I can't stop watching this video!! 11,500 view since Sunday!!!Massive shout to Friskie for getting this on film, this was an epic moment!!! Once again, CMC Matrix Sound System absolutely SMASHED the ting this year and the crowds were SOLID all day both days! The Po-Po were practically letting CMC man the stage themselves without getting too involved, coz it was full of true ravers and lovers of the music, it was sick!!! Roll on 2016! Honestly, this has got to be one of, if no... [See More](#)

Mateusz Krawiec People like you are what's wrong with the scene (and the world) these days.
If it's an event you're involved in every persons safety should be your top concern.
Posting articles about overdoses at parties is definitely gonna keep the scene strong and alive.

Louise Maqsood If you're willing to go to an illegal rave then you have no right to expect the organisers to think of such a small thing like health and safety if you want responsibility then you need to go to legal places
[Like](#) · [Reply](#) · 28 July at 12:19

Mateusz Krawiec As someone who used to organise squat parties which did cover health and safety to the highest standard it allowed us to, then yes I do have the right to expect other organisers to at least try. A mindset of "she overdosed its her fault" is beyond me and I don't think anyone with such mindset should be allowed to even consider organising their own birthday let alone a few hundred people event.

Johnny Kingman You saying people who can't handle there drugs is not your problem, (true or not) shows the scene and the greed it consumes on people is coming back too, ravers are the Raves top priority not how many tenners you can get in one night, I've been to enough squats back in day where security were on job and there was paramedics on site too a small statement like that shows what the real outcome of the rave is for

The main text of the post reads: 'Full Nws Takeover & Friends this Thursday 3-7pm on the double award winning Rough Tempo Lymitless-Nuborn-Uzi-Flyte-Gpower-Yt-Keelo Not to be missed!!'. Below the text are two hashtags, '#NWS #RTDNB #SHIFTNBEATZ', and a Facebook event link: 'https://www.facebook.com/events/1584041265181175/'. The bottom half of the image is a large, vibrant, and somewhat abstract graphic. It features several figures in a dark, tunnel-like environment with glowing blue and purple light trails. One figure in the center wears a beanie and headphones, looking forward. Another figure to the right is wearing a red shirt and headphones, appearing to be DJing. The overall aesthetic is energetic and related to electronic music culture.

that seemed like a target attack to me. Dont see no one getting stabbed. And you cant blame the system for things like this they are good or bad no matter what laws are in place. The problem is the lack of the right guidance.
