Use this one Dear Josey
What you are saying in your emails is that the judge says in his letter that I have got to have an assessment, but this is not the case as part 3 of his letter states if the Appellant wishes to rely on any medical evidence as to his mental health, then any report dealing with such matters must be before the court on the 4th April 2016"
Which clearly states if I wish to rely on any mental health evidence then a report has to be in by the 04/04/2016, But this does not say I must rely on this, and I do not wish to rely on this.
Can you please take my case back to court so that my conditions can be defined, and also have a meeting once you get the letters you are waiting on so we can deal with the appeal.
Can you also please send me the notes from court from the public defender that was there for me please as I have not had these yet.
Also, the issue about the public order unit if they are not willing to give the information then they need to be summoned to court for the appeal.
Also, what is going to happen as to the missing CAD and the errors in the CAD Simon

Dear Simon
Thank you for your email.
Simon please sign and return the authority form. If the Mental Health Team confirms there are no issues, we can progress matters.
I have spoken to the Public Defender and he would like a conference with you before the mention hearing on 4th April 2016 subject to the above being resolved. If you do not have the Mental Health Team's assessment or do not wish me to have sight of the assessment, then I can apply for funding so that you can be assessed.
Once the psychiatrist reports back that there are no issues then I have covered myself professionally, should there be any issues raised re your Mental Health at a later date. The Mental Health question has been raised and now needs to be formally addressed and dealt with. I know you are not happy about this and I do not mean to cause you distress by raising this. The quickest way would be by disclosing the recent Mental Health assessments but if I have to apply for funding to

have you assessed then I will do this, assuming you in fact dispute the recent Mental Health findings. The decision is yours, but I need to resolve this question as soon as possible.
I will notify you as soon as Superintendent Coombes statement comes in which will hopefully arrive this week.
I await hearing from you.
Yours sincerely

organisation and conduct of illegal raves. These primarily take place on disused or industrial land in London and cause alarm and distress to the local residents. These raves are licensing activity, cause significant noise pollution and directly lead to destruction of property and breaches of peace."
In defence to my case the 2nd line down clearly states The Defendant is involved in the organisation and conduct of illegal raves, I have sent you the licensing act 2003 apex 4 which states, house party's and places of residents do not need a licence, which all the incidents in the applicants bundle are places of residence in contained fencing in private air. In the licensing act it states this includes gardens and private car parks. I have linked index page 4 off the licensing act 2003 within this document, which clearly states unless profit is being made, to which I am not being accused off, then there is no breach of the law, and they're for not illegal.
For members of the public to have a moving in-house party is not a breach of law and there for not illegal.
The word rave clearly states the key element such as in open air must be present and when in private air trespass must be present.
So what law have I broken to make the case law abiding under reasonable doubt if I am not being accused of making profit it is not illegal to organize a private house party for any British citizen, as long as you have respect for the residence living in around the local area?
In regard to the statement off, "These primarily take place on disused or industrial land in London and cause alarm and distress to the local residents." All locations are a place of fixed a bow and residence.
In reference to "These raves are licensing activity, cause significant noise pollution and directly lead to destruction of property and breaches of peace." No home is licensable, unless a breach of the 2003 licensing act has been made, to which contained within the applicants bundle their ins none.
I have a bundle of the laws that are relevant to my case that should be in my defence bundle, please will you help me go over them.
I would like to start trading my company as I have explained to you for months and keep asking you to take the case back to court to get my bail conditions defined, to which you have not to date even low Andy Lock states that I am right in my points of law and how it leaves me in a state of utter confusion to what I am aloud to do or not as the applicants case is based on illegal raves there for banning me from what is lawfully legal.
I cannot think of any jobs the conditions will not have an effect of that my professions are in, I cannot be a delivery driver, as most company deliver to industrial estates,
I cannot deliver parcels or goods to any person living under a section 144, this is not correct in law.
I am very concerned as the applicant's case is for an ASBO in its civil manner, and the case is based on illegal activities, to which I have never had the right to defended my innocents in.
An ASBO on convection is when a person has committed criminal activities and has been found guilty and there is such a need to apply for a court to sit in its civil capacity to obtain such an order against any person, straight or therefore after.
I have a standalone ASBO which should be on the 3rd strike of a smaller criminal conviction, to which I have never been arrested for illegal raves is and in being granted is a breach of my human rights, a standalone ASBO put against myself with no criminal conviction is wrong in practice of law.
Thanks
Simon

Josephine I am not will to sign any form giving you consent to my personnel records as no judge has ordered for you to do so, I would not be a free man if there was a chance of me being a danger to myself or the general public. As I am sure you would understand the Mental Health Team are trained in dealing with people in such cases under section 135, 136, 2, 3, 4 and 5 of Mental Health Act 1983 & 2007 as amended 2016. I do in fact take offence in you questioning my ability to make decisions for myself and them decisions that I make I am making being of clear judgement towards the applicants case which contains false facts such as me being white and contained in side a warehouse surrounded by police, marked in the cads.
You know this not to be true for as long as two years.
For two years I have asked you and Michelle Carroll and co solicitors to write to the witness also the applicant and point out the true facts of law but most importantly make sure I have a fair trial.
Any person can get a calculator and see that the time stamps are in error as I have been emailing you and stating.
All I ask from you, is to have my best interest at heart and you refuse to see me for months now try to force me to see doctors when you have no legal obligation too.
I have a hard copy bundle of all the emails that have been sent to you from the start of this case and a list of the questions and guidance that I have been given I have taken the time to work out how many times and the dates, myself and my

mother have had to asked you to deal with the same question(s) I am still asking to date 29/02/2016. to answer and the points of law that make my case illegal that I am supposed to have broken in fact how I have this standalone Asbo with no previous convictions of similar nature and it was not an Asbo on conviction granted.
I feel as if I have missed a whole interview and being charged for some think that clearly states that it is illegal in turn not having the right to defend myself.
I want the case taken back to court this week if possible as I want to start a night job driving and it involves me delivering to any possible address, can you please sort this.
Josephine, I have started to seek legal guidance as you will not give it to me, this is not right.
I will not wait till April for a pretrial hearing that will not go ahead as I cannot stand a fair trial, as I have explained I will bring a calculator to you and show you what I sent you in my drafted witness statement months ago asking you to defend me, in the fact that it would be impossible to stand a fair trial with us both knowing this.
The other day in your office you told me that I might lose my case knowing about the only evidence being that of the time stamps and the same people who created the application corrupting the time stamps then making statements about myself also that of me clearly pointing out the law and that I never done any think illegal and even you cannot explain to me how my case states it is illegal but I have not been arrested and in the understanding off section 63 inclusive of the licensing act as well as the warehouse becoming a place of residence when a section 144 is present.
As stated, I want to work can you bring this back to court please.
If you want, I will bring you the copy of the section 135 and that it has been signed now as void and you can see that I

am still here.
If any think needs covering, it is what has not been done in this case already to date.

Dear Simon
It was good to speak to you today.
Thanks for taking the time to do this and for sharing your thoughts and views with me. From our conversations and one that you had previously with my Manager Simon Clark,
I understand that you do not wish to remain in contact with us.
It is our view, however, that you may be experiencing symptoms of some form of mental illness. We call it psychosis, but this does not appear to be affecting your capacity to make certain decisions, including whether you wish to have contact with the Enfield Early Intervention Team or not.
We are, however, happy to continue to offer you support but understand that at present this is not something you would like to do. You know what my **Team stands for** and you know me, so if in the future you think either the Team or I will be of any help to you, please do not hesitate to call. I must say it was my pleasure having all those phone conversations with you.
I wish you all the best.

Josephine I am not will to sign any form giving you consent to my personnel records as no judge has ordered for you to do so, I would not be a free man if there was a chance of me being a danger to myself or the general public. As I am sure you would understand the Mental Health Team are trained in dealing with people in such cases under section 135, 136, 2, 3, 4 and 5 of Mental Health Act 1983 & 2007 as amended 2016. I do in fact take offence in you questioning my ability to make decisions for myself and them decisions that I make I am making being of clear judgement towards the applicants case which contains false facts such as me being white and contained in side a warehouse surrounded by police, marked in the cads.
You know this not to be true for as long as two years.
For two years I have asked you and Michelle Carroll and co solicitors to write to the witness also the applicant and point out the true facts of law but most importantly make sure I have a fair trial.
Any person can get a calculator and see that the time stamps are in error as I have been emailing you and stating.
All I ask from you, is to have my best interest at heart and you refuse to see me for months now try to force me to see doctors when you have no legal obligation too.
I have a hard copy bundle of all the emails that have been sent to you from the start of this case and a list of the questions and guidance that I have been given I have taken the time to work out how many times and the dates, myself and my mother have had to asked you to deal with the same question(s) I am still asking to date 29/02/2016. to answer and the points of law that make my case illegal that I am supposed to have broken in fact how I have this standalone Asbo with no previous convictions of similar nature and it was not an Asbo on conviction granted.
I feel as if I have missed a whole interview and being charged for some think that clearly states that it is illegal in turn not having the right to defend myself.
I want the case taken back to court this week if possible as I want to start a night job driving and it involves me delivering to any possible address, can you please sort this.
Josephine, I have started to seek legal guidance as you will not give it to me, this is not right.
I will not wait till April for a pretrial hearing that will not go ahead as I cannot stand a fair trial, as I have explained I will bring a calculator to you and show you what I sent you in my drafted witness statement months ago asking you to defend me, in the fact that it would be impossible to stand a fair trial with us both knowing this.
The other day in your office you told me that I might lose my case knowing about the only evidence being that of the time stamps and the same people who created the application corrupting the time stamps then making statements about myself also that of me clearly pointing out the law and that I never done any think illegal and even you cannot explain to me how my case states it is illegal but I have not been arrested and in the understanding off section 63 inclusive of the licensing act as well as the warehouse becoming a place of residence when
560,
a section 144 is present.
AS stated, I want to work can you bring this back to court please.
If you want, I will bring you the copy of the section 135 and that it has been signed now as void and you can see that I am still here.
If any think needs covering, it is what has not been done in this case already to date.

Thank you for taking your time to do this, however I do have a question to ask, in the beginning of the court case leading up to the trial, I believed that the justice system would prove my innocents, but due to the District Judge finding me guilty under the applicants case of organising illegal raves, that is said to have cause< harm or distress to one or more over house hold, To which the barrister representing me at the time, having that of the same opinion about the law as myself, "the should not be illegal if there is no law or regulations to make it illegal or none that have been breached."
I was not an organiser as trespass was not present neither have, I broke any conditions in the licensing act 2003. After the trial, I went home and applied for the a| stage as I knew that this was wrong, this also made me look into the case even further to notice the time stamps and so many over errors, My question to you is, "no the errors have been pointed out, how can we ask the police for more information such as the missing cads and hope that they do not fabricate more evidence m it so condemning that I would never stand a fair trial under article six.

Dear Sir or Madam
We refer to the hearsay application dated 23rd February 2016, received in the **DX** at our office 1st March 2016.
We require all witnesses to attend as listed on page 5 - 66 to be cross examined.
We confirm that we object to the Respondent's application to adduce hearsay evidence contained in the CRIMINT reports pages 79 - 92, 109 - 121 of the Respondent bundles.

- CRIMINT - YERT00376728 - Aaron King is required to attend to be cross examined
- CRIMINT -YERT00376227 - PC Chandler is required to attend to be cross examined
- CRIMINT - YERT00376229 - PC Edgoose is required to attend to be cross examined.
- The Appellant also specifically requests disclosure of police checks made on the vehicle he was driving and the vehicle he was alleged to have been driving bumper to bumper to. The Appellant also requests specific confirmation in a statement from PC Edgoose the following: (a) why he was not arrested for any offences in relation to his driving as PC Edgoose makes specific reference to the driver he was following confirming that the Appellant had been driving in the same manner from YR. (b) Summons for any road traffic violations (c) CADS / communications concerning name checks
- CRIMINT -YERT00376024 - PS Skinner is required to attend to be cross examined. The Appellant seeks specific disclosure as to the vehicle checks carried out on PE52 UHW. Whether Simon Cordell was ever stopped in this vehicle in the past? Whether Simon Cordell was ever stopped in company with Elliot Laidler in the past? Why was the music system not seized? Full names of all other persons inside the premises to confirm the number of people present. Results of the search of the premises, in addition to the keys found at the premises. Whether any other persons were arrested, if so what for? Disclosure of CADS / statements / complaints regarding anti-social behaviour? Whether any allegations of criminal damage / commercial burglary were made? What enquiries were made from the owners of the building as to the premises being occupied?
- CRIS 1914855/14 - Statements from officers who attended the premises, confirming from whom the sound system was seized? Whether Simon Cordell was present at the event? Why was the sound system restored?
- CRIMINT - YERT00374531 - PC Shinnick is required to attend to be cross examined.

• CAD's re 6th, 7th and 8th June 2014 Progress Way.

562,

The Appellant seeks full disclosure of all CADs linked to this CAD. The Intelligence report suggests that Simon Cordell and Tyrone Benjamin set up and organised this rave. The Appellant requests a full detailed statement report as to the basis of this comment. The Appellant disputes ever being inside Progress Way premises on 7th June 2014. The Appellant disputes supplying equipment at this location. The Appellant disputes that he set up or organised this event. The Appellant seeks disclosure of all intelligence, names etc of persons present at this event. The Appellant specifically requests disclosure of all CADs from 6th June 2014 onwards in correct chronological, timed and dated order. The Appellant also seeks confirmation as to whether the complaints made with regards to anti- social behaviour were made in respect of Progress Way or Crown Road, the premises of which was subject to numerous complaints in the past by local residents etc. The Appellant also seeks specifically disclosure from the Public Order Unit whether they were provided with the names of other persons present, vehicles etc and whether the named persons have been known in the past for organising similar events.

The Appellant takes issue with the CADs in respect of this event and the manner in which they have been presented. The Appellant is raising issues with the timings of the CAD's and he instructs us to specifically challenge the accuracy and to question whether the CAD system was defective or manipulated by the Respondent's employees.

The Appellant also notes from the CAD's served that there are CAD's explicitly linked from 1st June 2014 and 2nd June 2014. The Appellant seeks disclosure of all CAD's as he contests that they will reveal who the organiser of this event on 6th, 7th and 8th June 2014 was. The Appellant will state that he was not present on any occasion inside the premises of Progress Way and he will state that the Respondent is in possession of information which would reveal the real identity of the organisers of this event. The Appellant believes that the redacted CAD's are concealing the locations and complainants as the complainant's may be on duty police officers making complaints to bolster an application for an ASBO against the Appellant. The Appellant also believes that the CAD's may specifically be in relation to Crown Road, Southbury Road a distance of approximately one mile from Progress Way.

The Appellant will state that the officers who made the entries, reports etc should be called to give evidence as by not doing so it is disproportionate towards him as he is trying to establish a legitimate entertainment company. The Appellant alleges that the Respondent is deliberately exaggerating his involvement in the events cited in the ASBO application. An ASBO against his name will significantly tarnish his ability to conduct legitimate business. The Appellant also takes issue with the misleading press releases in relation to the original imposition of the ASBO in the Magistrates Court. The Appellant will state that the District Judge in delivering her judgement could not find any form of illegality, or that the events alleged were in fact "raves" as defined by the legislation. The Metropolitan police published this in local media to tarnish his reputation.

Dear Sir or Madam
We refer to the hearsay application dated 23rd February 2016, received in the **DX** at our office 1st March 2016.
We require all witnesses to attend as listed on page 5 - 66 to be cross examined.
We confirm that we object to the Respondent's application to adduce hearsay evidence contained in the CRIMINT reports pages 79 - 92, 109 - 121 of the Respondent bundles. CRIMINT - YERT00376728 - Aaron King is required to attend to be cross examined CRIMINT -YERT00376227 - PC Chandler is required to attend to be cross examined CRIMINT - YERT00376229 - PC Edgoose is required to attend to be cross examined. The Appellant also specifically requests disclosure of police checks made on the vehicle he was driving and the vehicle he was alleged to have been driving bumper to bumper to. The
564,
Appellant also requests specific confirmation in a statement from PC Edgoose the following: (a) why he was not arrested for any offences in relation to his driving as PC Edgoose makes specific reference to the driver he was following confirming that the Appellant had been driving in the same manner from YR. (b) Summons for any road traffic violations (c) CADS / communications concerning name checks CRIMINT -YERT00376024 - PS Skinner is required to attend to be cross examined. The Appellant seeks specific disclosure as to the vehicle checks carried out on PE52 UHW. Whether Simon Cordell was ever stopped in this vehicle in the past? Whether Simon Cordell was ever stopped in company with Elliot Laidler in the past? Why was the music system not seized? Full names of all other persons inside the premises to confirm the number of people present. Results of the search of the premises, in addition to the keys found at the premises. Whether any other persons were arrested, if so what for? Disclosure of CADS / statements / complaints regarding anti-social behaviour? Whether any allegations of criminal damage / commercial burglary were made? What enquiries were made from the owners of the building as to the premises being occupied?
CRIS 1914855/14 - Statements from officers who attended the premises, confirming from whom the sound system was seized? Whether Simon Cordell was present at the event? Why was the sound system restored?
CRIMINT - YERT00374531 - PC Shinnick is required to attend to be cross examined. CAD's re 6th, 7th and 8th June 2014 Progress Way.
The Appellant seeks full disclosure of all CADs linked to this CAD. The Intelligence report suggests that Simon Cordell and Tyrone Benjamin set up and organised this rave. The Appellant requests a full detailed statement report as to the basis of this comment. The Appellant disputes ever being inside Progress Way premises on 7th June 2014. The Appellant disputes supplying equipment at this location. The Appellant disputes that he set up or organised this event. The Appellant seeks disclosure of all intelligence, names etc of persons present at this event. The Appellant specifically requests disclosure of all CADs from 6th June 2014 onwards in correct chronological, timed and dated order. The Appellant also seeks confirmation as to whether the complaints made with regards to antisocial behaviour were made in respect of Progress Way or Crown Road, the premises of which was subject to numerous complaints in the past by local residents etc. The Appellant also seeks specifically disclosure from the Public Order Unit whether they were provided with the names of other persons present, vehicles etc and whether the named persons have been known in the past for organising similar events.
The Appellant takes issue with the CADs in respect of this event and the manner in which they have been presented. The Appellant is raising issues with the timings of the CAD's and he instructs us to specifically challenge the accuracy and to question whether the CAD system was defective or manipulated by the Respondent's employees.
The Appellant also notes from the CAD's served that there are CAD's explicitly linked from 1st June 2014 and 2nd June 2014. The Appellant seeks disclosure of all CAD's as he contests that they will reveal who the organiser of this event on 6th, 7th and 8th June 2014 was. The Appellant will state that he was not present on any occasion inside the premises of Progress Way and he will state that the Respondent is in possession of information which would reveal the real identity of the organisers of this event. The Appellant believes that the redacted CAD's are concealing the locations and complainants

as the complainant's may be on duty police officers making complaints to bolster an application for an ASBO against the Appellant. The Appellant also believes that the CAD's may specifically be in relation to Crown Road, Southbury Road a distance of approximately one mile from Progress Way.
The Appellant will state that the officers who made the entries, reports etc should be called to give evidence as by not doing so it is disproportionate towards him as he is trying to establish a legitimate entertainment company. The Appellant alleges that the Respondent is deliberately exaggerating his involvement in the events cited in the ASBO application.
An ASBO against his name will significantly tarnish his ability to conduct legitimate business. The Appellant also takes issue with the misleading press releases in relation to the original imposition of the ASBO in the Magistrates Court. The Appellant will state that the District Judge in delivering her judgement could not find any form of illegality, or that the events alleged were in fact "raves" as defined by the legislation. The Metropolitan police published this in local media to tarnish his reputation.

I will see you on Friday at 11am in my office.

Thank you for taking your time to do this, however I do have a question to ask, in the beginning of the court case leading up to the trial, I believed that the justice system would prove my innocents, but due to the District Judge finding me guilty under the applicants case of organising illegal raves, that is said to have caused alarm harm or distress to one or more over house hold, To which the barrister representing me at the time, having that of the same opinion about the law as myself, "that it should not be illegal if there is no law or regulations to make it illegal or none that have been breached."
I was not an organiser as trespass was not present neither have, I broke any conditions in the licensing act 2003. After the trial, I went home and applied for the appeal stage as I knew that this was wrong, this also made me look into the case even further to notice the time stamps and so many over errors, My question to you is, "now that the errors have been pointed out, how can we ask the police for more information such as the missing cads and hope that they do not fabricate more evidence making it so condemning that I would never stand a fair trial under article six.
(I am scared to ask for more evidence that should prove my innocents, as I believe the police will make it up, as we can prove happened all ready.)
Please can you explain this to me, before I agree for you to send any think?

Subject: Please reply
I have a few questions I have to ask off you that have built up and I know that I have been asking since the start of my court case, that I do feel have not been addressed correctly? So please can you answer each question individually and bulletined in the same format, so I can understand my case, with your legal guidance.

- Why have I not ever been arrested, for some think that clearly states that it is illegal?
- Is it wrong for my Asbo case to be sitting in its civil capacity at court when it states in the applicant's case I am being accused of the organisation of illegal raves with no previous convictions?

- Why did the distract Jude in the magistrates court say to me which can be checked in the court transcripts which has been provided to you that private air and open air are the same in turn stating that it is illegal to listen to music without licensing to which myself and barrister clearly state otherwise? And am I Wong in believing that the district Jude was wrong in stating this to be a true fact of law?
- I ask you my solicitor Josephine ward to check my pnc recorded provided within the applicants bundle to see that off me not having any similar convictions under the criminal justice act 1998 before the incident(s) dates that I am being accused of relating to the organisation of illegal raves and to confirm this in a company headed letter with the rest of the answers regarding your guidance in the points of law to each specific questions contained within this letter addressed to yourself who is my acting solicitor representing me in the ongoing of the applicants case towards an ASBO application? I ask of you to do this before our next needed meeting that has been agreed.
- I ask you for your guidance in the question of "How can I get the blame for being the company named ever decibel matters, when I have provided a company head letter with the company number listed at company house, off the director that I have managed to acquire due to the ongoing Asbo application? To which explains that I was not involved in the date in question also that being of the court transcripts stating of office Pc Elsmore that he has done no further investigation in to the allegations he has accused myself off on the dates relating to mill marsh lane in reference to every decibel matters?
- Please can you reply to this question, How can I stand a fair trial in 2016 with my up and coming appeal date, with the evidence the applicant rests it case on being of backward time stamps relating to the incident numbers and previous correspondents.? To which I would like you to confirm is more than likely to be in error form the list of correspondents I have provided you with so far relating to the management of national standards for incident recording NSIR and collection and recording of police procedure (Command and Control) and Emergency services command and control?
- I ask you my acting solicitor the question of "Why has the applicant not removed cases that when the Asbo application was in development was clearly added incorrectly due to the other whelming fact that I Mr Simon Cordell clearly could have not committed such offence as dated the 19th August 2013, which does in fact relate to cad 10635 19th July 2014 page 294 to which a member of the public made a emergency 999 call in relation to "all white males and females entering a premises, to which the cad continues to explain that members of the met police attended the location to contain the people who were in fact occupiers of the Land within their home, also listing all name and vehicles of the occupiers contained in the building to which I am none of the listed?
- My next question I require you to help give your legal guidance in is "What was the need for the applicant to updated their incident reports also named as (information Reports) at such a later date(s) after the information had already been created after the event date, in turn creating such lengthy time periods between the initial event date contained within the national police computer to the entry of the police statements intelligence, Is that incorrect in police procedure?
- I ask you to take reference to all blocked out att locations that are relating to other house parties that was within a two minute distance from the location in question On the 6th 7th 8th June 2014, otherwise known and named as the old man building adjourned to Crown Road, to which officer Pc Elsmore states at trial under oath that he was sure that there was no other house party's on the same date that are contained within the applicants bundle and that all incident that are contained relate to (progress way on the 7th June 2014) The officer's statement can be checked by the transcripts of the day of my trial that has been provided to yourself of him clearly stating to the district Jude to obtain a guilty plea against my self-inaccuracies when being questioned by the representing barrister in relation to the statement that I just quoted. Please can you confirm that I am correct in stating this?
- Can you also reply to the question of why has the applicant not reduced the evidence that it submitted in the first bundle that is of the issue relating to blocked out locations of cads otherwise known as incident numbers that I have been accused of that members of the Met police have in development of the application inputted and submitted incorrectly that do in fact relate to wide spread geological location off the incidents that occurred on the same date of the incident I am being wrongfully accused of and that being of the developers of the application blocking out the att locations and not blocking out the grid reference numbers making it possible to prove my innocents gratefully, also errors like land marks such as A&J cars which is a cab station across the road from crown road not the private house party that I am being questioned for. I would not have been able to prove the truth. My question to you in regard to this issue can I stand a fair trial with the applicant not addressing the issues as we highlighted and raise them?
- The definition of the legal term of (Raves) defines outdoor (in open space) to which none of the applicant's cases are in fact outdoors (in open space). As defined by section 63 what does also state that trespass must be present inside a premise of residence to which I have never been accused off. I ask you is this correct in law.

574,

- I ask you to reply to the question of is it true to believe in accordance of the united kingdom laws and regulations that house party(s) that are in a places of residence are not illegal to hold, when holding such private events in accordance of the licensing act 2003 to which states in such incidents unless proof of profit has being made when providing entertainment it shall not be regulated under the licensing act 2003 to which the applicant does not mention money?
- In reference to the ADR bill relating to the carriage of dangerous goods, is it against the law to carry nitro's oxide or any co2 gas when having the correct signage on the vehicle transporting the cylinders?

- I ask is it against the law for an Asbo application to made when there is a conflict of work under the crime and disorder act 1998, in such incidents were the defendant has been working for the Local council authority who the police have asked to be in support of the application?
- Has Adrian coombs contacted you or do you have a date in mind that you will have the notes that I have asked of you to request of him?
- my questions is that of their being so many inconsistencies contained within the police statements, by recognising so may irregularities that I know I have not had the right to challenge I feel the need to defend myself against such illegal statements made by police officers the same as I would if made by a member of the public for allegations such as (organising illegal raves) So this brought me to the basics of law civil and criminal, I learnt and believe in the understanding of criminal cases were some think is alleged to be illegal the correct Police procedure is that a crime will be created under the crime and disorder act 1998 by way of a victim or witness making a report then members of the police will be allocated to the incident and start investigations depending on the matter of relevance to the initial report to the resources available at the time. The investigations may lead to an arrest what will lead the detainee to his or her statuary legal rights. In the early 1980's the police did have the power to take cases to court without the decision of without the decision of any other governing body, but now in 2016 the burden relays solely on the cps who are in calibration with Revenue and Customs Prosecution Office and is headed by the Director of Public Prosecutions (DPP) who is independent but subject to the superintendence of the Attorney General that is accountable to members of Parliament that do work for the prosecution services. If charged any person's rights are gained under section 24 and 25 which does relate to the rights of any person charged and the minimum standards of criminal procedure. But my case seems to sit in its civil capacity at court with none of the above regulations and my rights being carried out in accordance of the United Kingdom laws; please can you explain this to me?

Thank you, Josephine Simon.

I have asked you the same questions over and over again and you steer away from them making me feel as if you are holding me hostage to laws that you no should never be imposed upon myself as I clearly keep pointing out the points of law and the barrister clearly agrees with me in the submissions as does anyone else I ask for their legal opinion please can you reply back to my questions in the emails I have sent about my case before we go any further I have been locked in my house for two years telling you the same think asking the same questions and still am not any of the wiser.

On 8 Mar 2016 11:48, "Rewired " <re wired@ymail.com> wrot**e:**
I have a few questions I have to ask off you that have built up and I know that I have been asking since the start of my court case, that I do feel have not been addressed correctly? So please can you answer each question individually and bulletined in the same format, so I can understand my case, with your legal guidance.

- Why have I not ever been arrested, for some think that clearly states that it is illegal?
- Is it wrong for my Asbo case to be sitting in its civil capacity at court when it states in the applicant's case I am being accused of the organisation of illegal raves with no previous convictions?
- Why did the distract Jude in the magistrates court say to me which can be checked in the court transcripts which has been provided to you that private air and open air are the same in turn stating that it is illegal to listen to music without licensing to which myself and barrister clearly state otherwise? And am I Wong in believing that the district Jude was wrong in stating this to be a true fact of law?
- I ask you my solicitor Josephine ward to check my PNC recorded provided within the applicants bundle to see that off me not having any similar convictions under the criminal justice act 1998 before the incident(s) dates that I am being accused of relating to the organisation of illegal raves and to confirm this in a company headed letter with the rest of the answers regarding your guidance in the points of law to each specific questions contained within this letter addressed to yourself who is my acting solicitor representing me in the ongoing of the applicants case towards an ASBO application? I ask of you to do this before our next needed meeting that has been agreed.

- I ask you for your guidance in the question of "How can I get the blame for being the company named ever decibel matters, when I have provided a company head letter with the company number listed at company house, off the director that I have managed to acquire due to the ongoing Asbo application? To which explains that I was not involved in the date in question also that being of the court transcripts stating of office Pc Elsmore that he has done no further investigation in to the allegations he has accused myself off on the dates relating to mill marsh lane in reference to every decibel matters?
- Please can you reply to this question, How can I stand a fair trial in 2016 with my up and coming appeal date, with the evidence the applicant rests it case on being of backward time stamps relating to the incident numbers and previous correspondents.? To which I would like you to confirm is more than likely to be in error form the list of correspondents I have provided you with so far relating to the management of national standards for incident recording NSIR and collection and recording of police procedure (Command and Control) and Emergency services command and control?
- I ask you my acting solicitor the question of "Why has the applicant not removed cases that when the Asbo application was in development was clearly added incorrectly due to the other whelming fact that I Mr Simon Cordell clearly could have not committed such offence as dated the 19th August 2013, which does in fact relate to cad **578,**
10635 19th July 2014 page 294 to which a member of the public made a emergency 999 call in relation to "all white males and females entering a premises, to which the cad continues to explain that members of the met police attended the location to contain the people who were in fact occupiers of the Land within their home, also listing all name and vehicles of the occupiers contained in the building to which I am none of the listed?
• My next question I require you to help give your legal guidance in is "What was the need for the applicant to updated their incident reports also named as (information Reports) at such a later date(s) after the information had already been created after the event date, in turn creating such lengthy time periods between the initial event date contained within the national police computer to the entry of the police statements intelligence, Is that incorrect in police procedure?
• I ask you to take reference to all blocked out ATT, locations that are relating to other house parties that was within a two minute distance from the location in question On the 6th 7th 8th June 2014, otherwise known and named as the old man building adjourned to Crown Road, to which officer Pc Elsmore states at trial under oath that he was sure that there was no other house party's on the same date that are contained within the applicants bundle and that all incident that are contained relate to (progress way on the 7th June 2014) The officer's statement can be checked by the transcripts of the day of my trial that has been provided to yourself of him clearly stating to the district Jude to obtain a guilty plea against my self-inaccuracies when being questioned by the representing barrister in relation to the statement that I just quoted. Please can you confirm that I am correct in stating this?
• Can you also reply to the question of why has the applicant not reduced the evidence that it submitted in the first bundle that is of the issue relating to blocked out locations of cads otherwise known as incident numbers that I have been accused of that members of the Met police have in development of the application inputted and submitted incorrectly that do in fact relate to wide spread geological location off the incidents that occurred on the same date of the incident I am being wrongfully accused of and that being of the developers of the application blocking out the ATT, locations and not blocking out the grid reference numbers making it possible to prove my innocents gratefully, also errors like land marks such as A&J cars which is a cab station across the road from crown road not the private house party that I am being questioned for. I would not have been able to prove the truth. My question to you in regard to this issue can I stand a fair trial with the applicant not addressing the issues as we highlighted and raise them?
• The definition of the legal term of (Raves) defines outdoor (in open space) to which none of the applicant's cases are in fact outdoors (in open space). As defined by section 63 what does also state that trespass must be present inside a premise of residence to which I have never been accused off. I ask you is this correct in law.
• I ask you to reply to the question of is it true to believe in accordance of the united kingdom laws and regulations that house party(s) that are in a places of residence are not illegal to hold, when holding such private events in accordance of the licensing act 2003 to which states in such incidents unless proof of profit has being made when providing entertainment it shall not be regulated under the licensing act 2003 to which the applicant does not mention money?
• In reference to the ADR bill relating to the carriage of dangerous goods, is it against the law to carry nitro's oxide or any co2 gas when having the correct signage on the vehicle transporting the cylinders?
• I ask is it against the law for an Asbo application to made when there is a conflict of work under the crime and disorder act 1998, in such incidents were the defendant has been working for the Local council authority who the police have asked to be in support of the application?
• Has Adrian coombs contacted you or do you have a date in mind that you will have the notes that I have asked of you to request of him?
• my questions is that of their being so many inconsistencies contained within the police statements, by recognising so may irregularities that I know I have not had the right to challenge I feel the need to defend myself against such illegal statements made by police officers the same as I would if made by a member of the public for allegations such as (organising illegal raves) So this brought me to the basics of law civil and criminal, I learnt and believe in the understanding of criminal cases were some think is alleged to be illegal the correct Police procedure is that a crime will be created under the crime and disorder act 1998 by way of a victim or witness making a report then members of the police will be allocated to the incident and start investigations depending on the matter of relevance to the initial report to the

resources available at the time. The investigations may lead to an arrest what will lead the detainee to his or her statuary legal rights. In the early 1980's the police did have the power to take cases to court without the decision of without the decision of any other governing body, but now in 2016 the burden relays solely on the cps who are in calibration with Revenue and Customs Prosecution Office and is headed by the Director of Public Prosecutions (DPP) who is independent but subject to the superintendence of the Attorney General that is accountable to members of Parliament that do work for the prosecution services. If charged any person's rights are gained under section 24 and 25 which does relate to the rights of any person charged and the minimum standards of criminal procedure. But my case seems to sit in its civil capacity at court with none of the above regulations and my rights being carried out in accordance of the United Kingdom laws; please can you explain this to me?
Thank you, Josephine Simon.

I need to do the following on your case before Monday 14th March 2016:
- Take your instructions on the specific issues raised in HHJ Pawlak's letter
- Book a conference with the Public Defender so that the mention hearing can progress in April 2016.

I will be working on Saturday and Sunday of this weekend subject to call outs.
It is imperative that you attend so that I can progress these matters.
I am leaving Michael Carroll & Co's employment and my last day of work is 2nd June 2016 so I would very much like to have your appeal ready before then. I need your co-operation in order to do this. If you do not want to co-operate with me then I will have to list the case for mention for non-co-operation. I do not want to do this.
I await hearing from you.
Yours sincerely
Josephine

Dear Katie
Thank you for the reply email and the report. I now understand the Misconduct Meeting will be held on Wednesday 6th April at 2pm and that we can attend this meeting if we wish to. When speaking to chief Inspector Tony Hirst on a phone call the other day he did also say we could write a letter in that the person who will be chairing the Misconduct Meeting could read if we did not wish to attend the meeting, If we wished to take up this option and write a letter could this be emailed over to you so it could be added to the file to be read by the person who will be chairing the meeting?
My son at this time is reading the report that you kindly sent over in your e**mail to**day. But until he has read this I cannot say if he will wish to attend the meeting or write a Letter yet. Upon reading the report myself there is many things I am unhappy with. But it is not down to me to agree with the report or disagree with it that would be down to my son Simon Cordell
2383,
But if you could let me know if he chooses to write a letter and not attend the Misconduct Meeting should it be sent to this email. If not, could we have an email address of where it should be sent to be linked in with the files for the meeting.
Regards
Lorraine Cordell

Dear Katie

Thank you for the reply email and the report. I now understand the Misconduct Meeting will be held on Wednesday 6th April at 2pm and that we can attend this meeting if we wish to. When speaking to chief Inspector Tony Hirst on a phone call the other day he did also say we could write a letter in that the person who will be chairing the Misconduct Meeting could read if we did not wish to attend the meeting, If we wished to take up this option and write a letter could this be emailed over to you so it could be added to the file to be read by the person who will be chairing the meeting?

My son at this time is reading the report that you kindly sent over in your email today. But until he has read this I cannot say if he will wish to attend the meeting or write a Letter yet. Upon reading the report myself there is many things I am unhappy with.

But it is not down to me to agree with the report or disagree with it that would be down to my son Simon Cordell. But if you could let me know if he chooses to write a letter and not attend the Misconduct Meeting should it be sent to this email. If not, could we have an email address of where it should

Complaint: 22/03/**2016**
Mr Simon Cordell
109 Burncroft Ave
Enfield
Middlesex

Louise Brown
I wrote an email on the
15/02/2016
regarding not hearing anything about the complaint dated
16/10/2015,
I think this has gone too far with no replies to a complaint and I should have had a reply by now and I would still like one. You sent an email dated
03/11/2015
stated my son would get a reply to the complaint which he has not yet to date; there should be letters of Authority on the system as I sent many for my son for me to be able to deal with issues on his behalf yet nothing is still getting addressed. Enfield Council has left my son by doing nothing his health has gone down due to this and nothing has been done by the council who is meant to be there to protect people this does not seem the case when it comes to my son and I would also like to know the reason why this is. The banging is still ongoing and the pipes are banging really badly also the neighbours I believe think it is fun to do what they are doing to my son and his health and this is not good enough, I have sent email after email and nothing has been done. There has been phone call after phone call and we don't get a reply I do not understand how this can be going on. I believe the council is now making my son suffer and I do believe it is due to what the police have said to the council and the colour of my son's skin as that is the only reason I can think why the council has left this so long without doing anything and I think it is a disgrace on the part of the council. I do not know why I write emails as nothing is done and most of them, I do not get a reply to them even when they are complaints. I don't know why I make calls as I do not get a call back. All I know is my son is being left to suffer and nothing is being done to help him and this is not acceptable as his health is suffering due to this and what his neighbours are doing to him. The council has been out to see my son once on the
15/10/2015
with 2 police officers, which I should have been there, you said you only popped into my son's address because you had his file on you that day and were in the area, that is the only time someone come to my son's home, yet took no notes, looked at no video, looked at no letters or anything so I am still wondering what was the point of that visiting as nothing was done and this seems acceptable to you, knowing my son health is being affected by these issues with the neighbours and no sound proofing and the wooden flooring that neighbours still have nothing has been done why please explain to me why you think it's acceptable to allow someone's health to suffer and nothing is done?. There is still repairs that needs doing to my son flat which have been outstanding for a long time, when it comes to my son it seems nothing is done. I would like all my emails looked into and a reply as to what will be done and the reason why none of my complaints have been addressed to date.
Regards
2405,
Lorraine Cordell

In the Evening and of the Night!
The occupiers of 117 and 111 Continued to victimizing me by-
117 - Burncroft Avenue keep on continually, reiterating to flushing the toilet when I am in the bathtub!
117 - woke me up by assailing me intentionally by stamping and dropping articles above my head in my front room and all other living rooms!
117 - Slamming the main, communal ingress door closed!
Victimizing me with intent of using the same repeated items of the building fixtures such as slamming on and off the water taps to have tortures effects on me within my rented home is unfair living circumstances!
The Enfield Homes and the Enfield Council staff aloud the tenants of 117 and 111 Continued to victimizing me!
No matter how I show the occupiers of 111 – and 117 Burncroft Avenue that I am a good man they continued to victimise me with their evil ways, such as
Waking me up by stamping above my head!
Loud and aggressive banging in the bathroom got worse and this got achieved by slamming objects on to the floor with evil intent of criminal actions!
Continually, repeating to flushing the toilet when I am in the bath!
Eavesdropping, / Listening to where I am in my home and then chasing me around into each room as listed, while banging on the floor with objects!

Summary!
Because of what they get away with I now feel left insecure!

Disrepair!
There is too much mould on the walls and ceiling
The time these problems have got left to continue is unfair and I find it unbelievable that the problems with my flat still persist due to the Enfield Council and the Enfield Homes!
These damp and heating problems that are within my home make me suffer every day and night without the right resolution occurring from the Enfield Council and Homes departments meaning that they continue to breach and neglect their conditional responsibilities, towards me!

RESPONSE TO HHJ PAWLAK.docx

RESPONSE TO HHJ PAWLAK'S LETTER DATED 22NDFEBRUARY 2016

- **WHAT INVOLVEMENT IN EACH EVENT (RAVE) RELIED ON BY THE RESPONDENT, THE APPELLANT ADMITS TO HAVING HAD.**

(A) 25.05.2014 - 5 ST GEORGES INDUSTRIAL ESTATE, WHITE HART LANE

the Appellant relies on his previous statement served.
The Appellant will state that he was delivering food to some homeless people.
The Appellant will state that there was no rave, no sound equipment, lights, generators etc in his van.
The Appellant will state that there was no rave in progress and no intention for any event to take place.
The Appellant will state that there was a section 144 LAPSO notice clearly displayed by the occupants who were treating the premises as their home.
The Appellant will state that he had empty speaker cases in his van. The van was used to store the speakers. The Appellant will state that he specifically requested that the officers who attended note down the fact that he had only speakers inside his van and no other component parts for a sound system.
The Appellant will state that he did not commit any criminal offences on 25th May 2014. The Appellant will state that the premises were not broken into as alleged but were being legally squatted. The Appellant will state that the occupation was legal by virtue of section 144 LAPSO notice being clearly displayed and this was within the law.
The Appellant will state that no Licensing authorisation was required as there was no music being played or intended to be played.
The Appellant will state that he did not engage in any acts of Anti-social behaviour as defined by section 1 of the Act.
The Appellant requests disclosure of the CCTV of the persons breaking into the premises, the CRIS and details of any persons arrested for criminal damage / burglary.
The Appellant will state that he did not break any laws on 25th May 2014nor did he engage in any acts of anti-social behaviour.

653,

RESPONSE TO HHJ PAWLAK.docx

The Appellant will state that the description of events on this day has been altered and recorded in a biased way towards him.
The Appellant requests full details of the original intelligence report inputted on 25th May 2014 and also reasons why there was a need to update this report on 19th June 2014. The Intelligence report should not be allowed in evidence under the hearsay rules as it is prejudicial to him. The report has been amended.

(A) PROGRESS WAY 6th, 7TH AND 8TH JUNE 2014

The Appellant disputes any involvement whatsoever in the event at Progress Way.
The Appellant accepts that he approached the gates with a view to dropping off house keys to a friend. The Appellant did not enter the premises / venue at Progress Way.
The Appellant did not provide any sound equipment, speakers, generators to any person inside Progress Way.
The Appellant will state that he is being wrongly accused of organising this rave/ event. The Appellant will state his brother is also wrongly named as being involved. The Appellant will state that his brother was severely disabled at the time and in a wheelchair following a very serious road traffic accident.
The Appellant questions the accuracy and truthfulness of the statements, CADS etc served in support of the above. The Appellant questions why some of the CAD reports have been redacted. The Appellant believes that the CAD's may well confirm the names of the real organisers, vehicle registrations etc that will confirm no vehicle belonging to the Appellant being inside the venue. The Appellant also questions the chronological sequence of the CAD messages.
The Appellant believes that some of the complainants are police officers and no civilians. The Appellant believes that some of the CADs may relate to completely different areas but are being added in to and wrongly linked to Progress Way.
In the interests of a fair hearing the Appellant requests all CAD's cross linked and referred to should be served in unedited. Any CAD's that refer to a different location should be removed from the Respondent's bundle as they are too prejudicial.
The Appellant will state that this is yet another example of the police manipulating the evidence to paint him in a bad light.
The Appellant strongly believes that the police are presenting their evidence to persuade the court that he was an organiser of this event.

654,

RESPONSE TO HHJ PAWLAK.docx

The statements presented are unreliable and prejudicial. The Appellant will state that he cannot possibly have a fair hearing and as a result his Human Right to having a fair hearing will be violated due to the way the Respondent is selecting and presenting CAD's. The Appellant specifically requests that the redacted CADS be served unedited or excluded from the Respondent's bundle as he cannot challenge the content.

The Appellant will state that he is being deliberately targeted by the police as is his younger brother. Neither organised or attended and participated in Progress Way.
The Appellant specifically asks the Respondent to confirm why the event was not closed down, if it was in fact a rave. The Appellant asks why the sound systems were not seized under section 63 of the CJPOA.
The Appellant seeks clarification as whether a section 144 LAPSO notice was on display. If it was then this event could not be classed as an illegal rave.
The Appellant also questions why the Respondent has not supplied any CADs from 6th June 2014, the date when this event started.
For the purposes of clarity, the Appellant denies being an organiser. He denies providing any sound system equipment to the organisers of this event. He denies entering the venue but accepts that he approached to deliver keys. The Appellant did not commit any criminal offences. The Appellant did not engage in any anti-social behaviour.

- **FALCON PARK 20TH JUNE 2014**

The Appellant was not present at this event.
The Appellant accepts that he hired out his sound equipment in good faith for what he believed to be a house party.
The Appellant will state that he was at home when he was contacted by the hirer to come to collect his equipment which was then seized by police. The Appellant will state that his equipment was restored to him by the police.
The Appellant will state that he did not commit any criminal offences, nor did he engage in any acts of anti-social behaviour.
The Appellant will state that he was not an organiser and merely hired out his equipment in good faith.

- **CARPET RIGHT 19TH JULY 2014**

The Appellant denies organising or supplying equipment for the above event.
655,
RESPONSE TO HHJ PAWLAK.docx
The Appellant never entered the premises Carpet Right. The Appellant will state that the true organisers were inside the premises and the police ought to be in possession of their details. This has never been disclosed to the Appellant.
The Appellant will state that none of his vehicles were inside the premises.
The Appellant notes from the Respondent's bundle there was no rave /event, no sound recording equipment inside the premises and therefore no rave was taking place.

- **ALMA ROAD - 24TH JULY 2014**

The Appellant disputes the conversation with PC Edgoose regarding raves.
The Appellant will state that he did discuss with PC Edgoose his entertainment company and his dream of hosting a local festival at Picketts Lock for the benefit of the community. He will also say that he discussed other charitable events that he had participated in and events in the pipeline.
The Appellant will state that this date should be struck from the Respondent's bundle as there was no rave. The Appellant did not supply any sound recording equipment.
The admission of this disputed conversation is extremely prejudicial to the Appellant. The Appellant finds it bizarre that he was not arrested for any criminal offences bearing in mind the manner of driving described. The Appellant will state that he did not engage in any anti-social behaviour on this date. The Appellant will also state that he was in his private motor vehicle.

- MILLMARSH LANE- 9th AUGUST 2014

The Appellant will state that he was invited to a private birthday party by one of the persons occupying the premises at Millmarsh Lane.
The Appellant will state that there was a section 144 LAPSO notice displayed and the building was being treated as a home. The Appellant will state that he was an invited guest and not a trespasser.
The Appellant will state that there was no rave as the location was not open air and by virtue of him being invited by one of the occupiers who had established a section 144 LAPSO notice he was not a trespasser so the legal definition of a rave could not be made out.
656,
RESPONSE TO HHJ PAWLAK.docx
The Appellant was a guest at the location and not an organiser. He attended the location in his private motor vehicle. He did not provide any audio or sound equipment.
The second event at Millmarsh Lane the Appellant disputes that he was an organiser. He disputes that he was operating the gate.
The Appellant will state that this was not an illegal rave but a private party that he attended as a guest and not as an organiser.
The Appellant will state that there were no residential areas close by.

- WHETHER THE APPLICANT CONTENDS THAT THE INVOLVEMENT HE ADMITS, WASIN FACT WITHIN THE LAW, IF SO WHY

Please see above.

- WHETHER THE APPELLANT AGREES THAT ANY OF THE RAVES DIDOR COULD HAVE CAUSED DISTRESS TO LOCAL RESIDENTS BY WAY OF NOISE OR MOVEMENT OF PERSONS PARTICIPATING IN RAVES

The Appellant can only comment on his own behaviour and he refers the court to the fact that he himself has not acted in an anti-social manner. He has not been arrested for any criminal offences.

The Appellant accepts that such events could cause noise nuisance, but he is adamant that he did not organise or supply equipment for any of the events cited in the Respondent's application.

- **WHETHER THE APPELLANT AGREES THAT A PREMISES LICENCE WAS REQUIRED FOR EACH RAVE**

The Appellant will state that he believes that no licence was required for Millmarsh Lane as the premises were being occupied and treated as a home due to a section 144 LAPSO notice being displayed. The building was being used as a home and not as a commercial building. The Appellant will also state that as the building was being occupied as a home then no licence was required for a private house party and also no money was charged for persons entering.

- **WHETHER THE APPELLANT CONCEDES THAT FOR ANY OF THE RAVES IN WHICH HE WAS INVOLVED, WHETHERBY HELPING TO ARRANGE OR BY PROVIDING SOUND EQUIPMENT HE BELIEVED THE EVENT TO BE A LICENSED EVENT AND THEREFORE WAS AN INNOCENT SUPPLIER OF EQUIPMENT,AND IF SOFOR WHICH RAVE OR RAVES IN PARTICULAR.**

657,

RESPONSE TO HHJ PAWLAK.docx

The Appellant will state that he supplied equipment on one occasion only, in good faith to what he believed to be a private party. He did not attend the premises beforehand and therefore did not know the equipment would be used at a different place. The Appellant will state that his equipment was restored to him by police after they concluded he had no part in the event and had innocently hired out his equipment. The event the Appellant is referring to is Falcon Road.

The Appellant on no occasions cited in the Respondent's bundle hired out any sound equipment, audio equipment or organised any rave in the London Borough of Enfield on the dates cited in the original application.

PROPORTIONALITY:

The Appellant will state that the current ASBO was imposed by the District Judge after the police had failed to establish that the Appellant had engaged in any acts of anti-social behaviour.

The Appellant will also argue that the Respondent could not establish that the Appellant engaged in any illegal acts. The Appellant will state that the Respondent could not establish that any of the events cited came within the definition of an illegal rave as defined under section 63 of the CJPOA 1994.

The Appellant will state that the ASBO has significantly impacted his ability to run his Entertainment Company and also his future plans to hold an open-air festival. The ASBO would significantly prevent his ability to apply for licences to run out-door festival events. No other entertainments company is subject to the same due diligence when hiring out equipment.

The Appellant will argue that the terms of the ASBO are too restrictive and the geographical restriction too broad.

The Court did not take into consideration the fact that the Appellant was made subject an interim ASBO and the duration was not reduced accordingly.

The Appellant will argue that the court was wrong in principle in granting the original ASBO application as the Respondent made the original application based on the Applicant being involved in illegal raves. The Respondent did not establish this at the initial hearing and the District Judge erred in granting this ASBO.

658,

RESPONSE TO HHJ PAWLAK.docx

The Appellant will state that he has attempted to engage in legitimate business activities, and he has been spurned at all attempts by the Police.

The Appellant has designed a business plan, created a website, researched and developed a proposal for an open-air licensed festival.

Lorraine,

Thank you for your email. It could be due to the content of the letter and certain words which cause emails to be blocked on our system. I have a couple of options for you
1) Hand deliver a copy to Brixton Police Station if convenient.
2) Scan the letter and save as a pdf (as opposed to saving document as a pdf) this will then ensure the document is saved as an image and will ignore any language/words which could be blocked out by our automated system
Kind regards
Alex Marshall

Good Morning Lorraine
Apologies for the inconvenience. Sometimes our Web Marshall picks up on swear words within a document or any other inappropriate language. If you have tried PDF and that didn't work the only other thing, I can suggest is printing off the document and scanning it, then email it this seems to work when I have suffered the same issue. If you have access to a Fax machine you could try that our number is 0208 649 2125
Kind Regards
Katie

Hi Josie
can you please let me have an update as to getting these ASBO conditions defined please.
Also can you give me the notes from court on the 04/04/2016 and why did the Judge give them until the 01/09/2016 to hand over the information this does not give us any time to go over anything I think this should have been handed over earlier so we had time. can you explain it to me please.

Incident of 15 March 2018

On Thursday, 15th March 2018, my wife and I took our 3-year-old daughter to school and as we

came out of the block, we saw the Defendant standing outside the main entrance to Block 109-117 Burncroft Avenue. As we walked towards my car, the Defendant followed us swearing and shouting abuse at us. I could not remember the Defendant's exact words but there were lots of swearing words like ‘fucking family, fucking bastards’ and lots of 'bad words. As we got in his car, the Defendant walked back towards the block. As I went to drive out, I saw the Defendant standing by the main door to the block and videoing me and my family with his mobile phone and swearing and shouting abuse at us. I got out of his car, brought out my mobile phone and started to video the Defendant who continued swearing. I stopped videoing Mr Cordell and turned to get back inside my car, but the Defendant pushed me to the ground from behind. The Defendant sat on top of me and started to punch me on the face and repeatedly banged my head on the ground. After a while, I managed to push him off.

6. I then went to my car to get something to defend myself and picked a piece of metal from my boot but I decided against using it, the Defendant rushed at me again and punched me in the face and I fell backwards to the ground. The Defendant then sat on my chest and started to punch me repeatedly on the face. By this time, my wife and daughter were crying, and my wife was screaming for neighbours to help but nobody came out. My wife tried to pull Mr Cordell off him as I was not able to defend myself, but she could not. She then grabbed the piece of metal from my boot and hit the Defendant with it as self-defence to stop him. Some neighbours come out of their flat after a while and the Defendant got off me and went into his flat. By then I was bleeding profusely on my lips and forehead and both my wife and I called the police and ambulance service.

11. The Defendant's mother Lorraine Cordell turned up as I was being attended to inside the ambulance and started to shout abuse at my wife and accused her of attacking her son.

12. The police took my mobile phone and my daughter's scooter that was inside my boot. The ambulance officers advised me to go to the dentist immediately to have my teeth attended to as two of my front teeth was broken and another two were wobbly. The ambulance carried out an, assessment of my injuries. A written report of my injuries can be seen in **exhibit MM1.**

13. The police phoned me as I was driving to the dentist and asked me to return to the estate. I was then arrested for assaulting the D even though I never assaulted him but all I kept on doing was to defend myself. I was held in a cell overnight and bailed the next day.

14. As a result of the assault, I had to have 3 teeth removed and replaced with dentures. A written report from my dentist can be seen in **exhibit MM2.**

15. The Defendant was also arrested, interviewed on the same day but released. I don't understand how this could have happened, while l being a victim of his assault was kept in a cell overnight. The Anti-social behaviour team made enquiries to find out why the D. was not charged with breaching the terms of the Injunction order and they were told that no charges were made on the basis that I had apparently provoked the Defendant. This Is untrue as all I did on the day was to ignore him to take my daughter to school.

My wife went to the door and asked who It was, and the Defendant replied, 'why are you shouting'. My wife told him that she was not shouting and that she was Inside her bathroom giving our daughter a shower. She asked him why he came to her front door, that he was not allowed to be there, but the Defendant ignored her and continued to bang and kick on the door. This went on for about 5 to 10 minutes and caused a great deal of distress to my wife and daughter and made them scared for their safety. My daughter started crying because of the commotion and loud banging. The Defendant left after my wife asked his cousin to call the police.

17. We telephoned the police on 101 to report the incident and was asked to go and make a statement at Edmonton police station. I did so in the morning of Tuesday 06 March 2018.

The police could see the facial injuries bleeding and damages sustained to his face and teeth but decided to keep him at the police station while he was a victim of the assault. There was further incident on **11 November 2017**, on **02-03 January 2018**, **01 March 2018** and **28 February** were Mr Cordell harassed me, but the police did nothing despite evidence of him breaching The Injunction order all they **would do will be to attend the Property, speak to him and leave without Invert gating the Incidents.**

6. I feel that the evidence of the Injunction has not provided the adequate protection to me and my family. As things stand the Defendant feels that the Injunction is Ineffective as the lack of actions from the police currently encourages him to act badly towards me end my family. We therefore hope that the Court wilt support us and take appropriate action following the breaches.

MR SIMON CORDELL
Defendant
WITNESS STATEMENT OF MR GEORGE QUINTON

I, Mr George Quinton, of 113 Burncroft Avenue, Enfield, EN3 7JQ make this statement believing it to be true and understand that it may be placed before court.
Insofar as the content of this witness statement is within my own personal knowledge it is true and insofar as it is not within my personal knowledge it is true to the best of my knowledge.

I WILL SAY AS FOLLOWS

1. I'm the tenant of Flat 113 Burncroft Avenue, Enfield, EN3 7JQ. My flat is located the next floor above the Defendant's. I have lived at this property **since the 2nd May 2016.**

9th October 2016

CLAIM NUMBER: D02EDO73

IN THE EDMONTON COUNTY COURT

BETWEEN:

{CLAIMANT}

THE MAYOR AND BURGESSES OF THE LONDON BOROUGH OF ENFIELD

-AND-

(DEFENDANT)

MR SIMON CORDELL

DIRECTIONS ORDER

2. I make this Witness Statement in support of the Claimant's application for an injunction to stop the Defendant from causing intimidation, harassment to me and other residents.

BACKGROUND

3. The problems that I have encountered with this tenant have been a regular occurrence since the commencement of my tenancy. The Defendant would come to my flat three or four times a week, on occasion this would occur more frequently whereby he would extend this harassment to not only myself but to my visitors also often following them as they would leave the building. He would often play loud music after which he would become very argumentative and bang on my door accusing me and my visitors of maliciously making loud noises to annoy him.

4. The Defendant would often make threats to me and on one particular occasion the Defendant said to me, 'he is on a curfew for 12 days, but he would come 'after me' once this is over'.

5. The Defendant had also made accusations claiming that the noises I was allegedly causing had resulted in the sudden death of his child.

6. On another occasion on the **9th October 2016** the Defendant came to my flat banging on the door and when I answered immediately started shouting at me. He then went downstairs and about ten minutes later he approached my moped which was parked outside the building and started smashing it with a wooden stick. The damage that caused was to my vehicle was significant and prevented me from using it for some time and caused me to lose my job through lack of transport which was a requirement of my employment. The damage to the motorcycle was damage to tyres,

with both the breaks and the mirrors. The matter was reported to the Police who attended and arrested the Defendant. A crime reference number was obtained relating to this incident and I will be happy to provide this at the hearing when I attend. I also have a recording of conversation - between the Defendant and I where he admitted having caused damages to my moped. The recording will be provided at the hearing.

7. A further incident occurred with the Defendant around **January 2017** whereby he came to my front door and started shouting and complaining about noise and that he was being wrongfully accused by the Police and accused myself and other tenants of 'being out to get him'. I asked him to leave but he refused to do this, so I then left my flat to stay at my friends as the Defendants behaviour had scared me. When I returned to the property a couple of days later, superglue had been inserted into the front entrance door lock preventing me from gaining access, this also caused the key to break.

8. This was reported to the council and an order was required to gain entry to my property. This was recorded under works order reference number 1814013/1.

9. Due to the erratic and abusive behaviour of this tenant I have been forced to flee my property because I feel scared and uncomfortable and I have not returned since. As a result of this I have also fallen into arrears, I am now facing homelessness.

Statement of Truth

I believe the facts in this Witness Statement are true.

Dear Josephine: --

How are you, I hope all is well? After all and things considered, I will get straight into business, this letter is: towards our conversations, however I would appreciate it if you can reply to my questions below, as soon as: practically, possible and in due time before you finish your working contract and leave your work office for good, as you have explained that you will do, shortly, in time, so that we can conclude the case files and agreed activities needed to take place, such as taking the

case to court, so that we are sure that the conditions get not imposed on me, by them being defined within accordance of jurisdiction of the law, as you have already agreed to do, this is also inclusive of all information ready for the next representative of Michael carols office, who will be the new case handler to get prepared with my case files in a good order and informed well. I would like this achieved so that he or she can get prepared to instruct any barrister representing me for any up-and-coming court herrings. Some of the questions I have for you are in relation to the understanding off the on goings that occurred, at and in the court mentioning at wood green crown court, on the

22nd 23rd

this is also inclusive of the

24/02/2016.

On that date mentioned the company, who you are acting for, representing myself Mr. Simon Cordell, and further named as **Michael Carroll & co** solicitors, that you do or represented a contract with till the

02/06/2016

(reason said listed in the 3rd paragraph.)

This information was also inclusive of the understanding off the solicitor firms running objectives to the ongoing of this case, that is being brought against myself by the commissioner of the metropolitan police and his acting officers inclusive of other local authority governing bodies, mentioned as Enfield council. That being of an application representing a standalone Anti-Social Behaviour Order 2003, an Act to make further provision in relation to criminal justice and disorder act 1994. It is being said that Miss Josephine Ward at a point of time before the date of the said trial hearing at Court, that got postponed and did not go ahead, that

she undoubtedly already mentioned, when she gave her legal guidance to me, about such accusations off incidents, that gets referred to as the organisation of illegal raves, that still said “acting in my defence.” It is being said that you did in fact explain before the date of the hearing, I quote; explain being of information regarding towards the past representing barrister for myself a Mr. Andy Lock, say that relating to that of Intel of the barrister that he himself could not attend court and act for myself, as he did previously, at the magistrates court, due to being away on leave and this being off the only issue raised by yourself, said to get regarded myself off your concern. On the date of the hearing another barrister applied to the judge in aid of my acting solicitors yourself, so to be sure that off you having to no longer represent me in the court proceedings, due to a breakdown in communication between our self’s, the judge ruled that Michael Carroll and Co’s must act till the conclusion off the case, the overall Point I am highlighting as referred to is that the judge “on the whole” has ordered the company to act for myself. In that understanding I ask and request for you to direct for my case to get carried out in such a manner if legal to do so?

I request that being off; at the day of my trial for you to arrange a barrister that we select together to represent me, so for he or she to get instructed to represent myself on the days of court, also I ask of you to set up a meeting within one month of this dated letter, between who will take on the case after you leave your office, alongside with the acting barrister chosen, believe and understand that this is within the constraints of the law. A further note is that I Mr. Simon Cordell have that of a suspended police complaint regarding issue’s raised with yourself regarding the case “awaiting action pending the appeal” Therefore I have also made the basics of a police complaint as documented here; Referring to Friday

12th September 2014.

Met Police Complaint 1 of 3 created on date 06/00/2014 cad number 00

I attended the address of Simon Cordell in Burncroft Avenue EN3 with A/PS 556YE PETRUCCI, PCSO NASSEER and PCSO TILLEY. I knocked on Simon Cordell's front door at 1230 hours and he opened the door and asked what we wanted; I asked him if he was Simon Cordell, to which he replied, Yeah, I stated to

him that I was here to issue him with a summons to attend Highbury Corner Magistrates Court on 6th October **2014** at 1:3opm. MR. Cordell stated, what is this for?
I informed him that it was for an ASBO; I showed him the summons and the folder and as I went to hand him the folder and the summons. stated, "I am not accepting that, I'm not having that; Simon then placed the folder on the floor, outside his door, in the hallway, I stated to him that he does not have to accept it and that I have already informed him of the date, time and where to go. Simon then shut the door before 1 could hand him the summons, so I posted it through his letter box; also told to inform his solicitor of this. Simon Cordell was a light skinned, mixed race male, with short black hair and was of medium build. Mr. Simon Cordell states: that on this date I caused not Anti-Social Behaviour that might lead to Harm, Alarm or Distress to any other person and that I dispute that I got served the Anti-Social Order Folder, as it did not get handed to ma at any point of time, a copy of the police Complaint Sent after by me is below.
To Whom It May Concern:
I am writing this down for Simon Cordell to an incident that happen
12/09/2014
around the Time of around 12:0opm Of concern to all of many factors such as British Standards relevant to good business practice of our Human Rights, Laws protecting our community governed by the United Kingdom as well many other relevant factors as of a date prior explained in this chapter what happened leading up to the events today at the address.

I Mr. Simon Cordell was at home making plans for positive future development regarding his company and future proposals and relevant documents and data, to the surprise of a knock on his front door, this was a surprise because he has no intercom and was expecting no visitors, so with this all explained he was couscous to open the door as he approached the door with caution of un-expected visitors he looked into the keyhole in his front door, He could see it was the police through his keyhole. He asked them without opening the door: what they wanted from him, they said they needed to talk to him. At this point Mr. Simon Cordell opened his front door a bit to see what the police wanted to talk to him about, once the door got opened a little, they then said to him that they wanted to serve documents on him at which point Simon replied he was not willing to accept anything and closed the door. Upon closing his door, he told the police he did not get rude, but he was not willing to accept receipt of any documents due to him having learning difficulties, as got noted on the police national police system and other governing services systems. I then heard the lady police officer say through the closed door as he continued to look through his spy keyhole while watching what the police officers was doing. Then I heard the " Lady police office say what should we do to the man police officer said just put it on the floor in front of the door and he took letters from the lady police officer and posted them into my letter box," the Man police officer posted 4 pages of papers in Mr. Simon Cordell letter box and the lady police officer put a large blue file on Mr. Simon Cordell front door step outside. Simon then called me and told me what had happened, but due to a death in the family I could not attend his address until today the
13/09/2014
when I got to Simon's address, I saw the blue folder the police had left at his front door and it got left in plain view of anyone.
It got left opened, so that anyone could have looked into it, my mother got shocked to see in the document, there were full details of Mr. Simon Cordell and other people names unravelled, and not protected under the data protection act, the police should never have left the application outside of the address, because this gives anyone accesses to it. My mother went to the police station after, so to hand the folder back to them, as it never got served on Mr. Simon Cordell in accordance of the law. He did not accept it from the police, and I we are not sure if any papers are missing from the folder. As I have said, it 'got found opened on the floor when my

mother got there. My mother believes the police are wrong when Simon did not accept the documents, they should have taken them back with them and arranged for signed delivery or tried to serve them again on him. The file is far too big to put into a letter box. This is also a complaint due to the data protection issues the police could have avoided by not leaving the folder on a doorstep that anyone had access to.

The folder would have never fitted in a letter box and I do not feel the police putting 4 bits of paper in a letter box is serving anyone the full paperwork which should have got done and not just left it on the doorstep for anyone to see and read and take data out of it if they so wished, this is a breach of the data protection act.

- **A Met Police Complaint: 2 of 3 got created by me on date: 16/04/2016 cad number **: --**
- **Met Police Complaint: 3 of 3 created by me on the date off: 17/04/2016 cad number **.**

This complaint is in reference towards a Met Police complaint has gotten filed, which got named as 3of 3; is in relation to an Anti-Social Behaviour order, governed under the criminal and public order act 1994, has got said to have got granted in order of the commissioner of the metropolitan police, in the jurisdiction off United Kingdom Laws and other needed regulations.

I am Simon Cordell; my date of birth is *****.

My home address is as stated above, I am making this official complaint further to my appeal dated 00/09 **2016**

in response to the police and local authority's application to an Asbo order, to which, the case against myself is one of a hearing off an application, against the organising illegal raves, that has gotten said to have got proved to be as a guilty verdict.

This guilty verdict got said to be against myself to which I intend to prove this is not correct and in error, I never got found guilty under the respondent's case alongside many other issues of my raised concerns as listed.

The day of the courting got held at Highbury Corner Magistrate's Court, to which I intended to dispute by proving my innocents, against the respondent's case, and I understand that at court this is what I did.

The next and earliest appeal hearing date has now got set for

Sep 2016

to my disappointment, as I proved my innocents since

13th August 2014

when I first got accused of such allegations.

Before this application I had been on string Lent bail conditions that had got imposed for other ongoing relating to Meet police procedures.

At the day of trial, I proved my innocents.

Substance off the complaint made by Mr. Simon Cordell is.

Here is a List of Issues:

Some say that Mr. Simon Cordell; did between

January **2013**

to the last date being

10 August **2014**

in the Borough of Enfield acted in an anti-social manner, likely to cause harassment alarm or distress to one or more persons not of the same household as himself.

These incidents get stated to take place in disused warehouses or industrial land.

These accused incidents got named as raves and get presumed to be licensable activities; Mr. Simon Cordell case is he has not acted in an anti-social manner on the dates in question.

Neither did he organize or supplied any equipment for any of the events cited in the Respondent's application.

Simon Cordell is still in the police legal framework of the law as he challenges and disputes the evidence presented, he where an organiser

It is, Mr. Simon Cordell case that this ASBO got imposed upon

him unlawfully, becaus**e:**

He never got consulted / or warned prior to the Metropolitan Police Commissioner who applied for the ASBO order, and this is in breach of the legal Guidance.

Imposing the ASBO was also wrong in law because nowhere in the Respondent's case did the Respondent, prove that Simon engaged in any acts of anti-social behaviour, as defined under Section 1(1) of the Crime and Disorder Act 1998.
The dates as cited in the Respondent's application dating from
12th January 2013
until the
19th July 2014
do not specifically, refer to any acts of anti-social behaviour; that Mr. Cordell got involved in.
He has not even got arrested for any of the offences accused on the dates in question.
There is also an issue of concern that got supported in the fact by him stating the respondent's is in error because the case claims the allegations off "The organisation of illegal raves" under section 63, which is a criminal Act and of the word illegal being used when there is no breach under the licensing act 2003 as is required for it to be illegal.
This leads to a clear breach of police enforcement off their police of codes of conduct off power regarding residences, private homes, equalling to issues of wrongful jurisdiction that concerns "private house party's" under the Licensing act 2003 as in apex 4 off the licensing act 2003, it states as printed below;
Private Events 15. 3, events that get held in private are not licensable unless those attending get charged for the entertainment, to make a profit (including raising money for charity).
For example, a party held in a private dwelling for friends featuring live music, where a charge or contribution got made solely, to cover the costs of the entertainment would not be regulated entertainment.
Similarly, any charge made to the organiser of a private event by musicians, other performers, or their agents does not of itself makes entertainment licensable–it would only do so if the guests attending where themselves charged by the organiser for that entertainment to achieve a profit.
The facts are this might inadvertently, result in the organiser making a profit would be irrelevant as long as there had not been an intention to make a profit. 15. 4 Schedule 1 to the 2003 Act also clarifies that before the entertainment gets regarded too being provided for consideration, a charge has to b**e:**
• made by or on behalf of a person concerned with the organisation or management of the entertainment; and
• paid by or on behalf of some or all of the persons for whom the entertainment gets provided, the licensing act 2003 has since gotten amended to date.
07th January 2013
and states no breach.
On the

at time 09:53 a police officer of rank; PC surname; Elsmore, first name; Steve, badge number; 711,243 YE, logged into the police national computer and did f such an application for the commissioner of England and Wales, fabricate and manufacture such evidence alongside with other listed officers.
This got done by way of conspiring and concealing the true facts and if not for the location grid numbers not being retracted, alongside with other information has been deliberately, retracted, so to conceal the true facts of my innocents, the Met police officers who created such a forgery, would get away with their wrongful intentions, which could only lead to a judge given me a wrongful guilty verdict at the day of trial, as happened.
Such claims of the police and no first-hand witness that get supported by overwhelming corrupt evidence, must get supported to get a guilty verdict beyond reasonable doubt R v bone 1968.
This corrupt evidence got created and edited while manipulating the statements of truth, which can get proven in mutable different ways.
As an instance, when the police officers representing the ASBO order logged into the police national computer system each report got created one after the other, but with falsified created date's, which is a clear breach of police procedures. or in

other cases opened months after the created date and edited, so to aid in conspiring to falsify information.
This could only get done to help aid in wrongful claims, to in fact gain help police officers to gain a guilty verdict against me, the defending victim.
There is also that being of the fact relating to the chronological sequence of the CAD reports, due to the time stamps being in error that got listed here that are sure to be of foul play; —

CAD	2637	07/06/**2014**	08:18	Page 191 to 195

To put an even further burden on the justices, system officers made such claims, while reciting and seeking wrongful jurisdiction of law as for fact section 63 crime and disorder act 1998, regarding outdoor events, as omitted unless trespass has taken place, no incidents that Simon is being accused of is in fact in open air land and trespass did not take place, neither do the police provided any evidence supporting such claims.
Please see article from The World Wide Web of section 63 public and disorder act 1994
at;
http://researchbriefings.files.parliament.uk/documents/SN01889/SN01889.pdf
What gets stated in the Pdf web-linked above is;
Under the Criminal Justice and Public Order Act 1994, the police have the power to stop raving.
Until January 2004, these where defined, as unlicensed open-air gatherings of 100 or more people in which loud music gets played during the night.
New provisions introduced into the Anti-social Behaviour Act 2003, which came into effect on January 2004, reduced the number of people who make up, to a rave from being: 100 to 20, and removed the requirement for the gathering to be in the open air.
It also introduced an offence of attending another trespasser rave within 24 hours of a police direction, to stop people moving the rave to another place.
There have been press reports of police in some areas holding back from using their powers for health and safety reasons because of the dangers of dispersing large crowds in the dark or because of other dangerous local conditions.
However, there have also been reports of successful police action to control raves in particular areas.
Gatherings for which an entertainment licence got obtained, do not get classed, as raves within the meaning off the legislation.
However, there was controversy about so-called licensed “raves” under provisions in the Licensing Act 2003 what came into force, in November 2005.
These allow people to get temporary event notices for gatherings of up to 499 people for events lasting up to four days.
The licensed events could involve the sale of alcohol, and while the police have to review the application and object if they consider crime and disorder would result, there is no mechanism for the public to object, the Government is keeping this area of law under review.
These provisions would not apply to the kind of illegal raves covered by the 1994 Act, which by definition are unlicensed; Mr. Simon Cordell states that the ASBO is disproportionate, and it prevents him from engaging in lawful business.
The ASBO prevents Mr. Simon Cordell from applying for licenses to hold events, the Appellant will state that whilst he is subject to an ASBO he will get prohibited from applying for any entertainment license and any license application will automatically, fail due to the Asbo application and therefore this is disproportionate.
Mr. Simon Cordell has designed a business plan, this creates community events leading to an international festival, and sets out the plans for events including

marketing, safety, stalls etc and also specifically, refers to co-operating with the police.
The ASBO prevents any applications from taking success.
Cordell states that he has never got involved in the organization of an illegal rave as defined under section 63 of the CJPOA 1994; Mr. Simon Cordell State's; "that he was not rude to the police, but feels like he cannot even go out for the day, with some of his friends, without getting stopped and searched by members of the police.
The Asbo application got created in the understanding that by PC Steve Elsmore and other officers acting in such a manner of the claims listed within this document and or by allowing other officers to use his id logging to gain such wrongful and illegal convections, they did so upon oath to the legal services, new Scotland yard London sw1h OBG, Case Reference number L/107087/sag.
In doing so the police officer's and council officials and legal representatives stated that they was sure the defendant Mr. Simon Cordell is accused of being responsible for the acts to which particulars, had gotten given to them, regarding the complaints made and then developed by them self's, which are all concealed within the Asbo application and
they deliberately while intentionally, miss used their powers of conduct, while and with complete disregard for regulations such as the NSIR national standards incident report **2011** and many others, to aid in a manner to which got said to be reckless, and caused extreme disregard for my life and other human life's.
In turn their actions created a multitude of breaches of many human rights as listed below with the relevant issues of concern regarding each set of human rights that got breached.

Article 2 The Right to life: --
Article 2 requires that the Government take steps to safeguard the lives of everyone within the UK's jurisdiction and this must get completed while being inclusive of myself Mr. Simon Cordell.
By the government having an effective justified criminal legislation in motion i.e. by making murder and manslaughter an offence so that to be sure that no person may kill any other human being, this also includes within the European treaties, to which the United Kingdom is apart off, without doubt and is inclusive of attempted manslaughter or attempted murder.
The state officials must properly, enforce these rights; by requiring the police to take reasonable steps to protect an individual's life, if they know or ought to know there is a real and immediate risk to a person's life - although this should not impose an impossible or disproportionate burden upon the authorities; and also by requiring the State to take appropriate steps to prevent accidental deaths, by having a legal and administrative framework in place to provide effective deterrence, against threats to the right to life.
I Mr. Simon Cordell have attached to this document, video and audio evidence supporting the fact of members of the metropolitan police who, where in attendance at my home address after I had made an emergency 999 call regarding myself being a victim to a threat to my life by way of two gentlemen pulling a gun on myself outside of my home regarding an illegal rave that had taken place in a warehouse they stated was their own and they had seen the intelligence in the metropolitan police website that had got published about similar offences, making them believe I had some think or that I may have got connected to do with their incident, the information in the police website was wrong in law and in danger my life and did not get pulled down.

Article 3 Freedom from torture and inhuman or degrading treatment: --
I Mr. Simon Cordell suffered a servicer breach regarding the prohibitions relating to article three of my human rights leaving me with memories of torture and inhuman treatment while being treated in a degrading manner by way of being punished for allegations of a criminal offence and then having such information published in the public domain; a punishment that was and should never got justified as there was no breach of the United Kingdom Laws and such

intelligence that does in fact create the bases of evidence to support such claims that are manufactured.
It is an absolute right that in no circumstances will it ever be justifiable for an officer of the state use his powers to torture any tenant, resident person living in the United Kingdom.
Inhuman acts will amount to torture when used to deliberately, cause serious and cruel suffering.
Treatment will get treated as inhuman when it causes intense physical or mental suffering.
Treatment or punishment will get degraded if it humiliates and debases a person beyond which is usual from punishment.

Article 5: Right to liberty and security: --
I Mr. Simon Cordell understand that my human rights regarding my liberty and security have got subjected to a server breach due to members of the metropolitan police perjuring evidence, creating miss gross miss conduct leading to myself being deprived of my liberty's and security, I have been subject to gross corrupt police practice in the understanding off a multitude of cads contained within the respondents' application towards an Anti-Social behaviour order that I Mr. Simon Cordell is being wrongfully, accused of being that of falsely, created and audited evidence that is below, and contained within this document is a summary of the incidents Co siding with official dates that is also inclusive of cad numbers and relevant supported evidence being referred to.

13th August 2014	A meeting was held with Steve Hodgson who is a representative for Enfield Local Authority Council and Jane Johnson on behalf of the Metropolitan police alongside others.
12th September 2014	A bundle is said to have been served on Mr Simon Cordell at 109 Burncroft Avenue, to which he disputes. In reference to police complaint 1 of 3 contained at the top of the document.
06/10/**2014**	Mr Simon Cordell was meant to have a hearing for an interim Order, but legal aid had not been granted. Michael Carroll acting solicitor came to court the judge overturned and granted legal aid. The application for the Interim hearing the judge would not hear.
22/10/**2014**	Interim hearing but could not go ahead due to Andy Locke Acting Barrister had a flood at his home address.
05/11/**2014**	Interim hearing and the order were granted.
02/12/**2014**	Mr Simon Cordell's mother has a note on her mobile phone, stating he was in court at Highbury Corner not sure what they were for.
09th 10th 11th 03/**2015**	Meant to have been set for trial but the court only booked 1-day hearing, this was then put off until the 03rd and 04th Aug **2015**
03rd 4th 08/**2015**	Highbury Corner trial case part proven on the 04th 08/**2015**
26/10/**2015**	1st hearing at Wood Green Crown to see if case was ready for appeal on the
09/11/**2015**	Was 1st appeal date which was set for a 1-hour hearing

22nd 23rd and 24th 02/**2016**	Set for appeal at the crown court.

