong with you. There's a massive problem. The first thing is I'm not showing up being served. I'm not giving them the time I want to go to trial and destroy these lives. They on it to anybody else's children, I would go to court for their children as well. That's what our people are paid for. We're all different people here. But become much more 4:14. Oh, my God. No, something

Unidentified [01:05:46] that's happened, they're not.

Speaker 1 [01:05:59] Them can hurt somebody innocent, no, no, no. Well. I think. Why? She won't even let me show my report. Heard. She called them a fucking housewife.

Unidentified [01:09:06] I am. But there.

Speaker 1 [01:10:21] But. From the doctors just coming out of what was supposed to come on Tuesday. All of these doctors a couple of months ago. What was seeing to support groups in rocketry trying that, we take our word for it, she's just not the first place.
