01/01/2013	<u>Si Note:</u> <u>1</u> <u>I grow up a bit more –</u> The start with the police for me! <u>Month Summary!</u> The month the start of more Evidence of a continuation off assault against my person that still to date, continues to persist: - In 2013 at the start, be that as it may, I am still fighting strong for my share of a fair reality, that to me would make me my perfect life, but this has taken a drastic turn, for the worst. My Life has definitely changed for me by now and in being granted the quoted and as a further continuation of events, I have noticed that no matter how much I induce myself into good things that I commit my time to, that I always seem to get into some form of speculated: -- “accused trouble.” I and some other people believe that these happenings occur until now, with the police for my, jubilant, denial of not having a deprived lifestyle and also for getting to this age in my life I partly believe that the police just simply will not leave me alone as they want me in prison or dead full stop and this is, because of their running companies" running objectives: -- to me this means that this is because of how misplaced the police force get portrayed by some officers, at different times. <u>Disrepair!</u> I continue to Suffer because off of the police harassment & neglect against my legal rights. <u>Time Spent Building;</u> My Company: -- I started working on the Too Smooth Entertainment Companies target market(s) & customer definitions and I continued to Study and finish at the Time Start: 08:00 and Time End: 22:00! My mother worked on building my company website for me with others at the Time Start: 09:00 and Time End: 14:00!
02/01/2013	<u>Disrepair!</u> The Enfield Homes and the Enfield Council departments still do not make anything happen about the broken heating system that I get left faced with and within my own rented home in a fair time scale, so that I do not suffer, like I am! <u>Time Spent Building;</u> My Company: -- I started working on the Too Smooth Entertainment Companies target market(s) & customer definitions and I continued to Study and finish at the Time Start: 08:00 and Time End: 22:00! My mother worked on building my company website for me with others at the Time Start: 09:00 and Time End: 14:00!

03/01/2013	<u>Disrepair!</u> If the Enfield Council and its employees where efficient in their stationary procedures towards me then I would not get left to suffer from neglect for such a long duration of time, in reference towards the Broken Heating system, Damp and Sound issues within my flat! <u>Time Spent Building;</u> My Company: -- I finished working on the Too Smooth Entertainment Companies target market(s) & customer definitions and I continued to Study and finish at the Time Start: 08:00 and Time End: 22:00! My mother worked on building my company website for me with others at the Time Start: 09:00 and Time End: 14:00!
04/01/2013	<u>Disrepair!</u> I stay calm even when I see the damage to my personal property that the damp is causing and this neglect breaks my heart in knowing that if the Enfield Council and Enfield homes where efficient within their timescales that I would not have to go through such sacrilege of my memorabilia and electrical belongings getting damaged even more than ever necessarily and this is more painful to me as this all adds to the demotion of my health and the additional average daily routine in my life of stress and unrightfully so! <u>Time Spent Building;</u> My Company: -- I continued working on the Too Smooth Entertainment Companies target market(s) & customer definitions and I continued to Study and finish at the Time Start: 08:00 and Time End: 22:00! My mother worked on building my company website for me with others at the Time Start: 09:00 and Time End: 14:00!
05/01/2013	<u>Disrepair!</u> When I first moved into this property “109 Burncroft Avenue Enfield London.” I never understood the problems of disrepair, that hides underneath its infrastructure. I was contempt and therefore happy while I started to enjoy the enjoyment out of the rented premises but since I noticed these highlighted issues of disrepair that I do mention about that are of utmost of importance of concern towards my landlords who are the Enfield Council and the Enfield homes departments I received no correct follow-ups. This to me means that I feel further unsatisfied and disheartened in believing that the problems with my heating will never get addressed in a fair and responsive time! <u>Time Spent Building;</u> My Company: -- I continued working on the Too Smooth Entertainment Companies target market(s) & customer definitions and I continued to Study and finish at the Time Start: 08:00 and Time End: 22:00! My mother worked on building my company website for me with others at the Time Start: 09:00 and Time End: 14:00!

06/01/2013	<u>1</u> <u>Debra!</u> Debbie Came to my flat asking to borrow money in the sum of £05, when intoxicated with drink and her vocabulary was that off slurred speech, she stayed reasonably polite: the money got granted to her that she asked for. At the Time: 10:00Am 06/01/2013 <u>Disrepair!</u> The HHSRS and the housing Act 1985 inclusive of many other rights of mine and many other people's rights designate that these quandaries of disrepair must not get left by the Enfield Council and the Enfield Homes teams to carry on the way that they do, as it is causing me to have no delectation out of my flat and causes me unneeded negative emotional distress! <u>Time Spent Building;</u> My Company: -- I finished working on the Too Smooth Entertainment Companies target market(s) & customer definitions and I continued to Study and finish at the Time Start: 08:00 and Time End: 22:00! My mother worked on building my company website for me with others at the Time Start: 09:00 and Time End: 14:00!
07/01/2013	<u>Disrepair!</u> The Enfield Council and the Enfield homes have not fulfilled their agreement within the tenancy and by this they continue to act in an uncared free way towards my well-being of life. This befool persist to happen to me with reckless behaviour from there employed staff and such behaviour is insufficient towards their statutory duties of care towards their tenants / me, I simply request to be able to stay warm at the night time because I have a working heating system! <u>Time Spent Building;</u> My Company: -- I continued working on the Too Smooth Entertainment Companies target market(s) & customer definitions and I continued to Study and finish at the Time Start: 08:00 and Time End: 22:00! My mother worked on building my company website for me with others at the Time Start: 09:00 and Time End: 14:00!
08/01/2013	<u>Disrepair!</u> Living in such dreadful conditions are un-humane: -- the flat would be nice if it was correct and kept up to the correct ISO standards but this simple upkeep gets diminished by the Enfield Council and the Enfield homes relevant departments of concern that be explained in reference towards the broken heating system and sound proofing issues of disrepair! <u>Time Spent Building;</u> My Company: -- I continued working on the Too Smooth Entertainment Companies target market(s) & customer definitions and I continued to Study and finish at the Time Start: 08:00 and Time End: 22:00! Disrepair!

I have told the Enfield Council and Enfield homes about my broken heating system for far too long of a time now and then on stay without any correct action being taken by themselves in pursuit of my caseload and I continue to take pictures of the damage towards my home and belongings but this adds to extra unwanted pressure and causes me more emotional distress!

Travelling on our way to;

the pre-arranged destination.

Hang on a second or more; - I think it maybe the time for another cup of tea or whatever sort of break you may take, before we continue; -

OK let's go: —

Hold on, quick jump up first;

Only joking, so I guess it is time now to continue with this report of truths: - In the meantime, while going to a private party, to dance and enjoy myself with my misses at the time, meant to us, that we would unforgettable be travelling on our way to our pre-arranged destination; -

On the

12/01/2013

there was to be a private party that took place, in and around the surrounding areas of Canary Wharf and I got invited to attend to it, so I went to the party with my partner. In this instance, other, people who were occupying a building were treating it as their home; this was being granted and obtained under a section 144 LASPO notice. On this night, when driving to our destination the police used a wrongly entered intelligence report that had prior got inputted into the police national computer, which explained that there was no insurance policy for my vehicle, but there was a policy in place for me to be driving. It had been dark at night and I was far away from my home, so on this one of many occasions of being pulled over by the police, I felt quite lucky even low insured not to get my car seized afterwards or end up being arrested, not to forget the possibility of both occurrences actuarially taking place towards my person, as to my past experiences with the police, I have learnt that this would be normal in most police cases, when they get involved with I or other members of the public.

In a few more words of mine, I would say that I had not prior planned to supply any sound recording equipment on this day to any other person and to strengthen this fact on the day I was driving my car. Two of my points that I raise now is that any sound equipment that had gotten referred to by police on this occasion, just would never have fitted into any car, at the end of everything and after spending time with the police officers, the police did finally release me to go, and I didn't end up getting arrested. I knew that the police officer's at the time who got involved in pulling me over could have used their powers of law, correctly, or incorrectly, so with this in mind, I for the most parts of our confrontation stayed charmed, as I knew that the officers' of the law could have manipulated their power of law, so for it to be; in any form of a crooked way, as has prior happened to I before and this is to be inclusive of other people, this would have g

De

67 +achieved so to detain me and or my vehicle at the roadside, so I stayed relaxed and humble! After the Police had driven off and left us alone, I continued to my destination. In the first moment's, once we arrived, I and my civil partner settled in with our friends, for the next few hours we had an enjoyable night, when suddenly, at around 200 Hours; clearly; the UK GMT time zone, one intoxicated, drunk man came up behind me and hit me across the back of the head, my first reaction was to defend myself from his be crazed actions and this is what I did. The drunken man attacked me with a glass bottle hitting me from behind on the back of my head and in a truth of a true reality, it was luck that I was not turning around at the time. This took place many hours after the police had left me and my partner at the roadside, when at first on that evening pulling my car over. In the moments of me acting in self-defence I and this person had a brawl against each other and in me taking control of the moments of the incident, I ended up attending the Royal London Hospital soon after, this was for me to

get some surgical stitches applied, because I had hurt my head in the beginning. Part of my personal upset is that, now since the day of this incident, somehow, some way, some government official, has used these incidents in the year of **2016**

in an appeal stage when it never got submitted in the first part of the Asbo application. The have also induced extra intel into the Asbo folder but may not have reopened the true Crimint. The days accused events have gotten manipulated by getting turned it into an incident against me and illegally, the forged intel got included into the Anti-Social Behaviour Order application and as a conclusion to them officers "misconduct" I am now left imprisoned within my own home due to such out of time info and wrongful edited information.

I am alleged to have been involved in the organisation of and/or supplied equipment for and/or attended an illegal rave at Canary Wharf on **12th January 2013**. I accept having attended a private party on this date I had been invited to; I did not organise any event on the 12th January **2013**, and I did not hire out or lend any sound equipment or encourage anybody else to do so. I arrived at the occupied building at about 10 or 11pm. I was there for about 3 hours, and then I was attacked by an occupier of the building and I was hospitalised. I was taken to hospital at about 2am. I do not know what happened after I left, but I was not involved in organising any event and I did not rent or lend out any sound equipment in respect of this. I exhibit proof that I was hospitalised as exhibit SC/15. I also dispute that I have any criminal convictions for

Class A drugs or for supplying any drugs. I did not cause any Anti-Social Behaviour on the 12th January 2013.

Court Case: "Sunday Going out on my Motorbike for the day."
Wandering Around: --

This fine day was just me wandering around to others and to me it was just another day, very much similar to other days and I guess this would be very much the same; for any other people, who reside in and around, the Great British town's streets off London: - Going out with friends. One of the many of best days of our lives had gotten planned out, so for me and my friends to go out on our own Off-road-Scramblers. What acutely; happened, is that on the

07/04/2013

I had arrived at my friend's house, what is on, an up kept average, London housing estate. This was on the traditional British day of rest and for that fact, it was a Sunday. On this occasion, I and my friends were in London's Streets, EW1. Initially, in the beginning and thought that days moments, in the start of the days, hours that me and my friends had all been together, I would say that everything was going fine, for me to quote a saying off what happened in the one thousand and four hundred and forty minutes going on in them twenty-four hour that I think many people may already have heard before, so for me to define the days' event's, I would say; all good things must come to an end. Before the police officer's presence, I and my friends had intended to head out on our planned travels and this day would have included us all being able to arrive, at our prior planned destination, but as always in my life, the police had stopped us.

Next in, is Just, three out of three, quick short couple of notes; —

Note 1; The day had got set by ourselves, so for us all, to have; a lot of excitement, within the legal constraints of the united Kingdom's Laws and because of this we were all, being silent and relaxed, therefore we caused no trouble and was just waiting to go out for the day.

Note 2; A lot of different people's off-road-motorbikes were present, as, we all were on this day out for me and my friends. When the police officers questioned us all about them, beforehand of arresting my person, everybody's off-road-motorbikes; were already in three different prior arranged vans and soon to us, the true owners of them all, were to be able to go on the move to our chosen place on that day, if not for the police officer's interruption.

Note 3; I also would like to note the point of; I and my friends, definitely supplied no entertainment equipment to anybody, on this date and therefore, as a result of mine and other's good intentions for this day, I did not cause any acts of Anti-Social Behaviour, hence, together I and my friends, did not cause any illegal or civil problems, as a quick briefing towards a summary, on this incident; I did not feel like I could even go out for the day that being said and meant to mean; with some of my friends and not getting harassed, by the police, once again.

A continuation of the same day events: --

07/04/2013

So, for me now to only leave the rest of the past day's events to get explained, now down too I explaining even more-extra further truths; The police officers who had commenced, on us, at the time did say to us all, who were present at the incident, that they had got called to a report of a Burglary. When this got explained to us by the police officers it had got confusing to me and my friends, as, we caused no criminal offences that got accused of our persons that the police officers were then alleging to us. Members of the police had approached us and this was while I and my friends were all together, getting ready to head on an into our travels out; In portraying, to another person the day's predicaments, of one of the now at present, funny parts of this day I would start by explaining; that it was the so called 999 police call / the police

officers present at the scene so-called witness. The dilemma of what ended up happening to me is that by the end of me explaining to the police officers, about me being an innocent man, is that the police officers continued with their plans not to trust in me, and they forcibly searched inside of my van, while using their powers of law against me. OK, at the time to me and my friends felt that, how the police officers, made us all feel, got achieved by the copper(s), so that things had got completed wrong by them and this was happening to me and my friends, so, that what was going on to us was not so funny at the time but once the copper did their searches and finished embarrassing me, I can recollect them getting out of the back of my van and in both of them officers managing to doing this, I noticed that they both accepted to me, that I was right from the start and there was no stolen property in my van, in fact there were just two off my own personal off-road-Scramblers, to my own satisfaction.

As a continuation of the

07/04/2013

I make it evident that People always claim that god; Loves a person to try hard at good things, out of their life and this is what I done and still do. When the Police took the time after doing their searches inside of my parked van, they had to explain their intelligence to us all, this got done so for the police officers to explain their reasons of search on me and my property, they both explained the following; that it got based upon the so called **original** 999 call that the police call centre had received and in that report a civilian person claimed to see a burglary, that was supposedly in progress, they continued to further their information to us, by explaining that the police officers witness who had called them had seen some sort of stolen property, such as a TV, being placed into the back of my van. This was never true and now in any off the situations such as, more, neither, nor anything of the right that is expected, the Police are now using this day as a civil case, at a later date, to their own wrong advantage against me, after me being charged and not found guilty for anything for the day, the legal director of the Metropolitan police force just simply refuses to take any of the cases out of the Asbo folder and this case is also out of the time limitation Act 1980. Where the incident has got put into the Anti-Social Behaviour Order case files it has caused me to wrongly suffer and even after me winning the case in court and then to make things worse, the police officers, who are to support taking pursuit of this so called pointed out wrongful actions, who are in charge of creating and the on goings within the Asbo case do not seem to be able to provide, any of the following: — As the police officers said, at the roadside, there should be an official police intelligence CAD, that should relate to this date and time of this incident.

One;

This police cad should also be able to refer to the Pacific details; that must describe a person accusing me or other people of criminal offences.

Two;

Neither do the police show the evidence of the 999 callers, stating that they saw a burglary that was in progress.

Three;

The missing and not induced Cad of police official information, must then introduce true evidence, off the so called; if any, true audio recordings, that would relate to any of the 999 calls, that got said to have got made on this day. The Second part of the day: -- I, can evidently, reminisce, on both of the police officers, being clear and adamant, in what they had together said to us, while still chatting with the police officer's, they continued with what they were doing to my person and also continued to do their Identification checks, on the two-Off-road- Bikes this did also include my van, and they all came back to be legitimate but this never got mentioned again in case that I won at court or even in the up-to-date Asbo on goings. In another addition to the events, of the day, the police said that I had No insurance, so to be driving my van and this become a further negative effect, towards me. This further negative effect got place upon me already knowing, that my insurance company had also tried, for themselves to help me,

so to resolve all the problems that we were all then together having. After my van and I got searched, by the attending officers of the law, I continued to get abused by them both at the roadside; the reason to why I got abused is; because of my insurance policy, still not showing up on the police National computer systems, I continued to get frustrated because of this and the following reasons. It was easy to understand that I was getting constantly attacked by members of the police force, attacked as if in to describe a person always getting harassed. This Harassment partly took place on most available Sunday's. I can remember that on this occasion I literally had to freeze on the day; While re-analysing the circumstances that I got presented within by them police officers on the scene, so, to be able to stop any of the tear's that unexpectedly seemed to want to then drizzle down my face; or maybe start too really flood out really fast of my eyes and to then come down both sides of the cheeks, tears running down onto my garments, and straight onto the floor. The police officer in front of me had become criminals "thieves," they wanted my van and the bikes to go to their police compound and for me to pay for it. I knew right there and then that they had no legal rights to do the things that they were doing to me and take my van and this is that precise moment in time, when I held my breath into stop them tears, I continued to talk to the police about not seizing my van. When I asked them to trust in me in the hope of them police officer's, not doing any of their unusual unwanted actions against me, such as: The Intimidation and Harassment, that I am made to believe that I must get used to, when getting somehow, someway, victimised by some police officers. Referring to another addition of a part to everything, that was going on, I said to the police officers; that there is a harder problem to overcome and this problem was with the day being a Sunday; and I do strengthen this now made announcement about the day being a Sunday, as to the contrary is because this got done to myself wrongly and as to a consequence off the police officers own bad decisions and actions that on the day lead towards their entrusting misplaced behaviour towards me, as they both must have also already understood that; 99%, of insurance companies do not get opened, on a Sunday so, my insurance policy should have covered me alongside with my word, when I told the police officers, whom were present that I had already got insured. With the day being a Sunday, this also meant that they could not have been able to make a phone call to my insurance company, "on this day," besides in my defence, I told the police officers, whom were present, at that precise stage that I had already got insured and showed a copy of my policy to them both.

