**Summary!**

My Heart has authentically commenced to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and the estate members flushing the toilet assailing me when I am in the bath tub and getting divested all so playing with the dihydrogen Monoxide taps and banging above my head damaging my work studies and private family life and making me a Vulnerably susceptible person!

I have additionally had an abundance of quandaries with victualing because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

I get tortured by not getting a fair accommodation from my Land Lords in rehabilitating the damp, sound and heating concerns within my domicile!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My dog has eating its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

I continue to express that I am would like for an assessment to get completed by the Enfield Homes and the Enfield Councils a survivor and then after for the disrepair work to get accomplished in a fair and reasonable time limit but I sit in remorse from the broken conditions and agreements contained within my existing contract of tenancy that have not got met and then on causes me to suffer from the neglect!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My dog has eating its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

To explain the further disadvantages form having to live with damp and no heating: -- I explain that an animal should not get made to live like this so I ask why do I have to as I am a human being?

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

Every time I pay for paint and wall paper to upkeep my living standards I get faced with the same bills from disrepair a couple of months latter once again due to the damp issues not getting fixed by a reasonable person in a practical time limit!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My dog has eating its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

In the time that the Enfield Council left me with no heating I got Embarrassed to have any friends or family around let alone any guests!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

And I could be sure it was him attacking with intent me while residing inside of / 113 Burncroft Avenue!

**The banging Started!**

**Si Note:**

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My dog has eating its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

When my guests ask me how I am living in the conditions that I am forced to accept, I get Insulted, in knowing that if the correct housing disrepair complaints department was efficient in their protocols then I know this would not get asked of me!

**Time Spent Building;**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

**The banging Started!**

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My dog has eating its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

My Repair issues should not get pushed aside and then hidden without being correct by the Enfield Council and the Enfield Homes, as keeps happening to me at my losses out of life!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My dog has eating its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

It is a Miracle that I am still alive, with the way that these housing repair issues are making me live my life with a clear lack of due diligence of the correct complaints departments!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Disrepair!**

At all times the stationery duties of the Enfield Council and the Enfield Homes must get taken to the utmost of importance but I continue to get stressed-out by the way they treat me unequal, all I want is a nice home to live in that I can work hard for to save and buy!

And I could be sure it was him attacking with intent me while residing inside of / 113 Burncroft Avenue!

**The banging Started!**

**Si Note:**

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My dog has eating its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

I find it remarkable that I get left in the conditions my flat is in I cannot take the cold conditions and damp smell it its making me sick all the time I keep being sick in the toilet and catching the flue!

**Time Spent Building;**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

I get doomed from a fair perspective of any good health in the near on future in relation to the Damp / Mould and poisons mushrooms that grow in my flat!

**Time Spent Building;**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

I continue to stay overwhelmed by the circumstances that I get made to live in by the Enfield Council and the Enfield Homes department's months after they have gotten notified about my issues of concern and as a knock-on effect I have no other option other than to suffer because of the staffs neglect towards my life!

Incompetent is how I feel after trying to address the mutable amounts of incorrect issues with my flat after making arrangements with the Enfield Council and the Enfield Homes teams to rectify the problems of concern, and after they Finnish letting me down in their services, as I am the one who has to live in such dreadful rented conditions!

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

As the days and night continue to hurry and go bye to the next day and night, I realise how irresponsible the Enfield Councils and the Enfield Homes treat their cliental, because I continue to express that I am ready and able to book a date in my diary to give their staff their rights towards their duties of contract the needed access to my property to complete the urgently needed repairs, so for them to get completed, with efficiency, but to my disadvantage I get left helpless by no correct follow ups!

**Time Spent Building;**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself. My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

The flat, smells and looks shameful to live in due to the damp conditions, to further the disadvantage that I get to live in every time I pay for paint and wall paper to upkeep my living standards I get faced with the same bills from disrepair a couple of months latter once again!

**Time Spent Building;**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**The banging Started!**

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

I received unreliable promises of agreements of my land lords, causing me a breach of trust in relation to the problems that are to do with the damp not getting fixed in the needed efficient fair and timely manner as required by their company's stationary duties, at my loss of life and cash expenses!

**Time Spent Building;**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

And I could be sure it was him attacking with intent me while residing inside of / 113 Burncroft Avenue!

**The banging Started!**

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

It is unfair for me to get kept in this flat in the conditions that it is in I keep contacting local council and Enfield homes with no acknowledgement regarding my health and safety because of the disrepair conditions!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

Subject: Fwd.: Subject Access Request Simon Cordell 2018020000641

Dear Anna Sokol

I have just spoken to the ICO and they have told me to put a case into them, as I have asked for an update and not been given one. I have been told by the ICO there is strict guidelines on the 40-day limits given to comply with the request staffing issues does not bare any Weight to be outside the 40-day's guidelines. Due to me needing this information due to a court case the ICO will be able to process my dispute much earlier than they would do due to this reason.