It is said that I got found guilty on the 3rd and the 4th August **2015**, to which I dispute for the claim to be correct.
The evidence of Mr. Simon Cordell representing Barristers submissions inclusive of the court transcripts of the day of the trial also prove what I Am saying to be true.
The respondent's case is that I have gotten accused of being integrally, involved in the organisation of the illegal raves in Enfield on Pacific dates and is wrong.
In part of the Barrister submission that represented me, any person can read the respondent hadn't adduced evidence, of trespass or any evidence of breach of the licensing Act 2003, which is a requirement for proving, an indoor rave was illegal.
On the day of trial, the Deputy District Judge ruled the respondent did not need to prove the illegality aspect of what the case got brought into motion for this cannot be correct because the organisation of illegal raves is what me and my solicitor defended myself against.
The district Judge ruled all they needed to prove was, I had acted in an antisocial manner, this is a human error made within the law.
The view of my barrister, is this was a very questionable decision:
Firstly: the respondent based their case against me on the illegality of rave's rather than the fact of them being legal private party, themselves.
Secondly: my barrister stated that with no proof of illegality the presumption of innocence leads to the conclusion that the raves were legal, and thus, Simon being prohibited from engaging in an ostensibly, lawful activity does in fact require more careful consideration of issues of proportionality.
It should get agreed with the barrister statement as when dealing with this case, we were addressing the respondent's case to prove I had not got involved in organizing illegal raves, as this is what the application against me was.
In total up and till this date of the 19/04/**2016** the so called Asbo application has gotten brought before the courts and this is also to be inclusive of magistrate's courts and the crown courts a total of nine times.
The 10th time will be on the month of September **2016**.
I personally, alongside many other people still do not understand how any person could stand a fair trial with such question's and evidence, as I have supported the prosecution, with in my defence, as has also got referred to by my representatives, I understand that there are many breaches of my Human Rights that have accord because of the police brutality I get faced with,
Article 5.2 of my continental human rights is one of many that has got breached, as for the fact by the respondents supported Asbo application, being of fraudulent and misleading evidence.
I am being illegally, being deprived of such rights as the Article 5(2) requires by law; it states anyone arrested must get, promptly informed as to why he or she has gotten arrested and what the charge against them is.
This must get conveyed to them in a language which he or she understands.
And as also permitted under Article 5(2) it requires this requirement enables the person to challenge the lawfulness of their arrest.
This requirement is not limited to criminal context; —
This leads me to questioning some of the facts of the case.
Like, I never got arrested for the allegations that have gotten brought into motion that are of a criminal offence, that state they are of an illegal nature, such as "the organisation of illegal raves" and that of how a court can sit in its civil capacity sitting a criminal case under section 63 of the crime and public disorder act 1998 as a standalone Asbo,, if it is illegal I must get arrested first then charged and if found guilty, then a Cbo Asbo can get applied for after conviction, a Cbo Asbo application doe's state the following.
The criminal behaviour order (CBO) will replace the ASBO on the conviction off criminal offences and the DBO on conviction and will be available in the Crown Court, magistrates' courts, or the youth court, the CBO will be available for the most serious anti-social individuals and could apply to on conviction for any criminal offence in any criminal court and the CBO can only get made on the

application off the prosecutor (in most cases the Crown Prosecution Service, either at their own initiative or at the request of the police or local authority.)
I also question the true facts about why no one will withdraw the cases to which I have supported evidence towards my innocents in the Asbo Order application.
There are so many inconsistencies contained within the police statements that a guilty verdict must not get justified.
I have submitted in the response bundle to the prosecution evidence beyond reasonable doubt of my innocents in many of the accused allegations I defend my innocents towards.
With no fair response.
The prosecution is in receipt from me, the defendant: off overwhelmingly amounts of evidence of my innocents, which also partly shows police corruption.
Within the context of the Asbo Orders application, it shows that of a magnitude of a mutable amount off geological locations of different wide spread incidents, that are all on the same date and around the same time's, as the one incident that I Am being accused of, which is on the 6th 7th, 8th June **2014**.
These other different widespread incidents do in fact not relate to the anti-social behaviour incidents that I Am being accused of.
Some of the incident in the Asbo seem to have the locations blocked out, this has got done by members of the metropolitan police force, who developed of the Asbo Order application done this so to prevent the course of justice and this leads to my dissatisfaction of a rightfully, not guilty verdict.
Because of the grid numbers being blocked out, no person's; other than the developers of the application, who would have known the true facts as just explained, could defend themselves.
Once checked and recognised by any other person in response to the claims I have just quoted, I believe any other person would also notice many of the irregularities that are fact fraudulent and come to the same conclusion, so in the understanding off the statements just made and the understanding that Mr. Simon Cordell is an innocent man from the start of on goings of the Asbo application, that this is wrong in law.
I knows that I did not commit the allegations, nor did I have my legal rights put into place to challenge such claims, under the criminal justice acts that represent the United Kingdom Laws and European Treaties.
From the start of the application I, Mr Simon Cordell have felt the need to defend my legal right's against, such allegations off the falsified statements, that got made by the police officers, against me, the same as any other would if they to where to face the same allegations, that got made by any other members off the public about themselves.
No members of the public have mentioned me or a description off my person or any other associated company names or business names that do relating to me.
the incidents accused of me are of such offences create the bases of an illegal Criminal conviction of (The organising illegal raves,) Which should never have gotten prove in a courthouse.
In the understanding off civil and criminal law, Mr Simon Cordell has learnt that in all criminal cases, where something got alleged to have taken place and got said to have been illegal the correct Police procedure in them circumstances is that a crime will get created under the crime and disorder act 1998.
This will get achieved by way of a victim or witness making a report of a crime than them or other members of the police force will get allocated, too the incident and start investigations depending on the matter of relevance to the initial report to the resources available.
The investigations may lead to an arrest what will lead the detainee to his or her statuary legal rights.
In the early 1980s the police had the power to take cases to court without the decision off any other governing body, but now in **2016** /17 the burden relays solely, on the cps, who are in collaboration with Revenue and Customs Prosecution Office and gets headed by the Director of Public Prosecutions (DPP) who is independent but subject to the superintendence of the Attorney General accountable to members of Parliament that work for the prosecution services.

If charged any person's rights get gained under section 24 and 25, which relates to the rights of any person getting charged and the minimum standards of criminal procedure.
But my problem is, my case seems to sit in its civil capacity at court with none of the above regulations and my rights being carried out under the United Kingdom laws; please can you explain this to me?
I also have no previous convictions of similar nature offence, neither was the Asbo application a Cbo or Asbo on conviction, it is in fact a standalone Asbo and the legal guidance is for the application not to get based upon. Criminal offences.
At the appeal date that had got set for Feb 22nd, 23rd 24th **2016** Legal aid was granted and got granted on the 00/00/**2015**.
On the 2nd appeal date set Mr Simon Cordell's acting solicitor explained to him that she could not arrange a barrister till April **2016**, due to the past acting barrister being on leave.
Mr. Cordell had many concerns with the respondents case that got put towards himself and on that day had prepared a computer type printout copy of an article six, that does in fact raise some of the issues of concern that he had with the on goings of the application being put towards himself, this got given to the Judge HHJ Pawlak's, who refused to read and note the official document that regards Simon's human rights, continental rights and ordered that he the applicant, answers five questions: A to E by the date off a pre hearing: dated the 4th April **2016**, the questions the judge asked to get answered are in another attached file in this complaint.
On the same day of 22nd /4/**2016** I again asked in a written letter handed to the judge requesting for the right to a fair trial and in that letter I believed I had proven to him more than beyond reasonable doubt that the developers such as officer PC Steve Elsmore in the making off the Asbo application had manufactured and fabricated the evidence.
I supported this by drawing a table contained within the letter and I knew this showed the errors in the time stamps to be corrupt, I also explained that I Am getting held against my free will because of the application.
At the day of trial in the magistrate's court I never got found guilty of such crimes or offences as stated in the transcripts of the day at the court and in the barrister's submissions to my acting solicitor.
It got explained to the judge that by him not paying attention to the true facts of the case and not putting the police officer under investigation that it would in fact in danger my life.
I explained to every person of interest relevant to the ongoing of my accused case load from the start that I felt and still felt intimidated and threatened, off the police office being given time to edit more evidence in the case to manipulate the truth and take disregard to rules and regulation to avoid a complaint of investigation pending against themselves, Police officers and council officials avoiding and prolonging disciplinary action taking away my security off walking down my home town streets, for a period off this case, is not right.
The judge once again allowed me to get held hostage to corrupt police officers' allegations.
I can prove that the members of the publics 999 call complaint are in fact Police officers.
Fake procedure of justice; made in a bios manner, so to aid in them involved police officers self-gain, then to help them evade the complaint procedures from rightful investigation that would lead to the rightful tribunal action being taken against them for what they done wrong.

Article 12: Right to marry and start a family: --
Article 13: Right to freedom of movement.
These conditions relating to the ASBO application that have gotten bound upon Mr Cordell are for the whole of the UK when they should not be as the offences got accused of only being based in the bough of Enfield.
When the skeleton bundle got updated on the 05/02/**2016** the applicant supplied a book, this book got created by members of the Home Office, based within the United Kingdom and this books nature is of such a guide to anti- Social Behaviour Orders.
Please take note to page number (106) which states to have that of conditions imposed of such a wide scale of areas, would be a breach of Mr Simon Cordell's human rights, this is inclusive for any other person who might also get banned from the whole of the UK.
The reason being of that statement just quoted is that there should be special care taken when defining (Geological location) regarding incident locations that have gotten contained within an ASBO application.
All Judges must not grant an ASBO order, without evidence that there has been the potential geographical extent of the problem.

This is in regard to any incident, when the behaviour of a person has led to cause alarm harm or distress to, one or more other persons not as of the same household of them self.
The problems Mr. Cordell has got accused of, where contained within the Borough of North London, Enfield but one accused incident.
It got said in court by my Barrister, that if Mr Cordell ever does need to go to a petrol station along a motorway or on a named industrial estate as many, petrol station in fact are and he was to do so between the hours of 22:00 hours and 07:00 hours he would in fact be in breach of this ASBO, the judge replied and said well in them circumstance of an incident, he will get arrested and have to prove in the magistrates court that he went to going and get petrol, also, if he made a wrong turn when driving and turned into a non-residential private property or into an industrial estate, that he would be in breach of this ASBO.
Together Simon Barrister and Simon Including his mother, tried to ask questions about the conditions that have got imposed upon himself, like about his everyday life moderates, such as what if he needed to get milk from Tesco's or a shop and the judge said he will get arrested if found in such a place, Simon can't even go to a large, shop such as Tesco and many more similar new establishments, between the hours of 22:00 hours and 07:00 hours, without being in breach of this ASBO and this is a breach of his legal rights.
If Simon went out for a night, where music would get played, as stated in the skeleton argument and main Asbo application itself, he will be in breach of the conditions got imposed against him.
Many young people go out to listen to music, when in private air and do not need Local Authority permission, as stated he will by the applicant, in today's modern society, the application continues to state he would have to ask any owner to see their licensed to make sure he may do so, when listen to music with less than 500 people, this should only get defined under section 63 of the crime and disorder Act, as in open Air or when Trespass has taken place but has not.
No one wanted to define the conditions, and the applicant wanted to make this a lifetime ASBO and applied for the conditions on the day of the trial to be that, but this got denied by the DJ, it was also said that after the 5 years, the applicant can apply to put a next 5 years in place, but on the day the judge would only allow the 5 years imposed and not the lifetime ASBO.
An Anti-Social Behaviour Order should get given as the final resort before an ASBO gets put in placed on any person.
Other methods must get tried to as before the court proceedings occurred, in any ASBO application to aid in bringing about a solution depending on the offence that has gotten committed and this is especially, in cases of unlicensed activities.
These solutions should have included the possibility of mediation, warning letters and Acceptable Behaviour Contracts (ABC) an ABC gets classed as a written agreement between any Known persistent offenders, to which in any sense he did not receive this legal guided option.
Simon Cordell has never get arrested for any think of similar nature in fact the last time Mr Cordell got arrested, was in 2009.

Incoming call
Police Officer: I am contacting you about a complaint you made
Simon; pardon

Police Officer: we received an email apparently you wanted to get in contact with the Borough Commander at Enfield
Simon: yes, that is correct
Police Officer; yes
Police Officer: and it is all to do with a complaint to do with an officer in regard to an Asbo Order that was issued against you
Simon: yes, that is correct
Police Officer; yes, from my records I got that you logged a complaint with us on the 11th of Arial and that was sent to the director of professional standards who have then sent you a letter saying that your complaint will not be looked at until the court case is over
Simon; yes and that is correct and that is in relation to certain issues that are going on with the actual case its self but I made a separate issue of complaint now which is in regards to police practices and that is in regards to a Jane Johnson who is the commanding officer who is in charge of all the other police officers and basically what she has done is she has told a load of officers to go and make an application under sir Bernhard hougon houl permission which is for the organisation of illegal raves, she is supposed to be overseeing that herself they have clearly misplaced the case because I was neither arrested for something that states that it is an illegal offence
Simon; I bet that in her memo in his memo to her if he did tell her to put an application in for illegal raves then that meant she was told to arrest me and I was not arrested, now I am looking to call her up to the witness stand and I might have to go litigant myself
Police Officer; yes
Simon: and what I am asking her to do is I have handed in two Article sixes' as well as the official complaints
Police Officer; yes
Simon: and I have a copy of this here now and I have tape recordings of every time I have spoken to the police, like now I am recording our conversation, I have recorded every other previous conversation
Police Officer; yes
Simon: with every other officer and I have memos of every complaint
Simon: this is a complete breach; they have got the time stamps clearly wrong here in the application put toward s me and anyone can see that a lot of the grid numbers weren't taken out
Simon; I have got all the police under oath under the transcripts and my barrister clearly asking them certain questions, like when you was making the development of the application are you sure that ever incident on the 8th of June **2014** is in fact progress way, when you blocked them out and we all knew that they had not because they were not in fact Progress way, it was mutable incidents that had happened on that date across the UK, London
Police Officer; Mutter
Simon; and
Police Officer: this sounds like quite a complex case
Simon: yes, it's not just that it is more
Simon; right now I have got conditions imposed, I was nether found guilty under what the applicant brought their case in to motion for, but somehow the judge still gave me the Asbo application yes, for swearing at a police officer even low I was not arrested or no civil proceedings where taken against me in **2014** and she gave me the Asbo served the Asbo now that was a clear breach the Asbo was actually based upon the organisation of illegal raves section 63 of the crime and disorder act 1994 was imposed on me and the conditions are still being imposed now that is a clear breach of my human rights
Police Officer: is this what you are going to court with
Simon; but this is in September now what has actually been happening, I have been to court already ten times and I have got all them times memo in the Article six and all the time stamps that are wrong in the card numbers also memo out in the Article six all the laws that where wrong where it was not arrested and the police do not any longer have the burden to say whether a case should be trailed or not any more
Police Officer; Muttering
Simon: now I have handed all of this into the judge and the judge has had two different copies of it
Police Officer.
Simon; I feel I have gave the police another time to drop the case against me and stop holding me captive against my human rights in my house and they have chosen not to do any think right about that and now it has got to a stage where I have to stand up for my human rights and who I am and what you lot really represent, I believe that you represent a company that is there to represent the people, which is us
Police Officer; ok, ok, ok,
Simon; and this is not correct right now I am stuck in my house and she is the leading officer she instructed Steve Elsmore to make this I have clearly proved that there is corruption within it and that all the Urn's where wrong and made one after the other, with a minor adjustment at the end. I have written to all of the police Nsir and the police professional standards and they have said that this is a clear breach. I also wrote to the company that actually owns storm, Met cc and Arms and that and they have said that this would not be no error on their computers this is a human being that in development done this, and it is a clear breach of their codes of conduct and the conduct I have been shown every think

Police Officer; is it
Simon; some police officer needs to stand up for what they really signed up to and over see this and everybody is telling me that it is Jane Johnson's job to do this, her job is to see any police officers below her position, she is the chief inspector, now the problem is she was asked to actually make the application in the start, she is not overseeing the official complaints made to your self's which are three of them and she is not just throwing the case out the window
Police Officer: well that is not her job to do that
Simon; pardon
Police Officer: that is not her job to do that
Simon: yes, it is, it is her job to oversee any of her police officers facing corruption that are causing corruption
Police Officer: no, it is not
Police Officer: no, I am sorry you are wrong there
Simon: or is it not her job to do that then or to oversee that the police officers under her run within their procedures
Police Officer.
Simon: if she is the chief inspector then that surely this is her job, to make sure that every officer is running within a legal framework
Police Officer: Jane Johnson was the Borough commander and she has just left the borough now, as I have said I already have your complaint, what I can do is add her name to that complaint
Simon: what she has left this borough now and what borough is she representing now
Police Officer: she is representing royalty and diplomatic protection
Simon; pardon
Police Officer; royalty and diplomatic protection
Simon: royalty and diplomat protection what is that do you mind me asking
Police Officer: listen, it's the officers who other an armed response and guard, remember the royal family and err their diplomats
Simon: year I understand to a degree, Yes, I understand
Police Officer; in the background; there ruined
Simon; Police Officer; special not on the borough
Simon; year I understand, this has been going on for a long time and I have clearly proved that I am in the right, the section 63 I have never been arrested for trespass year indoors, you know and I should know that are human right outdoors year our freedom of speech are limited but in our own homes there protected and you must understand that any place of residence where is section or any forth, it is classed as the same and should be treated as a home
Police Officer.
Simon; and the only laws under the licensing act to make entertainment illegal is if in a private home or in a private back garden is if profit has been made with the intentions of making profit under appendix four of that act and nobody has talked in the application about profit to even make it illegal but they have claimed it to be illegal and also the fact that section 63 is only for outdoor event's unless trespass has taken place because of our human rights and because this is our place of privacy, in them breaching them rules there they have breached have the rights to my hire of provision to any other house party, because I have been told and I have got the transcripts saying that if I hire my sound equipment out to any person or any other person that I must have permission of the local council. I am then asking the local council by saying that I want to hire out to me and my friend's
Police Officer; Mr Cordell sorry to cut you off but to save you time here because I am not going to make a comment here on any think that you are saying because you have logged a complaint here in this court case
Police Officer: in simply terms what is your complaint against the borough commander as if in to say the x borough commander Jane Johnson
Simon; well at the time she was responsible for Steve Elermore and she was responsible for Steve Elsmore conduct and I have proved beyond reasonable dought that Steve Elermore and other officer's while under her conduct, command was of foul play and manufactured evidence and I have given them another time
Police Officer; right
Police Officer; is there any direct involvement because overtly as you can appreciate the officer of command is in charge of staff of up to 400 to 500 people and overtly she is not going to know every intermit detail of every little thing going on in the borough so as if in to say you Asbo
Simon; I can come and met you right now and I can hand you a copy of the Article six that is sitting in the court files twice with all of the information, Steve Elsmore has been sent off again now in the judge realising
Police Officer: is there any think that you are saying that she has done that you are saying the borough commander has had any involvement in it whatsoever
Simon: what am I saying about the borough commander, I am saying that, I have got her signature all other this application my paperwork her right now and she has instructed to happen
Police Officer: his right "spiting sound made by police officer down the phone to me"
Police Officer: "He is dead"

Simon: I got it everywhere Jane Johnson here right now, her signature right here "cnsmtye" I have got every page now what she instructed them lot to do
Police Officer; ok
Police Officer: what paperwork have you got with her signature on it
Simon: I have got every think I have got a massive Asbo application like 2000 it must be about 1,500 pages by now
Police Officer: right what your saying is she authorised the Asbo
Simon; yes and her signature is on page six page seven page eight she has done everything she is in charge of them officer's and she has told Steve Hoddison the list of names that I am calling to court now and I am going to ask them the questions myself, under oath there going to be in a lot of trouble and I do not want this, I wanted good relationships I just wanted to have speakers in a park and look after my community and myself and family and it seems as if things have been turn right upside down
Police Officer: right and I will record that for you and that will be looked at after the court case
Simon: what was your name again
Police Officer; sergeant Aaron Thomas
Simon; sergeant Aaron Thomas, so what you are trying to explain to me is: - that Steve Elermore has been told by a judge that Mr Cordell clearly knows the laws that he represents and that this case was wrong and he stormed out of the court room and it took about three judges to take this case on in the beginning place they also keep storming out and refusing, eventually they managed to get one judge to do it and she did not really find me guilty
Simon; now gave this new judge I gave this judge two article six's on my last two hearings at wood green at my appeal and his screwing with Steve and the rest of them you can tell and this time he has told Steve that he needs to go away and un retract every think in the whole bundle so that all of the true grid reference numbers, I got the true grid reference numbers, all the true address to the location he has to unblock yes and he has, and on certain pages they have gone in they have been calling me black boy on the block , Mr Cordell is part of black boy on the block
Police Officer: yes, yes Mr Cordell, sorry not to be rude but I do not need to know this, but I will record your complaint and it will be looked at after the court case
Simon; yes but someone should deal with the police officer he is dealing with other people now low and the proof has been proven beyond reasonable dought I have supplied the evidence I am saying to you that I will come and met you right now and give you this evidence, somebody like Jane Johnson whoever is acting in Jan Johnson's case right this second who is the new person in dealing with it some body is in charge an d needs to take one of these sections six's and deal with these police officers appropriately
Simon: yes, and I am not happy with you to put the phone down on me
Police Officer: like I said
Simon: in this situation and tell me that I need to wait till the end of my court case in September
Police Officer: you know about the professional standard's
Simon; yes I have already spoke with them and they have told me that I need to deal with you lot direct and that I need to walk over to you lot and give you a copy of my Article six and that I should be on the phone doing what I am doing at present, I have played them the tapes back and I have got every think else and they are saying someone is in charge of these officers and someone should be dealing with it
Police Officer: ok if there is any evidence that need to be collated ok
Simon: it's already been handed in
Police Officer; ok listen that will not be looked at until after the court case ok so what we call early evidence retrieval so for instance if it is like custody cctv any think that we think that we are going to lose ok will be looked into and retrieved so that we can retain that, so that when the court case is finished we can overtly go on with the investigation
Simon; but
Police Officer: you got every think you have all that for court, we can speak to you after the court case ok
Simon: there is no court case low because, this is the problem I keep handing in article six's the right to a fair trial
Police Officer: I thought you said you was going to court in September
Simon; year but every time I go to court, I show them and give them another article six, saying to them you can't make me have another trial with knowing about all this corruption, look at these time stamp I have calculated it all out blue printed it, if you ever see a copy of it you would go wow yes and the judge is going right now I do not won't, how can I give him a trial Mr Cordell with him showing me all of this, I do not want, there ant no members of the public the only witness that is supposed to be in there as a member of the public supposed to be saying some think
Police Officer: I thought you were appealing the Asbo
Simon; yes, I am appealing the Asbo but how can I have a fair trial with there being so much corruption in the case and there being no witness, it's the police who have brought this case against me not members of the public
Police Officer: so, you were given an Asbo is that right year
Simon: yes, I have been given an Asbo wrongfully and I have got the transcripts to prove it
Police Office; ok
Police Officer: but you are appealing that decision, aren't you?
Simon; Yes

Police Officer: right so when are you going to court to appeal that decision
Simon; I was supposed to of had my trial a couple of months ago on the February 22 23 24 but the judge has said that because I keep screaming article six that I cannot have a fair trial it seems like he keeps sending theses cops away helping them hoping one of them is going to wake up like they should put a letter through my front door and just drop the case and all the cops are safe and I am safe but nobody wants to do that and none of them are waking up at the other end and keep bring the case back to court and I am screaming again how am I supposed to have a fair trial in September now and this has been going on for god knows how long now and I am trapped captive in my house now hoping one of the cops hold there hand's up and say well do you know what like
Police Officer: it is quite simply if there is no court case the complaint can be looked at or if there is a trial the complaint cannot be looked at
Simon: all I want is someone to oversee Steve Elmore's work
Police Officer: no, no, no, no, no, it's not going to happen is it until the court case is finish and if there is no court case yes then it will be investigated
Simon; oh ok
Police Officer: we are going around in circles any way
Simon: ok I understand there is not much that I can do other than be captive in my own home, is there? To wrongful laws that do not exist and should have not been imposed
Police Officer: like I said I am not going to make any comment on your case at all
Simon; as well as manufactured and fabricated evidence created by these officer's this is incorrect this is attempted murder conspiracy to murder
Simon: 20 coppers sitting there together creating information reports not creating them on their true dates and then backdating them event dates and breaking article three of my human right it's human torture this is incorrect somebody should deal with it there is levels which should be
Police Officer; I will
Police Officer: what I am going to do is we are talking over each other, so I am going to terminate this call ok goodbye
Simon; ok goodbye

Dear Josephine
How are you I hope all is well? I would appreciate it if you can reply to my questions below. In the understanding of the on goings that did occur at the court mentioning at wood green crown court on the 22nd 23rd and 24th 02/2016, when on that date mentioned the company, who you are acting for that is representing myself Mr. Simon Cordell, that is named Michael Carroll & co solicitors, that you do or did represent a contract with till the 2nd June 2016.
Before the 22nd 23rd and 24th 02/2016 when giving your legal guidance to such accusations of incidents, referring to the organisation of illegal raves, that said in my defence this is inclusive of the understanding to the ongoing of the case, that is being brought by the commission of the metropolitan police, that being of a standalone Anti-Social Behaviour Order 2003, an Act to make further provision in relation to criminal justice and disorder act 1994, itis being said that you did in fact explain before the date of the hearing, that being of information regarding to the past representing barrister Mr. Andy Lock, relating to that of Intel stating that he would not be able to attended due to being on leave and this being of the only issue raised by yourself said to be regarding myself, but on the date of the hearing another barrister did apply the judge in aid of my acting solicitors yourself, so to be sure of that you have to no longer represent me due to a breach in communication between our self's, the judge ruled that Michael Carroll and co.'s must act till the conclusion of the case, the Point is the judge has ordered the company to act for myself and in that understanding I ask and request for you to direct for my case to be carried out in such a manner, if legal to do so? I request that being of; at the day of my trial to act litigant with my mother as a McKenzie friend and for a barrister we select together to b< instructed to represent myself on the days of court, also I ask of you to set up a meeting within one month of this dated letter, between who will be taking on the case after you leave your office with the acting barrister chosen. I believe and understand that this is within the constraints of the law I

take my guidance from https://www.gov.uk/represent-yourself-in-court/overview I also request that you call for questioning the following officers;
I ask again am I correct in believing that this is my rights and I can still have Michael Carroll and co solicitors represent me if I do so?

I believe and understand that this is within the constraints of the law I take my guidance from https://www.gov.uk/represent-yourself-in-court/overview I also request that you call for questioning the following officers;
I have also made the basics of a police complaint as documented here.

Met Police Complaint 1	1of 3	created	on	date	06/00/2014	cad	number	00
Met Police Complaint 2	2of 3	created	on	date	16/04/2016	cad	number	00
Met Police Complaint 3	3of 3	created	on	date	17/04/2016	cad	number	00

In reference to Met Police complaint 3 of 3 that is in relation to an Anti-Social Behaviour order under the criminal and public order act 1994 in order of the commissioner of the metropolitan police.
I am Simon Cordell; my date of birth is 25th January 1981. My home address is as stated above. I am making this official complaint further to my appeal dated 00/09 2016 in response to the police and local authority's application for an Asbo order, to which, the case against my self is one of an hearing of application, against the organising illegal raves, that has said too have been proven as a guilty verdict, this is said to be against myself Mr. Simon Cordell, to which I intend to prove that this is not correct. I was not found guilty under the applicants case alongside many other issues of concern as listed, The day of the courting was held at Highbury Corner Magistrate's Court, to which I intended to prove my innocents at, the next and earliest appeal hearing date has now been set for Sep 2016 to my disappointment, as I have been proving my

innocents since 13th August 2014 when first accused and before this application I had been on string Lent bail conditions that had been imposed for other ongoing Met police procedures, to which I proved my innocents in start date 00/00/00 end date 00/00/00.
Substance off the complaint made by Mr. Simon Cordell is;
Listing:
Issues:
(I) Whether Mr. Simon Cordell has between the dates of January 2013 to the last date being 10 August 2014 in the Borough of Enfield acted in an anti-social manner likely to cause harassment alarm or distress to one or more persons not of the same household as himself.
Mr Simon Cordell is accused of being involved in the organisation of illegal raves. These take place on disused warehouses or industrial land. These raves are said to be licensable activities.
Mr. Simon Cordell case is that he has not acted in an anti-social manner on the dates in question.
and that he has not organised or supplied any equipment for any the events cited in the Respondent's application.
Mr. Simon Cordell has and still is in the legal framework as he challenges and disputes the evidence presented that he were an organiser.
1. It is Mr. Simon Cordell case that this ASBO was imposed upon him unlawfully for the following reasons:
- He was never consulted / or warned prior to the Metropolitan Police Commissioner applying for an ASBO and this is in breach of the Guidance.
- The imposition of the ASBO was wrong in law because nowhere in the Respondent's case has the Respondent proved that Mr. Simon Cordell engaged in any acts of anti-social behaviour as defined under section 1(1) of the Crime and Disorder Act 1998. The dates as cited in the Respondent's application dating from 12th January 2013 up to 19th July 2014 do not specifically refer to any acts of anti-social behaviour. Mr. Simon Cordell was and has not been arrested for any offences on the dates in question, also supporting the fact being that of the respondent's case stating and being that of

679,

"The organisation of illegal raves" under section 63 which is a criminal Act and that of the word illegal being used when there is no breach under the licensing act 2003 this leads to a clear breach of police enforcement of their police codes of conduct of power regarding residences private homes of issues concerning "private house party's" under the Licensing act 2003 as in apex 4 of the 2003 licensing act it clearly state as printed below "

The Appellant will state that this ASBO is disproportionate and it prevents him from engaging in lawful business. The ASBO will prevent the Appellant from applying for licences to hold events. The Appellant will state that whilst he is subject to an ASBO he will be prohibited from applying for any entertainment licence and any licence application will automatically fail and therefore this is disproportionate.
The Appellant has designed a business plan, a festival plan and community event that sets out clearly the plans for events including marketing, safety, stalls etc and also specifically refers to cooperating with the police. The ASBO prevents any applications from being successful.
The Appellant will state that he has never been involved in the organisation of an illegal rave as defined under section 63 of the CJPOA 1994.

Mr Simon Cordell State's: "that he was not rude to police, but he did feel like he cannot even go out for the day with some of his friends, without getting stopped and searched by members of the police.
Mr Simon Cordell State's This Asbo application was created in the understanding that by pc Steve Elsmore and other acting officers acting in such a manner of the claims listed within this document and or by allowing other officers to use his id logging to gain such wrongful and illegal convections did do so upon oath to the legal services, new Scotland yard London sw1h OBG Reference number L/107087/sag and stated that he was sure that the defendant Mr. Simon Cordell was responsible for the acts to which particulars had been given, in respect to the complaints made and developed by them self's which are all concealed within the Asbo application, in turn knowingly and deliberately while intentionally misusing his and their powers of conduct, while and with complete disregard of regulations such as the NSIR national standards incident report 2011, to aid in a manner to which was reckless and caused extreme disregard for my and other human life's creating a breach of many human rights as listed below with the relevant issues of concern in regards to each set of human rights that have been breached.

• Article 2 Right to life

Article 2 requires that the Government take steps to safeguard the lives of everyone within the U K's jurisdiction inclusive of myself Mr. Simon Cordell:

- by having effective criminal legislation (i.e. by making murder and manslaughter an offence so that to be sure that no person has the right to kill any other human being this clearly is inclusive of attempted manslaughter or attempted murder) and properly enforcing it;
- by requiring the police to take reasonable steps to protect an individual's life if they know or ought to know that there is a real and immediate risk to a person's life - although this should not impose an impossible or disproportionate burden on the authorities; and
- by requiring the State to take appropriate steps to prevent accidental deaths by having a legal and administrative framework in place to provide effective deterrence against threats to the right to life.

I Mr. Simon Cordell have attached to this document and have that of video evidence supporting the fact of members of the metropolitan police who were in attendance at my home address after I had made an emergency 999 call in regards to myself being a victim to a threat to my life by way of two gentlemen pulling a gun on myself out side of my home in regards to an illegal rave that had taken place in a warehouse that they stated was their own and that they had seen the intelligence in the metropolitan police website that had been published about similar offences, making them believe I had some think or that I may have been connected to do with their incident, the information in the police website was wrong in law and in danger my life and was not pulled down

- Article 3 Freedom from torture and inhuman or degrading treatment

I Mr. Simon Cordell have suffered a servicer breach in regards to the prohibitions relating to article three of my human rights leaving me with memories of torture and inhuman treatment while being treated in a degrading manner by way of being punished for allegations of a criminal offence and then having such information published in the public domain; a punishment that was and should have never been justified as there was no breach of the United Kingdom Laws and such intelligence that does in fact create the bases of evidence to support such claims is manufactured

It is an absolute right that in no circumstances will it ever be justifiable for an officer of the state use his powers to torture any tenant, resident person living in the United Kingdom

- Inhuman acts will amount to torture when used to deliberately cause serious and cruel suffering.
- Treatment will be considered inhuman when it causes intense physical or mental suffering.
- Treatment or punishment will be degrading if it humiliates and debases a person beyond that which is usual from punishment.

• Article 5 Right to liberty and security

I Mr. Simon Cordell understand that my human rights regarding my own liberty and security have been subject to a server breaches due to members of the metropolitan police perjuring evidence in turn creating miss gross miss conduct leading to myself being deprived of my liberty's and security. I have been subject to gross corrupt police practice in the understanding of a multitude of cads contained within the

681,

applicant's application towards an Anti-Social behaviour order that I Mr. Simon Cordell is being wrongfully accused of being that of falsely created and audited evidence. Provided below and contained within this document is a summary of the incidents co siding with official dates that is also inclusive of cad numbers and relevant supported evidence being referred too.

13th August 2014	The Asbo application was created by Steve Elsmore
13th August 2014	A meeting was held with Steve Hodgson who is a representative for Enfield Local Authority Council and Jane Johnson on behalf of the Metropolitan police alongside others.

12th September 2014	A bundle is said to have been served on Mr Simon Cordell at 109 Burncroft Avenue, to which he disputes. In reference to police complaint 1 of 3 contained at the top of the document.
06/10/2014	Mr Simon Cordell was meant to have a hearing for an interim Order, but legal aid had not been granted. Michael Carroll acting solicitor came to court, the judge overturned and granted legal aid. The application for the Interim hearing the judge would not hear.
22/10/2014	Interim hearing but could not go ahead due to Andy Locke Acting Barrister had a flood at his home address.
05/11/2014	Interim hearing and the order were granted.
02/12/2014	Mr Simon Cordell's mother has a note on her mobile phone, stating he was in court at Highbury Corner not sure what they were for.
09th 10th 11th 03/2015	Meant to have been set for trial but the court only booked 1-day hearing, this was then put off until the 03rd and 04th Aug 2015
03rd 4th 08/2015	Highbury Corner trial case part proven on the 04th 08/2015
26/10/2015	1st hearing at Wood Green Crown to see if case was ready for appeal on the
09/11/2015	Was 1st appeal date which was set for a 1-hour hearing
22nd 23rd and 24th 02/2016	Set for appeal at the crown court.

It is said that Mr Cordell had been found guilty on the 3rd 4th August 2015, to which he disputes to be correct, evidence of Mr. Simon Cordell Barristers submissions inclusive of the court transcripts of the day of trial. The respondent's case is that Mr Simon Cordell has been accused of being integrally involved in the organisation of illegal raves in Enfield.
Part of the Barrister submissions that represented Simon Cordell, had been that the allegations were that he was involved in the organizing of illegal raves, but the applicant hadn't adduced evidence, of trespass or evidence of breach of the licensing Act 2003 which is a requirement for proving, that an indoor rave was illegal. The Deputy District Judge ruled that the applicant did not need to prove illegality, - all the needed to prove was he had acted in an anti-social manner. In the view of the barrister this was a very questionable decision: firstly, the applicant based their case on the illegality of the raves rather than the fact of the raves themselves and secondly, without proof of illegality the presumption of innocence leads to the conclusion that the raves were legal, and thus, Simon being prohibited from engaging in an ostensibly lawful activity requires more careful consideration on issues of proportionality.
It should be agreed with the barrister statement as when dealing with this case Mr Simon Cordell was addressing the applicant's case to prove that he had not been involved in organizing illegal raves, as this is what the application against him was.
In total to date 19/04/2016 the Asbo application has been brought before the courts inclusive of magistrates and crown a total of 9 times the 10th to be in September 2016 to which I still do not understand how any person could stand a fair trial with such questions as has been referred to regarding article 5.2 of my continental human rights as for the fact of the supported application being that of myself Mr. Simon Cordell being legally deprived of such rights as
Article 5(2) requires that anyone arrested must be promptly informed as to why he or she has been arrested and what the charge against them is.
This must be conveyed to them in a language which he or she understands.
The defendant questions the facts that of himself not being arrested for allegations of a criminal offence that do clearly state that they are of an
682,
illegal nature such as "the organisation of illegal raves" and that of how a court can be sitting in its civil capacity sitting a criminal case under section 63 of the crime and pubic disorder act 1998 as a standalone Asbo dated 00//00/2014 and associated to the laws of this date as for a CBO Asbo application existed and still does and states
The criminal behaviour order (CBO) will replace the ASBO on conviction and the DBO on conviction and will be available in the Crown Court, magistrates' courts, or the youth court. The CBO will be available for the most seriously anti-social individuals and could be applied for on conviction for any criminal offence in any criminal court. The CBO can only

be made on the application of the prosecutor (in most cases the Crown Prosecution Service, either at their own initiative or at the request of the police or local authority).
of as permitted under Article 5(2) which clearly states the purpose of this requirement is to enable the person to challenge the lawfulness of their arrest.
This requirement is not only limited to criminal context.
Also that of their being so many inconsistencies contained within the police statements as has been submitted in the response from the defendant Mr. Simon Cordell in receipt to the applicant dated 00/00/2016 which clearly shows that of mutable geological locations of wide spread incidents on the same date and same time as the one incident that Mr. Simon Cordell has been accused of on the 6th 7th 8th June 2014 which does in fact have all the locations blocked out by members of the metropolitan police force and if it was not for the grid numbers not being blocked out no person other than the developers of the application would have known the true facts as just explained.
Once checked and recognised by any other person in response to the claims I have just quoted, I believe that any other body would also notice many of the irregularities that I have shown to be fact and come to the same conclusion, so in the understanding of the statements just made and the understanding that Mr. Simon Cordell is and was an innocent man from the start of on goings of the Asbo application and knows that he has not committed nor has he had the right to challenge such allegations under the criminal justice acts that represent the United kingdom Laws and European Treaties. As from the start of the application Mr Simon Cordell feels the need to defend his legal right's against such allegations of illegal statements made by police officers against himself the same as he would if the allegations were made by any member(s) off the public to which no members of the public have mentioned him or a description of his person or any associated company or business names relating to the incidents of such offences creating the bases of a legal conviction of (organising illegal raves) In the understanding of civil and criminal law, Mr Simon Cordell has learnt in the understanding off all criminal cases were some think is alleged to have taken place that is said to have been illegal the correct Police procedure in them circumstances is that a crime will be created under the crime and disorder act 1998 by way of a victim or witness making a report then members of the police will be allocated to the incident and start investigations depending on the matter of relevance to the initial report to the resources available at the time. The investigations may lead to an arrest what will lead the detainee to his or her statuary legal rights. In the early 1980's the police did have the power to take cases to court without the decision of any other governing body, but now in 2016 the burden relays solely on the cps who are in calibration with Revenue and Customs Prosecution Office and is headed by the Director of Public Prosecutions (DPP) who is independent but subject to the superintendence of the Attorney General that is accountable to members of Parliament that do work for the prosecution services. If charged any person's rights are gained under section 24 and 25 which does relate to the rights of any person charged and the minimum standards of criminal procedure. But my case seems to sit in its civil capacity at court with none of the above regulations and my rights being carried out in accordance of the United Kingdom laws; please can you explain this to me? As I have no previous convictions of similar nature neither was the Asbo application a CBO or Asbo on conviction it is in fact a standalone Asbo and the legal guidance is for the application not to be based upon
At the appeal date that had been set for Feb 22nd 23rd 24th 2016 Legal aid was re granted on the 00/00/2015
On the 2nd appeal date set Mr Simon Cordell's acting solicitor explained to him that she could not arrange a barrister till April 2016, due to the past acting barrister being on leave.
Mr. Simon Cordell had many concerns with the applicants case put towards him and had prepared a computer typed copy of an article six that does in fact raise some of the issues of concern that he had with the on goings of the application being put towards himself "a attached file of a copy of what was handed to the judge has been attached as (Exhibit 2 that being of this document being off Exhibit 1)", this was given to the Judge HHJ Pawlaks who refused to read and take note to such human continental rights and ordered that I the applicant Mr. Simon Cordell answer 5 questions A to E by a pre hearing date of the 4th April 2016 the questions asked and answered are in another attached file(Exhibit 3) in numeric order to this complaint. On the same day of 22nd /4/2016 I again asked in a written letter handed to the judge requesting for the right to a fair trial and in that letter I believed I had proven to him more than beyond reasonable doubt that the developers such as officer pc Steve Elsmore in the making of the Asbo application had manufactured and fabricated such evidence of claims of evidence, I supported this by drawing a table contained within my hand written letter to the right to a fair trial I know this shows the errors in the time stamps too be corrupt, I also explained that I had been held under my free will, as the laws that do represent "the organisation of illegal raves" relating to such a section as section 63 does not account to an indoor private house parties unless trespass has taken place and that on the 00/00/0014 at the day of trial at the magistrates court I was not found guilty of such crimes or offences as stated in the transcripts of the day at court and in the barristers submissions to my acting solicitor, also the fact that being of under the licensing act2003 there is no breach of law when holding such private events in private air when no profit is being made to which the applicant has not adduced any evidence supporting claims of money equalling to profit, the incidents Mr. Simon Cordell is and have been accused of was in fact in private place of residence
It was explained to the judge that by not paying attention to the true facts of the case and not putting the police officer under investigation would in fact in danger my life Mr. Simon Cordell as I had been explaining to every person of interest relevant to the ongoing of my accused case load from the start of the case as I felt and still do feel intimidated and at threat, off the police office being given time to edit more evidence in the case to manipulate the truth and take disregard to rules

and regulation to avoid a complaint of investigation pending against himself in turn avoiding by method of prolonging disciplinary action in turn taking away my own security off walking down my own home streets for a period of this case to date 19/04/2016 equalling to the time length of start date of application said to have been served in accordance to the united kingdom laws to which an official police complaint was raisin as listed in the first chapter of this document is 12th September 2014 total days are 00000000 The judge once again asked
held hostage to corrupt officers allegations It was written by myself as I felt I have been if granted by the Jude this would in fact set the new appeal date to be two months after the already agreed appeal date of Feb 22nd, if the court aggress to such a date, contained within the time

683,

scale of April 2016 and not any time after, due to the court diary already being pre booked.
Points of concern leading to a breach of article 5 of Mr. Simon Cordell human rights.

- Police complaints procedure being that of a bios manner to aid officers from rightful investigation that would lead to rightful tribunal action being taken against such officer's wrongful claims.

- Article 6 Right to a fair trial

As referred to in the previous articles of this official complaint I would like to again take reference to any person's contravental human rights article six

Dear Josephine
How are you I hope all is well? I would appreciate it if you can reply to my questions below. In the understanding of the on goings that did occur at the court mentioning at wood green crown court on the 22nd 23rd and 24th 02/2016, when on that date mentioned the company, who you are acting for that is representing myself Mr. Simon Cordell, that is named Michael Carroll & co solicitors, that you do or did represent a contract with till the 2nd June 2016.
Before the 22nd 23rd and 24th 02/2016 when giving your legal guidance to such accusations of incidents, referring to the organisation of illegal raves, that said in my defence this is inclusive of the understanding to the ongoing of the case, that is being brought by the commissioner of the metropolitan police, that being of a standalone Anti-Social Behaviour Order 2003, an Act to make further provision in relation to criminal justice and disorder act 1994, it is being said that you did in fact explain before the date of the hearing, that being of information regarding to the past representing barrister Mr. Andy Lock, relating to that of Intel stating that he would not be able to attended due to being on leave and this being of the only issue raised by yourself said to be regarding myself, but on the date of the hearing another barrister did apply to the judge in aid of my acting solicitors yourself, so to be sure of that you have to no longer represent me due to a breach in communication between our self's, the judge ruled that Michael Carroll and co.'s must act till the conclusion of the case, the Point is the judge has ordered the company to act for myself and in that understanding I ask and request for you to direct for my case to be carried out in such a manner, if legal to do so? I request that being of; at the day of my trial to act litigant with my mother as a McKenzie friend and for a barrister we select together to be instructed to represent myself on the days of court, also I ask of you to set up a meeting within one month of this dated letter, between who will be taking on the case after you leave your office with the acting barrister chosen. I believe and understand that this is within the

constraints of the law I take my guidance from https://www.gov.uk/represent-yourself-in-court/overview I also request that you call for questioning the following officers;
I have also made the basics of a police complaint as documented here.

Met Police Complaint 1	1of 3	created	on	date	06/00/2014	cad	number	00
Met Police Complaint 2	2of 3	created	on	date	16/04/2016	cad	number	00
Met Police Complaint 3	3of 3	created	on	date	17/04/2016	cad	number	00

In reference to Metropolitan Police complaint 3 of 3 that is in relation to an Anti-Social Behaviour order under the criminal and public order act 1994 in order of the commissioner of the metropolitan police.
I am Simon Cordell; my date of birth is 25th January 1981. My home address is as stated above. I am making this official complaint further to my appeal dated 00/09 2016 in response to the police and local authority's application for an Asbo order, to which, the case against my self is one of an hearing of application, against the organising illegal raves, that has said too have been proven as a guilty verdict, this is said to be against myself Mr. Simon Cordell, to which I intend to prove that this is not correct. I was not found guilty under the applicants case alongside many other issues of concern as listed,
The day of the courting was held at Highbury Corner Magistrate's Court, to which I intended to prove my innocents at, the next and earliest appeal hearing date has now been set for Sep 2016 to my disappointment, as I have been proving my innocents since 13th August 2014 when first accused and before this application I had been on string Lent bail conditions that had been imposed for other ongoing Met police procedures, to which I proved my innocents in start date 00/00/00 end date 00/00/00.
Substance off the complaint made by Mr. Simon Cordell is;
Listing:
Issues:
(I) Whether Mr. Simon Cordell has between the dates of January 2013 to the last date being 10 August 2014 in the Borough of Enfield acted in an anti-social manner likely to cause harassment alarm or distress to one or more persons not of the same household as himself.
Mr Simon Cordell is accused of being involved in the organisation of illegal raves. These take place on disused warehouses or industrial land. These raves are said to be licensable activities.
Mr. Simon Cordell case is that he has not acted in an anti-social manner on the dates in question.
and that he has not organised or supplied any equipment for any the events cited in the Respondent's application.
Mr. Simon Cordell has and still is in the legal framework as he challenges and disputes the evidence presented that he were an organiser.
1. It is Mr. Simon Cordell case that this ASBO was imposed upon him unlawfully for the following reasons:
- He was never consulted / or warned prior to the Metropolitan Police Commissioner applying for an ASBO and this is in breach of the Guidance.
- The imposition of the ASBO was wrong in law because nowhere in the Respondent's case has the Respondent proved that Mr. Simon Cordell engaged in any acts of anti-social behaviour as defined under section 1(1) of the Crime and Disorder Act 1998. The dates as cited in the Respondent's application dating from 12th January 2013 up to 19th July 2014 do not specifically refer to any acts of anti-social behaviour. Mr. Simon Cordell was and has not been arrested for any offences on the dates in question, also supporting the fact being that of the respondent's case stating and being that of **685,**

I am Steve Elsmore, a Police officer attached to the Anti-Social Behaviour Team within the London Borough of Enfield. I make this further statement regarding an ASBO matter in relation to Simon CORDELL. On **16th May 2016,** I was asked to check timings in relation to the schedule that is due to be served on the court. Whilst searching for timings for Crimint HTRT00376798, I found an incident log attached to this Crimint. I do not recall previously seeing this log. Usually the inputting officer would put an indicator on the Crimint to say that there is an attachment. On this occasion there is no indicator referring to this attachment. It is possible that I may have previously missed this attachment due to the volume of incidents that I was searching through. The attachment itself is an incident report from Canary Wharf Group and the incident summary states -Trespassers on site - illegal rave - forced entry shed 4 - Police tasked - no action - group left site. This is dated 12 January 2013. The incident log details what action was taken by Canary Wharf Group during this particular incident. It also provides detail on the impact to the residents. On page 5 of the incident log there is an entry that states “P BOUZON (CW178) informs the ECC that the vehicle registrations that he gave me are actually the 2 vehicles that gained access through the fence and arc

located within the Shed 4 area". One of the vehicles is MA57LDY. This vehicle was registered to Simon CORDELL as per the Crimint Report.

appropriate fuses removed. Having sent communication earlier this morning to David Lindop / Joe Bowman, I have not heard back from either, but will inform accordingly and hand over the fuses.
All external doors have now been closed, so the building is as secure as we can make it until we review and carry out more work on Monday morning. This comment also applies to the damaged fence. I am now taking a replacement padlock and chain to replace the one cut off during the break in, to the gate where concrete Jersey Blocks have now been positioned. I shall leave the key with the patrol guard(s), who are now in place and collect this from them on Monday morning. Leaving site now. though available on the phone if needed.

Please see attached letter and read all at end I written in red for you to del before it sent when sending send to both Josie emails
692,
Hi Josie
Would it please be possible for you to send me the barrister's notes for the last hearing please and a copy of his submission that he wrote I know it was not handed in but would like a copy of it please. Also, the date on my appeal I know it is in Sep 2016 at some point.

There was something's I did want to ask and that was why did the Judge give them until the 01/09/2016 to hand over anything that was needed and what the judge himself asked to be given, as that will gave us very little time in order to go over anything they hand to us and the court. Why did no one say anything about that date as it is so close to the appeal?
I would also like to know where I stand; I know you are leaving Michael Carroll & Co on the 03/06/2016. So, would like to know the person that will be taking my case over at Michael Carroll's & CO after you leave, is someone actually taking over my case at the office?
The worry I have is when I spoke to Michael Carroll at the office and he then went down and spoke to my mother he said he will not do anything more on my case that to much money had already be spent. So, to me he is only worried about money and not someone's life.
But I do feel the reason so much more has been spent on this Appeal is due to things that I asked for and my mother asked for to be dealt with for the trial was never done, if it had been done it would never have taken up so much time for the Appeal hearing as it would have already been done, so this has now needed to be addressed for the Appeal and this work has then been added to the appeal costs, and I feel that this has caused the cost to go up due to this so this is not my fault. As if it was done before the trial when we were asking over and over again, the cost would have been added to the trial costs and not the appeal costs. But it seems I get the blame for this when I should not as it should have been addressed for the trial.
I believe since you have looked into what was being asked to be done for the trial you have seen the reason why we wanted this addressed before the trial as it is real points that should have been dealt with at the trial, you can see yourself that parts of their main case in their file is totally not correct and the timelines are out and other important parts which was never dealt with and the police was allowed to pass this off at trial as being correct when clearly it was not correct. And this is an important part of this case for me to get a fair trial which I never got at trial.
Could I also be forwarded the trial cost invoice for legal aid so I can see it please?
I have spoken to Michael Carroll on the phone the other day also and he is not willing to do any other work on this case, and states that the case is ready for appeal, how can it be ready when there is still information to come from the CPS not later than the 01/09/2016 ordered by the Judge?
So where am I left with this no acting solicitor to act on my behalf to deal with my appeal as Michael Carroll clearly does not want to do anything and only says to me to talk to you, but I know you are leaving the company so where does this leave me? And I feel I will never get a fair appeal why because of costs, because things were not done which I asked to be done and my mother asked for them to be done, why do I feel the way I do about this case and the worry I have had to suffer?
There are real big issues I know that Michael Carroll & Co does not wish to deal with this Appeal is this due to the mess up due to things not being addressed at trial? I know Michael and you want to get broken away from this appeal and the judge never allowed this to happen, yet when you leave will Michael Carroll asked for this again?
How am I to know anything how am I not meant to worry?
This is my life and I have asked time and time again and so has my mother since this case started for the conditions to be defined, for this to be taken back to court and get them defined no one has done this in the case.
Even at trial Andy Locke tried to get this dealt with and the judge would not deal with this. Why can't these conditions be defined by the court why have I got to suffer not going out in fear the police will arrest me due to these conditions when I don't understand the conditions and how they were put in place? Surely you yourself can see the conditions are wrong in law?
693,
I am left on conditions that have never been defined that are a beach to my human rights and nothing has been done, yet we have asked over and over again for this to be addressed.
I could say a lot more in this email but time and time again things have been asked and I never get a reason or reply.
But I would like the above issues addressed before you leave the company on the 03/06/2016 so I know where I stand for the appeal please.
Simon
If you think other points needs adding then add them but Simon you need to keep this short and to point or you will not get anywhere and you won't get replied to any points that need to be replied to and these are the most important points at this time once we get a reply to these we can ask more.

R v Cordell
1 **Def.** Mother of D is in the court and is potentially, giving evidence. **Met Police**—There are no objections. Probably, the case will go over till tomorrow. There are 6 Witness of facts. 1. Officers in the case. There is to be 6 witness + 22 case statements. **Def.**

I have just got given possession of some new info from Facebook, that is not in the bundles before the court, but should be. It shows information that suggests that Mr. Cordell never organised the accused events and that other people did, nothing to do with the defendant.

DJ:

Interim ASBO made case by being well?

Nah!

DEF:

This evidence shows that rave on

6th 7th 8th June 2014

was nothing to do with w/d. Miss Cordell mother has carried out her own investigations as she was not happy with results of investigating officer / so/s and now this is a large bundle to get through this late.

If the material can get viewed by the DJ and then if (Possible metered) then DJ can decide on the admissibility of the evidence.

DJ.

Producing material, however relevant, 10 minutes before a trial is not acceptable.

Met Polic**e:** 1st Statement

Statement in tab 9-lead

DEF XEX.

Intel would be by open source, checked by an officer but never got done by me.

The rave was taking place indoors.

Officer have not spoken to the owners of the venue.

I only see the D on the Saturday in the evening of the 7th Saturday.

Officer did not go inside; the gates were closed.

I saw no vehicles.

D'S Van registration got known to the police, but I would not know.

There were vehicles parked, but I did not notice whether the defendant's van was there.

He was not aware of people squatting in that building.

R v Cordell -- 2 Hearsay of officers continues.

D @ venue but officer is not present here today.

There was a rave on an adjourning RD but not on that day.

Phone calls received were not relating to Crown Road Rave on that day.

On the day in question phone calls related to this: particular, rave. (Progress Way.)

Met Police-RE-XE

My understanding is the door staff @ gate presented D as the event organiser, referring to page 184, Info **re:** caller reporting incident.

I had to call for reserve intervention, I then arrested D and the people dispersed and D got realised.
The Rave did not take place.
No doubt the rave would have continued had the D not got arrested.

Officer saw speakers—Intel were loading equipment indoors.
Details of a van taken but was not D.
Carpet right gates got padlocked round the metal barrier.
The car park had only a front entrance.
I was senior officer attending the venue.
Later on, I instructed the sergeant to contact the owners.
I latter, see the defendant getting out the van.
I can't remember that; I may have updated others in relation to D getting out of a van.
But I may or may not have updated the system.
On the 7th June D made admissions to me, not aware of squatters.

COUNSEL:
The officer got confused that of the PNC info about the statements and it adds no probative value of info **Re:** Witness being "afraid of D" Which he puts down to the way he worded, but he meant that people actually, gets afraid off possibly, giving evidence in court.
COUNSEL:
Counsel argues that the officer's statement got designed to cause on evidence reaction of this of no value and speculator in nature.
DJ.
How many calls from the public did the police receive?
COUNSEL:
Witness are in excess of 15 calls—how many to the same venue and no other address.
Officer does not know the number of callers in relation to each of these occasions.

COUNSEL:

DJ:
We all know that on ASBO apps hearsay is allowed.
Counsel:
Why did the officer no and rely on PC Kings Statements later than on the Crimit's reported?
R V CORDELL 4
Officer no and involved in taking info from PC King.
Confesses he did it.
He states that he did not, notice the discrepancy on statements.
Officer has heard of Every Decibel Matters—They were advertising and I believe the D knows a member of the above company.
No evidence D is involved in running their operations.
There's also no attempt made to speak to directors of the company.
No reason to why you didn't /contact the company.
Officer:
I think from memory I have met the D once @ Edmonton police station.
Counsel:
At Page 16 on the first paragraph the statements are not consistent to their fact that being that he met him on the 7/6/**2014**.
All the notes with cad number where listed from reports, not the police officers' own words and the same applies from the 999 call Cads that had no input.

Officer has not tried to contact the owners of premises.
Officers unable to assist the courts in relation to why the statements where not signed and on the notebook profiles.
Another example of doings put in statements to blacken Mr Cordell's evidence in the statement @ point 12 that off there really, being any real convictions that of class A drugs, unlike what's written in police officers Statements of truth and this is another example of untrue cut and paste evidence.

DJ:

I will ignore that because there is no real convictions of class A drugs or for supplying them on his record.

Counsel:

The Police officers cannot assist with witness reliability of the information that got contained, in the Anti-Social Behaviour Order, can you?
How can the Inelegance be so wrong and inaccurate?

Officer:

On that particular, re post, it appears to be right.
I did not speak to Parcel, he got forced @ 7 boroughs.
I believe he never got included in the email because Intel (text missing) Email sent to LDE only.
Searched (text missing) for info on Cordell's convections.

Counsel:

Moving on to statement on Page 30.
Does the PO investigating unit have more info than it is letting on?

Officer:

No!

Counsel:

Are you aware that Miss Cordell has spoken to other officers **Re:** Rave?
Suggests that you do not want DS Tanner to get examined on these proceedings because she has information: Re knowledge of raves and them not being connected to W/D.
I Spoke to PC Tanner, but I did not write what we spoke about down to (text missing) this year.

He was at my house for a 1 hour and a half on Saturday and 1 hour on the Sunday during the day.

I agree that I did not include it in my first statement.

On Sunday it was around midday.

I was not with D from about 2AM on Sunday, no I was not.

Nor at 2AM on Saturday either.

On the 7th June I saw my son and so did all my family members that were at the party.

I am saying that there may be some truth, but allegations of my son organising these raves is horrendous.

About the medical statements of information that has not gotten contained re the question off: The D had got stabbed and was in hospital.

Been scribbled out?

20th June couldn’t give evidence as to the D where about, but you believe he had got arrested on the 19th 20th July but did not witness this happening to him—you did not give a detailed route in the start, was this because you do not think it was relevant?

There are problems with service of the documents with police and they would not take the bundle because (text missing) with police, he panics and rings me every time he gets stopped.

I have so (text missing) and write all the encounters down, with the police allow they are not put in the bundle.

It is interesting that someone other than D, (lost text) has supported evidence of people living and potentially, others on the land treating it as home and there is even further evidence, that is inaccurate, regards shoplifters.

9/10 August

The Evidence of Pc officers, does not match up with allegations in the application—on his duties, odd their being squatters, also they did not try too, contact the owner while on duty, suggesting D was there at a private party—due to lack of suitable equipment, there is evidence that the D supported showing that he was attending a private party.

Dear Josephine.
How are you, I hope all is well?

After all, things considered, I will get straight into business, this letter is, furthermore, towards our conversations, however I would appreciate it if you can

reply to my questions below, as soon as practically possible and with due time before you finish your contract and leave office, so that we can conclude the case files and agreed activities, such as taking the case to court, so that to be sure that the conditions are imposed and defined within accordance of jurisdiction of the law, as you have already agreed to do so, this is also inclusive of all information ready for the next representative of Michael Carroll's office, who will be the new case handler, so that he or she can be prepared to instruct any barrister for any court herrings, as per-listed.
Some of the questions are in relation to the understanding of the on goings that did occur, at and in the court mentioning at wood green crown court, on the
22nd
23rd
this is also inclusive of the
24th 02/2016
On that date mentioned the company, who you are acting for, that is, representing myself Mr. Simon Cordell, and further named as **Michael Carroll & co** solicitors, that you do or did represent a contract with till the
2nd June **2016**
This information was also inclusive of the understanding of the solicitor firms running objectives towards the ongoing of this case, that in this instance is being brought against myself Mr. Simon Cordell by the commissioner of the metropolitan police and his acting officers, this is also inclusive of any other local authorities governing bodies, one mentioned as Enfield council.
This being quoted being of an application representing a standalone Anti-Social Behaviour Order 2003, an Act to make further provision in relation to criminal justice and disorder act 1994.
It is being said that Miss Josephine Ward, at a point of time before the date of the said trial hearing at Court, that was postponed and did not go ahead, that she undoubtedly mentioned, when giving her legal guidance too, such

2459,

accusations of incidents, that does refer to the organisation of illegal raves, that still said “acting in my defence.” It is being said that you did in fact explain before the date of the hearing, I quote; explain being of information regarding to the past representing barrister a Mr. Andy Lock, relating to that of Intel stating that he would not be able to attend court and act for myself as he did previously at the magistrates court, due to being away on leave and this being off the only issue raised by yourself, said to be regarded myself of your concern.
On the date of the hearing another barrister did apply to the judge, in aid of my acting solicitors yourself, so to be sure, that of you, having to no longer represent me in the court proceedings, due to a breakdown in communication between our self’s, the judge ruled that Michael Carroll and Co’s solicitors, must act till the conclusion of the case, the overall Point I am highlighting as referred to is that the judge, “on the whole” has ordered the company to act for myself Mr. Simon Cordell.

- **The beginning of my Question and request are;**

With that understanding, I ask and request for you to direct the case to be carried out in such a manner, if what is being request is legal to do so. I request that being off; at the day of my trial, to act litigant with my mother as a McKenzie friend and for a barrister that we do select together, to represent me inclusive, so for he or she to be well instructed to represent myself (in the background" on the days of court.

- **First Question is**; I also ask of you to set up a meeting and for this request to be inserted within one month of this dated letter, this meeting will and should be between who will be taking on the case, after you leave your office, alongside with the acting barrister chosen.
  I believe and understand that this is within the constraints of the law; I take my guidance from; https://www.gov.uk/represent-yourself-in-court/overview
- **Second Request is;**
  I also request that you call for questioning the following officers and civilians.
- Josher Holyfield: --
- Superintendent Jane Johnson dated 30/ October **2014**: --
- Steve Hodgson Dated 30th October **2014**: --
- Dc Steve Elsmore Dated: -

- Pc Edgoose Dated 31 August **2014**: -
- Hugh and Giles, Director of Legal Services for the Metropolitan Police Director of legal services inclusive of Miss Sally Gilchrist the Legal Executive of the same named company.
- **Third question is: -**

Would it, please be possible for you to send me the barrister's notes, submission that he wrote for the last hearing also inclusive of a copy of the submission he prepared for myself in regards to the admittance of hearsay in the ongoing of the respondent's, case.

- **Forth question is.**

I also request the date of my up and coming appeal; I know it is in Sep **2016** at some point in time, but I am not sure what date.

- **Fifth question is.**

There is the fact of the matter, which leads me to the concern of the Judge at Wood Green Crown Court giving the respondent, until the 01/09/**2016** to hand over anything that was needed and what the judge himself asked to be

given, as this date set will give me and the representatives of Michael Carroll and co solicitors, very little time in order to go over anything that will be handed over to us and the court. The question is why did no one say anything about that date as it is so close to the appeal?

- **Sixth question is.**

As has already been mentioned, I would like to know where I stand; I know you are leaving **Michael Carroll & Co** on the

03/06/2016.

I would like to know the person that will be taking my case over at Michael Carroll's CO after you leave, I ask is someone actually taking over my case at the office. The worry I have is when I spoke to Michael Carroll at the office, when meeting you Miss Josephine Ward, is that Mr. Carroll then went down stairs "Outside of his office" and then spoke to my mother, there confiscation was; Mr. Carroll said he will not do anything more on my case, because too much money had already been spent, to me he is only worried about money and not someone's life he is acting for. I have asked repeatedly for many issues to be addressed from the start of the on goings of the case, which has never been done to date, issues such as defining the conditions that were wrongfully imposed, as in fact it is clearly omitted in section 63 of the Crime and public disorder act 1994 and does state that section 63 is for outdoor events, unless trespass has taken place and all incidents being referred to are for indoors meaning private air, also that being of one of many of the fact's also being that trespass had never clearly happened.
The representing barrister clearly states in his submissions to you in paragraph (11) of his notes, "Quoted "that I was not found guilty under the respondent's case".
If such issues of concern had been addressed as listed in all of the copies of correspondence of emails as asked, then I feel it would never have taken up so much of any person's time as listed in date

22nd May 2016

inclusive of the new up and coming Appeal hearing, as for sure my case would have already been rectified, I also believe I would not be feeling deprived of justice and not with an even further risk of a further date than the new set appeal date of

September 2016

I do believe you understand from the barrister submissions, which were sent after the hearing at Wood Green Crown Court to Michael carols office, this is also to be inclusive of all the emails that I and my mother have previously sent to Miss Josephine Ward in regards to my case, that being said in reference to myself handing to the judge on two different occasions, a copy of an article six containing evidence of police corruption in the development of the application you represent towards myself.
The issues listed and many other concerns previously listed have now piled up that must be addressed for myself to stand a fair and speedy trial, this work has then been added to the appeal costs and I feel that this has caused the cost to go up due to no fault of my own as I

was never found guilty and the conditions were imposed wrongfully, as if surely my concerns were managed before the start of the trial, when I and my mother were asked over and over again, the cost would have been added to the initial trial costs and not too the appeal costs. But it seems that I get the blame for this when I should not. I believe since you have looked more into the case and what was being asked of you to be done for the trial, you have seen and noticed the reason(s) and even further to that why we wanted this addressed before the trial as it is real points that should have been dealt with at the trial, you or any person can see that parts of the respondents case inclusive of the jurisdiction of the law is imposed wrong, there file is totally incorrect and the timelines are not correspondent to their articles, sort after many other important parts which was never, as being correct when clearly it was not correct.
Just listed are many important facts of this case, which should and will aid in myself to get a fair trial," which I never got at the trial.

2461,

- **Seventh question is.**
  Could I also be forwarded the trial cost invoice for legal aid so I can see it please?
- **Eighth question is.**
  I have spoken to Michael Carroll on the phone the other day and he is also not willing to do any other work on this case, and states that the case is ready for appeal, how can it be ready when there is still information to come from the CPS not later than the **01/09/2016** ordered by the Judge?
- **Ninth question is.**
  So where am I left with this no acting solicitor to act on my behalf to deal with my appeal as Michael Carroll clearly does not want to do anything and only says to me to talk to you, but I know you are leaving the company so where does this leave me? And I feel I will never get a fair appeal why because of costs, because things were not done, which I asked to be done and my mother asked for them to be done, why do I feel the way I do about this case and the worry I have had to suffer?
- **Tenth question is.**
  There are real big issues, I know that **Michael Carroll & Co** does not wish to deal with this Appeal is this due to the mess up due to things not been addressed at trial?
  I know Michael and you want to get broken away from this appeal and the judge never allowed this to happen, yet when you leave will Michael Carroll asked for this again?
  How am I to know anything how am I not meant to worry?
  This is my life and I have asked time and time again and so has my mother since this case started for the conditions to be defined, for this to be taken back to court and get them defined no one has done this in

the case. Even at trial Andy Locke tried to get this dealt with and the judge would not deal with this. Why can't these conditions be defined by the court why have I got to suffer not going out in fear the police will arrest me due to these conditions an avoiding tribunal and disciplinary action.

- **Eleventh question is.**

I keep explaining that I do not understand the conditions also that being of how they were legally put in place, so I ask you, if you yourself can see the conditions are wrong in law and if so why?

- **Twelfth question is.**

I have also attached a copy of the court transcripts of the day at the Highbury Magistrates Court and request that you verify them to be true articles and submit them to the respondent, in support of the evidence of my trial, and confirm so?
I am left on condition's that have never been defined that are a beach to my human rights and nothing has been done, yet we have asked over and over again for this to be addressed.
I would like the above issues addressed before you leave the company on the 03/06/**2016**.
I would like to know where I stand for the appeal date up and coming please.

Yours fifthly Mr. Simon Cordell.

Dear Josephine.
How are you, I hope all is well? After all, things considered, I will get straight into business, this letter is, furthermore, towards our conversations, however I would appreciate it if you can reply to my questions below, as soon as practically possible and with due time before you finish your contract and leave office, so that we can conclude the case files and agreed activities, such as taking the case to court, so that to be sure that the conditions are imposed and defined within accordance of jurisdiction of the law, as you have already agreed to do so, this is also inclusive of all information ready for the next representative of Michael Carroll's office, who will be the new case handler, so that he or she can be prepared to instruct any barrister for any court herrings, as per-listed.
Some of the questions are in relation to the understanding of the on goings that did occur, at and in the court mentioning at wood green crown court, on the 22nd 23rd this is also inclusive of the 24th 02/2016.
On that date mentioned the company, who you are acting for, that is, representing myself Mr. Simon Cordell, and further named as Michael Carroll & co solicitors, that you do or did represent a contract with till the 2nd June 2016,
This information was also inclusive of the understanding of the solicitor firms running objectives towards the ongoing of this case, that in this instance is being brought against myself Mr. Simon Cordell by the commissioner of the metropolitan police and his acting officers, this is also inclusive of any other local authorities governing bodies, one mentioned as Enfield council. This being quoted being of an application representing a standalone Anti-Social Behaviour Order 2003, an Act to make further provision in relation to criminal justice and disorder act 1994.
It is being said that Miss Josephine Ward, at a point of time before the date of the said trial hearing at Court, that was postponed and did not go ahead, that she undoubtedly mentioned, when giving her legal guidance too, such accusations of incidents, that does refer to the organisation of illegal raves, that still said "acting in my defence."
It is being said that you did in fact explain before the date of the hearing, I quote; explain being of information regarding to the past representing barrister a Mr. Andy Lock, relating to that of Intel stating that he would not be able to attend court and act for myself as he did previously at the magistrates court, due to being away on leave and this being off the only issue raised by yourself, said to be regarded myself of your concern.
On the date of the hearing another barrister did apply to the judge, in aid of my acting solicitors yourself, so to be sure, that of you, having to no longer represent me in the court proceedings, due to a breakdown in communication between our self's, the judge ruled that Michael Carroll and co.’s solicitors, must act till the conclusion of the case, the overall Point I am highlighting as referred to is that the judge, "on the whole" has ordered the company to act for myself Mr. Simon Cordell.

First Question and request is.
In that understanding, I ask and request for you to direct the case to be carried out in such a manner, if what is being request is legal to do so. I request that being off; at the day of my trial, to act litigant with my mother as a McKenzie friend and for a barrister that we do select together, to represent me inclusive, so for he or she to be well instructed to represent myself (in

Second Question is.
I also ask of you to set up a meeting and for this request to be inserted within one month of this dated letter, this meeting will and should be between who will be taking on the case, after you leave your office, alongside with the acting barrister chosen. I believe and understand that this is within the constraints of the law; I take my guidance from; https://www.gov.uk/represent-yourself-in-court/overview Second Request is;
I also request that you call for questioning the following officers and civilians.

- Josher Holyfield
- Superintendent Jane Johnson dated 30/ October 2014
- Steve Hodgson Dated 30th October 2014
- Dc Steve Elsmore Dated

- A/PS Jason Ames Dated 15th August 2014
- Pc Aaron King Dated 15th August 2014 and 7th September 2014
- Pc Jhon Anderson Dated 19th August 2014
- Pc Eric Baker Dated 19th August 2014
- Pc Edgoose Dated 31 August 2014
- Hugh Giles, Director of Legal Services Metropolitan Police Director of legal services.
- Sally Gilchrist Legal Executive

Third question is.
Would it, please be possible for you to send me the barrister's notes, submission that he wrote for the last hearing also inclusive of a copy of the submission he prepared for myself in regards to the admittance of hearsay in the ongoing of the respondent's, case.
Forth question is.
I also request the date of my up and coming appeal, I know it is in Sep 2016 at some point in time but I am not sure what date.
Fifth question is.
There is the fact of the matter, which leads me to the concern of the Judge at Wood Green Crown Court giving the respondent, until the 01/09/2016 to hand over anything that was needed and what the judge himself asked to be given, as this date set will give me and the representatives of Michael carol and co solicitors, very little time in order to go over anything that will be handed over to us and the court.
The question is why did no one say anything about that date as it is so close to the appeal?
Sixth question is.
As has already been mentioned, I would like to know where I stand; I know you are leaving Michael Carroll & Co on the 03/06/2016. So, I would like to know the person that will be taking my case over at Michael Carroll's & CO after you leave, I ask is someone actually taking over my case at the office?
The worry I have is when I spoke to Michael Carroll at the office, when meeting you Miss Josephine Ward, is that Mr. Carroll then went downstairs "Outside of his office" and then spoke to my mother, there confiscation was.
Mr. Carroll said he will not do anything more on my case, because too much money had already been spent. So, to me he is only worried about money and not someone's life he is acting for.
I have asked repeatedly for many issues to be addressed from the start of the on goings of the case which has never been done to date, issues such as defining the conditions that were wrongfully imposed, as in fact it is clearly omitted in section 63 of the Crime and public disorder act 1994, That stating section 63 is for outdoor events unless trespass has taken place and all incidents being referred to are indoors, also that being of the fact trespass clearly never happened.
The representing barrister clearly states in his submissions to you in paragraph (11) of his notes, "Quoted "that I was not found guilty under the respondent's case".
If such issues of concern had been addressed as listed in all of the copies of correspondence of emails as asked then I feel it would never have taken up so much of any person's time as listed in date 22nd May 2016, inclusive of the new up and coming Appeal hearing, as for sure my case would have already been rectified
I also believe I would not be feeling deprived of justice and not with an even further risk of a further date than the new set appeal date of September 2016.

I do believe you understand from the barrister submissions, which were sent after the hearing at Wood Green Crown Court to Michael carols office, this is also to be inclusive of all the emails that I and my mother have previously sent to Miss Josephine Ward in regards to my case, that being said in reference to myself handing to the judge on two different
712,
occasions, a copy of an article six containing evidence of police corruption in the development of the application you represent towards myself.
The issues listed and many other concerns previously listed have now piled up that must be addressed for myself to stand a fair and speedy trial, this work has then been added to the appeal costs and I feel that this has caused the cost to go up due to no fault of my own as I was never found guilty and the conditions were imposed wrongfully.
As if surely my concerns were managed before the start of the trial, when I and my mother were asked over and over again, the cost would have been added to the initial trial costs and not to the appeal costs. But it seems that I get the blame for this when I should not.
I believe since you have looked more into the case and what was being asked of you to be done for the trial, you have seen and noticed the reason(s) and even further to that why we wanted this addressed before the trial as it is real points that should have been dealt with at the trial, you or any person
can see that parts of the respondents case inclusive of the jurisdiction of the law is imposed wrong, there file is totally incorrect and the timelines are not correspondent to their articles, sort after many other important parts which was never dealt with correctly, as for fact the police was allowed to pass such evidence off at the trial as being correct when clearly it was not correct.
Just listed are many important facts of this case, which should and will aid in myself to get a fair trial," which I never got at trial."

- **Seventh question is.**

Could I also be forwarded the trial cost invoice for legal aid so I can see it please?

- **Eighth question is.**

I have spoken to Michael Carroll on the phone the other day and he is also not willing to do any other work on this case, and states that the case is ready for appeal, how can it be ready when there is still information to come from the CPS not later than the 01/09/2016 ordered by the Judge?

- **Ninth question is.**

So where am I left with this no acting solicitor to act on my behalf to deal with my appeal as Michael Carroll clearly does not want to do anything and only says to me to talk to you, but I know you are leaving the company so where does this leave me? And I feel I will never get a fair appeal why because of costs, because things were not done, which I asked to be done and my mother asked for them to be done, why do I feel the way I do about this case and the worry I have had to suffer?

- **Tenth question is.**

There are real big issues, I know that Michael Carroll & Co does not wish to deal with this Appeal is this due to the mess up due to things not being addressed at trial? I know Michael and you want to get broken away from this appeal and the judge never allowed this to happen, yet when you leave will Michael Carroll asked for this again?
How am I to know anything how am I not meant to worry?
This is my life and I have asked time and time again and so has my mother since this case started for the conditions to be defined, for this to be taken back to court and get them defined no one has done this in the case.
Even at trial Andy Locke tried to get this dealt with and the judge would not deal with this. Why can't these conditions be defined by the court why have I got to suffer not going out in fear the police will arrest me due to these conditions an avoiding tribunal and disciplinary action.

- **Eleventh question is.**

I keep explaining that I do not understand the conditions also that being of how they were legally put in place, so I ask you, if you yourself can see the conditions are wrong in law and if so why?

- **Twelfth question is.**

I have also attached a copy of the court transcripts of the day at Highbury Magistrates Court and request that you verify them to be true articles and submit them to the respondent, in support of the evidence of my trial, and confirm so?
I am left on conditions that have never been defined that are a beach to my human rights and nothing has been done, yet we have asked over and over again for this to be addressed.
I would like the above issues addressed before you leave the company on the 03/06/2016 so I know where I stand for the appeal please.
Yours fifthly Mr. Simon Cordell

In the Evening and of the Night!
This is an innovation of my privacy!
Loud and aggressive banging in the bathe room got worse and this got achieved by George Quinton and the Mathilgen family slamming objects on to their floors with evil intent of criminal actions!
Jumping on the floor above me when I am studying!
117 woke me up straight after I feel to sleep by attacking me on purpose by stamping and dropping articles above my head!
Stain has now banged on the kitchen wall for weeks at a time with intent of victimising me on a full 4-hour assault in collaboration with the other named in the address of 113 and 117!

Summary!
A full investigation is supposed to take place within the first stages of my complaints once the Enfield Councils and the Enfield Homes got put in receipt of the emergency issues I claim about but they keep on failing me!
There is also the issue of the lack of security due to old and un Morden-fitted main communal external door system's, so as living tenant to be able to see who comes in and out of the building, the locking system is faded on the buttons and any person can make out the entry code not having a security front door causes problems with security for the block of flats this issue and the Mould on the walls and ceilings me un needed stress inclusive of the heating and sound issues I have raised with them!

In the Morning when I woke up at time: 6:00Am, and 117 Continued to victimizing me by Banging above the Barth to which I get into, once they understand that I have stopped running the water for my bath to be ready, this is after they wait for any other tail, tail signs that I have gotten undressed and soaked within the water, creating a brutal attack against my person in their wrongful self-gains!
I then after went to the community hall today to help out!
When I got back home, I continued to get assaulted by the occupiers of 117 and 111 of Burncroft Avenue!
They banging loud and hard while at a fast continual rate with objects onto the internal main buildings walls and floors, so to intimidate surely me and maybe others living close by whom maybe present to an extent only worthwhile for the perpetrators selfless glory, In them perpetrators knowing that their behaviour would only leave all those getting victimized towards getting left by their wrongful actions as to being put into a state of a mental health patient and not rightfully with this occurring within mine and their rented or paid for homes!

Summary!

Disrepair!
I continue to get extra costs and expenses because of the damp and heating issues in my flat and the lack of due diligence towards rectifying the problems on the Enfield Councils and the Enfield Homes departments side of the agreement!

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Mathiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bathtub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!
I have also had a lot of problems with eating because of what they keep all doing to me!
My dog has eating its paws because of what the old tent of 113 and now the new tent of 113 and also that of the tents in the addresses of 117 and 111 are getting away with I have taken pictures of the damage this is doing to us in this flat!

Disrepair!
The reckless behaviour of the Enfield Council employees leaves me feeling upset because I get no correct deployment of actions getting taken to protect my wellbeing due to the disregard of my health, relating to the issues of disrepair I rise with them and receive no correct follow ups that fix the problems!