To keep the ball rolling, another key point is, that for many months pre-existing to this incident equalling to the amount of time that it got left to extend to this incident, my mother previously had tried to help me to stop the dilemmas I kept having with my insurance policy. My mother had already tried many times beforehand to resolve the issue of my concern, by contacting the relevant people involved, this included the police, DVLA and my insurance company, as well as the MID database. Throughout her conversations with the relevant people, she come to an agreement with them all and what got agreed is that this problem would get resolved between them all, "as to describe something being fixed, not a problem no more," so to me this meant that together a lot of people had all prior tried to work out why; I was always, not showing up as insured. I noticed myself that on the police computer I did not show up as insured, but I was OK on the mid database and OK on my insurance company's computers, but still no one could solve the problem. While talking to the police officers at the roadside about my insurance I noticed that there was no more talk about a stolen TV from any house; what next started to persisted to proceed is that, while still standing and talking to the police officer's, I did get a bit upset and by the middle of our discussions, all of our voices, had become at a bit high of a rate, the reason being of my voice getting louder was because I got accused of not having any insurance and they wanted to stop my pre planned day out on my bikes. I did have the correct insurance policy in place, so for me to be driving and able to drive that can then, that was in question at the time, so I do not see why I did get arrested by the police officer

on this day and I also do not see why the police officers made this case get continued towards me, by them police officers; following charges against me. After getting humiliated by getting searched for a TV I then having my van seized with my bikes in it. Once arrested, I got taken to the police station, I then after got charged and granted police bail and this got placed on to a further date for me to attend at a courthouse, meaning that in turn I then got to attend to a court hearing and this was for a hearing, so that I could enter my no guilty plea, to establish that I needed to wait for a trial to take place, this further date got set so for me, to be able to defend myself. When in court, and at the first preliminary hearing it then got explained to me by the judge, that if I do not attend to the courthouse; a prison sentence may get issued towards my person and this would work out to be with the possibility of a fine or both. Amusingly, the charges that got brought into motion by the police were for a breach of the peace and for no insurance, which I did not commit, this meant me paying out of my pocket more money to the government official's or even a custodial sentence. Under these circumstances I had already had to pay the Police car compound money who had seized my van and in turn this forwarded the fact that I suffered yet again, for losing my vehicle and the cost of paying, to get it back out of the police car compound. I done nothing wrong and I paid a lot of money, for my insurance policy, to which I lost, due to these court cases on goings. All of this information to me meant by

2013,

things just simply; changed in my life and I slowly got depressed, as you can read all about, because of the manner in which the police officers were treating me, as I understood what they were doing to me was so wrong. I look back in time and forward into the present time of today in writing this book / report / diary, when both of the offences had said to have taken place, that the metropolitan police force brought into motion; the reason for this is both of the cases, tarnished my life and got dropped shortly after. Both cases got dropped shortly after in compliance towards a decision that got made of a "No Further Action" being taken place against me, but this case still was not to be over in the copper's eyes. The accusations claimed against me in the case files continued to get used against me. In the moment of these occurrences and a long time after this day protested to proceed, I knew that what they were doing to me would change my life for the worst and that this meant to me that whenever I continue to wake up, at my own home on most mornings since the day's incidents took and take place, I seem to keep thinking to myself the same little thought: repeatedly, and repeatedly, again; how did this day get added to the Anti-Social Behaviour Order Application, at this present time of my life. The original police officers' statements, got held in the police national computer system, after being imputed on the first few days, what did in fact truly happen is that after the incident took place in Elsmere Street, I went to court and got found not guilty and then afterwards; "Some, other, different, police officer's," from another police force alongside with the metropolitan's legal director edited the old NFA case information, by extended their work abilities and decided to take the law into their own deceitful hands, while the original Crimint got placed on their working companies' systems. This got done so for it to get fabricated, and then they compiled their falsified redeveloped made and said to be findings, of the day, so to adduced them findings into a copy of the Anti-Social Behaviour Order proceedings, that I am fighting against, up and till date, which has wrongly, got put against me, with no honest reason's, as I already prior won the so-called court case in the court. In add-amusingly, to me, was nothing ever got explained again, that being about any report of a Burglary, which the police officers claimed all about and now it makes me feel furious, in knowing what the police officers are doing to my life all of the time, when regarding this instance and others, it left me being even, moreover, to being intrigued, by the police officers who got involved, I get astonished by them all, for what they have done to me.

Points of Facts of Law:

- 1.** I won this case at court and then afterwards the police used it to gain a guilty convection against myself!
- 2.** Mr Cordell did not involve himself in the organization of any illegal rave.
- 1.** This was his friends housing estate and because of there is reason there is no party locations within the local housing area, making a party very unlikely.
- 2.** And the day was a Sunday, Very unlikely for a party of any form or concept.
- 3.** Nor did he supply equipment on said date.
- 4.** **Mr Simon Cordell will State;** “that he was not rude to police, but he did feel like he could not even go out for the day with some of his friends, without getting stopped and searched by members of the police. He states he did not get upset in the manner that the police have said he did and that he does not mean to come across as rude to police. In this case he was just trying to explain the error on the system.
- 5.** It is also noted that the caller was very clear that they saw a flat screen TV being put into Mr Cordell’s van, which is confusing to why when the police searched the van, they found no TV, but did in fact find two of his off-road motor bikes, which is not included in Steve Elsmore statement.
The police did checks on Mr Simon Cordell’s Off-Road Motor Bikes but this is also not stated, but should show up on the seizure notice, as Mr Simon Cordell did ask the police office to take careful note of the two off road motorbikes, as due to the high value of them.
- 6.** **Mr Simon Cordell will state;** “that he did get a bit upset when the police said they were going to seize his van, as he did have insurance in place to be able to drive the van in question, but there was an error on the MID database.
Miss Cordell had been trying to help her son resolve the issue concerning his insurance policy not showing on the mid database alongside with members of their local police force and his insurance company KGM too, together they had tried to work out why Mr Simon Cordell was showing as uninsured. There was information noted as intelligence on the police National Computer stating this I had asked the police to check on their systems due to this, but they would not they just wanted to seize Mr Simon Cordell’s van without checking, so he knew he was being wrongfully accused at this point, as he had done nothing wrong and he did have insurance to be driving and had paid a lot of money for his insurance.
- 7.** In addition, the prosecution offered no evidence in respect of the charges that were brought even though they were reliant on police witnesses. Mr Simon Cordell had been wrongfully arrested for not having insurance when he was insured to drive.
- 8.** He also did not cause any Anti-Social Behaviour on this date in question.
- 9.** There are no CAD’s for this date, but yet they were meant to be, a CAD referring to the pacific details that should be relating to a person stating, that they believed a burglary was in progress and of the 999-caller stating that they had seen a person who was putting a flat screen TV into Mr Simon Cordell’s van.

I do not see how this is relevant to proceedings for an anti-social behaviour order; in addition, the prosecution offered no evidence in respect of the charges that were brought even though they were reliant on police witnesses. Like a hurricane, they kept on tucking into me; while forcibly Ripping, me apart:

=

By the next date in reference being a quarter of the way through

2013

I say that things had become a constant vision to me of the metropolitan police always bullying me, they would never, stop intimidating me, it had become so bad that it had become a "reality" the police just would not stop harassing me, victimising me, labelling me, right up until the last final moments that I have to live to take my last final breaths of air and then end up straight after, as getting claimed as a dead body. On the

08/04/2013

members of the metropolitan police force yet again pulled me over to stop me in my car, the reason given to me for being stopped by them while in my car, got explained to be; -

This error occurred; because my vehicle insurance was still not showing up on the metropolitan police computer systems. When checked it stated that I never got insured and that in some circumstances, different on duty police officers, were having problems with being updated correctly, betraying to them, that I might not have insurance to drive. I had insurance at these different times; as any reader of this report would also understand to be true, as well by now; it was simple for the police on this occasion to handle this incident; In a fair manner of law, to accept there was an error on the police and or the MID database and this was at no fault of my own but as in most cases with the police this did not happen. This inelegance on the police national computers got put into place due to me prior being, incorrectly, stopped, so many times beforehand, by random representing police officers of the law. In the start of the case the police used a summons against me, so to take me to court also, which I never receive, adding, even more complications to my daily surprises; I was later to find out that the judge who heard my case at the court, found me guilty in my absence and after his or her hand, he or she added more driving points to my driving licence and another fine. A fine got issued in this case by the judge, I and others worked hard, for us to get the case reopened in co Hurst towards the rest of the court cases, that I got imposed too. In the final stages of the court case I ended up showing the court my insurance, so I won the case.

	The Points did finally get removed of my driving licence and the fine ended up being revoked; coincidentally. The start of the Bianca Road Case for the Gazebo: --

A Gary cloud was hovering slowly over my head: -

Another event took place with members of the Metropolitan police and this was on the date of;

04/05/2013

On this day a private party took place on Bianca Road South London and now day of the so-called Gazebo case got referred to by the police as a burglary case.

The weather on the day was: --

**The Bianca Road Case for the Gazebo
The Day & Night of the Birthday Party**

As it was a nice day in the beginning of May; it got arranged in advance, to the date mentioned, for a private get together to take place. It got sorted out amongst people, so in order that we support our friend and this was in a satisfactory and plausible reason, it was her Birthday, so the party got agreed to get started and with this all explained so to be able to show that the day got set with good intentions. Without doubt, I met this friend while attending a few parties in the past, to this date; from the moment I met her, she is always there for any other person's, she could help. In myself trying to explain her personality, I would gladly, say: — she has a heart of gold. On her birthday, I agreed to accept to help her, because I wanted to get involved in her birthday party. She asked me if I could help her may be supply or all the sound equipment on the day, so I said yes to her request. The party took place, this was in an outdoor location and the police attended and asked for the party location to get moved on, so for the party to be in a new location. Agreement's got made for this to happen and it proceeded to get moved as agreed. To sum up the incident about my friend, whose birthday parties had got arranged, at the same time in life she was living under adverse possession, this got done by her being in compliance; with the United Kingdom's, Treaties and Acts of law she was living in the statue to her legal rights and because of these reasons given the party then got finally moved on to where she was living at the Bianca road; originally. The ladies' birthday that got too happened, did not live alone at the time and as a consequence to this information; she was part of an occupation and for this reason, she had to communicate to an agreement, with her housemates, this got done and it got agreed, so for her party to continue to take place in her home, otherwise, the party could not have gone ahead, due to every person(s) considerations, of their belongings, the simple reason being so for them all to get kept safe. The party went ahead with no Problems and just the usual occasional pop up by the police presence after their request to get moved on from the outside open to air location, so at the end of the party and after having as much of a good time as I could with all my friends I then left and went back to my home.

Back to the Future: --

In around the same term of time that would equal towards “five past months,” I was at my home address, when I noticed an unexpected knock on my home front door. On answering the door, I was to find out, that it was the police and I felt uncomfortable, I remember thinking this was another repeat of the police harassing me. I got arrested for suspicion of burglary and handling some stolen goods. The police came to my home and taken my own garden gazebo that got assembled by me about a year prior, they took it from my own back garden there was not much I could do, I was later to find out they believed it possible, to have got stolen somehow, someway, I later I found out, from the occupied building for my friend birthday got held at Bianca Road. Subsequently, after a year on bail I suffered because!

Dear Sir or Madam

I have emailed your court on a number of occasions regarding my conviction and sentence for no insurance. I am making this request to have my case listed in order that I can do the following;:

1. Application to set aside the conviction

2. Reopen the case

Application to set aside the conviction: On

22nd July 2012

I was stopped and given a producer by the police as they did not believe that I held a valid policy of insurance. I attended the police station and I was advised that my case would be going to court and I would be summonsed in due course. I never received any summons in relation to this matter and I only became aware that the case had been dealt with in my absence when I received a letter from the DVLA advising me that I had to send in my driving licence. I disputed with the DVLA the points, but I was given an ultimatum that if I did not send in my licence it would be revoked. I therefore had no choice but to send in my licence. I immediately

114,

contacted the Court by telephone and I was advised to send an email. I sent in a number of emails and I have been given a number of emails, but I have not received any confirmation from the court. I forwarded a copy of my insurance policy to the court and again this was ignored. The offence of no insurance was allegedly committed on

22nd July 2012

I had a valid policy of insurance from

23rd March 2012

and this policy was valid until

22nd February 2013

The company insuring me was Tradex Insurance Company Limited. I am the named policy holder, Mr. Simon Cordell and my policy number are L/WST/MTP/0192359. I have points on my licence which I should not have. Can you please as a matter of urgency email me back on this matter so that I can have a date so that the conviction can be set aside and my case heard in order that I can show the court my insurance and the PLO can make the necessary enquiries. Once this has happened, I would be grateful if the court could email the DVLA to advise them that the points have been issued in error and the fine be set aside also. This matter is urgent and is dragging on. I cannot

resolve this matter until the case is listed before either a District Judge or Magistrates so I would appreciate your cooperation. I am very disappointed that you have ignored all my emails. This is causing me stress. Can you now please resolve this legal matter by listing the case for an application to set aside the conviction? I can then forward my documents to the relevant prosecuting authority. I await hearing from you in relation to this matter and I thank you in advance for your anticipated co-operation in this matter.

Yours faithfully

Simon Cordell

Disrepair!

I treat the council officials with a fair reverence in the notion that they will act in a natural manner when dealing with incident relating to their clients and in this case me but I do not get treated with the same curiosity back, when asking for the disrepairs to get fixed within my rented home and in turn making me doubt my own referred words!

I got a reply from the court about re opening the case for Simon see Below.

4

Hi Lorraine

At least progress is now being made

5

There are many ways to skin a cat.

Having thought about Simon's other case it may be better to wait until the hearing as we may be able to make representation to the prosecutor on the day in question that Simon did have a valid insurance policy and the data base could not be accessed. There were no warning markers re the van. The whole reason for the stop of the vehicle had to be ascertained as why

was he stopped in the first place, if not for no insurance then for what?

I can refer them to the case re possession of the bladed article. Basically, I will argue that but for his van being seized for no insurance for which he was not guilty and could have brought his insurance to the station on a producer then the public order offence would not have been committed. We will play it by ear, I think

Disrepair!

Some of the members of the Enfield councils and the Enfield homes employees have acted with a bias process against me, resulting in no correct conclusion leading towards the disrepair issues getting addressed in an efficient time, so I can sleep in peace at my own home!

Ponders End!

Helping, a homeless friend, in his time of need I got contacted by a friend, who was living at 204 High Street Ponders End EN3 4EZ: --

It must get Scary for those involved, who are the true instigators and ends up even scarier for those people that they truly, affect. This is the commencement off another day of my life that somehow got added wrongfully into the Anti-Social Behaviour Order case files, as perhaps, it got added in error by police. Part of the reason it got added in error is; Cases like this one can only get added into the on goings of the Anti-Social Behaviour Order case files or any other case files, as a case reference, as to the time limitation Act 1980, which states, a case must get applied six months from the incident, to which this case was not. It is incorrect for the police to allege, that on the 24/05/2013,

and I was looking for venues in which to hold an illegal rave, so they or it could go ahead, I disputed their accusations at the time and still do to date, I knew that I never committed the crime, so I understood for them not to be true and this got worse as a result of this not being me. I got contacted by a friend, who was living at 204 High Street Ponders End EN3 4EZ, also known as the Old Police Station at Ponders End, as he and some others, were homeless, so was living and living under a section 144 and needed money to get loaned to them, plus I in enjoyed being around them, so to do this, I headed towards 204 High Street, to park the vehicle I was driving. I decided the best option for me, was to drive down an alleyway that I always knew to be there, the reason I knew this, is that there was once upon a time a car park behind the two well-known landmarks, that were once and still are present. one of them buildings, has now got demolished, so that the land can get redeveloped and got known as the name of the old ponders End police station and the second building being named as the Kinder Garden Centre, I believe many people also probably, know the well-known landmarks, who may live in and around the surrounding areas, who could also be able to remember them. I personally understand the area well, as this is where I have lived all of my life, so I understood about the car park that was at the back of the two well-known landmarks. Being, from the area meant I also knew that no civilian drivers can park on the high road, because of the double yellow lines or other restrictions, what are or were in place, so I parked in the back-car park like I have done many times before. I believe the police saw my car as I took a right turn to drive down to where I intended to stop; the police had followed me straight away after they see me, because I see them pay attention to me, as I drove past them. What I remember is that of myself locking the vehicle I was driving in as the police approached me. The police were now standing by my side and this is normal for me, their presence is so normal. Where the police have pulled me over so many times before in an addition to this, I just got ready for their police procedures, as I knew that they would want to search me, I was right the police searched me and my car, the police said they done this because they thought that they smelt a strong smell of cannabis. As always, I consented to this search to proceed. The police cannot dispute this knowledge of them police officers that had approached me and who stopped me, as I just got out of my car, or how would they have said the car smelt strongly, of cannabis, and this is to explain, in their police statements, as they do. Even more to this, was the reason to why the police officers gave me the conditions of search and their consent form due to being searched by themselves. In an addition, there had been nothing done wrong with my part once everything got clarified to be true of me. When the official police officers, checked me and my car, I have done nothing wrong, so nothing ever got found. I emphasize, as an effect, to what took place, the police watched me leave straight after, completing their procedures, so as an effect of these on going's; after talking to the police, we all dispersed and the police see me head back towards my home.

Please take note to the picture above and that of the building on the far right being the old police station, you cannot see the front vehicle entrance as it is in the far right of the picture and is the only entrance. The alleyway in the middle is where I drove my car down and stopped there is no rear entrance to the police station from the ally as there is two other running companies in-between and to the far right is another running company.

Mr Simon Cordell will state; “that he did not attended any premises on this date to rave neither was he involved in the organization of any illegal raves, nor did he supply equipment. 24/02/2015

It is alleged that Mr Simon Cordell was looking for venues in which illegal raves could be held, on

24/05/2013

24th May 2013

Mr Simon Cordell dispute’s this. He will state that he had been contacted by a friend called Joshua, who was living at 204 High Street Ponders End EN3 4EZ, also known as the Old Police Station at Ponders End, as he and some others were homeless, so was living and residing under section 144. as Mr Simon Cordell was driving towards 204 High Street, he drove his car down the alleyway so that he could park the vehicle he was in, He parked between two well-known land marks, which is where many people who do live in an around the surrounding areas would be able to remember as the old ponders End police station next to the Kinder Garden Centre. Mr Cordell states he knows the area very well as this is where he has lived all of his life, so he knew about the car park at the back of the two well-known landmarks, as he states you cannot park on the high road, because of the double yellow lines or other restrictions. He had parked there before, he states he believes and knows that the police saw his car as he began to take a right turn to be able to drive down to where he intended to stop, he knew the police had followed him, as he had seen them pay attention to himself as he had driven past.

Mr Cordell does remember clearly that of himself locking his vehicle as the police approached him and now was standing by his side. He states that this is normal for him and over the years of his life he has become use to the police approaching him for numerous accusations, so that has also made him used to their presents, Mr Simon Cordell states that that this is so normal for him, so he got ready for the police procedures, as they said they wanted to search him and his car because the police believed that the car he was driving smelt strongly of cannabis, Mr Simon Cordell sates that he would always consented to this. He is sure of his statements of facts and that the police cannot dispute this, that of the police officers that had approached him and who had stopped him as he had just got out of my car, or how would they have said his car

	smelt strongly of cannabis, which is the reason that the police officers gave him the conditions of search and their consent form due to a search of himself and that of his vehicle that he was driving. Mr Simon Cordell will state; “that he had not done anything wrong and nothing was found on his person or in his car.” Mr Simon Cordell will dispute making any comments about being able to attract people to illegal raves and illegal 3-day events, what reason would he have had to say this. Mr Simon Cordell will state to the applicant that he was a visitor to the location of interest, due to a call from a friend who asked if Mr Simon Cordell could loan him some money for food. He will also include that he did not cause any Anti-Social Behaviour on the 24/05/2013 24th May 2013 Mr Simon Cordell does not know what Joshua said to the police, as he was never with Joshua. Mr Simon Cordell does not know why Joshua would have said to the police that he was his lawyer, or if Joshua said this at all to police. Mr Simon Cordell has tried to get hold of Joshua to make a statement for this case, but due to him being homeless, it has been very hard. As far as he is aware the building was being occupied by people to live in, he states he does not know anything Joshua said to police about know any think about a rave. Mr Simon Cordell did not manage to visit him on this day. At no point is Mr Simon Cordell being accused of acting in an anti-social manner on this date, or by any members of the public inclusive of members of the police, neither was he arrested. <u>Disrepair!</u> The Enfield Council perpetuate to leave the opportunities to rectify the disrepair issues contained within my flat as not addressed! <u>Time Spent Building;</u> My Company: -- I continued working on constructing the Too Smooth Entertainment Companies Management Structure and I continued to Study and finish at the Time Start: 08:00 and Time End: 22:00! Regina v. Simon Cordell for application to clarify bail conditions and vary bail conditions on.

