		Page Numbers: 9 Thank you for seeing this 33-year-old Afro-Caribbean man. He gives a history of symptoms of anxiety and depression, which have been on-going for a few months. His symptoms have progressively got worse and he has been having some suicidal thoughts, although he has not made any concrete plans to do anything. He says that the only reason he has not acted on these suicidal thoughts is because of his ex- patient and family. He is currently involved with the criminal justice system and is -currently - <u>on probation</u> . <u>He is under curfew</u> and there have been imposed- restrictions on his movements.

Referral taken from Simon's Mother as the situation was discussed with Scott Kerr and Helen Moorey and it was decided that the team would go and assess Simon at his home address. Simon's mother called in to say that he has kicked his father out of the house as he heard him talking with staff from the hub and is now extremely paranoid towards him. He thinks that he is teaming up with his mother against him. Simon's mother! expressed that he is not a threat to anyone but himself. It was advised that two members of staff carry out the assessment.