Flat – 113 – George Quinton (responsible)

Tim**e:** All-Day and All-Night whenever they knew that I was indoors!
What they done to be cannot easily, get brushed off because I am not a robot!
The Enfield Council and the Enfield Homes employees aloud the **original** occupants of 117 and 111 Burncroft Avenue inclusive of the new tent in 113 - who is name George Quinton Continued to victimizing me by: --
117 woke me up by attacking me on purpose by stamping and dropping articles above my head!
Then 113 and 117 tenants kept on Continually, reiterating to flushing the toilet when I went into the bathroom, so to be sick in my toilet because they made me ill!
113 - 117 and 111 today kept on Banging with objects onto the internal main buildings walls and floors, so to intimidate surely me and maybe others living close by whom may be present to an extent only worthwhile for the perpetrators selfless glory, In them perpetrators knowing that their behaviour would only leave all those getting victimized towards getting left by their wrongful actions as to being put into a state of a mental health patient and not rightfully with this occurring within mine and their rented or paid for homes!
The occupiers of 117 the Mathiyalagan family and also Stain Curtis off 111 Burncroft Avenue continue to Slamming the water tap on and off, and now with George Quinton also involved I continue to document their Hate Crime towards me and report it to the relevant persons without any fair process of support and this is causing damage to my health and the buildings fixtures at an unacceptable rate!
They all mentioned in the address of 117 Burncroft Avenue keep Dropping articles on to their own wooden flooring to make loud banging noises all day and night towards me and the floor has not gotten fixed correctly in the address of 113 after Debra Andrews moved out, making me still suffer as George has taken over!
117 - 113 and 111 Slamming the main, communal entrance door closed!
Stain will not stop banging on the kitchen wall with intent of victimising me on a full 24-hour assault in collaboration with the other named in the address of 113 and 117!
Address of 117 Burncroft Avenue attacking me by the continual dismay of the kitchen draw being slammed shut or opened either way it got effectually, closed, to then anon after aurally perceive the sharpening of the kitchen utilities knifes to a fictitious extent to make a constructive sense of logic and reason, visible for explication of any benevolent character of themselves with the time need to look after an Adelson in today's word safely!

I have still not had a reply to my below email and any of my emails or complaints that have been sent. There is still issues that need to be addressed what the neighbours are doing to my son and my son's health is getting worse due to what is ongoing and has been for a long time. We are asking for help for someone to just come and take a report and look at the information, but no one seems to care. Can someone please get back to me as it seems to not matter if I email or call, I am getting no replies. The doctors had to come and see my son in
Feb 2016
due to his health why is nothing being done to help him. Please move my son if you cannot do anything to help him as this cannot go on anymore, he cannot be made to live like this.

Mr Simon Cordell
109 Burncroft Ave
Enfield

Louise Brown
I wrote an email on the
15/02/2016
regarding not hearing anything about the complaint dated
16/10/2015
I think this has gone too far with no replies to a complaint and I should have had a reply by now and I would still like one. You sent an email dated
03/11/2015
stated my son would get a reply to the complaint which he has not yet to date; there should be letters of Authority on the system as I sent many for my son for me to be able to deal with issues on his behalf yet nothing is still getting addressed. Enfield Council has left my son by doing nothing his health has gone down due to this and nothing has been done by the council who is meant to be there to protect people this does not seem the case when it comes to my son and I would also like to know the reason why this is. The banging is still ongoing and the pipes are banging really badly also the neighbours I believe think it is fun to do what they are doing to my son and his health and this is not good enough, I have sent email after email and nothing has been done. There has been phone call after phone call, and we don't get a reply I do not understand how this can be going on. I believe the council is now making my son suffer and I do believe it is due to what the police have said to the council and the colour of my son's skin as that is the only reason I can think why the council has left this so long without doing anything and I think it is a disgrace on the part of the council.
2470,
I do not know why I write emails as nothing is done and most of them, I do not get a reply to them even when they are complaints. I don't know why I make calls as I do not get a call back. All I know is my son is being left to suffer and nothing is being done to help him and this is not acceptable as his health is suffering due to this and what his neighbours are doing to him. The council has been out to see my son once on the
15/10/2015
with 2 police officers, which I should have been there, you said you only popped into my son's address because you had his file on you that day and were in the area, that is the only time someone come to my son's home, yet took no notes, looked at no video, looked at no letters or anything so I am still wondering what was the point of that visiting as nothing was done and this seems acceptable to you, knowing my son health is being affected by these issues with the neighbours and no

sound proofing and the wooden flooring that neighbours still have nothing has been done why please explain to me why you think it's acceptable to allow someone's health to suffer and nothing is done?.
There is still repairs that needs doing to my son flat which have been outstanding for a long time, when it comes to my son it seems nothing is done. I would like all my emails looked into and a reply as to what will be done and the reason why none of my complaints have been addressed to date.
Regards
Lorraine Cordell

An Apple getting thrown out of the window: --
An Apple getting thrown out of the window and landed in my back garden, onto the paving stones, started my day, off, for me. I remember sitting in my home, feeling lonely, fed up and depressed, while I kept trying to keep my head up above the water, as some people say, that they also try to do. On this day I was working on gaining more needed business contacts and this includes working on the model constitution; that I have been building, for my charity that I founded, what got named the Too Smooth business directory and got created for the people, when I looked outside of my back-garden

window, through the glass pane, that got placed in the back door. I did this because of the noise that I heard, in looking outside of the window, so to see what I heard, I noticed an apple had landed on my private back garden floor, so I looked harder at this apple and noticed a big chunk had gotten eaten out of it, by a human being, this was easy to tell; because I could see the teeth Marks that had taken a chunk out of the edges surrounding its centre, middle core, then at that moment; I got up from where I had taken a seat and then walked out into my back garden, to inspect the apple closer and I ended up starting my days investigation's right where I had found the apple after it had landed to be laying on the floor. On doing this I looked up from where it had fallen from and I could see the Mathiyalagan Markandu family's, window was the only window open, this meant that I got a little upset, but kept things under control, I felt contained with fury still low, as I was Furious to why this had happened, as one might say. In these moments of time, I decided not to pick up the Apple, and then to next head straight towards my front door, I grab my mobile phone for evidence and made my way; along while recording the ongoing, I was looking forward to what explanation they would give to me, in our up-and-coming conversation to be. As a reflection off the day's events, I found myself upstairs and in me completing all the just said; I then knocked on the Mathiyalagan Markandu's front door; not too aggressive, but reasonably; In my perspective I would say at least; well mannered, especially, under those circumstances. I then spoke with Mr. Mathiyalagan Markandu, himself; who answered his front door to me, I asked him, who was the person who throw the half-eaten apple, outside into my back garden and I then continued the conversation by saying, something like; how dare you and or any of your other members of your family, do this to me?
When I said this, I also implemented as an introduction, to the equation, any of his visiting guests. The first reply; that came out of, Mr Mathiyalagan Markandu own, lying mouth, was his newish born baby, he stated that his own child had thrown the apple out of the window. I remember thinking to myself that if Mr. Mathiyalagan was a good father, that he, in these circumstances would buy his own child, a baseball bat and glove, if his new-born child, could in truth, throw things like that apple, out of the window, at that age, I thought of this while thinking to myself in the back of my mind and now up to date I personally, would bet a Fiver that he did not support his Child's, special super, throwing abilities. At the same time, I could see from the vision with my eyes, within his own home, because of his front door being open, and I could see his wife was standing behind him, the wired, point to me, of the incident, had been that she never commented on her own husband's words/ remarks. Being left by the family in a state of shock or even more to the point, being left feeling disgraced by understanding their despicable behaviour and nonmoral standards, I decided the best thing for me to do, was to head back downstairs, to my home and log the day's events.

All-Day and All-Night!
To be an honest man and to get left in fear of your own life by other persons neglect gets called getting frightened and due to lack of due – diligence, from the official persons of interest to my problems I suffered and became freighted for my safety!
The Enfield Homes and the Enfield Council staff aloud the original tenants of 117 and 111 Continue to victimize me also now with the new tent George of 113 by!
Stain knocked on my letter box and woke me up again this Morning, when he is leaving his premises, like a person playing the game called knock down ginger!
Then after the normal daily routine of torture now of the already named attacking me in my bathroom after waking me up happened today!
At the night time Stain played with his front door locks to try and scare me again!
The occupiers of 117 the Mathiyalagan family and also Stain Curtis off 111 Burncroft Avenue continue to Slamming the water tap on and off, and now with George Quinton also involved I continue to document their Hate Crime towards me and report it to the relevant persons without any fair process of support and this is causing damage to my health and the buildings fixtures at an unacceptable rate!
They all mentioned in the address of 117 Burncroft Avenue keep Dropping articles on to their own wooden flooring to make loud banging noises!
Stain banged on the kitchen wall again with intent of victimising me on a full 24-hour assault!
117 keep slamming their own living room, window continually opened and closed like to explain a person making competitive beats out aloud!

My Heart has really started to hurt me every day, I am having an early aged mild heart attacks because of what Debra Andrews and the Mathiyalagan Markandu family as well as stain Curtis and George Quinton get and got away with, inclusively of what the police and local council members are getting away with each day by holding me hostage with no first hand witness and then on allowing my estate members to carry out their hate crime in a cover up to send me crazy or to an early death by flushing the toilet below me and bagging at me causing me sufferings and no peace also letting the named attack me when I am in the bathtub and getting undressed and this does not stop their I continue to get assaulted with the water taps getting slammed on and off causing a loud bagging sound at a fast rate and slamming object and or jumping on the floorboards above my head damaging my work studies and private family life and making me a Vulnerable person!

intimidated, stalked her and made a life a complete misery. He continuously plays loud music, bangs on her ceiling and door alleging that she is monitoring his

movements in his flat. She feels petrified by his presence and as a result refused to leave her flat for fear bumping into him on her way out. She has missed a few appointments with her social worker as a result, she has now been subjected to making home appointments pending the time this matter is resolved. She explained that they use to be acquaintances before the relationship went sour. She believes the whole problem started when he claimed the decoration in his flat was damaged as a result of a leak coming from her flat. She confirmed that she had a leak from her overflow a few months ago which has since been repaired but, the damage alleged had occurred.

Dear Jean,
We received a phone call from a Mr John Bates on behalf of his friend Mr Stanley Curtis. He explained that Mr Curtis is 83 and having to attend court to give evidence against a male named Simon Cordell who verbally abused him. We are aware of Simon Cordell as Steve/Pat obtained an ASBO against him for illegal raves etc. I believe he is also a council tenant (I need to check)

■ request I contacted the victim explained the reason for my call – Mr Stain Curtis did have some reservations about going to court. Therefore, I have arranged to conduct a visit scheduled for Friday **04/11/2016** at 2:30 pm then we discuss the matter further.

03/11/2016:
Research conducted on Northgate - shows that Sarah Fletcher is the housing officer. I spoke to Sarah who is aware of issues with Simon Cordell and the action against him - however, she said she needs to gather more information as she has had a member's enquiry from Waltham Forest. As to our view about Mr Curtis she has not had any complaints or court action. Therefore, it is possible that the legal process has been taken by the police.
04/11/2016:
Phone call made to the Witness Service from the victim's home - to possible arrange a pre-court trial visit to no avail.

16/11/2016:

I received a call from Thomas Jones - Witness Care he advised that the CPS have dropped the case of Curtis v Cordell. Reason - Not enough evidence to provide a realistic prospect of any conviction. In further discussion Thomas said DC Campbell was of ill - has now returned; however, he said he will contact Mr Curtis in relation to the current position of the matter. I asked Tom if the CPS will be writing to Mr Curtis directly - he said they should advise accordingly. Tips given to report further incidents and keep records.

16/11/2016: **16/11/2016**: **16/11/2016**:

Visited Christine (flat 97 Burncroft Avenue) and Karen (flat 105). Christine stated that she witnessed the September when Mr Cordell threatened Mr Curtis. She stated that she was with her neighbour Karen when they heard Mr Cordell shouting and as they came out to see what was happening, she saw Mr Cordell shouting at Mr Curtis. She alleged that he was shouting abuse and threats and that Karen told him to leave Mr Curtis alone, that he is an old man. Mr Cordell then started shouting abuse and threats at Karen. Christine stated that she is not prepared to give a statement and that she will not keep incident logs.

We then met with Karen outside the block. She stated that she and Christine witnessed the incident that happened in September. She stated that Mr Cordell was shouting abuse and threats at Mr Curtis and that she told him to leave Mr Curtis alone as he is an old man and that Mr Cordell then turned against her and started threatening her. She stated that she is not afraid of him when she is on her own, that her only concern is that she is looking after 2 very vulnerable children and she will not be able to defend herself and them if Mr Cordell was to attack her when she is with them. She is happy to make a statement and will log any further incidents.

17/11/2016:

Visited Mr Curtis and Karen to hand deliver incident diaries.

28/11/2016:

Copy of the letter sent to Mr Cordell giving him until **25/11/2016** to remove the CCTV he installed on the internal communal door attached.

16/11/2016: I received a call from Thomas Jones - Witness Care he advised that the CPS have dropped the case of Curtis v Cordell. Reason - Not enough evidence to provide a realistic prospect of any conviction. In further discussion Thomas said DC Campbell was of ill - has now returned; however, he said he will contact Mr Curtis in relation to the current position of the matter. I asked Tom if the CPS will be writing to Mr Curtis directly - he said they should advise accordingly. Tips given to report further incidents and keep records.

16/11/2016: Visited Christine (flat 97 Burncroft Avenue) and Karen (flat 105). Christine stated that she witnessed the September when Mr Cordell threatened Mr Curtis. She stated that she was with her neighbour Karen when they heard Mr Cordell shouting and as they came out to see what was happening, she saw Mr Cordell shouting at Mr Curtis. She alleged that he was shouting abuse and threats and that Karen told him to leave Mr Curtis alone, that he is an old man. Mr Cordell then started shouting abuse and threats at Karen. Christine stated that she is not prepared to give a statement and that she will not keep incident logs.
We then met with Karen outside the block. She stated that she and Christine witnessed the incident that happened in September. She stated that Mr Cordell was shouting abuse and threats at Mr Curtis and that she told him to leave Mr Curtis alone as he is an old man and that Mr Cordell then turned against her and started threatening her. She stated that she is not afraid of him when she is on her own, that her only concern is that she is looking after 2 very vulnerable children and she will not be able to defend herself and them if Mr Cordell was to attack her when she is with them. She is happy to make a statement and will log any further incidents.

10/01/2017: Joint home visit conducted with Lemmy. Mr Curtis said that he has had no further problems from

Simone Cordell however, he was aware of altercations between Simone Cordell and other residents in the block. Mr Curtis said he will still maintain his own logs and call the police and the council if necessary. The camera directly outside of Simone Cordell flat has been removed however, we notice that there was a camera in the communal area pointed toward the staircase - we need to find out who the camera belongs to.

Subject: Simon Cordell v. Metropolitan Police Commissioner appeal against imposition of an ASBO 29th, 30th September 2016 and 1st October 2016

Dear Simon / Lorraine I refer to the above matter.

Please note that Mr Andrew Locke has returned from a career sabbatical and he has agreed to deal with the appeal against the imposition of an ASBO. I am in the process of confirming a conference date with Mr Locke, hopefully within the next two weeks. I have notified Mr Morris from the Public Defender Service that Mr Locke is your preferred choice and I have requested the written submissions that he had prepared for the mention hearing in April 2016 that you did not consent to or permit us to serve upon the prosecution, instead your own document was served at your insistence and contrary to the advice given by both Mr Andrew Morris and myself. Please confirm any dates that you are not available so that this conference can be arranged.

I have requested previously the complete list of witnesses that you now insist on calling and specifying their relevance to the ASBO appeal and the issues as to whether you were an organiser of illegal raves. I cannot advise on whether the witnesses are relevant to an issue in the appeal without you confirming the list and specifying their relevance.

I await hearing from you.

Yours sincerely

Josephine Ward MICHAEL CARROLL & CO.

Thereby - Explain to any Person: --
In me trying to explain to any person one of the horrifying things that to me, I would claim that I can recollect feeling like, one of those toys therapy's, that you may buy for your children, that I think that you should all know. When, describing a toy, thereby, I would say that they are little cute furry toy creature looking things, designed for one of their creature land places, a toy that a person would buy from a toy shop, the reason for me to purchase one, would be to investigate its capabilities, OK, maybe play with it a little. What you would find yourself doing with the cute toy is, pulling on its tail, and the cute little creature turns into Hmm?, an angry talking toy rather than a happy, thereby; but not too bad in any sense, the thing is that I got made to feel, the same as the toy and this got made to persist to me not at my own free will, I got made to feel like that by some members of my neighbours who living on the same housing estates as me, and a few others that got involved, as I know that this is what they have been treating me like, inside of my private home. I felt like they kept pulling on my imaginary tail continuously, and this got achieved on purpose to change me for the worst, I never allowed them to gain the satisfaction of the glory that they seek from within me. They together involved tried to turn me into let's say: a horrible person.

The neighbours are on the top floor are doing work. They are hammering and causing noise. This caused a dispute between the subject and the builders.
have attended the subject's address to try and mediate between them to prevent further disputes. The subject went into a 15-minute rant about how he was under constant attack by everyone, and how he perceived the banging by the builder to be an assault against him.

The neighbour tried to come down and talk about when the work would finish but the subject started to shout at him. The subject stated that he has cameras set up all over his house and that he wanted the neighbour to come in and watch the footage of the aggressive hammering, when the neighbour declined, the subject started to shout about being mugged off. The subject would benefit from a visit from social services. He appeared to be having issues with his mental health. There was nothing to suggest that he was in immediate danger, and he was within his dwelling.

I visited Mr Mathiyalagan at 117 Burncroft Avenue today to look at the flooring following email from Mrs Cordell concerning noise as a result of wood flooring in the flat. I noticed that there is laminate flooring in the whole fiat and ceramic tiles in the kitchen. Mr Mathiyalagan stated that the flooring was already in the flat when they moved in. He stated that they do not make noise deliberately and that any noise from his flat is household noise. He also stated that as far as he is aware that the person living below them, we not complained of noise and that he will be the one that will be affected if there are excessive notices from his flat'. He also stated that he has asked the man if they are causing noise disturbances and he said they are not. He also requested that Mr Cordell should contact the council if he is being disturbed by noise from his flat instead of harassing him and his family by banging on his front door, shouting abuse at him and his wife, threatening them and confronting them when they come into the block.
I informed him that laminate flooring can generate some noise and to be mindful of his neighbours while walking around inside his fiat I then went and knocked at flat 113 but there was no response.

By the time I returned to the office, Mr Cordell had telephoned me several times. I telephoned him back and he wanted to know whether I was the person that posted a letter through his letterbox and I said yes. He asked why

I offered to have the meeting at a neutral venue like the local library or even at his mother's house, but he refused and shouted to shout abuse and accuse me of taking sides with his neighbours. and bank details and that I must pay him to have them back. I told him that I will not pay him and to do whatever he likes with the details.

26. The constant verbal abuse, swearing, intimidation and aggressive behaviour from the Defendant towards my family and I have made it difficult for us to live in our own home. The fear of not knowing when we will be confronted with vile and aggressive behaviour as my wife and I go out or return to our home has caused us severe stress and anxiety. My wife is afraid of leaving our flat on her own due to fear that the Defendant will confront and shout abuse at her. We are having to tip-toe inside our flat for fear of being accused of making noise even though we live two floors above the Defendant. The Defendant has caused us immense hardship by vandalising my property and although I cannot prove it, I am certain that the Defendant was responsible for slashing my car tyres, damaging my meter cupboard and removing my electricity fuse several times and restricting water flow to my flat, Also, I no longer park my car outside my block in Bumcroft Avenue because of the car being vandalized. I now park a few streets away, about ten or fifteen minutes from my home instead of outside my block which is about a minute from my flat. I do not see why we should have to live this way.

DIRECTIONS ORDER

28. I make this Witness Statement in support of the Claimant's application for an injunction to stop the Defendant from causing intimidation, harassment and alarm to other residents and their visitors on Burhcroft Avenue.

29. The Defendant is a secure tenant of the Claimant at 109 Burncroft Avenue, Enfield, Middlesex, EN3 7JQ. His tenancy commenced on **14th August 2006.** I hereby attach a bundle of documents relating to this case as exhibit number **LN1.** A copy of the Defendant's tenancy agreement and terms and conditions are hereby attached at pages 1-24.

30. The reports concerning the Defendant’s alleged anti-social behaviour towards his neighbours was first brought to my attention in

October 2016 when a case involving the Defendant and one of his neighbours was referred to me for investigation. The Defendant was reported to have caused frequent acts of harassment and anti-social behaviour against an elderly neighbour. The Defendant was arrested by the Police and bailed to a different address. The matter was referred to the Highbury Corner Magistrates' Court on **05 October 2016** where a first hearing took place. The Defendant pleaded not guilty and the trial was fixed for **17 November 2016.** However, the trial did not proceed due to insufficient support as **the elderly tenant** was unable to attend Court due to health reasons. A copy of a letter from the Magistrate Court is attached to this statement at pages 25-26.

31. The Defendant was previously known to the Claimant and an anti-social behaviour order was made on **4 August 2015** by the Magistrates Court to prevent him from knowingly using or supplying property, **personal** or **otherwise,** for the use in a rave as defined in s.63(1) of the **Criminal Justice Order Act 1994**. The order was made for a duration of 5 years. A copy of the Order is at page 27 of the exhibit bundle.

32. On **6th August 2016,** the Defendant threatened and shouted abuse at Mr and Mrs Mathiyalagan tenants of 117 Burncroft Avenue. He aggressively, demanded money from him and threatened to beat him up. The Defendant also repeatedly swore at Mr Mathiyalagan's wife, called her a 'witch1 and tried to stop the Mr Mathiyalagan from going up the stairs to his flat

by standing in front of him and blocking his advance by placing his hands on the staircase railings. Mr Mathiyalagan has already provided a witness statement in support these proceedings to confirm that this incident happened. A file note of this report is exhibited at pages 28-30 of the exhibit bundle **LN1.**

33. On **8th August 2016,** Mr Mathiyalagan reported that the Defendant aggressively banged on his front door, shouted abuse at him and his wife and accused them of making noise. Mr Mathiyalagan reported to us that he believes that the Defendant used a screwdriver to damage the lock on his meter cupboard and removed the fuse box thereby cutting off their electricity supply. Mr Mathiyalagan reported this incident to the police and was given reference number CAD 7934/**August 2016.** A file note of this report is exhibited at pages 28-30 of the exhibit bundle.

34. On **27th September 2016,** Mr Mathiyalagan reported that the Defendant confronted him as he returned to his flat with his wife and young daughter and threatened and swore at him and demanded money from him. A file note of the report is on pages 28-30 of the bundle.

The Defendant also aggressively demanded money from Mr Mathiyalagan. A file of the report is at pages 28-30 of the exhibit bundle.

36. On **11th November 2016,** my former colleague, Sarah Fletcher interviewed an elderly resident who wished to remain anonymous. He said that the Defendant approached him as he came out of his flat and started to shout abuse, swear at him and threatened to bum down the elderly neighbour's flat. The report

continued that sometime around mid-**September 2016, one** of the Defendant's neighbours reported that the Defendant confronted him outside his block as he was going to the local park and started to shout abuse and threats at him and said to him "I can get you over at the park, I know you go for a walk". This incident led to his arrest and to the matter being referred to the Magistrates Court. A file note of the report is exhibited on page 31 of the exhibit bundle **LN1.**

37. I had meetings with Mr George Quinton, one of the Defendant's neighbours on **16th December 2016** and **11th January 2017.** He reported that he was experiencing problems with the Defendant's behaviour, and that on **4th October 2016,** the Defendant aggressively banged on his ceiling and accused him of making noise. The Defendant then went to the neighbour's flat upstairs and started kicking and banging on the front door and was swearing and shouting at. him. The Defendant later went downstairs, dragged the neighbour's motorbike from where it was parked and started to hit it with a piece of wood. A file note of the report is at pages 32-34 of the exhibit bundle.

38. On **22nd November 2016,** during a telephone conversation with my former colleague Ms Sarah Fletcher, the Defendant was heard saying to his mother, who was present with him, 'I'm gonna do her over, I'm gonna take her job just for fun' referring to Ms Fletcher. A file note of the incident is at page 34A of the exhibit bundle.

39. I hereby attach a case history detailing incidents of reports from Mr Mathiyalagan about the abuse, threats and persistent intimidation by the Defendant. The case history is at pages 35 to 40 of the exhibit bundle **LN1.** It shows that Mr Mathiyalagan reported incidents too numerous to set out in this statement about abuse, threats, attempts to extort money and intimidation by the Defendant. Examples are that the Defendant banged on his front door while his wife was alone at home with their young daughter and shouted abuse at his wife and asked her to turn off the bathroom taps. He also removed his electricity fuse thereby

cutting off their power supply. Mr Mathiyalagan reported the incident to the police and was given CAD 5753/**23 December 2016.** A file note of this incident is at page 37 of the exhibit bundle.

40. Other examples of aggressive and anti-social behaviour reported by Mr Mathiyalagan were that on **21st January 2017,** the Defendant aggressively banged on his door, swore and shouted abuse and threats at him and his family and accused them of making noise.

41. On **9th June 2017,** the Defendant attacked Mr Mathiyalagan's cousin in the communal hallway as he returned from work late at night by grabbing him on the arm and neck thereby causing bruising to his arm and neck. The Defendant also snatched his mobile phone from him as he tried to record the incident.

42. On **16th June 2017,** the Defendant confronted Mr Mathiyalagan's wife as she was exiting the main entrance at **11:55am** and said to her that he had her bank and personal details. He also reported that the Defendant told his wife that he wanted her and her husband to pay him some money.

43. On **23rd June 2017,** the Defendant came out of his flat with his dog and attacked Mr Mathiyalagan's cousin as he returned from work at **11:35pm.** He reported that the Defendant punched his cousin twice on the chest, tried to push him out of the block and snatched his mobile phone as he tried to record the incident.

5:18pm and asked him when he was going to hand over the money. He also reported that as they left the block, the Defendant ran after them swearing and shouting abuse and demanded that he must pay him money if he wants him to leave him alone. The Defendant also said to him that he has all their personal details. A report of the incident is at page 40 of the case history.

46. Case history notes exhibited at pages 41-46 show reports of similar aggressive and intimidating behaviour displayed to Mr Mathiyalagan was being experienced by another tenant who wishes to remain anonymous because of fear of reprisal from the Defendant.

47. Similarly, further case notes exhibited at pages 47-52 show that another tenant **who wishes to remain anonymous** was being subjected to the Defendant's antisocial behaviour. She had to be moved from the block because of the harassment from the Defendant and because **she suffered from mental health problems** and was particularly vulnerable and unable to deal with the threats and harassment from the Defendant.

48. On **7th February 2017,** the Defendant approached the leaseholder of 117 Bumcroft Avenue and his plumber outside the block as they were attempting to resolve low water pressure issues affecting the flat. The Defendant informed the leaseholder that there were problems between him and his tenants but did not give specific

details. The leaseholder explained to the Defendant that his tenants were experiencing low water pressure in their flat and that they were trying to fix the problem. The Defendant said to the leaseholder, “you will not resolve the problem as I am restricting their water supply”. The leaseholder later asked the Defendant to increase the water pressure and the Defendant stated, "I cannot do anything at the moment, I will sort it out later”. A report of this incident is at page 55 of the exhibit bundle.

It also appeared that the Defendant may have removed the wall between his kitchen and living room thereby creating an open plan living space. A copy of the file note is pages 56-57 of the exhibit bundle.

50. On **8th May 2017,** the Claimant’s officers, Ms Fletcher, a Neighbourhood officer who has since left the Council and Mr Steve Stirk, a Surveyor visited the Defendant’s block of flats following reports of low water pressure to flats 109, 113 and 117 Bumcroft Avenue. While the Claimant’s officers were outside flat 113, the Defendant came up to them and started to complain about his perceived victimization by his neighbours, the police, and the council. While the Defendant was talking to the officers, Mr Mathiyalagan came down the stairs and the Defendant said to him, "I’m going to the police

station now with my evidence about you and I'm going to ruin your life". A file note of this report is exhibited at page 58 of the exhibit bundle and an email from Steve Stirk is at page 59.

51. On **14th May 2017,** yet another neighbour who wishes to remain anonymous reported that the Defendant aggressively banged on her door, shouted abuse and threats at her and falsely accused her of making noise and coming into his flat to attack him. The neighbour stated that the Defendant later followed her to her car as she was leaving the block shouting abuse and wanting to know where she was going. The neighbour also reported that the Defendant allowed his dog to roam freely in the communal area of the block without a lead. A file note of the report is at page 60 of the exhibit bundle LN1.

52. On **28th May 2017,** the Defendant was issued with a first instance Harassment letter by the police following allegations of harassment and threatening behaviour made to the police by his neighbour. A copy of the letter and the PC's statement are at pages 61-62 of the exhibit bundle LN1.

53. On **12th July 2017,** Mr Neville Gray, the Claimants repairs surveyor attended the Defendant's flat to investigate reports of low water pressure to the flats above the Defendant's flat but the Defendant refused him access. Mr Neville Gray attended the Defendant's flat again at about 5:39pm following reports from the leaseholder of flat 117 Burncroft House that the water supply had stopped completely, but the Defendant also refused him access. The Defendant

later shouted abuse and swear words at Mr. Gray and would not allow him to approach his car. Mr. Gray has provided a witness statement in relation to this incident.

H. The Defendant is in breach of the following conditions of his tenancy agreement.

I. **Condition 10** - "You must not act in any way which causes, or is likely to cause, a nuisance or annoyance or is anti-social."

J. **Condition 21** - "You must not abuse, harass, make offensive comments and/or malicious allegations, use or threaten to use violence against any of our officers or agents, or against a councillor. This applies at any time and in any place. We may report the matter.to the Police".

N. **Condition 53 -** "You must keep the inside of the property, the fixtures and fittings and glass in the property in good repair during the tenancy"

2. I have corresponded with the Defendant regarding the reports of anti-social behaviour made against him by his neighbours and invited him to meetings with his mother Lorraine Cordell, but he declined to attend. 30.1 have enquired with the Mental Health Team whether the Defendant is currently known to the team and was informed that he is no longer under their care.

5. The Claimant's operatives have had difficulties in accessing the Defendant's flat to inspect the state of the property and the unauthorised works and modifications which the Defendant is purported to have carried out without a written consent from the Claimant. The Claimant has also been unable to check whether the Defendant Is restricting water supply/pressure to the properties above his since **December 2016.** The Defendant has admitted to restricting the water supply but has refused to allow the Claimant's maintenance operatives access to his property to investigate and rectify the problem.

6. The Defendant has intimidated the residents in the entire block and because of his behaviour, we have received numerous complaints from residents, requests to be transferred from the block and we have had to move a vulnerable tenant from the block.

7. I have made attempts to engage with the Defendant, but he has not been cooperative and has continuously displayed abusive and threatening behaviour towards the Claimant's members of staff and his neighbours. A Notice of Seeking Possession has been served on him and possession action is being considered. However, in the meantime, this injunction is required to ensure that the other residents are not subjected to further intimidation and harassment by the Defendant. This application is being made without notice because if the Defendant were given notice, he would intimidate the witnesses in an attempt to prevent the order being made.

I visited Mr Mathiyalagan at 117 Burncroft Avenue to day to look at the flooring following email from Mrs Cordell concerning noise as a result of wood flooring in the flat. I noticed that there is laminate flooring in the whole flat and ceramic tiles in the kitchen. Mr Mathiyalagan stated that the flooring was already in the flat when they moved in. He stated that they do not make noise deliberately and that any noise from his flat is household noise. He also stated that as far as he is aware that the person living below them-), we not complained of noise and that he will be the one that will be affected if there are excessive issues from his flat. He also stated that he has asked the mau-'f they are causing noise disturbances arid he said they are not. He also requested that Mr Cordell should contact the council if he is being disturbed by noise from his flat instead of harassing him and his family by banging on his front door, shouting abuse at him and his wife, threatening them and confronting them when they come into the block.
I informed him that laminate flooring can generate some noise and to be mindful of his neighbours while walking around inside his flat-
I then went and knocked at flat 113 but there was no response.

I visited 109 Burncroft Avenue on **17/03/2017** to hand deliver to post a letter through Mr Cordell's door and as I got into my car to drive off after posting the letter, Mr Cordell ran after me shouting and screaming abuse. I did not stop to speak to him, and he ran after me until I turned left into Green Street. As he was running after my car, he was shouting at people passing by to stop the car.
By the time I returned to the office, Mr Cordell had telephoned me several times. I telephoned him back and he wanted to know whether I was the person that posted a letter through his letterbox and I said yes.

He asked why I did not stop when he ran after me and I told him that I had another visit and did not have the time to stop and talk to him. He stated that he will not attend the meeting at the Civic Centre or any of the council and that I should come to his flat. I offered to have the meeting at a neutral venue like the local library or even at his mother's house, but he refused and shouted to shout abuse and accuse me of taking sides with his neighbours. He denied doing the things that he is accused of doing and stated that he is the victim and that the council have refused to deal with his complaints against his neighbours. He stated that he has been suffering noise disturbances from his neighbours since he moved into his flat and that the council have refused to deal with it. He alleged that the council is conniving with the police to victimise him and threatened to put in a complaint - against me, He continued shouting abuse and will not let me say a word, I then advised him that I will have to terminate the conversation as we were getting nowhere.

05/05/2017:

Mr Mathiyalagan telephoned me to report that Mr Cordell went to his fiat while he was at work and his wife was at home with his cousin and daughter and started to bang on his door and shout abuse and threats. 06/03/2017: 08/02/2017:
I visited Mr Mathiyalagan at 117 Burncroft Avenue today to look at the flooring following email from Mrs Cordell concerning noise as a result of wood flooring in the flat. I noticed that there is laminate flooring in the whole fiat and ceramic tiles in the kitchen. Mr Mathiyalagan stated that the flooring was already in the flat when they moved in. He stated that they do not make noise deliberately and that any noise from his flat is household noise. He also stated that as far as he is aware that the person living below them, we not complained of noise and that he will be the one that will be affected if there are excessive notices from his flat'. He also stated that he has asked the man if they are causing noise disturbances and he said they are not. He also requested that Mr Cordell should contact the council if he is being disturbed by noise from his flat instead of harassing him and his family by banging on his front door, shouting abuse at him and his wife, threatening them and confronting them when they come into the block.

I informed him that laminate flooring can generate some noise and to be mindful of his neighbours while walking around inside his fiat I then went and knocked at flat 113 but there was no response.
17/02/2017:
Telephone call from Mr Cordell regarding the letter sent to him to attend the Civic Centre on 22/2/17 to discuss the ongoing reports of harassment, verbal abuse and threatening behaviour made against him by his neighbours. File note of the telephone conversation attached.

He stated that he will not attend the meeting at the Civic Centre or any of the council and that I should come to his flat. I offered to have the meeting at a neutral venue like the local library or even at his mother's house, but he refused and shouted to shout abuse and accuse me of taking sides with his neighbours. 5. I make this Witness Statement in support of the Claimant’s application for an injunction to stop the Defendant from causing Intimidation, harassment to me and other residents.

BACKGROUND

6. The problem with the Defendant started a few months after we moved into the property, after the Defendant approached me asking me to write a letter of support in relation to a problem, he was having with the lady that used to live at Flat 113 Bumcroft Avenue. I refused to write the letter and told the Defendant that I do not want to get involved as

I did not have any problems with the lady. Since then the Defendant has made living in this block difficult for me and my family. He has been very aggressive to my family and I and has continuously intimidated, threatened and harassed my wife, cousin and me.

7. The Defendant have repeatedly accused us of making noise inside our flat even though our flat is situated two floors above his and the person living directly below us have never complained to us about noise. He has shouted abuse at us, damaged our properties and aggressively demanded money from me. My family and I are constantly living in fear and my wife are frightened to stay at home and has had to accompany me to work on several occasions and stayed in the car with our young daughter until I finish work.

8. The Defendant has slashed my car tyres, damaged my fuse box and has physically threatened to hit me with a piece of wood. He has a big dog that he brings out with him without a lead when he approaches us, and he has used the dog to intimidate us. He also allows the dog to bark and run freely inside the communal hallway and staircase without a lead. I have reported

41. On **9th June 2017,** my cousin returned from work late at night and as he opened the main communal door, the Defendant came out of his flat and started to shout abuse at him. As my cousin brought out his mobile phone to record the incident, the Defendant snatched the phone from him. A struggle ensued as my cousin tried to get his phone back from the Defendant. The Defendant then physically attacked my cousin; he grabbed my cousin round his arm and neck and injured his arm thereby causing It to bleed. My cousin managed to get his phone back and called the police. The police attended within 10 minutes and my cousin explained to them what happened, and they went to speak to the Defendant, but he refused to let them in.

42. On **16th June 2017 at 11:55am,** the Defendant confronted my wife outside the main entrance door as she was going to pick our daughter from school and accused her of making noise. The Defendant also said to my wife that he has our bank account and personal details and that she should tell me to pay him money.

43. On **16th June 2017 at 11:55am,** the Defendant confronted my wife outside the communal entrance door as she was going to pick our daughter from school and said to her that he knows what time she goes out and when she returns and to tell her husband that he wants to speak to him.

44. **On 23rt June 2017,** my cousin returned from work at **11:35pm** and as he entered the block, the Defendant came out of his flat with his dog barking and without a lead and started to swear and shout abuse at my cousin. The Defendant then attacked my cousin by punching him twice on the chest and tried to push my cousin out of the block. The Defendant snatched my cousin's mobile phone as he tried to record the incident, but he managed to get the phone back. My wife heard the commotion and woke me up and as we came out of my flat shouting at my cousin and wanting to know what

28th June 2017

was happening, the Defendant went back into his flat. We then called the police, they attended, and we explained what happened. The police then went and knocked on the Defendant's door, but he refused to let them in.

45. On **28th June 2017 at 11:45am,** the Defendant confronted my wife outside the main entrance door as she was going to pick up our daughter from school and demanded to talk to her. My wife told him that she cannot stop to speak with him as she was on her way to collect her daughter from school, but the Defendant ran after my wife, stood in front of her and started to shout at her. The Defendant told my wife that he knows all our personal details including our full names, date of birth and bank details. The Defendant demanded that we should pay him some money and that my wife should tell me to come and talk to him. The Defendant also accused my wife of making noises inside our flat.

46. On **30th June 2017 at 11:45am**, the Defendant confronted my wife as she was leaving the block to go and pick up our daughter from school and accused her of slamming the door. My wife denied slamming the door and the Defendant called her a liar and proceeded to swear and shout abuse at her.

47. On **2nd July 2017 at 5:18pm,** my family and I was going out to visit some friends and as we were about to exit the block, the Defendant popped his head out of his front door and asked me when I was going to hand over the money to him. I told him that I was not going to give him any money and that he should go and work so that he could earn some money. As we left the block, the Defendant came running after us and was shouting abuse and swearing at me and said to me that I should pay him some money if I want him to leave me and my family alone. The Defendant also said to me that he has all our personal details including phone numbers, date of birth

Dated this **02 day of August 2017**

and bank details and that I must pay him to have them back. I told him that I will not pay him and to do whatever he likes with the details.

48. The constant verbal abuse, swearing, intimidation and aggressive behaviour from the Defendant towards my family and I have made it difficult for us to live in our own home. The fear of not knowing when we will be confronted with vile and aggressive behaviour as my wife and I go out or return to our home has caused us severe stress and anxiety. My wife is afraid of leaving our flat on her own due to fear that the Defendant will confront and shout abuse at her. We are having to tip-toe inside our flat for fear of being accused of making noise even though we live two floors above the Defendant. The Defendant has caused us immense hardship by vandalising my property and although I cannot prove it, I am certain that the Defendant was responsible for slashing my car tyres, damaging my meter cupboard and removing my electricity fuse several times and restricting water flow to my flat, Also, I no longer park my car outside my block in Bumcroft Avenue because of the car being vandalized. I now park a few streets away, about ten or fifteen minutes from my home instead of outside my block which is about a minute from my flat. I do not see why we should have to live this way.

I believe the facts in this Witness Statement are true.

Examples are that the Defendant banged on his front door while his wife was alone at home with their young daughter and shouted abuse at his wife and asked her to turn off the bathroom taps. The Defendant also said to him that he has all their personal details. A report of the incident is at page 40 of the case history.

A report of this incident is at page 55 of the exhibit bundle.

75. On **24th February 2017,** the Claimants officers Sarah Fletcher and Steve Kirk attended the Defendant’s property following reports of low water pressure in the

flats above his. While inside his flat they noticed that the Defendant have installed a metal security

gate inside his front door. It also appeared that the Defendant may have removed the wall between his kitchen and living room thereby creating an open plan living space. A copy of the file note is pages 56-57 of the exhibit bundle.

76. On **8th May 2017,** the Claimant's officers, Ms Fletcher, a Neighbourhood officer who has since left the Council and Mr Steve Stirk, a Surveyor visited the Defendant's block of flats following reports of low water pressure to flats 109, 113 and 117 Bumcroft Avenue. While the Claimant's officers were outside flat 113, the Defendant came up to them and started to complain about his perceived victimization by his neighbours, the police and the council. While the Defendant was talking to the officers, Mr Mathiyalagan came down the stairs and the Defendant said to him, "I'm going to the police station now with my evidence about you and I'm going to ruin your life". A file note of this report is exhibited at page 58 of the exhibit bundle and an email from Steve Stirk is at page 59.

77. On **14th May 2017,** yet another neighbour who wishes to remain anonymous reported that the Defendant aggressively banged on her door, shouted abuse and threats at her and falsely accused her of making noise and coming into his flat to attack him. The neighbour stated that the Defendant later followed her to her car as she was leaving the block shouting abuse and wanting to know where she was going. The neighbour also reported that the Defendant allowed his dog to roam freely in the communal area of the block without a lead. A file note of the report is at page 60 of the exhibit bundle LN1.

78. On **28th May 2017,** the Defendant was issued with a first instance Harassment letter by the police following allegations of harassment and threatening behaviour made to the police by his neighbour. A copy of the letter and the PC's statement are at pages 61-62 of the exhibit bundle LN1.

January 2017 inviting him for a meeting on **9th February 2017, 16th February 2017** for a meeting on **22 February 2016** and **16th March 2017** for a meeting on **22nd March 2017**. These letters are exhibited at pages 63-70 of the exhibit bundle.

30.1 have enquired with the Mental Health Team whether the Defendant is currently known to the team and was informed that he is no longer under their care.

8. The Claimant's operatives have had difficulties in accessing the Defendant's flat to inspect the state of the property and the unauthorised works and modifications which the Defendant is purported to have carried out without a written consent from the Claimant. The Claimant has also been unable to check whether the Defendant Is restricting water supply/pressure to the properties above his since **December 2016.** The Defendant has admitted to restricting the water supply but has refused to allow the Claimant's maintenance operatives access to his property to investigate and rectify the problem.

9. The Defendant has intimidated the residents in the entire block and because of his behaviour, we have received numerous complaints from residents, requests to be transferred from the block and we have had to move a vulnerable tenant from the block.

10. I have made attempts to engage with the Defendant, but he has not been cooperative and has continuously displayed abusive and threatening behaviour towards the Claimant's members of staff and his neighbours. A Notice of Seeking Possession has been served on him and possession action is being considered. However, in the meantime, this injunction is required to ensure that the other residents are not subjected to

further intimidation and harassment by the Defendant. This application is being made without notice because if the Defendant were given notice, he would intimidate the witnesses in an attempt to prevent the order being made.

I am Steve Elsmore, a Police officer attached to the Anti-Social Behaviour Team within the London Borough of Enfield. I make this further statement regarding an ASBO matter in relation to Simon CORDELL. On 16th May 2016, I was asked to check timings in relation to the schedule that is due to be served on the court. Whilst searching for timings for Crimint HTRT00376798, I found an incident log attached to this Crimint. I do not recall previously seeing this log. Usually the inputting officer would put an indicator on the Crimint to say that there is an attachment. On this occasion there is no indicator referring to this attachment. It is possible that I may have previously missed this attachment

due to the volume of incidents that I was searching through. The attachment itself is an incident report from Canary Wharf Group and the incident summary states -Trespassers on site - illegal rave - forced entry shed 4 - Police tasked - no action - group left site. This is dated 12 January 2013. The incident log details what action was taken by Canary Wharf Group during this particular incident. It also provides detail on the impact to the residents. On page 5 of the incident log there is an entry that states "P BOUZON (CW178) informs the ECC that the vehicle registrations that he gave me are actually the 2 vehicles that gained access through the fence and arc located within the Shed 4 area". One of the vehicles is MA57LDY. This vehicle was registered to Simon CORDELL as per the Crimint Report.

All external doors have now been closed, so the building is as secure as we can make it until we review and carry out more work on Monday morning. This comment also applies to the damaged fence. I am now taking a replacement padlock and chain to replace the one cut off during the break in, to the gate where concrete Jersey Blocks have now been positioned. I shall leave the key with the patrol guard(s), who are now in place and collect this from them on Monday morning. Leaving site now. though available on the phone if needed.

I visited Mr Mathiyalagan at 117 Burncroft Avenue today to look at the flooring following email from Mrs Cordell concerning noise as a result of wood flooring in the flat. I noticed that there is laminate flooring in the whole fiat and ceramic tiles in the kitchen. Mr Mathiyalagan stated that the flooring was already in the flat when they moved in. He stated that they do not make noise deliberately and that any noise from his flat is household noise. He also stated that as far as he is aware that the person living below them, we not complained of noise and that he will be the one that will be affected if there are excessive notices from his flat'. He also stated that he has asked the man if they are causing noise disturbances and he said they are not. He also requested that Mr Cordell should contact the council if he is being disturbed by noise from his

flat instead of harassing him and his family by banging on his front door, shouting abuse at him and his wife, threatening them and confronting them when they come into the block.
I informed him that laminate flooring can generate some noise and to be mindful of his neighbours while walking around inside his fiat I then went and knocked at flat 113 but there was no response.

Mr and Mrs Mathiyalagan attended the Civic Centre today to report further incidents with Simon Cordell and gave me a DVD recording of another incident. Mr Mathiyaiagan stated that on 28/6/17 at 11,45am, Simon confronted his wife at the main entrance door as she was going to pick up their daughter from school and demanded to talk to her. His wife told him that she cannot stop to talk to him as she was on her way to collect her daughter from school, but he insisted on talking to her.
He stated that Simon ran after her, stood in front of her, accused her of making noise inside their flat and started shouting at her and said to her that he knows all their personal details including thpir full

He stated that the second incident happened on 30/6/17 at 11,45am when Simon confronted his wife as she was leaving the block and accused her of slamming the door. He then called him a liar, when she denied slamming the door end proceeded to shout abuse at her. Mr Mathiyalagan also stated that on 2/7/17, he and his family was going out to visit some friends at about 5.18pm and as they were about to exit the block, Simon popped his head out of his door and asked him when he was going to hand over the money. He told him that he was not going to give him any money and that he should go and work so that he can earn some money. He stated that as they left the block, Simon came running after them shouting and swearing at him and said to him that he should pay him money if he wants him to leave him and his family alone, he stated that Simon also said to him that he has all of their personal details including phone number and full names, date of birth and bank details and that he must pay him some money to have then; back. He stated that he told Simon that he will not pay him any money and to do whatever he likes with the details. He stated that he does not know how Simon came across their personal details, if he has them. He stated that his wife lost her phone some weeks ago and that it is possible that he may accessed their details from the phone if he has it because his wife stored their personal details on her phone.

The Truth About Carron's

Version of an Incident

On the 12th August 2016: --

On the

12th August 2016

I walked out into my back garden and started up my motor bike, I had not used my bike for two years prior to the

14/08/2016

because of all the listed problems before this date. I started the motorbike up at around 1200 hours mid-day.

When starting up the engine in the bike it made a fair amount off sound as any person would expect a motorbike to create. I waited for the bike to warm up no longer than three minutes, so that I could go out for my bike ride, as I planned. When I realized that another person that I do not know neither have I meet or acknowledged, hearing in this Book/report named as "Carron Dunno the fake complainant~ who lies to set people up," hanging out of her window. Due to the close relationships, with the tenants on my housing estate prior to the problems occurring. "we had a good neighbourhood watch" (Ourselves), I knew this person to be a new resident off the estate, whom had just a few months prior moved into the block of flats, next to the ones I lived in for the past eleven years, that said and highlighted with no other similar accusations of neighbour's regarding criminal offences. As I had received, none of themselves or legal advisors and/or Enfield Local Council inclusive off the Metropolis Police force for any offences lik**e:** Harassment off the 1997 Act or any Anti-Social Behaviour problems, beforehand off the incident's getting addressed! The reason I noticed the woman hanging out of her window was because I heard her shouting foul vulgar and abusive while obscene language, I soon found this to be towards my person. Carron lives on the second floor in the block next to me, while I live on the ground floor, the complainant is not my next-door neighbour, below her window is her neighbour's garden that lives in the same block as she does, what is in fact two gardens along from my private back garden, more than a fair safe distance. From the complainant's window you cannot see the whole of my back garden as her block has got built three meters ajar, forward to mine as can clearly get seen on Google Maps. For the complainant to see me from where she was, she deliberately hanged far out of the window and invades my privacy. At this point I could involve the police regarding a section 4 or 5 public order act but chose to ignore the rude behaviour I got adduced to by the complainant. She shouted at me, 'what are you "abusive language doing?

You have woken up my children! They are ill, I have had the ambulance here, and did you not see it!

She was extremely, aggressive towards me and continued to swear at me while she was shouting. Then, I walked back even further into my back garden so to see her clearly and looked up at her and said, 'Who are you talking to?

My mother doesn't even speak to me like that!' I cannot recall her reply, but she mentioned something about the sound of my music and motorbike, this was the first time and only time that any person has spoken to me, regarding them issues raised of her concern. In talking to her I told her that I would keep the noise down and then turned off my bike and walked back inside. After being abused by the complainant I made sure that I would cause no reason to alert any new concern regarding the complaint wishes. This was the first and only involvement, with the Carron. I was not rude, neither aggressive towards her, I however got shocked at the way she spoke to me. To be honest, she was the one who got aggressive towards me. I did not know she has children living with her and did not intend to cause any inconvenience or disruption to them or any other person and I did not shout, 'what, what, what?!' at her and I made no threats towards her or her children and I did not and could not have approached her window as this would not be possible, I also would like to highlight the truth of me not knowing the entrance code to any of the other flats communal entrance doors and therefore would not state otherwise. Not only did I get abused by Carron, but she made phone calls to my mum and dad to come to my home, worried with concern. On the 12th August **2016** after being abused by, who I now no to get named as Carron Dunno who lives and lives at door number 00 Burncroft Avenue, Enfield London EN3 000.

Once back into my private flat, after being in my back garden, soon after I got surprised by two uninspected visitors', named as my mother and father, I got shocked to see them both present at my front door. On our first contact we came towards the understanding to why they arrived, the reason explained, was and still is that they got contacted by way of mobile phone by a close family friend to whom I grow up with named Stewart, the reason Stewart did contact my mother and father was because he received a mobile telephone call of Carron Dunno. A person he helped move into the flat when she moved onto the estate and she had said to him that I got rude towards her and she saw me strangle stain. I explained to my mother and father that this got achieved by Carron Dunno out of spite and her being a dysfunctional person with no common sense, reason or logic, to conclude a full understanding dishonest, my mother and father believed in me their eldest son as they understood for me to be saying the truth, to them both.

The Truth About Carron's
Version of an Incident

In me not knowing that Carron and co set me up in the beginning, who lives in the block ajar to me, I felt worried with concern to why these allegations were being brought against me, I finally, worked out that it got done to cover up for Stain and everyone else continued to make me suffer through: --
On the
14th August 2016
the date the alleged incident of threatening my neighbour and her children got said to have taken place.
When remembering this day, for a start it was a Sunday, and the time turned into 1800 hours when the metropolitan police wrongfully, arrived to detain me for alleged offences under the grounds of suspicion of threats to kill my neighbour and children. I had been at my home on this day alone and did not intend for visiting guest to arrive, but this happened, my friends turned up to say hello to me. When at home in my flat, two friends came around to visit me they also brought two other friends with them that I did not know and their new-born baby. More than happy to see them, we relaxed and catch up on what had been going on and laughing at old good past times that we had together. When after some time I turned on some music to show my male friend, my sound system, as it is something that we have both enjoyed many times before together and to top things off he is a fantastic music producer /DJ and therefore creates his own music. Soon after we had turned the sound system on, my friend's partner asked us to turn the music down because of the baby being present. I would say that this was no longer than five minutes after us both turning it on and this is what we did, the music never got left on long or loud during their visit. To be honest, I felt silly for having to get reminded that there was a new-born child in my home. After my friends had stayed at mine for a couple of hours, they decided that it would be best to make their travels back to their own home as it quickly, turned into night. As my visitors were leaving, I asked my friend the new baby's father / music producer to leave a music audio CD, to which he did after a lot of my persuasion towards him, he got reluctant to share with me, as his CDS are one of his pride and joys out of life, after my friends left I put the CD on and played the whole thing what was about 20 songs at 4 minutes each tune played. I then, waited for the amps to cool down, which took around 10 minutes. This is when on the
14th August 2016
at around 800 hours the police arrived at my house. The police knocked on the door and requested to 'speak' too me; I noticed that there were around 15 different police officers outside of my front door banging at me to get in. When I noticed the knock on my front door by police claiming to want to speak to me, I got worried and called my mother to attend my flat as towards of the on goings I done this for the concerns I have about police harassment and abuse of power while abuse of position, as at present; I have ongoing complaints of corruption in the process with the relevant governing bodies. I refused to speak with them that is to say with my front door opened, as by that time I lost a lot of trust for them, I done nothing wrong in any sense, nor should there being any reason for them to want to arrest me, so I had no obligation to speak with them police officers, without a solicitor being present. The officers were outside of my door banging for some time trying to force entry and I continued to tell them I did not want to speak with them and for the officer's present at my home address to contact my solicitor. For my safety, I prior installed CCTV outside of my property which captured the police behaviour while they were present in my communal corridor space. I explained to the officers that I was not happy with the way I was being treated by them; after doing this I got left still intimidated by them. In noticing what the police officers were treating me like I continued to explain that their actions were being recorded by my CCTV. At that moment in time the police officer knew that how they continually, knocking on my door while laughing was wrong and too me, it mimicked what I complained about to the official governing members about prior. The acting police officer damaged my camera while I continued to watch. I understand that she has done this to protect herself against their prior wrongful actions, they intentionally, damaged the CCTV system, so that my cameras turned off and can never get repaired again. Get this done by the police officers so for them to take away the security I protected myself with as I do not have an intercom communication system in place and the code to the main entrance door has not gotten changed in 11 years of me being present at Burncroft Avenue. My CCTV equipment being damaged got caused wrongfully, and without my consent and left the equipment so that it could no longer record anymore and must get protected under the DPA 1998 Act, and Criminal Damage Act 1998. I have the CCTV footage that will evidence this day and I have confirmed I will forward this on to my solicitors. Eventually, I came out of my property and got wrongfully, arrested. In summary for the truth of the reason I got arrested, I found out much, much later in the following months to come and I now understand that this is because Carron Dunno decided to lie to the police for her own self gain so that she could infringe my human rights and have an effect on my way of life. Carron made a false statement with criminal allegations, so I would illegally, receive a term of time in custody or forced into mental care to which both occurrences did in fact happen. Here the police have now also agreed with an NFA and therefore found no truth in any person's statements, after the incident never took place on the
12th August 2016
My motor bike wasn't present in my private back garden on the date of the
14th August 2016
but was on the
12th August 2016
as I used to keep it indoors, for safe keeping.
Carron had been the one who got abusive towards me, on the
12th not the 14th of August,

and she the after on the 12th August used her mobile to call other people to my home, she then, waited a further two days to seek even further doings of hate crime against me, of revenge. It was Carron for sure, but I also believe with stain and those two together with Christine, as a collective of people they then, re-mediate the events of the

12th August 2016

and forgot any off the truth events that took place, for an instance about the motor bike's presence and then, further manipulated the truth and changed her statements of verbal aggression, while being confrontational towards my personal character, into wrongful claims of doings that are now in question of the facts of truth and them lies are now being used to accuse me, “Simon” of wrong and illegal doings, That are clearly not true.

She claimed and altered the events, all to be on the

14th August 2016

and included to involve the children that the High courts have given her sole custody off, in knowing that there was no truth to her statements of truth, “she used the children police and doctors for her own gain to attack me.”

I was not in my back garden on the

14th August 2016

I was indoors with friends and I also can on request, provide their witness statements as exhibits and all of them key first-hand material witness is all willing to attend any court hearing with the video recording of their personal mobile phones of the events that took place in my home on the

14th of August 2016

which show me indoors playing with the baby, this mobile footage is also present on YouTube.com. It did not get explained to me, who the people were that accused me of the charges until me re bail many moths latter as I did not get an interview, I therefore got abused in relation towards incorrect or in another definition untrue cut and pasted fabricated events of occurrences, that if any truth was to get found out of their statements, it would only be that the Carron did in fact use her voice on the alleged date and this was while shouting at me out of her window on the

12th August 2016.

Another important factor of concern is if I got arrested on the 14th at 20:00 hours it must have taken no less than an hour while being mechanically, transported by the police officers booked me in at custody. This would be when travelling from Enfield “my flat” to the wood green police station and this would mean that the time would have been around 9:00 pm on the

14th August 2016.

With this keep in mind, it would mean that if all police regulations got followed, correctly, then I or any other person, with the same or similar sort of time scale, would or must get released from custody, within 24 hours from being booked into the police station, or a superintendent must sign the custody records, with a record off the reasons he or she has continued, mine or any other person's detention, and he or she must explain to me or any other person, "the detainee" the reason, to which they got further detained.

Mr Simon Cordell 109 Burncroft Ave Enfield Middlesex EN3 7JQ 24/11/**2016**

RE: Formal Complaint dated 24/11/2016:

To Whom It May Concern:

I am writing this letter on behalf on my son Simon Cordell of 109 Burncroft Ave, EN3 7JQ.

Over the past few years my son has been having some issues with his neighbours this started due to what the police wrote about him in the newspapers about an ASBO that was granted by the lower courts in the newspaper the truth was not printed in the newspapers or on the Met Police website, the judge did grant the ASBO order but not on the grounds the police case was for we are still trying to work on how this was done to this day, this was not related to his neighbours why the police took this action it was due to lies by the police, this case is still waiting an appeal hearing at the crown court which will be held **Jan 2017.**

It was after this was printed in the newspaper and on the met website my son started to have issues with neighbours banging all the time and the way they were treating him and talking about him and not letting him have any rest to sleep due to the banging all the time emails were sent to Enfield Council yet very little was done yet my son has video footage of it which the council has never wanted to see or4 take any reports, this has made his heath suffer, I feel this was due to what the police have been telling Enfield Council and Enfield Council just taking the word of the police without asking my son or myself to explain as since all this started Enfield Council has not wanted to help in any way, could this be due to the colour of my son's skin as I am lost for words that Enfield Council has done nothing to help.

My son has been a tenant for many years now with no complaints about him until this all started above and things were put in the newspapers for all to see when my son had done nothing wrong and will prove this at his appeal in Jan **2017**.

The police do not like my son and have not for the past 21 years and there is a lot of issues that Enfield Council is not aware of about the police and my son this is getting addressed with the IPCC and police complaints, and we are now sorting out legal action as to what this has done to our life's over the years this has been ongoing the legal action is taking time due to how long this has been ongoing with the police.

There is also a subject access request attached to this email which I am asking for everything Enfield Council hold information about in regard to my son, this will also include any police reports that the police have handed to Enfield Council. If this needs to be handed to the correct department to deal with this or there is a cost pleases advice via this email, I have also included a letter of authority from my son so I can act on his behalf. I do already know there is data being held by Enfield Council that is not correct and I want to be able to get this correct under the data protection act.

On the **14/08/2016** my son had some friends round to his home they came there at around 13:30 hours, after they left the police showed up at his address to arrest him this was due to one of the neighbours

said my son had gone out in his garden at 17:10 hours looked up at her windows and made threats to kill, this person lives 3 gardens down from my son on the 2 floor at 105 Burncroft Ave EN3 7JQ, this is imposable as my son did not go out in his garden he was with his 4 friends and there baby in his home all day and videos were taken while they were at his flat, his friends have made statements to say this as they did not leave his flat until around 18:15 hours, not long before the police came to my son's home. I Miss L Cordell even went around his flat as he needed some things. In fact, my son does not go out of his home and this has been for some time now due to how he is being treated.
When he was arrested on the **14/08/2016** my son was held in the police station sectioned under the mental health act and could not be interviewed so was put on bail until the **04/10/2016** when he was due to go back to the police station to be interviewed.
On the **04/10/2016** my son was getting ready at his home for me to pick him up for the bail to return, when I got a phone call from my son to say the police was again at his flat to arrest him this was around 1 hour before he was due to be at the police station, I went to his flat and was told by the police they wanted to arrest him I told them he was getting ready to go to the police station for a bail to return, the police again arrested my son for criminal damage due to something his neighbour said who lives above him, but he had not been out of his home he was in fact in the bath when the police came to his home.
Both cases for the **14/08/2016** and the **04/10/2016** were dropped by the CPS this was done on the **15/11/2016** with no case to answer towards my son, yet my son was victimised and had false accusations put against his name and arrested.
My son is scared to go home due to what the neighbours are doing and saying and putting false allegations into the police, it seems they really don't want him to live there and will do anything they can to get him out.
On the **16/11/2016** I tried to speak to my son's housing officer Sarah Fletcher to see what could be done and update her to what was ongoing her phone was set to do not disturb so I asked for an email to be sent over for her to call me as a matter of emergency, no one returned a call back to me.
Since the **16/11/2016** I have been calling every day to speak to Sarah Fletcher her phone is always set to do not disturb and I have asked for emails to be sent every day for her to call me back as a matter of emergency, I even asked to speak to her manager or any person in there team but it seems all their phones are set to do not disturb so I asked for emails to be sent for a call back, no one called me back.
I was also told that the police had been in contact with the council and that Sarah Fletcher would talk to me about this when she called this was on the **21/11/2016** and I was told that Sarah Fletcher would 100% call me that day.
On the **22/11/2016** I went to my son's home and there was a letter from Sarah Fletcher dated the **18/11/2016** which was to do with 1 CCTV camera my son has outside his front door, this CCTV camera does not impose on any person's rights, it does not show any person's front door who lives in the block or windows. In fact, on the **14/08/2016** when the police went to my son's flat to arrest him when they noticed the CCTV camera, they ripped the wire out and since this time it has not worked this is also getting address with the police. In the letter Sarah Fletcher said the CCTV camera had to be removed by the **25/11/2016** or Enfield Council would remove the CCTV camera and costs would be charged to my son for any repairs which there is none. At seeing the letter, I was upset as it seemed Sarah Fletcher could take the time to write this letter but not call me when each email that was sent said it's a matter of emergency, I speak to her.
I tried to call and again like each other time I call it takes an hour or over to be able to speak to anyone, due to being busy I had to cut off to leave my son's flat and was going to call again later.
When I got home, I showed my son the letter from Sarah Fletcher he himself was upset for some reason as me that she could take time to write this letter but not call us back. So, he then called this time he did get to speak to Sarah Fletcher and yes, he was upset due to what has been going on and said many times he was upset that she had not called and they spoke about the CCTV camera which my

2013 to 2015

son said he wants to appeal it having to be taken down. They also spoke about my son being moved out of his flat to a new place, Sarah Fletcher replied she cannot do anything to do that and the only way for him to move was by way of housing moves and he should sign up to that and nothing else can be done. My son did not explain fully as he was really upset. Sarah Fletcher also said that there had been complaints put in about my son but said it not the right time to address this and that would be addressed at a next time, so it seems that Enfield Council does address complaints from other people but not my son or on behalf of my son, as I am still waiting for replies to complaints that were put in **2014 and 2015** about my son's neighbours.
After my son spoke to her he passed me the phone, I asked why she had not called me back and was told that it not my tenancy, which I replied there has already been sent a letter of authority sent to Enfield Council some time back I believe it was maybe between **2013 to 2015** this was sent there was more than one of them sent which I can prove as they were sent via emails which I still have, which gives me Miss Lorraine Cordell authority to deal and speak to anyone at Enfield Council on behalf of my son and it would be on their systems as it was emailed and I knew they had it. My son at this in the background also said I have authority to deal and speak to anyone at Enfield Council and it's on their systems.
Due to my son speaking in the background I went to a next room to speak; my son came into the room and was going on about writing the letter of complaint about what had been going on and that she could end up losing her job if she did not deal with this correctly. It was at this Sarah Fletcher said she could no longer talk to me that my son had made threats towards her and told me to put it in writing what I wanted to say put the phone down.
I feel at this time Enfield Council is doing nothing to help my son they don't even want to speak to me so I can explain fully what is going on. My son is under the early intervention team and they are willing to help my son get moved as they themselves have seen what is going on. They would do this by way of writing a letter to Enfield council if asked to do so by Enfield Council.

- I would like to speak to someone as this cannot be left like this and my son is suffering due to all of this. My contact number is 07807 333545.
- I would like to find out if Enfield Council is willing to move my son due to the reason's in this letter and the help of the early intervention team.
- I would also like full dates and times that my son's neighbours have put any complaints in and what they have said he has done and on what date.
- I would a full report of any police reports that have been given to Enfield Council by the police about my son.
- I would like information as to how to appeal about removing my CCTV camera and be allowed not to remove it until this appeal has happened, as so far this is the only thing that has proven my son has done nothing wrong.

Regards
Miss Lorraine Cordell Mr Simon Cordell

Re: Formal Complaint due to letter dated 29/11/2016 this Formal Complaint is to be added to the Formal Complaint dated 24/08/2016.
Dear Lemmy Nwabuisi and any other person who is copied in this letter.
I am writing this letter on behalf of Mr Simon Cordell of 109 Burncroft Ave, EN3 7JQ regarding the letter you wrote dated the **29/11/2016** which was received on the **01/12/2016.**
I am not sure if you are aware there is an ongoing formal complaint that is being addressed by Mr Daniel Ellis from Complaints & Access to Information Team which addresses some of the information you have included into your letter, but I will be covering points in this reply and also forwarding it to the people it needs to be addressed to.
The 1st point I will address is the meeting you have set up for Mr Simon Cordell on the **06/12/2016** at 14:00 hours at Enfield Civic Centre.
I do not believe that it is justified to hold this meeting before the formal complaint is dealt with as stated many points in your letter has been covered in my formal complaint dated **24/11/2016,** also until I have the subject access request information dealt with and have a list of dates and times these so called complaints were meant to have taken place and the reports from police that have been sent to Enfield Council I do not think holding this meeting would be appropriate.
I have spoken to my solicitor in regards to this matter and on advice taken from him he has told me to give limited information until I have the subject access request, this is why my formal complaint did not have full information in it as my solicitor does believe we have a case to take legal action, and if any data is withheld as it was when I requested my last subject access request for all my information I will have to take this up with the ICO.
However, it does seem there is more injustice going on within the ASB unit and Enfield Council then I had proof of before you wrote your letter dated **29/11/2016.** There has been complaints put into Enfield council **since 2014** about Mr Simon Cordell's neighbours and what they were doing to him, Enfield Council and ASB unit took the option and done nothing, not even replied to my complaints, took no reports, and did not even looked at the video footage Mr Simon Cordell has of the noise, the banging the intimidation my son has taken from his neighbours, and the way they are doing all they can to get Mr Simon Cordell to move, the way he has been treated by Enfield Council by way of Enfield Council doing nothing to help him. You have been told many times the effect this is having on Mr Simon Cordell's heath yet still choose to do nothing.
Yet as soon as Enfield Council gets reports against Mr Simon Cordell you are willing to address these complaints. Once again I will say I feel this is due to reports the police have

put in to Enfield Council about Mr Simon Cordell, Meetings that took place with the Met police and Enfield council in regards to Mr Simon Cordell which Mr Simon Cordell knew nothing about until after the fact, and the colour of Mr Simon Cordell skin, why Enfield council have done nothing to address any issue Mr Simon Cordell was having with his neighbours regarding what his neighbours was doing to him.

Mr Simon Cordell has had his own place since 1999 and was housed by Enfield Council in 109 Burncroft Ave, Enfield, Middlesex, EN3 7JQ I believe in 2006 due to a fire that happened in his flat before this address, in this time Mr Simon Cordell had no complaints put in about him until **now 2016.**
You have written in your letter multiple things to be addressed which Mr Simon Cordell was meant to have done.
- "Include using threatening, abusive and insulting words and language, aggressively demanding money, intimidation and making threats towards your neighbours. It is also alleged that on **4th October 2016,** you banged on your ceiling and you later started to bang and kick at your neighbour's door. It is alleged that you were very aggressive and was shouting through your neighbour's door and that you then proceeded to drag his motorbike from where it was parked and started to smash it up".

At this point I will only say the above is untrue, once I have the information including all dates, times and complaints in order from my subject access request it will be at this time I will address each point of concern above.
You have also stated:
- "It is also alleged that your dogs are left by themselves all day and night barking and causing noise disturbances to your neighbours".

Mr Simon Cordell has had one dog only at his flat, when Mr Simon Cordell was housed in 1999, he had a dog, no complaints were ever put in re Mr Simon Cordell dog being left by herself all day and night barking and causing noise disturbances to neighbours and being neglected.
When Mr Simon Cordell was moved into 109 Burncroft Ave, Enfield, Middlesex, EN3 7JQ I believe in 2006 he had the same dog, when she passed away in 2007 he got a new dog same bred and since 2006 there has been no complaints by neighbours of Mr Simon Cordell leaving her alone all day and night or her barking all night and all day and him not looking after her and neglecting her, and her causing noise disturbances to his neighbours.
Mr Simon Cordell does not leave his dog all day and night she is always looked after, if Mr Simon Cordell is not going to be there overnight or for a long time during the day then the family look after the dog. So how someone can say she is left alone is beyond me.
Mr Simon Cordell's dog is looked after very well she has never been left all day and all night alone, and I feel very angry any person could ever say Mr Simon Cordell has ever mistreated and neglected his dog he is an animal lover as all our family are and we would never mistreat or neglected any animal.
Once again it seems beyond belief Mr Simon Cordell has had his dog and no complaints has been put in by any neighbours about the way my son allegedly mistreats and neglects his dog since **2006, until now 2016.**
It seems totally unbelievable my son could have his dog for so many years with not one complaint of mistreatment and neglect and now all of a **sudden in 2016** my son mistreats and neglect his dog leaves her alone all day and night with the dog only **now in 2016** causing noise disturbances to his neighbours. You can take that how it reads as I am so angry right now that any person could say the dog is mistreated and neglected, she is always cared for and loved and not left alone all day and night barking and making noise.

In fact, the dog that lives a few rows up barks more and makes more noise than Mr Simon Cordell dog does its always barking and making a noise so does this mean they are going to have action taken against them?
My son's dog only as a rule barks when someone comes into the building to Mr Simon Cordell front door and this is only for a short time until the door is opened for them, there is also the fact Mr Simon Cordell does not have many people at his flat the main people are his family, so his dog hardly barks at all.

Mr Simon Cordell for the last 3 years does not even go out of his flat any longer due to what has been going on, he once in a while goes across to the shop but that is not often at all and only when the family cannot get what he needs as they are busy. If Mr Simon Cordell has to go out for a meeting, he always has someone with him it has become this way due to how he has been treated by the Met police.
You have also stated:
• "Your neighbours have also alleged that you have installed a CCTV in the communal area with the camera pointing towards the main entrance to the block thereby making them to feel very uncomfortable when entering and leaving the block. Your neighbours have alleged that this is an invasion of their privacy".
I have already put an appeal in my formal complaint dated the **24/11/2016** in regard to the CCTV and I am awaiting a reply as to what information I need and how I address the appeal. I will say that the CCTV is for security, but so far has protected me due to malicious information that has been passed to people, but it was not installed for that reason but has helped in this the main reason it was installed was due to security.
But since the **14/08/2016** when the police themselves damaged the CCTV camera due to what they were doing to Mr Simon Cordell, it has not worked. So, at this time there is no CCTV in operation in the communal area of the block the only CCTV that is operational at this time is the ones inside Mr Simon Cordell flat itself. When Mr Simon Cordell was on a phone call to Sarah Fletcher on the **22/11/2016** she did say if the CCTV camera was facing Mr Simon Cordell's front door there would be no problem with that this is at this time being acted on.
It also seems that this complaint has come in very late as if any neighbours felt that this was an invasion of their privacy why was this not acted **on in 2013** when it was installed? Why has it taken them **until 2016** to say they feel this is an invasion of their privacy?
In fact I feel it has protected Mr Simon Cordell's neighbours there has been crime in the area and many break ins within the housing estate where everyone lives, yet not one person has been effected in the block Mr Simon Cordell lives in by crime and I believe this is due to the CCTV being there, and if anything happened to any of the neighbours in the block the police could obtain a copy. The CCTV camera does not show any neighbours living in the block, front doors or windows. And only showed part of the ground floor communal area leading up to Mr Simon Cordell's own front door.
It also makes us feel the only reason that the neighbours have now said about the CCTV is due to what they are trying to say about Mr Simon Cordell in these complaints, I feel that at this time the CCTV is the thing that protected Mr Simon Cordell against what the neighbours have alleged, why else would it have taken them over 3 years to say they now felt it was an invasion of their privacy?
As said in my formal complaint the police don't like Mr Simon Cordell and this has been for many years when the police go to Mr Simon Cordell flat he feels safer that the CCTV is

there as it shows what the police are doing to Mr Simon Cordell so makes him feel safer, has the police put a report in about the CCTV camera also?
As stated these allegations are very serious and I would like them addressed as soon as possible but until I have the information I have asked for so know what dates and times these complaints were put in I feel that Enfield council is only taking one side to this and that is the neighbours, as **since 2014** all my calls and emails and letter about my complaints re the neighbours Enfield Council has done nothing to help me or Mr Simon Cordell address this.
Mr Simon Cordell feels he has no option left to him but to move away from his home due to what has been ongoing for a long time with no one addressing it. He feels that is the only way he will feel safe again from what the neighbours are doing to him, yet Enfield Council have said they will do nothing about this to help him and while this is ongoing it is affecting his heath more and more.

Mr Daniel Ellis has said that my formal complaint should be addressed by the **14/12/2016** but is trying to compete this sooner, he has been told that no one within Enfield Council is addressing moving Mr Simon Cordell to a new address and this needs acting on as soon as possible as what is going on cannot be left with nothing being done as this is making Mr Simon Cordell's life hell living in fear, and so far I believe no one within Enfield Council is addressing moving Mr Simon Cordell to a new place, this is unacceptable by any means for Enfield Council not to be addressing this issue, I have made many calls and not one person has called me back to gather information or give me an update if anything is being done about addressing a move for Mr Cordell, so from what I can see once again Enfield Council is not acting in an appropriate manner.
I also believe when I get the information from the subject access request which can take up to 40 days this will incur more issues and I believe there will be data that needs to be corrected which Enfield Council holds on Mr Simon Cordell, as under the data protection act data which is held has to be 100% accurate, I also believe it will help to clear up much information that you have included in your letter.
I have also asked that any letters sent to Mr Simon Cordell are also sent to Miss Lorraine Cordell this was included in my email with the attached letters dated **24/11/2016** this has not been done with your letter why?
I would be most grateful if you could reply to this letter also including myself Miss Lorraine Cordell this can be done via my email lorraine32@bluevonder.co.uk

Dear Ms Cordell,
Re: Mr Simon Cordell -109 Burncroft Avenue - COM 1885.
I write with reference to your letters of complaint dated **24th November 2016** copies of which were received via email on **24th November 2016**, **5th December 2016** and **8th December 2016.**
I will respond to the issues you raised as follows.
1. Anti-Social Behaviour Order
We are aware that the police applied for an Anti-Social Behaviour Order (ASBO) which was granted on **4th August 2015** against your son in relation to activities that cations away from Burncroft Avenue. We are aware that your son is appealing against the ASBO and we are therefore unable to comment further.
2. CCTV
We can confirm that a letter was sent to your son by Sarah Fletcher, Neighbourhood Officer on **18th November 2016** giving him until **25th November 2016 to** remove the CCTV that he had installed on the internal communal door leading to flats 109 and 111 Burncroft Avenue and facing towards the main door of the block. We can also confirm that another letter was sent to him on **29th November 2016** by Lemmy Nwabuisi, Anti-Social Behaviour Officer in relation to complaints received from your son's neighbours concerning the CCTV. concerns a breach of tenancy conditions and will be addressed separately from this complaint.

3. Allegations of Anti-Social Behaviour

You referred to alleged issues that your son was having with his neighbours; however, you' did not specify which neighbours and or provide a specific time frame when these complaints were made. We have checked our records since **4h August 2015** and found two records of telephone complaints received from your son. One on **20h August 2015** and again on **26h January 2016** which related to noise and the issues he was having with a neighbour. These concerns were dealt with at the time by relevant officers.

We note your comment that your son has been a tenant for many years and that there have been no complaints about him until the publication of the ASBO against him on **4th August 2015**. However, our records show that since your son's tenancy began on 14th August 2006, there has been at least one previous complaint against your son from another neighbour prior to the ASBO.

We are aware of the alleged incident that happened on **4th October 2016** as this was reported to us and this will be addressed separately as part of ongoing Anti-Social Behaviour investigations.

We note your comments regarding the police and must advise that you take up any issues with the Independent Police Complaints Commission. We also note your comment regarding an alleged incident on **14th August 2016.** This was not reported to the Council and should be a matter for the police. We note your comment that your son is scared to go home due to the alleged issues with his neighbours.

Regarding the allegations of ASB against your son and the issues regarding his dog, we note your comment that you do not think it is justified to attend the meeting with Lemmy Nwabuisi prior to your formal complaint being addressed. We note your comment that you have been advised by a solicitor to wait for the SAR. We also note your comments

29,

21 November 2016
November 2016

in relation to the letter sent by Lemmy Nwabuisi on **29th November 2016** regarding reports of anti-social behaviour made against your son by his neighbours and that you will address these once the SAR is received. Please note that these allegations are serious breaches of tenancy conditions and will be addressed separately as part of an ongoing investigation. We have attempted to meet with your son to discuss the allegations made against him and give him the opportunity to respond. It is important that these issues are addressed, and another meeting will be arranged to facilitate this in due course.

- **Subject Access Request (SAR)**

The SAR that you have submitted is being responded to separately in accordance with required timescales.

- **Communications**

We are aware that you left messages for Sarah Fletcher on three occasions between 16 and **21 November 2016** and she was not available at these times. We confirm that she spoke directly with Mr Simon Cordell by telephone on **22nd November 2016.**

- **Housing Options**

As a single resident living in a one-bedroom property, the Council considers that your; son is suitably housed. We do not have sufficient evidence in relation to your son's allegations

of anti-social behaviour against his neighbours to be able to refer him for a transfer on the housing register.
He can make an online application himself to be placed on the housing register by visiting the Council Housing pages of the Enfield Council website at www.enfield.Gov.uk. His eligibility for transfer will then be assessed by the Housing Options team in accordance with Council policy and they will advise whether his application is accepted.
Alternative options to move are available to him through the mutual exchange scheme, where tenants are able to swap their home with another tenant, and the fresh start scheme, where tenants can be supported in moving to a private rented home. Dear Lemmy Nwabuisi and any other person who is copied in this letter.
I am writing this letter on behalf of Mr Simon Cordell of 109 Burncroft Ave, EN3 7JQ regarding the letter you wrote dated the **29/11/2016** which was received on the **01/12/2016**.

"Include using threatening, abusive and insulting words and language, aggressively demanding money, intimidation and making threats towards your neighbours. It is also alleged that on **4th October 2016,** you banged on your ceiling and you later started to bang and kick at your neighbour's door. It is alleged that you were very aggressive and was shouting through your neighbour's door and that you then proceeded to drag his motorbike from where it was parked and started to smash it up".
At this point I will only say the above is untrue, once I have the information including all dates, times and complaints in order from my subject access request it will be at this time I will address each point of concern above.
You have also stated:
"It is also alleged that your dogs are left by themselves all day and night barking and causing noise disturbances to your neighbours".