Hi Jose

You made a mistake in this Simon was never given a bail notice from Woolwich he only had the one from the other court that give him bail from the prison.

Lorraine

Dear Sir or Madam

We act on behalf of our above-named client under the terms of a legal representation order. Our client's matter was listed at Woolwich Crown Court for a preliminary hearing and an application to vary our client's bail conditions. The Learned Judge on that occasion refused to deal with the application to vary bail and raised issues regarding why the surety was not present. He removed the surety requirement and our understanding is that our client was admitted to bail on the same terms as before. Several issues have now arisen as a result of this. Serco attended to insert an electronic tag, and this was never a condition of our client's bail when he was granted bail by Woolwich Crown Court but a curfew with a doorstep condition was imposed. Our client explained this to Serco who left. We clarified that this information was accurate by reviewing the advocate's attendance note from 10th July and also receiving verbal confirmation from Mr Lemos to further verify this. When our client went to report to Edmonton Police Station in compliance with his bail conditions, he was arrested for breaching his bail in that he refused Serco entry to install the electronic monitoring equipment. This

was on

16/06/2013

13th July **2013**

Fortunately, our client was able to produce a copy of the bail notice from Woolwich Crown Court and a copy of the advocate's court attendance notes who attended on 13th July **2013**. He was released. Ms Cordell contacted Serco and advise Jo badge number 3072 of this development and Serco will now wait until

16/07/2013

Tuesday 16th July **2013**

to receive clarification from the court. Can you please list this case tomorrow?

16/07/2013

16th July **2013**

in order that matters can be clarified. We thank you in advance for your assistance in this matter and we await clarification of this.

Yours faithfully

MICHAEL CARROLL & CO.

Wrongful imprisonment!

The Gazebo Case: --

At about this point in time, I would say; that it must have slowly been coming up to the end, of the first eight years of my life, while living at Burncroft Avenue. These last few past chapters are to describe the first few years while I have lived in Burncroft Avenue. It must be about that time, for me to go into some 2nd phase of my lifetime's chapters, containing more of the finer exclusive details, of the truth. I got arrested on this date the:

25/06/2013

and remanded to prison till the

28/06/2013

This was the start of everything going wrong for me and I got locked up for a back-garden gazebo court case, from the date prior off Bianca road at the private birthday party that I helped with, what got dated the

04/05/2013

as explained about in chapter 1232323.

A few more months later after the

04/05/2013

I got placed on police stringent bail conditions, which meant, I could not leave my home, this persisted to continue to happen, because on the

25/06/2013

the police came to my home address, and they arrested me for improper allegations, related to a suspected criminal offence of burglary, to which I knew I did not commit. Unfairly, the police charged me, legally how, I do not know and as a continuation off this allegation I soon after got remanded to go to prison, as a Summary to the reasons of why this happened to me, an explanation later got then given and was; due to incorrect police intelligence that is now contained in a copy of my criminal record. I later found out for it to be in error under the data protection act 1998 and therefore wrong information that got contained on the police national Computer system, about myself "PNC." This is easy for me to prove that I am correct, and this is still getting addressed to date, of me writing this. Gonging to prison on remand, meant to me that things just could not get any worse, I got taken to London's Centerville prison, at Her Majesties Pleasure and I still had done nothing wrong, then I got placed in the prison on fours and to any one that does not know what I mean by the fours, you will have to contemplate on the correct answer yourselves, I got kept in there for two whole nights', for me to later get released by the Judge and chambers, on bail conditions. The bail conditions got imposed against me, so, I could get granted bail from after being released from prison by the Judge, were because: --

1. The amount of the surety in the sum of one thousand pounds and this must get provided from An Ms and this is to get surrendered to the nearest Police Station, — prior to Mr S Cordell is being release from Custody.
2. Home Residence, to be @ Burncroft Road, Enfield, EN3 7JQ.
3. Not to enter the London Borough of Southwark.
4. Surrender my Passport to the nearest Police Station.
5. Report daily to Edmonton Police between the hours of 1400 – 1600. 6. Curfew 8pm — 6am this is to be a (doorstep condition — I the Defendant should show myself to any officer upon their requests.)

Gonging to prison on remand, meant to me that things just could not get any worse, I got taken to London's Pentonville prison, at Her Majesties Pleasure and I still had done nothing wrong, then I got placed in the prison on fours and to any one that does not know what I mean by the fours, you will have to contemplate on the correct answer yourselves, I got kept in there for two whole nights', for me to later get released by the Judge and chambers, on bail conditions.

The Facts

I will now state the facts and they are that the police knew I could not have done any think of the sort too what they were saying and the errors on the police PNC database caused me to go to prison, and I fell victim to how I was being treated by the courts, because of what was being told to the judge by the police and CPS and, this is also inclusive of the time leading to how long the case had taken due to myself not getting disclosure from the police after the judge ordered it, we did not get disclosed until the trial date. The reason the prosecution would not give disclosure was it because they knew by giving me it, they would have got the case dismissed much earlier and this happened for reasons such as the information I and my family had obtained. I could do nothing with my company and lost loads of contracts due to the bail conditions I was under knowing I had done nothing wrong so to get put under these conditions. Due to how much the police had kept tarnishing my life when I had not done anything wrong;

this caused stress in my long-time relationship till we had to depart from one and other, as she and I could not take know more of the police harassment. The case took over a year to deal with, as the CPS would not give the disclosed that me and my solicitors requested thought, this never got given after the judge had ordered it to happen himself, and he told the prosecution to provide us with our request. This case got dismissed in

July 2014

and got acquitted before the trial could start. The facts of the gazebo case at Bianca road is simple; the police knew I could have done nothing of the sort they themselves blamed me for. Errors on the police PNC database all about my criminal recorded had wrongfully caused me to go to prison and because of these issues I felt like a victim to how I was being treated, by the courts and this is to further put it another way, because of what got told to the judge by the police and the CPS, caused the period that this court case ended up getting left to eclipse for escalating to a far much longer time scale than ever would be necessary. Due to me not getting disclosed from the police even after the judge had ordered the information to get passed over, I still did not get given it in a timely manner that I had requested to get disclosed. The court case ended up taking far much longer than a year until it got rightfully dropped. This meant that I was invariably on police bail conditions "curfew," wrongfully for over a year.

Disrepair!

I stay in the cold conditions within my domicile because all of the complaints I make get pushed aside after I report them to the Enfield council employed staff!

My Sound System: --

When doing, my sound system up at my home address while on bail; I used as much of the time given to me by the courts; to my best abilities and advantage, as for the bail conditions placed on me, for the gazebo case at Woolwich Crown Court, so I committed my time to repairing some available equipment, that I had already purchased for my running company's needs. On this occasion when I looked on Google and when I was also using, YouTube, I came across a video clip, what showed somebody's vehicle being 3D mapped; so, I decided to do further studies towards this topic and invest in the equipment, I needed to obtain, so to induce this new technology into my sound system; funny another, this meant, I ended up purchasing a sewing machine and this got done inclusively, of the digital equipment and materials, I wanted to have, so to do the correct job. Once I managed to get prepare everything needed, I took my first steps in completing my new goal. While in my own back garden at my home, I stood and painted the speaker box's in the sunny hot days and still using any additional time that I got left over to work while I got kept indoors to work in my front room, I Debbie Andrews kept watching me out of her front room window while I worked. I played with the sawing bobbing and sewing needles, this was easy for me to do as I have always enjoyed sawing. The rest came naturally, too me with the help and good advice of other past prior assemblers, in completing my missions, I got flabbergasted at the effects that I had achieved and could not wait to show others. Shortly, after the first days of August, I finished doing my modifications, so I moved the sound system back to another location, fort it to get kept safe, I believe at this time given, that I oversee the right amount of respect got given towards others in completing my goals and made sure that I did not upset a person.

Building A Festival

I always found myself, at home, and this was a lot more than usual and the reason for this was; because of the court case. Changing to a different topic, I knew Debbie to have serious Mental Health problems, so I kept a reasonable close eye on her well-being within the time we got along, while this was going on, beforehand and after hand, at different times, Debbie used to come to mine and my first civil partner front door, asking to borrow money from us, as she did on this day at around the time of 01:33PM, she was always drunk with slurred words, this was not a big problem at first, on most occasions if me and my partner could help, "we would help," this is as we believed any person should help their neighbours, like if we saw her trying to carry her shopping up to her flat, as the man; I would help her carry it up to her front door as assume this is the right action to take. Only ever once, did I ever go into her flat and this was only for five minutes to help her!

I believe She'd only done these things to me because she was lonely, as can get read about in this report/ book, after me and my first civil partner ended, **sadly on**

03 July 2013

Debbie came down to my flat more and more frequently, she was trying to bring me alcoholic drinks and still asking me for money, in a summary, as if I was getting stalked by her, I never let Debbie inside my flat whenever she knocked on my front door. Sometimes, the hard liquor she would try to bring me, I believed was in return for the money I supported her with, as previously said I would never take the drinks of her, this was because I do not drink alcoholic substances regularly. I always tried to do my best to advise her to stop buying hooch and spirits this was inclusive of asking her to stop drinking it. On the whole and shockingly mine and Debbie's problems started soon after she had sent me numerous ID of peculiar letters, she had done this once she had realized that I was single. I still have those letters of her to date, most of them letters to invite me into her home and it seems from me reading them letters that most of them she had written had got done, while she got intoxicated with drink. For the right reasons, I kept our friendship as it had been for all the five years prior to what I had known her for, "as dated as" and politely declined her offers, of a closer friendship. I remember this memory well, as I was going through the court proceedings of the burglary case, at the same time.

Disrepair!

It is unbelievable that I am still supposed to live in the flat with such deplorable damp and cold conditions!

Gazebo Case

Subject: RE: Simon

Dear Josephine

Simon is trying to get some information for his case it comes under the Freedom of Information Act Request, but I really not sure how to go about it. This is the sort of information he is after All police call outs and CAD to Hymerle Road SE15, Bianca Road SE15, Industrial Estate's for reason of Squatting, Parties, noise abatement, criminal damage, Illegal Raves, Burglary, from

01/05/2012

Till

01/06/2013

Noise abatement orders and dates and council involvement which would cover the name of the council team that come out to the buildings, to these roads Haymerle Road SE15, Bianca Road SE15 Industrial Estate. All Police officers' numbers that attended to these roads Haymerle Road SE15, Bianca Road SE15 Industrial Estate's for dates

01/05/2012

Till

01/06/2013

He also wants the council person name who come with the police on the

04/06/2013

at around I am and talked to Simon and the people that was squatting the building, council office said the noise abatement order was still in place from the

16/02/2013

party, Council and police walked around the building to test the music levels and told Simon he had to keep within safe levels, and they let the party go on. 999 calls and calls that was made to the police due to the noise on the nights of the parties. Some notes here for you. We do know that the other party that went on there was on the

16/02/2013

and there was a next party the week after Simon did his on the

04/05/2013

so that would have been on the

11/05/2013

But over the last year there has been more parties held in that building and other units around it. There has also been squatting in the building for some time and again also other units within them roads. Still trying to get other dates of parties that were held there within the last year at the building Simon sound system was hire in. Also, the writing on the wall in which they say Simon done the Burglary he wants someone to test it to show he never wrote it. Which will prove also he did not do that damage.

On the

10/07/2013

I had to attend to the court, and this was for the case at Woolwich Crown Court for the gazebo case that took place at Bianca road for my friend's Birthday party. While in the Courtroom it got said that my Mother needed to attend to the court due to the surety she had placed down towards my bail, but on this day, she was in hospital, because she was having an operation. The judge was horrid towards me when he raised his points of law about my mother; who was acting as surety still and her not being at the courthouse, so for her to confirm the position of yet again surety! In the courthouse the judge got informed by me and my acting solicitor that my mother had not declined the positions of surety against me, from still being in place. My mother was in hospital and should never have got ordered by the acting judge; so that she must attend to court, or I will get detained, as the surety is continuous from the prior occasions. The judge did not agree and said as the surety got taken at the police station, as ordered by the prior judge that she would need to attend court to reconfirm her position as surety. This is wrong in law and despite me putting a relevant authority; off Choudhry v Birmingham, at the Crown Court before his honour, which is clear on this point of law. Finally, and after much desiccation the judge accept that we were right, this got done by him to all of us present. After this debate the judge continued to say to my barrister that me; His client, has escaped custody by "the skin of his teeth." I was yet again, put in fear for my freedom being taken away from me and this got done for no fair reason. The court case then got put over for the trial date, that had got set to get heard.

It is unbelievable that I am still supposed to live in the flat with such lamentable damp and cold conditions!

Debra / Moving Bed!

Debbie asked me to go into her bedroom: -- In the days to follow I noticed that outside of my flat, I could hear the wind howling through the streets, as the sun was trying to come out to play, while I was still trying to stay safe inside of my home. By this time Debra's fire was nearly out, in this instance, Debra Andrews had knocked on my front door but instead of asking the normal question "like can she borrow some money" she had asked the question of whether I can help her by moving her bed out of her flat, I remember having to agree to help her, so I went upstairs to her flat for the first time and only time. When I entered, I noticed that she had been finding life hard, she had not managed to keep her flat to a high level of standard of hygiene and I could smell the odour of cider that she had been consuming, I politely hurried to complete the job that I had agreed to do for her then in hand and quickly made my way back home. After that day, I did always feel like she took an offence for not spending more of my time with her, as she knew I was a single man by then.

As for the Q and A records from PC Almy there is a lot he has lied about. Simon did say to him that he brought a job lot of 5 chairs and 5 gazebos this is a fact. But he also said the Gazebo that was in his garden was brought from focus along with another thing he got for his kitchen. Also, none of the PC have said that me and Sheila was at the address we got there just after Simon let the police in this should have been noted and has not by any officer. I know they are meant to ask and note anyone that comes to the address when they are there. As for the Nokia phone I was the one that told the police I got it from Tesco for Simon. Also, no colleagues secured the dog Simons put the dog out before he let the police in. Also if you look at PC Almy statement where he said Simon was going to set the dog on them, then look at PC golden you see that both are saying something else if it was the case Simon had said he was going to set the dog on them it would have been in both statements. As should have been all the Q and A from PC Almy statements why is it the case all this is only listed on 1 statement when all officers should have heard what was said. We also have the receipt from the guy at the party, I through Simon had given it to you the other day he must have forgot. He is looking for the receipt from Focus still. But it must be somewhere at mine or his.

Dear Sir or Madam

We act on behalf of our above-named client under the terms of a legal representation order. Our client's matter was listed at Woolwich Crown Court for a preliminary hearing and an application to vary our client's bail conditions. The Learned Judge on that occasion refused to deal with the application to vary bail and raised issues regarding why the surety was not present. He removed the surety requirement and our understanding is that our client was admitted to bail on the same terms as before. A number of issues have now arisen as a result of this. Serco attended to insert an electronic tag and this was never a condition of our client's bail when he was granted bail by Woolwich Crown Court but a curfew with a door step condition was imposed. Our client explained this to Serco who left. We clarified that this information was accurate by reviewing the advocate's attendance note from

10th July

and also receiving verbal confirmation from Mr Lemosa to further verify this. When our client went to report to Edmonton Police Station in compliance with his bail conditions, he was arrested for breaching his bail in that he refused Serco entry to install the electronic monitoring equipment. This was on

13th July 2013

Fortunately, our client was able to produce a copy of the bail notice from Woolwich Crown Court and also a copy of the advocate's court attendance notes who attended on **13th July 2013**.

He was released. Ms Cordell contacted Serco and advise Jo badge number 3072 of this development and Serco will now wait until

Tuesday 16th July 2013

to receive clarification from the court. Can you please list this case tomorrow?

16th July 2013

in order that matters can be clarified. We thank you in advance for your assistance in this matter and we await clarification of this.

App for a variation in bail

“Refused!”

Application for a variation in bail: --

It was the

16th July

and the courthouse was hot and full of many people the time was; 2:10pm and I had arrived 30 minutes earlier than needed, as I wanted to get the case resolved in my favour. when asking the court clerk of the courtroom I got told that I was to be standing in the courtroom with his honour HHJP. So, rock would stand the application for a variation in bail for the case files. This was an application for a Bail Variation due to my work commitments and I was to get told that the Judge would not allow for the Bail Variation to get granted and enforced for me to continue business in my profession I must sublet out my company. My life's hard work subleased out to other people to run and without me present. I explained about many other new job contracts I had obtained and that was to be coming up and provided evidence to support these truths of mine. I explained how I had prior managed to get these contracts and how the bail conditions were stopping me from running ligament business opportunities to the judge and the Crown Prosecution. I also showed the Judge a lot of different evidence like my T.S website that I was paying for and had already invested a lot of money and time of effort to get built, this included the “T.s charity section and needed documentation.” Many people had been building, this T.S website for me and other to succeed well in and out of life, as the police were well aware of.

Included in the provided documentation that got submitted to the judge and to the prosecutor was a lot of different contracts for work, this included jobs such as; Ponders End Festival that got held on the

26—27/08/2013

I expressed to his honour that as a starting company that I could not offer to pay for the well needed additional trained staff, so for them to take my role and that I have to leave a lot of different pieces of expensive equipment on sites, such as generators that power the site. He still ordered to me that I still needed to attend back to court for the trial and reinstated that I must also subcontract my own companies out to other people to manage. I went back home after the court case and got left in disrepair, as well as upsets.

Hi Jose

Yep I got the info 10am tomorrow at Woolwich, was lucky I called them today to find out what time as they had not even looked at your email, so it would not have been listed. Is this also for bail variation also as the lady at the court said she was listing for this.