I read the email you sent me and the ICO believe it is very un-professional for an email to be sent like this when the guidelines for SAR are very clear.

Regards

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

Today my friends visited my home and see me shivering cold without no heating I found this unamusing because it's of no fault of my own and I feel as if when I should get supported by the Enfield Council and then four times within their statutory duties in rectifying the disrepair issues within my home such as the non-existent heating!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.  
My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

The HHSRS and the housing Act 1985 inclusive of many other right of mine and many other people's rights mean that these problems of disrepair must not get left by the Enfield Council and the Enfield Homes teams to carry on the way is does as it is causing me to have no enjoyment out of my flat and emotional distress!

**The banging Started!**

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

The Enfield Homes and the Enfield Council have got lots of early resolution to fix the disrepair issues contained within my flat and agree to take action with repairing the problems but their staff not following the company's stationery duties of care towards my person leaves me in a worse condition!

**Time Spent Building;**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

**The banging Started!**

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

Trying to get the problems in my flat repaired has inflict suffering upon me that I should not have gone through and members of the Enfield Council and housing teams staff have favoured the wrong decisions and also lied about me in regards to steeling the metal copper pipes from within my rented home, and this got achieved at my losses out of my life time, because it caused me to go without a healthy flat to live in for an unfair amount of time!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

I continually got lied to after every consultation at my home with a survivor by them explaining that the work would start straight away because it never did start in time once it got agreed!

And I could be sure it was him attacking with intent me while residing inside of / 113 Burncroft Avenue!

**The banging Started!**

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

I keep waking up in the middle of the night shivering because of how ill I have become with the flue I try my best to go back to sleep by I feel too distraught from the worries that I get made to stay faced with!

**Time Spent Building;**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

I find it harsh that the administration departments have not taken these issues I raise to the correct level of importance within their stationery duties am I not equal to how other must get treated within the corpuscular standards that staff are obliged to follow!

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

I get frustrated when I see my property getting damaged beyond disrepair because of the damp and Mould in my rented home I continue to complain in the hope that the correct decisions get made by the Enfield Homes and the Enfield Councils teams but without any change in my living circumstances, I continue to take photo pitches of the damage cause to the property and make this report as told to do so by the Councils staff!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

And I could be sure it was him attacking with intent me while residing inside of / 113 Burncroft Avenue!

**The banging Started!**

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

A Drastic turn around in the decision that the Enfield council and the Enfield Homes came to since the start of the announcement when I put them into receipt of my Disrepair issues needs to get addressed and then fixed needs to get reanalysed, so in an effect I do not suffer any longer!

**Time Spent Building;**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

Every day I wake up to the same none corrected errors of disrepair and further notice myself struggling to conquer the reckless neglect forced to escalate to a state of out of control overlaying my personal life with an effect of devastation within my future dreams of a distinguished nice home and private family life!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

I have had to ask other people to help me in solving the disrepair issues with my flat now and they have the same level of service from the relevant complaint department as I have so far in trying to make sure that the work need to the home gets completed!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

The duration of time would not have by past the accepted time limit required to rectify the problems if the repairs team had been reliable in maintaining a motivated response towards the disrepair within my home!

**Time Spent Building;**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

**Disrepair!**

I got made to feel infuriated by the Enfield Councils and the Enfield Homes dissertated practice towards their Statutory Duty of conduct towards their clients, because it makes me sufferer every day and night by their staff's negligence after their intentional inflection of emotional distress that I gets inflected upon me, in the staff understanding the urgency of me having heating in my home and not correcting the issues of the Damp, Sound Proofing and one existence of the Heating!

**Disrepair!**

The level of service provided by the Enfield Council and the Enfield Homes teams staff is truly inadequate to the sufficient need services required, for an example when the staff are using the available granted money that comes from the community repair chest budget that gets granted for repairs they do no manage maintain and distribute the selfless cash within the relevant emergency sectors of highest priorities to a reasonable standard and in a practical time scale, as my rented council flats conditions are of the highest priorities but still continues to suffer alongside myself, once I had applied for the staff to initialize the capital and reasonable persons to rectify the repairs need, so to fix my home in a relevant time period and to a professional standard!

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

I am in the needed of my home getting fixed to a fair and efficient level of standards so that I can continue with my private and family life within it, as this damp is having a negative effect of my way of life every day the problem continues!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

The Enfield Home and the Enfield Council complaints departments have not managed the damp and heating emergency concerns with a fair time limit of due process, causing me to suffer at no fault of my own!