Mr Simon Cordell has had one dog only at his flat, when Mr Simon Cordell was housed in **1999,** he had a dog, no complaints were ever put in re Mr Simon Cordell dog being left by herself all day and night barking and causing noise disturbances to neighbours and being neglected.
When Mr Simon Cordell was moved into 109 Burncroft Ave, Enfield, Middlesex, EN3 7JQ I believe in **2006** he had the same dog, when she **passed away in 2007** he got a new **dog same bred and since 2006** there has been no complaints by neighbours of Mr Simon Cordell leaving her alone all day and night or her barking all night and all day and him not looking after her and neglecting her, and her causing noise disturbances to his neighbours.
Mr Simon Cordell does not leave his dog all day and night she is always looked after, if Mr Simon Cordell is not going to be there overnight or for a long time during the day then the family look after the dog. So how someone can say she is left alone is beyond me.
Mr Simon Cordell's dog is looked after very well she has never been left all day and all night alone, and I feel very angry any person could ever say Mr Simon Cordell has ever mistreated and neglected his dog he is an animal lover as all our family are and we would never mistreat or neglected any animal.
Once again it seems beyond belief Mr Simon Cordell has had his dog and no complaints has been put in by any neighbours about the way my son allegedly mistreats and neglects his dog since **2006,** until now **2016.**
It seems totally unbelievable my son could have his dog for so many years with not one complaint of mistreatment and neglect and now all of a sudden in **2016** my son mistreats and neglect his dog leaves her alone all day and night with the dog only now in **2016** causing noise disturbances to his neighbours. You can take that how it reads as I am so angry right now that any person could say the dog is mistreated and neglected, she is always cared for and loved and not left alone all day and night barking and making noise.
In fact, the dog that lives a few rows up barks more and makes more noise than Mr Simon Cordell dog does its always barking and making a noise so does this mean they are going to have action taken against them? My son's dog only as a rule barks when someone comes into the building to Mr Simon Cordell front door and this is only for a short time until the door is opened for them, there is also the fact Mr Simon Cordell does not have many people at his flat the main people are his family, so his dog hardly barks at all.

Mr Simon Cordell for the last 3 years does not even go out of his flat any longer due to what has been going on, he once in a while goes across to the shop but that is not often at all and only when the family cannot get what he needs as they are busy. If Mr Simon Cordell has to go out for a meeting, he always has someone with him it has become this way due to how he has been treated by the Met police.
You have also stated:
• "Your neighbours have also alleged that you have installed a CCTV in the communal area with the camera pointing towards the main entrance to the block thereby making them to feel very uncomfortable when entering and leaving the block. Your neighbours have alleged that this is an invasion of their privacy".
I have already put an appeal in my formal complaint dated the **24/11/2016** in regard to the CCTV and I am awaiting a reply as to what information I need and how I address the appeal. I will say that the CCTV is for security, but so far has protected me due to malicious information that has been passed to people, but it was not installed for that reason but has helped in this the main reason it was installed was due to security.

But since the **14/08/2016** when the police themselves damaged the CCTV camera due to what they were doing to Mr Simon Cordell, it has not worked. So, at this time there is no CCTV in operation in the communal area of the block the only CCTV that is operational at this time is the ones inside Mr Simon Cordell flat itself. When Mr Simon Cordell was on a phone call to Sarah Fletcher on the **22/11/2016** she did say if the CCTV camera was facing Mr Simon Cordell's front door there would be no problem with that this is at this time being acted on.

It also seems that this complaint has come in very late as if any neighbours felt that this was an invasion of their privacy why was this not **acted on in 2013** when it was installed? Why has it taken **them until 2016** to say they feel this is an invasion of their privacy?

In fact I feel it has protected Mr Simon Cordell's neighbours there has been crime in the area and many break ins within the housing estate where everyone lives, yet not one person has been effected in the block Mr Simon Cordell lives in by crime and I believe this is due to the CCTV being there, and if anything happened to any of the neighbours in the block the police could obtain a copy. The CCTV camera does not show any neighbours living in the block, front doors or windows. And only showed part of the ground floor communal area leading up to Mr Simon Cordell's own front door.

It also makes us feel the only reason that the neighbours have now said about the CCTV is due to what they are trying to say about Mr Simon Cordell in these complaints, I feel that at this time the CCTV is the thing that protected Mr Simon Cordell against what the neighbours have alleged, why else would it have taken them over 3 years to say they now felt it was an invasion of their privacy?

As said in my formal complaint the police don't like Mr Simon Cordell and this has been for many years when the police go to Mr Simon Cordell flat he feels safer that the CCTV is there as it shows what the police are doing to Mr Simon Cordell so makes him feel safer, has the police put a report in about the CCTV camera also?

As stated these allegations are very serious and I would like them addressed as soon as possible but until I have the information I have asked for so know what dates and times these complaints were put in I feel that Enfield council is only taking one side to this and that is the neighbours, **as since 2014** all my calls and emails and letter about my complaints re the neighbours Enfield Council has done nothing to help me or Mr Simon Cordell address this.

Mr Simon Cordell feels he has no option left to him but to move away from his home due to what has been ongoing for a long time with no one addressing it. He feels that is the only way he will feel safe again from what the neighbours are doing to him, yet Enfield Council have said they will do nothing about this to help him and while this is ongoing it is affecting his heath more and more.

Mr Daniel Ellis has said that my formal complaint should be addressed by the **14/12/2016** but is trying to compete this sooner, he has been told that no one within Enfield Council is addressing moving Mr Simon Cordell to a new address and this needs acting on as soon as possible as what is going on cannot be left with nothing being done as this is making Mr Simon Cordell's life hell living in fear, and so far I believe no one within Enfield Council is addressing moving Mr Simon Cordell to a new place, this is unacceptable by any means for Enfield Council not to be addressing this issue, I have made many calls and not one person has called me back to gather information or give me an update if anything is being done about addressing a move for Mr Cordell, so from what I can see once again Enfield Council is not acting in an appropriate manner.

I also believe when I get the information from the subject access request which can take up to 40 days this will incur more issues and I believe there will be data that needs to be corrected which Enfield Council holds on Mr Simon Cordell, as under the data protection

act data which is held has to be 100% accurate, I also believe it will help to clear up much information that you have included in your letter.
I have also asked that any letters sent to Mr Simon Cordell are also sent to Miss Lorraine Cordell this was included in my email with the attached letters dated **24/11/2016** this has not been done with your letter why?
I would be most grateful if you could reply to this letter also including myself Miss Lorraine Cordell this can be done via my email lorraine32@bluevonder.co.uk or my address which is included in the letters dated **24/11/2016.**

If they had the same choices again, would they do the same again?
15th August 2016: --
If they had the same choices again, would they do the same again?
I got wrongfully, detained by metropolitan police and sectioned under the mental health act 1963, section 2 of that act, the following day, and this got achieved due to Carron Dunno's lies. Below is a copy of some events that took place due to Carron. The date turned into the
15th of August 2016
and the question too me, was why did I get further detained?
No one would tell me why. I got bailed at around 16:30 hours and this was on the
15th August 2016
but I found myself not being released even low I done nothing wrong. All I did was sleep in the police cell, that I got placed and detained in, I can remember that at all times I acted in an uncivilized manner. The truth is in the whole time I was in police custody I did not get to see any police FME doctor, I also did not see my solicitors, who both,
I continuously, asked to see. In the police station I got left in my cell sleeping on camera with no problems of concern thought the whole of my detention, and this was while being recorded in police cell number three. This meant that I also requested food to eat at three different times and the food got served with additional drinks, I asked for a blanket as I was cold, and I got left with my shoelaces and belt on. I even remember I ask for toilet roll, to which this got given to me, in my whole stay I caused no concerns regarding my mental stability While at the police station all I wanted was Answers. Like, how did the police get involved in the start of everything?
No official person would speak and say, what was going on throughout my whole illegal detention and for what reasons they continued to hold me, straight after being granted bail, even though my continual request of asking the police officers. Throughout my whole stay in detention all I wanted was to see my solicitor and get interviewed and released as I done nothing wrong. Just, after this as said above the police handed me a bail form at around 16:46 through my cell flap, when I got bailed with no interview, when given the ball form there was two doctors and a Mental health worker also standing outside the closed cell door, who said to myself that I was being held under section 2 of the Mental health act. Without no assessment, a key worker named Maggie Fuller was present and still no criminal interview had taken place also I did not get a Mental Health assessed, legally, I reminded the doctors while in my cell about my prior complaint against them Pacific members, who I got talking to and their darkness swallowed me up: In that moment of time I said aloud to the Doctor I know who you are I have you on CD from February coming into my home and I also have a complaint in against you and continued to state that I done nothing wrong in my whole detention and it was bios for them doctors to handle my case with an ongoing complaint in against them I clearly remember their names to be Doctor: Albazaz AND Doctor: Amin alongside Sam and others such as Alan, on the
14th August 2016
outside the police cell I was being detained in Alan and Sam were not present but a woman who I understand to be Amp worker who has gotten named as Miss Maggie Fuller took their place. I got placed on a Section 2 of the Mental Health Act 1983 no matter of the stability of my Mental Health, any way and this got managed by the doctors who came into my house prior illegally, that I have on audio tape, shortly, after I got given my bail sheet through the cell flap and got completed without me being taken out of the cell. This got done to me, while being detained at the wood green police station Next, another independent police officer not involved in the past ongoing, came up to me, and told me that I would soon get **transfer**red to St Ann's hospital with no other option in the choice, I got picked up early hours of the 16th August **2016** and taken against me even low I done nothing wrong.

1. Referral details and any other precipitating factors

Sgt Ahmed from Wood Green Police Station referred Mr Cordell for a Mental Health Act Assessment after he had been seen by the FME following his arrest.
It seems that on 14.8.**2016** at approximately 17.00hours he was playing music loudly in his garden when the victim looked out the window. On seeing the victim Mr Cordell is alleged to have shouted "What the fuck are you looking at? I am going to kill you and your kids, another elderly witness is reported to have complained that he rarely goes out, nor does his family visit as he is afraid of meeting Mr Cornell and being abused by him. the police understand that numerous complaints have

been made to the Housing Services about his behaviour and he had previously been subject to an ASBO Order for one year.

2. Relevant social and medical history

Mr Cordell was a victim of sexual abuse as a child and attended SAFE under Dr Caplan for a long time. He was arrested for burglary as a young man and was remanded in custody in a Young offender's institution for a prolonged period. During this period, **he was discovered making preparation to kill himself by hanging.** It is recorded that he has used laughing gas and LSD.

He was arrested for organizing illegal raves It seems that he. may base his complaints for Police Harassment as he believes they have obstructed his ability to run this business. It is reported that he was made the subject of an ASBO, required to wear a tag and believed he could not go out at all for about a year. He was banned from visiting bams derelict buildings and factories and had a curfew. Medical: Mr Cordell suffers from Crohn's disease but does not eat properly to manage his symptoms and will not seek medical advice for this. In **2014** there were many deaths in the family from natural causes especially his grandmother to whom he was very close. He was assessed for admission in November 2104 but not detained. During this period, he spent many hours in doors his mother kept smelling gas, but no leak was detected despite repeated complaints. He felt very ill and spent some days in hospital. Sometime later it was discovered the gas and carbonmonoxy meters were incorrectly installed and he was without heating or hot water for 6 weeks.

3. Record of interview with patient (Include where it was conducted who was present and use of police if required during process)

Seen at Wood Green Police Station and interviewed through the wicket with Dr Albazaz, Dr Amin and the investigating officer Initially Mr Cordell refused to speak to us lying on the mattress covered in a blanket. He then jumped up and began to speak to us in a very rapid manner being very agitated and speaking right up to the wicket. He explained that he did not trust anyone and that the police had been doing what they could to ruin his business and find ways to arrest him. He said he had been framed by the police and had won one case against them and had one case pending. He said he taped everything that was said to him as he may need the evidence later. He talked about hiring large quantities of equipment for his raves that he has in storage even though there is no prospect of being able to use it at present He said the police had arrived at his home 15 strong and had ripped out his close circuit TV in front of his flat. He said he had been dragged off 2 weeks before for an injection but advised that he does not have mental illness. He said that 2 weeks ago the Police had arrived with a warrant and assessed for being Sectioned but that he was able to demonstrate that the evidence against him was false and that he was declared to be mentally well. He denied using alcohol or any illegal or street drugs. He said he would not consider admission to hospital as he is not ill. He claimed he is not able to leave his home and yet he is being charged with offences and that the police had doctored evidence against him.

4. Assessment of risk to patient and/or to others

Mr Cordell seems to have a history of deteriorating behaviour and feelings of persecution and since **2014** after the deaths in his family and the carbon monoxide poisoning. He has been taping everything and has Closed circuit TV outside his flat. It is reported that he believes the TV is talking about him. He has been depressed in the past and attempted to take his own life.

He seems to have some very grandiose plans to run Raves but no evidence that he has any funds for it.

It is not clear whether he has been taking other substances, has a mental illness or is a person who will constantly find himself at risk of repeatedly breaking the law and feeling harassed as a result.

He also seems preoccupied by his rights to do what he wants to do without seeming to understand the effect his actions might have on other people.

He is putting his tenancy at risk.

1. Consultation with Nearest Relative and process of identifying the Nearest Relative

Lorraine Cordell his mother is one of the few people he still trusts to support him. He has become dependent on her to do his grocery shopping or care for his dog. He has no regular partner or child over 18 years. I deem his mother to be Nearest Relative, she believes there has been a difference in him since he suffered carbonmonoxy poisoning in **2014**.

At the same time, she has been trying to help him with his complaints and appeals about the behaviour of the police towards and him. She told me that she can demonstrate that computer evidence has been changed.

2. Consultation with Assessing Doctors

Both Doctors were of the opinion that his pressure of speech and very challenging behaviour could be the result of drug use, mental illness or personality.

Even though he has been known to services for up to 2 years there is still no clear diagnosis.

3. Views of others consulted

FME advised that Mr Cordell had refused to see the Drug worker and himself. He had seemed very agitated and confrontational and had advised he be interviewed through the wicket

4. Mental Capacity Act 2005

Mr Cordell seemed to want to demonstrate his innocence and evidence that he was being unreasonably harassed. He had no concept that his behaviour would be seen as unacceptable and was in fact putting his tenancy at risk.

5. Reason for decision to make the application (including choice of Section)

Mr Cordell seemed to want to demonstrate his innocence and evidence that he was being unreasonably harassed. He had no concept that his behaviour would be seen as unacceptable and was in fact putting his tenancy at risk It seems that he is entitled to an Assessment that has not been possible in the community.

Simon arrested on the 15/08 on suspicion of threats to kill his neighbours and repeatedly children.
He was seen by FME at Wood Gren Police Station. Who requested MHA?
He was assessed by two psychiatrists and an Amhp on 15/8 – two Med Recs completed but Amhp made to complete application as no bed available

Summary of assessment

Patient's name: Simon Cordell Date of assessment: 16/8/16

1 Referral details and any other precipitating factors

Simon arrested on 15/8 on suspicion of threatening to kill his neighbours and, repeatedly, children. He was seen by FME at Wood Green PS who requested MHA and he was assessed by two psych & AMHP on 15/8 – two med recs completed but AMHP unable to complete application as no bed available at the time

2 Relevant social and medical history

Some years back on informal admission to psych hosp. More recently: outpatient basis CTO but seems not to have been successful in terms of clients engagement. MHA assts in Jan 16 & Feb 16 – no admission known about with drug. Supported by Mother. Has other families also living locally.

3 Record of interview with patient (including where it was conducted, who was present and use of police if required during process)

Client seen – interview room at Wood Green PS. Police officer stood outside the door. He was polite & cooperative throughout. He spoke quickly about a wide range of subjects and topics – mainly focussing on his plans & whatever, as well as past achievements eg in obtaining degrees/qualifications. Some of which he stated seemed quite unrealistic at times but I was unable to say this to him as although he seemed disappointed was not angry or aggressive. He spoke in detail I felt was persecutory way about how he feels harassed & "set up" by police. He denied making any threat against neighbours. Other things he said indicate he has negative feelings towards neighbours & would try to avoid his by moving house entirely.

4 Assessment of risk to patient and/or to others

Although Simon denies incident, police have arrested him for threatening to kill neighbours on 15/8.

5. Consultation with Nearest Relative and process of identifying the Nearest Relative

I understand Simon to be basically estranged from most of his family & his main source of social & emotional support is from his mother. I determine her as NR. I believe he has very little contact with father. I spoke with Lorraine Cardell and consulted with her. I informed her on phone of outcome of assessment & (recovery) context & consent & outcome.

6. Consultation with Approving Doctors

Approved doctors is present; clerk present MH Contract supportive of recital illness. Presented ideas about the police eg that police Hotels dangerous his CCTV cameras at his home. Withdrawn & believes TV talking to him. Pressured speech. Neighbours report escalation & his anti-social behaviour, loud music & verbal aggression. Declines mental illness & refuses informal admission to hospital.

Views of others consulted: Requests late assessment & hospital.

I spoke with Maggie Garrod - AMHP involved & earlier MHA ass 15/8. She said he had been aggressive & dismissive in cell & mutually refused to engage with assess. She said she believes he would benefit from admit to hospital. Escalation & his negative behaviour ending up MH being involved by police.

8. Mental Capacity Act 2005

No evidence to determine that client lacks capacity to make decisions regarding his mental health.
MCA not applicable.
MHA applicable.

9. Reason for decision to make the application (including choice of Section)

Two clear independent Med recommendations for s.2.
Arrested for allegedly making threat to kill neighbours on 15/8
- HTT or Ele community approach not viable given client's total rejection of any action that he might require MH workers' input.
- Client refuses to entertain idea of hospital admission...

Hand Type of Summery of Notes! Simon arrested on 15/08/**2016** on suspicion of threats to kill neighbours & children!

Summary of assessment

Patient's name: Simon Cordell — Date of assessment: 16/8/16

1 Referral details and any other precipitating factors

Simon arrested on 15/8 on suspicion of threatening to kill his neighbours and, reportedly, children. He was seen by FME at Wood Green PS who requested MHA assmt. He was assessed by this Psych. & AMHP on 15/8 – two med. recs. completed but AMHP unable to complete application as no bed available, at the time.

2 Relevant social and medical history

Some years back on informal admission to psych. hosp. More recently involvement from CTS but seems not to have been successful in gaining client's engagement. MHA assmts in Jan 16 & Feb 16 – no admission. Lives alone with dog. Supported by Mother. Has other families also living locally.

3 Record of interview with patient (including where it was conducted, who was present, and use of police if required during process)

Client seen – interview room at Wood Green PS. Police officer stood outside the door. He was polite & cooperative throughout. He spoke quickly about a wide range of subjects and topics – mostly to do with his plans & ambitions, as well as past achievements eg in obtaining degrees/qualifications. Some of what he said seemed quite unrealistic at times but I was able to say this to him & although he seemed disappointed was not angry or aggressive. He spoke in what I felt was a persecutory way about how he feels harassed & "set up" by police. He denied making any threat against neighbour (Ollie) though he said indicate he has negative feelings towards neighbour & would try to avoid him if by playing loud music.

4 Assessment of risk to patient and/or others

Although Simon denies incident, police have arrested him for threatening to kill neighbour on 15/8.

Hand Type of Summery of Notes!

Patient's name: Sharon Cordell Date of assessment: 16/8/16

5. Consultation with Nearest Relative and process of identifying the Nearest Relative

I understand Sharon to be basically estranged from most of her family & his main source of social & emotional support is from his sister. I determine her as NR. I made telephone contact with father & spoke with Barbara Cordell and consulted with her. I informed her of plans & outcome of assessment & necessity for admission & outcome.

6. Consultation with Approved Clinician

Approved clinician & approved clerk present at Centrum suggestive of mental illness. Discussed plans about the police applied after Helen changed her CCTV camera at her home. Withdrawn & believes TV talking to him. Presented speech. Neighbours report escalation in anti-social behaviour, hard music & verbal aggression. Denies mental illness & refuses informal admission to hospital.

7. Views of others consulted: Regarding collateral information:

I spoke with Maggie Garrod – AMHP involved in earlier MHA and 5/18. She said he had been appropriate & dismissive in call & mentally relaxed to engage with assessment. She said the behaviour he would benefit from assessment & his negative behaviours ending up with being sectioned by police.

8. Mental Capacity Act 2005

No evidence the detainee lacks capacity to make decisions regarding his mental health MCA not applicable.
MHA applicable.

9. Reason for decision to make the application (including choice of Section):

Two clear independent med recommendations for s 2
Arrested for allegedly making threat to kill neighbours on 15/8
HTT or Elec community approach not suitable given client's total rejection of any option that he might require MH service input.
Client refuses to entertain idea of hospital admission

He is a 35-year-old gentleman **transferr**ed from Woodgreen Police Station to HAW at approximately 04:30 hrs escorted by 2 ambulance crew in a secure van. It was reported that he made treats to kill his neighbour and 2 children. His mother alerted the police, who picked him up and arrested him. He is a known to MH Services, known to Enfield EIS. He was referred to private service, but they declined him due to lack of information. He has paranoid, bizarre speech. Was assessed by the Forensic Medical Examiner and felt he needs to be sectioned and admitted. He was reported to be on clozapine in the past, but stopped it and relapsed, reported to be an absconding risk and during his **transfer** in the van he has been chatty.
On arrival he appeared paranoid saying, " This is where I heard about, it's like a prison where you lock people up" He was reassured and was informed that this is a ward and he has his own room. He was welcome and orientated to the ward setting. Was offered night snack and drink, but he only requested for a cup of water. Bleep holder was contacted to come and accept his section 2 papers. Night duty doctor was also contacted to see the patient and she also came.
His vital sign was done at 05:00 hrs and reading were
bp=150
t=36.5
p=63
bm=6.5
w=72
h=175.5
He was given a welcome and recovery pack; his section 2 right was read to him which he understood. Section 132 form completed; ethnicity completed. He has been placed on 15 minutes observation. Since his arrival on the ward he hardly slept on his bed, rather interacting with staff and another patient, awake

I reviewed Simon on HAW with RMN Titi.

Simon stated that he has been very busy setting up his company recently. Spoke about working very hard and spending years 'studying'. He spoke in grandiose terms, describing his company as managing mental health services and working in the entertainment industry. He spoke about buying speakers for £50,000 each and hiring out equipment to Glastonbury and Isle of Wight festivals. Simon stated that he owns a 'city' and it is his job to understand the various roles that people have in society so that he can 'look after people'. When asked how he was able to fund these projects he described a system of fundraising using 'charity bars' and websites.

Simon denied making any threats to harm others and denied such thoughts at present. He denied any thoughts to harm himself. He categorically stated that he does not believe he has a mental illness, and that he has consistently refused to take medication in the past for this reason. He also does not take medication for physical health problems as he does not believe he needs it. Simon stated that his sleep is 'good' - sleeps for exactly 8 hours per night. Following mha asmt initiated on 15/8, two meds recs completed. amhp Maggie Garrod unable to complete asmt because no bed available.
I was informed at 23.50 on 15/8 by bed manager David Walcott that bed identified on Haringey ward, St Ann's hospital. I attended wood green police station at approx. 02.00 this morning, I spent approx. 40 minutes with Simon in interview room. I have read the s.2 med recs by Dr. Albazaz and Dr. Amin, and recent history on Rio. I spoke with amhp Maggie Garrod, and I have also spoken with nearest relative mother Lorraine Cordell. she stated that she is Simons only real social support and remains very protective of their relationship. In all circumstances of the case I think that detention in under s.2 is the only viable way to ensure that Simon receives appropriate assessment for his mental health, and that an appropriate approach might be developed to assisting him. Simon was adamant that he is not mentally unwell, and not in need of any mental health assistance, he stated that he feels that detention and admission to hospital is truly detrimental to his future, and would not entertain the notion that he might require mental health assistance. I informed mother of outcome of mha asmt and her rights as nearest relative. s.2 detention documents and amhp report handed to pss ambulance staff at 04.00 this morning, and they agreed to transport Simon to Haringey ward. Simon has been bailed by police and is in possession of the bail sheet. Amhp report completed and uploaded.

Getting illegally
Taken to saint Ann's hospital!
On the 16th August 2016
I remember: -
Getting taken to saint Ann's hospital, with me telling them involved; Stop, No, do not do this to me, I am off; well mind, and body and soul and I have hurt no person, including myself. I got petrified, by their decisions. On the
16/08/2016
at the police station a single Amp worker visited me, I got detained at the police station for about 28 hours.
The time was around 03:30 hours, he took me on his own and said that I was to get moved to St Ann's hospital at around 04:00 hours, when I asked why he replied by saying to me, that he was going by what the two previous doctors reported to him, I explained the true on goings at to him and continued to explain to him that I already have a complaint against the same Doctor prior to this incident and it makes the Doctor Bios and Prejudice towards any case relating to myself and that this should not get allowed to happen, he knew, that I was well of mind, but this got noted by him, with no change in his decision. To get assessed under the mental health act I would have needed to get spoken to by two different doctors present at the same time this must also be in the substance of an interview with an AMP worker present "as to mean out of my cell", this never got done, I never got taken out of the police cell and spoken to by two doctors or even asked if I would speak to the doctors and an AMP worker. The police and doctors at this stage illegally, kept me in detention for over 20 hours in a police cell waiting for my solicitor, so I could have my interview. I never saw my solicitor in all the time I got illegally, held captive, I only spoke to a solicitor once on the phone at my request and this got achieved after 20 hours of being a police station detainee, wrongfully, might I add. I got taken from the police cell at around 3 to 4 am on the 16th August **2016** and taken to St Ann's hospital, after being held in the police station from the
14th August 2014
and still I had not got assessed or seen by Two doctors outside of the cell and an Amp worker together, as required by law. After arriving at St Ann's Hospital at around 5:30 am the SHO duty doctors see me alone. In me trying to explain to her that I was not a danger to myself or any other person and that the allegations were wrong for threats to kill against myself and that I was being detained for no apparent reason. While waiting for a room in the hospital after being spoken to by the SHO, a gentleman awoke from his room and walked into the communal area to where I was, he plonked himself on the pool table I said hello to him, he seemed overdosed on medication to my concern, he became over abusive in my presents towards the staff and soon after other patients appeared in the communal room awaiting to go in the garden, I soon after getting introduced to my room and dropped off to sleep, I awoke for lunch and dinner and latter toast. Not one, neither two

doctors were present. When I got **transfer**red, illegally, too St Ann's Hospital I spoke to no one other than a single duty SHO with a nurse present. In reference towards my mental stability I have never had to take any medication that got prescribed to myself by my local GP /doctor regarding Mental Health issues as there has been none need, however since I got completely, setup on the

14th August 2016

by Carron Dunno I then got forced to take medication. From the first day of my arrival at the hospital while being in the mental health team's care, medication was on a daily, basis, to get forced upon myself to get taken in tablet form by the home Teams Medical Professional. I had to deceive the doctors that I took them for them not to fry my brain with unneeded medication, or they said that I would never go back home again, they tried to force psychotic drugs and Antidepressants into me. After me, waking up from going to sleep in the early hours of the

16th August 2016

at St Ann's Hospital I had still not legally, gotten assessed. I woke up at 06:00 pm as I feel to sleep at about 9:00 am and ate my lunch and so forth. Soon after I used the toilet and then damaged my fingers at around 6:30 pm when I asked for medical help, I needed I did not get treated correctly?

When I showed the staff on duty that I needed emergency medical help, I got told to wait for an Hour and soon learnt that 7:30 would be the time of staff change over. I explained what had happened to the next shift around 8:00 pm who then explained to me, I need to wait for from the doctor the next day. When I got released from hospital, the Laceration had 95% healed and I still have no movement, off my finger to date, so I started to studding about the damage to my left finger I learnt I had cut the function of the extensor digiti minimi, which controls the movement off the little finger. This lack of movement in my finger is because when the muscle moves, it forces the little finger to bend and stretch. Sudden or unexpected movement of the finger or trauma to the finger can easily, damage the muscle as any doctor should understand. I tried my best to keep traction in my finger so to keep the little finger from not moving again but this never helped me. Till date, I have still got no movement, and the Lacerations was 2 cm in width and slowly, healed well, the Laceration had got contained along the proximal phalanges which is the bones that can get found at the bottom of the right-hand finger, this problem causes me great concern as I am now disabled by it not being treated, and in disappear that I will never regain the use of my little index finger. On the

16th August 2016

I also got asked to provide blood for my sugar levels and to take part in my temperature test I explained I got happy, for this to get done and it got completed by the doctor. I got weighed in, so I do not understand why latter the doctors, stated in their reports that I never allowed the tests to get carried out. The doctor asked me to take an ECG test on this date and allowed permission for it to get granted and it went ahead, the latter in the evening I waited outside the locked staff room to speak with staff again about my finger, when I noticed a gentleman who I saw for the first time earlier in the day, he placed himself on top of the pool table. I said hello to him, and he verbally, bit my head off by shouting at me; do I know him and continued to say the following; do not talk to him, he wanted to challenge me in an intimidating manner, so I never reduced myself to his level, I clearly remember that he threatens me. Another inpatient walked over to me and showed me his own ear while this had gone on, in looking at his ear I noticed a vast amount of physical damage that required previous medical treatment, it contained a lot of stitches and was wiping from being so badly, damaged and the weather being hot. The pain, with his ear, hurt, this is what he explained to me, he continued to explain that the gentlemen now arguing with me had been the person who attacked him and further warned me to be very careful of him. I felt, so sorry for him and could clearly see his pain, he continued to explain to me that I must take caution, due to the other men's rings on his hand, as this caused the damage to him, by this time the hospital's staff took a control over the well medicated man and took him away from us all, I then walked back into my room.

At my first true assessment: --

At my first true assessment what was on the

17th August 2016

held at St Ann's Hospital, my mother and uncle was present, Alan was once again also present, the woman who came to my flat, so to gain entry with a wrongfully, filled out section 135, under the mental health act, I explained to all present when I first noticed this at the start of the meeting, what I explained was that it was unprofessional for her also to be present, the reason I gave, was: she will be bias towards my case, as at that point in time I realized, she was attempting to handle my case file and with this being even low, she herself, understood that I had an official complaint in progress against her person, and other members of her fellow work colleagues, also I would like to further the facts that as I done this, she accepted that I was right and agreed with me that it would be best for her to leave the meeting, to which she did towards some form of satisfaction of the first right doings for me while being detained. The official complaint I have in place, is in fact for another occasion at my home when the same named professional's acting government representatives / people dealt with me in an undignified and unfair manner. I explained my rights and feelings to them and I explained to them all that they should not do this to me, and every person outside the cell door, walked away for a while, for them to come back to the cell flap, I was still being detained in: five minutes later, and say to myself, once again, that I am still being sectioned. In me knowing that I got treated wrong, I also contacted the MP's with my mother.

A copy of the recorded audio CD minutes when the same named doctor's illegal entering my home premises, under force grounds, this was in

February 2016

that got contained at the bottom of this document and contained in its context is a full admission regarding my statements of a gained warrant to enter my home and detainee me under the Mental Health Act.

Transcribes go here: --

They wanted me to lose more than just, my finger: -

I personally, and rightfully, understand I had my first true assessment 72 hours later on the

17/08/2016

when I saw two true doctors face to face for the first time to even have true assessment, my mother and uncle was also present at this meeting. While at the police station and being held as a detainee on the

14/08/2016

right up to the

16/08/2016

I have no Mental Health issues. In St Ann's Hospital I was in full good Health right up and till the

17/08/2016

when I used the hospital toilet as I walked in to use the toilet I slipped on the wet floor and fell forward causing both of my small index fingers to snap forward, this caused me a large amount of pain. The toilet got left to be in a foul, sort of manner since I arrived at the hospital and had not being well maintained thought all the days, that I got held against my free will as a patient, as to them was large amounts of human waste otherwise known as urine around the floor and on the toilet seat most days.

On the

17th/08/2016

I clearly remember there being no warning safety signs up in place outside of the toilet on any of the days of my stay, this also include no form of maintenance. I got upset because of the lack of warning was careless on the hospital's behalf, as I or any other person walked into the toilet room, as the hospital did not prior warn any person of such fault or lack of schedules or upkeep of them schedules such as a sanitary policy being managed to an optimum level of services. When noticing the damage that got caused to both of my fingers on both separate hands, I worried with concern as for the needs that I have for them, I care for my hands as they provide my abilities to earn a living. Once I realized what happened to me,

and the cause of me to sleep I got up and headed straight to the staff room and reported the incident, I asked for it to get drafted into the Hospitals accident and report book and to have the Emergency medical provisions that I required, it got explained to me that I will have to get the staff doctors to deal with the issue the next day to my pain and upset. I was in a huge amount of pain with the injuries to my fingers that I received while being detained at St Ann's hospital and could not receive the standard of medical care I would have normally, received if I could have attended on my accord to an emergency hospital that would have also have available surgeons with an x-ray machine, that I would have visited if not being held against my will. Now, because of this accident, I cannot use my right finger anymore, because of this neglect by professionals inclusive of deceitful lies made by Carron Dunno, I will agree as I believe anyone else's will who pays an interest into the true facts that I get upset within the real events of occurrences of what I got accused of and have suffered through I therefore believe strongly, I want legal action and support of my local council Enfield and any other official governing body in resolving the problems at least in my favour. In further regards to my welfare and eradication, while in detention at the hospital all I wanted was the medical help I urgently, needed and wanted and also to know why I got sectioned with a full understanding to why and under what grounds I suffered the torture of events, a clear breach of my human rights article three, as no person should get placed under the circumstance I got presented with especially, under the same conditions, to strengthen the reason this should not of happened at any point of time a risk to myself or any other person and I believe under section 2 you need to be a risk to yourself or others. I kept asking questions such as in this document, with no fair response. On the

17th August 2016

I had still been getting Illegal detained, up and till the first official 72-hour meeting that got held, what was the first true assessment with any two-doctor face to face and this took place at St Ann's Hospital not the police station. I broke my fingers inside of the hospital's site, and no nurse or doctor would take me to the outside hospital for an x-ray. This happened in St Ann's toilets while under their duty of care from the 16th August **2016** at around 6:30pm, when after the incident staff would not update the incident report book when I asked. My mother attended the first true meeting; 72 hours after I got detained, with my uncle also being present; When a woman who is a care worker; had to leave the meeting taking place at the hospital, this got done due to their already being an official complaint put into place regarding her and others attending my home address in February. The meeting went ahead without the Mental Health worker being present and no matter what me my mother and my uncle explained the doctors planned to keep me. Later when back to the hospital wing all alone, I got forced to take Lorazepam and got given a pilaff leaflet because I complained about being prescribed medication blind, asking for one. I explained that I did not need to take the medication and that I already have a good sleep routine in place, I do not need an alarm clock, as I get up perfectly, fine by myself at 5:30 am each morning. In overlaying my opinion, I also explained that I am a tidy person and like to keep, washed and clean by 6:00 am and this means that normally, by 6:30am, I am ready and delegated to finishing of my agendas towards my companies' best interests, and back to sleep again by 10:00 pm.

Haringey Ward CPA Review Meeting CORDELL, Simon P (Mr)
MHA Status: Sec.2
Community Team: Enfield Community EIP team

Present: Dr Humphreys (SpR), Dr Mumford (F2), James (student nurse), Amal (care-coordinator), Mother **Discussion with professionals:**
Notes reviewed from admission clerking and progress on the ward. Section 2 papers reviewed.
- Amal: Went over history with us, paranoia surrounding neighbours, has been arrested with alleged threats to kill neighbours and their children
Interview with the patient:
Simon came into the room loud and frustrated that he is held here under section.
Simon is not engaging with questions, talking rapidly about his business ventures, lots of derailing talking about unrelated themes.
Saying he was held hostage in a call and was held illegally. Repeatedly talking of a CD, he has which holds a recording proving that the warrant was illegally served.
Claims he has bought a lot of expensive equipment to start his new festival, and his new business ventures. Says he got the money from selling some of his own possessions such as scramblers and inheritance from his Nan.
Simon denies any wrongdoing categorically. Saying that he is being persecuted, says the section 2 is wrong and was conducted illegally.
Denies he was assessed under MHA. Denies that anyone spoke to him with regards to a mental health assessment.
Simon began accusing his mother of trying to get him put away because she has not written a full appeal letter. Became extremely irate, shouting at his mother saying 'is this what I mean to you, I will never speak to you again'
Admits being on bail for threats to neighbours. 8/10/16 is his court date. Claims he is being set up. Says to us he was accused of saying 'fuck you I will kill you' to neighbour but denies this ever happened. Claims the police continually changed their story regarding where he was when this incident occurred.
Asked about energy levels - reports being up every morning at 6am, says he works all the time.
Reports physical health is good. Simon has Crohn's disease.
Claims he is not a danger to himself or others.
Says the police are claiming he is other people.
When explained that he is held under section 2 and won't be released as there is an ongoing period of assessment Simon became extremely angry, stood up, pacing up and down the room, shouting loudly, does not think he is unwell.
Simon then left the room for a period of time, heard shouting in the corridor, then asked to return to room, said he would calm, he quickly started shouting at mother and uncle who also shouted back. Explained we wanted to give anti-anxiety medication called lorazepam, Simon became very irate saying we were trying to 'stich him up' we were trying to 'end his life'. Extra nurses had to be called and Simon had to be escorted from the room.
Collateral from Mother
Mother also claims that the police unplugged the CCTV outside his house. Claims that son is not paranoid about the police, claims they have persecuted him for over 20 years, always send 15+ police to his house when they want to speak to or arrest him. Claims there have been numerous arrests of Simon where he has been innocent, but they have charged him. Claims that he should not have been found guilty of throwing an illegal party for his friend.
Reports got carbon monoxide poisoning in **2014**, feels that's when his health deteriorated.
Mother does not want Simon to receive injections. We have explained we cannot guarantee this, and there may be some emergency situations we need to give injections where we will not be able to guarantee that we can inform

them before but could inform them after. We have explained that if he repeatedly refuses tablet medications, we may need to consider long term injections as treatment, however we would discuss this with them first if possible, and this would depend on his mental state. Also explained that if lorazepam is not sufficient by itself, we may need to consider further treatments i.e. antipsychotics.
Mother reports Simon often thinks things said on the TV are about him, and if you tell him otherwise, he gets very angry.
When discussed with family on their own, mother and uncle did express the view that Simon is unwell. Saying he seems 'manic'.
Brief mental state examination:
A - Appearance, slightly unkempt. Erratic behaviour S - Pressured speech, rapid rate, loud volume. De-railing and tangentiality.
M - Simon is angry and frustrated at being detained. Seems hyper-aroused, shouting.
T - Thought disorder present. Paranoid delusions. Grandiose delusions.
P - No obvious abnormal perception although cannot be sure.
C - Cognition not formally assessed. Orientated to time place and person.
I - No insight into mental health

Haringey Assessment **Ward Duty Dr Bacarese-**Hamilton, CT3
Attended the ward to offer Simon physical, ECG and blood test. Simon was seen in the quiet room; his girlfriend and mother were also present. I offered him physical, ECG and blood test and explained the rationale and benefits however Simon was adamant that he did not want any of them. He said he treats his body like a temple, does not use drugs or alcohol and he is physically well. He will not be accepting any medication so does not need an ECG. Explained he can approach staff members if he changes his mind.

Plan

- Day team to offer him physical, ECG and blood test again once he is more settled.

1:1 Session Simon approached me this morning stating that he wants to talk to me. I obliged him and went to his room to talk to him. According to Simon he does not think he is ill, and he now went on to say that there is a dead rat in behind his room. I asked him the exact location and he replied, "just by my window". I went to investigate this and saw the rat by his window. I reassured him stating I will immediately inform Estate and Facilities. Logged in on Estate and facilities website. I informed him that this has been done and will be cleared ASAP. He seems happy about this.

An ECG test on this day and I got more concerned with my fingers on showing them to the Junior Doctor; he was very pleasant but did not send me for x rays as I needed and clearly requested. On the

I again asked for the incident report book to get updated, so as for any person to explain the damage caused to my fingers. When on the
18/08/2016
at around 11:00 am I showed a doctor the damage to my hands, fingers, the reason I gotten given the opportunity to show a doctor was because, he asked me to take part in some routine checks, such as checking my heart rate, I showed the doctor the damage to both my fingers, I also expanded to the doctor the pain I was in and therefore suffering and that I required emergency help such as an x-ray?
It got explained to me that even low my left finger looked snapped they believed it to have swollen, I knew this not to be fluid in my left finger and for it to be part of my bones snapped, it also got explained to me, by the doctor, that my right finger will heal and gain movement over time to which it still has not and never will again, at the time I challenged this to the maximum extent. When Comparing the snap to both of my small index fingers, I class my right finger to be a lot worse, being that I have lost full control of it and can no longer use it, not having any use of my right small finger has a large effect on my daily life for incidence I can no longer write with a pen as I once could and I also find that I have issues with picking anything up as I once could before. In me continuing to report my concerns about my well-being, too my fingers with no true aid in emergency medical help apart from being prescribed ibuprofen an anti flamer tries and having my fingers taped together. Any person can clearly see the break in my left finger to date. I, am still in continuing pain due to the way it has repaired incorrectly, and this is due to the lack of duty to or of care, I know this has caused lifetime injuries to my abilities of my hand causing the absence of any use from my left small finger, this upset me as I now am disabled due to this accident and I know if I had my liberty at the time I would have received the medical help I needed, relating towards my Health. Also in me explaining to the doctor that I was not happy with taking Lorazepam in the morning and day times, as I needed to work on my statements for the up-and-coming appeal, he agreed, so that I would only have to take the tablets at night, to which made me happier, that night when going to take the medication I noticed a white tablet rather than a blue one like what got given to me, the night before and asked the name off the medication prescribed from the prescriber and I got told clozapine tablets, which is an antiseptic medication. I asked if the dosage was stronger than the blue tablet and if they had the same effect and I got told no, to which I still had never taken the blue tablet before. Nobody gave me a mandatory pilaffs leaflet nor a consultation regarding the medication change, so I made a phone call to my mother and explained all to her, she, after phoned the hospital with her upset in a consultation about the issues raised concern. Another inpatient was waiting to speak to staff on this day and I waited outside of the staff room, the office door got closed to ajar, in him waiting the troublemaker from the 16th of August, caused conflict. He deliberately, caused a negative interaction when he came along and started another altercation with the standing inpatient, this made me worried about the standing inpatient, and other patients inclusive of mine and the safety of all the medical staff's team, then straight after that instance the trouble making, inpatient, got restrained by staff and I headed back quietly into my room.

Offered a Simon bloods, physical and ECG, Simon consented. Bloods were taken aseptically and sent to NMUH
ECG showed Normal sinus rhythm
Examination: pulse 76bpm, warm and well perfused, cap refill <2 secs.
No signs of anaemia, no central or peripheral cyanosis.
Heart sounds normal, no added sounds.
Chest clear.
Abdo soft non-tender
No calf swelling or tenderness.
Neurology not formally assessed but grossly intact.
On 5th finger of right-hand patient has a small laceration, appears clean, no erythema or pus, probably a couple of days old, unsure how he did it. Patient concerned that he has cut through his tendons, i have reassured the patient that the cut does not appear deep enough for this to of happened and that his range of movement if limited only by pain.
On the 5th finger of his right hand, Simon has swelling over his DIP a black appearance around the cutical which looks like dry blood. The joint is not hot to touch and there is no obvious erythema. Range of movement is slightly limited by pain during active movement however it is only mildly tender to palpate and range of movement if full during passive movement.
Reviewed by Dr Rudra - agrees with assessment. Simon reports falling on finger yesterday and has been swollen and painful since. Poor ROM (active and passive). Currently on section and new to ward, agreed to remain on ward so that mental state can be monitored. Currently not for A & E as not emergency. However, have neighbour strapped finger and consider sending for XR with section 17 leave if no improvement next week. Simon was happy with this and agreed to plan.
Imp: Likely bruised DIP Plan:
1. Chase bloods
2. Paracetamol PRN
3. Neighbour strap swollen finger

Review in 5 days, if no improvement consider: x-ray of the left 5th finger

St Ann's
Hospital: --
I got awoken early in the morning and prescribed sleeping medication to my surprise, lucky for me I checked on the internet about them beforehand. It got agreed prior that I did not have to take any during the morning and at midday right up and till the night time, I accepted to take any medication as I prepared myself for my tribunal. My Solicitor arrived at St Ann's Hospital and we took part in a meeting regarding my tribunal. On a next ongoing is when I had to collect my tablets, which should have been Lorazepam, but once getting prescribed; I received a new tablet with no assessment or spliffs leaflet once again. It looked different to all past up-to-date ones that got given to me. I once again asked who prescribed

them in my absinth and got told my clinician, whom I never saw yet or/ seen, I asked the name of this tablet and got told Olanzapine I once again phoned my mother for help, after refusing to take it and looked on the internet about the effects, regulations and laws on prescribing medication, to notice many incorrect procedures and a vast majority of people explaining on YouTube that Olanzapine should get taken of the market to my worry, especially, since I do not suffer with bipolar of psychosis or any other related prescribed diagnoses the medicine gets used for.

Mental state: Simon appeared calm in mental state presentation at the start of the shift. Spent quality time with others in the TV lounge and garden for fresh air.
Nutrition: No concern with food and fluid intake during the shift.
Medication: He was very difficult with compliant with his prescribed medication. He refused the 5mg Olanzapine prescribed for him at night. He accepted taken 1mg lorazepam after much persuasion but later came back to request for the names of both medications prescribed for him. Half an hour later again, he came with complaint that he might be having side effect from medication that was refused. He was reminded that he never had the medication Olanzapine and he cannot have any side effect from what he did not take. He went further to say, may be its from 1mg lorazepam but staff re-assured him that he's not having any side effect but need to calm down and relax in his bed. He eventually settled down and slept. Still sleeping at time of this entry.

Asked to chase blood results however the lab noted the bloods had been taken on 18/08/16 and that the results should have been requested yesterday via the results line, which does not run on the weekend.
They reported his phosphate was slightly raised at 0.84 but said all other results were within normal range.
They advised the line needed to be kept free as it is A&E emergency line and advised us to get the results on Monday via the results line.

Mental state: Simon appeared calm in mental state presentation at the start of the shift. Spent quality time with others in the TV lounge and garden for fresh air.
Nutrition: No concern with food and fluid intake during the shift.
Medication: He was very difficult with compliant with his prescribed medication.
He refused the 5mg Olanzapine prescribed for him at night. He accepted taken 1mg lorazepam after much persuasion but later came back to request for the names of both medications prescribed for him. Half an hour later again, he came with complaint that he might be having side effect from medication that was refused. He was reminded that he never had the medication Olanzapine and he cannot have any side effect from what he did not take. He went further to say, may be its from 1mg lorazepam but staff re-assured him that he's not having any side effect but need to calm down and relax in his bed. He eventually settled down and slept. Still sleeping at time of this entry.

Simon requested to speak with me. Had 1:1 with him to enable him to ventilate his fears and anxieties. He complained about his admission as he feels it was unlawful for some of the mental health professionals who came to his house to assess him as he has already made a complaint about their attitudes and have recordings OF the visits. He also informed me that there is nothing wrong with him to be in hospital and to take anti-psychotic medication. He has been told that he will be given injection if he refused his oral medication after he has been seen by the consultant. He just wants to be discharged to continue with his business plan. After explaining to him about the reasons for his detention and the benefits of taking medication, also the longer he refused will prolong his stay in hospital. With a lot of reassurance, he agreed comply with medication if the consultant asked him to do so.

Conversation with Simons mother
Explained current treatment plan and mental state. Agreed Simon is taking the lorazepam however it has not made any notable change to his mental state. Explained that the next stage is antipsychotic medications as was stated at our first meeting. Mum says that Simon will refuses to take these, and she denies that he is delusional or paranoid. Simon continues to decline his antipsychotics as he does not think he needs them. We have explained the signs and symptoms that Simon is exhibited warrants the use of antipsychotics to prevent further deterioration in his physical and mental health. We have explained that if Simon continues to refuse tablets the next stage would be an injection. Simons mum asked about when or if he will be moved to another ward, we explained that this depends on Simons progress and how long it takes to make a fuller assessment of his needs. Simons mum was concerned with the lack of activities on the ward and she feels this is contributing to his bad health, she says the only time there was an activity on the ward was when the solicitor on the ward and she felt these two things were linked.

Simon at about 21:35hrs was called for his prescribed night medication. He was given his 1mg Lorazepam and 5mg Olanzapine tablet as prescribed for the night. He refused the 5mg Olanzapine, with claim that ward doctor that prescribed the medication did not discussed Olanzapine with him. He also went further to contradict himself that same prescribing doctor has instructed him that he doesn't have to take any anti-psychotic medication. Nursing staff then tried to explore the reason why he doesn't want to take his medication; Perhaps due to taste or difficulty in swallowing, so that alternative route could be explored when feeding back to the MDT during white board meetings. Instead of listening to the staff talking to him, he claimed to have taken picture and recording the staff present during the interaction. At this point, the staff asked him to delete the content if he had actually done that because it's not with his consent and it's not an acceptable practice. Instead of deleting the content of what he might have taken, he ran to his room to phone his mother, that he was being advised to take his prescribed medication against his will and that he could be given injection if he continues to refuse medication orally. The mother then phones the ward to inform the ward staff GD that her son, if going by the previous judgment they have got from the Supreme Court. Simon has the right to record any interaction at any public place, in which hospital is one of them. The mother went further to inform staff that she has spoken with the team doctor (no name given) about her son medication and that it was an agreement that Simon should only be taken 1mg Lorazepam now while subsequent medication review has to be weekly. Hence, they have not done further review, no staff should encourage son to take any anti-psychotic medication prescribed on the ward. The mother claimed that the said doctor and her were of the opinion to wait and see how Simon reacts to Lorazepam before he can think of taking any other medication. In addition to the above, Simon himself played the audio recording of interactions with doctor and social workers from the previous encounter, when trying to delete the one he did tonight. He then claimed that he has not present this recording in the court because he doesn't want that social worker in the recorded content sacked. However, the shift coordinator advised the mother to work with care team in a way that could enhance the best interest of Simon. Also, to encourage son to be compliant with his treatment plan as an inpatient on the ward. Furthermore, Simon to stop recording and taking picture of caring team without their consent because, it's not part of treatment package.

  Simon has spent his time between his room using his laptop and communal areas of ward sharing use of his laptop with others.

I am writing this letter after speaking to Dr J Cranitch today 23/08/**2016**,1 Believe that she is still under the impression that I have been charged at the police station on the 15/08/**2016** for threats to kill and I have a court date of the 04/10/**2016**, My mother has contacted my solicitor to ask for them to write a letter to confirm that I have not been charged, which they will do and this will be ready by Friday.
This is not the case as I told Dr Humphries on the 17/08/**2016**1 have not been interviewed by the police for this as of yet and have not been charged for anything by the police, the police was told when I was being held at the police station that I have CCTV which will prove this, as 1 did not leave my home on this day.
In fact, when the police attended my home before I walked out of my flat the police realised that they were being recorded and ripped the wires out from my CCTV which there was no need to do if they did not have anything to hide. Also, when my mother and uncle came, they also recorded everything the police were doing.
I did explain to Dr Humphries this and what went on in the police station thereafter when I was arrested. When at the police station I was not a risk to myself and never said anything that would have made the police think I was a risk to myself. I was left in my cell with all my clothing **and** shoes which **included laces,** if the police had **any** concerns of my welfare these would have been removed.
As anyone would be, I was upset at being arrested for something I did not do when the mental health team came to my cell, I had been in the police station around 20+ hours. And all I wanted was to have my interview and be released so when I

saw the mental health team and they asked me if I would talk to them I did not understand why they were there and said no due to just wanting my interview, my solicitor was there at this time.
When talking to Dr J Cranitch she wanted me to agree to take my tablets which I agreed to do and work with them.
When Dr J Cranitch asked me if I won my court tribunal would I be willing to stay in hospital voluntary. I was happy to say I was willing to work with the doctors.

86

Since **2014** when I had contact with the mental health team, I have never said I would hurt anyone or myself, I was only discharged from the early intervention team 3 months ago and if they had any concerns I would not have been discharged.

Simon appears generally settled, remains consumed with same preoccupations which he relates with pressured, uninterruptible speech - wants to formally apply to view his medical records, says he wants to make complaint about his 'illegal assessment' whilst in police custody and his current detention under MHA 1983, refutes that he is unwell
Simon has spent his time between his room using his laptop and communal areas of ward sharing use of his laptop with others. Meals attended. Visited by his mother and sister.

Consultant Review
Present: Dr Julia Cranitch (consultant), Dr Rosie Mills (ST4), Tracey (ward nurse), Zoe (medical student), Simon (patient)
MDT discussion:
We reviewed Simons history and events around admission on RiO notes and MHA papers.
Interview:
Simon joined the meeting, everyone introduced.

1. Simon told us that he has researched the members of staff in the meeting online and by asking people, he thought that Dr Cranitch had worked in south America with a children's charity. We clarified this with Simon, he had obtained some incorrect information from google and linked in etc.
2. We explored with Simon the events leading up to his admission, this was quite difficult to achieve coherently as Simon frequently jumped from topic to topic and also would focus on events that had happened months and years ago, required a lot of prompting and direction in order to discuss the matter at hand.
3. Simon told us that he has an Asbo for which he is due in court on 1st September. Spoke about some events that he had run several years ago, in **2013**, organised a birthday party for someone he knew, which involved obtaining a gazebo which later turned out to be stolen property, and he was charged with this.
4. Described being under bail conditions for about a year which involved a curfew and a tag and having to attend a London office on a daily basis. Started working on festivals, describes various roles working in entertainment and events. Simon spoke at length about a business he wanted to reopen, and spent a lot of time researching into the legal situation.
5. Described going to GP. with anxiety in the past but didn't require any follow up, then described receiving phone calls from mental health services asking how he was, then 2 professionals (one called Sandra) came to his house for an assessment, Simon felt that this went ok and that someone was going to come and see him again in a months' time.
6. Simon has CCTV cameras up in his corridor and one inside his front door. Disagrees that this infringes anyone else's privacy despite the camera filming the communal corridor and outside the property. Told us that he likes to record himself in the flat as well in order to document 'like a journal what he is up to, and also appeared to refer to this several times as evidence of his innocence.
Events around coming into hospital/progress.
7. Asked about threats to harm neighbour and her children, Simon denied this "I've been in children's homes my whole life, I would never harm a child" "I 100% did not make a threat".
8. Simon described a difficult situation with a previous neighbour "I had an altercation with another neighbour called Deborah Andrews who had a problem with alcohol". "Council moved her out of the property". She was trying to cause me problems, banging around the house and knocking on the door asking for money".
9. On day of recent MHA, Simon was at home, a friend had visited him with new baby, friend left. Police arrived at the property, which Simon saw with his cameras. Police were responding to a call they had received about him making a threat against his neighbours, Simon disputes this allegation.
10. Q: Why would the neighbours say that? Simon feels this is because he had been playing music.
11. Simon spoke at length about the treatment he subsequently received in the police station. Simon feels strongly that the assessment was not adequate and not legal.
12. Dr Cranitch explained our assessment of his progress, that he had taken antianxiety drugs for the past few days. Dr Cranitch explained that she felt that Simon was not mentally well currently and that the treatment she advises is an antipsychotic medication called olanzapine.
13. Simon feels that he is able to think clearly, denied any his thoughts were being interfered with in any way. Listens to radio and tv, denied that he feels radio and tv are talking about him. Pressure of speech evident, overinclusive and rambling manner of speech, at times standing up to better express himself, difficult to interrupt, frequently referring to injustices and things done illegally against him, some of his thought content was grandiose in nature, spoke of having tens of thousands of Facebook friends and that his mum had gifted him 20million emails (contacts) for his business, that his mum also owns several business, mentioned a computer game company. It was unclear as to the veracity of these statements.
Tribunal:
Dr Cranitch explained the tribunal process and that the tribunal may decide to end the detention under Section 2. If section 2 stopped, Simon told us that he would consider staying in hospital for a bit longer. "Whatever it takes to get out of hospital so I can go out and look after other people". If Section 2 upheld we explained that we would want Simon to remain in hospital for a while longer and take medication to treat his mental illness. Reassured Simon that we want to help him get better.

49

Medication:
Discussed medication, Simon referred to lots of different information from the internet about antipsychotics, a lot of which was factually incorrect. Simon agreed to trial a small dose of olanzapine 5mg - starting today.

Plan

1. Simon has agreed to take olanzapine 5mg nocte.
2. Give Simon some printed patient information about olanzapine from our intranet.
3. Continue to assess Simons mental state
4. Dr Cranitch intends to contact Simons mother later today.
5. Tribunal on Friday at 10:30am.

Re:	Mr Simon CORDELL

NHS No:	434 096 1671
	109 Burncroft Avenue, Enfield, Middlesex, EN3 7JQ

I write to inform you that the above-named gentleman has been accepted onto the caseload of the Enfield Early Intervention in Psychosis Service (EIS), and I am his Care Coordinator.
The EIS work with service users and their families for up to three years for those aged between 1835 years of age, experiencing their first episode of psychosis, or those who are in the first three years of psychotic illness, living in Enfield.
The EIS offers treatment including:

1	Administration of anti-psychotic medicines
2	Psychological interventions including Cognitive Behaviour Therapy for psychosis and emotional problems, such as depression and anxiety

3	Family interventions
4	Vocational recovery
5	Relapse prevention & management
6	A harm minimisation approach to substance misuse
7	Care Coordination
8	1Social recovery activities

New service users are usually seen weekly to assist with engagement with the service and to help formulate care plans. The frequency of contact may extend over time depending on the service user's needs, the nature of their illness and other factors such as work and studies.

We are required by the Care Quality Commission (CQC) to maintain a record of health care checks made by GP's of mentally ill patients on their register.

Mentally ill people have increased morbidity and mortality compared with the general population. Many of them have unhealthy lifestyles resulting in poor physical health and increased mortality due to common life-threatening conditions and physical ill health. Risk factors, particularly Cardiovascular Disease, Chronic Obstructive Pulmonary Disease and diabetes should be identified and managed according to the relevant guidance through primary care settings.

From Client: Not Concealed
I saw Simon in on the ward with Tamba (ward nurse) present - for the purpose of assessing his mental state and obtaining some further history about drug and alcohol use.
Simon was amenable to interview.
Simon denied any drug or alcohol use at all, stating that he 'never touched the stuff. I clarified this with him as previous notes have described him using cannabis on a daily basis (back in Dec 2105), also mentions of him using nitrous oxide. Simon stated that cannabis was very infrequent 'just to try it' 'recreationally', minimised this significantly in his recollection. Also told me that he had only been drunk once in his life when he was 16 and hadnt been drunk since. This differs to another report in RiO where he was admitted to A+E after consuming a bottle of rum and LSD in **2012**.
Unfortunately, we haven't managed to complete a UDS during this admission.
Simon was well kempt, he was initially polite in that he called me 'miss', he remained seated for the interview.
Quite intense eye contact. Speech rapid, difficult to interrupt, very keen to discuss his business plans and court cases, told me about showing all his business plans to the patients on the ward, unable to see that this might not be relevant to them. Spoke of several different folders that he has created in order to plan his festivals and events, told me that he has set up a charity which he intends to use to help people by benefiting beneficiaries of the UK. He has applied for lottery funding and intends to appoint 6 directors. I found it very hard to understand the activities of his charity, but it seemed to involve an online noticeboard where advertising space could be sold. Simon spoke about arranging for the red arrows to attend a future festival, has downloaded their website and made a folder for this. Simon struggled to stay on topic and had to be prompted several times back to the initial question.
I explained the tribunal process to Simon and told him that I would be presenting the view of the team which is that we felt he is currently mentally unwell and would benefit from further time in hospital and treatment with antipsychotic medication. I told him that I thought he was overly preoccupied with his court cases and police conspiracies, and that his business plans were difficult to understand and seemed a little far reaching and unrealistic. I told him that we felt that the extent to which he is preoccupied with this was a symptom of mental illness.
I asked Simon to have a think about what he would want to do should the section be ended on Friday, as he has at times said he might stay informally.
Simon reported feeling quite happy, sleeping well, eating well, happy to be sharing his plans with us and working on his businesses. Denied any abnormal perceptions or unusual experiences. Does not feel that he has a mental illness.
After the meeting, I returned to Simon to let him know about the procedure regarding him reading the reports prior to the tribunal (which he has a right to do). Mental health act office confirmed that they will provide him with the reports likely on Thursday afternoon or Friday morning. Simon was holding the phone near his ear at this point, asked me to tell him my name (which he already knows) apparently for the benefit of the phone. I asked Simon if he was recording, it turned out someone was on the phone.
Simon told me that he would like me to tell his representative (turned out to be partner, Katie) why i was detaining him in hospital. The encounter felt very confrontational, I told Simon that it wasnt appropriate for me to discuss his case with unknown others on the telephone and she is welcome to attend any future meetings if he would like. I ended the conversation at that point. Simon continued stand very close to me whilst I was unlocking the office door, and continued to hold the phone towards me, demanding that I say my name and explain why I thought he was ill (I showed him my badge and confirmed who I was) and he was quite intimidating in this respect.

Re: **Formal Complaint due to letter dated 29/11/2016 this Formal Complaint is to be added to the Formal Complaint dated 24/08/2016.**

Dear Lemmy Nwabuisi and any other person who is copied in this letter.
I am writing this letter on behalf of Mr Simon Cordell of 109 Burncroft Ave, EN3 7JQ regarding the letter you wrote dated the **29/11/2016** which was received on the **01/12/2016**.
I am not sure if you are aware there is an ongoing formal complaint that is being addressed by Mr Daniel Ellis from Complaints & Access to Information Team which addresses some of the information you have included into your letter, but I will be covering points in this reply and also forwarding it to the people it needs to be addressed to.
The 1st point I will address is the meeting you have set up for Mr Simon Cordell on the **06/12/2016** at 14:00 hours at Enfield Civic Centre.
I do not believe that it is justified to hold this meeting before the formal complaint is dealt with as stated many points in your letter has been covered in my formal complaint dated **24/11/2016**, also until I have the subject access request information dealt with and have a list of dates and times these so called complaints were meant to have taken place and the reports from police that have been sent to Enfield Council I do not think holding this meeting would be appropriate.
I have spoken to my solicitor in regards to this matter and on advice taken from him he has told me to give limited information until I have the subject access request, this is why my formal complaint did not have full information in it as my solicitor does believe we have a case to take legal action, and if any data is withheld as it was when I requested my last subject access request for all my information I will have to take this up with the ICO.
However, it does seem there is more injustice going on within the ASB unit and Enfield Council then I had proof of before you wrote your letter dated **29/11/2016**. There has been complaints put into Enfield council **since 2014** about Mr Simon Cordell's neighbours and what they were doing to him, Enfield Council and ASB unit took the option and done nothing, not even replied to my complaints, took no reports, and did not even looked at the video footage Mr Simon Cordell has of the noise, the banging the intimidation my son has taken from his neighbours, and the way they are doing all they can to get Mr Simon Cordell to move, the way he has been treated by Enfield Council by way of Enfield Council doing nothing to help him. You have been told many times the effect this is having on Mr Simon Cordell's heath yet still choose to do nothing.
Yet as soon as Enfield Council gets reports against Mr Simon Cordell you are willing to address these complaints. Once again I will say I feel this is due to reports the police have put in to Enfield Council about Mr Simon Cordell, Meetings that took place with the Met police and Enfield council in regards to Mr Simon Cordell which Mr Simon Cordell knew nothing about until after the fact, and the colour of Mr Simon Cordell skin, why Enfield council have done nothing to address any issue Mr Simon Cordell was having with his neighbours regarding what his neighbours was doing to him.

Mr Simon Cordell has had his own place since **1999** and was housed by Enfield Council in 109 Burncroft Ave, Enfield, Middlesex, EN3 7JQ I believe in **2006** due to a fire that happened in his flat before this address, in this time Mr Simon Cordell had no complaints put in about him until now **2016**.
You have written in your letter multiple things to be addressed which Mr Simon Cordell was meant to have done.
"Include using threatening, abusive and insulting words and language, aggressively demanding money, intimidation and making threats towards your neighbours. It is also alleged that on **4th October 2016,** you banged on your ceiling and you later started to bang and kick at your neighbour's door. It is alleged that you were very aggressive and was shouting through your neighbour's door and that you then proceeded to drag his motorbike from where it was parked and started to smash it up".

At this point I will only say the above is untrue, once I have the information including all dates, times and complaints in order from my subject access request it will be at this time I will address each point of concern above.
You have also stated:
"It is also alleged that your dogs are left by themselves all day and night barking and causing noise disturbances to your neighbours".
Mr Simon Cordell has had one dog only at his flat, when Mr Simon Cordell was housed in **1999,** he had a dog, no complaints were ever put in re Mr Simon Cordell dog being left by herself all day and night barking and causing noise disturbances to neighbours and being neglected.
When Mr Simon Cordell was moved into 109 Burncroft Ave, Enfield, Middlesex, EN3 7JQ I believe in **2006** he had the same dog, when she **passed away in 2007** he got a new **dog same bred and since 2006** there has been no complaints by neighbours of Mr Simon Cordell leaving her alone all day and night or her barking all night and all day and him not looking after her and neglecting her, and her causing noise disturbances to his neighbours.
Mr Simon Cordell does not leave his dog all day and night she is always looked after, if Mr Simon Cordell is not going to be there overnight or for a long time during the day then the family look after the dog. So how someone can say she is left alone is beyond me.
Mr Simon Cordell's dog is looked after very well she has never been left all day and all night alone, and I feel very angry any person could ever say Mr Simon Cordell has ever mistreated and neglected his dog he is an animal lover as all our family are and we would never mistreat or neglected any animal.
Once again it seems beyond belief Mr Simon Cordell has had his dog and no complaints has been put in by any neighbours about the way my son allegedly mistreats and neglects his dog since **2006,** until now **2016.**
It seems totally unbelievable my son could have his dog for so many years with not one complaint of mistreatment and neglect and now all of a sudden in **2016** my son mistreats and neglect his dog leaves her alone all day and night with the dog only now in **2016** causing noise disturbances to his neighbours. You can take that how it reads as I am so angry right now that any person could say the dog is mistreated and neglected, she is always cared for and loved and not left alone all day and night barking and making noise.
In fact, the dog that lives a few rows up barks more and makes more noise than Mr Simon Cordell dog does its always barking and making a noise so does this mean they are going to have action taken against them? My son's dog only as a rule barks when someone comes into the building to Mr Simon Cordell front door and this is only for a short time until the door is opened for them, there is also the fact Mr Simon Cordell does not have many people at his flat the main people are his family, so his dog hardly barks at all.

acted on in 2013
them until 2016
as since 2014

Mr Simon Cordell for the last 3 years does not even go out of his flat any longer due to what has been going on, he once in a while goes across to the shop but that is not often at all and only when the family cannot get what he needs as they are busy. If Mr Simon Cordell has to go out for a meeting, he always has someone with him it has become this way due to how he has been treated by the Met police.
You have also stated:
• "Your neighbours have also alleged that you have installed a CCTV in the communal area with the camera pointing towards the main entrance to the block thereby making them to feel very uncomfortable when entering and leaving the block. Your neighbours have alleged that this is an invasion of their privacy".

I have already put an appeal in my formal complaint dated the **24/11/2016** in regard to the CCTV and I am awaiting a reply as to what information I need and how I address the appeal. I will say that the CCTV is for security, but so far has protected me due to malicious information that has been passed to people, but it was not installed for that reason but has helped in this the main reason it was installed was due to security.
But since the **14/08/2016** when the police themselves damaged the CCTV camera due to what they were doing to Mr Simon Cordell, it has not worked. So, at this time there is no CCTV in operation in the communal area of the block the only CCTV that is operational at this time is the ones inside Mr Simon Cordell flat itself. When Mr Simon Cordell was on a phone call to Sarah Fletcher on the **22/11/2016** she did say if the CCTV camera was facing Mr Simon Cordell's front door there would be no problem with that this is at this time being acted on.
It also seems that this complaint has come in very late as if any neighbours felt that this was an invasion of their privacy why was this not **acted on in 2013** when it was installed? Why has it taken **them until 2016** to say they feel this is an invasion of their privacy?
In fact I feel it has protected Mr Simon Cordell's neighbours there has been crime in the area and many break ins within the housing estate where everyone lives, yet not one person has been effected in the block Mr Simon Cordell lives in by crime and I believe this is due to the CCTV being there, and if anything happened to any of the neighbours in the block the police could obtain a copy. The CCTV camera does not show any neighbours living in the block, front doors or windows. And only showed part of the ground floor communal area leading up to Mr Simon Cordell's own front door.
It also makes us feel the only reason that the neighbours have now said about the CCTV is due to what they are trying to say about Mr Simon Cordell in these complaints, I feel that at this time the CCTV is the thing that protected Mr Simon Cordell against what the neighbours have alleged, why else would it have taken them over 3 years to say they now felt it was an invasion of their privacy?
As said in my formal complaint the police don't like Mr Simon Cordell and this has been for many years when the police go to Mr Simon Cordell flat he feels safer that the CCTV is there as it shows what the police are doing to Mr Simon Cordell so makes him feel safer, has the police put a report in about the CCTV camera also?
As stated these allegations are very serious and I would like them addressed as soon as possible but until I have the information I have asked for so know what dates and times these complaints were put in I feel that Enfield council is only taking one side to this and that is the neighbours, **as since 2014** all my calls and emails and letter about my complaints re the neighbours Enfield Council has done nothing to help me or Mr Simon Cordell address this.
Mr Simon Cordell feels he has no option left to him but to move away from his home due to what has been ongoing for a long time with no one addressing it. He feels that is the only way he will feel safe again from what the neighbours are doing to him, yet Enfield Council have said they will do nothing about this to help him and while this is ongoing it is affecting his heath more and more.

Mr Daniel Ellis has said that my formal complaint should be addressed by the **14/12/2016** but is trying to compete this sooner, he has been told that no one within Enfield Council is addressing moving Mr Simon Cordell to a new address and this needs acting on as soon as possible as what is going on cannot be left with nothing being done as this is making Mr Simon Cordell's life hell living in fear, and so far I believe no one within Enfield Council is addressing moving Mr Simon Cordell to a new place, this is unacceptable by any means for Enfield Council not to be addressing this issue, I have made many calls and not one person has called me back to gather information or give me an update if anything is being

done about addressing a move for Mr Cordell, so from what I can see once again Enfield Council is not acting in an appropriate manner.
I also believe when I get the information from the subject access request which can take up to 40 days this will incur more issues and I believe there will be data that needs to be corrected which Enfield Council holds on Mr Simon Cordell, as under the data protection act data which is held has to be 100% accurate, I also believe it will help to clear up much information that you have included in your letter.
I have also asked that any letters sent to Mr Simon Cordell are also sent to Miss Lorraine Cordell this was included in my email with the attached letters dated **24/11/2016** this has not been done with your letter why?
I would be most grateful if you could reply to this letter also including myself Miss Lorraine Cordell this can be done via my email lorraine32@bluevonder.co.uk or my address which is included in the letters dated **24/11/2016.**

I informed her that I was preparing Tribunal report on Simon and wanted to include her views about Simon being on section and also medication. Mrs Cordell will not say her views if Simon changes his mind and her response summed up as "we cross the bridge when we get there".

PERSONAL & FAMILY HISTORY

Mr Cordell was born at North Middlesex University Hospital. He has a younger brother and sister. Mr Cordell says he knows his maternal grandmother attempted suicide on a number of occasions and had had admissions to mental hospital. Mr Cordell's father worked as a union representative and his mother ran her own computer company.
Mr Cordell says he did not get on well with his father who was a violent man. He was violent towards Mr Cordell, Mr Cordell's mother and siblings. Mr Cordell left home at the age of fifteen and was homeless for a while. He was placed in to care after stealing a pint of milk. He was placed in a series of children's care homes around the UK but says that each time he would steal a car and drive back to London.
Mr Cordell said he was pushed hard to achieve at school by his father and that he was "an A-star student" for most of the time. He says he was intelligent and would do the work at other times and as a result would often just "mess about" in class. He went on to college and studied engine mechanics, completing a city & guilds qualification. After leaving school he went on to get jobs in the construction industry.
Mr Cordell says he has tried to build himself up a business for providing party entertainment. At the moment he says he is not able to earn from this due to the restrictions of his bail.

Mr Cordell has had one long term relationship which he describes as "my first true love". This is with a woman called Diana who is currently studying physiotherapy. They were together thirteen years, but he says she has moved back out of his flat in recent months. Mr Cordell thinks this is

secondary to the repeated involvement of the police in their lives and the stress this has caused.
Mr Cordell says he does not smoke tobacco and does not drink alcohol.
Grandmother (? maternal) had BPAD and/or schizophrenia

PSYCHIATRIC HISTORY in brief

Has previously been open to Enfield EIS, discharged in March **2016** due to non-engagement
-Has been assessed under the MHA in **2014** and early **2016** but was not detained as there was not sufficient evidence of a mental disorder

FORENSIC HISTORY

Mr Cordell was put in a Young Offender's Institution at the age of 16 after repeated driving offences (driving without a license)
Mr Cordell says he has not been in trouble with the police for a number of years. He had stolen some trainers at a festival in 2009 and prior to that had not been in trouble since 2005.
He denied any violent offences.
Mr Cordell currently stands accused of burglary. He has a solicitor and the case will not be heard until July at the earliest.

MEDICAL HISTORY

Simon said he had Crohn's disease as a child. He denied any other physical health problems.
DRUGS AND ALCOHOL
He said he only got drunk once a teenager and has since not taken alcohol or drugs. He denied current use

FINANCE

Simon receives £200 Income Support every fortnight

VIEWS OF THE NEAREST RELATIVE

With Simon's consent I spoke with his mother Mrs Loraine Cordell. Mrs Cordell's views were that "I don't think he
[Simon] needs to be on section; he is not a danger to himself or other people" Mrs

Cordell said as far as she knows Simon is willing to work with the doctors and take his medication. Mrs Cordell will not say her views if Simon changes his mind and her response summed up as "we cross the bridge when we get there".

VIEWS OF THE PATIENT

Simon is willing to co-operative with mental health services. He said he is willing to take his medication. He gave me a letter he wrote to indicate his commitment to treatment and willingness to engage. I attach it for your information.

POSITIVE ASPECTS OF PATIENT

Simon was able to access community resources independently and had the ability and capacity to make some choices. He is competent in his activities of daily living skills.
He plans to register a charity to raise funds to support causes dear to his heart. One of such causes is towards premature babies. He said his sister was born premature. The other is to help homeless people.

AFTERCARE

Simon lives on his own in a one-bedroom ground floor flat in Enfield. His mother is supportive and in constant contact with him.
Enfield Council will have section 117 responsibilities and will provide the appropriate housing and care in the community.
Simon will also have the support of an allocated care co-ordinator who will regularly monitor his mental state and concordance with medication.
The team will offer Simon psychology assessment and or input; he will be seen and reviewed by psychiatrist regularly i.e. every 2-3 months or sooner if required. He will be offered interventions around concordance to medication, identifying triggers and relapse preventions. A referral to dual diagnosis worker will be offered.
Simon will have access to groups such as social recovery and mental well-being and specialist services for vocational/occupation recovery.

RECOMMENDATION

I met with Simon today on the ward and assessed him in preparation of the report. Simon recognised me immediately. He was warm, welcoming, polite and co-operative throughout the meeting. He stated about half a dozen times that he is willing to work with the services and also willing to accept medication.

It would be helpful if Simon will agree to stay in hospital to continue treatment as he appeared to have made good progress since admission. As part of the medical and nursing team I believe that Simon will benefit from staying in hospital for further assessment and continue treatment.

  TRIBUNAL + PLAN
  Simons MHA Tribunal went ahead this morning - the panel decided not to uphold the Section 2; therefore, Simon is now an informal patient. The judge made it clear to Simon that although they were discharging the section, they felt that he needed to work with the medical team and the nurses, and that they felt he needed support. Simon has agreed to

remain in hospital informally so that we can continue to assess him and monitor his progress with medication, his time off the ward can be negotiated with nursing staff, we would recommend that this is escorted on the first instance then if goes well can be unescorted. Simon has also agreed to take his medication as prescribed (5mg olanzapine nocte, 1mg lorazepam nocte), he presents as calm and amenable, willing to work with health professionals, denying thoughts to harm self and others. If Simon were to change his mind and decide to leave over the weekend, it would not be appropriate to detain him under 5(2) unless his presentation and risks changed. If Simon wishes to leave hospital and his presentation is unchanged, we recommend that Simon be discharged with the HTT for follow up/monitoring/supervision with medication.

Other material, namely Responsible Authority Statement of Information,
Jurisdiction. Preliminary and Procedural Matters
1. The tribunal is satisfied that it has jurisdiction to consider this application.
Grounds for the Decision
• The tribunal is not satisfied that the patient is suffering from mental disorder or from mental disorder of a nature or degree which warrants the patient's detention in a hospital for assessment (or for assessment followed by medical treatment) for at least a limited period.
• The tribunal is not satisfied that the patient's detention as aforesaid is justified in the interests of the patient's own health or safety, or with a view to the protection of other persons.
• The tribunal does not consider that it is appropriate to discharge the patient under its discretionary powers.
Reasons
24.11.2015 Mr Cordell is 35 years old. He lives alone in a one bedroom flat. His mother is supportive and attended the hearing. Mr Cordell had a troubled adolescence with periods spent in care and was homeless for a while. Mr Cordell is not currently in paid employment, but he has ambitious plans to set up a company and a charitable organisation. He has a conviction for setting up illegal raves and is currently subject to an ASBO.
24.11.2016 He has been known to psychiatric services since **2014** and has undergone a number of assessments of his mental health but these have found that he was not detainable. He was discharged by services after non engagement in February **2016**. He has expressed persecutory beliefs about a neighbour, the police and, at times, his mother. In the context of these beliefs he has put CCTV cameras outside his flat and it appears that a neighbour was rehoused after a disagreement with him, but the exact circumstances were not clear. He has misused substances in the past.
24.11.2017 The factual details of the circumstances of the admission were not clear from the reports and the clinical team were not able to tell us whether or not he is on bail. It was Mr Cordell who furnished us with a notice from the police that he is on bail for an offence of threats to kill. He is not due to be interviewed until October. It is unclear who the alleged victim of the complaint is. He is adamant that he is not guilty of this charge. Further, the report from the care co-ordinator stated it was his mother who called the police, but this was adamantly denied by Mrs Cordell. The care co-ordinator corrected his report to clarify that Mr Cordell is not awaiting trial for burglary.
24.11.2018 Mr Cordell thinks he was arrested and taken to the police station because of concerns expressed about the loud music he was playing. He was seen in custody and admitted to hospital.
2
103
2. He has been in hospital since 16-8-16.
3. He was assessed in the absence of medication and was prescribed medication on
19-8-16 but refused it until 23-8-16. He has been compliant since that time. He wanted to research the side effects of the medication. Mr Cordell is concerned that procedures are followed correctly.
Issues and submissions
4. He requested immediate discharge from section. He would stay voluntarily and he is

happy to continue with treatment and to see the team in the community. He does not accept a diagnosis of mental disorder but has stated that he will take treatment on the advice of the team. His mother thought that he has reacted to stress in the past and that he has been working very hard on his project.

5. The clinical team were not unanimous in their view. Dr Mills suggested that there had been a possibility that Dr Cranitch, RC, had considered discharging him prior to the tribunal but on balance had decided not to. Dr Mills, having spoken to the RC, was of the view that detention was warranted given the degree of the disorder which is in their view a first episode psychosis. Mr Ahmed, a staff nurse on the ward, was of the view that it was the nature of the disorder that warranted detention. The care co-ordinator, Mr Adama, was of the view that the section should be discharged as Mr Cordell had been adamant that he would engage with services. Dr Mills and Mr Ahmed were concerned about his insight and the risk of non-compliance and deterioration.

Tribunal's conclusions with reasons

6. The tribunal is satisfied that Mr Cordell is suffering from a mental disorder. This is consistent with the signs and symptoms he has displayed which include a preoccupation with a business plan which is so ambitious and far reaching that it can be described as grandiose thinking. He has been working unceasingly on these plans and is in all likelihood suffering from a stress reaction. He has very limited insight. Over a period of two years Mr Cordell has expressed beliefs about police and neighbours which may have some factual basis but in all likelihood are overvalued.

7. The tribunal is not satisfied that the nature of the disorder warrants detention. Mr Cordell has never accepted treatment. We were unable to find that the signs or symptoms have responded to treatment or that they had deteriorated in the absence of treatment. Any problems that he has had with neighbours and his beliefs about persecution at the hands of the police appear to be longstanding. Despite these beliefs he has lived in the same place for 11 years. He has convictions but these do not relate to violence and are in connection with driving offences as a youth and with organising an illegal rave. He has been assessed before and not been found to be detainable.