Hi Jose

Look sorry to bother you on holiday, I tried to get Michael to deal with this, but he seemed to get very upset. Today we went to Woolwich crown court; the judge did not leave the curfew as you said they may not have when we last talked. But the bail conditions were sorted as far as I was aware, curfew with doorstep as before. I even got the guy that was sent to get the bail printed out for me which I will add to this email. I later today called Serco to make sure the tag had been lifted but again they told me the court had again said he was on tag, so I called the court and I got a rude lady who said well that's the order I have in front of me when I told her what I had she then replied that well you need to get your solicitors to re list it. I told her that was why it was listed for today, but she was still being rude and unhelpful. After I called the office and talked to someone and they called the guy that come to court for Simon, he also told your office it was doorstep. I was told that due to us having the letter from the court that Simon should not let the tag go on. Worried this was when I called Michael to be honest, he did not seem to care and said something I was not happy with. He said this was your case and he was fucking going to email you to find out what the fuck was going on. I told him not to that you were on holiday he said that does not matter you and your husband are not getting on and you would be happy for the email. I am not hiding the way in which Michael talked to me in fact he was just trying to say tell Simon to put the tag on as it did not matter. And really, I think he was thinking that it was a tag from the start as I sure he was not hearing me right. Should I tell Simon to put the Tag on or not as far as Simon said when I told him what Woolwich had done, he said he was not going to let them put the tag on this is causing me so much headache. And I know they will just arrest him like they tried to do the other day. So, I don't know what to do for the best. But I am really not happy how Michael talked to me. I am sorry to have to email you on holiday this should be some time to enjoy yourself and you do need that with the hours you do.

Wrongful conviction and request to set aside the conviction and re-open the DVLA / Court

Dear Sir or Madam

I am writing this letter as I still do not have a court date to clear this matter up and I still have points on my licence which I should not have due to this. I do understand that in your reply to my email you had a backlog but had passed on the paper to have the case re opened. It has been some time and I have not heard anything about this and wonder if you can check into this and find out how long it will take to get a new date from the court.

Yours faithfully

Simon Cordell

To Whom It May Concern:

I am writing this letter after a letter I got dated

18/07/2013

about my housing benefit and council tax being suspended from the

28/06/2013.

I did call your offices on the

16/07/2013

to ask if my benefits for housing and council tax was still being paid due to me just finding out my DWP payments had been stopped. I was told on this date they were still being paid and the lady my mum spoke to on the phone told her that due to me having some issue I could get council tax reduction due to mental impairment and that the Lady would send out the paper work. I have put an appeal into the DWP about my claim being stopped and I am waiting to hear from them. Since I got released from prison after one day on the

28/06/2013

I have had nothing to live on I have not got any food or gas or electric at my address for the last few days as it has now run out and I have no way to live until the DWP looks at my appeal.

I called the DWP today

to see if there is any update on my claim and have been told as of to date there is no update. But they should have something in the next few days, I told them I have no way to live but they cannot speed anything up. They got my letter on the

Subject: Simon's case

Hi Lorraine

Winchester Crown Court

This case is in the warned list for

29th August 2013

I am still waiting for Simon to provide witnesses who can corroborate the negotiations between Simon and the "seller" Woolwich Crown Court. The main problem in this case is that Simon is unhappy that he is subject to an electronic curfew. As you are aware, I did not request a curfew as I knew that this problem would arise. He was initially given a doorstep curfew, but the Judge changed this to an electronic curfew. This is the preferable option as it is a qualifying curfew and counts half a day towards any custodial sentence, if convicted. The Judge did state an electronic tag as the clerk checked the tapes for what was said. The Judge is within his rights to do this as he will view this as relieving a burden in terms of manpower from the police. I cannot challenge this as it is still a curfew.

Bail variation:

Simon has to be realistic in terms of what we can achieve here. One of my obligations as a solicitor is to manage a client's expectations. I will of course make an application to vary Simon's bail conditions but as I stated before I will require emails from Simon from clients requesting that he cover events with quotes given by Simon as to how much he will charge. The smartest way to attempt to get Simon's bail varied is to ask for certain dates as opposed to lifting the curfew altogether as the Judge will not do this. If Simon persists in stating that he is not allowed to work and earn his living then Simon will then have to complete a change in financial circumstances statements for both the Woolwich case and the Winchester case and the court will have to assess his monthly contributions for both cases. At present he does not have to make a contribution as he is in receipt of benefits. I can only properly challenge the evidence in this case when I receive the case papers and then make my requests for secondary disclosure. The court would then be more amenable to an application to remove conditions of bail. I am sorry that Simon feels that his case is not being handled properly. I sent Simon a client care letter at the commencement of this case outlining the complaints procedure. I do not believe that Michael was aware of the calls made by Simon to the office. I tried to deal with Simon's case personally and usually I do. e.g. Going to Birmingham Police Station in **2012**, attending home address after his remand from Camberwell Green Magistrates Court to draft bail application. I am not sure what happened when I was on annual leave but based on your email it appears that the complaint should be directed against me as I am the fee earner and I am meant to supervise case workers. Michael is the Principal of the Firm and not the fee earner on this case. The case workers knew I was contactable by email and did not contact me. Michael Carroll has had no dealings with this case. (Since returning from annual leave I have dealt with 2 complex rapes, 3 GBH and a police station duty to date.

119

I did intend to call at your address this weekend, but I was on duty and I had to deal with a complex rape at Colindale on Sunday. This case lasted all day. I can only apologise for this.) If you do not believe that Michael can investigate and deal with your complaint, then I must now advise you to address your complaint regarding this matter to Edel Speirits at the West London office. Her email is edel@michaelcarrollandco.com.

If you are not satisfied with her resolution of the complaint, then you can then proceed to complain to the Ombudsman. I am sorry that Simon feels this way and I am sorry that you are disappointed in my conduct of this case. I will forward this email to

Michael Carroll in the morning but if you decide over night that you do not want Michael involved in the complaint and want to include him in the complaint then please confirm this so that I can forward your email to Edel Speirits.

Josephine Ward (Associate Solicitor)

Disrepair!

What I expect off the Enfield Council and the Enfield homes, when requesting for my health to get taken into consideration, is a replication that does not make me wait for months in an emergency situation of disrepair and with an expeditious outcome of a constructive impact that resolves the quandaries, but this has not transpired as of yet!

Time Spent Building:

In the background of everything going on I continued working on creating a new and up to date event Crime Reduction Policy and I continued to Study and finish at the Time Start: 07:00Am and Time End: 03:30 Pm!

My mother also continues to work on building my company website for me with others at the Time Start: 09:00 and Time End: 14:00!

Hi Jose

Simon does not blame you at all he knows you got a lot to do, and knows you do your job he just felt while you were away the office did not have a cue on what to do. He just wanted a reply as to what was going on and that was not happening. And did not in fact know that Michael Company was not involved in his case he was thinking that Michael Company was acting for him so when you went away, they could deal with it which they did not. Michael also has talked to Simon about this on the phone more than once so is aware of this Simon did not like the way in which Michael talked to me or him but the last time, he talked to Michael that was sorted over the phone. Josey, we don't have a problem with you at all. The problem we had was no one was able to deal with anything while you were away and that should not be the case the office should be able to deal with things if you are not around.

Lorraine / Simon

Please see the barrister's back sheet from the 16th July 2013. This should have been forwarded onto you and would have been by me if it had been emailed to me in Bulgaria. Case workers are not allowed to send over any paperwork on any client file without prior authorisation from the Solicitor with conduct, namely me. I cannot criticise the case workers for this as I am strict on this. If this had been emailed over to me in Bulgaria, then I would have emailed on it but as I was on annual leave the case workers viewed this as nonurgent as the Judge refused to vary the conditions. I am also emailing you the client care letter again which outlines the complaints procedure.

Regards

Josephine

PS As indicated when the case papers are served and the secondary disclosure served then it may be possible to make a further attempt to vary bail but at this stage, I do not believe that the Court will entertain it.

Dear Lorraine / Simon

I am in the process of getting Simon's correspondence bundle scanned so that this can be emailed to you and Michael Carroll / Edel Speirits. Unfortunately, as Simon has raised a complaint and is considering contacting the Legal Ombudsman then this will now have to be resolved as a matter of urgency. I need confirmation as to whether Simon wants Michael himself, or Edel to investigate the complaint. Again, if Simon can confirm this in writing please so that I can get this matter resolved, hopefully to the satisfaction of all parties. I understand that you are saying that Simon does not have a

problem with me, but I am the designated fee earner on the file and as such I have the overall responsibility; the buck stops with me. The case papers have arrived this morning and I will scan and email you a copy before the close of business today. Can you please confirm dates when Simon will be available to attend the office to give his instructions on the case papers so that a defence case statement can be prepared? Lorraine unfortunately I cannot now deal with Simon's case until his complaint has been resolved and another case worker will have to be resolved in the interim. Please confirm the name of the person you want this investigate this matter by return email.
Regards
Josephine

Dear Lorraine

Thank you for the email but I will require written confirmation from Simon to this effect. The case papers will be sent over to you before the close of business today and I then want to arrange an appointment so that I can take Simon's instructions and draft his defence case statement. Can Simon please provide me with a copy of his receipt for the gazebo as soon as possible as I will have to refer to this in his defence case statement. I also need confirmation as to whether Simon was provided with a copy of his interview tape or not as a transcript will have to be prepared.

Hi Jose

yep can you pick it up as Simon already left to go home so is not here now. Also, I got for to say I sent the letters over for Tyrone the pc has replied to say she got it the probation has not yet replied. But Tyrone failed his Drugs test today, so I don't know what's going to go on now he has been off of it since he went to court but it still showed up in his system. The person who did the test wants to help Tyrone or so she says Tyrone said before all this went on about Brooke, he was doing so well to her and passing all the drugs test since all this with Brooke he was so depressed he started again.

JOSEPHINE to Mother

: plea and Regina v. Simon Cordell for case management hearing on 4th September 2013

at Woolwich Crown Court

Dear Lorraine / Simon

Thank you for your telephone call today. I am copying Michael Carroll into this email as he is now overseeing and monitoring all the work that I undertake in this case to ensure that I am preparing your case properly and to your satisfaction and complying with your instructions. I set out below the main content of our conversation but if I have left anything out please come back to me as soon as possible.

INSTRUCTIONS:

Simon you confirmed that your benefits had been suspended and you did not have the funds to attend the police station every day. You stated that Edmonton Police Station is a 2-mile walk from where you currently live. You have asked me to make an application to remove this bail condition.

Secondly, you have asked that your curfew be suspended for an up and coming festival in Enfield.

Thirdly, you have asked me to consider the merits of making an application to dismiss the charges against you based on the fact that you entered a building that was being squatted in and therefore you were not a trespasser.

Fourthly you stated that the photographs sent to you were of poor quality and were in black and white.

Fifth, you complained that the barrister did not present your case properly.

Six, you requested your case papers from the Winchester case. I will deal with each of the points that you have raised and the agreed action.

Point (1) I can make this application to remove the reporting the condition. I can source a map from the internet to show the distance and I can also show bus prices on an Oyster card £2.80 per day in fares as I assume only one bus is required. If I am wrong in this assumption can you, please confirm by email the number of buses and the routes that the buses take at your earliest convenience. Can you also please ask your mother to email over the letters that you have sent to the Benefits Agency appealing and requesting the reinstatement of your benefits as this will assist my application.

Point (2) Again I can make an application to suspend your curfew on the dates of the festival but again I need the documentation from the Council regarding this to support your application.

Point (3) I will have to consider this point in more detail but if I can illustrate an analogy to you which I believe that the Judge will also use. Your case is that you were not a trespasser when you entered the building due to notices on both buildings which confirmed they were legal squats. You may well be right. The law on burglary consists of entry to a building or part of a building, as a trespasser with intent to

135,

either steal item, cause GBH or doing unlawful damage or actually does any of the aforementioned. I will deal with the trespass point firstly. The notices in relation to the legal squat may well highlight that you were not a trespasser when you entered. (I confess that I need to research this point) I think that we can also agree that the squatters were not the owners of the building and had not made any claim for adverse possession. I have included some information on adverse possession for your ease of reference at the end of this email. Even if we can establish that you had a right to be in the building it does not follow that you had a right to any of the contents. These would still remain the property of the owner, unless you can provide me with the relevant

section / legislation / case law. There are a number of instances when a person can enter premises initially by invitation but once they do an act contrary to the right of entry, they then become a trespasser. i.e. a customer in a shop reaching over the counter and taking a sales assistant's purse / phone. This is burglary because the person has stolen property (a) that was not for sale (b) that was in a part of the building where the public did not have access. The other stumbling block to an application to dismiss is your police interview. You accept presence and you accept purchasing items of garden furniture from a male called Mohammed. You state that you have a receipt. This is a trial point and one to be left to the jury as to whether you believed that Mohammed was lawfully entitled to sell the goods to you. Whilst considering this please bear in mind that although the notices allowed entry once Mohammed assumed the rights of the owner by disposing of the property and selling it, he then arguably became a trespasser. I am not concerned about the damage caused to the building as you state that this was caused on a previous occasion so I should be able to establish this from the CPS in my disclosure requests in your defence case statement.

Point (4) I can easily remedy this issue by bringing the photographs with me when I attend your mother's address near the end of next week. I will confirm the day closer to the time and I am grateful for your consideration and understanding that I cannot at this stage give you a fixed appointment. As you are no doubt aware my diary varies from day to day and emergencies do arise.

Point (5) Unfortunately I am only made aware of problems when clients tell me they are unhappy. I forwarded the correspondence bundle to your mother which demonstrated how much work I have actually undertaken in your case to date, both during social and unsocial house and even when I have been on annual leave.

Point (6) I will email the case papers over on the Winchester case under separate email as this is a separate case.

NEXT ACTION REQUIRED BY YOU:

1. Emails to Benefits Agency re appealing and requesting reinstatement of your Benefits
2. Documentation re negotiations with Enfield Council and confirmation of date when festival will take place.
3. Receipt from Focus confirming that the gazebo in the back garden of your property was not stolen.
4. List of witnesses present when you purchased the garden furniture
5. Receipt for the garden furniture

I hope that this email clarifies the information that I require.

NEXT ACTION BY MICHAEL CARROLL & CO.

Once I receive the above information, I will email the Crown Court and the CPS and I will request an urgent application to remove the reporting conditions on the grounds of financial hardship.

136.

I will confirm a visit nearer the end of next week in order that you can see the colour photographs. I will confirm with the barrister that they are happy to use black and white pictures and if this is the case, I will give you the colour set. Should you have any further questions then please email me back so that I can assist you further.

PS Below I have attached some information regarding the law of adverse possession

The new regime – a brief overview Prior to the coming into force of the LRA 2002, a squatter could acquire the right to be registered as proprietor of a registered estate if they had been in adverse possession of the land for a minimum of 12 years. However, the doctrine of adverse possession did not fit easily with the concept of indefeasibility

of title that underlies the system of land registration. Nor could it be justified by the uncertainties as to ownership which can arise where land is unregistered; the legal estate is vested in the registered proprietor and they are identified in the register. The LRA 2002 has created a new regime that applies only to registered land. This new regime is set out in Schedule 6 to the Act. It makes it more likely that a registered proprietor will be able to prevent an application for adverse possession of their land being completed. The following paragraphs provide a brief overview of the new regime; the remaining sections of this guide discuss it in more detail. Adverse possession of registered land for 12 years of itself will no longer affect the registered proprietor's title. After 10 years' adverse possession, the squatter will be entitled to apply to be registered as proprietor in place of the registered proprietor of the land. On such an application being made the registered proprietor (and certain other persons interested in the land) will be notified and given the opportunity to oppose the application. If the application is not opposed¹, the squatter will be registered as proprietor in place of the registered proprietor of the land. If the application is opposed, it will be rejected unless either: it would be unconscionable because of an equity by estoppel for the registered proprietor to seek to dispossess the squatter and the squatter ought in the circumstances to be registered as proprietor the squatter is for some other reason entitled to be registered as proprietor, or the squatter has been in adverse possession of land adjacent to their own under the mistaken but reasonable belief that they are the owner of it, the exact line of the boundary with this adjacent land has not been determined and the estate to which the application relates was registered more than a year prior to the date of the application. In the event that the application is rejected but the squatter remains in adverse possession for a further two years, they will then be able, subject to certain exceptions, to reapply to be registered as proprietor and this time will be so registered whether or not anyone opposes the

137,

application. I by 'opposed' we mean that a counter notice is served; see section 8 Giving counter notice to the registrar in response to notice. Instead, or at the same time, the registered proprietor may object to the application on the ground that there has not been the necessary 10 years' adverse possession; see section 7 Objecting to the squatter's application for the implications of such an objection.

Hi Josey

There is going to be 2 emails for the Ponders End Festivals **2013** for Enfield Council I had to forward these from Simon Email to mine so I can send them to you. I have also made a copy of the flyer and will attach this to this email. Simon is meant to be supplying all the power for this event with his Gen and if all goes well, he will be the main person supplying all things for Enfield Council events from this point on. He will be given the main contract if all works ok with this one. He has not told Omar Lawrence who sets up these events for Enfield Council as to this case, and if the court would want to contract him please let Simon know as this he will need to address with the Omar Lawrence. I will send the floor plan over next which is in PDF format.

Lorraine

Please send me the emails again re Omar Lawrence on their own without making reference to Simon not disclosing his court case to Omar Lawrence so send a fresh email as opposed to a reply to one that I have sent you otherwise all the emails will be included. I will now progress the application to vary Simon's bail and I will copy you in on the emails. One observation that I do make, and the Judge will pick up on this is the time of the festival from 12pm 6pm. Whilst the Judge may extend the curfew time, he may not suspend it. However, if Simon is remaining on site with his equipment overnight then I can include this with my representations for bail.

Please get back to me.

Thank you for your emails to date in respect of this matter. The emails that you have forwarded does not specifically state that Simon has been booked so I will need an email confirming this and the agreed fee etc. Can you also please confirm the number of days that the festival goes on for and the duration. The flyer refers to

from 12pm 6pm but there is no time specified for the

25th August 2013.

The application that I will be making will be for curfew suspension from

The Judge will however require information as to why he requires the whole of the 26th bearing in mind that the festival runs from 12pm 6pm. Can you provide additional instructions on this please and an email confirming that Simon is providing the entertainment?

I will proceed and try to get the reporting condition relaxed in the interim and will await your instructions in relation to the above.

Dear Sir or Madam

We continue to act on behalf of our above-named client under the terms of a legal representation order. Our client has instructed us to make an application to vary his bail conditions so that the reporting condition is removed in its entirety, and if an alternative bail condition is required then his mother is willing to stand surety £1,000.

We attach the following:

(1) Reasons for application

(2) Notice of application for court to consider bail

(3) Map printed from internet supporting the distance from the client's address to the local police station

We also add that £19.60 represents 40% of his benefits when they are reinstated, and this will cause our client financial hardship. We would be grateful if you oppose this application that a representative is available for the application to be determined in

Court on

Subject: Regina v. Simon Cordell further application to vary bail and suspend curfew on **25th** and **26th August 2013**

Dear Simon / Lorraine

Simon it is my understanding that your mother is having internet difficulties at present. I sent over a number of emails this weekend which I will try to forward over to you from my trash box.

Re: application to remove reporting condition. I confirm that I have lodged this application already.