**Time Spent Building;**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

I ended up receiving a service from the Enfield Councils and the Enfield Homes team's staff that caused me intentional infliction of emotional distress from their reckless disregard of lack of concern in addressing the damp issues within my flat!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

#### **Disrepair!**

I found this unamusing because it's of no fault of my own and I feel as if when I should get supported by the Enfield Council and then four times within their statutory duties in rectifying the disrepair issues within my home such as the non-existent heating!

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

Living in such dreadful conditions on humane the flat would be nice if it was correct and kept up to the spare ISO standards but this simple upkeep gets this minute by the Enfield Council and the Enfield homes relevant departments of concern in reference towards the damp heating air ventilation and sound issues of disrepair!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

When I first moved into this property and never understood the problems of disrepair, I was contempt and therefore happy while I enjoy the enjoyment out of the rented premises but since I noticed the issues, I raise of concern to the Enfield Council in Enfield homes correct departments and received no correct follow-ups I feel further if satisfied and disheartened in believing that the problems will ever get a dress in their responses time!

**Disrepair!**

I stay calm even when I see the damage to my personal property that the damp is causing and this neglect breaks my heart in knowing that if the Enfield Council and

Enfield homes where efficient within their timescales that I would not have to go through such sacrilege of my memorabilia and electrical belongings getting damaged even more than ever necessarily I am not sure what it is more painful to me this all adds to the demotion of my health and the additional average daily routine stress unrightfully!

The HHSRS and the housing Act 1985 inclusive of many other right of mine and many other people's rights mean that these problems of disrepair must not get left by the Enfield Council and the Enfield Homes teams to carry on the way is does as it is causing me to have no enjoyment out of my flat and emotional distress!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

Trying to get the problems in my flat repaired has inflict suffering upon me that I should not have gone through and members of the Enfield Council and housing teams staff have favoured the wrong decisions and also lied about me in regards to steeling the metal copper pipes from within my rented home, and this got achieved at my losses out of my life time, because it caused me to go without a healthy flat to live in for an unfair amount of time!

**Time Spent Building:**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

If what they do to me finally kills me then it would also kill a lot of other people in the process!

**Disrepair!**

Am upset that's such a large co-operative company such as the Enfield homes and Enfield Council have not balanced out their line of duty's or tried to fulfilled a genuine need from my heating to get replaced and the damp and to get rectified as to being ok and fine for human inhabitants I continue to do my best in the circumstances that I'm presented!

**Time Spent Building;**

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

**Working at Home doing Court Case Defense Work!**

I have had to ask other people to help me in solving the disrepair issues with my flat now and they have the same level of service from the relevant complaint department as I have so far in trying to make sure that the work need to the home gets completed.

Every Morning I wake up and stay motivated I'm trying my best to keep the flat to a fair level of upkeep but the damped continues to establish itself to add to the disrepair the main floor in the bedroom as you enter the door has a by foot hole in it were the floor got so rotted from the damp, this is no re than dangers, it's a hazarded to my safety, I have called the complaints department at Enfield Council and Enfield home and another date has got set for it to looked at by a survivor!

**Disrepair!**

I got made to feel infuriated by the Enfield Councils and the Enfield Homes dissertated practice towards their Statutory Duty of conduct towards their clients, because it makes me sufferer every day and night by their staff's negligence after their intentional inflection of emotional distress that I gets inflected upon me, in the staff understanding the urgency of me having heating in my home and not correcting the issues of the Damp, Sound Proofing and one existence of the Heating!

**Summary!**

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

**Disrepair!**

Enfield Council and the Enfield Homes stay response towards the housing disrepair problems and do no act accordingly so and this is at my losses out of my life!

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

## The banging Started!

### Summary!

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Matiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bath tub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

I have also had a lot of problems with eating because of what they keep all doing to me!

My canine has victualing its paws because of what 113 – 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

### Disrepair!

Incompetent is how I feel after trying to address the mutable amounts of incorrect issues with my flat after making arrangements with the Enfield Council and the Enfield Homes teams to rectify the problems of concern, and after they Finnish letting me down in their services, as I am the one who has to live in such dreadful rented conditions!

### Time Spent Building:

In the background of everything going on I could no longer work on my first company Too Smooth due to the amount of time I had to put toward s defending myself.

My mother Stopped working on my website

### Working at Home doing Court Case Defense Work!

I spent time and recourses costing expenditure building my defence case alongside my mother's commitments against the allegations getting put against me at the Time Start: 00:00 and Time End: 00:00

### Disrepair!

I get trapped and left in an uncaring environment not fit for any human at this present stage of my life by my landlords and this continues in reflection to the ongoing issues raised of concern in no ton towards the Damp, Sound problems and the Heating not getting managed as the tenancy agreements quotes must get up kept by themselves!