8. The tribunal is not satisfied that the degree of the disorder warrants detention. He was thought disordered on admission, but these symptoms have settled. He poses no management problems. He is compliant with treatment and he gets on well with staff and patients. He was angry with his mother, but she is visiting and supports his discharge. He may not accept that he has a mental disorder but states that he is willing to engage with the assessment. He has stated that if the procedures are carried out properly, he will abide by them. We accepted his evidence.

9. The tribunal's decision on the first limb of the act meant that we were not bound to consider the risks other than as to how they related to the current degree of the disorder. We are satisfied that it is at least likely that he will continue to comply with treatment either as a voluntary patient or in the community. In any event he has never accepted treatment in the past and until recently has found not to be detainable. It was not clear that there had been a deterioration. He is on bail, but the police are not due to interview him until October **2016**. We had his forensic history. We were not informed that he has any history of physical violence

104

13. We did not use our discretionary grounds for discharge.

Judge Susan Rees Date 26-8-16

Handover from ward doctor received and advised that pt is not detainable unless presentation massively changed. Simon is keen to be discharged today, he wants to visit his civil partner, take his dog out for a walk and "get back to normal". He also intends to go to AED for. CXR of his distal phalange of L small finger which he believes to be broken following an accident on the ward - slipped in the bathroom. Advised by staff that this was examined by duty doctor and it was felt it is unlikely to be a fracture. He admits that he has benefited from his stay on the ward but feels that no further IP stay is necessary as he would feel much more comfortable at home. He initially suggested to go home today, stay overnight and return to the ward. The plan from the day team was for pt to go out on escorted leave with staff and then gradually increase his leave and let him go out alone. He refused going out with staff due to "embarrassment" of walking with staff if he is seen by his neighbours/friends. I asked if he would be happy to be visited by HTT at home on discharge and he agreed. He confirmed he is happy to take his meds and to engage with HTT.
He denied any suicidal thoughts or thoughts of self-harm, denied thoughts of harming others. Denied any hallucinatory experiences.

2016 I got discharged to my home: --
As of the
27th August 2016
I got discharged to my home from St Ann's Hospital and accepted to get treated as a voluntary home patient, even low there was no right full need. A version of an event that took place; Then more pain arrived; Medication. Months later once I got released back to my home Carron Dunno continued to watch me suffer for her lies made to the police, as the mental health, home team as they monitored me at home address after the hospital tribunal, in knowing that on the

14th August 2016.
I never went into my back garden as she stated on that day and at the begging of being released from the hospital, I had to continue to keep my word in a letter that I wrote stating that I would work alongside the mental health team's workers. Without choose, I had to allow them access to my home address every day at first and let their doctors believe that I had taken the medication that I then got prescribed, even low I understand the Home treatment team and doctors was wrong in forcing them upon myself. With the concern of my well-being due to the doctors enforcing their trades upon me I decided that it be best for me to attempt too overwhelmingly
explain my feelings and legal position about being forced medication blind or without a pilaff and so forth to the Mental Health Teams employees in charge of my case and they still continued to impose the medication wrongly, against me. I, known for fact the doctors continued to mislead me into that if I never took their treatment they would again take me back into their care, I knew this to be illegal as I had only gotten placed under a section 2 assessment which does not give the grounds for a doctor to impose a section 117 on any person for home treatment, a section 3 must get implied under the mental health act 1963 and it had not for this to happen against my will, after some explaining it was agreed that I was right and the visits and medication finally, got stopped, as right in my favour. The tablets were making me ill, and I complained about them doing this every day, still however throughout the whole period while in their care I claimed to take the medication and funny on the otherwise; the doctors claimed that the medication had made me better, but thought I strongly, agreed with my assessment of myself and the medication should not have got given to me, nor could of it of had a positive impact on me.

Attended Haringey Ward to carryout mental health assessment Marko 6 Amelia
Attended Haringey ward to meet with Simon, Simon presented as courteous and polite on approach. Explained to staff that he had been detained illegally and was placed in hospital for no reasons. Denied making any threats to neighbours, denied any mental health problems. Explained that he had been put on medication and has remained concordant whilst on the ward despite not really wanting to have medication, as he feels "I do not suffer with any mental health problems". He explained that "I will continue to take medication, but I need to speak to my Dr as I find it makes me drowsy and I'm not able to function properly".
Simon informed HTT that he had attended Tribunal and was not found detainable under the MHA and was made informal so he was able to leave the ward, as he was an informal patient. He also informed the HTT that he needed to get out of hospital and continue to set up his business venture that he had been working on for several months, to which was to organise festival and venues all over the UK.
I explained although he was found to be informal, one of the recommendations from the tribunal was to continue working with the mental health service and remain concordant with his prescribed medication. I explained that this maybe for a short period of time, normally lasting up too about 7-10days.
Simon was in agreement to meet with the HTT, but informed staff that he takes his medication late at night and would not be happy to take it early evening. I informed him that it was important to concord with medication and part of this care package was to monitor and supervise him taking medication. Simon continued to decline having his medication between 6pm-8pm but was happy to meet with HTT to MMS and check concordance with medication.
It was agreed that ward will hand over his TTA'S for the next 3 days; ECRHTT will be able to prescribe on-going medication thereafter. Prescription chart will be up-loaded on Rio.
Denied any thoughts of wanting to harm him-self or others.
Denied hallucinations, not responding to unseen stimuli.
Risk of non-concordance with prescribed medication and non-engagement with HTT, however Simon has agreed to meet with HTT during the evenings and negotiate times to meet thereafter to MMS.
PLAN
ECRHTT to meet for H/V 28/8/16 PM to MMS and check concordance with prescribed medication.
Simon will be given 3 days' supply of TTA's. ECRHTT to prescribe thereafter.
HCRHTT to liaise with ECRHTT.

  Home visit this morning.
  Simon appeared slightly elated in mood, pressured speech, However, during the visit, he was courteous and polite on approach. Preoccupied with that his psychiatric report from
  25/08/2016
  is not very correct.
  Said that there are few paragraphs, which wrongly explain how he was detained. Said that he had been detained illegally and was placed in hospital for no reasons. He also denied making any threats to neighbours, denied any mental health problems. Said he has a CD as a prove, that the police was acting incorrectly. However, he said he is willing to work with HTT and will take medication. Simon expressed delusional thoughts about running a company at home.
  Second home visit this evening to supply medication - I left medication for this evening Said he is going to take it later, as he was busy at the moment.
  Plan: discuss if HTT to supply all TTA'S or to supervise medication every evening.

t/c I spoke with Simon. It was just to get an update on how he was getting on with HTT. Simon spoke about the Tribunal and appeared upset about the reports. Particularly he was not happy that it has been documented that he threatened his neighbour and also that it was his mother who called the Police. He said he was angry with his mother and will never talk to her. There was no malice intended while he went on about what doctors, nurses and his mother did, are doing and will continue to do. Simon spoke on lots of topics - going from one issue to the other without finishing off the previous; had flight of ideas and speech was pressured. These appear to be normal to him.

Particulars of 31 alleged Breaches

Page 3272	**(4)** Sometime in September **2016** it is alleged that you confronted an elderly neighbour outside your block of flats, 109-119 Burncroft Avenue as he was going to the local park with another resident and started to shout abuse and threats at him and said to him 'I can get you over at the park, I know you go for a walk'.	**1. Particulars of Breaches (4)** **Reply:** **I never got arrested for Stain, but I did get arrested for Christine 95 Burncroft Avenue and Carron 99 Burncroft Avenue who were Stains mates who both lived in the block of flats next to mine in separate flats.** **While there made up case was going on Christine phoned the Enfield Civic Centre on the 31st October 2016 and reported an incident for the 06th August 2016, so, Lemmy went and created stains council history as he was dealing with Georges bike case 113 Burncroft Avenue Above me that started on the 04th October 2016.** **That's why Stains council history starts with the 05th October adding Georges History he then goes to Debra's history the original 113 Burncroft Avenue tenant and adds that from 2015 and then goes to the 06th August 2016 what is before Georges bike and should be imputed as so into**

		the computer system and Debra's should be first. **The reason the 06th August was put in was because Christine Phoned up on the 31s October 2016 just before she lost hers and Carrons Case on the 17th November 2016 because she wanted to cover everything up that she and those had done to me already illegally.**

  Saw Simon this evening. He welcomed me into the living room. He was polite, spoke a great deal about his problems with the police and was generally talkative, then apologised for talking too much. He was kempt and dressed appropriately for the weather wearing a tracksuit. He said that he was doing ok, that he is taking his medication,

however felt that he was not suffering for any kind of mental illness. I left him his medication as he said he was preparing a meal and once he had finished, he would take his medication.

Sally Gilchrist: Hello is this Sally Gilchrist.
Simon: It's Simon Mr Simon Cordell I'm glad that I got through to you.
Sally Gilchrist: Hello.
Simon: I'm glad I got through to you.
Sally I'm quite concerned about the position that you have left me in as the legal director executive director of your skill solicitor firm.
I hope that you just take 5 minutes to go through this with me cause I hope and I think me and you are the only two that are going to resolve these problems otherwise I'm about to go public Sally yeah with everything Sally with what you have done to me and I have recorded loads of conversations of you, for the last few years of this case going on Sally I've got the laws in front of me now are you with me, Sally.
Sally Gilchrist: Yes, I am listening.
Simon: Are got the laws right in front of me and it says that an ASBO cannot be granted.
Sally Gilchrist: I can't advise you.
Simon: I'm not asking you to advise me Sally I'm telling you right now yeah the reason that these police officers are in trouble yes is because Steve Elsmore was told to go into the police computers and to create a case he has used other police officers report statements and he has amended them and open them up and he legally is not allowed to do this open them cases files and then edit them, the criminal standards have not been met if the whole case relies solely on Hearsay all of The Witness statements are not signed by Witnesses themselves they signed by the police officers and they should all be signed and for that reason if a member of the public refuses to sign something yeah then what should happen Sally.
Simon: Hello Sally what should actually happened Sally Is it must go into the police computer as an MG6 which is Undisclosed information the police should not be filling out the forms on mg11 please witness statements and then using them as a witness statements and then adding their own personal witness statements this is confusing I have the laws in front of me and it says that at High bury Corner.
Sally Gilchrist: This is the same conversation we keep having.
Simon: No sorry it's not the same conversation that we keep having because you keep avoiding the conversation. Sally It is you that keeps avoiding the conversation and situation because you signed for all the expenses on this case and you understand the corruption inside of the Anti-Social Behaviour Order and when you have been told at the earliest opportunities so for you to do something about it, you haven't took them opportunities.
Sally Gilchrist: This is the same conversation that we keep having.
Simon: No, it is not. No Sally you keep signing all the expenses to this case and you know that your job is at the end of it Sally yeah.
Sally Gilchrist: The matter is at an end.
Simon: No, the matter is not at an end because I still want it to go back to court and I've still not had a fair appeal since the start of the case from **2014** with a solicitor present that I have been allowed to have.
I am bringing this case back to court Sally and I have been on the phone to the court Sally and the courts have agreed that the case can go back through the courts again sally.
Sally Gilchrist: Well OK, well I will wait to hear from u soon.
Simon: What you are doing is illegal Sally.
It to protect your job and yourself and you are not caring about the police officers at the other end and you're not caring about me or my other members on my housing estate in all of them forms fabricated then you are saying that if the conspiracy that I'm saying is true then it would be so big on the Metropolitan Police forces side that it just can't be true; well I am correct because none of the paperwork has any signatures, meaning that there aren't no members of the public signatures at the bottom of the paperwork in the folder and you need members of the public to bring an ASBO case against me.

Sally you are holding me for 8 years and the maximum; seven years sorry, and the maximum sentence is 6 months in prison two three years.
Sally Gilchrist: You're getting confused between criminal and civil law.
Simon: No but you called it an illegal offence.
Sally Gilchrist: There is no point in going over this again.
Simon: Yeah, but you, have called it an illegal offence and I have not been arrested.
Sally you called it the organisation of illegal raves illegal being the keyword.
Sally Gilchrist: I do not want to have this conversation.
Simon: That's what this case is the organisation of illegal raves and I have never been arrested for something that is illegal Sally you're the executive director of this country and you're looking after us.
Sally Gilchrist: I don't know why you keep ringing me up.
Simon: Because you're ruining my life and damaging my reputation on my Estate I cannot work with no other borough because you lot all fraudulently fabricated a load of paperwork and you put it through the courts and I am the person that got accused.
Yeah but you're been you're all been you're altogether you all under the same salary and they're all trying to save your job Sally and you're ruining all these coppers careers and you're going to ruin my life as well Sally because you signed the expenses on this case and it has come up to a; bloody lot of money Sally you are taking the Mickey out of all of us, me and my neighbours are suffering because you used fraudulent evidence over one person being kept up overnight on 1 night.
I have got every Face book folder of all the evidence that I'm being accused of Sally and I've not handed them to you, yeah because I'm not a super grass, but I'm going to end up put them all online Sally, because I copied all the six events that I'm being accused of as they weren't me; so I went to Face book and I copied the whole Face book profiles that I got accused of in **2014** when you supposedly served me.
I showed that Ross phone up grass when you get on the phone to me I showed that Ross phone that Ross when you get off the phone to me the barrister that you had, I showed him in the courtroom Sally I said look here's the folder of Chris Lurch's Face book proving that it is not me but I am not giving it to you.
I have not got the time for this.
Sally, no you must have the time for it yeah, because you are holding me hostage Sally, you must have time Sally, you are holding me hostage.
You are dead.
Sorry.
I am recording this conversation right now again like I have already recorded you loads of times.
Ok.
I just heard you say to me that I am dead yeah, I am not dead Sally yeah what you're doing is against the law Sally.
I did not say that.
It's clear.
I did not say that.
OK well I hope you did not because I am going to play back in a second to myself and confirm.
Yeah do that.
you're going to make this go public and you're going to cause a riot in London yeah and it says on then pages just under inspector Skinner's pages that it was white people that Commit this offence I am mixed race Sally how could I have done that and then gone outside the gates hours later you arrested Antony Harris in that building and Anthony Harris was on bail conditions at that time in the building for Andrew Rio's death.
He had got plastered all over the news; inspector Skinner caught him in that building he had him hostage it says it in the paper you arrested him at 10 o'clock then I turn up outside the gates that are surrounded and protected at 3 o'clock in the morning, yeah, then he dearest-ed Anthony Harris while he is on bail conditions and he arrested me outside of the gates Sally and set me up for it.
Another event; Sergeant Adrian combs landed in a helicopter, I spoke to Sergeant Adrian combs on the phone yeah, he age is an inspector for Essex police station and he owns; big boss limited, which represents all the festivals in London, his the big boss for all of the festivals and he says that he hates corrupt coppers and what you have done is corrupt to me, because he was the one going to Chris lurches house and yeah and he was the one doing all the searches talking to Chris he told Chris not to throw the event and Chris went to Essex and through the events I've got the newspaper articles of Sergeant Adrian combs landing in the helicopter in the field and taking pictures of them all with reporters and he then served them all an abatement notice and told them to get out of Essex; you're not allowed in there for 24 hours.
Sergeant Adrian combs has sent us the evidence of this and that he also sent the Metropolitan Police the evidence of this and then somehow my pictures have been put in place for this event now and so I've been accused of throwing this party.
Right I've got to go Mr Cordell I have other things to do I've got to go right now.
No Sally this is the law.
I have got to go I've got to go I've got to go I've got to go.
Sally no Sally no you are ruining my life because you want to keep your job you are wrong Sally.
You're wrong sorry you're wrong.

I got to go I got to go I got to go.
So, what are you going to do you're not going to help me you're doing the right thing then sally?
End of call phone hand.

Inpatient Psychiatric Report for Mental Health Tribunal on 26/08/16
Name: Mr Simon Cordell
Home address: 109 Burncroft Avenue, Enfield, Middlesex
Date of birth: 26 Jan 1981
Hospital: St Ann's Hospital, St Ann's Road, London, N15 3TH
MHA status: Section 2
Responsible Clinician: Dr Julia Cranitch
Date admitted: 16 August 2016

1. Preamble

1.1 I am preparing this report for Simon Cordell's Mental Health Act Tribunal in my function as the ST4 doctor working at the Haringey Assessment Ward under the supervision of Dr Cranitch (Consultant Psychiatrist in General Adult Psychiatry). I am a full member of the Royal College of Psychiatrists since 2015.

1.2 This report has been prepared for the Mental Health Tribunal hearing-w 26th August 2016. In preparing this report I have had access to Mr Cordell's electronic patient record or RIO, and I have had personal knowledge of Mr Cordell since 22nd August 2016.

726,

2. History of Presenting circumstances

2.1 5/8/16 Mr Cordell was arrested by police at his home after allegations that he had made threats to harm his neighbour and her children. The forensic medical examiner requested a mental health act assessment due to concerns about Mr Cordell's mental state.

2.2 Assessing doctors felt that Mr Cordell presented with features suggestive of mental illness, in particular paranoid persecutory ideas about the police and his mother Collateral history suggested deterioration in Mr Cordell's mental state: that he has been withdrawn and expressed beliefs that the television is talking about him and paranoid ideas about his mother alongside recreational use of 'laughing gas' Neighbours had reported verbal aggression, playing loud music. Mr Cordell presented with pressure of speech, angry and paranoid ideas about the police and the assessing doctors felt that Mr Cordell had impaired insight about his condition and required further assessment in hospital.

3. Mental State Examination on admission

3.1 Appearance and Behaviour: medium height, slim mixed-race gentleman. Slightly dishevelled, dressed in black tracksuit, noted to be missing several teeth. Initially good rapport but became quite irritable at times
Speech: Fast rate, pressured speech. Tangential.
Mood: subjectively Tm really good', objectively appears elevated Thoughts: no formal thought disorder. Denied thoughts to harm him or others.
Perceptions: denied hallucinations
Insight: limited. Aware of reasons for admission but does not agree that he may have a mental illness"

He spoke in grandiose terms, describing his company as managing mental health services and working in the entertainment industry. He spoke about buying speakers for £50,000 each and hiring out equipment to Glastonbury and Isle of Wight festivals. Simon stated that he owns a 'city' and it is his job to understand the various roles that people have in society so that he can 'look after people'. When asked how he was able to fund these projects he described a system of fundraising using 'charity bars' and websites".

4. Physical Examination on admission

4.1 Physical exam, ECG and routine blood tests were initially refused by Mr Cordell, however he consented for this to be completed on 18th August 2016 results as follows:

9.2 Mr Cordell says he did not get on well with his father who was a violent man. He was violent towards Mr Cordell, Mr Cordell's mother and siblings. Mr Cordell left home at the age of fifteen and was homeless for a while. He was placed in to care after stealing a pint of milk. He was placed in a series of children's care homes around the UK but says that each time he would steal a car and drive back to London.
9.3 Mr Cordell said he was pushed hard to achieve at school by his father and that he was "an A-star student" for most of the time. He says he was intelligent and would do the work at other times and as a result would often just "mess about" in class. He went on to college and studied engine mechanics, completing a city & guilds qualification. After leaving school he went on to get jobs in the construction industry.
9.4 Mr Cordell says he has tried to build himself up a business for providing party entertainment, he is also setting up a charity. At the moment he says he is not able to earn from this due to the restrictions of his bail.

10. Forensic History

10.1 Mr Cordell was put in a Young Offender's Institution at the age of 16 after repeated driving offences (driving without a license)
10.2 2015 Received a 5-year ASBO for organising illegal raves- not allowed to enter industrial or disused premises between 10pm and 7 am.

729,

10.3 Mr Cordell has stated that he is currently on bail for making threats to harm his neighbours; he has a court date relating to this on 8"[1] October 2016.

11. Drug and Alcohol History

11.1 Documented on RIO notes in December 2015 to have been using cannabis 'skunk' on a daily basis at that time.
11.2 Admitted to A+E in 2012 for assessment after allegedly using LSD and drinking a bottle of rum at a festival.
11.3 Mr Cordell reports that he has not taken any illicit substances recently, has used cannabis occasionally in the past 'recreationally'. Mr Cordell denies alcohol consumption or any drug use recently.
11.4 Unfortunately, I have been unable to find record of a urine drug screen since admission to hospital.

12. Social History

12.1 Mr Cordell lives alone in a 1-bedroom flat which he says he owns outright. Mrs Cordell lives nearby and provides support to Mr Cordell. There are also siblings and other extended family that live in the local area.

13. Progress on the ward

13.1 15/8/16 Upon admission to Haringey assessment ward, Mr Cordell was clerked in by the _SHO, who documented that Mr Cordell presented as irritable, with pressured speech, tangential thought patterns, appeared elated and spoke of several projects of a grandiose nature including his business in the entertainment industry, buying speakers for £50,000 and hiring them to Glastonbury. Mr Cordell described owning a 'city' and that it is 'his job to understand the various roles people have in society so that he can look after people.
13.2 16/8/16 Mr Cordell refused routine blood tests, physical exam and ECG on the ground that he treats his body like a temple. Mr Cordell was documented as appearing settled and calm on the ward, eating and drinking well.
13.3 17/8/16 72-hour CPA review - Mr Cordell presented with rapid speech, often talking about unrelated themes, and stated he felt he was being persecuted. Mr Cordell became irate shouting at his mother, angry that she has not appealed his section. Mr Cordell presented with paranoid persecutory and grandiose delusions with tangential thought pattern, no insight into mental health. It was agreed by the team to commence regular 1mg lorazepam bd.

730,

13.4 18/8/16 little change in presentation, generally calm on the ward however quick to become agitated during interaction with staff, can be unpredictable. Refused prescribed lorazepam. Consented to physical exam, bloods and ECG by SHO who also reviewed injury to 5iri finger.

13.5 19/8/16 Presented as fairly settled and calm in mood, continued to refuse medication as prescribed. Discussed this with Dr Humphries and agreed to take night-time dose of lorazepam, which he subsequently did with lots of reassurance from staff.

13.6 20/8/18 Presented as calm in mood, polite and appropriate with peers, spent the day playing music on laptop with peers. Ate and drank well, attended to personal care.

13.7 21/8/16 Calm, slept well, accepted lorazepam as prescribed at night, however, refused olanzapine 5mg. Further discussion with nursing staff to explore his feelings about this, however Mr Cordell told staff that he had been recording the interaction on his phone and taking pictures. Complained of painful finger, accepted PRN ibuprofen.

13.8 13 8.22/8/16 Nursing notes describe Mr Cordell as quite settled however remains consumed with same preoccupations which he relates with pressured, uninterruptible speech, preoccupied with proving that he was wrongfully admitted to hospital. Otherwise interacting with peers appropriately, accepted 1mg lorazepam as prescribed, refused olanzapine.

13.9 23/8/16 Consultant review by Dr Cranitch and MDT, during the interview Mr Cordell spoke with pressure of speech, in an over inclusive and tangential fashion, largely preoccupied with injustices in the past particularly by the police which made it difficult for him to focus on the present. He also expressed rather grandiose plans about his business and his ability to help others in the world. Mr Cordell denied any thoughts or threats to harm others and stated that he did not feel he was mentally unwell at present. Mr Cordell however agreed to trial a small dose of olanzapine 5mg at night as recommended by Dr Cranitch for psychotic symptoms.

13.10 24/8/16 Mr Cordell has accepted his prescribed medication overnight and slept well.

14. Current Medication

14.1 Lorazepam 1mg nocte

14.2 Olanzapine 5mg nocte

15. Most Recent Mental State Examination (04/08/16)

731,

15.1 Appearance and Behaviour –

Well kempt and casually dressed slim gentleman in his early thirties Staring eye contact, remained seated throughout the interview.

15.2 Speech –

Fast pace and very difficult to interrupt, normal volume and tone.

15.3 Mood –

Subjectively 'happy', objectively appears quite irritable, reports sleeping well, good appetite, positive plans for the future, no plans, or thoughts to harm self or others.

15.4 Thought –

Evidence of tangentiality, struggled to stay on topic without repeated prompting. Overinclusive, spoke at length about minutiae of legal aspects of organising a festival, grandiose plans to help others across the country which were difficult to follow. Denied worries about the police, more focussed on health professionals and legal aspects of his admission to hospital and alleged wrongdoings

15.5 Perception –

No evidence of responding to abnormal perceptions, denied same.

15.6 Cognition –

Alert and orientated to time place and person.

15.7 Insight –

Mr Cordell feels he does not have a mental disorder.

16. Factors affecting this hearing

16.1 Mr Cordell has made recordings of assessments and other interactions with health professionals and police in the past and refers to this frequently. Mr Cordell has attempted to make recordings of encounters with staff during his admission, there is a chance he may attempt to make recordings of tribunal proceedings.

17. Opinion and Recommendations

17.1 Mr Cordell is currently suffering from a mental disorder:

17.2 He presents with persisting psychotic symptoms of paranoid persecutory delusions involving police and mental health services, he also presents with pressured speech, and has presented as elated and irritable, which may represent a mood disturbance Whilst Mr Cordell has indeed had several encounters with the police and has a forensic history, it is my opinion that his interpretation and experience of these encounters goes beyond reality into beliefs of a delusional nature. These beliefs have dominated Mr Cordell's life and his behaviour at the expense of his wellbeing and ability to function safely in the community.

17.3 In the past these persecutory ideas have also focused on family members and neighbours, one of his neighbours was also a service user and needed to be rehoused as a result of encounters with Mr Cordell. Mr Cordell presents with evidence of thought disorder; his speech is pressured and tangential upon interview.

17.4 His mental disorder is currently of a nature or degree to justify ongoing detention in hospital.

732,

17.5 If he insisted on leaving the ward, we would ask our home treatment team to monitor him at home and offer him medication - historically Mr Cordell has not engaged well with community services due to his lack of insight.

18. If Mr Cordell is NOT discharged from his Section:

18.1 We would encourage Mr Cordell to take antipsychotic medication, starting with a low dose and monitoring closely for response and any side effects.

18.2 We would titrate the dose antipsychotic medication according to his mental state and side effect profile.

18.3 Once regularly taking antipsychotic medication and stabilised in mental state we would start to introduce some leave from the ward initially escorted before moving to longer periods of unescorted leave.

18.4 Once deemed stable in mental state we would look at discharge to his home with Home treatment team support and referral to community team.

RECOMMENDATION
I met with Simon today on the ward and assessed him in preparation of the report. Simon recognised me immediately. He was warm, welcoming, polite and co-operative throughout the meeting. He stated about half a dozen times that he is willing to work with the services and also willing to accept medication.
It would be helpful if Simon will agree to stay in hospital to continue treatment as he appeared to have made good progress since admission. As part of the medical and nursing team I believe that Simon will benefit from staying in hospital for further assessment and continue treatment.

TIPS to make the most out of VoiceBase the quality of a recording has a tremendous impact on machine transcription. A bit better quality will give a lot of better transcription results. Echoes and background noise are detrimental to machine transcription and should be minimized. Most smart phones record well if close to the people speaking.
VoiceBase has Android and iOS apps which record and upload to the VoiceBase website. If you are interested in using VoiceBase or our transcription and search engines for your own projects, please contact us regarding integration or API use.
Sincerely,
Your VoiceBase Team

  T/C - Simon informed me that Dr had told him he could self-medicate from now on. Dr's RiO entry did not explicitly say this although stated that he appeared stable at present, so benefit of doubt given. Simon, he said he was reluctant to take meds because he does not feel he needs it and because he has been experiencing side effects - feeling of electric shocks going through his head. He talked at length about his issues with mental health services and asked lots of questions about how things operate. Also asked me if there was anything negative written about him in his progress notes. Sounded very knowledgeable about mental health services, diagnoses and mental health law. Eventually, he agreed to see me to be given the TTAs. Home visit this evening - was pleasant although slightly over-familiar with me - asked me personal questions such as if I am single and asked for my phone number. Speech was slightly tangential although normal rate, tone and volume, interruptible.

Lorraine / Simon
Simon, I do not believe that it is in your best interests for me to serve the suggested amendments to the letter that I proposed sending to the Ms Sally Gilchrist. The reason for this advice is similar to the advice given to you by Mr Morris on 4th April **2016** and you decided to ignore his advice. A lot of the matters you raise I have previously advised you can be dealt with by cross examination. Your instructions are simply that you have not organised, provided equipment or been concerned in the organisation of illegal raves. In relation to all events with the exception of Millmarsh Lane you dispute providing equipment or any intention to hold any events. In some you are visiting friends who are homeless and have a LAPSO notice up confirming they are treating the building as their residence. The legal technicality you refer to i.e. absence of trespass does not prevent any parties from being held at the buildings in question as amounting to anti-social behaviour. You are well aware of how anti-social behaviour is defined and loud music being played over two nights would satisfy this definition as it undoubtedly causes noise nuisance and distress to neighbours. Your defence to Progress Way is denying being in attendance inside the premises on any occasion and you merely dropped off keys. The question as to whether the premises were being squatted and the appropriate notice was on display to prevent trespass does not affect whether anti-social behaviour was caused. I have advised you that championing the rights of persons squatting in a building to hold a party where a couple of hundred people attend and justifying the event as not being a rave due to lack of trespass does not prevent the event from causing anti-social behaviour. Anti-social behaviour was clearly caused as a result of the Progress Way event. There is a significant risk that you will alienate the Judge if you advance the argument that anyone squatting can hold a loud party. The loud parties cause anti-social behaviour regardless of trespass / rave definition being satisfied. I ask you to reconsider whether the attached document should be served on the Respondent. This document I have copied and pasted from the amendments you made to the letter that I sent to you. The views you expressed in the letter and the requests made were your requests and legal challenges, so I have changed "we" to, "I, Simon Cordell" to reflect this. My view is that this document should not be sent but if you insist then please confirm this in writing. Type in your signature and email back to me please. Mr Andy Locke is available for a conference on 13th September **2016** at his Chambers and following this conference a decision will be made whether to list the case for lack of disclosure or not. Please confirm your instructions on the service of the attached word document. I reiterate that I do not believe that it is in your interests to serve the document.
Regards
Josephine

Dear Andrew
I am forwarding you an email received from Simon Cordell and his mother in which they are requesting the document that you prepared opposing the introduction off the hearsay evidence, I explained Simon rejected this document on
4th April 2016
and would not allow this to get served on the Court or Respondent, I also explained he got provided with a copy of this document and he is stating that this document gets handed back to you and he now wants a copy of the document.
Can you please email me across the document that you prepared so Mr Cordell can have this?
Thank you for your kind help in this matter.

I sent this to Josie
08 September 2016 23:12
From: Rewired
[**Mail To:** re_wired@ymail.com]
Subject: I sent this to Josie
Dear Josie I do not understand why it is not in my best interests for you to serve the suggested amendments that I made in relation towards the letter you proposed sending to Ms Sally Gilchrist.
The reason I do not understand is:

1. Mr Morris advice on
4th April 2016
was the same as what I had explained to yourself when the case had started dated
12th September 2014
as received on receipt by yourself and by method of email's and them emails referred to the respondent's application of an Asbo order quoting "That a case should not rely, solely, on hearsay" as mine seems to do by the police officers.
Most of the hearsay got reported to be third party and therefore carry less weight.
2. I want to show the true facts about the case as I am the one who is suffering because of untrue cut-and-paste facts that represent the basics of the respondent's case and that singed evidence being off fabricated police statements, as detailed in the amendments towards your letter to Sally Gilchrist, whom is already in receipt of such evidence but refuses to act upon such intelligence in accordance off the law and you advise me to ignore this even low I suffer.

3. I understand a lot of the matters that should get dealt with at court will be.
4. I still argue for a speedy and fair trial: and feel that when a judge asks the respondent to reply by a set date such as the
01/08/2016
as the judge HHJ PAWLAK has ordered for it to happen then it must.
5. The respondent should do so within the time duration as dated
01/09/2016
and agreed with the judge and then received with the correct response, as has not happened
6. I was awaiting the reply since
00/02/2016
from an ongoing civil application that got dated 13th August **2014**
so, to get a fair trial.
7. After waiting on the
01/09/2016
with no response I waited till the
02/09/2016
and telephoned the respondent I spoke with a lady called sally gill Hurst, she states that she has served paperwork to my solicitors at the beginning of august a month prior, after finishing our conversation I contacted my solicitor she explained to me that she was away on holiday and I must wait till she gets back on the
06th September 2016
8. I again put the phone down and called my solicitor firm's office to see if any paperwork had gotten served, I got told no.
9. On the
8TH August
I spoke with my mother who explained to me that she had been in contact with my solicitor and I would receive a letter to sign to get sent to Sally Gill Hurst.
On me receiving this letter it raised the following concerns: --

- The paperwork has not got served in time.
- In a preliminary hearing, so to be ready for the appeal the judge ordered this to get achieved.
- The respondent has had another 6 months sine

22/02/2016
from the start of the on goings as dated
13/08/2014

- We are now at

08/09/2016
the appeal is on the
26/09/2016
this leads me to the concerns of once again the case being postponed, as it has already been ten times before.
5. I handed to article Six the right to a speedy and fair trial regarding some of my human

rights being breached because of the on goings in the ASBO proceedings drafting clear corruption and fabricated evidence asking for the case to get investigated the correct paperwork to get served in accordance to my response.

HHJ PAWLAK

- Yes, my instructions are clear, I organised none illegal raves or provide any equipment with an intention off holding an illegal rave and caused no Anti-Social behaviour on the dates sighted, and this is also to include Mill Marsh Lane with no exception.
- Yes, in some I am visiting my friends who are or were homeless.
- The legal technicality you state, I refer to i.e. absence of trespass does not prevent parties from being held in accordance off the law, may lead to a standalone anti-social behaviour order if a person commits a public order offence, to which I did not cause as I was not organizer neither did I take part in the organisation of the party or did I commit any civil or criminal offence.
- In anyone un-regular occasion over the duration of the weekend I can an understand the noise nuisance and distress to neighbours this can cause if the allegations were to be true and not fabricated by the police as I can prove. I was not the organizer of the event. The case got based on what the respondent based it upon and in my case, this is the organisation of illegal raves not the organisation of raves.

1. I proved indoor parties are not illegal unless there is a breach of the licensing act 2003 as this is the law for entertainment.
2. The word rave cannot get used when referring to inside of a building, as section 63 requires as a key element: unless trespass has taken place.
3. I proved I was not the organizer of the events as I was not.
4. That I never took part in any antisocial behaviour or intended or encouraged any other person to neither.
5. Anti-social behaviour never got caused because of the Progress Way by me or my actions as I was only a visitor who caused no offence, I feel as my solicitor you should have my best interest at heart and if you Know a police officer to get caught for being corrupt for, the evidence that they have supported so your client faced a wrongful conviction of any sort you should not encourage them to not stand up for what is correct and right, so I do not understand why you would ask me to reconsider whether the attached document should get served on the Respondent.

Amendments I made: --

The amendments I made already got served on the

22/02/2016

and the Judge ask for the respondent to answer them questions from the

01/02/2016

and the respondent refuse to do, I insist for the challenges to get answered as it is my life that has gotten tarnished for civil proceedings. I confirm this in writing to you, I feel the meeting has got left by yourself to the last minute I requested this in a multitude of emails to get achieved well in advance to the date that you now sited a few days before the appeal, when I know that you have had ample amounts of time, so if this is the earliest time I will take it and I look forward to meeting Mr Andy Locke, thank you, I do not see how the case will not get re listed due to lack of disclosure to be frank.

I do not understand why any solicitor would encourage me to go to trial or appeal and not draft out the police corruption that you can see making me accept the fabricated evidence and wrongful conditions, I know got imposed on myself under section 63 with no trespass taking place, this being said as for any of the incidents in the Asbo and with you knowing the true facts about them incidents being in private air. There is also the fabricated evidence I am standing against as for sure any solicitor works in Co Hurst towards the understanding off noun precedent in relation to the weight of any evidence put towards a client. I get concerned about the case, relying solely, on hearsay by police. Is this correct in procedure?

However, I understand and take note, which all resident parties contained within the respondent's bundle, where held in single occasions and in places of residence and where not held as a running commercial business by myself or by any other to my knowledge. I also read any person may have a house or resident party in private air under the licensing act 2003 or where they live. To my understanding, each accused incident in the respondent's bundle is a place of residence and were, in fact different people holding their own private parties at their places of residence. Aloe there may have been complaints regarding issues of concern about them house parties I was not the occupier of any of the accused locations; neither was I the hire of equipment and surely, not the organizer. I was establishing a hire company around the dates of the accused events and have provided evidence of the work I had been committing myself to, I was not trading at the time and whenever hiring out equipment I do with due

care and responsibility, however I do not accept responsibility for other people's actions when hiring out such equipment in good faith. I take legal action for any persons when breaking my terms and conditions. I do not hire out equipment to any person without being in the constraints of the law and in good business practice or without the correct ID. On one occasion I hired out a sound system in good faith on a pro Bono basis, this being of the understanding that no laws were being broken and as a Ltd company acting responsible.
I know, I should not be liable for them person's actions when hiring out equipment and having the correct protocols in place as I do. I do not feel it is right for me to get criminal punishments such as section 63 of the crime and disorder act 1994 and for that section to get then imposed against my freedom of movement and many other Human Right that have got breached by being pro-claimed under wrongful civil proceedings, as for a multitude of incorrect procedures and legislation I occurred, for an instance I got no previous nature offences of a similar sort as required by law when applying a standalone Asbo on a person's statue, as I felt I should've had the right to challenge the allegations under a true Criminal investigation, especially, when referring to the organisation of illegal raves as the respondent has headlined the offence to be.

RE: SIMON CORDELL V. THE COMMISSIONER OF POLICE OF THE METROPOLIS APPEAL AGAINST THE IMPOSITION OFF AN ASBO—26TH SEPTEMBER 2016 at;

I write even further with concerns regarding: Your issues of concern dated

08/09/2016

that got received by email at the time 06:00 pm, as towards the letter drafted by yourself and amended by myself is the response as detailed below, with the listed concerns. I understand the correct protocols for the offences I am being accused of should get carried out in a manner to be of a high professional standard as required by law, so for me to defended myself, I am therefore not happy with the issues of police corruption not being addressed, by you self and all other legal persons, as I know I cannot stand a fair trial or appeal without them issues being rectified first and this is why the amendments have got made to your letter to Sally Gilhurst. I have suffered since

2014

for conditions that have
got wrongfully, imposed upon me and still awaiting an appeal, as my acting solicitor

08/06/2017

You drafted a letter requesting the respondent to remove any CARDS that have been placed in the Asbo bundle served to myself. Mr Simon Cordell. I understand these cards are already inputted incorrectly, and you and the barrister must take notes of all of this information, as do, we, so to all achieve the same, in the understanding that I could not have and did not commit the alleged offices I gotten accused of that are within a vast majority of other CADS got contained within incorrect and blocked out context; such as the "At&t" Locations that are unreduced and Crown road and other locations such as Hardy Way, on the same day as progress way. I could not have committed, as I could not be in two places at once. There is a further issue in relation to a significant amount of Cards that should contain the At&t Locations that have got blocked out such as referred to as retracted and them CADS that also contain the Grid reference numbers that also prove other locations already, however I am even further worried about CADS such as all the listed and any in the format such as retracted where know person can, or can see the true CAD intelligence regarding the wrongful fabricated claims being held against my person, being so reviled for all to acknowledge.

1.1.4

I believe when all CADS get retracted, and a blocked, then that will help any barrister and put them in a better position to defend me, so for all Cads and pages in his Asbo application being served in an unedited format and so for me to understand the truth, to why the conditions got imposed upon myself since the Asbo's on goings.

2.

I am also seriously, worried about the reasons the case has taken so long with all the evidence I supported towards my innocent plea, such as: -

2.1. The incorrect timestamps.

2.2. The facts of the conditions of law relating to a section 63 of the crime and disorder act being imposed upon myself for indoor house parties without trespass taking place.

2.3. The Events, I am being accused of, no police officers spoke to any landlords or owners.

There has been no evidence of a breach under the Licensing act 2003.

No proof of organisation being presented against myself. There is also the matter being of; all incidents that are in the Asbo application with details to them members of the police involved, not having 101 books that are time stamped for them incidents and I once again would like to request them.

2. In relation to all cads that got a grid number of 53491,196790 and or Att location of Crown road I request the police officers involved in attending the incident, attended court so to prove what PC Elsmore stated to the Judge at the magistrates court on the date of trial to get a guilty plea against my person, not to be creditable in any weight, being of all the statements he made are in a copy of the court transcripts, which quote When making the Asbo application and redacting any intelligence he was sure all event on the
7th 8th June 2014
was in fact 100% progress way and he was sure there was no other parties / events in the borough on them dates. I intended for my acting barrister to use a copy of the magistrate's court trial transcripts on the date of the appeal.
Please can you reply to this letter of concern?
Kind regards
Simon Cordell

Lorraine / Simon
Simon, I do not believe that it is in your best interests for me to serve the suggested amendments to the letter that I proposed sending to the Ms Sally Gilchrist. The reason for this advice is similar to the advice given to you by Mr Morris on 4th April 2016 and you decided to ignore his advice. A lot of the matters you raise I have previously advised you can be dealt with by cross examination. Your instructions are simply that you have not organised, provided equipment, or been concerned in the organisation of illegal raves. In relation to all events with the exception of Millmarsh Lane you dispute providing equipment or any intention to hold any events. In some you are visiting friends who are homeless and have a LAPSO notice up confirming they are treating the building as their residence. The legal technicality you refer to i.e. absence of trespass does not prevent any parties from being held at the buildings in question as amounting to anti-social behaviour. You are well aware of how anti-social behaviour is defined and loud music being played over two nights would satisfy this definition as it undoubtedly causes noise nuisance and distress to neighbours. Your defence to Progress Way is denying being in attendance inside the premises on any occasion and you merely dropped off keys. The question as to whether the premises were being squatted and the appropriate notice was on display to prevent trespass does not affect whether anti-social behaviour was caused. I have advised you that championing the rights of persons squatting in a building to hold a party where a couple of hundred people attend and justifying the event as not being a rave due to lack of trespass does not prevent the event from causing anti-social behaviour. Anti-social behaviour was clearly caused as a result of the Progress Way event. There is a significant risk that you will alienate the Judge if you advance the argument that anyone squatting can hold a loud party. The loud parties cause anti-social behaviour regardless of trespass / rave definition being satisfied.
I ask you to reconsider whether the attached document should be served on the Respondent. This document I have copied and pasted from the amendments you made to the letter that I sent to you. The views you expressed in the letter and the requests made were your requests and legal challenges, so I have changed "we" to, "I, Simon Cordell" to reflect this. My view is that this document should not be sent but if you insist then please confirm this in writing. Type in your signature and email back to me please.
Mr Andy Locke is available for a conference on 13th September 2016 at his Chambers and following this conference a decision will be made whether to list the case for lack of disclosure or not.
Please confirm your instructions on the service of the attached word document. I reiterate that I do not believe that it is in your interests to serve the document.
Regards
Josephine

Specific disclosure requests by Simon Cordell.docx
Specific disclosure requests by Mr Simon Cordell who insists the below is forwarded.
I, Simon Cordell am of the view that a lot of the CAD's are fabricated and being used in support of this ongoing appeal. Such as the Progress Way matters that is in reference to completely different geographical locations, some distance away from Progress Way.
The redacting of the CAD messages makes this extremely difficult to stand a fair trial against under my Human Rights, Article Six the Right to a fair trial.
Referring to the Grid numbers contained in the respondents bundle that do show that a large amount of the evidence being relied upon does in fact show wrong locations, leading further towards the matter of concerns regarding the CADs, when taking a clear insight to CAD 1047 of the 8TH June 2014, That does state the call name of a police officer on duty as PC Shink, who's grid reference location was 534380, 195513 this insight leads to other issues of concern to be highlighted and them issues being that of a vast majority of all other CADS relating to progress way, do in fact having the same Grid number as the officer on duty PC Shink, but on each CAD, the Call name has been redacted Mr Simon Cordell believes the cads are of police officers not civil people and asks for the to be redacted.
I, Simon Cordell request all CADs / crime reports for all events cited in the ASBO application where reference is made to police attending the location in response to crimes being committed. This includes all incident numbers that do not include the relevant Cad intelligence contained in linked explicitly to and Linked implicitly to, that is relevant to the bundle so that I can stand a fair appeal, this is to include crown roads party at the old man building on the 6th 7th 8th June 2014 as in cad 3319 and mutable others CADS.
I, Simon Cordell request disclosure of the CCTV of the persons breaking into the premises on the 25th May 2014, the CRIS and details of any persons arrested for criminal damage / burglary.
I, Simon Cordell request the full details of the original intelligence report inputted on 25th May 2014 and also reasons why there was a need to update this report on 19th June 2014. The Intelligence report should not be allowed in evidence under the hearsay rules as it is prejudicial to me. The report has been amended.
I, Simon Cordell question the accuracy and truthfulness of the statements, CADS etc served in support of the above. I also question why some of the CAD reports have been redacted. I believe that the CAD's may well confirm the names of the real organisers, vehicle registrations etc that will confirm no vehicle belonging to the Appellant being inside the venue. I also question the chronological sequence of the CAD reports due to the time stamps.

CAD 10506 07/06/2014 22:44 - Page 238 to 241
I, Simon Cordell specifically ask the Respondent to confirm why the event was not closed down or proof of trespass or evidence of profit being made as required under the licensing act 2003 and section 63 of the CJPOA, if it was in fact a rave.
I, Simon Cordell also asks why went the sound systems not seized under section 63 of the CJPOA.
I, Simon Cordell seek clarification as whether a section 144 LAPSO notice was on display or tress pass had taken place.
I, Simon Cordell question why the Respondent has not supplied any Cads from 6th June 2014, which is in fact the date when this event started and why so many Cads' are missing from the 07th and the 08th June 2014.
ALMA ROAD - 24TH JULY 2014, I Simon Cordell will state that this date should be struck from the Respondent's bundle as there was no rave / Event.
I, Simon Cordell will argue that the court was wrong in principle in granting the original ASBO application as the Respondent made the original application based on me being involved in illegal raves. The Respondent did not establish this at the initial hearing and the District Judge erred in granting this ASBO.
It has been noted and said by PC Parcel that the I am known for class A drugs and or supplying drugs this was proved not to be true as can be read in a copy of the magistrates court transcripts and that of the district judge agreeing to take no weight in such statements, why has this not yet been deducted?
In the interests of a fair hearing I, Simon Cordell request all Cad's cross linked and referred to should be served in an unedited format.
I feel that contained in the respondents bundle that there is so many fabricated irregularities, that they should be investigated, and I feel without this being done I will not stand a fair trial.

I also believe that all the anonymous witnesses are police officers. I do not believe that they are civilian witnesses and I require all anonymous witnesses to attend court to give evidence.
I, Simon Cordell also request that all disclosure is made in respect of the raves at the Old Man Building, Crown Road on 6th, 7th and 8th June 2016.

Dear Josie
I do not understand why it is not in my best interests for you to serve the suggested amendments that I made in relation towards the letter that you proposed sending to Ms Sally Gilchrist.
The reason I do not understand is because**:**

1. Mr Morris advice on 4th April 2016 was the same as what I had explained to yourself when the case had started dated 12th September 2014 as received on receipt by yourself and by method of email's and them email's referred to the respondent's application of an Asbo order quoting "That a case should not rely solely on hearsay" as mine seems to do by the police officer's. Most of the hearsay in any case is reported to be third party and therefore carry less weight in any case.
2. I want to show the true facts about the case as I am the one who is suffering because of untrue cut and paste facts that represent the basics of the respondent's case and that singed evidence being off fabricated police statements, as detailed in the amendments towards your letter to Sally Gilchrist, whom is already in receipt of such evidence but refuses to act upon such intelligence in accordance of the law and you advise me to ignore this even low I suffer.
3. I understand that a lot of the matters that should be dealt with at court will be.
4. I still argue for a speedy and fair trial: and feel that when a judge asks the respondent to reply by a set date such as the 1/08/2016 as the judge HHJ PAWLAK has ordered to happen it should.
5. The respondent should do so within the time duration as dated 01/09/2016 and agreed with the judge and then received with the correct response, as has not happened.
6. I have been awaiting the reply since 00/02/2016 from an ongoing civil application that is dated 13th August 2014 so to be able to have a fair trial.
7. After waiting on the 01/-9-2016 with no response I waited till the 2/09/2016 and telephoned the respondent I spoke with a lady called sally gill Hurst, she states that she has served some paperwork to my solicitor's at the beginning of august a month prior, after finishing our conversation I contacted my solicitor she explained to me that she was away on holiday and that I must wait till she gets back on the 6th September 2016.
8. I again put the phone down and called my solicitor firm's office to see if any paperwork had been served to be told no.
9. On the 8TH August I spoke with my mother who explained to me that she had been in contact with my solicitor and that I would be reviving a letter to sign to be sent to Sally Gill Hurst.
10. On receiving this letter, it raised the following concerns.
11. The paperwork has not been served in time.
12. In a preliminary hearing, so to be ready for the appeal the judge ordered this to be achieved.
13. The respondent has had another 6 months sine 22/02/2016 from the start of the on goings as dated 13/08/2014
14. We are now at 08/09/2016 the appeal is on the 26/09/2016 this leads me to the concerns of once again the case being postponed, as it has already been ten times before.
15. I have handed to article Six the right to a speedy and fair trial in regard to some of my human rights being breached because of the on goings in the ASBO proceedings drafting clear corruption and fabricated evidence asking for the case to be investigated our the correct paperwork to be served in accordance to my response to HHJ PAWLAK.
16. Yes, my instructions are clear, I did not organised any illegal raves or provide any equipment with an intention of holding an illegal rave and surely did not cause any Anti-Social behaviour on the dates sighted, this is also to include Mill Marsh Lane with no exception.
17. Yes, in some I am visiting my friends who are or were homeless at the time.

18. The legal technicality you state that I refer to i.e. absence of trespass that does not prevent parties from being held in accordance of the law, may lead to a standalone anti-social behaviour order if a person commits a public order offence, to which I did not cause as I was not organizer neither did I take part in the organisation of the party or did I commit any civil or criminal offence. –

748,

-- In any one un-regular occasion over the duration of the weekend I can a understand the noise nuisance and distress to neighbours this can cause if the allegations were to be true and not fabricated by police as I can prove. I was not the organizer of the event.

19. The case is based on what the respondent based it upon and in my case, this is the organisation of illegal raves not the organisation of raves: -

20. I proved that indoor parties are not illegal unless there is a breach of the licensing act 2003 as this is the law for entertainment.

21. That the word rave cannot be used in a building as section 63 requires as a key element unless tress pass has taken place.

22. I proved that I was not the organizer of the events as I was not.

23. That I never took part in any anti-social behaviour or intended or encouraged any other person to neither.

24. Anti-social behaviour was not clearly caused as a result of the Progress Way by myself or my actions as I was only a visitor who never caused any offence.

25. I feel as my solicitor you should have my best interest at heart and if you Know a police officer to be caught for being corrupt for, the evidence that they have supported so that your client faced a wrongful conviction of any sort you should not encourage them to not stand up for what is correct and right, so I do not understand why you would ask me to reconsider whether the attached document should be served on the Respondent.

26. The amendments I made have already been served on the 22/02/2016 and the Judge ask for the respondent to answer them questions from the 01/02/2016 and the respondent refuse to do so.

27. I do insist for the challenges to be answered as it is my life that has been tarnished for civil proceedings, so I do confirm this on writing.

28. I feel that the meeting has been left by yourself to the last minute I have been requesting this in a multitude of emails to be achieved well in advance to the date that you have now sited a few days before the appeal, when I know that you have had ample amounts of time, so if this is the earliest time I will take it and I look forward to meeting Mr Andy Locke, thank you.

29. I do not see how the case will not get re listed due to lack of disclosure to be quite frank.

30. I do not understand why any solicitor would encourage me to go to trial or appeal and not draft out the police corruption that you can clearly see in turn making me accept the clearly fabricated evidence and wrongful conditions that I know have been imposed on myself under section 63 with no trespass taking place, this being said as for any of the incidents contained in the Asbo and with you knowing the true facts of them incidents being contained in private air.

31. There is also that of the clearly fabricated evidence I am standing against as for sure any solicitor works in Co Hurst towards the understanding of noun precedent in relation to the weight of any evidence put towards a client. I am concerned about the case, relying sole on hearsay by police. Is this correct in procedure?

32. However I do understand and take note, that all resident parties contained within the respondent's bundle, were held on single occasions and in places of residence and were not held as a running commercial business by myself or by any other to my knowledge. I have also read that any person is entitled to have a house or resident party in private air under the licensing act 2003 or where they reside. To my understanding, each accused incident in the respondent's bundle is a place of residence and was in fact different people holding their own private parties at their places of residence.

33. Aloe there may have been complaints in regard to issues of concern about them house parties I was not the occupier of any of the accused locations; neither was I the hire of equipment and surely not the organizer.

34. I was establishing a hire company around the dates of the accused events and have provided evidence of the work I had been committing myself to. I was not trading at the time and whenever hiring out equipment I do with due care and responsibility, however I do not accept responsibility for other people's actions when hiring out such equipment in good faith. I do take legal action for any persons when breaking my terms and conditions. I do not hire out equipment to any person without being in the constraints of the law and in good business practice or without the correct ID.

35. On one occasion I did hire out a sound system in good faith on a pro Bono basis, this being of the understanding that no laws were being broken and as a Ltd company acting responsible. I know that I should not be liable for them persons actions when hiring out equipment and having the correct protocols in place as I clearly do.

36. I do not feel that it is right for the respondent to obtain criminal punishments such as section 63 of the crime and disorder act 1994 and for that section to be then imposed against my freedom of movement and many other Human Right that have been breached by being pro-claimed under wrongful civil proceedings, as for a multitude of incorrect procedures and legislation that I have occurred, for instance I have no previous nature offences of a similar sort as required by law when applying a standalone Asbo on a person's statue, as I do feel I should of have had the right to challenge the allegations under a true Criminal investigation, especially when

749,

37. referring to the organisation of illegal raves as the respondent has clearly headlined the offence to be.

RE: SIMON CORDELL V. THE COMMISSIONER OF POLICE OF THE METROPOLIS APPEAL AGAINST THE IMPOSITION OF AN ASBO - 26TH SEPTEMBER 2016 AT 10:00 AM

I write even further with concerns regarding: Your issues of concern dated 08/09/2016 that was received by email at the time**:**

06:00pm,

So as towards the letter drafted by yourself and amended by myself is the response as detailed below, with the listed concerns.

1. I understand that the correct protocols for the offences I am being accused of should be carried out in a manner to be of a high professional standard as required by law, so for me to be able to defend myself.

2. I am therefore not happy with the issues of police corruption not being addressed, by you self and all other legal persons, as I know I cannot stand a fair trial or appeal without them issues being rectified first and this is why the amendments have been made to your letter to Sally Gilchrest Hurst.

3. I have suffered since 2014 for conditions that have been wrongfully imposed upon myself and still awaiting an appeal.

1.1 As my acting solicitor you drafted a letter requesting the respondent to remove any CADS that have been placed in the Asbo bundle served to myself Mr Simon Cordell.

1.1.1 I understand that they cads are already inputted incorrectly and you and the barrister take note of this, as do , we all achieve this in the understanding that I could not have and did not commit the alleged offices that I have been accused of that are contained with a vast majority of other CADS within incorrect and blocked out context; such as the Att Locations that are un-redacted and do state Crown road and other locations such as Hardy Way, on the same day as progress way so I could not have committed as I could not be in two places at once.

1.1.2 There is a further issue in relation to a significant amount of Cads that should contain the Att Locations that have been blocked out such as referred to as retracted and them CADS that also contain the Grid reference numbers that also prove other locations already.

1.1.3 However I am even further worried about CADS such as all the listed and any in the format such as fully retracted where know person can, or is able to see the true CAD intelligence in regards to the wrongful fabricated claims being held against my person, being so reviled for all to see.

1.1.4 I do believe when all CADS do get retracted and a blocked, then that will help any barrister and put them in a better position to defend me, so for all Cads and pages in his Asbo application being served in an unedited format and so for myself to understand the truth, to why the conditions have been imposed upon myself since the Asbo's on goings.

2.1 I am also seriously worried about the reasons why the case has taken so long with all the evidence I have supported towards my innocent plea, such as: -

2.2 The incorrect time stamps.

2.3 The facts of the conditions of law relating to a section 63 of the crime and disorder act being imposed upon myself for indoor house parties without tress pass taking place.

2.4 The Events that I am being accused of no police officers have gone and spoken to any landlord’s or owners.

2.5 There has been no evidence of a breach under the Licensing act 2003.2.5. No proof of organisation being presented against myself.

2.6 There is also the matter being of; all incidents that are in the Asbo application with particulars to them members of the police involved, not having 101 books that are time stamped for them incidents and I once again would like to request them.

3. In relation to all cads that do have a grid number of 53491,196790 and or Att location of Crown road I request that the police officers involved in attending that incident attended court so to be able to prove that what PC Elesmore stated to the Judge at the magistrates court on the date of trial to obtain a guilty plea against my person, not to be creditable in any weight , that being of all the statements he made that are contained in a copy of the court transcripts, which do quot**e:** When making the Asbo application and redacting any intelligence he was sure that all event on the 7th 8th June 2014 was in fact 100% progress way and that he was sure that there was no other parties / events in the borough on them dates.

I intended for my acting barrister to be able to use a copy of the magistrate's court trial transcripts on the date of the appeal.

Pleas can you reply to this letter of concern Kind regards Simon Cordell

Dear Ms Gilchrist
RE: SIMON CORDELL V. THE COMMISSIONER OF POLICE OF THE METROPOLIS
APPEAL AGAINST THE IMPOSITION OF AN ASBO - 26th SEPTEMBER 2016 AT 10AM
I refer to the above matter.
As you are aware Mr Cordell's appeal is listed for 26th September 2016. On 4th April 2016 HHJ Pawlak made a direction that the Respondent prepare and serve on the Appellant and the court a schedule setting out the dates, times and locations of each incident and also to specify the alleged involvement of the Appellant in the organisation of the illegal raves by 1st September 2016.
You should also be in possession of a lengthy document prepared by the Appellant and his request for disclosure of all unredacted CAD's that the Respondent is relying on. The Appellant is of the view that a lot of the CAD's used in support of the Progress Way matters are in reference to completely different geographical locations, some distance away from Progress Way. The redacting of the CAD messages makes this extremely difficult to check. The Appellant has prepared in his bundle a number of maps for each CAD. Can you please request that DC Elsmore double checks the accuracy of the location of the CAD's relied upon and please provide unredacted CADs or remove CADs that are not geographically relevant. A request was also made for statements to be obtained from DS Val Tanner and DC Chapman in relation to any intelligence that the Public Order Unit holds that confirms Simon Cordell is an organiser of illegal raves. This information is crucial to Mr Cordell's appeal as he disputes ever organising an illegal rave, under the legal definition.
Mr Cordell also specifically requests that we obtain disclosure of a copy of all emails sent from DC Elsmore or any officer involved in the investigation of this ASBO application against Mr Cordell to the Public Order Unit in respect enquiries made by them in relation to Mr Cordell's involvement in the organisation of illegal raves and the responses. The Bundle makes specific reference to DS Val Tanner responding to an enquiry in DC Elsmore statement dated 26th June 2015. We request that DS Tanner provides a statement in relation to her conversations with Ms Lorraine Cordell and we also request that any recordings of these conversations be provided.

757,
We also request that the Public Order Unit also discloses full details of all illegal events / raves that "Every Decible Matters" are linked to as it is Mr Cordell's specific instructions that he is not an owner and does not have any business interest in "Every Decible Matters" and it is his instructions that it was "Every Decible Matters" that arranged the event on 9th August 2014 that Mr Cordell is being blamed for.
We request all CADs / crime reports for all events cited in the ASBO application where reference is made to police attending the location in response to crimes being committed.
We thank you in advance and await the service of the schedule re Mr Cordell's involvement in the raves as directed by HHJ Pawlak. Please provide by close of business today otherwise we will have to request that the case be listed for mention on Monday 12th September 2016.
We await hearing from you.
Yours faithfully
MICHAEL CARROLL & CO.

Subject: I sent this to Josie
Dear Josie, I do not understand why it is not in my best interests for you to serve the suggested amendments that I made in relation towards the letter that you proposed sending to Ms Sally Gilchrist. The reason I do not understand is becaus**e:**
1. Mr Morris advice on 04th April **2016** was the same as what I had explained to yourself when the case had started dated 12th September **2014** as received on receipt by yourself and by method of email's and them email's referred to the respondent's application of an Asbo order quoting "That a case should not rely solely on hearsay" as mine seems to do by the police officer's. Most of the hearsay in any case is reported to be third party and therefore carry less weight in any case.
2. I want to show the true facts about the case as I am the one who is suffering because of untrue cut and paste facts that represent the basics of the respondent's case and that singed evidence being off fabricated police statements, as detailed in the amendments towards your letter to Sally Gilchrist, whom is already in receipt of such evidence but refuses to act upon such intelligence in accordance of the law and you advise me to ignore this even low I suffer.
3. I understand that a lot of the matters that should be dealt with at court will be.
4. I still argue for a speedy and fair trial: and feel that when a judge asks the respondent to reply by a set date such as the 1/08/**2016** as the judge HHJ PAWLAK has ordered to happen it should.
5. The respondent should do so within the time duration as dated 01/09/**2016** and agreed with the judge and then received with the correct response, as has not happened
6. I have been awaiting the reply since 00/02/**2016** from an ongoing civil application that is dated 13th August **2014** so to be able to have a fair trial.
7. After waiting on the 01/-9-**2016** with no response I waited till the 2/09/**2016** and telephoned the respondent I spoke with a lady called sally gill Hurst, she states that she has served some paperwork to my solicitor's at the beginning of august a month prior, after finishing our conversation I contacted my solicitor she explained to me that she was away on holiday and that I must wait till she gets back on the 6th September **2016**.
8. I again put the phone down and called my solicitor firm's office to see if any paperwork had been served to be told no.
9. On the 8TH August I spoke with my mother who explained to me that she had been in contact with my solicitor and that I would
2486,
be reviving a letter to sign to be sent to Sally Gill Hurst. On receiving this letter, it raised the following concerns.
1. The paperwork has not been served in time.
2. In a preliminary hearing, so to be ready for the appeal the judge ordered this to be achieved.
3. The respondent has had another 6 months sine 22/02/**2016** from the start of the on goings as dated 13/08/**2014**

4. We are now at 08/09/**2016** the appeal is on the 26/09/**2016** this leads me to the concerns of once again the case being postponed, as it has already been ten times before.
5. I have handed to article Six the right to a speedy and fair trial in regard to some of my human rights being breached because of the on goings in the ASBO proceedings drafting clear corruption and fabricated evidence asking for the case to be investigated our the correct paperwork to be served in accordance to my response to HHJ PAWLAK.
6. Yes, my instructions are clear, I did not organise any illegal raves or provide any equipment with an intention of holding an illegal rave and surely did not cause any Anti-Social behaviour on the dates sighted, this is also to include Mill Marsh Lane with no exception.
7. Yes in some I am visiting my friends who are or were homeless at the time.
8. The legal technicality you state that I refer to i.e. absence of trespass that does not prevent parties from being held in accordance of the law, may lead to a standalone anti-social behaviour order if a person commits a public order offence, to which I did not cause as I was not organizer neither did I take part in the organisation of the party or did I commit any civil or criminal offence.
9. In any one un-regular occasion over the duration of the weekend I can a understand the noise nuisance and distress to neighbours this can cause if the allegations were to be true and not fabricated by police as I can prove. I was not the organizer of the event. The case is based on what the respondent based it upon and in my case, this is the organisation of illegal raves not the organisation of raves: -
1. I proved that indoor parties are not illegal unless there is a breach of the licensing act 2003 as this is the law for entertainment.
2. That the word rave cannot be used in a building as section 63 requires as a key element unless tress pass has taken place.
3. I proved that I was not the organizer of the events as I was not. 4. That I never took part in any anti-social behaviour or intended or encouraged any other person to neither.
5. Anti-social behaviour was not clearly caused as a result of the Progress Way by myself or my actions as I was only a visitor who never caused any offence. I feel as my solicitor you should have my best interest at heart and if you Know a police officer to be caught for being corrupt for, the evidence that they have supported so that your client faced a wrongful conviction of any sort you should not encourage them to not stand up for what is correct and right, so I do not understand why you would ask me to reconsider whether the attached document should be served on the Respondent. The amendments I made have already been served on the 22/02/**2016** and the Judge ask for the respondent to answer them questions from the 01/02/**2016** and the respondent refuse to do so. I do insist for the challenges to be answered as it is my life that has been tarnished for civil proceedings, so I do confirm this on writing. I feel that the meeting has been left by yourself to the last minute I have been requesting this in a multitude of emails to be achieved well in advance to the date that you have now sited a few days before the appeal, when I know that you have had ample amounts of time, so if this is the earliest time I will take it and I look forward to meeting Mr Andy Locke, thank you. I do not see how the case will not get re listed due to lack of disclosure to be quite frank. I do not
2487,
understand why any solicitor would encourage me to go to trial or appeal and not draft out the police corruption that you can clearly see in turn making me accept the clearly fabricated evidence and wrongful conditions that I know have been imposed on myself under section 63 with no trespass taking place, this being said as for any of the incidents contained in the Asbo and with you knowing the true facts of them incidents being contained in private air. There is also that of the clearly fabricated evidence I am standing against as for sure any solicitor works in Co Hurst towards the understanding of noun precedent in relation to the weight of any evidence put towards a client. I am concerned about the case, relying sole on hearsay by police. Is this correct in procedure? However, I do understand and take note, that all resident parties contained within the respondent's bundle, were held on single occasions and in places of residence and were not held as a running commercial business by myself or by any other to my knowledge. I have also read that any person is entitled to have a house or resident party in private air under the licensing act 2003 or where they reside. To my understanding, each accused incident in the respondent's bundle is a place of residence and was in fact different people holding their own private parties at their places of residence. Aloe there may have been complaints in regard to issues of concern about them house parties I was not the occupier of any of the accused locations; neither was I the hire of equipment and surely not the organizer. I was establishing a hire company around the dates of the accused events and have provided evidence of the work I had been committing myself to. I was not trading at the time and whenever hiring out equipment I do with due care and responsibility, however I do not accept responsibility for other people's actions when hiring out such equipment in good faith. I do take legal action for any persons when breaking my terms and conditions. I do not hire out equipment to any person without being in the constraints of the law and in good business practice or without the correct ID. On one occasion I did hire out a sound system in good faith on a pro Bono basis, this being of the understanding that no laws were being broken and as a Ltd company acting responsible. I know that I should not be liable for them persons actions when hiring out equipment and having the correct protocols in place as I clearly do. I do not feel that it is right for the respondent to obtain criminal punishments such as section 63 of the crime and disorder act 1994 and for that section to be then imposed against my freedom of movement and many other Human Right that have been breached by being pro-claimed under wrongful civil proceedings, as for a multitude of incorrect procedures and legislation that I have occurred, for instance I have no previous nature offences of a similar sort as required by law when applying a standalone Asbo on a

person's statue, as I do feel I should of have had the right to challenge the allegations under a true Criminal investigation, especially when referring to the organisation of illegal raves as the respondent has clearly headlined the offence to be.

RE SIMON CORDELL V. THE = COMMISSIONER OF POLICE OF THE METROPOLIS APPEAL AGAINST THE IMPOSITION OF AN ASBO – 26TH SEPTEMBER 2016 AT 10:00 AM

I write even further with concerns regarding: Your issues of concern dated 08/09/**2016** that was received by email At the Time: 06:00pm, So as towards the letter drafted by yourself and amended by myself is the response as detailed below, with the listed concerns.

1. I understand that the correct protocols for the offences I am being accused of should be carried out in a manner to be of a high professional standard as required by law, so for me to be able to defend myself.

2. I

am therefore not happy with the issues of police corruption not being addressed, by you self and all other legal persons, as I know I cannot stand a fair trial or appeal without them issues being rectified first and this is why the amendments have been made to your letter to Sally GuillHurst. 3. I have suffered since **2014** for conditions that have been wrongfully imposed upon myself and still awaiting an appeal.

1.1 As my acting solicitor

2488,

you drafted a letter requesting the respondent to remove any CADS that have been placed in the Asbo bundle served to myself Mr Simon Cordell.

1.1.1 I understand that they cads are already inputted incorrectly and you and the barrister take note of this, as do , we all achieve this in the understanding that I could not have and did not commit the alleged offices that I have been accused of that are contained with a vast majority of other CADS within incorrect and blocked out context; such as the Att Locations that are un-redacted and do state Crown road and other locations such as Hardy Way, on the same day as progress way so I could not have committed as I could not be in two places at once.

1.1.2 There is a further issue in relation to a significant number of Cads that should contain the Att Locations that have been blocked out such as referred to as retracted and them CADS that also contain the Grid reference numbers that also prove other locations already.

1.1.3 However I am even further worried about CADS such as all the listed and any in the format such as fully retracted where know person can, or is able to see the true CAD intelligence in regards to the wrongful fabricated claims being held against my person, being so reviled for all to see.

1.1.4 I do believe when all CADS do get retracted and a blocked, then that will help any barrister and put them in a better position to defend me, so for all Cads and pages in his Asbo application being served in an unedited format and so for myself to understand the truth, to why the conditions have been imposed upon myself since the Asbo's on goings. 2. I am also seriously worried about the reasons why the case has taken so long with all the evidence I have supported towards my innocent plea, such as: -

2.1. The incorrect time stamps.

2.2. The facts of the conditions of law relating to a section 63 of the crime and disorder act being imposed upon **myself for indoor house parties without tress pass taking place.**

2.3. The Events that I am being accused of no police officers have gone and spoken to any landlord's or owners.

2.4. There has been no evidence of a breach under the Licensing act 2003.

2.5. No proof of organisation being presented against myself.

2.6. There is also the matter being of; all incidents that are in the Asbo application with particulars to them members of the police involved, not having 101 books that are time stamped for them incidents and I once again would like to request them.

3. In relation to all cads that do have a grid number of 53491,196790 and or Att location of Crown road I request that the police officers involved in attending that incident attended court so to be able to prove that what PC Elesmore stated to the Judge at the magistrates court on the date of trial to obtain a guilty plea against my person, not to be creditable in any weight , that being of all the statements he made that are contained in a copy of the court transcripts, which do quot**e:** When making the Asbo application and redacting any intelligence he was sure that all event on the 7th 8th June **2014** was in fact 100% progress way and that he was sure that there was no other parties / events in the borough on them dates. I intended for my acting barrister to be able to use a copy of the magistrate's court trial transcripts on the date of the appeal. Pleas can you reply to this letter of concern Kind regards Simon Cordell

AFFIDAVIT OF MRS REVATHY MATHIYALAGAN

I, Mrs Revathy Mathiyaiagan, of Flat 117, Burncroft Avenue, Enfield, EN3 7JQ make this statement believing it to be true and understand that it may be placed before court. Insofar as the content of this witness statement is within my own personal knowledge it is true and insofar as it is not within my persona! knowledge it is true to the best of my knowledge.

I WILL SAY AS FOLLOWS

A lie made up in MRS REVATHY MATHIYALAGAN AFFIDAVIT stating that they have gotten housed to 109 Burncroft Avenue En3 7jq with her family by the London Borough of Waltham Forest and have occupied the Property since

11 September 2016

My police interview is on cd
3. I witnessed the terrible assault committed by the Defendant on my husband on **05 March 2018** and confirm the facts stated in my husband s affidavit dated
20 April 2018
4. Mr Cordell harassed, abused and repeatedly punched my husband on his face, causing him to bleed and to break two of his teeth, I tried to stop him, but he would not listen to me.
5. We contacted the police who arrested both Mr Cordell and my husband. My husband was kept by the police overnight while he was a victim of the assault. The police could see the facial injuries, bleedings and damages sustained to his face and teeth but decided to keep him at the police station while he was a victim of the assault. Surprisingly I heard that Mr Cordell was arrested, interviewed and released on the same day. The police decided not to charge him for some unknown reasons.

6. I believe that the Police decision was wrong, as there is Clear evidence of assault, I was not interviewed while being a key witness to the incident. The Defendant should have been arrested and brought back to the Court following the breach of the injunction order so it could decide on his arrest.
7. I fear for my family safety and feels that the interim injunction with the London Borough of Enfield obtained on
09 January 2018
is not providing me and my family protection as the police refuses to enforce the terms of the order despite clear evidence that Mr Cordell has breached the terms.

Hi Josephine
I attached the document as requested. Please stay advised that as I no longer represent Mr Cordell, and this document does not contain information based on what his current instructions are as between yourself and his barrister. This document got prepared for a specific purpose to deal with a response to HHJ Pawlak's letter, after consulting the client for some length of time; he informed both you and me that he did not wish for this document to get handed up. Instead, as you remember and against my firm advice, he asked me to hand up his own typed document. which the Judge then read, I am not sure for which purpose the client wishes to use this document now, but maybe his barrister will want to advise him, as to the best

course of action and particularly, in terms of any hearsay applications. You remember that these got dealt with already and the Judge who allowed the hearsay applications by the Crown. Please contact me if you require any further information, Regards Andrew L

RECOMMENDATION
I met with Simon today on the ward and assessed him in preparation of the report. Simon recognised me immediately. He was warm, welcoming, polite and co-operative throughout the meeting. He stated about half a dozen times that he is willing to work with the services and also willing to accept medication.
It would be helpful if Simon will agree to stay in hospital to continue treatment as he appeared to have made good progress since admission. As part of the medical and nursing team I believe that Simon will benefit from staying in hospital for further assessment and continue treatment.

Official Statement of Mr Simon Cordell
The Events Leading Up to My Wrongful Detention of my Detainee: -

The events leading up to my wrongful detention of my detainee that have been governed under civil proceeding, do in fact relate to the following incidents:- On the 25th June 2013 the Metropolitan police attended my home address that being of 109 Burncroft avenue Enfield En3 at around midday, the reason for them members of the met police to attend, was about a criminal allegation, one offence of the nature of burglary, to which I Mr Simon Cordell did In fact dispute and proved my innocents at court.

On this occasion I was charged and then bail was denied I was then transferred to the world of scrubs her majesties pleasure HMP, the reason given for bail to be denied was because there was false and therefore wrongful criminal convictions that had been maliciously fabricated on the police national computer containing the wrongful convictions in my PNC , "to which I did disputed and then challenge and this has now been proven to be incorrectly inputted on my Criminal record and therefore myself to be correct, proof of this statement is contained within this official document as exhibit sc1, this exhibit contains the proof of 8 false criminal convection not in the court official registries (1 of the guilty verdict off failing to surrender of which was the reason I was denied bail.)

On the 28th June 2013 I did apply to the district judge to reconsider the application of bail to which he did choose to overturn in my favour. I was then granted bail with the following condition that the Prosecution's opposed bail was:

- Possibility of committing further offences whilst on bail:
- Possibility of Failure to surrender

Judge's Decision Bail Granted with the Following Conditions:

- Surety of £1000 from Ms Lorraine Cordell (To be surrendered to the nearest Police Station) - prior to release from Custody.
- Residence @ 109 Burncroft Road, Enfield, EN3 7JQ
- Not to enter the London Borough of Southwark
- Surrender Passport to nearest Police Station
- Report daily to Edmonton Police between 1400 - 1600do
- Curfew 8pm - 6am (doorstep condition - the Defendant should show himself to any officer upon that person knocking on the front door.

I Mr Simon Cordell had to abide to the strict regime of bail conditions until the date of 00/00/2014, this was the date set for trial, but before the start of the trial I was found not guilty due to the judge accepting my evidence of a till recipe of proof of punchers of a garden gazebo too which was the basis of the prosecution's evidence regarding the allegations of burglary.

While I was awaiting the on goings of the case to proceed to trial to defend my rights of a non-guilty plea, I felt I was being mistreated by the justice system as I knew I had not committed the offence I was being accused off and this lead me Mr Simon Cordell to pre arranging a meeting by way of telephone, this was accomplished at my own free will, so for myself to be able to attend the silver street Mental health department, to help my self-document a true understanding of the facts that was present in my life

of concern I exhibit proof of this contained and attached to this official document as sc2.

I also arranged an appointment with my Doctor who was named Dr Warren at number 1 nightingale Rd, Edmonton, this appointment was not arranged due to feeling Mentally unstable, but due to the duration of the time the court proceeding had occurred and the effect the Metropolitan Police wrongful claims of proceedings was therefore having on the ruining abilities of myself Mr Simon Cordell being a high statue director for my own company running objectives.

On the date of 00/00/00, I Mr S. Cordell was at my home addresses as noted above, with the following friends who are named 3 of 3 people not including myself Mr Simon Cordell.

When to my unexpected attention I received a phone call on my personal mobile telephone. When I asked whom the caller was I received a name of a gentleman who claimed the name of Goody and the occupation of this gentleman is an amp Mental health worker, the nature of the reason given for the call was proclaimed to be about the appoint that was previously arranged months prior with my personal GP as dated above. I clearly remember when speaking to Goodies on the phone that of an appointment being pre-arranged at my own home address, as also noted above in this document.

On the agreed date that the appointment was made was 00/00/2015, the gentlemen whom I had previously had the telephone conversation with arrived at my home address with another team member who I know no to be called (Sandra) I invited them into my home, the flat was clean as I knew I had been expecting guest and also because of the general fact I keep a strict house upkeep policy, and as for this policy I like to have nice essential utilities and personal accessories on this day my cupboards were full of food and also that of my fridge and freeze, this was checked by Sandra and goodie to my surprise.

The meeting started to take place once I had asked every person to make them self's feel at home, the meeting started to initialise and I found myself and goodies conversation started to lead towards what I had been up to prior to the visit, I explained that I was in the process of establishing my own company.

Once the meeting had started, we all started to settle into conversation within the average time duration of 5 minutes, the ladies phone whose name is Sandra started to ring she then asked every person, if she can quickly answer the call, as she answered her phone she walked into my front entrance corridor, myself and goodie continued to chat about positive things that I had been applying my time to, when Sandra walked back into the room after finishing her call, she asked if the meeting can be stopped, as she had to leave due to her telephone conversation. Goodie explained to myself that he was happy with my mental health assessment and that he was going away on holiday for four weeks and that he would like to have a follow up meeting once he

gets back from his work holiday leave, I explained I would be very happy to meet with himself again, as it was a pleasure to chat with himself.

At this stage in my life I had worked hard to achieve in a positive view and it had taken me many years to save and buy what I knew to be needed to start the company I wanted to build I would have not been able to start without the help of my family.

I can clearly note that of the facts that by 2010 I had things in place and needed to start on my next step with building my website so I order my domain name http://toosmooth.co.uk on the 22/07/2010, my mother was going to try and help build the website as money was an issue and to build the type of website that was needed would have cost a lot of money.

The development of the Website took much longer than anticipated; this was due to the building process and also my mother's health.

The coding beside the website is of a large scale due to the 4 databases that was needed.

By 2012 the website was coming along I order 2 other domains http://toosmoothentertainment.co.uk and http://toosmoothentertainment.com 22/05/2012 these were ordered, I had also started looking ahead to the summer of 2013 to start bridging out with contacts and doing some unpaid work in the local community so to get my company name known in the public, and help my local community.

I had planned to order the company name just before the work started in 2013.

The following day after of Goodie attending my private home, I was again at home working on my company I remember this date to be 00/00/2015 as for I was programming parts of my website and finding things reasonably hard to achieve, I noticed a knock on my front door and went to see who it was, when I noticed a large group of people, when asking whom them persons were I was told the name of elan, she stated that her occupation was from the mental health department so I opened up my front door and asked what they wanted to speak to me about in the safety of knowing all was being recorded on CCTV. I showed some concern in regard to the team turning up to my address unannounced and that I felt that this was a breach of my privacy. I was un happy with the way I was spoken to by the Mental Health team, on this occasion, especially with the understand of what had been portrayed to me and that being that since goodie had gone away on leave that elan and the other people standing at my front door had been made case handlers of myself for no reason I was quite shocked and concerned as goodie was surely happy when he had left prior and never said anything of the sort, it was then explained to me that they wanted to do another assessment on me once again I explained that I had just let goodie into my home less than 2 days, the team soon left.

once again with the concern of being assessed without no true reason as I knew that I had mostly been indoors and had travelled to the shops a few times with friends and family with no concern about my well-being, After elan and team had arrived I called the mental health team so to find out why they had truly attended and to raise my

concerns, while achieving this I used a dictator to record the minutes of the conversation I managed to speak to Ellen herself and explained to her that I was happy for the team to have a meeting with my se

If they wanted but please could they contact myself first or have a true reason under the mental health act.