Re: application to suspend curfew for

25th

And

26th August 2013

Simon, I have requested written confirmation from Omar Lawrence that you have been awarded the contract together with the particulars of the contract as the Court will undoubtedly ask for this information. There is also a risk that the Court / Police will check that the contract is genuine, and this may well entail telephoning Omar Lawrence to check the detail. It is not unusual for the court to check bail addresses by analogy, so I am merely putting you on notice of this fact. I will not have any control over the information that is provided by the police to Mr Omar Lawrence, but they will have to identify themselves as police officers and this may raise questions about why police are making these enquiries. Your mother has explained that you may lose the contract as a result of this and unfortunately, I do not have any control over this. The options therefore available to you are as follows:

(1) Attend the festival during the curfew hours and then go home

(2) Apply to the court to vary the electronic curfew and request that the court do not disclose details of your criminal history or current court case. However, Mr Lawrence may well wonder why an enquiry has been made

(3) Do not make any application and take your chances this is not advised as you will be arrested for breaching your bail and there is a high risk of remand to prison until the conclusion of your case

(4) Discuss the matter with Omar Lawrence beforehand so that he is aware, and he can confirm this in the email to the court. The risk with this is that he may use you for this festival but may seek an alternative resource next year

(5) The final option of course is not to make the application and attend in person during your curfew hours and get an alternative person who you trust to look after your equipment overnight on

25th August 2013

This option allows you to retain the potential for further contracts via your company, ensures that future clients are not aware of your previous criminal history and will also safeguard any future contracts with Enfield Council. Clearly this is a matter that you need to consider very carefully and weigh up the pros and cons of each option. I am aware how important this festival is to you and your business. If you decide to make the application to vary bail, then I will need the following from you by

15th August 2013:

1. Letter from Omar Lawrence that you are hired for the festival

157

I will need this information by

15th August

as the court and CPS will require 5 days to agree the matter administratively, failing which I will ask for a fixed hearing on

22nd

Or

23rd August 2013

I await your instructions with regards to the above matter. I have confirmed to your mother that I will require your instructions in writing. Should you have any questions then please do not hesitate to contact me.

Regards

Josephine

PS I will endeavour to send all other emails from trash box. Your mother has copies on her system.

Hi Josey

I send you the letters 1st to the DWP as to what I have written to them to get Simon claim reopened for benefit. I will need to list everything you covered 1 by 1 if that's ok so please see attached letters for Simon Benefit.

Lorraine

JOSEPHINE to Me & Mother

Dear Lorraine / Simon

Thank you for your telephone call today. I am copying Michael Carroll into this email as he is now overseeing and monitoring all the work that I undertake in this case to ensure that I am preparing your case properly and to your satisfaction and complying with your instructions. I set out below the main content of our conversation but if I have left anything out please come back to me as soon as possible.

163,

INSTRUCTIONS:

Simon you confirmed that your benefits had been suspended and you did not have the funds to attend the police station every day. You stated that Edmonton Police Station is a 2-mile walk from where you currently live. You have asked me to make an application to remove this bail condition.

Secondly, you have asked that your curfew be suspended for an up and coming festival in Enfield.

Thirdly, you have asked me to consider the merits of making an application to dismiss the charges against you based on the fact that you entered a building that was being squatted in and therefore you were not a trespasser.

Fourthly you stated that the photographs sent to you were of poor quality and were in black and white.

Fifth, you complained that the barrister did not present your case properly.
Six, you requested your case papers from the Winchester case. I will deal with each of the points that you have raised and the agreed action.

Point (1) I can make this application to remove the reporting the condition. I can source a map from the internet to show the distance and I can also show bus prices on an Oyster card £2.80 per day in fares as I assume only one bus is required. If I am wrong in this assumption can you please confirm by email the number of buses and the routes that the buses take at your earliest convenience. Can you also please ask your mother to email over the letters that you have sent to the Benefits Agency appealing and requesting the re-instatement of your benefits as this will assist my application.

Point (2) Again I can make an application to suspend your curfew on the dates of the festival but again I need the documentation from the Council regarding this to support your application.

Point (3) I will have to consider this point in more detail but if I can illustrate an analogy to you which I believe that the Judge will also use. Your case is that you were not a trespasser when you entered the building due to notices on both buildings which confirmed they were legal squats. You may well be right. The law on burglary consists of entry to a building or part of a building, as a trespasser with intent to either steal item, cause GBH or doing unlawful damage or actually does any of the aforementioned. I will deal with the trespass point firstly. The notices in relation to the legal squat may well highlight that you were not a trespasser when you entered. (I confess that I need to research this point) I think that we can also agree that the squatters were not the owners of the building and had not made any claim for adverse possession. I have included some information on adverse possession for your ease of reference at the end of this email. Even if we can establish that you had a right to be in the building it does not follow that you had a right to any of the contents. These would still remain the property of the owner, unless you can provide me with the relevant section / legislation / case law. There are a number of instances when a person can enter premises initially by invitation but once they do an act contrary to the right of entry, they then become a trespasser. i.e. a customer in a shop reaching over the counter and taking a sales assistant's purse / phone. This is burglary because the person has stolen property

(a) that was not for sale

(b) that was in a part of the building where the public did not have access. The other stumbling block to an application to dismiss is your police interview. You accept presence and you accept purchasing items of garden furniture from a male called Mohammed. You state that you have a receipt. This is a trial point and one to be left to the jury as to whether you believed that Mohammed was lawfully

165.

Prior to the coming into force of the LRA 2002, a squatter could acquire the right to be registered as proprietor of a registered estate if they had been in adverse possession of the land for a minimum of 12 years. However, the doctrine of adverse possession did not fit easily with the concept of indefeasibility of title that underlies the system of land registration. Nor could it be justified by the uncertainties as to ownership which can arise where land is unregistered; the legal estate is vested in the registered proprietor and they are identified in the register. The LRA 2002 has created a new regime that applies only to registered land. This new regime is set out in Schedule 6 to the Act. It makes it more likely that a registered proprietor will be able to prevent an application for adverse possession of their land being completed. The following paragraphs provide

a brief overview of the new regime; the remaining sections of this guide discuss it in more detail.

- Adverse possession of registered land for 12 years of itself will no longer affect the registered proprietor's title.
- After 10 years' adverse possession, the squatter will be entitled to apply to be registered as proprietor in place of the registered proprietor of the land.
- On such an application being made the registered proprietor (and certain other persons interested in the land) will be notified and given the opportunity to oppose the application.
- If the application is not opposed¹, the squatter will be registered as proprietor in place of the registered proprietor of the land.
- If the application is opposed, it will be rejected unless either:
- it would be unconscionable because of an equity by estoppel for the registered proprietor to seek to dispossess the squatter and the squatter ought in the circumstances to be registered as proprietor
- the squatter is for some other reason entitled to be registered as proprietor, or
- the squatter has been in adverse possession of land adjacent to their own under the mistaken but reasonable belief that they are the owner of it, the exact line of the boundary with this adjacent land has not been determined and the estate to which the application relates was registered more than a year prior to the date of the application.
- In the event that the application is rejected but the squatter remains in adverse possession for a further two years, they will then be able, subject to certain exceptions, to reapply to be registered as proprietor and this time will be so registered whether or not anyone opposes the application.

I By 'opposed' we mean that a counter notice is served; see section 8 Giving counter notice to the registrar in response to notice. Instead, or at the same time, the registered proprietor may object to the application on the ground that there has not been the necessary 10 years' adverse possession; see section 7 Objecting to the squatter's application for the implications of such an objection.

166,

entitled to sell the goods to you. Whilst considering this please bear in mind that although the notices allowed entry once Mohammed assumed the rights of the owner by disposing of the property and selling it, he then arguably became a trespasser. I am not concerned about the damage caused to the building as you state that this was caused on a previous occasion so I should be able to establish this from the CPS in my disclosure requests in your defence case statement.

Point (4) I can easily remedy this issue by bringing the photographs with me when I attend your mother's address near the end of next week. I will confirm the day closer to the time and I am grateful for your consideration and understanding that I cannot at this stage give you a fixed appointment. As you are no doubt aware my diary varies from day to day and emergencies do arise.

Point (5) Unfortunately I am only made aware of problems when clients tell me they are unhappy. I forwarded the correspondence bundle to your mother which demonstrated how much work I have actually undertaken in your case to date, both during social and unsocial house and even when I have been on annual leave.

Point (6) I will email the case papers over on the Winchester case under separate email as this is a separate case.

NEXT ACTION REQUIRED BY YOU:

1. Emails to Benefits Agency re appealing and requesting reinstatement of your Benefits

2. Documentation re negotiations with Enfield Council and confirmation of date when festival will take place.

3. Receipt from Focus confirming that the gazebo in the back garden of your property was not stolen.

4. List of witnesses present when you purchased the garden furniture

5. Receipt for the garden furniture

I hope that this email clarifies the information that I require.

NEXT ACTION BY MICHAEL CARROLL & CO.

Once I receive the above information, I will email the Crown Court and the CPS, and I will request an urgent application to remove the reporting conditions on the grounds of financial hardship. I will confirm a visit nearer the end of next week in order that you can see the colour photographs. I will confirm with the barrister that they are happy to use black and white pictures and if this is the case, I will give you the colour set.

Should you have any further questions then please email me back so that I can assist you further.

Josephine

The letters appear to be very short. Can I suggest the following?

Dear Catherine

Thank you for the help that you gave me up until the date of this incident. As you are aware, I have been trying my hardest to beat my addiction to Class A drugs. Up until the date of this incident I believed that we worked well together and were making progress. Unfortunately, I reacted quite badly to the news from Social Services that I would not be able to see my daughter or have my daughter stay with me at weekends and this was based on information that you provided to Social Services. I suffer from anxiety and depression and at the time I just thought about not being able to see my daughter and I blamed you for this. I now thought about it and I know that you only did this out of concern for my daughter. I am very sorry for my behaviour and I know that you were only doing what you thought was right for my daughter. I should not have reacted as I did. I was extremely anxious and emotional and all I thought about was not being able to see my daughter so please accept my apologies.

Yours sincerely

Tyrone Benjamin

Dear PC?

Please accept this letter as an apology for my behaviour on (date). You were not aware of the reason for my behaviour at the time, but Social Services had notified me that I would not be allowed to see my daughter or have her stay at my flat. I suffer from anxiety and depression and day to day events can affect how I react. PC Ainsowrth was speaking to me and because I was emotional and crying, I was embarrassed as I could not control my emotions. I did not want people looking at me in that state and I was trying to have a private conversation with PC Ainsowrth. I now accept that you were only trying to do your job. I did not mean to be offensive, rude or as you perceived threatening. This was not my intention although I accept that my behaviour was extremely erratic.

170.

I am not making any excuses, but I am trying to explain what I was feeling on the day. I am very sorry, and I hope that I do not behave like this in the future. Please accept my apologies.

Yours sincerely

With regards to the drug testing the barrister's attendance note is silent as to who is responsible for arranging this. I will contact Probation tomorrow for confirmation for clarification. Can you please tell me where I will have to call to get an update as to where Tyrone will need to call to get his drugs test done, I am going to start and write the letters the best I can and hand them in tomorrow so they cannot say they never got them. At this time, it looks as if he can end up going to prison as nothing has been done there is only a few days left till he is due in court. Also, can you give me an update to what is going on with Simon case, he is really upset ATM that nothing has been done he also feels that Michael Carroll cannot cope while you are not there. Even though he asked the office more than once while you were away on holiday for his case to be listed in court this was not done. He was just told by the office he will need to wait till you got back from holiday. I have emailed you about his case since you got back from holiday and had no reply to any emails about him. Simon himself has also made many calls to the office and still nothing has been done. It does seem there is a real break down to Simon case and it is just being left with nothing done or no replies. He is now thinking he is going to take this up with the solicitor's ombudsman. He is sad it has had to come to this as he has used Michael Carroll for many years as you yourself know. I do understand that you are very busy with all the caseloads you have. But we are feeling at this point you are the only one doing any work at Michael Carroll. And the other people working there cannot cope as to even list his case to the court for an application to vary/remove bail conditions to be listed at court.

172,

At this point we do not even know if Michael Carroll is dealing with his case any longer and just not been told, there for he is asking at this time is Michael Carroll still dealing with his case or not? If not, then can you let us know by tomorrow the latest so that he can get a new solicitor.

Many Thanks

Lorraine / Simon

Please see the barrister's back sheet from the 16th July 2013. This should have been forwarded onto you and would have been by me if it had been emailed to me in Bulgaria. Case workers are not allowed to send over any paperwork on any client file without prior authorisation from the Solicitor with conduct, namely me. I cannot criticise the case workers for this as I am strict on this. If this had been emailed over to me in Bulgaria, then I would have emailed on it but as I was on annual leave the case workers viewed this as non-urgent as the Judge refused to vary the conditions. I am also emailing you the client care letter again which outlines the complaints procedure.

Regards

Josephine

PS As indicated when the case papers are served and the secondary disclosure served then it may be possible to make a further attempt to vary bail but at this stage, I do not believe that the Court will entertain it.

Hi Jose

Simon does not blame you at all he knows you got a lot to do, and knows you do your job he just felt while you were away the office did not have a cue on what to do. He just wanted a reply as to what was going on and that was not happening. And did not in fact know that Michael Company was not involved in his case he was thinking that Michael Company was acting for him so when you went away, they could deal with it which they did not. Michael also has talked to Simon about this on the phone more than once so is aware of this Simon did not like the way in which Michael talked to me or him but the last time, he talked to Michael that was sorted over the phone. Josey, we don't have a problem with you at all. The problem we had was no one was able to deal with anything while you were away and that should not be the case the office should be able to deal with things if you are not around.

Subject: Simon's case

Hi Lorraine

Winchester Crown Court

175.

This case is in the warned list for

29th August 2013

I am still waiting for Simon to provide witnesses who can corroborate the negotiations between Simon and the "seller".

Woolwich Crown Court The main problem in this case is that Simon is unhappy that he is subject to an electronic curfew. As you are aware, I did not request a curfew as I knew that this problem would arise. He was initially given a doorstep curfew, but the Judge changed this to an electronic curfew. This is the preferable option as it is a qualifying curfew and counts half a day towards any custodial sentence, if convicted. The Judge did state an electronic tag as the clerk checked the tapes for what was said. The Judge is within his rights to do this as he will view this as relieving a burden in terms of manpower from the police. I cannot challenge this as it is still a curfew.

Bail variation:

Simon has to be realistic in terms of what we can achieve here. One of my obligations as a solicitor is to manage a client's expectations. I will of course make an application to vary Simon's bail conditions but as I stated before I will require emails from Simon from clients requesting that he cover events with quotes given by Simon as to how much he will charge. The smartest way to attempt to get Simon's bail varied is to ask for certain dates as opposed to lifting the curfew altogether as the Judge will not do this. If Simon persists in stating that he is not allowed to work and earn his living then Simon will then have to complete a change in financial circumstances statements for both the Woolwich case and the Winchester case and the court will have to assess his monthly contributions for both cases. At present he does not have to make a contribution as he is in receipt of benefits. I can only properly challenge the evidence in this case when I receive the case papers and then make my requests for secondary disclosure. The court would then be more amenable to an application to remove conditions of bail.

I am sorry that Simon feels that his case is not being handled properly. I sent Simon a client care letter at the commencement of this case outlining the complaints procedure. I do not believe that Michael was aware of the calls made by Simon to the office. I tried to deal with Simon's case personally and usually I do. e.g. Going to Birmingham Police Station in

2012

attending home address after his remand from Camberwell Green Magistrates Court to draft bail application. I am not sure what happened when I was on annual leave but based on your email it appears that the complaint should be directed against me as I am the fee earner and I am meant to supervise case workers. Michael is the Principal of the Firm and not the fee earner on this case. The case workers knew I was contactable by email and did not contact me. Michael Carroll has had no dealings with this case. (Since returning from annual leave I have dealt with 2 complex rapes, 3 GBH and a police station duty to date. I did intend to call at your address this weekend, but I was on duty and I had to deal with a complex rape at Colindale on Sunday. This case lasted all day. I can only apologise for this.) If you do not believe that Michael can investigate and deal with your complaint, then I must now advise you to address your complaint regarding this matter to Edel Speirits at the West London office. Her email is edel@michaelcarrollandco.com.

If you are not satisfied with her resolution of the complaint, then you can then proceed to complain to the Ombudsman. I am sorry that Simon feels this way and I am sorry that you are disappointed in my conduct of this case. I will forward this email to Michael Carroll in the morning but if you decide over night that you do not want Michael involved in the complaint and want to include him in the complaint then please confirm this so that I

176

can forward your **email to** Edel Speirits.

Josephine Ward (Associate Solicitor)

Simon

I attach this email. I previously sent it to the wrong email and has a mail delivery failure. The previous emails I have also forwarded onto to you.

Regards

Josephine

PS I am raising these issues as the Judges have been very difficult thus far.

Dear Simon / Lorraine

Simon it is my understanding that your mother is having internet difficulties at present. I sent over several emails this weekend which I will try to forward over to you from my trash box.

Re: application to remove reporting condition. I confirm that I have lodged this application already.

Re: application to suspend curfew for

25th

And

26th August 2013

Simon, I have requested written confirmation from Omar Lawrence that you have been awarded the contract together with the particulars of the contract as the Court will undoubtedly ask for this information. There is also a risk that the Court / Police will check that the contract is genuine, and this may well entail telephoning Omar Lawrence to check the detail. It is not unusual for the court to check bail addresses by analogy, so I am merely putting you on notice of this fact. I will not have any control over the information that is provided by the police to Mr Omar Lawrence, but they will have to identify themselves as police officers and this may raise questions about why police are making these enquiries. Your mother has explained that you may lose the contract as a result of this and unfortunately, I do not have any control over this. The options therefore available to you are as follows:

178

(1) Attend the festival during the curfew hours and then go home

(2) Apply to the court to vary the electronic curfew and request that the court do not disclose details of your criminal history or current court case. However, Mr Lawrence may well wonder why an enquiry has been made

(3) Do not make any application and take your chances - this is not advised as you will be arrested for breaching your bail and there is a high risk of remand to prison until the conclusion of your case.

(4) Discuss the matter with Omar Lawrence beforehand so that he is aware, and he can confirm this in the email to the court. The risk with this is that he may use you for this festival but may seek an alternative resource next year.

(5) The final option of course is not to make the application and attend in person during your curfew hours and get an alternative person who you trust to look after your equipment overnight on

25th August 2013

This option allows you to retain the potential for further contracts via your company, ensures that future clients are not aware of your previous criminal history and will also safeguard any future contracts with Enfield Council. Clearly this is a matter that you need to consider very carefully and weigh up the pros and cons of each option. I am aware how important this festival is to you and your business. If you decide to make the application to vary bail, then I will need the following from you by

15th August 2013:

1. Letter from Omar Lawrence that you are hired for the festival. I will need this information by

15th August

as the court and CPS will require 5 days to agree the matter administratively, failing which I will ask for a fixed hearing on

22nd

Or

23rd August 2013

I await your instructions with regards to the above matter. I have confirmed to your mother that I will require your instructions in writing. Should you have any questions then please do not hesitate to contact me.

