**Rhian Poole** The people that run the parties are sound and rather lovely. Graffitiing and shit I am not entirely sure is necessary... im sure the rigs and everyone would clear up if they were allowed to.... but they aren't... it gets shut down half way through and they don't get to do that. Party and festival goers...also kinda get use to that sort of thing and read the articles for UKTEK they came back! TO CLEAR IT UP!

Samantha Cechner But does anyone clean up the place after the parties.....some property owners who are already facing massive financial issues are hit with clean up and damages.....insurance still has a massive excess.
By all means go out and rave.....just not on an unaware owners property.
Better yet get together and buy a rave place.

Matthew Gee "buying a rave place" would basically mean setting up a club, needing alcohol and music licences with a closing time. it's about being able to do what you want within reason in a free environment. most of the time it's disused properties anyway so they're getting put to good use

Mark D'anon As far as I am aware,they had permission to use the warehouse,hence why the plod couldn't shut it down,the building,as far as I am aware,was also going to be refitted.

Rhian Poole I only mentioned uktek as an example of people clearing up as they were able to go back to the area... they had the opportunity to do it. Whereas at scum they were not.

Guys the party was impressive good!!! I had lot's of fun! Thank you! But didn't end well, someone open my bag and have stolen money, phone and camera. I don't mind about money at all. But please I ask you to give me back my phone and camera there are some important pics of my working projects! as artist end designer. They were both old items and not valuable, (the phone it has a very slow windows sistem, the camera few pixels), so for you not important deal for sell or even use. For me are invaluable! I hope to hear something form you

Another plea to find my passport/bag. Left my bag unattended (stupidly) for one minute, came back and it was gone. It has my passport in it and I have to leave the country next Tuesday. I've booked myself an appointment for a new one tomorrow but please let me know if anyone has found it, would really make my day/month/year and save me a ton of money. It is a black Element bag with a red logo on it.

Tabbie Bourne Try ministry of sound random but they found some bag theifs there from the party they confiscated loads of phones and shit there they found my phone and rang my sister so it's all sorted now getting it collected during the week

10 August at 23:46 · Like

Kymmi Šern i tried to call to ministry.. but they seems to not know bout it.. anyway.. seems bit funny that people from scum go to ministry.. did they want to sell the stuff they stole.. or didnt they have enough? go to fabric, ministry, and do shit.. but why doing shit on scum.. fuck guys.. peace. hahaha.

11 August at 14:07 · Like

Will Brown Well I applied for a new one today and paid the cash so I guess the search is over. If the bag turns up would still quite like to get it back though. Safe guys.

The video "Secrets Police Don't Want You To Know" at <http://youtu.be/B3nok7Cby28> is 2.5 hours long but it's totally worth your time to watch the whole entire thing because it exposes how the cops, judges, prosecution attorneys, politicians, and car insurance salesmen have stolen BILLIONS from the common people as well as the secrets that anyone can follow to prevent them from stealing that money. Also check out the scripts related to the video at <http://logosradionetwork.com/tao/>
 This video can help put a stop to tyranny and in turn bring freedom and higher consciousness to all! So please help me in my crusade to spread this info like wildfire on a global scale.

SCUM TEK They can promote all they want on this page, 10- 15 quid to get in,
in it for cash, club night imitators (not all), It used to be that clubs imitated
squat parties, Hoxton beardies dying to achieve that edge in licensed
warehouse's pretending to be illegal lol, but this is for the underground
and almost all of it will be out in force.