A few days later I revived a phone call of my mother and she seemed quite concerned for my wellbeing, on asking her what was wrong she explained that the early prevention team had called her mobile phone and told her that they were obtaining a warrant under a person of interest section 135 of the mental health act 1983, this was said to be for the reason that I would not allow them access into my home.

On the 00/00/2016 while at home with my mother and civil partner I received a knock on the front door, on opening the door there was a multitude of persons present when asking them who they were they expanded police officers and doctors awaiting to serve a warrant to enter my home under section 135 of the mental health act 1983 I explained to them that I was happy to allow the doctors and medical teams access once again so to be able to conclude their assessment but was not happy for members of the police to enter due to the sensitivity of my personal information as I still had ongoing complaints and cases that I was a subject towards, the police agreed to await outside.

Before the meeting started, I pressed play on my recording system so to be able to have a copy of the minutes of the meeting as I find professional best for all people’s interest.

The general outcome of the meeting was that the warrant had been obtained illegal due to my self-having a recording of them being invited for a meeting into my home of my own free will prior and that I had allowed goodie entry into my home two days before they arrived at my front door unannounced, with no truth in decrease or evidence of an un stable mental

mentality of mine, between and on them dates. The warrant issued was and is for a person who won't allow access to mental health teams to which I clearly did do; Ellen makes a full confection of this on CD.
I allowed the meeting to go ahead in any case and was assessed as being mental stable with no issues of concern.
When listening to the transcripts of the minutes that took place that day under the grounds of the assessment, after being confirmed as well by the doctors, I was then asked if I was happy to be assessed every day or once a week, I was not happy with this as I feel I have worked hard to achieve my goals and this would have a negative impact on my time and ability as it clearly is right now, I did however say that I will talk with my partner about this and come to an agreement. After taking to my civil partner we decided that the mental health team had come to the right conclusion of me being well and that we were much more than capable of looking after our self and felt more commutable do this.
I soon received a letter asking myself to go to Edmonton green for another assessment as dated 2902/2016, I called the centre and explained that me and my partners had made our decision and that was that we can cope alone and if we ever find our self's insure of any think that we will contact the mental health team.
The care team called my mobile phone 14 August 2016.

In response to the allegations of Threats to kill 14/08/2016

On the day in question I was in my home address, all day my mother attended my home at around 3pm to collect my credit card as arranged leaving myself with no other source of money as for this I had no reason to leave my home. I have a text on my mobile phone and computer to prove this from my mother.
I was then fortunate another to have some good friends visit with their new born baby to which on their visit good news was announced that I will be the god father to the new born baby, my visitors stayed at my home address till around 7pm after their departure I was left at home alone and started to listen to a music CD that was given to me by my guests I continued to listen to music until at around 8pm, up and till I notice a very large amount of uniformed police officers entering my communal hall way and started to implosively bang on my front door intimating myself in my own place of residence.
I clearly remember approaching my front door with large concern for my safety as for I have other on goings cases against the Metropolitan police that are in the process of the IPPC.
As I approached my home front door I had that of my mobile phone in my hand and called for assistance of members of my family who could be in support of me as they may be relevant as to a witness to any ongoing about to occur.
When asking the police the reason for their presents at my home address the reply back was that of the remark, that they just wanted to speak to my person, I did reply back to them that I was not happy to speak to them self's as I knew I had done nothing un-law and was therefore a victim.
I do remember asking the police to contact my solicitors as a first point of contact for any incident as the police have a full understanding when attended my home address that my home has been my place of residents for over 11 years and I have no issues with surrendering to police.
After about a 40 minute interview of compulsive and aggressive knocking by on duty police officers on my front door, I choose to explained to them members of active police that they were being recorded by my CCTV, This caused a different reaction and the woman office who was knocking on my front door choose to cause a criminal offence by way of causing criminal damage to my personal property otherwise named as my CCTV equipment, she achieved this by staring straight into the camera and intentionally ripping out the cables in turn causing damage so that the crammers were no longer active.
As this happened while my mother attended with my uncle whom I had previously called and continued to recorded the ongoing on their mobile phone's crammers.
Another police officer a male offered to repair the damage that had been caused by the female officer by asking myself to pass them a screwdriver out of my letter box I found this an unusual request.

777,

Official Statement of Mr Simon Cordell.pdf

On arrival of my mother and uncle attending I felt much more at ease and secure of my own safety and opened my front door knowing I had all the evidence I need on CD and mobile phones to prove my innocents and the damage cause to my property.
As for other video footage I do dispute the allegations of the Quoted fact off being taken out of cell number 3 for a legal assessment by members of the MHA Mental Health Assessment Team as named AMHP worker Maggie fuller and 2 x Doctors of the names (---) and (---) whom did attended my cell while I was being recorded by CCTV as true as I am sure they did walk up to my cell hatch and verbally said to myself that I was being sectioned under the mental health act without caring out the correct procedures to obtain such regulations.
While the AMHP workers was at my cell door while being contained at wood green police station I did notice one of the doctors to be an official person that I had a complaint against for attending my home address in February 2016 and have a CD of evidence of the full mental health team of the day which does prove illegal entry into my home by way of completing a section 135 illegally in turn by stating to a judge under oath that I would not give access to my place of fixed resentence and is clearly admitted to be a lie on the CD as I have the evidence.

I Mr S. Cordell did in fact find this to be un professional conduct as for I had been detained for 24 hours with no issues of concern for my safety or any other persons and was left in my cell while being a detainee with my full clothing inclusive of shoe lyses and belt and all other articles of personal clothing that in any case would be taken of a person acting with mental health issues of concern by the acting custody officer.
I also would like to make the correct notes regarding the statement of being seen by a police officer FME, as for this is not true to its statements as quoted in Mr Goodie official statement as dated the 25th August 2016 on page 2 chapter 1.
I do not feel I was correctly pre assessed under the mental Health act 1983 at wood green police station never was I interviewed or charged for any criminal offence, as the camera evidence being becalmed will clearly show and for this reason I also request a copy of the said official assessments doctors notes made on the day,
I Know the truth to be on the 14th I was detained at my home address at around 9pm and booked into the police station I was then held for 23 hours until the official case handler came to my cell he asked me to contact my mother and ask for the video footage from my mother and uncles mobile phone and for my mother to attended the police station for an interview as in other occasion with the police I have needed an appropriate adult as I had learning difficulties such classed as reading and writing difficulties, I explained that I was willing to do the interview on my own as over the last 3 years of my life I have had much practice in reading and writing and have now improved on such needed skills, the police officer was not happy with my reply and re appeared a shot time latter with the Mental health team who never assessed me, in total I was detained for near on 30 hours taken to St Ann's Hospital and then first assed 72 hours after arriving for the first time so I understand I was detained illegally for the average of 100 hours.

778,

Official Statement of Mr Simon Cordell.pdf

Since detainee there has been many issues of concern that are to be raised and them issues of concern do in fact, contained wrongful personal information on the RIO data base and St Ann's computer systems inclusive of any other medical data in regards to doctor and client personal data and that information being not correct of it facts, so for any medical provisions to be able to use that information in a true positive method, as for that information can be proved to be fabricated and therefore false intelligence or classed as Intel.
Such fabricated medical intelligence was prepared by a Dr Rosemary Mill a St4 doctor in response for Dr Julia Cranitch, who states she has personal knowledge of Mr S. Cordell, Since the 22nd of august which is understood to be the start of her Job title for St Ann's hospital, contained in a prepared doctors statement that was requested to be served in a paper format as legal required for a tribunal.
on the 25th 08 2016 a prepared copy of the doctors notes made from all nurses assessment notes and their own personal involvement with myself, should have been served towards myself so to be able to prepare a fair deface for tribunal this should have been achieved by mid-day and was not. When staff was asked it was said my acting solicitor will be able to show myself a copy even low a consent form had been completed and submitted into St Ann's hospital.
I Mr Simon Cordell feel that was I not served in accordance of the legalisation framework that represents the mental health act 1983, neither assessed at the correct opportunity falsifying my illegal detainee.
I Mr S. Cordell was in fact shown a copy of the doctor's reports 20 minutes before the tribunal started by my acting solicitor due to a break down in communications and never had the opportunity to analyse any official documentation to in fact be able to stand a true legal defence.
As a matter of fact the tribunal did go in my favour and I feel a fair and equal decision was made by the boards official panel this decision was of the conclusion as quoted The section 2 Mental Health act 1983 was removed of my statue of liberty and I agreed to the doctors decision of staying in St Ann's hospital as a formal patient,
As the tribunal is held in St Ann's hospital there is less than a 5 minute walk from the assessment wing to where I have been detained while being assessed and on arriving back to the ward after the panel turned the decision in my favour I had the first opportunity to assess the doctors notes used in the tribunal in regards to myself that had been pre drafted and not severed to myself in accordance of the duration of the time limit that legal jurisdiction apposes and felt the need to correct wrongful lintel and state the true claims such tribunals should be based upon.
I have contained evidence that is overwhelming to the fact of the matters that I do quote within this official document of complaint.

779,

This has led to my human rights 1998 being in breach such as the listed: -

- **Article 3:** Freedom from torture and inhuman or degrading treatment what is the prohibition on torture and inhuman or degrading treatment or punishment, this is one of the most important provisions in the Human Rights Act, and clearly states the following: -
- Article 3 is like the right to life article 2, the prohibition in Article 3 requires an official and effective investigation to take place where there are credible allegations of serious ill-treatment by public officials to which Mr Simon Cordell claim and provide the supported evidence beyond reasonable doubt R V Bones, as provided within this official complaint.
  The most obvious obligation that I claim my rights towards do in fact prevent State officials from torturing a person or subjecting them to inhuman or degrading treatment.

This applies anywhere in the UK jurisdictions and this can include places outside the UK, as well as in UK prisons, hospitals, schools etc.

Any person's human rights may be affected within Article 3, whom is being contained within a Government policy that does in fact put a person in a situation where they face inhuman or degrading treatment to which I Mr Simon Cordell do feel I have been subject towards.

- **Article 3** does require that public authorities take all steps to prevent torture and ill- treatment. This requires laws in place to adequately protect vulnerable groups from ill-treatment and for public officials to act so to protect vulnerable people from harm inflicted on them by others.
- **Article 5:** Right to liberty and security.
- **Article 7:** No punishment without law.

Hello Paige, the report took me a bit more time than I first thought to finish. I am sorry if I have caused you any inconvenience. I attach a copy of the two hospital reports and also that of my reply to them reports, this does include a personal statement and a copy of the assessments transcripts that took place at my home address in February before the 14/08/2016 incident, if you have any advice towards amendments please tell me, I have not sent the documents to any other person(s) other than yourself and ask for your guidance.

Many thanks again Simon Cordell

785,

- **18/8/16** little change in presentation, generally calm on the ward however quick to become agitated during interaction with staff, can be unpredictable. Refused prescribed lorazepam. Consented to physical exam, bloods and ECG by SHO who also reviewed injury to 5[iri] finger.

Insight –
Mr Cordell feels he does not have a mental disorder.
16. Factors affecting this hearing
• Mr Cordell has made recordings of assessments and other interactions with health professionals and police in the past and refers to this frequently. Mr Cordell has attempted to make recordings of encounters with staff during his admission, there is a chance he may attempt to make recordings of tribunal proceedings.
16. opinion and Recommendations
• **Mr Cordell is currently suffering from a mental disorder:**
• He presents with persisting psychotic symptoms of paranoid persecutory delusions involving police and mental health services, he also presents with pressured speech, and has presented as elated and irritable, which may represent a mood disturbance Whilst Mr Cordell has indeed had several encounters with the police and has a forensic history, it is my opinion that his interpretation and experience of these encounters goes beyond reality into beliefs of a delusional nature. These beliefs have dominated Mr Cordell's life and his behaviour at the expense of his wellbeing and ability to function safely in the community.
• In the past these persecutory ideas have also focused on family members and neighbours, one of his neighbours was also a service user and needed to be rehoused as a result of encounters with Mr Cordell. Mr Cordell presents with evidence of thought disorder; his speech is pressured and tangential upon interview.
• His mental disorder is currently of a nature or degree to justify ongoing detention in hospital.
787,
• If he insisted on leaving the ward, we would ask our home treatment team to monitor him at home and offer him medication - historically Mr Cordell has not engaged well with community services due to his lack of insight.
17. If Mr Cordell is NOT discharged from his Section:
- We would encourage Mr Cordell to take antipsychotic medication, starting with a low dose and monitoring closely for response and any side effects.
- We would titrate the dose antipsychotic medication according to his mental state and side effect profile.
- Once regularly taking antipsychotic medication and stabilised in mental state we would start to introduce some leave from the ward initially escorted before moving to longer periods of unescorted leave.
- Once deemed stable in mental state we would look at discharge to his home with Home treatment team support and referral to community team.

The Beeping sound starts of interview.
"Muttering" Simon: all of you people are not coming into my house.
"Muttering" Mother: Three two doctors and one social worker.
"**Muttering**" "Continues."
Mother: How do I turn this television down?
Katie: I am not sure.
Mother: Simon it's not going to work out when you are talking outside.
Katie: Simon stops shouting.
Simon: I want to go through all of the corruption.
Katie: Simon, Simon.
Katie: Lorraine how do you shut the door.
Mother: Shut what door.

Katie: That door.
Mother: Oh, hold on, how do you turn this down I am turning it up.
Simon: How are you all doing welcome to my home, I am not too happy.
Sam: There is a few of us I am afraid. Simon: I understand.
Sam: Where is the best place for us all to seat?
Simon: Just take a seat anywhere you are all welcome to sit anywhere there are seats available for everybody.
Sam: Then we will explain why we are here.
789,
Copy of the Minutes of February.pdf
Simon: I am not impressed with your "referring to Elan" I see you and meet you before and I see what happened to you before.
Mother: How many people are actually coming in that is needed to do this assessment.
Mother: The police said that they will wait outside.
Unheard voice:
Katie: No, he didn't.
Mother: No, he didn't he said that the police was going to wait outside.
Sam: OK. Simon: I am not impressed with the way that use lot are using your Mental Health powers to obtain a warrant to come into my house under false allegations, stating of facts that are not true to obtain it.
Simon: you may take a sit anywhere you have been welcomed in now and like take a sit.
Sam: OK.
Simon: You have been welcomed in now like I would rather you lot take a sit rather than I take a sit.
Sam: OK.
Simon: Take a sit, sir please.
Mother: No Sam, can I talk to you for a moment you said the police was waiting outside.
Simon: The police are not coming into these premises, you're not coming in, and you can get out.
Sam: Simon.
Simon: It's a breach of conditions.
Simon: I am explaining to the police.
Katie: You're not going to get anywhere.
790,
Copy of the Minutes of February.pdf
Because right now I got conflicting cases going on with the police, and I do not want that having an effect on the ongoing because of this.
Mother: His got serious issues with police cases at the moment.
Sam: Could we just leave the door ajar and have the police at the entrance, is that OK with the police officers.
Sam: Yes, just leave the door open with the police not coming in, OK.
Katie: His exaggerated because of the police.
Simon: That is correct in practice and that is how it should be, that is professional.
Sam: OK.
Simon:
Sam: OK.
Sam: OK, sure.
Sam: So, Simon the reason that we're here today is because concerns have been raised.
"Noise in background made."
Sam: Oh, what's that?
Katie: Oh, it's all right, it part of the printer.
Sam: OK.
Sam: A bout your Mental Health and we have been asked to carry out something called a Mental Health Act assessment, so were her to decide whether or not you need to be detained.
Simon: Section 1 or 2 or 3 and maybe a 4 of the acts in an Emergency.
Sam: Err yes.
Simon: I understand your procedures.
791,
Copy of the Minutes of February.pdf
Sam: In order for that to happen and we have not decided anything yet that is why we want to talk to you.
Simon: There is no way that you can decide without being able to make an assessment of the case.
Sam: Let's just explain the legal situation first thing you can do you hip hop or so myself.
Mother: Let him, just talk Simon.
Sam: Two Doctors so there is: -
Doctor: Albazaz

Sam: and~
Doctor: Amin
Simon: How you both doing.
Sam: For in order for the section to go ahead, they would both need to make medical recommendations and I would need to agree.
Sam: Err but we really just want to find out about how your mental health is two days.
Mother: So, who are all of the other people?
Sam: They are from.
Aman: I am from the Mental Health team.
Simon: So, I meet you the other day and I spoke to you on the phone and I got through, I got large concerns about yourself.
Alena: Yes OK.
Simon: Because this is how I am going to prove that you put wrong statements of facts in to get this yesterday I spoke to you and I spoke to you a couple of days ago and did I not say to you and you said to me at 14:22 I got you on the recording and I am going to play your voice to you in a second.
792,
Copy of the Minutes of February.pdf
Mother: You do not need to.
Simon: And I would like you to honest did I not say to you that you are allowed access to my house whenever you would like on the phone last week and the week before.
Alena: Yep yes and that is what is in your notes.
Simon: So how has this court order was obtained under the grounds that I have not given you access, the form has been filled in and when you are filling that form in to get this court order it's supposed to be filled in there is a statement of facts that is said under oath to a judge, someone has filled that in incorrectly and you have just absolutely admitted that I have said that it's OK to you as I have given you permission to come into my house now.
Simon: So that court order is a breach of violations.
Sam: That is the other thing we got a warrant to come into the flat.
Simon: No, the warrant is self is valid by a judge, but the fulfilment of that warrant is incorrect.
Simon: Am I correct in practice madam.
Alena: You have said that I can come to the house the issue is seeing the doctors.
Doctor xxx: We came last week, and you did not allow us in.
Mother: Hold on can I accurately say some think.
Simon: May I say some think to you two days before that before you attended my premises for a month prior I had a gentlemen phoning me called Goodie I was speaking to him and we was making good relations and I liked this persons attitude I liked how he was talking to me and I thought maybe this person might be able to help me prospect and go forward in my life so were building good relationships we arrange a meeting for him to come around to my address his says OK his coming round his going to bring a friend a colleague, I said that is perfect he said his bringing Sandra with him, they both coming to this house I invite them in perfectly my house is tidy its smells clean they check the fridge and that then they sit down on the chair, Sandra sits actually were your sitting today yes Allan two minutes later her phone rings she gets up and she walks into the hall way and then she is on the phone in
793,
Copy of the Minutes of February.pdf
the corridor yes this door is slightly gets left ajar and Goodie is sitting here I talk to Goodie and I showed Goodie my business plan and I start to start showing him things that I am doing in my life and things like how I am going to help this community and I am going to be a good tenant and resident of the United Kingdom, his happy he was saying that he was amazed I am amazed Simon to see the good things that you are doing and to see all the management systems and to see all the files that you have here, five minutes later the woman walks back in and she goes Goodie we got to leave, so she stops the interview that me and Goodie are having personally and they both leave the premises two days later Goodie says to me, I shake Goodies hand, Goodie says when I get back in four weeks I am your case handler Simon I am going on holiday in four weeks I am going to come and I am going to visit you in four weeks I said Goodie that will be nice to see you in for weeks yes.
Simon: Two days later yourself Alena and another Sandra turns back up to my front door the woman who was so rude when she come in and cut our interview.
Katie: No notification at all.
Simon: She never writes any notes down, she never took any information. Kati**e:** Why did you not contact him?
Simon: now can I speak to yourself and I explained to you lot at the door that I do not feel comfortable that you have turned up un-announced, I have got a visitor coming to my house and I do not want them to know my personal life, right now I am trying to make a good impression of myself to people and not show them that you are here, this could be a business prospect or a business chance I might be able to have in the future, so you lot might tarnish that chance for me by being here, so please can you make your self-announced when your turning up to my address, which is fair and you took offence and you threatened me I have you on camera as well because I explained to you that you was on it and I said to

you, you said to me that I am going to go and get an order and I am going to bring the police and come into your house I said you do not have the right to go and use your Mental Health powers like that.
Doctor xx: I think I did explain to you, that was not disputed to be the facts I told you clearly if you do not allow us access.
Mother: But he has allowed you access his allowed two sets of Doctors.
Doctor xxx: Not to me.
794,
Copy of the Minutes of February.pdf
Mother: No but he allowed two doctors.
Simon: No let him speak let him speak because I am going to listen to him no go on sir.
Simon: Sorry mother.
Katie: No stop.
Doctor xx: I told him that I am the independent psychiatrist and we were there to carry out a Mental Health assessment and you insist that we only talk to you outside and you did not want us to come in so we told you.
Katie: So should you not notify him beforehand.
Doctor xxx: with the mental health assessment we do not need, I do not have to.
Simon: They do not have to the amp do not have to do that because they're two separate bodies.
Sam: Si I think if you got complaints about what has happened up till now that is fine, and you can make that.
Simon: Procedures.
Simon: No it's not just complaints it's you are in my house right now under a statement that this woman has clearly just said to you has been filled out wrongly and being handed to a judge to breech my private and family life.
Sam: Well we have used the warrant to gain access today.
Simon: Yes, but she is admitting that that warrant has been full filled wrong.
Simon: She is admitting that it has been filled wrongly to breach my Human Rights.
Sam: What I would like to focus on is your Mental Health at the moment and if you need any help with your Mental Health and what is going on with you, can we talk about that a bit for now Simon.
795,
Copy of the Minutes of February.pdf
Simon: Sir I am happy to talk with you, sir I am happy to talk with you, I am happy to talk to a degree with yourself and I am just going to go this with you.
Sam: Because how what is your own view about your Mental Health.
Simon: My own Health my Mental Health I am of good Health right now I am of good mind body and soul, right now if you would like to see the work rat I am doing I will show you what I am committing myself to every single day I can show you what I do myself, I feel a bit of an offence with the way things have gone because I was building good relationships with Goodie there two separate departments and one does need to refer the other one to yourself to come into this house Sharon has not been.
Mother: Sharon,
Simon: Sharon.
Mother: No Sandra, sorry.
Simon: Has not had permission of the department of Simon Clark, whom is the manager and Debbie is the manager of the other one they did not have the correct protocols in place for Sandra to be able to go and get this court order, but even low I am going to continue with what you are saying let's just forget about that it's finished.
Sam: At the moment you are talking quite fast, I know there are a lot of strangers that have come into your home and it must be a difficult situation.
Simon: I will speak fast.
Sam: Is this how you.
Katie: He is frustrated as well.
Sam: But is that, is this the usual self.
Simon: This is how I will find myself and I will explain my self simply if I find somebody who is of a higher profession and gets paid the living wage the same as you do when and got the education took to be able to look after myself or another member of the public I respect you the amount of time it would have took you to do that and the hardship it would take for you to get that stage so I know that I am educating myself an d that I am of a lower
796,
Copy of the Minutes of February.pdf
education to you so I believe that you should be able to understand and keep up the pace your time is valuable to yourself and valuable 'to me so I want to use that to its most efficient as possible if you want me to slow down and speak to you a bit slower.
Sam: If you could slow down because it would also show us that ability to be calm because that would make us be able to understand your mental Health at the moment.
Mother: Yes, but he does speak fast.
Sam: He always speaks very so this is Simon's usually personality. Mother: Yes, he speaks fast.

Simon: I might be a bit happier in general.
Sam: Yes, this is a difficult situation right now I appreciate that right now.
Simon: What is a difficult situation right now?
Sam: The Mental Health assessment.
Simon: The only difficult situation is the that this is being paired off on to me in such a way, when I am sitting here right now every day working my hardest righting files to look after every other member of the public and I am being treated differently I am an equal to your self's and we are all equals.
Doctor: We can understand all that we can understand all of that, but there Is concern raised about you that is why we are here, to assess the situation to see how and if you need any help or if we could offer any help, that is the reason why we are here.
Sam: How is your sleep at the moment?
Sam: Sorry to interrupt you Doctor.
Doctor xxx: So, it is because there is concern about you and that is why we are here.
Sam: How is your sleep at the moment?
Simon: But why are there concerns about me at the moment if I have not spoken to my doctor in years and use lot are the only people that seem to
797,
Copy of the Minutes of February.pdf
have that concern and that concern is based on this gentleman who has come to my door and I never gave him access.
Doctor xxx: No before that.
Simon: Before that the only other concern was that you lot came here on the 8th December 2016 and there was no issue there I explained to your self's and everybody was comfortable and you all left me and if there was a concern you would have raised that yourself s as professionals.
Doctor XX: Tell us a bit about your neighbours.
Simon: My neighbours I got a letters of every single one of my neighbours here right now I got a letter from my next doors I got a letter of them, I got a letter of every person here now saying that I have lived here for eleven years.
Doctor xxx: Please allow me to talk to please when we talk, listen to us and we will do the same to you.
Simon: Yes, for sure year for sure OK.
Doctor xx: Yes please, yes so there is concern about you regarding the neighbours you feel that the neighbours are harassing you.
Simon: Who.
Mother: No that is totally wrong.
Sam: I think it would be better if you let Simon talk.
Doctor: No let him sort this. Simon: The only issue that I have had with my upstairs neighbour.
Doctor: No please let him talk.
Simon: The only issue that I have had with my upstairs neighbour is that she is under your team of assessments, she accepts money from you and she is supposed to have a network in place such as your self's, now I have been living in this house for eleven years she moved in here seven years ago she did she come here she was already an alcoholic the alcoholism takes perception takes over the perception of her Metal Heath she was paying for herself to be drunk, you lot have got duty of care of her, she would not get a liver transplant in them situations that is why she does not really get much
798,
Copy of the Minutes of February.pdf
assistance at the age she is of your self's I expect because there is other people who deserve the chance a lot more than what she does.
Sam: Have you had any difficulties with her.
Simon: Now what she does I have not had no conflicts with her.
Sam: OK.
Simon: But I have always helped her I pick her up and take her shopping yet I do like she would have her stuff coming in and I would lift her shopping upstairs, I would carry it up to her house I would see her and I would always be polite to her and say hello, bar, bar, bar I would lend her a £10.00 I would never let her In this house because I could feel something was wrong with her yet.
Katie: She used to knock and ask for money.
Simon: She used to knock on my door every day knocking, knocking, and knocking.
Simon: My last girlfriend used to be so paranoid for 13 years because of the amount she was knocking on my door and she being another female but I would never let this woman into my house I would keep her at arm's length I knew that she was a bit of an alcoholic so I would keep a few beers in my fridge for her I do not drink alcoholic myself I am t a total.
Doctor: Have you ever had any conflict with her have you ever threaten her.
Simon: Why would I threaten her I would never threaten another person.
Doctor xx: Never.
Simon: I got a letter of her right here that I am the best neighbour in the world I am going to show you them.

Doctor xx: Were.
Katie: She is causing problems.
Mother: He is having some problems with her in the sense that.
Simon: She won't leave me alone.
799,
Copy of the Minutes of February.pdf
Mother: basically, she won't leave him alone.
Simon: She keeps stalking me under the criminal justice act 1997.
Mother: She keeps putting the letters through his letter box.
Doctor: OK.
Mother: And basically, I have been trying to deal with the council with that and there is a year worth of emails.
Simon: And she is always drunk.
Doctor: What is the content of the letters?
Simon: I have some here, right now loads of them.
Mother: she is sorry, she is sorry for keep on banning.
Simon: No I am total I like to look after other people.
Doctor xx: We understand that in the past we have had some anti depression with depression and you.
Simon: I do not think that there is a person in this room that has not felt depression once before in their life's them self's.
Sam: No, No that's right.
Doctor xx: No, no talking about Mental Health issues, so you had depression.
Simon: When I was a kid, I hard upbringing in North London, Enfield but as you can see here right now, I have worked hard to keep myself up a float.
Doctor xx: Yes, yes that is good.
Simon: I keep myself clean I keep myself with every think I need.
Doctor xx: Have you taken any medication.
Simon: I got no need to take any medication.
800,
Copy of the Minutes of February.pdf
Doctor xx: Not in the past Simon.
Simon: No I have never taken medication.
Doctor: Never taken any medication.
Doctor: How was your desperation cured?
Simon: How was my depression cured, I meet and let the beautiful people in my life, and they have helped me along the road and every time somebody else might go somebody else new might come along and help me.
Doctor: And has recently had you been feeling low in mood and depressed.
Simon: Recently I just wanted to get my civil liberties back because they have been tarnished by the police because a section 63 what to a degree what they done is set me up for being my friends to black boys funny and I then knew that I could have not committed the crimes that I am being accused me of and another police officer knows this and he is coming as a witness a superintendent is coming to talk.
"shh"
Doctor xx: What crime are they.
Mother: We do not want the police to hear.
Simon: Listen there is serious issues there in a lot of trouble.
Sam: I mean we are not here to talk about all the criminal aspects, what we are really concerned about are your mental.
Simon: I am Mental.
Sam: What I want to do.
Simon: I am defiantly not mental.
Sam: Questions that we ask everybody to help us understand your mental Health at the moment do you, have you got any racing thoughts do you find your thoughts going very quickly.
801,
Copy of the Minutes of February.pdf
Simon: No all I find myself doing is working every day on my business plan if you want to see that I will show you.
Sam: that is fine and answer, their questions afterwards.
Sam: How is your sleep at the moment Simon?
Simon: I sleep perfectly 8 hours a day sometime 9 and that is at the most sometimes I tend to stay up latter than what I do in the night, sometimes I tend to work better on the computer at night times when It is quite and everybody is not making so much noise and there is not so much banging about Because I am doing a lot of writing so I stay up late sometimes it can change I can stay up a bit latter at nights but I then come back to the day time and make sure that I manage and everything mi make sure that all my paper work and ever think Is In correct order things like that I need to do then I can go back to my place of work my place of comfort which is their some times.

Doctor: Are you eating.
Simon: yes, I am eating.
Sam: how is your appetite are you eating OK and any I no you said.
Simon: I am a size 36 jeans.
Sam: Are you feeling any low mood at all.
Simon: I just want civil liberties given back to me.
Mother: A bit stressed but it's due to the court case.
Sam: OK.
Simon: A Section 63 should not be, I basally won my case in court and I won it In court and the judge new I won it because the facts of the matter are a section 63 you must have trespass for it's a key element for that law to exist, I do not have tress pass on my criminal record so I explained this to the judge so she said do you know what you are right, then what her done was said do you know what you are right then what she has done I got the transcripts what she done was breaching my human rights she told me that there is no difference between private air and public air.
802,
Copy of the Minutes of February.pdf
Mother: No know what she actual turned round her exact words was that basically the applicant the case was based on illegality by the applicant.
Simon: They darkened my name in the newspaper.
Mother: Yes.
Sam: Yes.
Sam: I just popped out to the police officers to let them know everything is all right so the only other thing, sorry to Interrupt that so the only other thing have you threatened any cops so I know you're stressed at the moment has it ever affected you to the point where you have felt life Is not worth living or other things.
Simon: No I just want to continue with all the things that I am writing, I when I show you what I am writing.
Sam: OK.
Simon: Wait a second, I got to wait for my computer to turn on.
Simon: Then you might be able to understand me.
Simon: This Is all the things I have been doing in my life I have been building a festival I been building my own constitution, learning everything that I need like getting all the systems that I need In place the health and safety files all of my food safety all the files I need to look after any other person all the support programs that are in the areas and stuff like that that can be done every think is all categorized then I got all like adult and youths files and all my congiguuancey plan I got everything that I need I got all my disability rights and all the rest of it.
Doctor xx: Can you tell us exactly what your work is all about.
Simon: I built a festival and I built err a website and that website is going too basically.
Simon: Built a company that I can manage that is a worth it and I will be able to.
Katie: Is an entertainment company.
803,
Copy of the Minutes of February.pdf
Simon: Yes, it's an entertainment company.
Simon: But at the same time I built a charity, basically I got the business directory and what I have done Is written a constitution I wrote the memorandum of articles and articles of association basically so what I can do is define different people in different areas so rather than just having a community hall where someone like a government would sponsor to the general public or to somebody a team of people of beatifies, so I made my web site so I can have six different beatifies "Directors" in different places across London.
Doctor: How long have you been building?
Simon: I have been building my company for about 10 years in total it takes time like the website.
Mother: Well his been building it.
Doctor: Hold on please.
Doctor xx: How have you managed to get any jobs.
Simon: What do you mean within the website?
Doctor xx: Anywhere.
Simon: Yes I have had jobs, but slowly but it was in slow little pieces and I got shut down by the police as I explained, in the transcripts I got a judge saying to me that I have to have permission to have private party's like in my house.
Katie: It's an addiction.
Mother: I am sorry does anyone want a cup of tea or something.
Sam: And team: No were fine thanks.
Doctor: What do you do with the big printers?
Simon: There for part of the company.
Simon: There for graphics.
Simon: I will show you now.

804,

Copy of the Minutes of February.pdf

Katie: You know the sign writing that you 'put on vans.
Sam: Oh yes, I know.
Sam: It for poster's and things.
Katie: yes.
Mother: Yes posters and flyers and all that type of thing.
Sam: And like things for a festival.
Katie: Yes.
Mother: Yes.
Sam: OK.
Simon: No what It for is I got my catering trailer and so forth, which is going into my catalogue which is over there.
Sam: yes.
Simon: There are loads of sections and it is a bit hard to through with you.
Simon: You can have a look at it yourself; this is what I have been doing.
Sam: Hmm.
Simon: This is what I have been doing, this is the formation of the company which has to go to the commissioner and the director for CIC Company, now what this basically does is show how I am going to register the company and my interest in the company and how I would do it.
Simon: This is a description of company in which it intends to help.
Simon: Too Smooth's business directory it's a CIC Community Interest Company Association representing residents living in the whole of the United Kingdom and those who are signed as a member to its online functions, this is achieved by governing its members who are signed in use of the Too Smooth Business Directory and form. Too Smooth Business Directory is hosted within the World Wide Web.

805,

Copy of the Minutes of February.pdf

Simon: I will show you it I got a business directory and I got my own LTD company section, what I am going to do is donate the business directory section to 6 directors.
Doctor xx: So what your company can do is help people in the whole of the United Kingdom and those who are signed a member to it functions.
Simon: Yes that is correct.
Doctor: So who gave you the authority to do such a thing?
Simon: Who gave me the authority?
Simon: Who gave me the authority if I own my own building it's up to me if I want to sponsor it, if I wanted to sponsor you some think I got the right to sponsor it if I own it it's up to me.
Simon: I own my own website I built the code behind my own website.
Doctor xx: No sorry I am just asking you how you can delusion that you can represent the residents of the whole United Kingdom.
Simon: What it does what you can do yes this is the form that you can have I am going to show you quickly now yes what you have to do is have to fill out this form here, now what I am doing is letting six other people help manage my company now normally you would have them six people defined in one area which would be just this area but because I got the internet and I am governing the internet I can have six separate directors one for this borough one for this estate one up in south then one there and that means that there all managers in different areas so that does make it so that I have a constitutions and defined what sections I want, because I am not governing just one building like the old community halls used to do I have done the whole of the United Kingdom.
Simon: So now I got six people that are all directors that will all have access to a section of my business directory now what they have is they have the power to give the rest of the residents on the estates a login now they can all long in and it has a face book link and the rest and they can click on that to the Donor cause to be a Donor to any cause selected so one person say there is 33 boroughs in the surrounding areas I would have 6 of the boroughs that are company directors yes so this will be one my mum would hopefully be one I

806,

Copy of the Minutes of February.pdf

would be one for this estate and there would be another one for another area and another one for another area and they will all have logins.
Sam: So it is a way of expanding your business.
Simon: No it's not a way of expanding my business what it does is expand a business in the community, not for myself. because what I do is give this to beneficial which is the commissioner of charity's for England and Wales, this is who I am writing this to now asking him or her and showing them this is my proposal to you this is what I built and this is how I want to help people and with this I will be one of the first people to govern the internet and I am going to sponsor my business directory to the people and that is how I move on.

Doctor: And then what is the benefit of this business of the people.
Simon: I will show you what they can do this is coming along and they can add a business card to a business card directory so that they can show other people their business new starting business and existing company profiles.
Mother: Here let me show you the website.
Simon: Why just let me just do what I am doing for a sec.
Mother: Then you can show them the business directory.
Simon: Look if you would like to take a read through it, but it is not some think that will take five minutes, it has taken a lot of work and a lifetime of work at that to be able to build it for the people exactly how was done, I am rewriting Glastonbury and others management system the same I am looking at the big people behind me and how they archived what they wanted to achieve I am achieving exactly the same goals but I am just doing it today in today's modern world year and that is it.
Sam: You mentioned before that before all of this happened that you was getting on quite well with Goodie is that some correct Simon, how would you be if you did not go the hospital today, would you be prepared to meet with Goodie again.
Simon: If I did not go to hospital.
Simon: Well year I would be happy to meet Goodie again of course, but it depends under what grounds there is no reason for me to worry about
807,

meeting him over than the fact being that I am just a good person doing the correct things.
Katie: Is he not on leave at the moment.
Woman: In the background: Yes.
Sam: Yes I understand Goodie is on leave at the moment.
Mother: He is on leave. Mother: He has already agreed to meet Goodie again.
Sam: OK
Simon: "Referring to the doctor" If you would like to read a bit more sir, you just seem real interested and I love it when people are interested in my work yet.
Sam: I am just going outside to see how the police are. Mother: If you actually show him the website
Simon: He would probably understand a bit more.
Simon: Have you seen the website before.
Katie: No one would.
Simon: OK I am going to show the website now.
Katie: Basically you can hire out sound equipment.
Doctor: So why have the police stopped him.
Mother: and what he wants to do is community events, he has done a couple in 2013, like he has done Ponders End festival with the council he done, Lock to Lock.
Simon: what I own at present is an LTD company which Is Too Smooth Ltd, which is my Hire of provisions company now what I want to do is keep Too Smooth Ltd as an umbrella company I want to be able to maintain my limited foundation under that and manage a charity in co-Hurst, if anything it Is for the community, what they can do is advertise in the business directory it's like 118 but It is a digital business directory.
808,
Copy of the Minutes of February.pdf
Doctor: So the charity is a business directory.
Simon: Yes that is what it is.
Simon: And what they can do is you can come along and advertise your business, what you would do is set fee and that money will go to a chatty bar at the top and It goes to the local community.
Simon: This is another folder that I have built this is a charity that I have been building.
Simon: And this is also what I have been building for Bliss a sponsored walk that I have been building for a company called Dem's working alongside Bliss.
Simon: "Referring to another binder".
Sam: Simon I just wanted to ask you a few more and I know its 100 questions and you got all these strange people In your living room, but if I could ask you a few more questions, do you ever hear voices when no one is around.
Simon: No.
Sam: And the police I know you got these ongoing court cases and I do not want you to talk about the specifics of them, but do you think the police have a kind of conspiracy going or something going on with the polic**e:**
Simon: I will show you one or two things that are going on at the moment.
Simon: These are the letters going on with Debbie I am going to go through a couple of them with you so you can see a bit of everything that we have talked about.
Simon: Take a look at this "I show letters of Debbie."
Mother: Keep your voice down Simon.

Simon: The National call centre is a million-pound centre yet and Met cc time stamps can't go backwards. For other start what colour am I, Can every one answer me what colour am I mixed race would everyone agree that I am mixed race or light skin for a start year now I would like to show you one little snip lit, here this is a 999 call.
Mother: Sh.
809,
Copy of the Minutes of February.pdf
Simon: This is a 999 call and this is what I have been accused of, caller states on the day there were about 20 people pulling into this estate, I was in this house on this date yet I could never have done it, I could never have done It, I have not even done a house party for nothing for years, caller looks like they're planning to an illegal rave, caller states they have brought in alcohol and carrying decks, caller states they are carrying box's.
Katie: Who's that at the door?
Mother: I am just doing it because he is talking about the court case.
Katie: His not doing anything wrong.
Simon: Please stop for a Sec.
Simon: Caller states he can see them bring boxes into the building and states there defiantly all there.
Simon: Caller states they are all males and females and are all white people.
Katie: There trying to listen to you outside.
Mother: There coming in and they can hear him.
Simon: All white people.
Mother: Your trying to hear what he is saying and talking about his accepting a court case.
Doctor xx: Yes that is bad.
Simon: So that is impossible for me to have done as I am mixed race.
Simon: So that is one bad quite think yes but let me go to something else that is even worse that is a bigger problem yet.
Sam: I would Amal your part of the team could Goodie come.
Amal: It could be the way Goodie could come here or you could come to them.
810,
Copy of the Minutes of February.pdf
Simon: Then what does this do this tarnishes my medical record, then when people what to see me looking after other people in life, it looks dead,
Because right now I got the cleanest name in the world apart from the police darkening my name in on the website to which I have not because I ha have the transcripts, I am going to prove that in a couple of weeks.
Sam: But Simon it won't all this is.
Simon: but I am going to have a clean name again and I do not want my name on no mental health charts yet.
Sam: But.
Simon: It won't all this is.
Sam: There is a difference between people carrying out an assessment to see if they have a Mental Health problem.
Simon: Yes but this is an assessment right now.
Sam: Yes this is an assessment.
Simon: But what we are talking about is as if I do have a problem and now you want me to go to meetings.
Sam: No but in order to have a proper understanding is whether or not, you got the illness. I need to see you a few times and for you to see a doctor.
Simon: Do you understand what that would do to your career if someone were to do that to you right now saying that, would put you under if someone come along and done that to you and your living, right now her then that would tarnish the rest of your career possibly.
Sam: Not necessary Simon because there is a difference between.
Simon: I am working hard.
Sam: I can see you have a really strong business face. What is there a difference between you being assessed and people cheeking that you are OK.
Simon: But it is not going to be the same as every time you have already done this. Sam**e:** No all I am saying is that is a few, perhaps have a meeting with one of the doctors in Goodies team.
811,
Copy of the Minutes of February.pdf
Simon: Why would you want that from me?
Sam: Because doctors have a pacific skill to do a proper further assessment.
Simon: Well I feel that is what you done today, and you know that you are intelligent, and you know that you are going to leave me.
Sam: Well but I think it.
Simon: And you are going to know that I am healthy as any think.
Sam: Well I just think that tit is just not in you want, it will be in a period of times over a period of time.

Simon: So you say I need another assessment then another one in a few months, what you're telling me is that is not going to tarnish the rest of my life.
Sam: No because it may not be.
Simon: So I am not going to get my medical record and it going to say Simon should not look after 50 kids today because his slightly mentally ill.
Doctor: Simon.
Sam: Simon is not having a diagnoses which has some thought completely different no one was diagnosing you with any mental illness at this point there has been concerns raised so it is just a matter of people wanting to do a further assessment and this is part of it and what I think we would like to do after today is for you to see someone.
Simon: I am going to take your advice for a little while.
Simon: As long as you're not sectioning me, and you are not a doctor.
Doctor: Simon, Simon because of all the things like this you could get shot up again "Muttering" from the services if the team follow you and see you for a couple I do not know for how long.
Sam: If you do not see people and they have just got these concerns the people will just worry about you.
812,
Copy of the Minutes of February.pdf
Simon: But there is no reason to worry about me.
Sam: Well it is just because they haven't had the chance the opportunity to do a report and assessment.
Simon: I got my court case coming up soon and I cannot wait to prove my innocents and then finish the rest of what I am doing and put every one right once justice is done I will be happier more than I am.
Doctor: So this is it you are most likely most likely most likely accurately you will be discharged at the end of this if they cannot prove that you are mentally ill.
Sam: Health services in the future they can have a look and they will receive a copy of the assessment OK, what I need to do is just have a quick chat.
Katie: His never had any problems in his life.
Simon: Yes, I have never had any problems in my whole life and I am 35 years old.
Sam: That is fine.
Katie: It is just how everyone going about it if you go about it the wrong way, you're going to be defensive and that is what has happened.
Sam: Yes, I can understand that people coming into your room with some really negative issues from mental Health services.
Katie: It is not just that.
Sam: OK.
Katie: It is not just that this guy has gone mad.
Katie: It was not necessary to bring all of the police today to be honest.
Sam: I know well, I walked into this situation for the first time today.
Katie: There dead, so you do not know any previous.
Sam: Previous.
813,
Copy of the Minutes of February.pdf
Sam: What I would like to do is just have a quick word outside with the doctors just to quickly decide what we want to do and come in and let you know which will take a couple of minutes OK.
Sam: OK
Sam: Simon we are just going to pop outside with the doctors for a couple of minutes and then we will come back and let you know the outcome of the Mental Health assessment OK.
Simon: You have left your bag here.
Sam: I am coming back in I am not leaving it, but you can hang on to it, I am sure it will be safe here.
Doctor: Have you been out on your motorbike.
Simon: No not for a little while now.
Mother: No he has not been using it.
Simon: I have just been staying indoors and relaxing for a little while, but I have kept it as an asset to be able to sell when I need to make some thinking constructive with it.
Marry: Simon my name is Mary I am one of the senior partions in the home treatment team
Colin: I am Colin
Simon: How are you both?
Marry: Both of us work in the home treatment team.
Simon: It must be a hard team to work in some time.
Mother: Can I ask a quick question.
Marry: Yes.
814,

Copy of the Minutes of February.pdf
Mother: Err due to the conditions that he has been put under by the police he will not go out because he feels low the police are constantly on him and he's worried.
Katie: Is worried that he will get put into prison.
Mother: So he will not go out until all of this appeal is over with and everything else and he starts getting his life back.
Simon: I have actually been set up I never done anything.
Katie: Simon, Simon, Simon.
Mother: His got an assessment tomorrow with ESA and his no going to go up there until it is there anything the mental health team can do.
Simon: Have you got the warrant.
Mother: Yes.
Mother: And can say can you write on that and give us a copy that It was not executed and that he allowed you entry.
Sam: I suppose the best thing to say, well it is up to you, you let us in so I can suppose we can say that and then send it back to the court.
Katie: Yes.
Mother: Yes but can I keep a copy of it please.
Sam: Yes will give you a copy.
Mother: Yes wonderful, thank you.
Simon: Would use lot like a drink.
Marry: No thanks.
Gentlemen's voice: In answer to your question and I do not have a clear answer
Muttering"
815,
Copy of the Minutes of February.pdf
Mother: No it is not basically his on six conditions at the present moment until this goes to the appeal.
Katie: It is not a curfew, but it is because he is not allowed to go to places.
Mother: Like to go out down the motorway after 10:00 pm he is not allowed onto industrial estates and can't even stop at a petrol station '
Simon: I have been looking in her for over three years and I have not even been found guilty or arrested.
Mother: His got an appointment tomorrow I have contacted them and said that it is going to need to be rearranged told them that he was getting an assessment today.
Marry: Yes.
Mother: Hmm you suggested that I have contact with them.
Marry: Hmm Hm.
Mother: And basically, they asked me to update them today as to what is going on err, they're open till 8:00 pm tonight.
Marry: Hmm.
Mother: High bury and Islington.
Katie: High bury.
Marry: Islington.
Simon: I am barred from the whole of the central London.
Mother: Err the building because it is classified.
Katie: His not allowed in any form of industrial estate like you know were. Salisbury is and toys r us Great Cambridge Rd he can't go to the McDonald's after 10:00 pm or any think.
Simon: I cannot go MC Donald's or any think. "Muttering
816,
Copy of the Minutes of February.pdf
Simon: If I go into any night club I need permission any night club if I walk into a house party and you got more 20 people in your house I can go to prison the problem is normal you have got private air and public air I got freedom of speech in this house this is my private air and that Is what I believe this is our human right and what crated our statues of liberty's as human beings, now what they have done because the buildings are in side there treated as people private homes and that Is their way of living so now what they have done is breach all my human rights and all the rules and regulations and say that private air and public air are the same and that is what they have do to give me this application.
Simon: Now what the judge has written is she has write I am not allowed to have no private birthday parties in this house today if I give you an amp and you take an amp to your house if you have 20 people listening to music on that amp in your house then I can go to prison I full fit for your actions
Carl: Does it say 20.
Simon: Yes.
Katie: Yes.
Mother: Yes but that is what is written in the section 63.

Simon: But they're not allowed to do that in a house in a house I allow as many people as I want like normally you are allowed as many people as you want in here.
Simon: Section 63 is for outdoors unless tress pass has taken place, but they want to use it in to do me I am standing up for everybody.
Mother: It's absolutely wrong and there is an appeal, but the appeal taking
Marry: If it is your own place you can do what you want.
Katie: No he is not allowed under the. Marry: What is that a section 63.
Katie: I do not know the sections I just know what the Asbo restrictions cover.
Sam: Hmm Simon I will be showing you are pleased to hear that you are not going to be put under a section of the mental health Act today. Cheers in the room: -
817,
Copy of the Minutes of February.pdf
Sam: You are not going to the hospital what would in courage you to do is to meet up with goodies and see the doctor in the Goodies team because what I think is If we got some thinking on file to say that there has been an assessment no Mental Health illness was found so next time someone phones up we got that on our record because if you get some contact to say that there is concern about Metal Health we have a duty of care to check what is happening
Simon: A duty of care.
Sam: So having the assessment getting out of the way
Simon: So now that you have said that this is exactly 'the point that I wanted to raise her upstairs your team does have a duty of care of her, now these letters are the letters that she has been writing me, I was in a 13 year relationship and she was stalking me, following me around but I never paid her too much bother to me because I did not have all the court dates and orders on me so I was not in my house all the time.
Simon: Eventually any way I broke up with my partner and this woman started writing me letters all of a sudden this shows how clearly drunk she was and her mental state of mind in the letters
Simon: She is like dear Simon I thank you for your support through alcoholism Simon: So she is admitting that she is always drunk.
Simon: I was a where that I knocked on your door and borrowed money approximate £7 around 8 times.
Simon: So you can see that I am always giving her money.
Simon: I am always giving her money.
Katie: That is because she is asking for it.
Simon: Yes, she is knocking on the door.
Simon: And then she is like I do not have the way or the means of stalking you.
Simon: So she clearly understands that she is stalking me and I am saying to her please can you stop what you are doing to me, she keeps writing it when she is drunk, it is an intrusion of my life.
818,
Copy of the Minutes of February.pdf
Simon: Now because of the case I am spending 24 hours a day in my home, do you know what she does, sir she comes here and she get the tap in her flat the manufacture intended it to be built for a purpose and that is not in the way she uses it, what she is doing is sitting there at the tap and I mean she sleeps at the tap " Description of her using the tap" going bang, bang, bang what it was like is someone had turned the pressure up by the stop cock.
Doctor: Can I stop you there please.
Simon: What it is I cannot even take my clothes off in my own home as she will stamp and follow me bang, bang, bang, bang on the floor all the way into the bathroom.
Mother: He has so many witnesses I been trying to get the council to help with no luck.
Sam: Have you raped I mean, surely the housing officers are aware that the. Mother: I have been I have been. Simon: the police will not do anything.
Mother: I have been trying to deal with it, I have gotten emails upon emails upon emails that I have sent begging the council to deal with lady upstairs.
Mother: Even when I am here, she follows me into the bathroom.
Simon: There are loads of them here she writes me so many letters so many letters.
Simon: Yes and none of my friends can take their clothes of in this house or nothing 'because of what she has been doing.
Mother: It feels like she is continuing on top of your banging.
Simon: What she does every time she hears a computer keyboard; what she does is she will stand there and she will (Mr Simon Cordell makes a loud banging sound)
Sam: And it sounds like there is no sound proofing here at all low.
Mother: No there is not.
Simon: I cannot even work in this house because of her I mean I have been sitting down in this house for the last year still just waiting for her to stop
819,
Copy of the Minutes of February.pdf

banning and this can cause my sleep pattern to mess up a bit from time to time still.
Sam: No I am fine, I am fine.
Mother: And I got emails upon emails asking the council to address it because it is not fair on him, he feels as if he has no privacy in 'his own home.
Simon: Look Simon, thank you I think I have sorted it and I believe you and would bend over not to make an emissary of your life sorry I cannot see leaving just the wedged headboard.
Katie: There are plenty of people who have been here she has done it to me.
Simon: This is how drunk she is when she wrote this.
Katie: You can hear her.
Louise Brown: Do you live in this block too.
Katie: No but I am always here I am, here a lot and I am also here a lot when mum is not here, I mean a lot of things have happened.
Louise Brown: yes.
Katie: So it is not like he is making things up as it has been seen by a lot of other people and no one does anything as it is a council place for him.
Katie: I even told him that he should move away from here.
Louise Brown: Hmm.
Simon: But do you know what she means by the wedged head board yes like I said a Christmas last Christmas I brought her a box of chocolates yes and I gave everyone in the block a present yes times where hard for me as this time because I had not been up to much because I had been on curfew for two years all ready at that stage yes in this house Simon so I brought t them their boxes of chocolates then In a couple of months later in February she started doing all this banging on the tap on purpose and stamping bang, bang, banging but just before that she knocked on my door one day and asked me to go upstairs into her flat and help move her bed out this was the first time I had been into her flat I have not been in that flat for years since she has lived there but I still went up their as a gentlemen I went up there and I went in to

820,

Copy of the Minutes of February.pdf

her house and the house did smell right it was clean but it did not just smell clean so I felt funny as I am one of them people that as if "She is lazy why is her house not clean" how could she invite me In to her house like that so I quickly moved the bed fast and UN-done it and got it out of the house and got out and got straight back to my own house yes and that is why she wrote that funny bit about the head board .
Simon: You are being the best neighbour in the world Debbie, and this is the sort of letters she keeps putting into my front door.
Mother: Even the council 'has turned around and said that she has a fashion- nation with my son, but they're not doing nothing and it's driving him, he cannot even go into the toilet and have a bath as she is on top of him banging continued.
Louise Brown: Hmm OK.
Mother: Even when I am sitting here and I go to the toilet and she does not even know that it is me and she does the same to me and It does make you feel and the council are really not doing nothing about it what so ever.
Louise Brown: Hmm.
Mother: He knows that she has got problems.
Louise Brown: And this has been going on for how long a long time.
Mother: A year. Louise Brown: Oh right.
Mother: And I put a complaint in because dawn Alena is his council officer.
Louise Brown: Yes.
Mother: I was making phone calls and saying to dawn Alena, please try and address this you know please its going too far now.
Louise Brown: Yes.
Mother: And she wouldn't come out she wouldn't deal with it and wanted Simon to come up and visit her and basically I put a complaint in and the they said that they're going to put it over to the anti-social team and they wouldn't do anything then a Louise brown took up the case after months of not doing any think and I am writing emails upon emails and then they come out she did

821,

Copy of the Minutes of February.pdf

not take one note and he has video tapes recordings and every think and you can hear it and you can hear the taps were she was using the taps and they had the pressure up so high the noise that come into his flat was terrible the noise she was just turning it on and off on and off on and off.
Mother: He could not even sleep propel.
Louise Brown: How old is she Simon.
Simon: She is four years old now.
Mother: How old is Debbie.
Simon: Oh she is about 12 years older than me I would say.

Louise Brown: 12.
Katie: Oh what the dog.
Simon: Oh no the dog is four, four years of age.
Louise Brown: Arr.
"Muttering"45:14 till 45:34 Katie: She might be older than that.
Mother: And like I put a complaint in because the Anti-Social Behaviour team was not dealing with it and they was not taking the issue seriously and that was put in October of last year and we have not heard a thing, so I keep asking them when are we going to get a response from the formal complaint that was put in because you are not addressing thing correctly.
Louise Brown: And nothing.
Mother: nothing she actually phoned because I think she made a mistake, because he phoned Louise, and it now I mean Debbie was going off constant banging and he could not work or any think and it is annoying to him so he phoned Louise up and he always gives out my number so she actually phoned me by mistake and I turned round and said to Louise I said I said She said is Simon Cordell there I said no who is it she said it Louise Brown.
Louise Brown: I am Louise brown.
822,
Copy of the Minutes of February.pdf
Mother: Oh So you are Louise brown can you tell me why you have not responded to my formal complaint I sure you have and I know "Muttering" and I have not deleted them err, yet in another email you will have a response fast and directly but it is still going on now and it is now February and sill nothing.
Marry: No response.
Louise Brown: It can take up to four months later.
Mother: Yes, I Know.
Louise Brown: Any way.
Mother: And I have even been up because he has knocked on her door a few times when she was bad and really banging the council has
"Muttering" A bit so that you do not hear it so badly so bad when she is constantly banging.
Mother: I mean, even the other day he had his entire bathroom ceiling flooded and it knocked his entire electric out and basically, he had to call the Emergency.
Louise Brown: Yes, the Emergency.
Mother: And he went upstairs to say to her you have got a leak and it is all Flooding through my bathroom then and then the council come out and then she well it seems she has cleaned the mess up.
Louise Brown: Hmm.
Mother: And basically, they have re-laid the whole of her pipes like they have re-laid his heating because they were having issues with the heating systems, so they re-laid the pipes over the wall.
Katie: You can see them on the walls over there.
Louise Brown: Yes.
Mother: And basically, he turns round, and they turned round, then they phoned me, and they said has the ceiling dried out yet as they had to disconnect the whole light.
823,
Copy of the Minutes of February.pdf
Simon: My bathroom light is disconnected right now.
Mother: And.
Louise Brown: Yes.
Mother: And then I contacted them back the next day and I said to them the ceiling is still to wet to actually re connect that back up it would be dangerous.
Katie: So is there still no electric in the bathroom.
Mother: And I said you are going to need to leave to your going to need to let it dry out before you come and reconnect it back up, then I got a phone call from them say now they believe the leak is coming from 117 that is the third floor up.
Mother: Because it is privately leased their going to come down and speak to Simon today, so I said OK, no problem because they have then got to pay for the damage that was then done. Louise Brown:
Mother: Err so the people from 117 come down and they said we have got no leak we have had someone come in and check and there is no leak.
Katie: Simon.
Doctor: See you.

RESPONSE TO MENTAL HEALH REPORTS

Dated: 12/09/2016 **Name:** Mr Simon Cordell
Home Address: 109 Burncroft Avenue Enfield, Middlesex EN3 7JQ
Email Address: Re_wired@ymail.com
Date of Birth: 26 Jan 1981
Hospital: St Ann's Hospital, St Ann's Road London N15 3TH MHA
Status: Mr Cordell had been on a Section 2 of the Mental Health Act 1983 since the 15th August 2016 that was then changed at Tribunal on the 26/08/2016 to a voluntary patient as the Tribunal panel did not feel a section 2 was needed. As of the 27th August 2016 I was discharged to my home from St Ann's Hospital and I am being treated as a voluntary home patient, to date of this letter.
Responsible Clinician: Dr Julia Cranitch
Date admitted: 16th August 2016 is on the records and reports, but in the report of Dr Rosemary mills it clearly state on page number 5 Chapter 13 Progress on the Ward, that I was being detained from the 15th/8/2016.
On the 14/08/2016 the police attended my home address I was arrested around 20:00 hours and taken to Wood Green Police station for allegations that I had threaten someone, which is not true.
In the time I was in police custardy I did not see an FME doctor. I also did not see my solicitors who I had asked to see.
On the 15/08/2016 two Mental Health doctors and an amp worker did come to my cell door and told me I was being sectioned under section 2 of the Mental Health act this was around 16:30 hours. I was upset at this due to knowing I had not been legally assessed as no person had come in or out of my cell to do such an assessment as can be proved by the police Cell's CCTV, I was not even served any paper work other than my bail form and therefore held illegally after I was bailed.
No official person would say what was going on throughout my detention and for what reasons they continued to hold me after being granted bail,
Throughout my whole stay all I wanted was to see my solicitor and be interviewed and then released as I had done nothing wrong. Just after this the police handed me a bail form at around 16:46 through my cell flap, I was bailed with no interviewed and I still did not still get to see my solicitor,
When given the bail form there was two doctor and a Mental health worker also standing outside the closed cell door, who said to myself that I was being held under section 2 of the Mental health act.
I said to the Doctor I know who you are I have you on CD from February coming into my home and I also have a complaint in against you and continued to state that I had done nothing wrong in my whole detention. I explained my rights and feelings and explained to them that they should not do this to me and every person outside the cell door walked away for a while, to come back five minutes later and say to myself through the cell flap once again you are being sectioned.

I did not have an assessment with a doctor for my Mental Health at the police station which can be proved by CCTV and know I was then being held illegally, in the police cell under a section 2 without being served any official paper work to them doctors statements or being assessed.
On the 16/08/2016 an Amp worker visited me at the police station around 03:30 hours took me on his own and then said that I was then to be moved to St Ann's hospital at around 04:00 hours, as he was going by what the two pervious doctors had reported.
When I was transferred to St Ann's Hospital, I spoke to know one other than a single duty SHO with a nurse present.
I personally understand I had my first true assessment 72 hours later on the 17/08/2016 when I saw some doctors, my mother and uncle was also present at this meeting.
In response to an Inpatient psychiatric report, that was for a mental health assessment, inclusive of a related Tribunal, that was compiled on the 26/08/16 for Dr. Julia Cranitch.

- **Preamble:**

- 1.2 of Dr Rosemary Mills Report:
Dr Rosemary Mills a ST4 Doctor started to prepare her report for a Dr Julia Cranitch seven days after Mr S. Cordell was admitted to St Ann's hospital, in regard to a Mental Health Tribunal as noted in chapter 1.2 on the date of the 22nd of August 2016.
If you then turn to the last page chapter 27 the date of completion was the 24th August 2016, and once again turn back to the first page of the report and take note to the top of the headed letter and read the 25th August 2016 as to be able to tell the correct times, of Dr Rosemary Mills processing her report.
Also on the 23/08/2016 my mother had made many calls to the ward to speak to a doctor to which none called back, so she travelled up to the hospital to speak to a doctor. When a doctor who is named Dr Rosemary Mills, effectually attended and spoke with my mother.
When she came on to the ward she explained to mother, that it was her 1st day working on the ward and for St Ann's Hospital and that she had just taken over from Dr Humphreys and apologised due to this for not knowing a great deal about Mr Simon Cordell, she continued to explain that she would help my mother as much as she could.

So I question the truth of the date and accuracy of Dr Rosemary Mills report as she had not been working for St Ann's Hospital as dated the start of her report and had never talked to me?
On the date of the 23/08/206, Dr Rosemary Mills was with another doctor that my mother had seen before.
The 1st time I Mr Simon Cordell had a meeting with Dr Rosemary Mills was on the 24/08/2016.
I Mr Simon Cordell was not served a copy of Dr Rosemary Mills report in the legal time limit required, so to be able to legally prepare myself for my tribunal, as I had previously requested.
I requested this information so to have been able to question the true facts of the statements of evidence, that are now contained within the context of Dr Rosemary Mills Inpatient Psychiatric Report and Goodies Adama Social circumstances report. I was only given the report a little while before my tribunal

was due to start so did not have time to read it before the tribunal started, I did say this to the tribunal panel.
I would also like to draw reference to amending Dr Rosemary Mills report and Goodies Adama report:
This is in high light towards my own personal records that are being held upon RIO system and any other form of electronic and paper format that any medical teams may use, so for them official people to be able to compile their reports, as referred to as any reports that may relate to the Doctor and clients personal & conferential information otherwise known as intelligence.
Dr Rosemary Mills clearly states in the short time of the two brief meetings held at St Ann's hospital between herself and I that she used such personal information gained and studied from them meetings, this was also inclusive of information contained in or on RIO and any other sources that she may have used, that do relate towards myself so that she and he could conclude their reports, such information is largely incorrect to is evidence and I therefore request that information to be rectified as to being amended. Under the data protection act 1998 all information held about a person has to be 100% correct this is not the case in my records and so far, I only have limited information that was put in the report for the tribunal.
- **History of Presenting Circumstances 2.1 - 2.2 of Dr Rosemary Mills report:**
Dr Rosemary Mills report has been concluded in receipt for Dr Julia Cranitch.
I question the statement of facts that the Intel contained in the report regarding past history, not to be conclusive, as towards not being true to their facts.
On the 14/8/2016 I Mr Simon Cordell was arrested by police at my home address at around 20:00 hours and taken to Wood Green Police station, it was not the 15/08/2016 as stated in Dr Rosemary Mills report.
The reason for my arrest was allegations I had made threats to harm my neighbour, these are fake allegations and when I return to the police station for bail this will be proved as the police are already aware my home is covered by CCTV and this will prove I never left my home on this day so could not have made any threats to harm my neighbour.
In Goodies Report it is claimed that it was my mother who put the report into the police about these allegations; this is also not correct my mother never contracted the police and reported anything about me. It was me that called my mother at 18:41 and told her the police was at my home trying to get in, she rushed down to my home with my uncle where there was around 15 police officer at this point and they stated recording what was going on, as I told my mother through the door the police had ripped the wires out of my CCTV system to the front of my home.
I Mr Simon Cordell have yet to be interviewed, so to be able to find out who stated such false allegations about my mother and myself I am yet to find out, but I do NOT believe it to be my mother.
My mother was also asked if she had called the police at the Tribunal by the panel and she did not know what they were talking about and replied no she had not called the police. She has now had time to read the report and is very upset towards a lot of things that have been said and are contained in the report.
There is also the issue of concern in chapter 2.1 - 2.2 of Rosemary Mills report in regards to the wrongful truth in the statement being used relating to a police FME seeing myself, while I was being detained at the Wood Green Police Station, this is not true I never saw an FME doctor while at Wood green Police Station the cell camera evidence will clearly prove this once served by Wood green Police station, There has been a request put in for this information to the police, inclusive of all other notes legally made while being detained in cell number 3 and if granted which I could not understand why it would not be, this will prove what I have said.

Chapter 2.2 of Dr Rosemary Mills Report:
States that I was assessed by the Mental Health Teams AMP worker and Doctors at Wood Green Police Station, this is not true, I know to be assessed I would have needed to be spoken to by the doctors and AMP worker this was never done, I was never was taken out of the police cell and spoken to by two doctors or even asked if I would speak to the doctors or AMP worker.
I had been in detention for over 20 hours in a police cell waiting for my solicitor so I could have my interview. I never saw my solicitor in all the time I was held I only spoke to them once on the phone, and after over 20 hours two doctors and an

AMP worker came to my cell door and told me throw the cell flap that I was being sectioned under the Mental Health act under section 2, I was never served any official paperwork to say I was being sectioned under the Mental Health act.

Chapter 2.2 of Dr Rosemary Mills Report:

The assessing doctors felt that Mr S. Cordell presented features suggestive of Mental illness, in particular paranoid precautionary some ideas about the police and his mother.

This is far from the true facts of events that took place on this date, I was left in my cell sleeping on camera with no problems of concern thought the whole of my detention, and this was while being recorded on police cell number 3 by camera, at the Wood Green Police Station.

I did also requested food to eat at three different times and the food was served with additional drinks. I asked for a blanket as I was cold, and I was also left with my shoelaces and belt on. I even remember I had to ask for toilet roll to which that was then given to myself, in my whole stay I never caused any concerns in regard to my Mental stability.

- **Dr Rosemary Mills Report:**

There is the matter of the wrongful information that is contained in the collateral history of Mr S.
Cordell records and those claims are more fictional as to their statements in weight in any sense.

- **Dr Rosemary Mills Report:**

Dr Rosemary Mills is wrong with her information as towards the truth of events at no point of time have I ever stated to anyone that I believe the Television is talking about me, I have been asked this a few times and also in the 72 hour assessment at St Ann's hospital, my reply was "at no point of time do I believe the TV talks to myself or the radio and neither do I hear voices." I have no symptoms of the kind they mention or asked me.

Of the report also states:

I have paranoid beliefs about my mother.

This statement could not be any further from the truth as throughout my whole life I have been raised with high standards of good statue and have a very close mother to son relationship, My mother and myself have always been close along with the rest of my family, we are always there for each other as a family should be, even at the age of 35 as I am on today's date, as of headed at the top of this letter.

To my understanding my mother and I are both in disbelief of the blunt fabricated statements contained in the reports, that we do not trust one and other and the prospect of there being any truth in such unjustifiable personal Intel, making claims of my own self being and claims of my mother's statements proclaimed to be the evidence contained and supported by the reports.

In Goodies first statement of his report that is regarding, Social Circumstances that was for the Mental Health Act Tribunal that is dated 25th August 2016, I ask any reader to please take note on page 2 and of the 1st paragraph of that report, under the heading of circumstances leading to admission, it clearly states that I Mr Cordell was arrested at my home address after my mother raised concerns about my Mental

state- I know this not to be true as does she. the report goes on to say he was allegedly verbally threatening to his neighbours and (?) neighbours children and continues to state, Simon's mother then called the police who arrested him, I have talked with my mother and asked her if she made up such statements or if she has even spoken to the police on the date of the 14/08/2016 and her reply was and still is no and I trust her.

As for the threats to kill and harm children this is not true at all. I did not leave my home address all day and would not harm or threaten a child, it is just not who I am. It continues to make wrongful claims such as I was seen by a police officer FME, which is not true at all.

There is a clear issue's with misinformed intelligence, as to the claims of myself being verbal aggressive towards members of my neighbours, as the claims are not true, I have proof of a freedom of information request of myself, asking my local council if there was ever any issues relating to noise or any other complaints, in regards to my residence at, 109 Burncroft avenue for reference of the past 10 years that I have lived there and received the reply of no there has been no complaints so I exhibit proof of this as SC5, neither have I had any person knock at my front door with a negative view.

I once again question the accuracy of the intelligence report that does state:

That I use laughing gas recreationally, I Mr .Simon Cordell raises an issue with the date of such information, as for fact around the years of 2013 to 2014, I did experiment with some legal high's and never touched them since, neither have I thought about them.

As for the statements of myself having ideas, about the police and being paranoid towards them, I would like to make note of my true feelings, I do not feel paranoid about police officers, I just feel an injustice has been served upon myself, this has been achieved in relations towards pervious cases, I have now proven my innocents towards.

I also still have one up and coming court appeal, that I await, so to be able to prove my innocents towards, I was not found guilty under the applicant's case at the magistrates court and have the court transcripts as evidence of this and the truth being, of many other facts that are yet still to be presented at court and because of this I have recently been preparing my defence for this appeal, so I may talk about this a bit at present, as this case is within the next up and coming four weeks. I

do not feel that this is abnormal for any person to feel the way I do, especially about their freedom being taken away, when they are clearly in the right.
My mother has also confirmed in the meeting with the doctors that when I talk about the police it is not paranoid it is the truth. There is a long history with myself and the police they do not leave me alone, this has been going on for over 20 years, yes I agree some of it was justify by my actions at the time, but most was not justify. I am under no delusion that the police have a job to do, but I also know how I have been treated by the police and that is fact. In the report it is written I am paranoid but have the doctors ever asked me what I have gone through with the police to find out if it is paranoid or fact? I have not been asked once by any doctor.

Reference to Chapter 3.1:
In general I can agree with a vast amount of the information that was drafted and served; I am however concerned about the issues o**f:** -

- Being classed as dishevelled, as for a general appearance, I do obtain my dress code so to be of the nature of clean and well-dressed person, but due to being arrested at my home address, without no prior warning, I was wearing casual everyday indoor clothing and please explain to me what does having 4

teeth missing has to do with anything I was in an accident and lost my upper two front teeth I had a bridge fitted so they had to file down my teeth beside the 2 front ones, the bridge came out and I lost it, Does this mean I have Mental Health issues?

- I do admit I have become irritable, but this was as I knew I had not been legally assessed and I had been detained in a police station, from the date of the 14th of august 2016, this was also with no interview or charge taking place while being detained. I was of no problem to any person; this does include myself.
- Speech I Mr Simon Cordell would be the first person to admit that I do speak fast, If asked why I speak fast I would explain as a child I was classed as being tongue tied having a malformation restricting the movement of the tongue, this had an effect on my speech as a child I was under north Middlesex hospital they did not do the operation and was placed under speech therapy throughout school, I have always had to speak fast to get my words out so people could understand me this is who I am and the way I learned to deal with being tongue tied and the majority of people that I do meet tend to get along with myself and do not have an issue with it and other people do understand me, as did the nurses and patients who were at St Ann's Hospital during my stay, as noted in their reports, the assessments do state that I am a very polite person, I believe this to be as for my parents upbringing and life's toils, as one may say throughout a person's life.
- I am usually in a good mood as I still do re-quote and may be found by some persons as being slightly elevated, but this is part of my personality and constitutes to a positive impact, rather than a negative impact.
- When I denied not having thought about harming myself or others inclusive of having any perceptions or hallucinations this was and still is true.
- I do listen and take advice from medical professionals and judge what is best for me, this must also be said to be inclusive of other close friends and persons and together we do not come to the wrong conclusions, together we clearly do not believe I suffer with any Mental illness as the reports claim I may.

· Dr Rosemary Mills Report:
I agree that I have been setting up a company and this has taken me some time to complete due to raising money that is needed, while studying and getting the help or support to achieve my goals. This may be classed by some people, to be acting in a manner that is slightly grandiose, but I believe every person should set their goals high and achieve them set goals, to which I intend to one day complete.
24.11.2021 Dr Rosemary Mills Report:
I do not agree with the DR Rosemary Mills statement, as when describing my company the truth seems to be slightly in tangled, as I do not recall saying that I intended on managing part of the Mental Health care's facilities, I do in fact clearly remember explaining that I intend for my company to be able to support people as deprived as some of the NHS and Mental Health teams patients, that they have to manage on a day to day basis and that I would in Co Host like for my company to have a steady upkeep of its regime as the NHS does.
As for me stating that I intended to buy speakers for 50,000 pounds, I did not state this and this statement is therefore not true, what I did explain was that when introduced to a young gentleman a few years back, whom had half of his arm decapitated, whom did visit me on more than one occasion; we both seemed to have very similar ambitions, both towards the love of music and good sound systems not to forget good people.

One day my friend, explained that he had a sound system and asked me to visit him at his home address, as he explained where he lived, I noticed the distance of his travels, for whenever he had to visit me.

I found myself at this young gentlemen's, tower blocks, he lived on the 18th floor. On being asked to follow my friend into his bedroom I see the problem he was having with space; this was due to the size of his speakers and his disabilities.
He explained that he had the same dreams as I do this was before he had been in an accident. We both talked and what was explained for a while and took the understanding together that he needed the space in his room, so that he could be able to sort his life out. I worked a price out with him and paid him the price of each speaker.
When they were new their price was £50,000 pounds each and they are now much cheaper, to buy.
We are both still very good friends to date; I still see him he still has the same dreams and knows when I sort everything out with my company, he can be part of it.

- **Physical Examination on Admission:**

I agree with this section of the report.

- **Psychiatric History Regarding Dr Rosemary Mills Report:**

I am not happy with the Dr Rosemary Mills report due to the reasons being: Myself Mr Simon Cordell's and family representatives, inclusive of civil partner and close net friends, who do support me and disagree with the negative statements used in the medical reports. We all therefore agree together, that a wide amount of information contained in RIO'S data base is widely inaccurate, such wrongful intelligence is amongst the statement that does quote; that I Mr Simon Cordell have previously been diagnosed as to be suffering from nonorganic psychosis f29, as dated with reference towards 2015, as for fact, any person who is truly suffering from Schizophrenia and Delusion F20-F29 Schizophrenia, schizotypal and delusional, and other non-mood psychotic disorders, do in fact suffer with different symptoms to what I have clearly shown, while being closely monitored by health professionals, in St Ann's Care centre by their teams.

Dr Rosemary Mills Report:

Relating to a diagnosis of an Adjustment Disorder F35.2 in 2014, I Mr Simon Cordell also question, this.

- On the 25/06/2013 the police came to my home they arrested me for burglary which I knew I did not do.
- The police charged me, why I do not know. I was remanded to prison due to incorrect records that are contained on my PNC, which I can prove to be wrong, this is getting addressed.
- My mother and myself had to appeal the decision made by the judge who had remanded myself to prison at the crown court, which I was then granted bail under 6 conditions.

1. Surety £1000 from Ms Lorraine Cordell, this is (To be surrendered to the nearest Police Station) - prior to release from Custody.
2. Residence @ 109 Burncroft Road, Enfield, EN3 7JQ.
3. Not to enter the London Borough of Southwark.
4. Surrender Passport to nearest Police Station.
5. Report daily to Edmonton Police between 1400 - 1600 hours.
6. Curfew 8pm - 6am (doorstep condition - the Defendant should show himself too any officer upon requests.)

- Due to how much the police had kept tarnishing my life when I had clearly not done anything wrong, this caused stress in my long time relationship till we had to depart from one and other, as she could not take know more with the police harassment.
- The case took over a year to deal with as the CPS would not give the discloser that my solicitors was asking for and the judge ordered them to give.
- After a year and on the day the trial was due to start the Judge discharged the changes and found me not guilty in July 2014 this was before the trial started.
- In this time my brother had a life changing accident.
- My Nan was diagnosed terminal and passed away 30/08/2014
- A close friend of the family passed away in Dec 2013
- A close friend of the family passed away May 2014
- A close friend of the family was diagnosed terminal and passed away on the 29/08/2014 the day before my Nan.

- Adjustment Disorder order means there is an event in your life one that you are not coping with. I admit that I had multiple things going on in my life but none that I was not coping with and I would not call this Adjustment Disorder.
- The facts are that the police knew that I could not have done what they were saying is, the errors on the police PNC database caused me to go to prison, and I feel victim to the way in which I was being treated
- by the courts, because of what was being told to the judge by the police and CPS, this is also inclusive
- of the period of time leading to how long the case was taking due to myself not getting discloser from the police after the judge ordered it, we did not get disclosed until the trial date,
- The reason why the prosecution would not give discloser was it because they knew that by giving me it they would have got the case dismissed much earlier and this is what did happen in the end, for reasons such as the information I and my family had obtained.
- I could not do anything with my company and lost loads of contracts due to the bail conditions that I was under knowing and I knew that I had done nothing wrong so to be put under these conditions,

- I lost my long-time partner due to this due to the wrongful facts that the police claimed.
- Relating to a diagnosis of an Adjustment Disorder F35.2 in 2014, I Mr Simon Cordell also question the truth of this statement and understand it not to be true, as to the events that took place on the date did not relate to such a diagnosis.
- I am again very concerned and unhappy with the following information being in breach of my rights that on the 11th /3/2014, it has been said that I Mr Simon Cordell was assessed by the DR Jarvis of the Enfield Triage Team this is said to be after a referral by my GP and while in that meeting I strongly disagree with the following:-

- I was not suffering from any symptoms, anxiety for nine months as stated due to being Mentally ill, as for the truth being that I was feeling that the duration of time, leading towards the on goings of the court case, up and till the conclusion of the ongoing, was having an effect on my way of life, until I was found not guilty.
- My Doctor did not refer me to Dr Jarvis, as to in reality, I personally arranged the meeting and went there of my own free will and told my doctor what I had planned to do.
- I clearly was not suffering from a diagnosis of an Adjustment order, due to being correct and not been found guilty in regard to the issues I was having at the time.

On the 19/11/2016, it is said that I was referring to the home treatment team; this was due to concerns, that I Mr Simon Cordell had become paranoid about my mother. I question the following: -

I question who referred me to the home treatment team and the pacific's too the reason why?

I question who stated that I had become paranoid about my mother as me and my mother have always been very close. I have spoken with, my mother and she has explained to myself that she was at her home address when she received a phone call from the Mental Health team staying that the police were at my flat, this call was made while I did not know.

My mother told the Mental Health team that she did not know why the police was at my home. She told the Mental Health team that the police keep going to my home for no reason.

The Mental Health team spoke to the police but kept my mother on hold on the phone and she could hear what was being said.

The Mental Health team asked the police why they were at my home.

And the police replied that they have been called to my flat, the Mental Health team asked by whom, which the police did not seem to know as they gave the Mental Health team 3 door numbers which do not even belong to my block. The police stated to the Mental Health team since they got there I had started shouting.

The Mental Health team asked the police to leave my flat, the phone call cut of at this point with the Mental Health team and my mother, so she does not know if anything else what was said.