Regards

Josephine

PS I will endeavor to send all other emails from trash box. Your mother has copies on her system.

16

Lorraine / Simon

Further to me earlier email I have now emailed the court, cps and instructed advocate with the request to remove the reporting condition. Once I am in receipt of the information requested earlier then I will also endeavour to get the curfew either suspended or extended for

25th

And

26th August 2013

but I will require the email confirming the booking for

25th

And

26th August 2013

If I can be of any further assistance, please do not hesitate to contact me by email or text.

Josephine

Regina v. Simon Cordell for PCMH at Woolwich Crown Court on 4th September 2013
Simon

I have now read through all your case papers, interview transcript and unused material.

Areas for discussion:

1. Premises need full address of where the rave took place
2. Any emails / Facebook notification of the rave / booking your sound system for the party / any invoices given to the people hosting the party
3. Full contact details for Mohammed in order that I can take a statement confirming the sale to you
4. Receipt that Mohammed gave you, presumably this itemises the goods sold and date of purchase by you pg. of your interview you make reference to leaving with your sound system and then being offered a job lot of chairs need specifics on this see 5 below. Please also read your bottom page 20 of your ROTI "I bought it of the person who put the 144 notice on both premises that was living there and was a registered squatter to them buildings. What made you believe that Mohammed had a right to the property?

Where did he tell you he got the property from?

5. I need confirmation of the date you purchased the items; the location where the sale took place

6. What made you believe that both premises were linked?

For all intents and purposes, they appear to be separate buildings and entry to Unit 3 appears to have been gained through a hole in the wall not a natural doorway. This is criminal damage and therefore illegal.

7. Confirmation of where the Notices were displayed. Any photographs from the rave to back this up would be very useful

8. Neighbours who can confirm the date the gazebo was erected

9. More information on the hole in the wall photographs would be helpful from rave photographs and also any persons who were living there in the Unit 3 squat

10. Recordings of conversation between you and police before entering the party. Any shoulder numbers of officers who attended the premises so we can request statements etc from them re damage.

11. What proof do you have that Unit 3 was not barricaded with wood as the Director alleges and the barricades were not simply moved prior to your arrival?

Simon I will have a full discussion with you regarding the law etc on Friday but if you can concentrate on the above and collating the requested information. I will draft your defence case statement after I have taken a full proof of evidence (statement) from you.

Regards

Josephine

17/08/2013	<u>Si Note:</u> <u>1</u> <u>Mother to Josie</u> Hi Josey After talking yesterday and saying about the insurance we will need to get the insurance for the building and insurance of the contents from anyone who owns or rents the property as I think you will find there is more than one insurance for the place, building insurance is something else to contents, and because you got more than one person for the property you are going to need all insurance being held by any person. Also, the guys who said things was taken should be able to do a stock check any real company would be able to do this which will show the amount and numbers of items taken on the 16/02/2013 and what he was saying has been taken on between the 01/05/2013 to the 08/05/2013 a person can't just say it's this amount without listing the items taken and numbers and any company should have done a stock check in Feb 2013 when this 1st happened and then again, a stock check in May 2013 So far, we have no number of items that have been taken just saying it's the amount he has said and that don't add up. Also looking on the LiLo Orders there Venice chairs are not listed on the order invoices he has given, the only item there is the Harrogate Gazebo, but he is saying in his statement that beds, trampolines, so where is the invoice for these items. There has got to be a list of how many items were taken he can't just guess the total amount so has to know the items and numbers that where taken on both dates. Also, on the land registry is this listed as one unit the reason I have asked this is the way the main section is to enter the building there does seem to be only one main section the other side may have been added after to make the unit to make it into 3 units. If this is the case and it was 1 unit to start with has planning permission been granted for the unit to be made into 3 units? Is there any chance we could also book your bouncy castle for the same weekend? Please advise price for both activities. We are checking we can get an electricity supply as generators are not allowed. Both activities will need to in place on Friday between 4pm and 8pm. The park will then be secured, and security guards will patrol through the night. The show is open to the public between 10am and 6pm both days. We are very happy to organise the activities ourselves, including set up and tear down if that keeps the price down, the final takes down is always chaos and if you want, we can tow from the park and return to your address as far as the fireworks are concerned can you quote for your big generator of the day please? Josie to Mother

Hi Lorraine

Winchester Crown Court This case is in the warned list for

29th August 2013

I am still waiting for Simon to provide witnesses who can corroborate the negotiations between Simon and the "seller".

Woolwich Crown Court. The main problem in this case is that Simon is unhappy that he is subject to an electronic curfew. As you are aware, I did not request a curfew as I knew that this problem would arise. He was initially given a doorstep curfew, but the Judge changed this to an electronic curfew. This is the preferable option as it is a qualifying curfew and counts half a day towards any custodial sentence, if convicted. The Judge did state an electronic tag as the clerk checked the tapes for what was said. The Judge is within his rights to do this as he will view this as relieving a burden in terms of manpower from the police. I cannot challenge this as it is still a curfew.

Bail variation:

Simon has to be realistic in terms of what we can achieve here. One of my obligations as a solicitor is to manage a client's expectations. I will of course make an application to vary Simon's bail conditions but as I stated before I will require emails from Simon from clients requesting that he cover events with quotes given by Simon as to how much he will charge. The smartest way to attempt to get Simon's bail varied is to ask for certain dates as opposed to lifting the curfew altogether as the Judge will not do this. If Simon persists in stating that he is not allowed to work and earn his living then Simon will then have to complete a change in financial circumstances statements for both the Woolwich case and the Winchester case and the court will have to assess his monthly contributions for both cases. At present he does not have to contribute as he is in receipt of benefits. I can only properly challenge the evidence in this case when I receive the case papers and then make my requests for secondary disclosure. The court would then be more amenable to an application to remove conditions of bail. I am sorry that Simon feels that his case is not being handled properly. I sent Simon a client care letter at the commencement of this case outlining the complaints procedure. I do not believe that

206

Michael was aware of the calls made by Simon to the office. I tried to deal with Simon's case personally, and usually I do. e.g. Going to Birmingham Police Station in **2012**

attending home address after his remand from Camberwell Green Magistrates Court to draft bail application. I am not sure what happened when I was on annual leave but based on your email it appears that the complaint should be directed against me as I am the fee earner and I am meant to supervise case workers. Michael is the Principal of the Firm and not the fee earner on this case. The case workers knew I was contactable by email and did not contact me. Michael Carroll has had no dealings with this case.

(Since returning from annual leave I have dealt with 2 complex rapes, 3 GBH and a

police station duty to date. I did intend to call at your address this weekend, but I was on duty and I had to deal with a complex rape at Colindale on Sunday. This case lasted all day. I can only apologise for this.) If you do not believe that Michael can investigate and deal with your complaint, then I must now advise you to address your complaint regarding this matter to Edel Speirits at the West London office. Her email is edel@michaelcarrollandco.com.

If you are not satisfied with her resolution of the complaint, then you can then proceed to complain to the Ombudsman. I am sorry that Simon feels this way and I am sorry that you are disappointed in my conduct of this case. I will forward this email to Michael Carroll in the morning but if you decide over night that you do not want Michael involved in the complaint and want to include him in the complaint then please confirm this so that I can forward your email to Edel Speirits.

Josephine Ward (Associate Solicitor)

Festival Work Enfield Scouts

Hi Darren, sorry for the late reply thank you for the email as we talked the cost of the Space Ball for the event for both days. Bouncy Castles for the event for both days is one kids from up to 3 years old, one adventure playground 5 years old and above, and a 12x12 which is all ages. I will do all of these for £300 this will include a man for the space ball and the Space Ball as this event is for the Enfield Scouts. Can you tell me the power for this event and how it will be powered?

Also, the 70 KVA generator with all leads and distributor board for Saturday 2nd November in Enfield Town Park will be a cost of £300 for the generator plus fuel, but the fuel would need to be paid up front which I would say is around £50. The generator has all its Electrical-Certificates'. For Saturday

02nd November 2013

in Enfield Town Park there will be an Electrician with me for safety reasons the Electrician cost will be £80. I will send my public liability insurance and Electrical-Certificates and risk assessment when needed. Can you please confirm the prices, and dates?

Many Thanks Simon

Hi Darren

The generator with no fuel and an electrician will be £380, this will be due to me not taking a deposit that is why want my own electrician on site. If you want to hire the generator without an electrician then a deposit would need to be paid, this would be given back once my electrician confirms the generator is in the same state as it was before the event. We have already given a 50% discount on the price for this event.

Many Thanks

The Moon: --

I know that the moon is too far of a distance away to stay on for me, as the world is too beautiful of a place to stay away from, but even as beautiful as the world is to spend my time inside off, on this day in this world, I upsettingly found myself attending at court:

--

It is the beginning of September and just after the ponders end festival has taken place. I had prior arranged by myself to attend at court on the 04/09/2013

because I needed to start new work commitments. On arriving to the courthouse, I explained to the judge that the bail conditions were causing me problems in a multitude of ways, I expressed to him the importance of my company to me and how my living circumstances were dependent on the stability of my up and coming contracts of work, I explained to that I had a new contract to supply entertainment equipment on the 08/09/2013

for a good cause, for kids with cerebral palsy at a festival in Muswell Hill. The Hearing continued ahead, my application to amend bail conditions, got refused yet again. My conditions got denied from being ferried once again, by a judge on this day at Woolwich Crown Court, but satisfyingly to me and others in the end, I did manage to get involved and supply the equipment to the event for everybody with extra hardship.

I like to be able to explain to everyone that it is a powerful reed, when you write like this: -

Before this Debra had continually attended mine and Ozzie's addresses, she endeavoured us with her so-called love. By this stage she has become an occupier of her premises for about five years, in turn living with us as a resident in Burncroft Avenue. Prior to any problems between us all I and Ozzie had both decided not to allow Debra Andrews access into our own flat's, as we could understand she has special needs. We managed to look after her, while treating her like a sister, in a short explanation, as much as she attempted to gain access into our homes, we both discretely presided in both politely declining her entry and stayed adamant in our decision. But to our surprise Debra Andrews had found something that would mean to her that she'd not be bored or lonely again, "Stain." Thought most of the years that Debra Andrews did live above me, Debra never did knock on Stan's front door, while stains wife was present with us all. The reason for this to me was because I believe, she knew of Brenda's presence. Debra simply knocked on mine and Ozzy's front doors. Eventually, my own civil partner also raised a large concern about Debra always knocking on our front door, the reason for this was because of the persistent knocking on the front door, which in turn caused my partner weirdly to question me in regard to my personal relationship with Debbie. Whenever I needed to, I would go to my front door and look through the spy hole, this was whenever I heard a person at the front doors, that is to mean the front doors of my or Stan's, as his front door is opposite to mine and the other reason was partly as my guard dog always makes me aware of anyone else's presence. Henceforth, as a sense of natural instincts, I will confirm who is there for our safety. Because of security I had noticed Debra had started to knock at the front door of Stan on a daily basis a short while after his wife had passed away, I would notice that he would always grant her access and that she would be carrying a shopping bag full of alcoholic drinks. I could easily tell what she had in her plastic bags as they would always make the clinging sound that glass and plastic bottles do and or metal cans will make. At around the same time, I asked Stan if he would help me, what I asked him was for him to help me to help everybody by reading a proposal that I had prepared for the community event that I had started to build, to which he did agree to read. In the following days, I approached Stan as agreed for an update, as to any amendments that he may advise me to make within the document, when speaking to him, he explained to me that he was grateful that I had asked him to go over the proposal and that he enjoyed reading it very much so, I can remember that his words made me feel very happy, me being me, I questioned him a little more whether there is anything else's that he recommends being updated or changed for the better of the event being created, I received a reply of no it is perfect just how it was alongside with the advice of to send it off, even low I still understood that I was not quite ready at this stage! The slowdown and Closing of talking to Stan, at this period was just after I said to him that I treat my work seriously, so because of this reason, I will be indoors

	working hard, so if he ever needs any help of me just tell me and I will be there for him. <u>Disrepair!</u> I get suffocated in a toxic mouldy and damp flat and then on left in an apathetic environment not fit for any human inhabitants at this present stage of my life by my landlords! <u>Time Spent Building:</u> In the background of everything going on I continued working on Creating a new and up to date event Number Control and Reporting Policy and I continued to Study and finish at the Time Start: 07:00Am and Time End: 03:30 Pm! Dear Lorraine

Thank you for your telephone call today.

I am sorry that Simon is upset regarding his representation. Can you please send me an email with all of Simon's complaint so that I can discuss this with Michael Carroll?

Michael will also want to discuss your concerns with the barrister, and we will change the barrister as it is not acceptable that the barrister did not attend court with the correct paperwork. The amended defence case statement was emailed to the barrister on 4th September **2013** and Simon had to bring the exhibits to accompany the defence case statement to today's hearing. If he did not do this then can you, please ensure that they are scanned and emailed over to me so that I can email them to the CPS and the Crown Court.

Regina v. Simon Cordell for PCMH at Woolwich Crown Court on 9th September **2013** (Burglary)

Hi Josey

After just taking to you on the phone about Jay who was at court today with Simon to deal with the above matter Jay come to court today with no papers. The judge was not happy and ordered him to supply said papers to the court today by 4pm also he had not prepared for the case so when the judge was asking thing Jay did not know what to say and had to say to the judge, I have to think about that. I do agree Simon was meant to bring papers with him, but Jay also should have had the paperwork you had sent him and have had a printer in order to print it of for the court. Lying to the judge to say he had tried to email them does not go down well with any judge. And the Judge saw through this as he said don't you mean you tried to print the paperwork to bring to court. This is not the 1st time Jay has turned up with no paperwork for this case and tried to also use he turned to email it as he did not have access to a printer. Does his offices have no printers as I know full well you sent the paperwork to him well on time for him to have had access to a printer before today's hearing. Simon did indeed get upset due to jay no having anything or knowing anything to say to the judge in his case and did stand up and try to explain himself to the judge which the judge did not like and in the end told Simon to leave the court and wait outside. But Simon should not have needed to stand up Jay should have known what to tell the judge and been prepared for the case. It was also said about Simon curfew in court and it has now been said it is a doorstep as the prosecution said also in court it has never been electronic curfew, so the judge accepted this and said it was doorstep. Simon no longer wants Jay to act for him on any matters can you please sort a next person to be in court for him if you are able can you get the guy that Simon has had in the pass I forget his name but he dealt with a case a while ago for him. If you need Simon to sign this then I will get him to do this when he gets home from court, but he does not want Jay on any of his cases again.

Many Thanks

Lorraine and Simon

A not guilty plea and this was about the gazebo case: --

I went to the Court to enter my a not guilty plea and this was about the gazebo case: -- It has gotten said to me by other people that throughout the years we will not go without sacrifice, now I find the saying to be true! On this day I attended to the Court to enter my not guilty plea, about the gazebo case from the day of my friend's private birthday party that did get held at the Bianca road after being moved over to there by the police. What did get put against me and into motion at court is a criminal charge of suspicion of a non-dwelling burglary from the police station prior, From the start the case files are in error before printed and in layman terms "a mess," While at the courthouse the prosecutor did not even have any of the case files with himself "Official Paperwork" present, so when present at the courthouse I filed out an official complaint and issued it in to the court clerk by hand delivery and also sent an email into the correct department once back at home. I have continued in my fight of not letting the justice system let me down and in turn the justice system, letting everyone else's down, so, I continue with the work within the local community that I have agreed to, the next festival job is set alongside the North River Lee "Enfield lock" for the date of

Regina v. Simon Cordell for mention at Woolwich Crown Court on 22nd October 2013 in

Court 10 at 11am

Dear Simon,

your case has been listed tomorrow for a mention hearing. You are both welcome to attend if you so desire, but you are not required to attend, as you have not been able to provide me with the original receipt of internet link for the Focus catalogue, I edited the defence case statement accordingly. I now attach the amended defence case statement which I instructed your barrister to serve at tomorrow's hearing. This will trigger secondary disclosure in the case, and I will be hoping to offer you an appointment in four weeks' time for a conference with your barrister. If you have any further requests to vary your bail, then please provide me with adequate notice as the courts tend to want the CPS and solicitors to attempt to agree the variation administratively before resorting to the court.

Please do not hesitate to contact me should you have any questions.

Regards, Josephine.

Subject: Regina v. Simon Cordell for mention at Woolwich Crown Court on
22nd October 2013

in Court 10 at 11am

Dear Simon / Lorraine

Your case has been listed tomorrow for a mention hearing. You are both welcome to attend if you so desire, but you are not required to attend. As you have not been able to provide me with the original receipt of internet link for the Focus catalogue, I have edited the defence case statement accordingly. I now attach the amended defence case statement which I have instructed your barrister to serve at tomorrow's hearing. This will trigger secondary disclosure in the case, and I will be hoping to offer you an appointment in four weeks' time for a conference with your barrister. If you have any further requests to vary your bail, then please provide me with adequate notice as the courts tend to want the CPS and solicitors to attempt to agree the variation administratively before resorting to the court.

249

Please do not hesitate to contact me should you have any questions.

Regards

Josephine

PS Simon can you please sign this defence case statement and either scan and email it back to me or post it to my office. Thanks

We have looked again at our decision

You made an appeal against a decision about not being entitled to Income Support upon release from prison, issued to you on 09-Aug-2013.

We have looked again at the facts and evidence used to make our decision. As a result, we have changed that decision and have decided you retained your entitlement to Income Support following your release from prison but have no entitlement for the two days you were in prison.

What happens now: --

Your appeal will not be sent to an independent tribunal as the decision has been changed in your favour.

As explained in our previous letter, if you still think the decision is wrong you have the right to appeal. You should normally appeal within one month of the date of that letter. The Income Support payment section will be in touch to advise what happens next.

Yours sincerely,

S Anderson

Hi Jossey

Really sorry I forgot yesterday after I helped Sheila out, I was so tired. Here is the information you need. Also did you ask the police if you can have access to the building to take our own pictures?

Lorraine

Josie to Mother

Dear Simon / Lorraine

Can you please scan over to me the receipt and the links for the catalogue as referred to in the defence case statement in order that I can serve this document today?

I have discussed what happened with your case yesterday Simon and it is clear that there has been a total breakdown in the relationship between you and the instructed advocate. Michael has approved the immediate removal of your case from Mr Lemos's diary and I will instruct the Advocate who represented you for the bladed article case. I am sorry that you were disappointed with the instructed Advocate. I hope that the above is a satisfactory solution. Can you please keep me updated as to any additional concerns that you have regarding any future instructed advocates?

Please do not hesitate to contact me should you have any further problems.

Josephine

PS Please ensure that you provide the receipts and the links by return email as the defence case statement should have been served yesterday.

Hi Josey

I just got a call from Simon and it seems that the prosecution have seemed to not have the CCTV the judge has also allowed this to go on without it and the prosecution not saying what happened correctly at all in how it was meant to have happened and without the CCTV to prove it how can Simon prove that they are saying is wrong? Also, there is no one from there side that has tuned up they are just using their statements. And also, there saying this is a 2-day trial so want Simon back there tomorrow again this is a lot of money to get up there and back.