I was not upset and was watching some TV before the police came to my home again for no reason, I had not done anything wrong. I do not always open the door to police, due to how they are with me and sometimes shout through my door to them. Until one of my family, can get to my address so they can see what is going on.

When the Mental Health did try to talk to me this night I was upset due to what the police was doing they kept coming to my home for no reason I did not feel like speaking with anyone I just wanted to go back to watching some TV and having a rest and for the police to leave me alone,

I was not shouting and distressed so do not believe the police got a call from anyone on this day to be at my home.

The Mental Health team called back my mother and told her they would leave me alone that night and come see me again in a few days to see how I was feeling the Mental Health team did not say anything to my mother about it being unsafe to see me or feeling unsafe.

Dr Rosemary Mills Report:

25/11/2014 I do not dispute, the facts being that on the date in question, that I was calm and happy and my behaviour pattern, was one of a people whom is of good mind, body and soul.

Report - Reply.pdf

I do not feel on the 08/12/2015 I presented myself as unwell, I feel it is only human for any person to have a bad day.

As you can see above, I have a great deal of problems due to the police and I do not feel that this makes me paranoid or delusional. Some people may find it hard to believe that I have so many problems with the police, but I do it is the truth and my family and friends can also confirm this as well as many other people. I now feel I am being pushed in to not talking about the truth and what the police have done to me. Due to people stating and taking it as I am Mentality ill, I should not feel this way I should be able to talk about what is going on in my life as it is the truth. I have never been a danger to myself or towards any other person.

Rapid speech I do find that I tend to speak fast and this is the way I have always been, it does not have a negative effect in regards to my family and friends and peers or relating to any business partner & clients I meet; I however do take note to

the comment and will think about and try to speak slower from now on. But with this still in mind as said above I am still tongue tied and this is how I learned to speak I feel I should not have to change this due to people thinking I have a Mental Health illness, all it should take is for someone to ask me why I speaking so fast then I could explain. But people have not done this they have just said that I have a Mental Health problem due to this.
Thought disorder: I do not understand, why this has been noted down, as I do manage to maintain a positive form of thinking and my thoughts are constructive thoughts that are not over calculated or overwhelming to their facts.
I spoke mostly about misdiagnosis and mistreatment by police, as I have explained before, I have had years of on goings with the police, I know for sure that I can prove my statements, as from a young age my cases have been mostly NFA's regarding the police. I am in the process of an Appeal Court Case at the moment and that date is very near, I do not feel paranoid about the truth and I feel that I am looking forward to proving my innocents at court.
Paranoid persecutory delusions regarding conspiracies to damage my reputation and to kill me that have been organised by a global agency called Storm.
It seems there is a lot of information that has not been taken down correctly and then inputted on my Mental Health records and this is incorrect some people might say my Mental health records information is entangled, as for it is misleading to the true facts and the true understanding that should have been taken is yes, I do have issues with the police and as said before these issues are real. As also said, I have an upcoming Appeal in Sep 2016. Where the information that has been given directly from the police CAD system and them Cads I have been given seem to be misleading to the true facts due to the time stamps and other inaccurate information, which should never be able to happen in any database system. The Police CAD system is a software database, when people call the police via 999 or 101 there call goes to the police control centre, a member of the control centre takes the call and inputs the data into their CAD system and it is then time stamped so if the person needs a police office to their home there system can do this ETC. This police system is called Storm in Scotland and met CC in London which is our Emergency 999 call centres, I attach a copy of the on goings at court and any reader can make their own assumption, as contained in Regards towards opinion & Recommendations Chapter 17 pages 7 of this Report.
I also dispute the fact that I have ever said or referred to subliminal messages through my TV or any other way.
I have been asked this by the Mental Health team on a number of occasions and by the doctors and I explain to them the same thing every time. My TV including anything else, such as a radio has never spoken to me before.
My TV is something I watch to relax maybe I will watch a film or a program to cut of from work things I am doing for my company or before I go to sleep, so I dispute that I Mr Simon Cordell, referred to

subliminal messages through my TV: I once again question the stability and accuracy of this statement, as for fact I did not quote this neither do I suffer from any dilutions or psychoses.
Mr Cordell is said to have believed that upstairs neighbour was stalking him, the neighbour has since moved, and Mr Cordell felt she was still harassing him and had CCTV of this.
I have not said that my ex neighbour Debbie who once lived above me is still stalking me as I have not seen her since she moved.
I also believe what the Mental Health has on their system about this is incorrect.
My ex neighbours name was Debbie and yes, I did have some problems with her. When Debbie moved in I got along and looked after her for around 5 years, at this point of time in my life I was still in a long relationship with my Ex Partner and Debbie use to come to our front door and ask to borrow money from us, which if we could help we would and did as I am that sort of person and so was my Ex partner, like if I saw her trying to carry shopping up to her flat I would help her curry it to the door of her flat as I think this is the right thing to do but I never went into her flat.
After me and my partner ended in July 2013 Debbie started to come down to my flat more and more and trying to bring me drinks and also still asking for money, I never let Debbie inside my flat. I would not take the drinks of her, for one thing, I don't drink and for a next reason I knew Debbie had a problem with drink so tried to say to her stop buying it and to stop drinking it.
Debbie started to send me letters and started banging on the floor in every room any were I went in my flat she was above me; our flats do not have any sound proofing so you can hear most things.
The banging got worse and worse and she started banging on the tapes and pipes also I could not sleep I could not even go to the toilet without Debbie being above me.
I asked my mother if she could call Enfield Council as it was getting too much, which my mother did and also sent emails to them, I even called them myself. Nothing was being done by the council I told them I had CCTV of what was going on but they never asked to see it, in the one and only meeting I had with them they did not even ask to see all the evidence I have, I did offer more than once in the meeting to show them, the lady did not even write anything down.
I said to her that Debbie even attacked me outside the flat all of this was told to the council.
Debbie was then moved out and I have not seen her since she moved.
I do state that I have many recordings of such past activates of me being victim to 113 Debbie and 117 Markandu's actions.

I attach a copy of transcripts relating to a video that I acclaim in relation to the Mathiyalagan Markandu, family as dated 00/00/2016 who live at 117 Burncroft Avenue, in response to the allegations of threats to kill which I now have to attend the police station for bail on the 10/10/2016.

This is a copy of the transcripts of the video footage of when I went upstairs to 117 on the top floor from my own flat, due to my members of my neighbours banging on the walls and floors to intentionally make my self-victim to their actions, at around 19:42:43 on the 05th September 2016, 20:42:43 a few days after leaving the hospital.

END of Conversion of Mobile Phone Video Transcripts:
A copy of the video footage is available at request.
My personal CCTV that I have installed is for my own safety, it is not there to invading other people's personal life's or privacies, it is installed for my personal use and it fixture is mounted and contained within the internal hallway and is not a breach of the Data Protection Act 1998 "DPA".
Dr Rosemary Mills Report:
19/01/2016 I challenge the statements contained in the context of such report in regard to:
On the 19/01/2016 I was due to have a meeting with Goodie from the early Intervention team Goodie came to my flat with a lady I believe her name to be Diana. We all said hello to each other and seat down to talk. At this point Diana phone ring and she took the call and went into my hallway to speak.
I and Goodie carried on speaking in my front room and a little while later the lady returned into the front room and said to Goodie sorry, but they would have to leave. Goodie got up to leave but did tell me he was going on leave for 4 weeks and would see me when he came back but if I needed any help, I could call the main team.
This chapter states that I am paranoid about people especially the police, as I have explained and supported evidence towards already, I am not wrongfully paranoid about a few members of the police, as I have overwhelming evidence of police corruption which they have caused.
And those matters are in the high courts and IPPC hands inclusive of my solicitor and self being.
I would like to strengthen the truth about myself not being paranoid about over people I have no worries about paranoia and never put myself in harm's way to upset others, so I therefore feel no reason to be paranoid about other people inclusive of my mother and family.
But It seems due to talking about the police this makes me a paranoid person, maybe if someone seat down and heard what I was saying and read some of the reports I have, maybe they could see for themselves what I am saying is the truth.
But it seems when people are faced with something they do not want to or cannot understand, like something what I am face with in my life such as corruption in police cases can go on, this is wrong in today's modern world.
When any person gets accused of being a paranoid person and said to and have a Mental Health issues. Who can show the documented articles of corruption to any person on request in turn stating the truth about what there being accused of being paranoid about.
Why because people see the police as people that do no wrong. So when a person says anything bad towards the police, they are the ones that have got to be in the wrong. It seems I can have all the paperwork in the world to prove what I am saying, yet in the eyes of the Mental Health team I have a Mental Health illness why because they will not open there eyes to the truth.
As for me not eating I eat very well I always have and my dog is also fed very well, I also look after my home and it is clean and tidy maybe there is lots of paperwork around as I am doing a lot for my

company and also my appeal case, but I know where everything is and most of my paperwork is in binders.
Dr Rosemary Mills Report:
On the 22/01/2016 I was at my flat doing my paperwork waiting for some people to attend for a meeting about an up and coming event that was due to take place.
I heard my door and was thinking the people had turned up a little early, when going to the door and opening it I see doctors and other people wanting to come in my home. I told them I did not know anyone was coming and I had a meeting arranged. I was told that they did not have to tell me they were coming and could just come.
I told them the meeting I was due to have was a business meeting and it would not look good if the people I had the meeting with showed up and saw doctors and Mental Health workers so could they do this a next day. I did not say they could not have access to my property I just said it could not be on that day.
I dispute the fact that anyone could have made a diagnosis I was paranoid, suspicious, and grandiose with flights of ideas in such a little time that they were at my door. As all we spoke about was my meeting and that it was not convenient that day and could it be done on a next day due to the meeting I had already arranged.
I dispute any negative thoughts and feel that achieving to be a young entrepreneur in today's modern society may seem grandiose to some, but I know it to be a reality for many achievers.

I was shocked when I opened the door to see all these people.
I do not know why there was a need to apply for a 135 warrant as I had never not said they could not have access I just asked if this could be done on a next day due to my meeting which I do not think was to much to ask.
Dr Rosemary Mills Report:
On the 25/01/2016 the Mental Health team applied to the court for a 135 warrant to enter my home the warrant was valid for 3 months from the date of issue by the court.
The grounds that was used for the warrant was as below.
A person believed to be suffering from Mental disorder [has been] ~~[is being] [ill- treated]~~ [Neglected] [Kept otherwise than under proper control] [Being unable to take care of him/~~herself~~, is living alone] at My home address
How on earth could they say I was being [Neglected]?
How on Earth could they say I was [Kept otherwise than under proper control]?
How on Earth could they say I was [Being unable to take care of him/herself, is living alone] at My Home address?
In all the reports that have been made in regards to myself from Medical all intelligence data, prior to the teams requesting the section 135 warrant seem to say I had been Neglected, which I am sure if was true would be drafted in the reports.
In none of the reports, has it ever said I was out of control nor does it say while I have been living in my home there has been an incident relating to Mental health problems.
Also in none of the reports did it say I could not take care of myself due to living alone, in no reports did it say I was not eating, in no reports did it say I did not have food in my home and they did check this when they come to my home and always saw I had food, I was always clean and my dog was always feed and was in good condition.
It goes beyond words how they were able to get a section 135 warrant issued by the court.

On the 02/02/2016 is when they used the section 135 warrant to come to my home with police. On this date I was at home and had no visit of the medical team, as for this was the date when the section 135 of the Mental Health Act was applied for a court, as I have the true paper work served and the minutes for the meeting on CD.
Dr Rosemary Mills Report:
I was contacted by the Mental health team and explained to them in a phone conversation that I had spoken to my civil partner and we both that together after the on goings in the meeting that we will both monitor any issues of concern about my Mental health, alongside the rest of my family and friends and if ever any problems arise we will contact the Mental health team as of date.
There have been no true problems other than the false allegation of threats to kill to date which I have proof of not leaving my home on the date in question on CD.
Past Medical History
Dr Rosemary Mills Report:
6.2. While at the police station being held as a detainee on the 14/08/2016 until the 16/08/2016, I had no health issues this does include the 16/08/2016, while being detained at St Ann's Hospital.
In St Ann's Hospital I was in full good Health right up and till the 17/08/2016, when I went to use the hospital toilet as I walked in to use the toilet I slipped on the wet floor and fell forward causing both of my small index fingers to snap forward, this caused me a large amount of pain.
The toilet was left in a foul manner before I had arrived and had clearly not been maintained all day, as for there was large amounts of human waste otherwise known as urine around the floor and on the toilet seat, I clearly remember there being no safety signs up as I walked into the room and once I was inside so for any person to have been prior warned of such faults.
On noticing the damage caused to both my fingers on both separate hands I worried with concern as for the need I have for them. I care for my hands as they provide my abilities to earn a living.
I then got up and went straight to the staff room and reported the incident, I asked for it to be drafted into the Hospitals accident and report book and to have the Emergency medical provisions that I required, it was explained to myself that I will have to get the staff doctors to deal with the issue the next day.
On the 18/08/2016, I again asked for the incident report book to be updated, so as for any person to be able to explain the damage caused to my fingers, while I was under section 2 of the Mental health act 1983 while I was being detained at St Ann's hospital.
When at around 11:00am I showed a doctor, the reason I was given the opportunity to show a doctor was because of he had asked me to take part in routine checks, such as checking my heart rate, I showed the doctor the damage to both my fingers, I also expanded to the doctor the pain I was in and therefore suffering and that I required emergency assistance such as an x ray.
It was then explained to me that even low my left finger looked snapped they believed it to be swollen, I knew this not to be fluid in my left finger but for it to be part of my bone snapped, it was also explained by the doctor to me, that my right finger will heal and gain movement over time, I challenged this to the maximum extent I could at the time.

When Comparing the snap to both of my small index fingers, I class my right finger to be a lot worse as for the reason being that I have lost full control of it and can no longer use it, not having any use of my right small finger has a large effect on my daily life for incidence I can no longer write with a pen as I once could and I have issues with picking anything up as I once could before.

Report - Reply.pdf
I continued to report my concerns of my well-being in regard to my fingers with no true aid in emergency medical assistance apart from being prescribed ibuprofen an anti flamer tries and having my fingers taped together. I know that any person can clearly see the break in my left finger to date.
I am still in continuing pain due to the way it has repaired incorrectly, this lack of duty to care I believe has caused life time injuries to my abilities of my hand, in turn causing the absinth of any use from my left small finger, this really upsets me as I now feel disabled due to this accident and I know if I had my own liberty at the time I would have gone and received the medical help I needed, relating towards my Health.
- **Medications Prior to Admission Dr Rosemary Mills Report:**
I agree to the fact that I have never had any medication prescribed to myself in regards to Mental health issues as there has never been a need, however since I have been getting assessed by the Mental health team I have now been prescribed tablets by the Teams Professionals.
- **Family Histories:**
Dr Rosemary Mills Report:
My Nan did suffer from Mental Health problems from 1989 she suffered from manic depression, this surfaced when my Nan started to have her Menopause at the age of 52 and was put on treatment for this which was HRT.
She started to take HRT and the family noticed changes in her she was on HRT for around 6 months and due to how it affected her Mental Health she was taken off it, my Nan was never the same after this and did have admissions to hospital. My Nan last stay in hospital was longer then needed to be and she took it to Tribunal where the Judge ordered that she be released from the section 3 she had been on until this stage my Nan had always been diagnosed with manic depression and she had never showed any signs of a person with schizophrenia should have shown. After what the judge said my Nan's diagnosed was changed to schizophrenia, I believe this was only done so she could be placed on the drug Clozapine as at this time only patients diagnosed with schizophrenia could be placed on this drug. My Nan stayed on Clozapine until her death on the 30/08/2014.
- **Personal Histories:**
9. Dr Rosemary Mills Report:
I only draw an issue with this statement in regards to my Father, my father has never wanted bad for any of his children just for us all to act responsible and with dignity and pride, for he himself just had a strict up bringing, he has all ways been a working man and provided for his family and as a family we all love him very much.
- **Forensic Histories:**
Dr Rosemary Mills Report:
- I agree with the fact in this section of the report.
- This Is a List of my full bail conditions and a short summary relating to some issues of concern, section section.63 of the criminal Justice and Public order Act 1994 is for outdoor events all incidents I am are being accused of are all indoors and I did not commit.

The Defendant is prohibited from:

Report - Reply.pdf
- Attending a rave as defined by s.63 of the criminal Justice and Public order Act 1994.
- Being concerned in the organization of a rave as defined by s.63 of the criminal Justice and Public order Act 1994.
- Knowingly using or supplying property, personal or otherwise, for use in a rave as defined by s.63 of the criminal Justice and Public order Act 1994.
- Entering or remaining in any disused or abandoned building.
- Entering or remaining on non-residential private property on an industrial estate between the hours of 10pm and 7am without written permission from the owner and / or leaseholder of the property; and
- Engaging in any licensable activity in an unlicensed premise.

- These conditions are for the whole of the UK, and I believe are a breach to my human rights under ASBO Legalisation.
- It was asked in court by my Barrister if I needed to go to a petrol station as well as other places like to do shopping between the hours of 22:00 hours and 07:00 hours such as a 24 hour Mac Donald's what will happen and it was explained that he would in fact be in breach of this ASBO the judge explained and said well he will be arrested and have to prove in court I was going to get petrol.
- If I made a wrong turn when driving and turned into a non-residential private property on an industrial estate, I would be in breach of this ASBO.

- My mother also tried to ask things about the conditions what if he needed to go and get milk from Tesco's or a shop and the judge said well he will be arrested I can't even go to a shop between the hours of 22:00 hours and 07:00 hours without being in breach of this ASBO.
- If I was to go out for a night out I would have to ask the owner to see if there licensed to make sure I am not in breach of my ASBO as I was told it is down to me to make sure they are licensed.
- No one wanted to define the conditions the applicant which is the Met Police wanted to make this a life time ASBO and made sure the conditions were correct so that after the 5 years they can apply to put a next 5 years in place because the judge would only allow the 5 years and not the life time ASBO.
- If illegal raves have not been proven which they were not, then why do my conditions for the ASBO still define illegal raves?

Part of my Barrister submissions that represented me, had been that the allegations were that I was involved in organizing illegal raves, but the applicant hadn't adduced evidence of trespass which is a requirement for proving that an indoor rave was illegal.
The Deputy District Judge ruled that the applicant did not need to prove illegality - all the needed to prove was I had acted in an anti-social manner, to which I had not acted in any anti-social manner within the whole case file.
In the view of my barrister this is a very questionable decision: firstly, the applicant based their case on the illegality of the raves rather than the fact of the raves themselves and secondly, without proof of
1334
842,
Report - Reply.pdf
illegality the presumption of innocence leads to the conclusion that the raves were legal, and thus I being prohibited from engaging in an ostensibly lawful activity requires more careful consideration on issues of proportionality.
I have to agree with my barrister as when dealing with this case I was addressing the applicant case to prove that I had not been involved in organizing illegal raves, as this is what the application against me was.
The case was proven that I acted in an in an anti-social manner, but I don't understand by doing what. As the case against me was that I had organized illegal raves, and this part was not proven so what did I do that cause harassment, alarm, or distress to one or more persons not of the same household as myself?

- **Dr Rosemary Mills Report:**

The report states that; Mr Simon Cordell has stated that he is currently on bail for making threats to harm his neighbours he has a court date relating to this on the 8th October 2016.
This is clearly misinformed information as the true facts are, I was arrested on the 14/08/2016 and not allowed to be interviewed as they said I was not fit for interview and placed on a section 2 of the Mental Health act. The police bailed me until the 04/10/2016 for alleged threats to kill to what person or persons I still am not quite sure, as I am still yet to be interviewed. I am on bail to the police station on the 04/10/2016 and this is not a court date, as I have not been charged and will not as I do have a video that provides the evidence that I never committed such crimes as I never left my home.
Drugs and Alcohol History:
Dr Rosemary Mills Report:
I dispute and there for challenge the statement that is contained in the reports and in RIO that is in regards to my use cannabis on a daily basis, as at the time of the incident I clearly remember explaining when questioned, my reply to be no I do not.
Dr Rosemary Mills Report:
It is said that when I was admitted into hospital in 2012 for assessment after allegedly using LSD and drinking a bottle of rum at a festival.
This is not true as on the date in question the truth being, I was passed by another person a drink of rum and it contained LSD to my surprise.
Dr Rosemary Mills Report:
I was asked if I would do a drugs test and I agreed to do one. This never happened I asked about this more then once to be done which it was not.
Social History:
Dr Rosemary Mills Report:
I do live in a one bedroom flat and deny ever saying that I or another person had paid to own it as I know this not to be true as of yet. I did however say that I would like to buy my flat from the council.

Diary of Events in Mr Simon Cordell's Life Since 2012 till Date 2016

22/07/2012	Stopped by police as my vehicle showed I did not have insurance, But I did have insurance; police took case to court via a summons which I did not receive and only found out about it once I got a letter from DVLA. I applied to have case reopened and won the case after showing my insurance. Fine and points removed from my licence.
14/08/2012	Case went back to 2005 and it was for a wrongful accused robbery in a shop, I was arrested on the 14/08/2012 (Case was NFA 18/09/2012 as it was not me.)
14/08/2012	Birmingham Theft of a Motor Vehicle (Case was NFA on 12/09/2012 as it was not me.)
12/01/2013	Canary Wharf Party I went to a party with my girlfriend where a guy came up be hide me and stabbed me I ended up in The Royal London Hospital. Police are using this as part of there ASBO case against me.
07/04/2013	At my friends house waiting outside as I was going out with friends for the day on our Scramblers, in Elsmere Street, Police came to my van and said there had been a report of a Burglary and a TV being put in my van, police searched my van and there was no TV just my Scramblers, (Nothing was ever said again about the report of a Burglary by police). Then the police said tat I had No insurance, and seize my van, I told them about the error on the MED database and this information was on there own police systems. Police still seized my van which I had to pay again to get back police took the case to court under a summons for No Insurance. I won police case when I showed the court my insurance policy. Police are using this case in ASBO Case.
08/04/2013 (1 of 9)	I was Stopped by police as my vehicle showed up that I did not have insurance, I did have insurance; there was an error on the MED database and there were notes on police systems due to being stopped so many times before I told the police this. The police I and my insurance company and broker had tried to find out why I was showing as not insured when I clearly was, so many times before and this was all on the police systems. Vehicles seized by police which I had to pay to get it out. Police used a summons again to take me to court again, which I did not get and was found guilty. Points added to my licence and a fine. Had to work to get case reopened and once I did showed court my insurance I won the case. Points removed from my licence and fine removed.
15/10/2012	Police came to my home to arrest me for a Trailer I had brought and in my back garden the police dog bite me to the face body arms and legs.
13/08/2013 – Arrested on the 15/10/2012	Trailer case arrested on the 15/10/2012 found not guilty at crown court hearing on the 25/10/2013 after a 2 day trial. (Not Guilty.)
04/05/2013	Bianca Rd took place (Not Guilty 2014.)
24/05/2013	This date is part of an ongoing appeal relating to an ASBO order against my self regarding the Old Police Station Ponders End to which I dispute.
25/06/2013	Arrested for Burglary, charged and remanded to prison (Error on PNC for failing to surrender which is why I was remanded) Found Not Guilty on the 02/07/2014 before the trial stated. The Judge dismissed the case and found me Not Guilty.
28/06/2013	Appeal Crown Court on re remand and I was Granted bail with 6 conditions.
10/07/2013	Woolwich Crown Court, The Court said that my Mother needed to attend due to the surety but she was in hospital having an operation.

Report - Reply.pdf

	The judge raised a point about the surety not being at court to confirm her position. The judge was informed surety mother was in hospital and does not need to attend as the surety is continuous. The judge did not agree and said as the surety was taken at the police station that she would need to attend court to re confirm her position as surety. This is wrong and despite me putting a relevant authority *Choudhry v Birmingham Crown Court* before the court, which is clear on the point the judge refused to accept it and said client has escaped custody by "the skin of his teeth."
13 – 14/07/2013	Barth Festival Ben Johnson.
16/07/2013	Barristers back sheet from the 16th July court at time 2:10am HHJP. Sorrock (Woolwich Crown Court) Application was for Bail Variation due to my work commitments Judge would not allow the Bail Variation and I was told that I could sub let out my company.
26 – 27/08/2013	Ponders End Festival.
04/09/2013	Woolwich Crown Court Hearing date for an application to amend bail conditions.
08/09/2013	Muswell Hill festival for kids with cerebral palsy
09/09/2013	Court for plea burglary non dwelling, this was a mess due to no paper work being there and a complaint had to go in.
14/09/2013	Lock to Lock Festival.
22/10/2013	Woolwich Crown Court listed for mention hearing 11:00 hours.
29/10/2013 (2 of 9)	No insurance pick up vehicle from compound, Police used summon to court for no insurance.
14/11/2013	PC Geoghegan Brixton Hill insurance caught on tape setting me up. Lied to my insurance company. I Won the case at appeal after the police officer lied in 2 different courts. A Police complaint went in and they mishandled it very badly. The case is now being overseen by the IPCC due to what went on. The Complaint is still ongoing to date.
16/11/2013	I had to collect the van about the Brixton case 14/11/2013 and I had to pay again, when I clearly had insurance.
19/12/2013	Woolwich Crown Court for mention re discloser and also application to vary bail application to vary bail was not dealt with so solicitors asked for the case to be listed again on 23rd December 2013.
24/12/2014	Woolwich Crown Court application to vary bail for Christmas and New Year so that I could spend time at my families over Christmas and go to Scotland with my family over the New Year. Application to vary bail was granted by the Judge so I could go to Scotland for the New Year.
31/12/2014 – 01/01/2014	I was in Scotland and had to leave early with my family on the way home just as I entered London the police pulled me over in the early hours of the 01/01/2014 due to no insurance again due to the error on the MED database. Again I told them I was insured and there were notes on the police system. Again they seized my van. And also arrested me due to them saying I had breached my bail conditions. Was held at the police station and taken to court on the 01/01/2014 where my mother also attended. Once the judge heard what had happened and I had not breached my bail I was released to be able to go home. I had to pick my van up on the 03/01/2014 from the police compound and once again pay again when I had insurance.
03/01/2014 (3 of 9)	No insurance pick up van from police compound, once again had to pay when I clearly had insurance.
26/01/2014	My Birthday.
12/02/2014	Emails sent to westminister.go@hmcts.gsi.gov.uk in regards to failing to surrender on my PNC Record Westminster sent the memorandum of

	conviction via email by the court on the 17/02/2014 after us paying for it. Showing clearly that the failing to surrender had been dismissed by the court so why was it on my PNC record. Why had I been sent to prison due to this when clearly it should not be on Police Record that I was found guilty of this.
19/02/2014	Email was sent to Highbury Corner Magistrates Court to have all my PNC records checked, for cases that were heard by Enfield Court which Edmonton Police had dealt with. This took some time to address as there where a list of Records I wanted checked. On the 13/03/2014 my mother went to Enfield Magistrates Court to pick up the information requested, to be told there were 6 records that were not in the court registry and if they were not in the court registry they had not been in court. The lady told my mother she had not ever seen anything like this before and said it was very worrying. I am still trying to address this but no one seems to be able to help. How can there be 6 other records on my PNC yet they have never been to court.
11/03/2014	I was assessed by Dr Jarvis as silver Street opposite Enfield police station and Civic Centre.
10/04/2014	Tyrone my brother had a bad life changing accident and was air lifted to The Royal London Hospital.
20/04/2014	Cannabis 420 day met Shannon this day. Police said I was not due to attend the event with equipment which I was as I had been asked to power the event and had the emails to prove this by the person who managed the event, I left due to what the police said and due to leaving I let the person down who event it was. I will not be asked again to do this event by the person again because of this. This case is in the ASBO Case.
09/05/2014	Len my godparent mum's funeral.
20/05/2014	Bromley Court No Insurance, found guilty as no summon sent. We Requested for the court reopened case and it was.

12/09/2014	A bundle is said too have been served on Mr Simon Cordell at 109 Burncroft Avenue, to which I disputes. This Bundle was for the ASBO Case.
06/10/2014	Mr Simon Cordell was meant to have a hearing for an interim Order but legal aid had not been granted. Michael Carroll acting solicitor came to court the judge overturned and granted legal aid. The application for the Interim hearing the judge would not hear due to my solicitors not having time to go over the case papers as legal aid was not granted at this point. The CPS and police were not happy about this. Hearing was put off until the 22/10/2014
22/10/2014	Interim hearing could not go ahead due to Andy Locke Acting Barrister had a flood at his home address. CPS and Police were not happy about this and wanted it to go ahead. Judge told them it is not down to Mr Cordell he has attended court and rightfully he should have a barrister. Was put off until the 05/11/2014
29/10/2014	I was rushed to hospital had been sick for 5 days my kidneys was not working right and they had to give me high injects and IV dips to stop the sickness due to nitrous oxide I also had concerns as I had been manipulated with other concerns of health. I was in hospital until the night of the 03/11/2014 and I was told if I did not attend court on the 05/11/2014 they would go ahead without me. So I discharge myself.
04/11/2014 – 05/11/2014	Started to be sick again and I was up all night but needed to go to court the next day.
05/11/2014	Interim hearing and the order was granted. Andy Locke could not attend due to the flood in his home; a next Barrister came to court but had no paper work for the case I believe this is why the interim was granted as nothing was said in my defence.

19/11/2014	Home treatment team states I had become paranoid about my mother to which I and my mother dispute. Home treatment team attended my home address on this date and made a call to my mother. When the home treatment team turned up to my flat the police was already there, the Home treatment team phoned and spoke to my mother asking her, if she knew why the police was there, which she replied to them no, she also explained to the Home treatment team that the police kept coming to my flat for no reason. The Home treatment team then started to talk to the police and left my mother on hold. My mother heard what was said by the police to the Home

	treatment team as to why they were at my address again. The police said they had got a phone call, stating that I was shouting, they gave the Home treatment team 3 different door numbers to my entrance door, which where all wrong. Not one person new who was had made the 999 call to the police The Home treatment team told the police to leave. On this day I was fine until the police turned up at my flat once again. I was not shouting or upset, so do not really believe someone called the police, worried about me or if they did they were setting me up for what I do not know. Due to how the police are with me I do get upset and will not open the door so some times shout to the police through the door as I feel safer, I know the police do not leave me alone, so why would I open my door when I am on my own, I always feel safer waiting until someone I have contacted gets to my flat so they can see what is going on. Home treatment team told my mother I seemed to upset for them to talk to and she told them it is no wonder the police are going to his flat all the time when he has done nothing wrong.
23/11/2014	Police called my mobile number at around 11pm and asked for my entrance code to my communal building I asked and they would not give me there badge number or name but still wanted my entrance code, I gave a code with the last digit wrong for my concern of any person on the phone not being real police and the time of night. I was after concerned as was my friend and we left my house, shortly after leaving my flat me and my friend both got pulled over by the same police walking to my mothers, she found out who the officers were and this Intel was then updated in my Asbo by them police officers, stating I was looking for venues to hold raves to which I clearly dispute.

	Dept of Reproductive & Sexual Health, Flat 2, Rowan Court. Michael's Site, Garter Drive, Enfieild, Middx EN2 OJB. Tel No: 0208 375 2874 Fax No: 0208 375 7129 WCL/AMS/12xxxxxx Mr Simon 14 May 2015 Dear Mr I am writing at your request and this is a letter for your records. When you attended the sexual health clinic on the 8th May 2015 with your partner you explained that you were very upset. You explained that you have never had any symptoms of herpes in the mouth area or in the genital area. You had attended in November 2014 and had requested to have serology done for herpes simplex type 1 and type 2 although you have shown no symptoms; the serology results show that you have antibodies to herpes simplex virus type 1. I explained that this result means that you have been exposed to both viruses but it is not possible for us to tell whether you have oral or genital herpes as you have had no symptoms and the blood test does not tell us where the virus is. I have explained that the blood test results suggest that you are a carrier of herpes simplex virus. I want to again apologise that you have felt that the way you were informed about the results of the test was not-ideal and that you felt that you could not access any support following the diagnosis. If you need further support with this issue, you can ring for an appointment or attend our walk in service. Thank you.

22/01/2016	It is said Simon presented himself as paranoid, suspicious and grandiose with flights of ideas, clear evidence that he is suffering with a Mental disorder to which I totally dispute. Section 135 issued as Mr Cordell not allowing access to his property. Team was not allowed in due to other meeting I had planed.
25/01/2016	Section 135 was served at my home address not the 22nd /1/2016 and I was assessed to be well and the conclusion made by the team was not to detain myself. The minutes of the meeting are on CD and a copy of the transcripts are available at the bottom of the letter.

14/08/2016	Arrested at my home address for allegations of threats to kill to which I dispute. Arrested at 8pm detained in cell 3 wood green with CCTV I was not taken out of cell or talked to inside cell but through the flap by any doctors I was not legally assessed and not interview. I never saw any police FHM doctor. My bail sheet was given to me through the cell hatch at around 23 hours while being a detainee who was said to be incapable of interview, this is not true I was very civilised while being detained and left with shoe lassies and belt on.
15/08/2016	Detained under police powers till 5pm then granted bail by a bail sheet being given through cell three hatch Dr said through cell hatch at same time I am being sectioned without no assessment Maggie Fuller was present and still no interview, still not assessed legally. All days detainee at police station at about 28 hours I was talked to by one gentlemen who was an amp worker out of the cell he said he is allowing for me to be taken under the Doctors orders I tried to explain to him that I have a complaint against the Doctor prior to this incident and it makes the Doctor Bios and Prejudice towards any case relating to myself and that I was well of mind, with no change in decision by him. I was taken from the police cell at around 3 to 4 am on the 16th August 2016 and taken to St Ann's hospital after being held in from the 14th August 2014 and still had not been assessed I arrived at St Ann's Hospital around 5:30am an the SHO duty doctor see my self I tried to explain to her that I was not a danger to my self or any other person and that the allegations were wrong for threats to kill against my self and that I was being detained for no apparent reason. While waiting for a room in the hospital after being spoken to by the SHO, a gentleman awoke from his room and walked into the communal area to where I was, he plonked himself on the pool table I said hello to him he seemed over dosed on medication to my concern, he became over abusive in my presents towards the staff and soon after other patients appeared in the communal room awaiting to go in the garden, I soon was introduced to my room and then went to sleep, I awoke for lunch and dinner and latter toast.

16th August 2016	St Ann's Hospital still not legally assessed I woke up at 6:00am had lunch and so forth and then damaged my fingers at around 6:30 pm I was not treated correctly when I needing medical assistance I was told to await for an Hour and soon learnt that 7:30 was the time of staff change over and I explained what had happened to the next shift around 8:00pm who then explained to me I need to wait for from the doctor the next day. When I got realised from hospital the Laceration had 95% healed and I still had no movement what so ever of my finger so I started to studding about the damage to my left finger I learnt I had cut The function of the extensor digiti minimi which controls the movement of the little finger. When the muscle moves, it forces the little finger to bend and stretch. Sudden or unexpected movement of the finger or trauma to the finger may damage the muscle. Traction to keep the little finger from moving is typically recommended to treat such an injury. Till date I have still got no movement and the Lacerations was 2cm in width and is healing well, the Laceration is contained along The proximal phalanges which is the bones that can be found at the bottom of the right hand finger, this problem causes me great concern as I now feel disabled and that I will never regain the use of the finger. On the 16th August 2016 I was also asked to provide blood for my sugar levels and to take part in my temperature test I explained I was happy for this to be done and it was completed I was also weighed in, so I do not understand why it states I never aloud the tests to be carried out. I was not asked to take an ECG test on this date. As I was waiting to speak with staff out side the locked staff room I noticed the gentlemen whom I had seen on the pool table the day before, I said hello to him and he verbally bit my head of stating do I no him do not talk to him, challenging me in an intimidating manner I never reduced my self to his level I felt he was threatening me. Another inpatient walked over to me and showed me his ear I noticed a vast amount of physical damage that required previous medical treatment it contained a lot of stitches and was wiping from being so badly damaged, he explained to me that the gentlemen now arguing with me had been the person whom had attacked him and to be very careful I felt so sorry for him and could clearly see his pain, he continued to explain to me that I must take caution, due to the other mans rings on his hand, as this is what had caused the damage to him, by this time the hospitals staff took the over medicated man away and I then went back to my room.
17th August 2016	I was still being Illegal detained, up and till the first 72 hour meeting, what was the first true assessment with a doctor at St Ann's Hospital and at the police station. I had brook my fingers on the hospitals site and no nurse or doctor would take me to the outside hospital for an x-ray, this happened in St Ann's toilets while under there duty of care from the 16th August 2016 at around 6:30pm, when after the incident staff would not update the incident report book when I asked. Mother attended the 72 hour meeting with my uncle; A woman whom is a care worker had to leave the meeting due to there already being an official

	complaint put in to place in regards to her and others attending my home address in February. Inpatient was rude again to my visitors. I was also asked to take Lorazepam and given a leaflet today I explained that I did not need to take it and that I have a good sleep routine were I do not need an alarm clock as I get up by 5:30 am I also explained that I am tidy and washed and clean by 6:00 am by 6:30 I am ready and delegated to finishing of my agendas towards my companies best interests, and asleep by 10:00 pm
18/08/2016	I was asked to take an ECG test on this day and was more concerned with my fingers on showing them to the Junior Doctor; he was very pleasant but did not send me for x rays as needed and clearly requested. I also explained to him that I was not happy with taking Lorazepam in the morning and day as I was working on my statements for my up and coming appeal he did agree, so that I would only have to take the tablets at night, to which I was happy with, that night when going to take the medication I noticed a white tablet rather than a blue one and asked the name of the medication from the prescriber and was told clozapine tablets which is an antipsyctic medication. I asked if the dosage was stronger than the blue tablet and had the same effect and was told no, to which I still had never taken the blue tablet. I asked why I had not been given a plifs leaflet nor a consultation in regards to the medication change and called my mother. Another inpatient was waiting to speak to staff today out side the staff room front door the same as I had when the gentlemen whom had been causing the negative interactions came along and started another altercation with the standing inpatient this made me worried for the standing inpatient, mine and the staffs safety, then the trouble making inpatient was restrained by staff and I went in my room. REFUSED PRECTPION
19/08/2016	St Ann's Hospital St Ann's Hospital I was awoke today and prescribed medication to my surprise as it was agreed that I did not have to take any during the morning and at mid day right up and till night time I did not take it. My Solicitor arrived at St Ann's Hospital and we had a meeting in regards to my tribunal On going to collect my tablet which should have been Lorazepam there was once again a new tablet added with no assessment or plifs leaflet once again totally different to all up-to-date, I once again asked who had prescribed it in my absinth and was told my clinician whom I had yet seen, I asked the name of this tablet and was told Olanzapine I once again phoned my mother after refusing to take it and went and looked on the internet about the effects, regulations and laws on prescribing medication, to notice many incorrect procedures and a vast majority of people explaining on YouTube

13 Progresses on Ward:

13.1 Dr Rosemary Mills Report:

As stated in this document; I was arrested by police on the 14/08/2016 I was held in a police cell until the 15/08/2016 where I was told I was being sectioned under section 2 of the Mental Health act.
I then stayed in the police cell at wood Green Police Station until the 16/08/2016 and was moved to St Ann's at around 05:00 hours from Wood Green Police Station.
So I was not admitted to St Ann's hospital until the 16/08/2016 at around 05:30 hours
The report continues to state upon admission to Haringey assessment ward, Mr Cordell was checked in by the SHO, who did document the following issues that I dispute.

Irritable with pressured speech, as previously explained in this document of complaint I tend to speak fast I learned this way due to being tongue tied. And yes I was Irritable I had just spent nearly 2 days in a police station for something I had not done and then told before I could have an interview I was being sectioned under section 2 of the Mental Health act, when I had not even spoke to a doctor.

It was said by the SHO that I suffered from Tangential thought patterns.
A person suffering with Tangential thought patterns has a communication disorder in which the train of thought of the speaker wanders and shows a lack of focus, never returning to the initial topic. This differs from tangential thinking, in that the person does eventually return to the original point, I Mr Simon Cordell do not suffer from any form of thought disorder (TD) or formal thought disorder (FTD) or similar natured.

Appeared elated and spoke of several projects of grandiose nature included his business in the entertainment industry, buying speakers for £50,000 and hiring them to Glastonbury.
I dispute saying I was buying speakers as I all ready own them. As stated before in this document I own a very large PA sound system and have for some years now along with a lot of other things that is part of my company I also can prove this, people may seem as if they do not have a lot to some people that does

Report - Reply.pdf
not mean that is the case. Judging a person on their looks or what they seem to be is not always a good idea, what seems to have happened a great deal in the report.
Mr Cordell described owning a "City" and that it is his job to understand the various roles people have in society so that he can look after people.
When describing the true meaning of any conversations I may of had regarding the word city I would have been explaining about my life's work and studies that I am building, a mini festival to which can be classed as its own city, regulated by HSE standards, legalisation and other needed professions to protect traders and public.
Dr Rosemary Mills Report:
16/08/2016 Mr Cordell refused routine blood tests,
At this stage of being detained in St Ann's hospital I was not offered an ECG I was in fact only offered a blood sugar level test which showed 65 and was also weighed. I do also remember having a temperature test put into my ear then having a blood pressure check-up, which was an appliance put around my arm.

Dr Rosemary Mills Report:
17/08/2016 On this date I was in a lot of pain with the injuries to my fingers that I had received while being detained at St Ann's hospital and could not receive the standard of medical care I would have normal received if I could have attended on my own accord to an emergency hospital that would have also had available surgeons with an x ray machine that I would have visited.
I now can't use my right finger anymore, because of this neglect by professionals. I will agree I was upset at what was going on I think I had a right to be. I wanted the medical assistance I needed and wanted to know why I had been sectioned and under what grounds as I was not a risk to myself or any other person and I believe under section 2 you need to be a risk to yourself or others. I kept asking this and explained I was not a risk to myself or others which they replied that section 2 does not rely on this factor or have to be part of it even low I was mental stable.
Dr Rosemary Mills Report:
On the 18/8/2016, I had asked staff if I could get my partner and mother to bring me hair cutters and a shaver with additional cloths in her attendance on the following day, to which they did agree that this could be done.
I was still in pain with my finger and asking staff to take me to the hospital for an x ray my left finger was just taped together and I was told that my right finger should just repair its self, to which it still has not.
Dr Rosemary Mills Report:
19/08/2016 I woke up about an hour before my solicitor arrived unexpectedly; I was calm and happy all day, as my solicitor had arrived at the hospital to help me prepare for the tribunal. I was latter upset after she had left by being prescribed another new medication without no leaflet or assessment even low the medication had been prescribed wrong already the day before, I was still in pain with my finger, I still took the Lorazepam but was shocked to be put onto other medication again.
When my mum and partner came up, they had my haircutters and shaver. My partner cut my hair.

Dr Rosemary Mills Report:
22/08/2016 I have explained so many times in this document about why I speak fast. I was still upset as to how I had been sectioned and believed it to be incorrect. I agree I was settled and chatting with people on the ward. I agree I refused to take Olanzapine and I agree I did take Lorazepam.
Dr Rosemary Mills Report:
23/09/2016 I have explained so many times in this document about why I speak fast. And it was not over inclusive and tangential fashion.
I was not largely preoccupied with injustices of the past particularly the past by the police, this is ongoing and I had an Appeal case within a few weeks I did speak about this as this is a big factor in my life right now to make sure my case is ready for my Appeal case. So how can this be the past this is the present so how the doctors can say this is beyond me.
Again it has been said that I am grandiose in regard to my business plans but this to be the case.
I have worked for many years on what I want for my company as I believe many other people do the same, are they grandiose?
I agree I do not have any thoughts about harming anyone else or myself as this is the truth and I did also say I did not feel I had a Mental Health illness and did not feel unwell as I did not and still do not.
I also agreed I would try a trial of a small doses of Olanzapine as I felt this is all they wanted to give me tablets and I felt very pressured to take them as I felt if I didn't I would not be allowed home.

16.1 Rosemary Mills Report:

I Mr Simon Cordell do not dispute the statement contained within the report but would like to high light the manner to which it is prevailed. At any professional meeting I obtain my right to take minutes of the meeting and under supreme courts previously trailed and tested cases it states I have the right to achieve

this in a digital format, I did not go around the ward recording at any time as I know this to be a breach of the hospitals policy.
Why would there be a need to make an attempt to make a recording of the Tribunal Proceedings any type of Court or Tribunal Proceedings I can obtained a copy of the report by asking, sometimes there is a fee to pay which is not a problem. I also feel if any professional has not got anything to hide, they should not fear being recorded.
Please also see read below:
https://www.medicalprotection.org/uk/practice-matters-issue-7/digital-dilemmas—patients-recording- consultations
A patient does not require your permission to record a consultation. The content of the recording is confidential to the patient, not the doctor so the patient can do what they wish with it. This could include disclosing it to third parties, or even posting the recording on the internet. So what does this mean for doctors?
But you should read the full document from the link above as it shows a lot more information.
- **Opinion Recommendations Rosemary Mills Report:**
I question the accuracy of the intelligence report in relation towards:
1. Mr Simon Cordell presents himself with persisting psychotic symptoms of paranoid persecutory delusions involving police and Mental health services.
When a professional medical clinician is assessing any person so to be able to diagnose a Mental disorder, it is within the right and legalisation towards doctor and client that the correct judgments are made and I Mr Simon Cordell do not feel that this is the case in this report. I also feel that once I get my full medical records from the Mental Health teams, I will find a lot more errors within them.
As can be told by the diary of events date 2012 to 2016 I have had many NFA and no convections this does lead me to the right understanding that I have been pursued by members of the police for crimes and offences I have not committed, it has led to myself being detained on mutable bail conditions for numerous cases throughout a fast proportion of my life, having a continues negative effect on my life to which I should not have to undergo while establishing my own company. There is also the fact that my diary only covers 2012 to 2016 so in fact there is a lot more history I have not included due to the time this would take and also how long it would make this document.
As previously explained, I do have an up and coming appeal date to which I know the evidence to be incorrect which was put forward by the police in this case.
I educe a snip lit of such court on goings to which I have suffered an interim order and conditions imposed upon myself, in total I was detained for this case and another case on conditions since September 2013 with a 3 week release in 2015 till date 2016.
This has breached my human rights as I never committed the offences in the first place, as I can and will prove.

Report - Reply.pdf
Some clear inaccuracies contained in my ongoing case lead to incorrect time stamps relating towards Emergency 999 calls contained within the Met Polices and applicants bundle as follows.

CAD	NUM	DATE	TIME	PAGE
CAD 999 call	2637	07/06/2014	08:18	Page 191 to 195
CAD 999 call	2672	07/06/2014	08:16	Page 196 to 198
CAD 999 call	3005	07/06/2014	09:22	Page 203 to 205
CAD 999 call	3037	07/06/2014	09:20	Page 179 to 183
CAD 999 call	10481	07/06/2014	22:47	Page 233 to 237
CAD 999 call	10506	07/06/2014	22:44	Page 238 to 241

Please note every day the met police call centre starts at CAD 01 and goes up to the average of 10,742 to 15,000 callers per day the clock is reset to 01 each day at 00:00 hours.
(We can tell this by the number of CAD incident numbers supplied, within the applicants ASBO bundle supporting the evidence supplied, for a standalone ASBO order to be gained against Mr. Simon Cordell.
On the average the Met police call centre will receive on the average of 300 callers per hour as marked and time stamped below.
Every half hour 150 calls are made to the emergency 999 call centre on the average Every 15 minutes is 75 callers on average- Every 7 half minutes is 33 callers on average- And 3 half minutes 17 callers on average.
Please take note to (CAD number / Incident Number 10481 7th June 14) this is the 10,481 Met police call of the 7th June 2014 time stamped 22:47 hours.

So it is incorrect for (CAD 10506 7th June 14) externally inputted 25 calls later, to have an earlier time stamp of the 7th June 2014 at 22:44 hours.

- **Dr Rosemary Mills Report:**

The report states in the past these persecutory ideas have also focused on family members and neighbours this information is also not correct.

- **Dr Rosemary Mills Report:**

The report states: Mr Simon Cordell's mental order is currently of a nature or degree to justify ongoing detention in hospital.

I Mr Simon Cordell disputes this not to be correct, since I have been realised after the tribunal and spending time in hospital as a voluntary patient before the doctors discharged me the day after the tribunal, I have settled in at home quite well and my family and friends are happy with me as well.

In Regards towards Opinions & Recommendations Chapter 17.2.1, Pages 8 of Rosemary Mills Report:

I disagree that I have shown any signs of psychotic disorder symptoms and believe I should not be diagnosed with such claims. Over the past two years I have been assessed as to be well and I have never been talk to in regards to such problems by any doctor until my assessment at St Ann's hospital, to have been able to accept any treatment, to which I have now complied with and take the tablets which do make me suffer from bad side effects.

In Regards towards Opinions & Recommendations Chapter 17.2.2, Pages 8 of Rosemary Mills Report:

859,

Since being assessed on benzodiazepine I have continuously complained and explained that I know the medications I am taking does not having a positive impact but rather a much larger negative impact. I yet wait to talk to a doctor about this once again.

In Regards towards the Patient ought to be Detained in the interest of his health Chapter 18.1 Pages 8 of Rosemary Mills Report:

Since being released from the hospital I have continued to keep my word in my letter and work alongside the Mental health team I have allowed access to my home address every day and taken the medication that I have been prescribed, even low I understand that any person whom has been sectioned under the Mental health act, after an assessment or clinical care, does not need to comply with section 117.

I still however do take the medication but strongly agree with my own assessment of myself and do not feel the medication is having a positive impact.

In Regards Towards in the Interest of Safety of Others Chapter 18.2 Pages 8 of Rosemary Mills Report:

I have never been a danger to any other person(s) intentionally or otherwise. I am very concerned with the Electronic records as Doctor Rosemary Mills's reports states she used and gained other wrongful contained information from and I would like them amended, such records state the following:

The electronic records document anti-social and verbally aggressive behaviour by Mr Cordell towards his neighbours, this is not true.

I do own a CCTV system this property doe's gets used for my own personal reasons. I am very upset that I have been accused of using my CCTV so to be able to interpreting other people's behaviour in a persecutory fashion.

My CCTV system is used in the accordance of the United Kingdom Laws.

In Regards towards Care Plan Chapter 20 Pages 8 and 9 of Rosemary Mills Report:

In reference to chapter 20.1 and 22, I did agree to stay on the ward informally and did do so this was for the duration of an extra two days, when I asked a member of staff if I can take section 17 leave of ward, I was told that I would need to speak to a doctor and when asked what my intentions were, I asked if I can stay at home the night as I missed my family and dog inclusive of my own bed so that I could if agreed come back to the hospital in the morning on explaining this to the Doctor, she explained to me that she was happy for me to work with the early prevention team from home after our conversation, to which I have been comply with.

In Regards towards Care Plan Chapter 22.1 Pages 9 of Rosemary Mills Report:

This plan has now been implemented and I have been noticing negative side effect from the medication prescribed, while being at home.

He rated his mood at 6 out of 10, saying that he just wants his appeal to be sorted out at the Crown Court which should be towards the end of next week. He was giving me compliments but was getting too familiar which was making me feel uncomfortable. I then said I had to go as I had my colleague waiting for me. He reported no further concerns.

Dear Jean,
We received a phone call from a Mr John Bates on behalf of his friend Mr Stanley Curtis. He explained that Mr Curtis is 83 and having to attend court to give evidence against a male named Simon Cordell who verbally abused him. We are aware of Simon Cordell as Steve/Pat obtained an ASBO against him for illegal raves etc. I believe he is also a council tenant (I need to check)
Could you initially contact Mr Curtis - obtain his address and the reasons he is going to court? Also ascertain what support he needs. It is not an open case as such but depending on your findings we

Hi Josephine
Please find attached the document as requested. Please be advised that as I no longer represent Mr Cordell, this document does not contain information based on what his current instructions are as between yourself and his barrister. This document was prepared for a specific purpose to deal with a response to HHJ Pawlak's letter. After consulting the client for some length of time, he informed both you and I that he did not wish for this document to be handed up. Instead as you remember and against my firm advice, he asked me to hand up his own typed document which the Judge then read. I am not sure for which purpose the client wishes to use this document now, but it may be that his barrister will want to advise him as to the best course of action and particularly in terms of any hearsay applications. You will remember that these have been dealt with already and the Judge allowed the hearsay applications by the Crown. Please do not hesitate to contact me if you require any further information,

I am forwarding you an email received from Simon Cordell and his mother in which they are requesting the document that you prepared opposing the introduction of the hearsay evidence. I explained that Simon rejected this document on 4th April **2016** and would not allow this to be served on the Court or Respondent. I also explained that he was provided with a copy of this document and he is stating that this document was handed back to you and he now wants a copy of the document. Said that he has ran out of Lorazepam and would like it to be prescribed to him again, to which I explained will relay this back to the office. He rated his mood at 6 out of 10, saying that he just wants his appeal to be sorted out at the Crown Court which should be towards the end of next week. He was giving me compliments but was getting too familiar which was making me feel uncomfortable. I then said I had to go as I had my colleague waiting for me. He reported no further concerns.

It is truly tragic that the Enfield Councils and the Enfield Homes inclusive of the Metropolitans constabulary left the occupiers of 117 Burncroft Avenue without any form of support in regards to their Child's protection when I notified them of my concerns and video evidence of the legal guardians consecutive while amoral behaviour of criminal attempts, as for the child protection Act 1989 states that in section 27 of that act it requires all local authority as a must to assist in the protection of children, since the young child's birth the child legal no there and father have provoked a Critical emergency needed for the Mental stability of themselves to get questioned as for the complete absinth of the disregard for life itself, as the Article 2 of the human Right Act 1998 explains within its context, as I am Confident that the child is in danger alongside many of my other witness towards the child's legal guardians stability and Mental stability. At the night time Stain played with his front door locks to try and scare me again!

for this case, regarding disclosure. Also, a conference got booked with my barrister, Mr Andy Locke, I will explain my version of the events that took place on the day in question and prior leading up to this. It too me, by my acting solicitors, that it had got arranged for myself to be in court by 09:30 hours, but shortly, later this gets rearranged to 09:00 hours so I could have taken part in a meeting, with my barrister, which I agreed to, I arrived at Court with my mother as agreed for 09:00 Am my barrister did not arrive until around 09:40 Am. On my barristers arrival we all moved into an unlocked side room for the arranged meeting, as we all took a seat so to discuss anything, Mr Andy Locke apologised as he was not well, he continued to explain that he had received emails from Ms Ward and that he need time to read them all, on trying to open the emails he realized he was having issues with connecting to the internet and after trying for some time he realised that he could not and then subsequently, retired out of the room to call Ms Ward on his mobile telephone. In this moment he still had no time to talk too me as he had been on his phone to Ms Ward at around 10:00 hours the court clerk called every person of interest relating to the case into court. Andy Locke came back into the conference room to warn us of the clerk's demands and turned back away, moving with a fast pass towards the courtroom, I remember trying to stop him to expand to him what my concerns were; (As we had not had a moment to talk) and I got concerned about the disclosure
that would get asked for, I asked Andy Locke if he could ask the Judge to adjourn the case for 5 or 10 minutes so I could understand what was going on in my case with himself, which he then replied the answer of "no. On our travels towards the courtroom he explained that he believed the hearing was only for disclosure about the schedule. I said "I knew this not to be correct, and that is what I wanted to talk to him about," and again asked if he would ask the judge to postpone for 10 minutes," he yet again said no, at which point I asked why he did not want to speak to me, with the following question, should I act for myself then, We all then went into the courtroom and on entering the court I muttered to Mr Andy Locke (who was ahead of me) the quote of; so, am I acting for myself then?
He never replied and then talked to the Judge, in the judge taking understanding it got agreed for myself and barrister to talk outside of the courtroom. At this point I did not understand what was going on but followed him, it was at this point he turned around and said curtly, "I do not want you to speak", as me and my mother got closer to him he also informed me that it was not good to shout out in open court, which I had to agree with my mother who had witnessed all of this tried to explain to my barrister what I wanted to say about the disclosure not just being the schedule and asked Mr Locke to explain what the schedule is. I also wanted to ask him questions about my human rights in regards towards the two article sixes referring to the rights to a fair and speedy trial that had gotten handed to the court on two different earlier hearings to which Mr Andy Locke had not seen before as he was not present at the past couple of court hearings. He explained that the schedule was what the judge had asked for on the 04/04/**2016** my mother replied this was not all the judge had asked for. Without replying Mr Locke walked towards the courtroom, we followed, and it was at this point I said to him I think that I should represent myself because I was not being heard. On entering the court, Andy Locke addressed the Judge and said I did not want him to act for me. The Judge informed Andy Locke to remain in the courtroom, the judge asked what the case got listed for and the CPS addressed the Court and answered, they said to the judge that I had been sending letters to the court and CPS myself, this is not the case and I did not understand their comment. I then addressed by the judge and to his questions I replied yes, I wanted Andy Locke to be my barrister; I wanted time to speak to him so for both of us to each be clear about the reasons that I had asked for the case to get relisted due to non-disclosure. The Judge then addressed my barrister who also replied to his questions and said that he would still act as my barrister for me, the judge noted down that all issues between me and barrister where happy dealt with and continued to say that he was not the best person to be hearing this case and passed it over to your good self. On leaving the courtroom my mother me and my barrister went into a side room to talk, my mother and I explained that a letter had gotten handed to you on the
04/04/2016
he said he recognized nothing about this letter, so we handed it to him to read. Once he read this, he said he realized nothing about this and had only seen one document that kept saying "I Simon Cordell" to which I am not sure of what letter he refers to, my mother continued to explain that the letter handed to himself by Simon is why he wanted to talk to
you before going into court, as this is an important part of the disclosure proving he's innocent in the case. He explained he only knew about the schedule to which my mother and I were concerned about as we understand this not to be all. Mr Andy Locke also asked me if I had dismissed my solicitors which I replied no. My mother then made a call to my solicitor and enquired., as to what your good self-had ordered for disclosure. Ms Ward stated she could not remember my mother being dumbfounded by this said you was sitting in the back of the courtroom, taking notes, and only last week said to me, again we should have everything that the judge had asked for in his original disclosure, plus; what got asked for in Simon's letter and also the judge had made other addictions… at no point did Ms Ward ever make me understand she did not know what was due to get disclosed, had she done this I would have asked her to re-list this to the court and asked for this to get clarified. My mother then handed me the phone to my solicitor I asked her if she knew about the letters That earlier, Mr Andy Locke had told myself. I sent to the court and the CPS "on my own" that I had not sent. When continuing to talk with my solicitor on the phone I believed that I was in the know-how of the understanding that we was both still thinking and talking about the same thing and that being of the concept of the letter requested by you and in return handed back to yourself the judge your honour, on the date of
04/04/2016
which I had already agreed for you to be in receipt of, on this occasion my mother was once again present and my solicitor was also in court so she recognized about this letter also of the fact that I had not drafted it alone.

It was at this point I said she was incorrect if she had said that I had pre-drafted the letter from start on my own as I had only amended it, she then said she did not draft the Letter and that I had written it, at this I called her a liar as I knew she drafted it and I then said to her I can prove what I state as I have the email you sent to me. Since court I checked the dates from when this letter got drafted by my solicitor and this was on the 03/04/**2016** please read the relevant attached email and correspondence marked

03/04/2016

Ms Ward. At same time while I was on the phone in a conversation, with my solicitor, and Mr Andy Locke was listening, after I ended the phone call he then got up and said I will need to think about still representing you as you, as I heard you calling your solicitors a lair, he continued to say that if he would still continue to represent me, we would need to take place in a meeting at his chambers as the judge had ordered, at this point the meeting concluded with nothing spoke of about my Appeal yet again. When we were leaving the court, my mother told me that I was speaking about the wrong letter and email and the letter that she believed Andy Locke was talking about was the one my solicitor had drafted on the

she did not like the amendments I made to the letter that was on solicitor's letter headed paper so amended it on to non-letter headed paper and edited what I had wrote. She emailed this back asking me to confirm in writing and sign the letter if I confirmed I still wanted it to get sent. (Please see attached email and letter marked

Ms Ward 01) I believe this letter got sent also and I believe that you will see it never got signed to get sent, and my mother believes this is the letter Andy Locke is talking about that he saw, I cannot confirm this 100% as I never saw the letter in court nor did my mother. On Friday afternoon after returning from court my mother received an email attached from my solicitors this was the disclosure from Miss Silly Gilchrist that we had got given at court it was the schedule which you had asked for and also included “I am waiting for Andrew Locke's court note from today's hearing and I will revert to you in writing re the solicitor / barrister / client relationship and whether either Andrew Locke or I can continue to represent you in this matter.” Please see the email it (marked

I am Steve Elsmore, a Police officer attached to the Anti Social Behaviour Team within the London Borough of Enfield. I make this further statement regarding an ASBO matter in relation to Simon CORDELL.

On 16th May 2016, I was asked to check timings in relation to the schedule that is due to be served on the court.

Whilst searching for timings for Crimint IITRT00376798, I found an incident log attached to this Crimint. I do not recall previously seeing this log. Usually the inputting officer would put an indicator on the Crimint to say that there is an attachment. On this occasion there is no indicator referring to this attachment. It is possible that I may have previously missed this attachment due to the volume of incidents that I was searching through.

The attachment itself is an incident report from Canary Wharf Group and the incident summary states - Trespassers on site - illegal rave - forced entry shed 4 - Police tasked - no action - group left site. This is dated 12 January 2013.

The incident log details what action was taken by Canary Wharf Group during this particular incident. It also provides detail on the impact to the residents. On page 5 of the incident log there is an entry that states "P BOUZON (CW178) informs the ECC that the vehicle registrations that he gave me are actually the 2 vehicles that gained access through the fence and are located within the Shed 4 area".

One of the vehicles is MA57LDY. This vehicle was registered to Simon CORDELL as per the Crimint Report.

Email from C SCHERER (IFM) to P TWEDDLE (Co-MD):

From 15:00 when we all viewed the building, I have now had the power within turned off and the appropriate fuses removed.
Having sent communication earlier this morning to David Lindop / Joe Bowman, I have not heard back from either, but will inform accordingly and hand over the fuses.

Incident Report 74507 - January 14, 2013 11:15 - Debra Redwin

All external doors have now been closed, so the building is as secure as we can make it until we review and carry out more work on Monday morning.
This comment also applies to the damaged fence.

I am now taking a replacement padlock and chain to replace the one cut off during the break in, to the gate where concrete Jersey Blocks have now been positioned.
I shall leave the key with the patrol guard(s), who are now in place and collect this from them on Monday morning.

Leaving site now, though available on the phone if needed.

I am forwarding an email regarding Friday's hearing. I have discussed the matter with Michael Carroll himself. I personally cannot represent you any further. Michael Carroll has indicated that if you agree in writing that you will consent to being assessed by a Psychiatrist as to your fitness to participate in the court proceedings by 1pm this afternoon in writing to michael@michaelcarrollandco.Com
then he will obtain funding so that you can be assessed. This will mean writing to the court to request that the appeal hearing date be vacated until this issue is resolved. If the Psychiatrist's opinion is that you are fit to participate in the court process, then you can proceed to represent yourself as you have expressed a desire to do so in the past. If the Psychiatrist's opinion is that you are not fit to participate in the court process, then the application will be to adjourn until such time as you are fit to participate in the proceedings. Can you please confirm whether you will agree to being assessed by 1pm (appointment to be notified in due course) this afternoon in order that we can notify the court? If you refuse to be assessed, then **Michael Carroll & Co** will write to the court to notify them that they are no longer willing to act as the solicitor / client relationship has irretrievably broken down. If you do not respond by 1pm this afternoon, Monday 19th September **2016** then **Michael Carroll & Co** will have no choice but to write to the court to confirm that there has been an irretrievable break down in the solicitor / client relationship and you wish to represent yourself. Can you please communicate by email from now on with **Michael Carroll & Co** Solicitors?
Yours sincerely

Please accept this email as written confirmation that I am no longer prepared to represent you. I am satisfied that there has been a complete breakdown in solicitor / client relationship. I also have concerns as to your capacity to follow and participate in the appeal proceedings. You are unwilling or incapable of listening to advice. You have questioned my professional and personal integrity. I have represented you for a very long time and continued to represent you in these proceedings because of the regard and respect that I have for your mother. In April **2016** I requested that you be assessed by a Psychiatrist or give me access to your medical notes which you refused to do. You threatened to blacken my name on the Internet if I raised the issue again. You were recently sectioned in St Anne's hospital and you challenged that section and were released. I believe that you are not able to listen to advice. I believe that you are incapable of participating in proceedings. You insist on arguing points that are irrelevant and detrimental to your case. You do not allow the conferences to move on. The allegation against you simply is that you organised raves / parties that caused antisocial or had the potential to cause anti-social behaviour. See schedule forwarded to you on Friday. All the matters alleged you have already provided instructions and challenges to the allegations. Put as simply as possible you deny organising, providing sound equipment or sourcing premises for the purposes of holding raves / Parties. You challenged whether the events in question are illegal raves as trespass is not present. This argument has no bearing on your
case as you deny and have repeatedly denied sourcing premises, providing equipment or organising any of the events with the exception of Mill Marsh Lane which you accept you were present for a small birthday party gathering (again no witness statement / witness details provided) I have advised you that it is my view that regardless of whether Progress Way was a private party (LAPSO loophole) or a rave the bottom line is that anti-social behaviour was caused due to noise nuisance / disorderly conduct. You seek to use the appeal proceedings to challenge the law by arguing that any person living in a

commercial building under a LAPSO notice can hold moving in parties. They are not holding a rave as trespass is not present, but they are causing anti-social behaviour to neighbouring residents when they hold events that cause extreme noise etc. On no occasion during your instructions did you say that you were living on the premises, nor did you state that your sound system had been seized. You are appealing against the Magistrates Court decision that you organised these events, provided sound equipment or sourced premises. You wish to introduce topics that have no bearing to the narrow issue which is did you organise or provide equipment for these events, which if they went ahead would or had the potential of causing anti-social behaviour. I am under no obligation to argue points that are not relevant to your appeal. I have copied Michael Carroll in in this email and you must now communicate with him as our relationship has irretrievably broken down. The case is listed again for disclosure if required on Wednesday before HHJ PAWLAK. A disclosure request must be submitted by **Michael Carroll & Co** before 4pm on Monday 19th September **2016** with the Respondent replying by 20th September **2016**. Andrew Locke is declining to represent you also as he cannot hold a meaningful conference with you. You
reject advice and have called me a liar.

2506,

Simon, your capacity to follow and participate in proceedings needs to be assessed and until such time as it is, no solicitor will undertake your case or deal with you, nor will any barrister. I have taken advice from the Law Society on these issues and whilst I cannot disclose your recent sectioning to the court / Respondent I can decline to represent you until the issue is addressed as can **Michael Carroll & Co**. I wish you success in your appeal and I regret the breakdown in our solicitor / client relationship.

Yours sincerely

I am writing this email due to an email I got from Josey today. As I said to Josey when she called me, I do not have any internet to login to my email so have not read the emails she sent, But Josey asked my mother to tell me what was in the email which she has done. And I asked her to write this email to you confirming the below. Josey has asked me to agree to have an assessment by a Psychiatrist I do not see the need as I was put under a section 2 on the 15/08/**2016** and released due to a Tribunal I had on the 26/08/**2016**. Since being released I have the early intervention team coming to my home to check on my welfare. I can send you the copy of the tribunal release from the section 2. And I can also ask a letter to be written from the early intervention team when they attend my home today, which can be forwarded to you. I believe this will tell you all that would be needed.

In the time I was in Hospital I did have an assessment and still released under the Tribunal. I agreed when released to be mentored on release which has been ongoing. Under section 117 I did not

need to approve to carry on having home treatment, but I did agree to this. No one has had any concerns with me since I have been released. I have had other assessments prior to this, and the same conclusion was found I was well. I feel at this late stage of my Appeal there is not any time left, I have not had a meeting with my barrister yet and there is less than a week till the appeal is due to start, asking for an assessment is only going to put my Appeal off and I feel this is unfair. I have only ever asked for things to be done for my Appeal which should have been and in good time. I have not been disrespectful to my solicitor I have only ever asked for things to be done in good time for the Appeal.

I can send you the copy of the tribunal release from the section 2 if needed.

Now I would like to explain a little more about this case and how it has got handled: -
On the
19/09/2016
my mother got contacted by my solicitors by way of her mobile phone, to say an email had got sent by her and that could my mother read it, my solicitor then called me and told me an email had got sent could I read it which I replied I have no internet so I cannot access my emails, she then said too me to contact my mother and that she will explain to me. Which I then heard what had got written in the context of the email?
The email stated that my acting solicitor is no longer prepared to represent me and neither was Mr Andy Locke and if my solicitor firm was to continue to have by best interest at heart and continue representing me that I would have to agree to conditions such as; I got asked to reply to an email sent to myself by my solicitor firm via:
michael@michaelcarrollandco.com;
which I did and as of this date
20/09/2016
I still have not had a response from Michael Carroll in relation towards this, neither has my mum had a reply to a vast majority of the email's that she has also sent, my mother got an email from Ms Word with an attached that got sent to the court, with an application to get taken off the record regarding the Appeal listed for
26th September 2016
this would still mean once again my appeal date would get vacated until this issue got resolved to no fault of my own. On the
19/02/2016
my solicitor also tried to get taken off the record for this case, which got denied by the court I have since gotten told that the only reason my solicitor is still acting for me is due to the regard and respect for my mother in received correspondence and the only issue I take with this is I believe she should be there to have my best interest at heart.
Dear Josey / Michael
I am writing this email due to an email that got received today in receipt from Josey. Today when I spoke on the phone to Josie as she called my phone I explained to her that I have no internet at home, so I could not login to my emails and therefore could not read what she had sent, Josey then asked me to contact my mother to tell me what was in the email. Since this has happened, I have asked my mother to write this email to you confirming the below. Josey has asked me to agree to an assessment, by a Psychiatrist; I do not see the need as I am not mentally ill. I know this as I was
just recently assessed on the
15/08/2016
under section 2 of the mental health act 1983 and then released due to a decision being made at a Tribunal that I had on the
26/08/2016
the Tribunal did not find me mentally, ill to carry on holding me under a section. When I got assessed under section two, I prior got arrested for wrongful claims. Michael Carroll should already be aware as his company is my acting solicitor firm for the ongoing. I still have not gotten interviewed by the police and will I will prove that I did nothing wrong, due to CCTV being requested, also in interview I will prove the same, on the date of when I return to the police station: the
04/10/2016
In the time I spent inside of the Hospital I took part in an assessment and the conclusion was I am of good mind body and soul, OK. I agreed after the assessment to get mentored on release, which is at its end of period, this got
managed wrongfully, under a section 117 of the Mental Health Act 1983, the reason being that it was wrong is: Under a

section two as I understand I did not have to approve to carry on with the Home Treatment care facilities, as only section 3 requires this to happen but even low I got forced into agreeing to this. No one has had any concerns with me since, as I am not of a concern, reassuring to all the state of my mental stability. In me taking other assessments prior to this and the same conclusion got found I have never been unwell with mental health issues of concern, I feel at this late stage of my Appeal due to lack of disclosure that there is not any time left to prepare my defence, I have had no meeting with my barrister for the appeal and there is less than a week till the appeal to start, I feel it is common sense that asking for an assessment will only put my Appeal off and this is unfair, as the start of the ongoing was **2014**, I have only ever asked for things to get done for my Appeal and case with no disrespect for any other person, which I know should have got completed in good time. I never got rude or disrespectful towards my solicitor I have only ever asked for things to get completed fair and right, so to get achieved in good time for the Appeal; I can send you the copy of the tribunal release from the section 2 if needed.

Dear Josey / Michael
I am writing this email due to an email I got from Josey today.
As I said to Josey when she called me, I do not have any internet to login to my email so have not read the emails she sent, But Josey asked my mother to tell me what was in the email. And I asked her to write this email to you confirming the below.
Josey has asked me to agree to have an assessment by a Psychiatrist I do not see the need as I was assessed under section 2 on the 15/08/2016 and released due to a Tribunal I had on the 26/08/2016 which the Tribunal did not found me Mentally ill to carry on holding me under a section 2.
When I was put on a section 2 I had been arrested which Michael Carroll will already be aware as they was my acting solicitor, I still have not been interviewed by the police as of yet and will prove I never did anything wrong due to CCTV I have when I return to the police station on the 04/10/2016.
In the time I was in Hospital I did have an assessment and still released under the Tribunal.
I agreed when released to be mentored on release which has been ongoing. Under section 117 I did not need to approve to carry on having home treatment, but I did agree to this. No one has had any concerns with me since I have been released.
I have had other assessments prior to this, and the same conclusion was found I was well.
I feel at this late stage of my Appeal there is not any time left, I have not had a meeting with my barrister yet and there is less than a week till the appeal is due to start, asking for an assessment is only going to put my Appeal off and I feel this is unfair. I have only ever asked for things to be done for my Appeal which should have been and in good time. I have not been disrespectful to my solicitor I have only ever asked for things to be done in good time for the Appeal.
I can send you the copy of the tribunal release from the section 2 if needed.
Regards Simon / Lorraine

Solicitor Michael Carroll

To whom it may concern

I Mr. Simon Cordell am writing this letter as there has been a rise of concern made by my solicitor towards my mental stability. It is a fact that I know my mental stability to be of well mind body and soul and that I am capable to stand trial at my appeal, I just recently agreed to undergo a full mental Health assessment and was assessed by doctors to be of good mind this was while staying at St Ann's Hospital under section two of the Mental Health Act 1983. In that time, I managed to look after my wellbeing, while contacting a solicitor to represent me. We both took part in preparing my defence for tribunal in turn being realised. Together I and others have since concluded an official reply to the doctor's reports in regard to some incorrect data being held on my medical records otherwise known as RIO this is now in the hands of an independent mental health advocate. I am sure that I was more than capable to defend myself thought these ongoing, just as I am in the proceedings of the Asbo case. For the clarity of truth, I would further like to explain that at no point of time have I been incorrect in what I explain to be the truth towards my solicitor and I have not been rude to her, neither have I made false allegations that I cannot provide evidence towards their claims of truth. I still stand strongly in the truth towards my innocent plea, in the respondent wrongful application of an Asbo order against myself and still wait for my honour Judge HHP Paklard to oversee the on goings at appeal, I do believe that it is easy for any person to come to the same conclusion that any attempt to apply for a further Mental Health assessment would be a waste of public funding as it will lead towards the same understanding that I Mr Simon Cordell am of well sanity and stability, as previous assessments. This means that I will have to leave the decisions about disclosure of receipt from the respondent to your discretion.

Yours fifthly

Kind regards

Mr Simon Cordell

I spoke to Simon on the phone a few days ago. He called to say that his solicitor has talked to him about a psychiatric assessment re fitness to appear in court. Simon said he has had numerous assessments, but I pointed out this one would be specific and current regarding fitness to appear rather than some of the other assessments such as for section or general mental health. He explained that he is currently preparing for a court hearing but when this is completed, he would like some help to look at training/courses to support his career ambitions. Simon said he will call in the next few weeks once the court hearing is over and we can arrange to meet to talk about what support he would like. Although Simon spoke quite quickly on a number of subjects, with a slight preoccupation of past assessments and contact with the police, the content did not appear odd or delusional

Before I could reply he told me he is the person at 109. He was dressed in black suit and tie. A female driver stayed in the car. He approached me and told me he does not need to be seen by the HTT because "I am not crazy." He also added that he also won his Tribunal and only agreed to be seen by us briefly. He went on saying Dr has been prescribing him medication that he never took, and the Dr claimed that he is doing well on it when in fact he is not taking any medication. "I don't need it. I am ok without the medication 'therefore refused the TTA's and requested no more visits from us and that he will call us if he needs our help. Plan To discuss in next TPM and to discharge him back to GP or his local CMHT.

This is not 2 sec of reading here it's going to take hours to read it all. You are going to have draft up the letter for this yourself to deal with it. and I agree there is a large amount of information that is not correct, but the judge will say this can

be gone over by cross. The letter I am writing is only to show facts that is not going to give away your cross if the judge does not allow it to be dismissed and a section to show why this should not go ahead if he does not dismiss it. you have to remember one thing in all of this and that is while the trial is ongoing, they can correct any errors they have made, remember that is why Andy Locke did not say anything about trespass until he ends summing up to the judge. so, we have to be careful here what we say and write, mum

LETTER TO JUDGE/
Page Numbers: 431,432,433

Your Honour 26/09/2016
As you were made aware at the mention hearing on the 22/09/**2016** there is inaccurate data being held in my sons Simon Cordell PNC record, there are also errors in police officer's statements regarding my character within the Respondent case. I was very concerned that a court has once again been able to see this inaccurate information and when made aware of the errors did nothing to rectify them. I called a helpline on the 23/09/**2016** and explained about the inconsistencies on my PNC and the errors in the police officers' statements I was informed the ICO could address this matter while the case was still being heard and was told to put a form of concern into the ICO. I have now done this and believe you needed to be made aware. I believe my son's reputation has been diminished in this court and previously in the magistrate's court and

am under the assumption this is a beach of my son's human rights, am I correct in my assumption?
My son when this case started was refused legal aid; this was overturned by a judge sitting at the lower court due to these facts. The importance of what is at stake, the complexity of the case, the capacity to represent himself effectively. On the 21/09/**2016** when you removed my son's solicitor from record the protection above was removed, you are aware my son cannot read and write effectively to deal with this trial. At this stage I would also like to draw your attention to your letter that was dated 22/02/**2016** and section 4
"4/ The Court will not and does not accede to any application for the Appellants Solicitors to come off the record or to cease acting for the Appellant Such an application was dismissed by His Honour Judge Morrison on the 19th February **2016**. If any attempt is made to repeat this application the Court will require it to be made in person by the Senior Partner of Michael Carroll & Co"
On dismissing the solicitors who was acting for my son and not allowing them to be replaced I believe his rights to a fair trial were removed at this stage.
Guide on Article 6 of the European Convention on Human Rights Effectiveness of the legal aid granted:
The State is not accountable for the actions of an officially appointed lawyer. It follows from the independence of the legal profession from the State (Staroszczyk v. Poland, 133), that the conduct of the defence is essentially a matter between the defendant and his counsel, whether counsel is appointed under a legal aid scheme or is privately financed. The conduct of the defence as such cannot, other than in special circumstances, incur the State's liability under the Convention (Tuzinski v. Poland (Dec.)).
However, assigning a lawyer to represent a party does not in itself guarantee effective assistance (Sialkowska v. Poland, 110 and 116). The lawyer appointed for legal aid purposes may be prevented for a protracted period from acting or may shirk his duties. If they are notified of the situation, the competent national authorities must replace him; should they fail to do so, the litigant would be deprived of effective assistance in practice despite the provision of free legal aid (Bertuzzf v. France, 30).
It is above all the responsibility of the State to ensure the requisite balance between the effective enjoyment of access to justice on the one hand and the independence of the legal profession on the other. The Court has clearly stressed that any refusal by a legal aid lawyer to act must meet certain quality requirements. Those requirements will not be met where the shortcomings in the legal aid system deprive individuals of the "practical and effective" access to a court to which they are

entitled (Staroszczyk v. Poland, § 135; Sialkowska v. Poland,

432,

114 - violation).

I am no lawyer myself and I am trying to go through the human rights act which is a very long document and extremely difficult to understand. You were also aware my son and I have been working from older bundles and ordered the solicitors who were acting for my son before they were removed from record on the 21/09/**2016** by your honour to pass the correct bundles to us. Upon seeing these bundles, it has come to light that there are statements we have never seen before this date and never have seen them before the trial of the lower court. I am not sure if these statements have been added after the last trial when the appeal was applied for or if my son's last solicitor has had these statements and they were not given to us. I do know they are dated before the last trial took place. How was my son ever meant to have a fair trial without having and seeing all the documents within the case against him?

Upon also looking at my son's own bundle the barristers were using for this Appeal there were many documents missing from this bundle that I have had to take time to update this bundle to the correct version with all statements included as there were no statements in there and other documents, it was not even indexed, How was the barrister even meant to have dealt with this Appeal with so many documents missing.