Lorraine

Josie to Mother

Lorraine

The loser's statement is not being disputed. He said he was the owner he reported the trailer as being stolen from the location that Simon collected the trailer from. The CCTV will not change the case in any way either as Simon accepts that he collected the trailer and removed the trailer. The issue in the case is whether Simon bought the trailer in good faith. The jury will consider the price paid, where the contract was conducted and the circumstances. They will undoubtedly question our inability to provide any defence witnesses to corroborate Simon's version of events. With regards to the trial lasting two days I do not have any control over the trial length. Simon gives his version of events and the jury either believe him or they do not. The CCTV evidence does not add to the case in any way. Simon accepted in his interview collecting the trailer, so I am not sure how the CCTV alters this. With regards to the case being in the Crown Court this was Simon's choice. The issue is when, where and what Simon said to satisfy himself that the person selling the trailer was the true owner. This is a question of fact. I hope that this clarifies the position.

Hi Gary

Thank you for the email. This very late notice has now made me lose contracts to hire out the gen, as I could have had other bookings, but knew I was booked for yourself. I did email Darren last week to confirm the booking, as for the gen not being able to cope with your needs, I know it would be fully capable to cope with all the requirements that we agree on and much more, as you know I did have a problem with my van which due to me knowing I was doing this event with you I made sure I paid to get it fixed so I did not let anyone down, as it was for the local community. Mr. Simon.

30/10/2013	<u>Si Note:</u> <u>1</u> <u>Creating Dean's painters and decorators: --</u> Around the same time, I seemed to have a lot of good friends about me who I wanted to help out in life one of them was named Dean would always help out with maintaining the back gardens at my home and other jobs such as painting, so for me to help dean I had decided that the best way forward would be to help him start to build his company. The company that I had built with him, for he was then named Dean's painters and decorators. We both managed to obtain a big job for him regenerating a person's house externally, this included painting, maintaining and painting the whole front of the house and garages. While dean was at work, I continued to help him out I had ordered some business cards for him from Vistaprint. After he had finished the job that he had in hand, we posted the business cards down the street that he had been working on to gain some more needed work, as he and me including the client was proud of the hard work that had gotten accomplished. We decided the best way for him to gain more clients was to keep advertising the companies that got started, so we split the business card that I had ordered for him in half and in turn I left them on my van's dashboard. I can always remember playing a game when I was driving around London and what I did in this game was taking my time to write down any company vans details that I could see driving past, this got done when I believed they would help me with my dreams. In playing this game, I used to stop at shops and talk to the owners about different business opportunities. Description of Bar Stool ads

bar stool.docx; shopfront-google-map.png; Sim Chair jpg

Hi Josey

Today Simon called Gumtree up to see if he could in fact get the ad which was placed on Gumtree from the shop where Mohammad worked and got the items he sold to Simon. Gumtree was very helpful and found the ad for Simon and sent it over in the below email, the only thing they could not put in the email was the contact information of the person who posted the ad on Gumtree, but have said they will give this out to the police if the police contact them. The shop was called MJD'S 98 Tower Bridge Road, London SE1 4TP and this is where Mohammad worked. This is the name of the shop were the gazebos chairs and stools were for sale and the shop that advertised them on gumtree. When Simon Ordered the chairs from Mohammad there were 2 different types Simon got 4 of the Milan bars stools and one of the Venice Chair. The Venice Chair is what the police have at the police station. He sold 4 of the Milan Stools he ordered from Mohammad which were different from the one found at Simon address. All of these carry the What! Logo. Simon has since be able to get one of the people he sold the stool to which did keep the box and was able to get the label of it which I have scanned and will send over with this email. Which is clear it is the same chair in the ad on Gumtree. Bar stool.doc is the attachment from gumtree the other attachments are from me.

Getting a job

As a night club manager!

I had been out looking for more work when I came across a gentleman who was redeveloped a night club in Brixton, what was to get named; as Brixton's white sands night club. This got done while it had been getting built, I spoke to the owner and showed him what I was capable of doing for his company. He got very impressed with my CV and as a result offered me the position of nightclub manager. To make sure that I kept on the owners' books of good workers, I travelled backwards and forwards from my home to the club on a regular basis and in doing this I noticed that I could speed up the process and offered to help move some left over demolition materials to an environmental waste site. On the

14/11/2013

I was travelling with my friend named dean, we were together in my van and driving to Brixton, as we were travelling along Brixton high road. We had got about 400 yards to where I was to park my van outside of the night club and the police officers decided to pull us over, as I hit the 400 yards', mark I had to drive past some police stop and search patrol who were doing some; "Roadside" Apr checks, on passing vehicles. They got placed on the same side of the road as the up-and-coming night club, as I drove past the police and their cars, we never got stopped. I managed to pull over to where I had wanted to stop, outside of the club, without any problems so far. The owner of the club had not arrived yet on this day, so I decided to wait in the van. My friend decided to jump out and quickly go to a local shop to buy some drinks and so forth. When I noticed some police, officer come up to the driver's door window and tell me to get out of my van, I asked him why I should do this and what for. He explained that I had not shown up without any insurance on their computer systems as I had driven past them as always, I understood and knew that I had the correct insured to be driven. I explained to the police officer that I was attending the location as I had got a manager's job at the new nightclub and continued to show him a copy of my policy while explaining to him why my van may show up as a not insured. A PC Geoghegan decided to do a full search of myself and of the inside of my van, on him doing so he found the business card that I had previously made for my friend on my dashboard On PC Geoghegan doing this I passed him my own mobile phone so that he could speak to my insurance companies as I had called them while he got engaged in my van. I could hear him speaking to the employees on the phone and then explaining that I have social and domestic and a motor trade policy in place this did include high performance cars, my insurance company was adamant to the police officer that I got covered to drive the van now then in question. With this information being provided to the police officer, he decided to say that I would not get covered if I had tools of another trade on me, to which I did not. He decided to seize my van because he had found the business card that I had made for dean to do with painting, so I refused to get out of the van and surrender my keys to him.

Eventually he also decided to arrest me for a breach of the peace. On finally being booked into the police station I had no additional property with me and got held till the next day's early hours of the morning with finally being charged for driving with no insurance as the officer claimed that my insurance policy was not in restraints of the policy underwriting. When I got finally realised, I had to go and pick my van up from the police car compound, in doing so I decided to record in audio format the ongoing, what did in fact happen was I asked to speak to the car compounds manager who is a civilian, I asked him to see a copy of the van's seizure notice, the reason I had done this was because it would show any belongings that got left in the van as they have got to get signed for by the arresting or seizing police officer. In the car compounds manager, helping me with my request, he also noticed that there were no other tools of the trade within the side of the van and that it got signed that I never took anything out of the van, I collected the van and then headed back to my home. So, on the 14/11/2013; I had to yet again attend court to defend myself from their wrongful allegations. What in fact did happen to me is that I got left in amazement by being found guilty of the offences after the PC Geoghegan stood and gave evidence from his police notebook from the day's?

Being upset with knowing that I was right, and all I did was carry business cards in my van that I had made for dean's own company, I explained to the judge that the police officer was being deceitful with his evidence and asked him to give me a chance to prove the truth by requesting a copy of the sound audio recording from the insurance company from when the police officer had first pulled me over. The Judge granted my request, and I applied to the insurance company for the sound recording evidence to get realised to me. On receiving my request of the recordings, I could prove that I was right as I now had both recording from the roadside and car compound. I applied for an appeal hearing to take place at the courthouse. Very soon after this day arrived, and I was on my way to court, I felt a bit of a mess due to what had been going on to me by every person that did get involved in hurting me. In the courtroom the appeal started to go ahead, I can remember the day being a repeat of the trial where I had wrongfully got found guilty in the first instance, till right up until my solicitor asked the police officer to stop going over his evidence from his police note book. When the police officer did do as he had got asked to do by my barrister on the day made sure to confirm with him that his notes were correct from the day's events and looked at a CD player that he had earlier put a copy of the audio recording made by me with PC Geoghegan, talking to them. On playing the audio CD for a few seconds, my solicitor then stopped the CD and asked PC Geoghegan; if this was his voice; for him to confirm the answer: PC Geoghegan, agreed while under oath that it was his voice on the CD and this was to his surprise. There is a copy of the official sound audio transcribed from them days. Hang on first just to confirm one more thing even stronger than before I did not have any other tools of trade in my van on the day of events.

I was in turn found not guilty and I can remember the Judge is telling the police officer to wait outside of the courtroom with the rest of the criminals. Not too long afterwards I spoke to DVLA and had the points and driving ban redacted. In this time, I could not travel to the other side of London to visit my partner. I won the case on appeal after the police officer lied in 2 different courts. The police complaint went in, and they mishandled incorrectly. When I had to collect the van about the Brixton case on the 16/11/2013 and I had to pay again, when I clearly had insurance. The case is now being overseen by the IPCC due to what carried on and the Complaint is still ongoing up and till date.

Dear Martin

Today the

15/11/2013

I made a call to be able to speak to you with regard to what happened yesterday the 14/11/2013

with the police. I have talked to Oilly today and he asked me to write this email to you as they are thinking of closing my insurance policy. Yesterday I went for a meeting with the owner of a night club for a future job position the meeting was set for 14.00 hours. I drove down for my meeting and got there at around 13.00 hours there were some police at the road side doing stops on cars etc, as I drove pass and pulled over to park by the night club, my friend who was with me got out of the van to get some drinks and food while I waited in the van, as I got to the club early for my meeting. The police that were doing the stops came up to me, they told me they wanted to do some checks on the van I was sitting in, I asked why, and they told me under the road traffic act. I then passed the police my insurance policy for them to go over, the police officer also asked me why I had stopped there. I explained to him I had a meeting in the night club that we were outside, as it was due to open to the public in 1-month time to secure my future position there. While I was there, I was also planning on asking if there were any painting jobs, I explained all this to the police officer I was talking to. The police looked inside the van and clearly saw it was empty and that there were also no signs on the van showing it to be a company van. But the police officer was still unhappy. He talked to yourselves as the insurance company on the phone and was told I was not insured, at what point I called you myself as my insurance company as I knew I was insured. I explained the situation to yourselves to be told I was covered for commuting to work, social and domestic, as well as motor trade, but not for carriage of goods for a company, which did not matter as my van was empty and still is whilst being in the police impound. I am putting in a complaint to the independent complaints commission in regard to the unlawful seizure of my vehicle. Further to this would it please be possible to find out the status of my insurance policy and the reasons as to why I have been told you are in the process of closing my policy.

Yours sincerely

Mr. Simon Cordell

Hello Martin

After the call you made today and talked to myself Miss Lorraine Cordell, I am sending over the information you asked for. I do feel also that KMG asking to speak to the police office is in breach of my data protection, but I will be willing to write and allow them to do this. As I said to KMG yesterday on a phone that was made to them when I talked to Kelly Tilley I have not been found guilty at a court of law for not having no insurance and it is for a court of law to find me guilty not a police officer who thinks I done something when I have not. Even if KGM does speak to the police office he will still say what he feels and that is not a fact that I am guilty of anything. To be found guilty it would have to be done in front of a judge. Also Martin as you said on the phone today when you in fact talked to the police on that day not once did they say I had anything in my van that would void my insurance, and in fact I believe at this stage if the police did in fact have proof they would have said to you that my van was full of things which is not the case. I would like to also know if my insurance is going to carry on while this matter is addressed or if it will be closed down on the

27/11/2013

as the letter says that KGM have sent me. And if KMG is going to close down my policy I would like full written conditions of what part of my policy I have broken. As for the letter of complain that will be going to the police Simon still has not fully read over it to make sure there is no errors or anything else that needs adding but it does go into details as to what went on, it is only for use by yourself and KGM to read only. Also as I said on the phone to you today the police are also telling me that

the 3 times that my vehicles were seized and I had to pay for them to be taken out of the compound, I will need to claim this back from my insurance company as they had not done their job and put them on the database so they are at fault not the police. You said to me today that KGM are looking into this as they are on the database and it should show up to the police that I am in fact insured. This has not been the case for me and I have suffered badly due to this and this is the reason I have to carry my insurance policy at all times so when I get pulled over by the police I can show them my documents, as the police say it does not show up as I am insured, this is also the reason the insurance company have had so many calls from the police to asked if I am insured or not since my policy started. Could you please send me proof that the vehicles where on the database so I can put the claim in to the police to get my money back for the times my vehicles were seized. As at this stage I do not want to have to put a freedom of information act into yourselves or the police to the amount of times that the police have in fact had to call my insurance company to see if I was insured due to the police saying I was not insured. I have always been very happy with Broadsure Direct that is why I have still use them and would like my insurance to carry on under them.

Hello Martin

I made a mistake on the date that KGM said they were going to close my insurance policy it's the

23/11/2013

So, I will need to know today if I will still be insured as from

23/11/2013

until this matter is sorted.

Hi Lorraine,

Please find response from your insurers

I have listened to the call that took place between the police and my colleague Jessica advising that Mr Simon Cordell was carrying tools in his vehicle so unfortunately, we have no other opportunity but to continue with the cancellation of the policy. Unfortunately, the policy will cease as of tomorrow as per the letter from KGM. The only way to stop this is to either get the Police officer to contact kgm or to get a signed statement from him before 1700hrs today.

Martin

I have been told by the police when I called them that each vehicle that is impounded you do a check on to list what items are in there. I would like to know how I can go about getting a list of items that was in my van reg CX52 JRZ as I need this list to give it to my insurance company. Or if my insurance company emails you can you give them a list.

Many Thanks

Hello Martin

Please see the below email that I have been told by the police to contract Charlton Car Pound as when any vehicle is impounded, they do a check and list all the items in the vehicle. I am hoping to get a reply to my email on how to go about getting the list shortly.

Hello Martin

I have spent all weekend trying to get hold of the Charlton Car Pound as that is where the police have said there will hold a list of what was in the van. The police have told me that the compound has to make a list of every vehicle that is impounded so it covers them also so they will have a list. I have sent 2 emails over the weekend which I do know they have read as I had tracking on them. I have spoken to Kelly today and she has asked me to make sure you have the information for the compound, and can you pass it over to her asap. Also, can you find out from Kelly Tiller if Simon will be covered after 12.00 today while she gets hold of the compound please and let us know as soon as possible.

Hi Josey

Is there any update as to Simon case have you got any of the information from the crown yet and how is the 3-party discloser going with the insurance company as the case is on the WL for the 16/12/2013 and there not many weeks left till this date?

Also, an update as to the other day when the police seized Simon case. The police officer called Simon insurance it was at this point he told the Insurance company that Simon had tools in his van. And the insurance company has this recorded. The insurance company was then going to void Simon insurance due to what the police office had told them. The insurance was going to be closed as of the

23/11/2013

Simon then told the insurance company if they close his insurance down that he will sure as he did not have any tools the insurance company give him till the

25/11/2013

at 12.00 hours to prove in fact he did not have tools in his van. We called the police and was told to contract the compound the van was taken to as they have to list everything that's in any vehicles that are in a vehicle that is taken to any of these compounds. The insurance company asked Simon to go to the compound and call them when he got there to be able to talk to the police at the compound with Simon being there as they would need Simon to be there to be able give the police permission to talk to the insurance company. Simon did this on the

26/11/2013

when he got to the compound, he asked to speak to a manager which he was allowed to do the manager looked on their system and told Simon his van had nothing in there. A call was then made to his insurance company and the manager told them the Van had no tools in there in fact it had nothing in there as if it did it would have been noted on their system and the items would need to be taken out and locked up or they could be liable. The insurance company now have not closed Simon insurance down and now know that the police officer lied to them.

So, in fact the police were setting Simon up again.

Dear Simon, please see the CPS response to our defence case statement. This was received in the DX today. It does not advance our case. I am also confirming that your barrister can only do a conference on

12th December 2013

at 10am in Nexus Chambers. He has personal appointments tomorrow and cannot as previously advise to a conference at Croydon Crown Court. I therefore booked a fixed conference for

12th December 2013

at 10am at Nexus Chambers so that he will not be caught up in a trial and there is no risk of you breaching your curfew. Before that date I would also like to finalise your proof of evidence and I would hope to do that Tuesday afternoon or the following Monday. Please do not hesitate to contact me should you have any further questions regarding this case.

Regards, Josephine.

Hi Josey

Thank you for the email I just got it so will let Simon look over this tomorrow. Can I ask something the receipt from LiLo Leisure is that the receipt for the?

16/02/2013

or the

04/05/2013

as it seems to be the same receipt. What we want is a full list of items and amounts that were taken on the

04/05/2013

and also, the same for the

16/02/2013

someone can't say an amount in £s of damage and items were taken yet not have a full list, or are they saying on each of the receipts for the

04/05/2013

and the

16/02/2013

all of the items listed on the receipts were taken it does not make sense as they seem to be the same receipts. There are also no invoices for the repair of the damage on the

16/02/2013

or the

04/05/2013

for someone to come up with the amounts that they have for the damages to this so-called building on the

04/05/2013

Which he would have had to get invoices for his insurance companies. Also, there is no information as to really anything for the

16/02/2013

And no information as to the people that were arrested and what happened to them.

There is also nothing to show any work was carried out on the building from

16/02/2013

so, show anything was fixed as I am sure there should have been. There is far too much data that is missing. And I wonder why how can a police officer not have any full lists of items that were taken yet be able to have a total amount of damage that were caused how could they come to these sums?

There seems to me a lot in this case is being covered up by the police and I would like this addressed as how can someone have a fair trial without the full facts.

Mother to Josie

Hi Josey

I tried to call you today re Simon case not sure if you got the below email so I will send this again over to you. There are some points I really do not understand and until the crown gives us information as to this it does seem to me that Simon case at court has the claim for Feb **2013** case in it as they are not giving a list of what was taken.

1. Both the invoices from LiLo Leisure products ltd that have been given for Simon Case in May **2013** and the information that the crown has just given you are the same.

2. On the invoices the address that the items in the invoice was not delivered to the address the parties were held in, in Feb **2013** and also May **2013** they were delivered to Marks wholesale which is a big shop, so how did they get to the address the parties were held in I am sure Marks wholesale would have storage? space and it does seem very funny that they would move items that were ordered to sell at one of his large shops?

3. There has never been a list of items that Mr petal said was taken in May just an invoice so is Mr Petal saying that all the items on the list was taken at the party in May **2013**

4. So far, we do not even know the list of items that were taken in Feb **2013**, and seeing at Mr petal seems to be using the same invoice for both dates there should be 2 lists of items that were taken

5. what was the cost of the damage to the building in Feb **2013** as it seems from the emails Mr Petal has listed from his insurance, they have put both claims into one which in fact would then go over to the date Simon hired his sound system out in May **2013** 1202

6. Why did the insurance company not pay the Feb **2013** claim out till after the claim in May **2013**? Why did they only pay out after the May **2013** claim is it due that someone was arrested, and they could put both claims over to the court case of Simon. As if you look at the dates of the insurance part it does not make any sense as the last date shows April **2013** yet it says they are paying out both claims, how could they pay out both claims when the party in May had not even happened yet. Or is it the case there was a next party after Feb **2013** and before May **2013**.