The police have targeted my son and family for many years mostly being Simon Cordell, and I believe they have pursued a malicious prosecution against him also trying to include his brother's name in this case, this can be proven.

The Magistrates court hearsay rules 1999 do not apply to the crown court.

The defence do not accept that the Respondent has relied on the correct legislation to apply under the hearsay rules. In any event the Appellant requests that the Respondent call the witnesses who made CAD entries for cross examination.

It is neither professionally appropriate nor suitable for the Appellant to call police officers and question their credibility, as proposed by the Respondent through their application under the Magistrates Court Hearsay Rules.

The Appellant submits that questioning the credibility of one's own witnesses would not be permitted by the court. The Respondent has put forward no good reason for why these witnesses cannot be called. As to say it is not in the interests of justice to do so.

Burden of proof and standard of proof are set high in this appeal case and you must find to be satisfied beyond reasonable doubt that the respondent case can be proven to the criminal standard in every aspect of the prosecution.

I do not feel the Respondent application bundles could ever prove beyond reasonable doubt that the Appellant my son was concerned in the organisation of illegal raves / provided sound equipment for illegal raves.
The Appellant my son and I is still not even sure what he is meant to be defending in this case and this has been asked many times for this to be explained. Even the Respondent skeleton argument bundle has had the word illegal removed from its case, but the definition of the word rave does make this illegal and this can clearly be seen from the Respondent original application bundle.
The inaccurate data that is within the Respondent original application namely my son's PNC and statements of police which is relied on in the Respondent original application bundle, the large concern that the Respondent has refused to unedited the CAD's and intelligence reports they rely on in their original application bundle, why there was a need to update original intelligence reports, why no CAD reports was included for the 6th June **2014** in the original application, why there are so many missing CAD's, why the police refuse to admit in the lower court that CAD's they had in their original application bundle clearly relates to an illegal rave in Crown Road and CAD's from that have been placed in the Respondent original application bundle. (Please see freedom of information request to Enfield council in the Appellants bundle page 274 to 284 which clearly shows this) why they refuse to disclose information held on the police public order unit Scotland Yard systems and why Steven Elsmore did not ask DS Val Tanner from the police public order unit in Scotland Yard to write a statement after he spoke to her

433

why Steven Elsmore deleted emails that was sent to DS Val Tanner and received from DS Yal Tanner and he only felt the need to do an updated statement dated 26/06/**2015** in regards to this what did he ask DS Val Tanner and what was he told?
Why a statement was never asked from, from DS Chapman of the public order unit Scotland Yard who when he spoke to Miss Lorraine Cordell on the phone checked their system and told Miss Lorraine Cordell that Mr Simon Cordell name was only listed on their systems once and that was the day he was arrested on the 19th July **2014**, so how Steve Elsmore can put in his updated statement that the public Order Unit hold no information about Mr Simon Cordell and Enfield is beyond me.
Why there are no pocketbooks of any police officers in the Respondent original application bundle.
Why the Respondent original application that we collected on the 23/09/**2016** from the solicitor's officer that was served by the Respondent in

January **2016** to the court and the solicitors office, that we kept asking for from the solicitors and never got, has updated statements we have never seen dating back before the trial in the lower court.
In a letter you wrote on the 22/02/**2016** you asked the Respondent in section 5 (Please see below) this has never been done and we have never received this information by the Respondent.
"51 **The Respondent is to serve by the 4th April 2016 a hearsay notice identifying by reference to pages of Bundle R what hearsay it wishes to rely on and why it should be admitted in evidence"**
The abuse of process is a great concern in regarding the Appellant's right to a fair trial.
The evidences brought against the Appellant are not credible enough to prove the Respondent's application beyond reasonable doubt
Prosecution's failure to prove the Respondent's application will entitle him an acquittal from Respondent's application.
At this stage I ask Y our Honour to discharge acquit this Appeal case for an anti-social behaviour order (ASBO) in favour of the Appellant Mr Simon Cordell, and if this cannot be done the case be adjourned until matters in this letter are addressed and the Appellant Mr Simon Cordell can have a fair trial, but the conditions he is on for this ASBO removed.
Yours Sincerely
Miss Lorraine Cordell

06/03/2017: 08/02/2017:
I visited Mr Mathiyalagan at 117 Burncroft Avenue today to look at the flooring following email from Mrs Cordell concerning noise as a result of wood flooring in the flat. I noticed that there is laminate flooring in the whole fiat and ceramic tiles in the kitchen. Mr Mathiyalagan stated that the flooring was already in the flat when they moved in. He stated that they do not make noise deliberately and that any noise from his flat is household noise. He also stated that as far as he is aware that the person living below them, we not complained of noise and that he will be the one that will be affected if there are excessive notices from his flat'. He also stated that he has asked the man if they are causing noise disturbances and he said they are not. He also requested that Mr Cordell should contact the council if he is being disturbed by noise from his flat instead of harassing him and his family by banging on his front door, shouting abuse at him and his wife, threatening them and confronting them when they come into the block.

I informed him that laminate flooring can generate some noise and to be mindful of his neighbours while walking around inside his fiat I then went and knocked at flat 113 but there was no response.
17/02/2017:
Telephone call from Mr Cordell regarding the letter sent to him to attend the Civic Centre on 22/2/17 to discuss the ongoing reports of harassment, verbal abuse and threatening behaviour made against him by his neighbours. File note of the telephone conversation attached.

I visited 109 Burncroft Avenue on 17/3/17 to hand deliver to post a letter through Mr. Cordell's door and as I got into my car to drive off after posting the letter, Mr Cordell ran after me shouting and screaming abuse. I did not stop to speak to him, and he ran after me until I turned left into Green Street, as he was running after my car, he was shouting at people passing by to stop the car.
By the time I returned to the office, Mr Cordell had telephoned me several times. I telephoned him back and he wanted to know whether I was the person that posted a letter through his letterbox and I said yes. He asked why
did not stop when he ran after me and I told him that i had another visit and did not have the time to stop and talk to him. He stated that he will not attend the meeting at the Civic Centre or any of the council and that I should come to his flat. I offered to have the meeting at a neutral venue like the local library or even at his mother's house, but he refused and shouted to shout abuse and accuse me of taking sides with his neighbours. He denied doing the things that he is accused of doing and stated that he is the victim and that the council have refused to deal with his complaints against his neighbours. He stated that he has been suffering noise disturbances from his neighbours since he moved into his flat and that the council have refused to deal with it He alleged that the council is conniving with the police to victimise him and threatened to put in a complaint. against me. He continued shouting abuse and will not Set me say a word. I then advised him that I will have to terminate the conversation as we were getting nowhere,
05/05/2017:

9. I make this Witness Statement in support of the Claimant's application for an injunction to stop the Defendant from causing Intimidation, harassment to me and other residents.

BACKGROUND

10. The problem with the Defendant started a few months after we moved into the property, after the Defendant approached me asking me to write a letter of support in relation to a problem, he was having with the lady that used to live at Flat 113 Bumcroft Avenue. Since then the Defendant has made living in this block difficult for me and my family. He has been very aggressive to my family and I and has continuously intimidated, threatened and harassed my wife, cousin and me.

The Defendant have repeatedly accused us of making noise inside our flat even though our flat is situated two floors above his and the person living directly below us have never complained to us about noise. He has shouted abuse at us, damaged our properties and aggressively demanded money from me. My family and I are constantly living in fear and my wife are frightened to stay at home and has had to accompany me to work on several occasions and stayed in the car with our young daughter until I finish work.

12. The Defendant has slashed my car tyres, damaged my fuse box and has physically threatened to hit me with a piece of wood. He has a big dog that he brings out with him without a lead when he approaches us, and he has used the dog to intimidate us. He also allows the dog to bark and run freely inside the communal hallway and staircase without a lead. I have reported

63. On **9th June 2017,** my cousin returned from work late at night and as he opened the main communal door, the Defendant came out of his flat and started to shout abuse at him. was happening, the Defendant went back into his flat. We then called the police, they attended, and we explained what happened. The police then went and knocked on the Defendant's door, but he refused to let them in.

67. On **28th June 2017 at 11:45am,** the Defendant confronted my wife outside the main entrance door as she was going to pick up our daughter from school and demanded to talk to her. My wife told him that she cannot stop to speak with him as she was on her way to collect her daughter from school, but the Defendant ran after my wife, stood in front of her and started to shout at her. The Defendant told my wife that he knows all our personal details including our full names,

and bank details and that I must pay him to have them back. I told him that I will not pay him and to do whatever he likes with the details.

70. The constant verbal abuse, swearing, intimidation and aggressive behaviour from the Defendant towards my family and I have made it difficult for us to live in our own home. The fear of not knowing when we will be confronted with vile and aggressive behaviour as my wife and I go out or return to our home has caused us severe stress and anxiety. My wife is afraid of leaving

our flat on her own due to fear that the Defendant will confront and shout abuse at her. We are having to tip-toe inside our flat for fear of being accused of making noise even though we live two floors above the Defendant. The Defendant has caused us immense hardship by vandalising my property and although I cannot prove it, I am certain that the Defendant was responsible for slashing my car tyres, damaging my meter cupboard and removing my electricity fuse several times and restricting water flow to my flat, Also, I no longer park my car outside my block in Bumcroft Avenue because of the car being vandalized. I now park a few streets away, about ten or fifteen minutes from my home instead of outside my block which is about a minute from my flat. I do not see why we should have to live this way.

continued that sometime around mid-**September 2016, one** of the Defendant's neighbours reported that the Defendant confronted him outside his block as he was going to the local park and started to shout abuse and threats at him and said to him "I can get you over at the park, I know you go for a walk". The case history is at pages 35 to 40 of the exhibit bundle **LN1.** It shows that Mr Mathiyalagan reported incidents too numerous to set out in this statement about abuse, threats, attempts to extort money and intimidation by the Defendant. Examples are that the Defendant banged on his front door while his wife was alone at home with their young daughter and shouted abuse at his wife and asked her to turn off the bathroom taps. He also removed his electricity fuse thereby

On **8th May 2017,** the Claimant's officers, Ms Fletcher, a Neighbourhood officer who has since left the Council and Mr Steve Stirk, a Surveyor visited the Defendant's block of flats following reports of low water pressure to flats 109, 113 and 117 Bumcroft Avenue. While the Claimant's officers were outside flat 113, the Defendant came up to them and started to complain about his perceived victimization by his neighbours, the police and the council. While the Defendant was talking to the officers, Mr Mathiyalagan came down the stairs and the Defendant said to him, "I'm going to the police station now with my evidence about you and I'm going to ruin your life". A file note of this report is exhibited at page 58 of the exhibit bundle and an email from Steve Stirk is at page 59.

103. On **14th May 2017,** yet another neighbour who wishes to remain anonymous reported that the Defendant aggressively banged on her door, shouted abuse and threats at her and falsely accused her of making noise and coming into his flat to attack him. The neighbour stated that the Defendant later followed her to her car as she was leaving the block shouting abuse and wanting to know where she was going. The neighbour also

reported that the Defendant allowed his dog to roam freely in the communal area of the block without a lead. A file note of the report is at page 60 of the exhibit bundle LN1.

104. On **28th May 2017,** the Defendant was issued with a first instance Harassment letter by the police following allegations of harassment and threatening behaviour made to the police by his neighbour. A copy of the letter and the PC's statement are at pages 61-62 of the exhibit bundle LN1.

The Defendant later shouted abuse and swear words at Mr. Gray and would not allow him to approach his car. Mr. Gray has provided a witness statement in relation to this incident.

January 2017 inviting him for a meeting on **9th February 2017, 16th February 2017** for a meeting on **22 February 2016** and **16th March 2017** for a meeting on **22nd March 2017**. These letters are exhibited at pages 63-70 of the exhibit bundle.

30.1 have enquired with the Mental Health Team whether the Defendant is currently known to the

team and was informed that he is no longer under their care.

11. The Claimant's operatives have had difficulties in accessing the Defendant's flat to inspect the state of the property and the unauthorised works and modifications which the Defendant is purported to have carried out without a written consent from the Claimant. The Claimant has also been unable to check whether the Defendant Is restricting water supply/pressure to the properties above his since **December 2016.** The Defendant has admitted to restricting the water supply but has refused to allow the Claimant's maintenance operatives access to his property to investigate and rectify the problem.

12. The Defendant has intimidated the residents in the entire block and because of his behaviour, we have received numerous complaints from residents, requests to be transferred from the block and we have had to move a vulnerable tenant from the block.

13. I have made attempts to engage with the Defendant, but he has not been cooperative and has continuously displayed abusive and threatening behaviour towards the Claimant's members of staff and his neighbours. A Notice of Seeking Possession has been served on him and possession action is being considered. However, in the meantime, this injunction is required to ensure that the other residents are not subjected to further intimidation and harassment by the Defendant. This application is being made without notice because if the Defendant were given notice, he would intimidate the witnesses in an attempt to prevent the order being made.

06/03/2017: 08/02/2017:
I visited Mr Mathiyalagan at 117 Burncroft Avenue today to look at the flooring following email from Mrs Cordell concerning noise as a result of wood flooring in the flat. I noticed that there is laminate flooring in the whole fiat and ceramic tiles in the kitchen. Mr Mathiyalagan stated that the flooring was already in the flat when they moved in. He stated that they do not make noise deliberately and that any noise from his flat is household noise. He also stated that as far as he is aware that the person living below them, we not complained of noise and that he will be the one that will be affected if there are excessive notices from his flat'. He also stated that he has asked the man if they are causing noise disturbances and he said they are not. He also requested that Mr Cordell should contact the council if he is being disturbed by noise from his flat instead of harassing him and his family by banging on his front door, shouting abuse at him and his wife, threatening them and confronting them when they come into the block.
I informed him that laminate flooring can generate some noise and to be mindful of his neighbours while walking around inside his fiat I then went and knocked at flat 113 but there was no response.

I visited 109 Burncroft Avenue on 17/3/17 to hand deliver to post a letter through Mr. Cordell's door and as I got into my car to drive off after posting the letter, Mr Cordell ran after me shouting and screaming abuse. I did not stop to speak to him, and he ran after me until I turned left into Green Street, as he was running after my car, he was shouting at people passing by to stop the car. By the time I returned to the office, Mr Cordell had telephoned me several times. I telephoned him back and he wanted to know whether I was the person that posted a letter through his letterbox and I said yes. He asked why
did not stop when he ran after me and I told him that i had another visit and did not have the time to stop and talk to him. He stated that he will not attend the meeting at the Civic Centre or any of the council and that I should come to his flat. I offered to have the meeting at a neutral venue like the local library or even at his mother's house, but he refused and shouted to shout abuse and accuse me of taking sides with his neighbours. He denied doing the things that he is accused of doing and stated that he is the victim and that the council have refused to deal with his complaints against his neighbours. He stated that he has been suffering noise disturbances from his neighbours since he moved into his flat and that the council have refused to deal with it He

alleged that the council is conniving with the police to victimise him and threatened to put in a complaint. against me. He continued shouting abuse and will not Set me say a word. I then advised him that I will have to terminate the conversation as we were getting nowhere,

2. I make this Witness Statement in support of the Claimant’s application for an injunction to stop the Defendant from causing Intimidation, harassment to me and other residents.

BACKGROUND

3. The problem with the Defendant started a few months after we moved into the property, after

the Defendant approached me asking me to write a letter of support in relation to a problem, he was having with the lady that used to live at Flat 113 Bumcroft Avenue. I refused to write the letter and told the Defendant that I do not want to get involved as I did not have any problems with the lady. Since then the Defendant has made living in this block difficult for me and my family. He has been very aggressive to my family and I and has continuously intimidated, threatened and harassed my wife, cousin and me.

4. The Defendant have repeatedly accused us of making noise inside our flat even though our flat is situated two floors above his and the person living directly below us have never complained to us about noise. He has shouted abuse at us, damaged our properties and aggressively demanded money from me. My family and I are constantly living in fear and my wife are frightened to stay at home and has had to accompany me to work on several occasions and stayed in the car with our young daughter until I finish work.
5. The Defendant has slashed my car tyres, damaged my fuse box and has physically threatened to hit me with a piece of wood. He has a big dog that he brings out with him without a lead when he approaches us, and he has used the dog to intimidate us. He also allows the dog to bark and run freely inside the communal hallway and staircase without a lead. I have reported

20. On **9th June 2017,** my cousin returned from work late at night and as he opened the main communal door, the Defendant came out of his flat and started to shout abuse at him. As my cousin brought out his mobile phone to record the incident, the Defendant snatched the phone from him. A struggle ensued as my cousin tried to get his phone back from the Defendant. The Defendant then physically attacked my cousin; he grabbed my cousin round his arm and neck and injured his arm thereby causing It to bleed. My cousin managed to get his phone back and called the police. The police attended within 10 minutes and my cousin explained to them what happened, and they went to speak to the Defendant, but he refused to let them in.

21. On **16th June 2017 at 11:55am,** the Defendant confronted my wife outside the main entrance door as she was going to pick our daughter from school and accused her of making noise. The Defendant also said to my wife that he has our bank account and personal details and that she should tell me to pay him money.

22. On **16th June 2017 at 11:55am,** the Defendant confronted my wife outside the communal entrance door as she was going to pick our daughter from school and said to her that he knows what time she goes out and when she returns and to tell her husband that he wants to speak to him.

23. **On 23rt June 2017,** my cousin returned from work at **11:35pm** and as he entered the block, the Defendant came out of his flat with his dog barking and without a lead and started to swear and shout abuse at my cousin. The Defendant then attacked my cousin by punching him twice on the chest and tried to push my cousin out of the block. The Defendant snatched my cousin's mobile phone as he tried to record the incident, but he managed to get the phone back. My wife heard the commotion and woke me up and as we came out of my flat shouting at my cousin and wanting to know what

was happening, the Defendant went back into his flat. We then called the police, they attended, and we explained what happened. The police then went and knocked on the Defendant's door, but he refused to let them in.

24. On **28th June 2017 at 11:45am,** the Defendant confronted my wife outside the main entrance door as she was going to pick up our daughter from school and demanded to talk to her. My wife told him that she cannot stop to speak with him as she was on her way to collect her daughter from school, but the Defendant ran after my wife, stood in front of her and started to shout at her. The Defendant told my wife that he knows all our personal details including our full names, date of birth and bank details. The Defendant demanded that we should pay him some money and that my wife should tell me to come and talk to him. The Defendant also accused my wife of making noises inside our flat.

25. On **30th June 2017 at 11:45am**, the Defendant confronted my wife as she was leaving the block to go and pick up our daughter from school and accused her of slamming the door. My wife denied slamming the door and the Defendant called her a liar and proceeded to swear and shout abuse at her.

and bank details and that I must pay him to have them back. I told him that I will not pay him and to do whatever he likes with the details.

27. The constant verbal abuse, swearing, intimidation and aggressive behaviour from the Defendant towards my family and I have made it difficult for us to live in our own home. The fear of not knowing when we will be confronted with vile and aggressive behaviour as my wife and I go out or return to our home has caused us severe stress and anxiety. My wife is afraid of leaving our flat on her own due to fear that the Defendant will confront and shout abuse at her. We are having to tip-toe inside our flat for fear of being accused of making noise even though we live two floors above the Defendant. The Defendant has caused us immense hardship by vandalising my property and although I cannot prove it, I am certain that the Defendant was responsible for slashing my car tyres, damaging my meter cupboard and removing my electricity fuse several times and restricting water flow to my flat, Also, I no longer park my car outside my block in Bumcroft Avenue because of the car being vandalized. I now park a few streets away, about ten or fifteen minutes from my home instead of outside my block which is about a minute from my flat. I do not see why we should have to live this way.

Statement of Truth

I believe the facts in this Witness Statement are true.

2. I make this Witness Statement in support of the Claimant's application for an injunction to stop the Defendant from causing intimidation, harassment and alarm to other residents and their visitors on Burhcroft Avenue.

3. The Defendant is a secure tenant of the Claimant at 109 Burncroft Avenue, Enfield, Middlesex, EN3 7JQ. His tenancy commenced on **14th August 2006.** I hereby attach a bundle of documents relating to this case as exhibit number **LN1.** A copy of the Defendant's tenancy agreement and terms and conditions are hereby attached at pages 1-24.

4. The reports concerning the Defendant's alleged anti-social behaviour towards his neighbours was first brought to my attention in **October 2016** when a case involving the Defendant and one of his neighbours was referred to me for investigation. The Defendant was reported to have caused frequent acts of harassment and anti-social behaviour against an elderly neighbour. The Defendant was arrested by the Police and bailed to a different address. The matter was referred to the Highbury Corner Magistrates' Court on **05 October 2016** where a first hearing took place. The Defendant pleaded not guilty and the trial was fixed for **17 November 2016.** However, the trial did not proceed due to insufficient support as **the elderly tenant** was unable to attend Court due to health reasons. A copy of a letter from the Magistrate Court is attached to this statement at pages 25-26.

5. The Defendant was previously known to the Claimant and an anti-social behaviour order was made on **4 August 2015** by the Magistrates Court to prevent him from knowingly using or supplying property, **personal** or **otherwise,** for the use in a rave as defined in s.63(1) of the **Criminal Justice Order Act 1994**. The order was made for a duration of 5 years. A copy of the Order is at page 27 of the exhibit bundle.

continued that sometime around mid-**September 2016, one** of the Defendant's neighbours reported that the Defendant confronted him outside his block as he was going to the local park and started to shout abuse and threats at him and said to him "I can get you over at the park, I know you go for a walk". This incident led to his arrest and to the matter being referred to the Magistrates Court. A file note of the report is exhibited on page 31 of the exhibit bundle **LN1.**

11. I had meetings with Mr George Quinton, one of the Defendant's neighbours on **16th December 2016** and **11th January 2017.** He reported that he was experiencing problems with the Defendant's behaviour, and that on **4th October 2016,** the Defendant aggressively banged on his ceiling and accused him of making noise. The Defendant then went to the neighbour's flat upstairs and started kicking and banging on the front door and was swearing and shouting at. him. The Defendant later went downstairs, dragged the neighbour's motorbike from where it was parked and started to hit it with a piece of wood. A file note of the report is at pages 32-34 of the exhibit bundle.

12. On **22nd November 2016,** during a telephone conversation with my former colleague Ms Sarah Fletcher, the Defendant was heard saying to his mother, who was present with him, 'I'm gonna do her over, I'm gonna take her job just for fun' referring to Ms Fletcher. A file note

of the incident is at page 34A of the exhibit bundle.

13. I hereby attach a case history detailing incidents of reports from Mr Mathiyalagan about the abuse, threats and persistent intimidation by the Defendant. The case history is at pages 35 to 40 of the exhibit bundle **LN1.** It shows that Mr Mathiyalagan reported incidents too numerous to set out in this statement about abuse, threats, attempts to extort money and intimidation by the Defendant. Examples are that the Defendant banged on his front door while his wife was alone at home with their young daughter and shouted abuse at his wife and asked her to turn off the bathroom taps. He also removed his electricity fuse thereby

cutting off their power supply. Mr Mathiyalagan reported the incident to the police and was given CAD 5753/**23 December 2016.** A file note of this incident is at page 37 of the exhibit bundle.

14. Other examples of aggressive and anti-social behaviour reported by Mr Mathiyalagan were that on **21st January 2017,** the Defendant aggressively banged on his door, swore and shouted abuse and threats at him and his family and accused them of making noise.

15. On **9th June 2017,** the Defendant attacked Mr Mathiyalagan's cousin in the communal hallway as he returned from work late at night by grabbing him on the arm and neck thereby causing bruising to his arm and neck. The Defendant also

snatched his mobile phone from him as he tried to record the incident.

16. On **16th June 2017,** the Defendant confronted Mr Mathiyalagan's wife as she was exiting the main entrance at **11:55am** and said to her that he had her bank and personal details. He also reported that the Defendant told his wife that he wanted her and her husband to pay him some money.

17. On **23rd June 2017,** the Defendant came out of his flat with his dog and attacked Mr Mathiyalagan's cousin as he returned from work at **11:35pm.** He reported that the Defendant punched his cousin twice on the chest, tried to push him out of the block and snatched his mobile phone as he tried to record the incident.

The Defendant demanded that they pay him some money and asked her to tell Mr Mathiyalagan to come and see him.

5:18pm and asked him when he was going to hand over the money. He also reported that as they left the block, the Defendant ran after them swearing and shouting abuse and demanded that he must pay him money if he wants him to leave him alone. The Defendant also said to him that he has

all their personal details. A report of the incident is at page 40 of the case history.

20. Case history notes exhibited at pages 41-46 show reports of similar aggressive and intimidating behaviour displayed to Mr Mathiyalagan was being experienced by another tenant who wishes to remain anonymous because of fear of reprisal from the Defendant.

21. Similarly, further case notes exhibited at pages 47-52 show that another tenant **who wishes to remain anonymous** was being subjected to the Defendant's antisocial behaviour. She had to be moved from the block because of the harassment from the Defendant and because **she suffered from mental health problems** and was particularly vulnerable and unable to deal with the threats and harassment from the Defendant.

22. On **7th February 2017,** the Defendant approached the leaseholder of 117 Bumcroft Avenue and his plumber outside the block as they were attempting to resolve low water pressure issues affecting the flat. The Defendant informed the leaseholder that there were problems between him and his tenants but did not give specific details. The leaseholder explained to the Defendant that his tenants were experiencing low water pressure in their flat and that they were trying to fix the problem. The Defendant said to the leaseholder, “you will not resolve the problem as I am restricting their water supply”. The leaseholder later asked the Defendant to increase the water pressure and the Defendant stated, "I cannot do anything at the moment, I will sort it out later”. A report of this incident is at page 55 of the exhibit bundle.

It also appeared that the Defendant may have removed the wall between his kitchen and living room thereby creating an open plan living space. A copy of the file note is pages 56-57 of the exhibit bundle.

24. On **8th May 2017,** the Claimant's officers, Ms Fletcher, a Neighbourhood officer who has since left the Council and Mr Steve Stirk, a Surveyor visited the Defendant's block of flats following reports of low water pressure to flats 109, 113 and 117 Bumcroft Avenue. While the Claimant's officers were outside flat 113, the Defendant came up to them and started to complain about his perceived victimization by his neighbours, the police and the council. While the Defendant was talking to the officers, Mr Mathiyalagan came down the stairs and the Defendant said to him, "I'm going to the police station now with my evidence about you and I'm going to ruin your life". A file note of this report is exhibited at page 58 of the exhibit bundle and an email from Steve Stirk is at page 59.

25. On **14th May 2017,** yet another neighbour who wishes to remain anonymous reported that the Defendant aggressively banged on her door, shouted abuse and threats at her and falsely accused her of making noise and coming into his flat to attack him. The neighbour stated that the Defendant later followed her to her car as she was leaving the block shouting abuse and wanting to know where she was going. The neighbour also reported that the Defendant allowed his dog to roam freely in the communal area of the block without a lead. A file note of the report is at page 60 of the exhibit bundle LN1.

26. On **28th May 2017,** the Defendant was issued with a first instance Harassment letter by the police following allegations of harassment and threatening behaviour made to the police by his neighbour. A copy of the letter and the PC's statement are at pages 61-62 of the exhibit bundle LN1.

27. On **12th July 2017,** Mr Neville Gray, the Claimants repairs surveyor attended the Defendant's flat to investigate reports of low water pressure to the flats above the Defendant's flat but the Defendant refused him access. Mr Neville Gray attended the Defendant's flat again at about 5:39pm following reports from the leaseholder of flat 117 Burncroft House that the water supply had stopped completely, but the Defendant also refused him access. The Defendant later shouted abuse and swear words at Mr. Gray and would not allow him to approach his car. Mr. Gray has provided a witness statement in relation to this incident.

A. The Defendant is in breach of the following conditions of his tenancy agreement;

B. **Condition 10** - "You must not act in any way which causes, or is likely to cause, a nuisance or annoyance or is anti-social."

C. **Condition 21** - "You must not abuse, harass, make offensive comments and/or malicious allegations, use or threaten to use violence against any of our officers or agents, or against a councillor. This applies at any time and in any place. We may report the matter.to the Police".

G. **Condition 53 -** "You must keep the inside of the property, the fixtures and fittings and glass in the property in good repair during the tenancy"

5. I have corresponded with the Defendant regarding the reports of anti-social behaviour made against him by his neighbours and invited him to meetings with his mother Lorraine Cordell, but he declined to attend. Letters were sent to him on **29th November**

30.1 have enquired with the Mental Health Team whether the Defendant is currently known to the team and was informed that he is no longer under their care.

14. The Claimant's operatives have had difficulties in accessing the Defendant's flat to inspect the state of the property and the unauthorised works and modifications which the Defendant is purported to have carried out without a written consent from the Claimant. The Claimant has also been unable to check whether the Defendant Is restricting water supply/pressure to the properties above his since **December 2016.** The Defendant has admitted to restricting the water supply but has refused to allow the Claimant's maintenance operatives access to his property to investigate and rectify the problem.

15. The Defendant has intimidated the residents in the entire block and because of his behaviour, we have received numerous complaints from residents, requests to be transferred from the block and we have had to move a vulnerable tenant from the block.

16. I have made attempts to engage with the Defendant, but he has not been cooperative and

has continuously displayed abusive and threatening behaviour towards the Claimant's members of staff and his neighbours. A Notice of Seeking Possession has been served on him and possession action is being considered. However, in the meantime, this injunction is required to ensure that the other residents are not subjected to further intimidation and harassment by the Defendant. This application is being made without notice because if the Defendant were given notice, he would intimidate the witnesses in an attempt to prevent the order being made.

Hi Iona, it seems that Simon spoke to one of our admin staff this afternoon making it quite clear that he wants nothing to do with Lucas House or EIS. He threatened to 'sue us' and report the Trust to the Ombudsman should anyone from this team make contact with him either face to face or by phone. The Loud and truculent banging staying inglorious for me in the bathroom and got worse and this Dehumanized comportment gets achieved by 117 tenants mainly and now with the new tenant George getting involved in a negative manner slamming objects on to the floor irresponsibly and with evil intent of malefactor actions towards my salubrity!
Stain continues to get away with what he does to me every day and night by banging on his kitchen wall like the devil has taken over his sole I cannot believe that I had so much love for him and respect and he treats me this way in my life and my loved ones!
They all mentioned in the addresses of 117 and 111 Burncroft Avenue keep making me unsafe in my own home and dropping articles on to their own wooden flooring to make loud banging noises while slamming the taps on and off at an un president rate!

All-Day and All-Night!
The Enfield Homes and the Enfield Council staff aloud the tenants of 117 and 111 Perpetuated to victimizing me by: -
The occupiers of 117 woke me up by attacking me on purpose by stamping and dropping articles above my head!
Then 113 and 117 tenants kept on Continually, reiterating to flushing the toilet when I went into the bathroom, so to be sick in my toilet because they made me ill!
They all mentioned in the addresses of 111 Burncroft Avenue keep making me unsafe in my own home and dropping articles on to their own wooden flooring to make loud banging noises while slamming the taps on and off at an un president rate!
113 - 117 and 111 today kept on Banging with objects onto the internal main buildings walls and floors, so to intimidate surely me and maybe others living close by whom may be present to an extent only worthwhile for the perpetrators selfless glory, In them perpetrators knowing that their behaviour would only leave all those getting victimized towards getting left by their wrongful actions as to being put into a state of a mental health patient and not rightfully with this occurring within mine and their rented or paid for homes!
The occupiers of 117 the Mathiyalagan family and also Stain Curtis off 111 Burncroft Avenue continue to Slamming the water tap on and off, and now with George Quinton also involved I continue to document their Hate Crime towards me and report it to the relevant persons without any fair process of support and this is causing damage to my health and the buildings fixtures at an unacceptable rate!
They all mentioned in the addresses of 113 and 117 Burncroft Avenue keep Dropping articles on to their own wooden flooring to make loud banging noises all day and night towards me and the floor has not gotten fixed correctly in the address of 113 after Debra Andrews moved out, making me still suffer as George has taken over!
117 - 113 and 111 Slamming the main, communal entrance door closed!
Stain will not stop banging on the kitchen wall with intent of victimising me on a full 24-hour assault in collaboration with the other named in the address of 113 and 117!

stated that soon after he moved into his flat, he went around to SC's fiat to introduce himself. After he introduced himself, SC said to him that there is some kind of war going on between him and other neighbours. SC also told him that he's got a load of issues with the police and that he was trying to sue them because he felt that they were treating him unfairly. He told SC that he was a musician and that he does not want anything to do with his issues.
Straight after he moved in, SC will come up to his flat at least once a week to shout at him and complain about loud banging from his flat and knocking pipes. SC would accuse him of making noise on purpose to wind him up and he will always explain to him that it is not true, that he does not make any banging noises inside his flat and that he cannot explain why the pipes were making knocking noises.
Mr Quinton stated that on

04/10/2016, he was sleeping when SC started to bang on his ceiling, but he ignored him. SC then came up and started kicking at his door and he still ignored him. SC then went downstairs, dragged Mr Quinton's motorbike from where he parked it, threw it on the ground and started to hit it with what he believed to be a mop pole, he is not sure how many times he hit it. He then called the police and they came and took him away, CAD No. 3309/4 **Oct. 2016.**

Dear Mr Cordell,
Re: Reports of Anti-Social Behaviour, Harassment, Intimidation and Threatening Behaviour
I write with regards to reports of anti-social behaviour, intimidation, harassment and threatening behaviour made against you by your neighbours.
The reports include using threatening, abusive and insulting words and language, aggressively demanding money, intimidation and making threats towards your neighbours. It is also alleged that on **4th October 2016,** you banged on your ceiling and you later started to bang and kick at your neighbour's door. It is alleged that you were very aggressive and was shouting through your neighbour's door and that you then proceeded to drag his motorbike from where it was parked and started to smash it up.
It is also alleged that your dogs are left by themselves all day and night barking and causing noise disturbances to your neighbours.
Your neighbours have also alleged that you have installed a CCTV in the communal area with the camera pointing towards the main entrance to the block thereby making them to feel very uncomfortable when entering and leaving the block. Your neighbours have alleged that this is an invasion of their privacy.
If these allegations are true, they are in breach of the following terms and conditions of your Tenancy Agreement:

Re bailed

To find out the truth: --

I was then bailed to return to the police station on the 4th October **2016** at 2pm and had been put through a continual cycle of unjustified actions, so was looking forwards towards being able to rectify the issues that the police wrongfully had raised with my person, I had been taken out of my own home for no right reason, then I got transported to the police station and booked in then to get put into a police cell for hours and not be interviewed I got accused of threatening a child and mother then sectioned under the mental health act without being allowed to see my solicitor, all to aid it stain and the magicians getting away with what they had put me and my loved ones through. On the 4/10/**2016**, I was at home all morning awaiting to go to the police station in regard to the threats to kill an unknown person to myself at this stage of time.

3

George’s house the council claim: --

We received a report that on 4th October **2016** you aggressively banged on your ceiling and accused one of your neighbours of making noise, it is alleged that you then went to your neighbour’s flat and started kicking and banging on his front door aggressively, accused him of banging on the floor and was swearing and shouting abuse at him. It is also alleged that you later went downstairs, dragged your neighbour’s motorbike from where it was parked and started to hit it with a piece of wood thereby causing some damage to the motorbike.

4

I was at home all morning awaiting to go to the police station: --

On the 4/10/**2016**, I was at home all morning awaiting to go to the police station in regard to the threats to kill an unknown person too myself at this stage of time. The truth is that on the morning of the 04/10/**2016** I got up and had a bath, while I was in the bath I noticed a banging on my door, so I then got out of the Barth and wrapped myself in a towel, when asking who was at my front door, a voice replied police, I asked what they wanted and they explained to me that they wanted to arrest me, so I once again called my mother to attend and explained my concerns of the police presence to her. When I finally got to answer the door in my towel, the police arrested me, for criminal damage, I completely deny causing any damage to the complainant’s property once I understood the circumstances and unannounced that I did not commit any crime I was accused of dragging a bike out of view of my neighbour’s window and also accused of, then after smashing it up, this is as stated in the second complaints statements herein named George Quinton who lived at the home address off

113 Burncroft Avenue, Enfield London EN3 7jq. While at the police station I was denied bail for both cases I then got granted bail by the court after being detained in the police cell overnight, I was also placed on conditions not to go home to Burncroft Avenue, so I stayed at my mother's address this caused me time that I would have otherwise committed towards the running objectives of my up and coming companies launch at no fault of my own to add towards upset. When staying at my mother's house, I knew that I was being punished for crimes that I had not committed. In response to the allegations of threats to kill that were made against me, I then had to re attend the court as I was placed on court bail this was until the 17/11/**2016** awaiting trial in both cases set for the same day, the day before trial my mother received a phone call from my representing solicitor firm who in turn explained that both cases had been NFA no further action taken, as I was innocent in the claims and then released to go home. At the time of me being at my mother's home she managed to help me start to achieve a positive impact in society once again without the presence of my neighbour's wrong doings, this was achieved in many different accepts. I never went home for a few days after the case was NFA, the reason I never went back was because I was reluctant of being be put back into the same position again, were I was once again being set up and endangered. After speaking to a few of the right people around me and also that of my family members we all decided the best thing for me to do was make a phone call to my housing officer, whose name is Sarah Flexure, when speaking to her on the phone; I explained the on goings of what had been going on while living within the estate at my home. I explained to her that she is in charge of my housing estate and therefore she holds responsibility to the tenant's safety, I continued to express myself in regards to the correspondents that were sent to her office in respect to the past and up for that date problems also that of the telephone conversation we were having, so to be making sure of asking her if she could finally address them issues that I have of my concern about members of my fellow neighbour's, on doing this she told me that she had received letters of my neighbour's also of complaints.

His tenancy commenced on **14th August 2006.** I hereby attach a bundle of documents relating to this case as exhibit number **LN1.** A copy of the Defendant's tenancy agreement and terms and conditions are hereby attached at pages 1-24.

4. The reports concerning the Defendant's alleged anti-social behaviour towards his neighbours was first brought to my attention in **October 2016** when a case involving the Defendant and one of his neighbours was referred to me for investigation. The Defendant was reported to have caused frequent acts of harassment and anti-social behaviour against an elderly neighbour. The Defendant was arrested by the Police and bailed to a different address. The matter was referred to the Highbury Corner Magistrates' Court on **05 October 2016** where a first hearing took place. The Defendant pleaded not guilty and the trial was fixed for **17 November 2016.** However, the trial did not proceed due to insufficient support as **the elderly tenant** was unable to attend Court due to health reasons. A copy of a letter from the Magistrate Court is attached to this statement at pages 25-26.

5. The Defendant was previously known to the Claimant and an anti-social behaviour order was made on **4 August 2015** by the Magistrates Court to prevent him from knowingly using or supplying property, **personal** or **otherwise,** for the use in a rave as defined in s.63(1) of the **Criminal Justice Order Act 1994**. The order was made for a duration of 5 years. A copy of the Order is at page 27 of the exhibit bundle.

continued that sometime around mid-**September 2016, one** of the Defendant's neighbours reported that the Defendant confronted him outside his block as he was going to the local park and started to shout abuse and threats at him and said to him "I can get you over at the park, I know you go for a walk". This incident led to his arrest and to the matter being referred to the Magistrates Court. A file note of the report is exhibited on page 31 of the exhibit bundle **LN1.**

11. I had meetings with Mr George Quinton, one of the Defendant's neighbours on **16th December 2016** and **11th January 2017.** He reported that he was experiencing problems with the Defendant's behaviour, and that on **4th October 2016,** the Defendant aggressively banged on his ceiling and accused him of making noise. The Defendant then went to the neighbour's flat upstairs and started kicking and banging on the front door and was swearing and shouting at. him.

The Defendant later went downstairs, dragged the neighbour's motorbike from where it was parked and started to hit it with a piece of wood. A file note of the report is at pages 32-34 of the exhibit bundle.

12. On **22nd November 2016,** during a telephone conversation with my former colleague Ms Sarah Fletcher, the Defendant was heard saying to his mother, who was present with him, 'I'm gonna do her over, I'm gonna take her job just for fun' referring to Ms Fletcher. A file note of the incident is at page 34A of the exhibit bundle.

13. I hereby attach a case history detailing incidents of reports from Mr Mathiyalagan about the abuse, threats and persistent intimidation by the Defendant. The case history is at pages 35 to 40 of the exhibit bundle **LN1.** It shows that Mr Mathiyalagan reported incidents too numerous to set out in this statement about abuse, threats, attempts to extort money and intimidation by the Defendant. Examples are that the Defendant banged on his front door while his wife was alone at home with their young daughter and shouted abuse at his wife and asked her to turn off the bathroom taps. He also removed his electricity fuse thereby

cutting off their power supply. Mr Mathiyalagan reported the incident to the police and was given CAD 5753/**23 December 2016.** A file note of this incident is at page 37 of the exhibit bundle.

14. Other examples of aggressive and anti-social behaviour reported by Mr Mathiyalagan were that on **21st January 2017,** the Defendant aggressively banged on his door, swore and shouted abuse and threats at him and his family and accused them of making noise.

15. On **9th June 2017,** the Defendant attacked Mr Mathiyalagan's cousin in the communal hallway as he returned from work late at night by grabbing him on the arm and neck thereby causing bruising to his arm and neck. The Defendant also snatched his mobile phone from him as he tried to record the incident.

16. On **16th June 2017,** the Defendant confronted Mr Mathiyalagan's wife as she was exiting the main entrance at **11:55am** and said to her that he had her bank and personal details. He also reported that the Defendant told his wife that he wanted her and her husband to pay him some money.

17. On **23rd June 2017,** the Defendant came out of his flat with his dog and attacked Mr Mathiyalagan's cousin as he returned from work at **11:35pm.** He reported that the Defendant punched his cousin twice on the chest, tried to push him out of the block and snatched his mobile phone as he tried to record the incident.

18. On **28th June 2017,** the Defendant confronted Mr Mathiyalagan's wife as she was leaving the block at **11:45am,** swore at her, shouted abuse and accused her of making noise inside her flat. He said to her that he knows all her personal details and that of her husband including their full names, date of birth, phone numbers and bank details. The Defendant demanded that they pay him some money and asked her to tell Mr Mathiyalagan to come and see him.

5:18pm and asked him when he was going to hand over the money. He also reported that as they left the block, the Defendant ran after them swearing and shouting abuse and demanded that he must pay him money if he wants him to leave him alone. The Defendant also said to him that he has all their personal details. A report of the incident is at page 40 of the case history.

20. Case history notes exhibited at pages 41-46 show reports of similar aggressive and intimidating behaviour displayed to Mr Mathiyalagan was being experienced by another tenant who wishes to remain anonymous because of fear of reprisal from the Defendant.

21. Similarly, further case notes exhibited at pages 47-52 show that another tenant **who wishes to remain anonymous** was being subjected to the Defendant's antisocial behaviour. She had to be moved from the block because of the harassment from the Defendant and because **she suffered from mental health problems** and was particularly vulnerable and unable to deal with the threats and harassment from the Defendant.

22. On **7th February 2017,** the Defendant approached the leaseholder of 117 Bumcroft Avenue and his plumber outside the block as they were attempting to resolve low water pressure issues affecting the flat. The Defendant informed the leaseholder that there were problems between him and his tenants but did not give specific details. The leaseholder explained to the Defendant that his tenants were experiencing low water pressure in their flat and that they were trying to fix the problem. The Defendant said to the leaseholder, “you will not resolve the problem as I am restricting their water supply”. The leaseholder later asked the Defendant to increase the water pressure and the Defendant stated, "I cannot do anything at the moment, I will sort it out later”. A report of this incident is at page 55 of the exhibit bundle.

23. On **24th February 2017,** the Claimants officers Sarah Fletcher and Steve Kirk attended the Defendant’s property following reports of low water pressure in the

flats above his. While inside his flat they noticed that the Defendant have installed a metal security gate inside his front door. It also appeared that the Defendant may have removed the wall between his kitchen and living room thereby creating an open plan living space. A copy of the file note is pages 56-57 of the exhibit bundle.

24. On **8th May 2017,** the Claimant's officers, Ms Fletcher, a Neighbourhood officer who has since left the Council and Mr Steve Stirk, a Surveyor visited the Defendant's block of flats following reports of low water pressure to flats 109, 113 and 117 Bumcroft Avenue. While the Claimant's officers were outside flat 113, the Defendant came up to them and started to complain about his perceived victimization by his neighbours, the police and the council. While the Defendant was talking to the officers, Mr Mathiyalagan came down the stairs and the Defendant said to him, "I'm going to the police station now with my evidence about you and I'm going to ruin your life". A file note of this report is exhibited at page 58 of the exhibit bundle and an email from Steve Stirk is at page 59.

25. On **14th May 2017,** yet another neighbour who wishes to remain anonymous reported that the Defendant aggressively banged on her door, shouted abuse and threats at her and falsely accused her of making noise and coming into his flat to attack him. The neighbour stated that the Defendant later followed her to her car as she was leaving the block shouting abuse and wanting to know where she was going. The neighbour also reported that the Defendant allowed his dog to roam freely in the communal area of the block without a lead. A file note of the report is at page 60 of the exhibit bundle LN1.

26. On **28th May 2017,** the Defendant was issued with a first instance Harassment letter by the police following allegations of harassment and threatening behaviour made to the police by his neighbour. A copy of the letter and the PC's statement are at pages 61-62 of the exhibit bundle LN1.

Mr Neville Gray attended the Defendant's flat again at about 5:39pm following reports from the leaseholder of flat 117 Burncroft House that the water supply had stopped completely, but the Defendant also refused him access. The Defendant later shouted abuse and swear words at Mr. Gray and would not allow him to approach his car. Mr. Gray has provided a witness statement in relation to this incident.

January 2017 inviting him for a meeting on **9th February 2017, 16th February 2017** for a meeting on **22 February 2016** and **16th March 2017** for a meeting on **22nd March 2017**. These letters are exhibited at pages 63-70 of the exhibit bundle.

30.1 have enquired with the Mental Health Team whether the Defendant is currently known to the team and was informed that he is no longer under their care.

17. The Claimant's operatives have had difficulties in accessing the Defendant's flat to inspect the state of the property and the unauthorised works and modifications which the Defendant is purported to have carried out without a written consent from the Claimant. The Claimant has also been unable to check whether the Defendant Is restricting water supply/pressure to the properties above his since **December 2016.** The Defendant has admitted to restricting the

water supply but has refused to allow the Claimant's maintenance operatives access to his property to investigate and rectify the problem.

18. The Defendant has intimidated the residents in the entire block and because of his behaviour, we have received numerous complaints from residents, requests to be transferred from the block and we have had to move a vulnerable tenant from the block.

19. I have made attempts to engage with the Defendant, but he has not been cooperative and has continuously displayed abusive and threatening behaviour towards the Claimant's members of staff and his neighbours. A Notice of Seeking Possession has been served on him and possession action is being considered. However, in the meantime, this injunction is required to ensure that the other residents are not subjected to further intimidation and harassment by the Defendant. This application is being made without notice because if the Defendant were given notice, he would intimidate the witnesses in an attempt to prevent the order being made.

He stated that soon after he moved into his flat, he went around to SC's flat to introduce himself. After he introduced himself, SC said to him that there is some kind of war going on between him and other neighbours. SC also told him that he's got a load of issues with the police and that he was trying to

sue them because he felt that they were treating him unfairly. He told SC that he was a musician and that he does not want anything to do with his issues.
Straight after he moved in, SC will come up to his flat at least once a week to shout at him and complain about loud banging from his flat and knocking pipes. SC would accuse him of making noise on purpose to wind him up and he will always explain to him that it is not true, that he does not make any banging noises inside his flat and that he cannot explain why the pipes were making knocking noises.
Mr Quinton stated that on 0**4/10/2016,** he was sleeping when SC started to bang on his ceiling, but he ignored him. SC then came up and started kicking at his door and he still ignored him. SC then went downstairs, dragged Mr Quinton's motorbike from where he parked it, threw it on the ground and started to hit it with what he believed to be a mop pole, he is not sure how many times he hit it. He then called the police and they came and took him away, CAD No. 3309/4 **Oct. 2016.**
On **11/12/2016,** SC came up to his flat 3 times to shout abuse and complain about noise from his flat.
Mr Quinton explained that the first time, he was running a bath when SC came and knocked on the door to complain about knocking pipes. He did not open the door and he shouted abuse at him and his friends and called them homophobic names. He later came back again to bang on his door and shout further abuse. He also made threatened him and his exact words are 'I'm off curfew in 12 days, when I'm, I am coming for you', he shouted further abuse and walked off. Mr Quinton stated that he is not sure why he came back the second time, but he assumed that it was because of the pipes again. He later came back again the third time and this time he opened the door because he has had enough. SC complained about noise from his flat and he told him that he was not making any noise. SC then went on to tell him that he has been away for a long time and that his family was coming to look after his dog. He asked SC if he knew anything about his bike and SC replied 'You know what, I'm a grown man I'm not gonna lie, it was me that smashed your bike and I was gutted that the stick broke and I couldn't smash it up more'. He then asked SC about his tyres which was punctured with a knife and he denied cutting them. He then explained to SC that the knocking pipes has nothing to do with him and that he does not bang or make deliberate noise and he advised SC to play his music over the noise if it happens again as there is nothing he can do about the pipes and the noise as it is the nature of the building. SC said cool, fair enough and walked off and as he

walked off, he turned around and gave him a dirty look.
About a week later, 2 of his friends left his flat and a short while later he heard SC running out of the front door. Soon after one of his friends called and told him that they have just had a confrontation with SC in the street. His friend informed him that SC ran up to them in the street and confronted his friend Jazz about the knocking pipe noises from his flat. Jazz told SC that it has nothing to do with him. SC then head-butted Jazz and as Jazz fell on the floor, SC jumped on top of him and started to punch him. His other friend Jevon who was with Jazz at the time pulled SC off Jazz and held him until 2 Turkish men came and separated them.
Mr Quinton stated that the police did not contact him to update him on what action was taken against SC regarding his smashed bike. He stated that he has recording of SC admitting to smashing up his bike and played the recording to me. Although it was very faint, but you could make out what sounded like SC talking about smashing the bike. He stated that he wants to sue SC for criminal damage, he also wants to take out a restraining order against him and possibly an injunction.
He stated that his friends Simon Cocks (07393285528), Julian Jackson (07387277163) and Jazz Bramble (07375651241) are willing to provide witness statements and will attend court to give evidence on his behalf. He also wants us to find out why what action the police took regarding his smashed bike.
08/02/2017:
I did an announced visit to Mr Quinton at 113 Burncroft Avenue following recent email from Mrs Cordell concerning noise disturbances from the flat as a result of wooden flooring but there was no response. I then telephoned Mr Quinton and left a voice message for him.
07/03/2017: 27/07/2017:
I telephoned Mr Quinton for updates on any recent incidents and he stated that there has been none as he has been staying at his flat. He stated that he has been staying with friends and family and only goes back to his fiat to check his letters.
He stated that he will give a witness statement and will attend court if required to do so.

Dear Mr Cordell,

Re: Reports of Anti-Social Behaviour, Harassment, Intimidation and Threatening Behaviour

I write with regards to reports of anti-social behaviour, intimidation, harassment and threatening behaviour made against you by your neighbours.

The reports include using threatening, abusive and insulting words and language, aggressively demanding money, intimidation and making threats towards your neighbours. It is also alleged that on **4th October 2016,** you banged on your

ceiling and you later started to bang and kick at your neighbour's door. It is alleged that you were very aggressive and was shouting through your neighbour's door and that you then proceeded to drag his motorbike from where it was parked and started to smash it up.
It is also alleged that your dog got left by themselves all day and night barking and causing noise disturbances to your neighbours. Your neighbours have also alleged that you have installed an CCTV in the communal area with the camera pointing towards the main entrance to the block thereby making them to feel very uncomfortable when entering and leaving the block. Your neighbours have alleged that this is an invasion of their privacy.
If these allegations are true, they are in breach of the following terms and conditions of your Tenancy Agreement:

Mr Simon Cordell 109 Burncroft Ave Enfield Middlesex EN3 7JQ 24/11/**2016**
RE: Formal Complaint dated 24/11/2016:
To Whom It May Concern:
I am writing this letter on behalf on my son Simon Cordell of 109 Burncroft Ave, EN3 7JQ.

Over the past few years my son has been having some issues with his neighbours this started due to what the police wrote about him in the newspapers about an ASBO that was granted by the lower courts in the newspaper the truth was not printed in the newspapers or on the Met Police website, the judge did grant the ASBO order but not on the grounds the police case was for we are still trying to work on how this was done to this day, this was not related to his neighbours why the police took this action it was due to lies by the police, this case is still waiting an appeal hearing at the crown court which will be held **Jan 2017.**
It was after this was printed in the newspaper and on the met website my son started to have issues with neighbours banging all the time and the way they were treating him and talking about him and not letting him have any rest to sleep due to the banging all the time emails were sent to Enfield Council yet very little was done yet my son has video footage of it which the council has never wanted to see or4 take any reports, this has made his heath suffer, I feel this was due to what the police have been telling Enfield Council and Enfield Council just taking the word of the police without asking my son or myself to explain as since all this started Enfield Council has not wanted to help in any way, could this be due to the colour of my son's skin as I am lost for words that Enfield Council has done nothing to help.
My son has been a tenant for many years now with no complaints about him until this all started above and things were put in the newspapers for all to see when my son had done nothing wrong and will prove this at his appeal in Jan **2017**.
The police do not like my son and have not for the past 21 years and there is a lot of issues that Enfield Council is not aware of about the police and my son this is getting addressed with the IPCC and police complaints, and we are now sorting out legal action as to what this has done to our life's over the years this has been ongoing the legal action is taking time due to how long this has been ongoing with the police.
There is also a subject access request attached to this email which I am asking for everything Enfield Council hold information about in regard to my son, this will also include any police reports that the police have handed to Enfield Council. If this needs to be handed to the correct department to deal with this or there is a cost pleases advice via this email, I have also included a letter of authority from my son so I can act on his behalf.
I do already know there is data being held by Enfield Council that is not correct and I want to be able to get this correct under the data protection act.
On the **14/08/2016** my son had some friends round to his home they came there at around 13:30 hours, after they left the police showed up at his address to arrest him this was due to one of the neighbours

said my son had gone out in his garden at 17:10 hours looked up at her windows and made threats to kill, this person lives 3 gardens down from my son on the 2 floor at 105 Burncroft Ave EN3 7JQ, this is imposable as my son did not go out in his garden he was with his 4 friends and there baby in his home all day and videos were taken while they were at his flat, his friends have made statements to say this as they did not leave his flat until around 18:15 hours, not long before the police came to my son's home. I Miss L

Cordell even went around his flat as he needed some things. In fact, my son does not go out of his home and this has been for some time now due to how he is being treated.
When he was arrested on the **14/08/2016** my son was held in the police station sectioned under the mental health act and could not be interviewed so was put on bail until the **04/10/2016** when he was due to go back to the police station to be interviewed.
On the **04/10/2016** my son was getting ready at his home for me to pick him up for the bail to return, when I got a phone call from my son to say the police was again at his flat to arrest him this was around 1 hour before he was due to be at the police station, I went to his flat and was told by the police they wanted to arrest him I told them he was getting ready to go to the police station for a bail to return, the police again arrested my son for criminal damage due to something his neighbour said who lives above him, but he had not been out of his home he was in fact in the bath when the police came to his home.
Both cases for the **14/08/2016** and the **04/10/2016** were dropped by the CPS this was done on the **15/11/2016** with no case to answer towards my son, yet my son was victimised and had false accusations put against his name and arrested.
My son is scared to go home due to what the neighbours are doing and saying and putting false allegations into the police, it seems they really don't want him to live there and will do anything they can to get him out.
On the **16/11/2016** I tried to speak to my son's housing officer Sarah Fletcher to see what could be done and update her to what was ongoing her phone was set to do not disturb so I asked for an email to be sent over for her to call me as a matter of emergency, no one returned a call back to me.
Since the **16/11/2016** I have been calling every day to speak to Sarah Fletcher her phone is always set to do not disturb and I have asked for emails to be sent every day for her to call me back as a matter of emergency, I even asked to speak to her manager or any person in there team but it seems all their phones are set to do not disturb so I asked for emails to be sent for a call back, no one called me back.
I was also told that the police had been in contact with the council and that Sarah Fletcher would talk to me about this when she called this was on the **21/11/2016** and I was told that Sarah Fletcher would 100% call me that day.
On the **22/11/2016** I went to my son's home and there was a letter from Sarah Fletcher dated the **18/11/2016** which was to do with 1 CCTV camera my son has outside his front door, this CCTV camera does not impose on any person's rights, it does not show any person's front door who lives in the block or windows. In fact, on the **14/08/2016** when the police went to my son's flat to arrest him when they noticed the CCTV camera, they ripped the wire out and since this time it has not worked this is also getting address with the police. In the letter Sarah Fletcher said the CCTV camera had to be removed by the **25/11/2016** or Enfield Council would remove the CCTV camera and costs would be charged to my son for any repairs which there is none. At seeing the letter, I was upset as it seemed Sarah Fletcher could take the time to write this letter but not call me when each email that was sent said it's a matter of emergency, I speak to her.
I tried to call and again like each other time I call it takes an hour or over to be able to speak to anyone, due to being busy I had to cut off to leave my son's flat and was going to call again later.
When I got home, I showed my son the letter from Sarah Fletcher he himself was upset for some reason as me that she could take time to write this letter but not call us back. So, he then called this time he did get to speak to Sarah Fletcher and yes, he was upset due to what has been going on and said many times he was upset that she had not called and they spoke about the CCTV camera which my

4.
2014 and 2015
2013 to 2015

son said he wants to appeal it having to be taken down. They also spoke about my son being moved out of his flat to a new place, Sarah Fletcher replied she cannot do anything to do that and the only way for him to move was by way of housing moves and he should sign

up to that and nothing else can be done. My son did not explain fully as he was really upset. Sarah Fletcher also said that there had been complaints put in about my son but said it not the right time to address this and that would be addressed at a next time, so it seems that Enfield Council does address complaints from other people but not my son or on behalf of my son, as I am still waiting for replies to complaints that were put in **2014 and 2015** about my son's neighbours.

After my son spoke to her he passed me the phone, I asked why she had not called me back and was told that it not my tenancy, which I replied there has already been sent a letter of authority sent to Enfield Council some time back I believe it was maybe between **2013 to 2015** this was sent there was more than one of them sent which I can prove as they were sent via emails which I still have, which gives me Miss Lorraine Cordell authority to deal and speak to anyone at Enfield Council on behalf of my son and it would be on their systems as it was emailed and I knew they had it. My son at this in the background also said I have authority to deal and speak to anyone at Enfield Council and it's on their systems.

Due to my son speaking in the background I went to a next room to speak; my son came into the room and was going on about writing the letter of complaint about what had been going on and that she could end up losing her job if she did not deal with this correctly. It was at this Sarah Fletcher said she could no longer talk to me that my son had made threats towards her and told me to put it in writing what I wanted to say put the phone down.

I feel at this time Enfield Council is doing nothing to help my son they don't even want to speak to me so I can explain fully what is going on. My son is under the early intervention team and they are willing to help my son get moved as they themselves have seen what is going on. They would do this by way of writing a letter to Enfield council if asked to do so by Enfield Council.

- I would like to speak to someone as this cannot be left like this and my son is suffering due to all of this. My contact number is 07807 333545.
- I would like to find out if Enfield Council is willing to move my son due to the reason's in this letter and the help of the early intervention team.
- I would also like full dates and times that my son's neighbours have put any complaints in and what they have said he has done and on what date.
- I would a full report of any police reports that have been given to Enfield Council by the police about my son.
- I would like information as to how to appeal about removing my CCTV camera and be allowed not to remove it until this appeal has happened, as so far this is the only thing that has proven my son has done nothing wrong.

Regards

Miss Lorraine Cordell Mr Simon Cordell

Re: Formal Complaint due to letter dated 29/11/2016 this Formal Complaint is to be added to the Formal Complaint dated 24/08/2016.
Dear Lemmy Nwabuisi and any other person who is copied in this letter.
I am writing this letter on behalf of Mr Simon Cordell of 109 Burncroft Ave, EN3 7JQ regarding the letter you wrote dated the **29/11/2016** which was received on the **01/12/2016.**
I am not sure if you are aware there is an ongoing formal complaint that is being addressed by Mr Daniel Ellis from Complaints & Access to Information Team which addresses some of the information you have included into your letter, but I will be covering points in this reply and also forwarding it to the people it needs to be addressed to.
The 1st point I will address is the meeting you have set up for Mr Simon Cordell on the **06/12/2016** at 14:00 hours at Enfield Civic Centre.
I do not believe that it is justified to hold this meeting before the formal complaint is dealt with as stated many points in your letter has been covered in my formal complaint dated **24/11/2016,** also until I have the subject access request information dealt with and have a list of dates and times these so called complaints were meant to have taken place and the reports from police that have been sent to Enfield Council I do not think holding this meeting would be appropriate.
I have spoken to my solicitor in regards to this matter and on advice taken from him he has told me to give limited information until I have the subject access request, this is why my formal complaint did not have full information in it as my solicitor does believe we have a case to take legal action, and if any data is withheld as it was when I requested my last subject access request for all my information I will have to take this up with the ICO.
However, it does seem there is more injustice going on within the ASB unit and Enfield Council then I had proof of before you wrote your letter dated **29/11/2016.** There has been complaints put into Enfield council **since 2014** about Mr Simon Cordell's neighbours and what they were doing to him, Enfield Council and ASB unit took the option and done nothing, not even replied to my complaints, took no reports, and did not even looked at the video footage Mr Simon Cordell has of the noise, the banging the intimidation my son has taken from his neighbours, and the way they are doing all they can to get Mr Simon Cordell to move, the way he has been treated by Enfield Council by way of Enfield Council doing nothing to help him. You have been told many times the effect this is having on Mr Simon Cordell's heath yet still choose to do nothing.
Yet as soon as Enfield Council gets reports against Mr Simon Cordell you are willing to address these complaints. Once again I will say I feel this is due to reports the police have put in to Enfield Council about Mr Simon Cordell, Meetings that took place with the Met police and Enfield council in regards to Mr Simon Cordell which Mr Simon Cordell knew nothing about until after the fact, and the colour of Mr Simon Cordell skin, why Enfield council have done nothing to address any issue Mr Simon Cordell was having with his neighbours regarding what his neighbours was doing to him.

Mr Simon Cordell has had his own place since 1999 and was housed by Enfield Council in 109 Burncroft Ave, Enfield, Middlesex, EN3 7JQ I believe in 2006 due to a fire that happened in his flat before this address, in this time Mr Simon Cordell had no complaints put in about him until **now 2016.**
You have written in your letter multiple things to be addressed which Mr Simon Cordell was meant to have done.
"Include using threatening, abusive and insulting words and language, aggressively demanding money, intimidation and making threats towards your neighbours.
It is also alleged that on **4th October 2016,** you banged on your ceiling and you later started to bang and kick at your neighbour's door. It is alleged that you were very aggressive and was shouting through your neighbour's door and that you then proceeded to drag his motorbike from where it was parked and started to smash it up".
At this point I will only say the above is untrue, once I have the information including all dates, times and complaints in order from my subject access request it will be at this time I will address each point of concern above.
You have also stated:
"It is also alleged that your dogs are left by themselves all day and night barking and causing noise disturbances to your neighbours".
Mr Simon Cordell has had one dog only at his flat, when Mr Simon Cordell was housed in 1999, he had a dog, no complaints were ever put in re Mr Simon Cordell dog being left by herself all day and night barking and causing noise disturbances to neighbours and being neglected.
When Mr Simon Cordell was moved into 109 Burncroft Ave, Enfield, Middlesex, EN3 7JQ I believe in 2006 he had the same dog, when she passed away in 2007 he got a new dog same bred and since 2006 there has been no complaints by neighbours of Mr Simon Cordell leaving her alone all day and night or her barking all night and all day and him not looking after her and neglecting her, and her causing noise disturbances to his neighbours.
Mr Simon Cordell does not leave his dog all day and night she is always looked after, if Mr Simon Cordell is not going to be there overnight or for a long time during the day then the family look after the dog. So how someone can say she is left alone is beyond me.
Mr Simon Cordell's dog is looked after very well she has never been left all day and all night alone, and I feel very angry any person could ever say Mr Simon Cordell has ever mistreated and neglected his dog he is an animal lover as all our family are and we would never mistreat or neglected any animal.
Once again it seems beyond belief Mr Simon Cordell has had his dog and no complaints has been put in by any neighbours about the way my son allegedly mistreats and neglects his dog since **2006, until now 2016.**
It seems totally unbelievable my son could have his dog for so many years with not one complaint of mistreatment and neglect and now all of a **sudden in 2016** my son mistreats and neglect his dog leaves her alone all day and night with the dog only **now in 2016** causing noise disturbances to his neighbours. You can take that how it reads as I am so angry right now that any person could say the dog is mistreated and neglected, she is always cared for and loved and not left alone all day and night barking and making noise.
In fact, the dog that lives a few rows up barks more and makes more noise than Mr Simon Cordell dog does its always barking and making a noise so does this mean they are going to have action taken against them?
My son's dog only as a rule barks when someone comes into the building to Mr Simon Cordell front door and this is only for a short time until the door is opened for them, there is also the fact Mr Simon Cordell does not have many people at his flat the main people are his family, so his dog hardly barks at all.

Mr Simon Cordell for the last 3 years does not even go out of his flat any longer due to what has been going on, he once in a while goes across to the shop but that is not often at all and only when the family cannot get what he needs as they are busy. If Mr Simon Cordell has to go out for a meeting, he always has someone with him it has become this way due to how he has been treated by the Met police.
You have also stated:
• "Your neighbours have also alleged that you have installed a CCTV in the communal area with the camera pointing towards the main entrance to the block thereby making them to feel very uncomfortable when entering and leaving the block. Your neighbours have alleged that this is an invasion of their privacy".
I have already put an appeal in my formal complaint dated the **24/11/2016** in regard to the CCTV and I am awaiting a reply as to what information I need and how I address the appeal. I will say that the CCTV is for security, but so far has protected me due to malicious information that has been passed to people, but it was not installed for that reason but has helped in this the main reason it was installed was due to security.
But since the **14/08/2016** when the police themselves damaged the CCTV camera due to what they were doing to Mr Simon Cordell, it has not worked. So, at this time there is no CCTV in operation in the communal area of the block the only CCTV that is operational at this time is the ones inside Mr Simon Cordell flat itself. When Mr Simon Cordell was on a phone call to Sarah Fletcher on the **22/11/2016** she did say if the CCTV camera was facing Mr Simon Cordell's front door there would be no problem with that this is at this time being acted on.
It also seems that this complaint has come in very late as if any neighbours felt that this was an invasion of their privacy why was this not acted **on in 2013** when it was installed? Why has it taken them **until 2016** to say they feel this is an invasion of their privacy?
In fact I feel it has protected Mr Simon Cordell's neighbours there has been crime in the area and many break ins within the housing estate where everyone lives, yet not one person has been effected in the block Mr Simon Cordell lives in by crime and I believe this is due to the CCTV being there, and if anything happened to any of the neighbours in the block the police could obtain a copy. The CCTV camera does not show any neighbours living in the block, front doors or windows. And only showed part of the ground floor communal area leading up to Mr Simon Cordell's own front door.
It also makes us feel the only reason that the neighbours have now said about the CCTV is due to what they are trying to say about Mr Simon Cordell in these complaints, I feel that at this time the CCTV is the thing that protected Mr Simon Cordell against what the neighbours have alleged, why else would it have taken them over 3 years to say they now felt it was an invasion of their privacy?
As said in my formal complaint the police don't like Mr Simon Cordell and this has been for many years when the police go to Mr Simon Cordell flat he feels safer that the CCTV is there as it shows what the police are doing to Mr Simon Cordell so makes him feel safer, has the police put a report in about the CCTV camera also?
As stated these allegations are very serious and I would like them addressed as soon as possible but until I have the information I have asked for so know what dates and times these complaints were put in I feel that Enfield council is only taking one side to this and that is the neighbours, as **since 2014** all my calls and emails and letter about my complaints re the neighbours Enfield Council has done nothing to help me or Mr Simon Cordell address this.

Mr Simon Cordell feels he has no option left to him but to move away from his home due to what has been ongoing for a long time with no one addressing it. He feels that is the only way he will feel safe again from what the neighbours are doing to him, yet Enfield Council have said they will do nothing about this to help him and while this is ongoing it is affecting his heath more and more.

Mr Daniel Ellis has said that my formal complaint should be addressed by the **14/12/2016** but is trying to compete this sooner, he has been told that no one within Enfield Council is addressing moving Mr Simon Cordell to a new address and this needs acting on as soon as possible as what is going on cannot be left with nothing being done as this is making Mr Simon Cordell's life hell living in fear, and so far I believe no one within Enfield Council is addressing moving Mr Simon Cordell to a new place, this is unacceptable by any means for Enfield Council not to be addressing this issue, I have made many calls and not one person has called me back to gather information or give me an update if anything is being done about addressing a move for Mr Cordell, so from what I can see once again Enfield Council is not acting in an appropriate manner.
I also believe when I get the information from the subject access request which can take up to 40 days this will incur more issues and I believe there will be data that needs to be corrected which Enfield Council holds on Mr Simon Cordell, as under the data protection act data which is held has to be 100% accurate, I also believe it will help to clear up much information that you have included in your letter.
I have also asked that any letters sent to Mr Simon Cordell are also sent to Miss Lorraine Cordell this was included in my email with the attached letters dated **24/11/2016** this has not been done with your letter why?

Dear Ms Cordell,
Re: Mr Simon Cordell -109 Burncroft Avenue - COM 1885.
I write with reference to your letters of complaint dated **24th November 2016** copies of which were received via email on **24th November 2016**, **5th December 2016** and **8th December 2016.**
I will respond to the issues you raised as follows.
1. Anti-Social Behaviour Order
We are aware that the **police applied for an Anti-Social Behaviour Order (ASBO)** which was granted on **4th August 2015** against your son in relation to activities that cations away from Burncroft Avenue. We are aware that your son is appealing against the ASBO and we are therefore unable to comment further.
2. CCTV
We can confirm that a letter was sent to your son by Sarah Fletcher, Neighbourhood Officer on **18th November 2016** giving him until **25th November 2016 to** remove the CCTV that he had installed on the internal communal door leading to flats 109 and 111 Burncroft Avenue and facing towards the main door of the block. We can also confirm that another letter was sent to him on **29th November 2016** by Lemmy Nwabuisi, Anti-Social Behaviour Officer in relation to complaints received from your son's neighbours concerning the CCTV. concerns a breach of tenancy conditions and will be addressed separately from this complaint.

3. Allegations of Anti-Social Behaviour

You referred to alleged issues that your son was having with his neighbours; however, you' did not specify which neighbours and or provide a specific time frame when these complaints were made. We have checked our records since **4h August 2015** and found two records of telephone complaints received from your son. One on **20h August 2015** and again on **26h January 2016** which related to noise and the issues he was having with a neighbour. These concerns were dealt with at the time by relevant officers.

We note your comment that your son has been a tenant for many years and that there have been no complaints about him until the publication of the ASBO against him on **4th August 2015**. However, our records show that since your son's tenancy began on 14th August 2006, there has been at least one previous complaint against your son from another neighbour prior to the ASBO.

We are aware of the alleged incident that happened on **4th October 2016** as this was reported to us and this will be addressed separately as part of ongoing Anti-Social Behaviour investigations.

We note your comments regarding the police and must advise that you take up any issues with the Independent Police Complaints Commission. We also note your comment regarding an alleged incident on **14th August 2016.** This was not reported to the Council and should be a matter for the police. We note your comment that your son is scared to go home due to the alleged issues with his neighbours.

Regarding the allegations of ASB against your son and the issues regarding his dog, we note your comment that you do not think it is justified to attend the meeting with Lemmy Nwabuisi prior to your formal complaint being addressed. We note your comment that you have been advised by a solicitor to wait for the SAR. We also note your comments

in relation to the letter sent by Lemmy Nwabuisi on **29th November 2016** regarding reports of anti-social behaviour made against your son by his neighbours and that you will address these once the SAR is received. Please note that these allegations are serious breaches of tenancy conditions and will be addressed separately as part of an ongoing investigation. We have attempted to meet with your son to discuss the allegations made against him and give him the opportunity to respond. It is important that these issues are addressed, and another meeting will be arranged to facilitate this in due course.

- **Subject Access Request (SAR)**

The SAR that you have submitted is being responded to separately in accordance with required timescales.

- **Communications**

We are aware that you left messages for Sarah Fletcher on three occasions between 16 and **21 November 2016** and she was not available at these times. We confirm that she spoke directly with Mr Simon Cordell by telephone on **22nd November 2016.**

- **Housing Options**

As a single resident living in a one-bedroom property, the Council considers that your; son is suitably housed. We do not have sufficient evidence in relation to your son's allegations of anti-social behaviour against his neighbours to be able to refer him for a transfer on the housing register.

He can make an online application himself to be placed on the housing register by visiting the Council Housing pages of the Enfield Council website at www.enfield.Gov.uk. His eligibility for transfer will then be assessed by the Housing Options team in accordance with Council policy and they will advise whether his application is accepted.

Alternative options to move are available to him through the mutual exchange scheme, where tenants are able to swap their home with another tenant, and the fresh start scheme,

where tenants can be supported in moving to a private rented home. Further information can be found online using the URLs below:

Re: **Formal Complaint due to letter dated 29/11/2016 this Formal Complaint is to be added to the Formal Complaint dated 24/08/2016.**
Dear Lemmy Nwabuisi and any other person who is copied in this letter.
I am writing this letter on behalf of Mr Simon Cordell of 109 Burncroft Ave, EN3 7JQ regarding the letter you wrote dated the **29/11/2016** which was received on the **01/12/2016**.
I am not sure if you are aware there is an ongoing formal complaint that is being addressed by Mr Daniel Ellis from Complaints & Access to Information Team which addresses some of the information you have included into your letter, but I will be covering points in this reply and also forwarding it to the people it needs to be addressed to.
The 1st point I will address is the meeting you have set up for Mr Simon Cordell on the **06/12/2016** at 14:00 hours at Enfield Civic Centre.
I do not believe that it is justified to hold this meeting before the formal complaint is dealt with as stated many points in your letter has been covered in my formal complaint dated **24/11/2016**, also until I have the subject access request information dealt with and have a list of dates and times these so called complaints were meant to have taken place and the

reports from police that have been sent to Enfield Council I do not think holding this meeting would be appropriate.
I have spoken to my solicitor in regards to this matter and on advice taken from him he has told me to give limited information until I have the subject access request, this is why my formal complaint did not have full information in it as my solicitor does believe we have a case to take legal action, and if any data is withheld as it was when I requested my last subject access request for all my information I will have to take this up with the ICO.
However, it does seem there is more injustice going on within the ASB unit and Enfield Council then I had proof of before you wrote your letter dated **29/11/2016**. There has been complaints put into Enfield council **since 2014** about Mr Simon Cordell's neighbours and what they were doing to him, Enfield Council and ASB unit took the option and done nothing, not even replied to my complaints, took no reports, and did not even looked at the video footage Mr Simon Cordell has of the noise, the banging the intimidation my son has taken from his neighbours, and the way they are doing all they can to get Mr Simon Cordell to move, the way he has been treated by Enfield Council by way of Enfield Council doing nothing to help him. You have been told many times the effect this is having on Mr Simon Cordell's heath yet still choose to do nothing.
Yet as soon as Enfield Council gets reports against Mr Simon Cordell you are willing to address these complaints. Once again I will say I feel this is due to reports the police have put in to Enfield Council about Mr Simon Cordell, Meetings that took place with the Met police and Enfield council in regards to Mr Simon Cordell which Mr Simon Cordell knew nothing about until after the fact, and the colour of Mr Simon Cordell skin, why Enfield council have done nothing to address any issue Mr Simon Cordell was having with his neighbours regarding what his neighbours was doing to him.

Threats and intimidation (General)
Perpetrator has been harassing complainant for a while in relation to alleged noise nuisance. Yesterday evening the perpetrator was banging on the ceiling (the complainant lives above perpetrator) and then came upstairs and tried to kick the door in. He was very aggressive, shouting through the door. He then went outside, dragged the complainant's motorcycle from its parking space and started smashing it up. The police were called, and the perpetrator was arrested.

16/12/2016: I met with Mr Quinton today at the Civic Centre to discuss his complaints against Mr Simon Cordell. Mr Quinton stated that the problems started soon after he moved into the block in April **2016**. He stated that soon after he moved into his flat, he went around to SC's flat to introduce himself. After he introduced himself, SC said to him that there is some kind of war going on between him and other neighbours. SC also told him that he's got a load of issues with the police and that he was trying to

sue them because he felt that they were treating him unfairly. He told SC that he was a musician and that he does not want anything to do with his issues.
Straight after he moved in, SC will come up to his flat at least once a week to shout at him and complain about loud banging from his flat and knocking pipes. SC would accuse him

of making noise on purpose to wind him up and he will always explain to him that it is not true, that he does not make any banging noises inside his flat and that he cannot explain why the pipes were making knocking noises.
Mr Quinton stated that on 4/10/16, he was sleeping when SC started to bang on his ceiling, but he ignored him. SC then came up and started kicking at his door and he still ignored him. SC then went downstairs, dragged Mr Quinton's motorbike from where he parked it, threw it on the ground and started to hit it with what he believed to be a mop pole, he is not sure how many times he hit it. He then called the police and they came and took him away, CAD No. 3309/4 Oct. **2016**.
On 11/12/16, SC came up to his flat 3 times to shout abuse and complain about noise from his flat.
Mr Quinton explained that the first time, he was running a bath when SC came and knocked on the door to complain about knocking pipes. He did not open the door and he shouted abuse at him and his friends and called them homophobic names. He later came back again to bang on his door and shout further abuse. He also made threatened him and his exact words are 'I'm off curfew in 12 days, when I'm, I am coming for you', he shouted further abuse and walked off. Mr Quinton stated that he is not sure why he came back the second time, but he assumed that it was because of the pipes again. He later came back again the third time and this time he opened the door because he has had enough. SC complained about noise from his flat and he told him that he was not making any noise. SC then went on to tell him that he has been away for a long time and that his family was coming to look after his dog. He asked SC if he knew anything about his bike and SC replied 'You know what, I'm a grown man I'm not goanna lie, it was me that smashed your bike and I was gutted that the stick broke and I couldn't smash it up more'. He then asked SC about his tyres which was punctured with a knife and he denied cutting them. He then explained to SC that the knocking pipes has nothing to do with him and that he does not bang or make deliberate noise and he advised SC to play his music over the noise if it happens again as there is nothing he can do about the pipes and the noise as it is the nature of the building. SC said cool, fair enough and walked off and as he walked off, he turned around and gave him a dirty look.
About a week later, 2 of his friends left his flat and a short while later he heard SC running out of the front door. Soon after one of his friends called and told him that they have just had a confrontation with SC in the street. His friend informed him that SC ran up to them in the street and confronted his friend Jazz about the knocking pipe noises from his flat. Jazz told SC that it has nothing to do with him. SC then head-butted Jazz and as Jazz fell on the floor, SC jumped on top of him and started to punch him. His other friend Jevon who was with Jazz at the time pulled SC off Jazz and held him until 2 Turkish men came and separated them.
Mr Quinton stated that the police did not contact him to update him on what action was taken against SC regarding his smashed bike. He stated that he has recording of SC admitting to smashing up his bike and played the recording to me. Although it was very faint, but you could make out what sounded like SC talking about smashing the bike. He stated that he wants to sue SC for criminal damage, he also wants to take out a restraining order against him and possibly an injunction.
He stated that his friends Simon Cocks (07393285528), Julian Jackson (07387277163) and Jazz Bramble (07375651241) are willing to provide witness statements and will attend court to give evidence on his behalf. He also wants us to find out why what action the police took regarding his smashed bike.