7. What was the costs of damage to the building in Feb **2013** and the value of the items taken.

8. What was the damage to the building in May **2013** and the value of the items taken. In short how could the property have been stolen in May **2013** if it had already been stolen in Feb **2013** as the invoice is the same?

Also, the damage to the building from Feb **2013** seems to have been added to the costs to the May **2013** but yet Simon has not been charged with the party in Feb **2013**. It seems they have mixed both cases together and Simon is taking the blame for all of it within the costs. The Crown does need to give us all the information to the Feb **2013** case including pictures so we can see ourselves the damage to the building and they need to tell us if anyone was changed in Feb **2013** and what was the outcome. If the crown does not do this then this is an unfair trail they will be holding as to Simon case. Also, we need to see all the insurance claims to see the total costs of damage in Feb **2013** and also for the claim in May **2013** and the reasons as to why both cases have been linked together by the insurance company. Also, where is the insurance claim for the items within the warehouse that was meant to have been taken as so far, I can only see a claim for the damage to the building?

Any claim would need to include a list of the items that were taken and would need to be replaced. Someone cannot just come up with a figure of a cost for items that were taken and so far, it seems as if that has what has been done in both cases Feb 2013 and May 2013.

313,

Lorraine / Simon

16th July 2013

Dear Sir or Madam

We act on behalf of our above-named client under the terms of a legal representation order.

331,

Our client's matter was listed at Woolwich Crown Court for a preliminary hearing and an application to vary us client's bail conditions. The Learned Judge on that occasion refused to deal with the application to vary bail and raised issues regarding why the surety was not present. He removed the surety requirement and our understanding is that our client was admitted to bail on the same terms as before. A number of issues have now arisen as a result of this. Serco attended to insert an electronic tag, and this was never a condition of our client's bail when he was granted bail by Woolwich Crown Court but a curfew with a doorstep condition was imposed. Our client explained this to Serco who left. We clarified that this information was accurate by reviewing the advocate's attendance note from 10th July and also receiving verbal confirmation from Mr Lemos to further verify this. When our client went to report to Edmonton Police Station in compliance with his bail conditions, he was arrested for breaching his bail in that he refused Serco entry to install the electronic monitoring equipment. This was on

13th July 2013

Fortunately, our client was able to produce a copy of the bail notice from Woolwich Crown Court and also a copy of the advocate's court attendance notes who attended on

13th July 2013

He was released. Ms Cordell contacted Serco and advise Jo badge number 3072 of this development and Serco will now wait until Tuesday

16th July 2013

to receive clarification from the court. Can you please list this case tomorrow?

16th July 2013

in order that matters can be clarified. We thank you in advance for your assistance in this matter and we await clarification of this.

Yours faithfully

Please see the barrister's back sheet from the

16th July 2013

This should have been forwarded onto you and would have been by me if it had been emailed to me in Bulgaria. Case workers are not allowed to send over any paperwork on any client file without prior authorisation from the Solicitor with conduct, namely me. I cannot criticise the case workers for this as I am pretty strict on this. If this had been emailed over to me in Bulgaria, then I would have emailed on it but as I was on annual leave the case workers viewed this as non-urgent as the Judge refused to vary the conditions. I am also emailing you the client care letter again which outlines the complaints procedure.

Regards

Josephine

PS As indicated when the case papers are served and the secondary disclosure served then it may be possible to make a further attempt to vary bail but at this stage, I do not believe that the Court will entertain it.

Dear Sir or Madam

We continue to act on behalf of our above-named client under the terms of a legal representation order. Our client has instructed us to make an application to vary his bail conditions so that the reporting condition is removed in its entirety, and if an alternative bail condition is required then his mother is willing to stand surety £1,000.

We attach the following:

(1) Reasons for application

(2) Notice of application for court to consider bail

(3) Map printed from internet supporting the distance from the client's address to the local police station. We also add that £19.60 represents 40% of his benefits when they are re-instated, and this will cause our client financial hardship. We would be grateful if you oppose this application that a representative is available for the application to be determined in Court on

Simon

I have now read through all your case papers, interview transcript and unused material.

Areas for discussion:

1. Premises - need full address of where the rave took place
2. Any emails / Facebook notification of the rave / booking your sound system for the party / any invoices given to the people hosting the party
3. Full contact details for Mohammed in order that I can take a statement confirming the sale to you
4. Receipt that Mohammed gave you, presumably this itemises the goods sold and date of purchase by you – pg. of your interview you make reference to leaving with your sound system and then being offered a job lot of chairs - need specifics on this see 5 below. Please also read your bottom page 20 of your ROTI "I bought it of the person who put the 144 notice on both of them premises that was living there and was a registered squatter Tottenham building. What made you believe that Mohammed had a right to the property?

Where did he tell you he got the property from?

5. I need confirmation of the date you purchased the items; the location where the sale took place

6. What made you believe that both premises were linked?

For all intents and purposes, they appear to be separate buildings and entry to Unit 3 appears to have been gained through a hole in the wall not a natural doorway. This is criminal damage and therefore illegal.

7. Confirmation of where the Notices were displayed. Any photographs from the rave to back this up would be very useful

8. Neighbours who can confirm the date the gazebo was

337

9. More information on the hole in the wall - photographs would be helpful from rave photographs and also any persons who were living there in the Unit 3 squat

10. Recordings of conversation between you and police before entering the party. Any shoulder numbers of officers who attended the premises so we can request statements etc from them re damage.

11. What proof do you have that Unit 3 was not barricaded with wood as the Director alleges and the barricades were not simply moved prior to your arrival?

Simon I will have a full discussion with you regarding the law etc on Friday but if you can concentrate on the above and collating the requested information. I will draft your defence case statement after I have taken a full proof of evidence (statement) from you.

Your case has been listed tomorrow for a mention hearing. You are both welcome to attend if you so desire, but you are not required to attend. As you have not been able to provide me with the original receipt of internet link for the Focus catalogue, I have edited the defence case statement accordingly. I now attach the amended defence case statement which I have instructed your barrister to serve at tomorrow's hearing. This will trigger secondary disclosure in the case, and I will be hoping to offer you an appointment in four weeks' time for a conference with your barrister. If you have any further requests to vary your bail, then please provide me with adequate notice as the courts tend to want the CPS and solicitors to attempt to agree the variation administratively before resorting to the court.

Hi Josey

I tried to call you today re Simon case not sure if you got the below email so I will send this again over to you. There are some points I really do not understand and until the crown gives us information as to this it does seem to me that Simon case at court has the claim for

Feb 2013

case in it as they are not giving a list of what was taken.

1. Both the invoices from Li-Lo Leisure products ltd that have been given for Simon Case in

May 2013

and the information that the crown has just given you are the same.

346,

2. On the invoices the address that the items in the invoice was not delivered to the address the parties were held in, in

Feb 2013

and also

May 2013

they were delivered to Marks wholesale which is a big shop, so how did they get to the address the parties were held in I am sure Marks wholesale would have storage space and it does seem very funny that they would move items that were ordered to sell at one of his large shops?

3. There has never been a list of items that Mr petal said was taken in May just an invoice so is Mr Petal saying that all the items on the list was taken at the party in

May 2013

4. So far, we do not even know the list of items that were taken in

Feb 2013

and seeing at Mr petal seems to be using the same invoice for both dates there should be 2 lists of items that were taken

5. what was the cost of the damage to the building in

Feb 2013

as it seems from the emails Mr Petal has listed from his insurance, they have put both claims into one which in fact would then go over to the date Simon hired his sound system out in

May 2013-12-02

6. Why did the insurance company not pay the

Feb 2013

claim out till after the claim in

May 2013?

Why did they only pay out after the?

May 2013

claim is it due that someone was arrested, and they could put both claims over to the court case of Simon. As if you look at the dates of the insurance part it does not make any sense as the last date

shows

April 2013

yet it says they are paying out both claims, how could they pay out both claims when the party in May had not even happened yet. Or is it the case there was a next party after

Feb 2013

and before

May 2013

7. What was the costs of damage to the building in

Feb 2013

and the value of the items taken.

8. What was the damage to the building in

May 2013

and the value of the items taken. In short how could the property have been stolen in

May 2013

if it had already been stolen in

Feb 2013

as the invoice is the same? Also, the damage to the building from

Feb 2013

seems to have been added to the costs to the

May 2013

but yet Simon has not been charged with the party in

Feb 2013

It seems they have mixed both cases together and Simon is taking the blame for all of it within the costs. The Crown does need to give us all the information to the

Feb 2013

case including pictures so we can see ourselves the damage to the building and they need to tell us if anyone was changed in

Feb 2013

and what was the outcome. If the crown does not do this then this is an unfair trail they will be holding as to Simon case. Also, we need to see all the insurance claims to see the total costs of damage in

Feb 2013

and also, for the claim in

May 2013

and the reasons as to why both cases have been linked together by the insurance company. Also, where is the insurance claim for the items within the warehouse that was meant to have been taken as so far, I can only see a claim for the damage to the building?

Any claim would need to include a list of the items that were taken and would need to be replaced. Someone cannot just come up with a figure of a cost for items that were taken and so far, it seems as if that has what has been done in both cases

Feb 2013

Hi Josey

Thank you for the email I just got it so will let Simon look over this tomorrow. Can I ask something the receipt from Li-Lo Leisure is that the receipt for the?

16/02/2013

or the

04/05/2013

as it seems to be the same receipt. What we want is a full list of items and amounts that were taken on the

04/05/2013

and also, the same for the

16/02/2013

someone can't say an amount in £s of damage and items were taken yet not have a full list, or are they saying on each of the receipts for the

04/05/2013

and the

16/02/2013

all of the items listed on the receipts were taken it does not make sense as they seem to be the same receipts. There are also no invoices for the repair of the damage on the

16/02/2013

or the

04/05/2013

for someone to come up with the amounts that they have for the damages to this so-called building on the

04/05/2013

Which he would have had to get invoices for his insurance companies. Also, there is no information as to really anything for the

16/02/2013

And no information as to the people that were arrested and what happened to them. There is also nothing to show any work was carried out on the building from

16/02/2013

so, show anything was fixed as I am sure there should have been. There is far too much data that is missing. And I wonder why how can a police officer not have any full lists of items that were taken yet be able to have a total amount of damage that were caused how could they come to these sums?

There seems to me a lot in this case is being covered up by the police and I would like this addressed as how can someone have a fair trial without the full facts.

Dear Simon / Lorraine

Please see the CPS response to our defence case statement. This was received in the DX today. It does not advance our case. I am also confirming that your barrister can only do a conference On

12th December 2013

at 10am at Nexus Chambers. He has personal appointments tomorrow and cannot as previously advised to a conference at Croydon Crown Court. I have therefore booked a fixed conference for

12th December 2013

Ms Cordell,

I tried to call you today to ask you a question about your son's complaint. I was unable to get hold of you. Please can you reply and let me know if your son is disputing his penalty notice or not. If he has requested a Court hearing (which his complaint would tend to indicate) the complaint will be classed as 'sub justice' Which means it will be put on hold until Court proceedings are complete.

Subject: RE: Meeting with barrister Simon Cordell

Hello Josey

After Simon went to see the barrister on

13/12/2013

the barrister cannot do anything for Simon until at least

18/12/2013

as he is on a next case. He also did not know anything about Simon case and had not had any papers from you. He has asked Simon for some information here is the list

Anything from

16/02/2013

case including all

- All Cads
- List of items that were taken
- List of all damage to building
- And anything else to do with that case
- All crime scene pictures
- And any insurance claims

He also said he will need the same for the

04/05/2013

case

- All Cads:
- List of items that were taken:
- List of damage to building:
- And anything else for that case:
- And any insurance claims: --

As the invoices that have been given are hear say due to the fact the guy would need proof that these items were still in fact inside the warehouse. He does not seem to understand when this went to court, and the judge said that we can't have this information. So, could you please talk with him and update him as to what has gone on at the court, as we did not know until last week that the judge had said this, we can't have this information. But at any case it seems the barrister needs updating about this case as he does not know anything and did not even understand why Simon had gone to see him when he was on a case already which was going to overrun till this week at some point, but not before Wednesday. And Simon case is in the WL from

16/12/2013.

From what we have found out when Simon called the insurance company the claim for the insurance that was put in was only for the building and no content. Simon called them on the

13/12/2013

and talked to someone as Nikki Diamond was not due back in the office until

16/12 2013.

The insurance company did tell |Simon both claims have been put into one as from what the lady could see who looked up the claim REF could see no one from the insurance saw the damage to the building until after

04/05/2013

which should not come down to Simon as Simon did not cause any damage on the build at any time. Insurance details

Meeting with barrister Simon Cordell

Hi Josey

Please still read the below email. But I also forgot to say that the barrister also said Simon needs to go over the tapes of his interview and highlight and mark anything that is wrong. Also, can I ask will the PNC check be updated as Simon has been found not guilty for at least 4 of the cases that show on there?

So, his last case should show as

2009.

Who stole the Christmas tree?

Thought, the rest of the months in

2013

off the summer faded away into the winter and the question to ask was, "Who stole the Christmas tree?"

While still living in my flat, I remember when stain took his time to place a Christmas tree in the corridor for the entire tenant's pleasure. But little was he to know that this good deed of his was soon after to get disheartened. In the years prior to stain placing the Christmas tree in the corridor the council had never changed the entrance codes, to the front door of the flats, so in layman terms, the entrance code to the front door had never got updated and because of this, the past users' fingerprints, to the door locks, could get seen. The faded ID could get seen by any person's naked eyes, this is due to the wear and tear, making the door entrances vulnerable to prowling eyes. Because of this reason people had started to loaf within side the corridors for shelter or other reasons and so forth. On one of the cold winter nights after stain had done his good deed, the tenants of the block must have got occupied with their own responsibilities. I cannot clearly remember what I personally was doing, but I could bet a pound coin that I was working hard on a good project. On awakening one morning, I went outside into my communal corridor, on doing so, I noticed stain and said to him the usual, "hello and how are you doing." His voice was full of upsets as I heard his reply, he asked me the question of; do I know where his Christmas tree has disappeared too. At first, I took a full glance to see the spot to where he had placed it and continued to notice that it was in fact missing. I had known stain for so long by this time, in my life, so I took it that he personally would already understand the truth and that would be that I never would have been that person what did move the Christmas tree, in sense to any stake, I and my first civil partner already had our own Christmas tree. After talking for some time and doing our own investigation, we never did find out who actually did steal, "the tree." So, the question still is who stole; The Christmas Tree?

Hi Josey

I told them that Simon was arrested due to DNA being found at the warehouse and has been charged and it is going to crown court so yes they are aware Simon was arrested for the building as I told him Simon is getting done for all of the damages, and it seems from the files they have linked both cases of the

16 Feb 2013

and the

04 May 2013

but Simon was not charged with the case from the

16 Feb 2013

only with the case from the

04 May 2013.

And that Simon was not there on the

16 Feb 2013

and can prove this. I have even told them that 4 people were arrested on

16 Feb 2013

from what I can tell they don't seem to have the information as to even the person in the police who was dealing with the case so it seems that Mr Patel is not telling the insurance company a lot of the things they should know as when I was telling him about things in the case he seemed to be very shocked and un aware of a lot of the things for

Feb 2013

And

May 2013.

But yes, he is very aware that Simon was arrested and that's why I made the call when I saw they had joined the insurance claim under one case for both dates.

Hi Martin

I have still not had a reply from KGM about the data protection or an email from them to say he is in fact still insured. And on the Mid database the van is still showing as not insured, due to this Simon is not driving the van as he does not want to get pulled again by the police which I don't think is right as he has in fact paid his insurance to be able to drive it if he needs to can this please be sorted out as he really does not want any more problems with getting pulled over due to it not showing up as insured. I also have called DVLA again about the logbook and have been told that they should be with us soon.

The

and

24/12/2014

A little while after I had to attend at Woolwich Crown Court, yet again, for the gazebo case, that took place on Bianca road for my friend's Birthday party, for a court case mentioning, what got set, re the disclosed and also for an application to seen by the judge regarding varying the bail conditions got opposed against, as the application to vary the bail conditions got refused to get dealt with. After consultation with my solicitor and barrister that got achieved regarding what had occurred in the courtroom, my acting barrister then asked for the case to get listed again on

24rd December 2013

This case just did not want to end. Christmas was drawing near and the winter had settled in and I knew I had to get out of my flat from the torturous acts that members of my neighbours were indulging in towards me, so I reapplied with my mother to go away to visit family over the Christmas season.

On the

24/12/2014

I went back to Woolwich Crown Court with a fresh application to vary my bail conditions for Christmas and New Year periods, so I could spend time with my family's members. I applied to go to Scotland with my family over the New Year and the application to vary bail had gotten granted by the Judge, so I could go. To be honest, I got shocked when the bail variation got granted but I smiled to be out, for the first time in a year. The judge on the day agreed to amend these three conditions; **Number two;** Home Residence, to be @ 109 Burncroft Road, Enfield, EN3 7JQ. **Number five;** Report daily to Edmonton Police between the hours of 1400—1600. **Number, six;** Curfew 8pm — 6am this is to be a doorstep condition — I the Defendant should show myself to any officer upon their requests and with the judge doing this it meant that I still had a curfew off 8pm; till 6am and this was with a change of home address.

31/12/2013	<u>Si Note:</u> <u>1</u> <u>I was in Scotland</u> Bail conditions varied! <u>Let's say next:</u> I needed to explain to the judge that on the date of; 31/12/2014 — 01/01/2014 I was in Scotland and had to leave early with my family to come back home and on the way as I entered London's streets; the police pulled me over in the early hours of the 01/01/2014 the time then was; 05:55 Am, the reason I got pulled over got said to be for the normal accusations of the police force and that being of; No insurance again due to the error in the MID database. Again, I told the police officer's that I got insured and there were also notes on the police system to prove this, but they still arrested me and seized my van. I got arrested due to the police officers saying I breached my bail conditions and then as a consequence off their actions I got held at the police station and taken to court on the 01/01/2014 My mother also attended the courthouse on this incident and once the judge heard my explanation of what happened to me, in turn, me stating to the judge that I had not breached my bail conditions on this occasion; I was soon then after released to go back to my home. After being released from being detained I had to travel back to the police car compound, so I could pick up my van, I recollect the day being the 03/01/2014 to my upset I once again needed to pay again to get my property released with no guilty offence taking place. <u>Disrepair!</u> The time these problems have got left to continue and are unfair and I find it unbelievable that the problems within my flat are still persist due to the Enfield Council and the Enfield Homes neglect! <u>Time Spent Building;</u> In the background of everything going on I continued working on Creating a new and up to date event Fire Precautions and Equipment Checklist and Policy and I continued to Study and finish at the Time Start: 07:00 Am and Time End: 03:30 Pm!
